## Council meets in short session

In one of the shortest meetings believed to be conducted, the village council handled several housekeeping chores Tuesday night and heard a report about federal revenue sharing.

Village Superintendent Lou LaPonsie told the council members that the apparent minimum amount the village will receive is \$6500 for a one-year period.

A more accurate figure is unavailable yet due to the still unfinished complex formula that will be used to divide the \$147.9 million the state will receive for allocation among counties and municipalities.

The formula takes into consideration the present financial burden of the village and the population. The money can be used for numerous purposes, including public safety, environmental protection, public transportation, health, recreation, libraries, social services for the poor and aged and financial administration, said LaPonsie.

In other business the trustees approved the traditional transfer of 10 per cent of the money collected for major streets into the local street fund. The formal action of placing the \$2128.87 into the local street fund is purely a paper transaction and done to satisfy state requirements of accounting. The village always spends more for local streets because there are more of them.

LaPonsie reported the results of a recent street inventory. The village has 10.55 miles of local streets and 3.57 miles of major streets. This includes 19,842 feet of curbed street, 22,088 feet of graveled street, 41,155 feet of street yet to be curbed, and 14,056 feet of streets that are designated to not be curbed.

The public hearing prior to the approval of the special assessments for the just completed West Street curb and gutter was concluded with only one couple appearing to ask how the bill is to be paid.

The 2309 feet of curb and gutter to be paid by the residents will cost \$3.58 per foot payable within three years, they were told, interest free the first year.

Village President Lambert Althaver reported to the council that the Christmas decorations, which were begun Tuesday,

## Mester pleads guilty in auto death charge

Charles E. Mester, 20, of Deford, pleaded guilty to a charge of negligent homicide in Sanilac County Circuit Court last week.

He changed a plea of innocent made earlier in the year and was then remanded to the county jail there to await sentencing Dec. 11.

Mester was charged with running a stop sign on M-81 which resulted in the fatal 2-car crash April 13 when Roger Richmond, 26, a Michigan State University medical student, was killed. Mester escaped injury.

The crash occurred during heavy fog at the intersection of M-53 and M-81.

## Garagedamaged when auto drives through

Formal charges are still pending against a Millington man who drove a car through a garage in Gageton Thanks-giving night.

The identity of the man is being withheld until Prosecuting Attorney Leo Maki issues a written warrant against the man.

Possible charges of reckless driving and leaving the scene of a property damage accident

were a little late this year because the completion of West Street was given priority. He said he had received some citizen complaints.

No report was made regarding the status of the school safety program. Both members of the safety committee, Gary Jones and Arthur Holmberg were reported called out of town due to illness in their families.

### FROM THE Editor's Corner

I did it again the other night and it was as embarrassing as it always is.

This time I was walking into a hall at a wedding reception with my wife.

At the door was a girl that I know about as well as you know any casual friend.

Well enough so that I know where she works, a little about her family and her friends.

I knew her, my wife didn't. After a couple minutes of chit-chat Dorothy said that she didn't know...let's call her Mrs. Jones.

I died.

Before me was a person that I know well, really quite well. But at that instant it was as if Mrs. Jones came from another planet. Her name was lost in that vast void between my ears.

It's different when you've only met socially a couple times. I forget those names, too, of course. The way out is just to admit that you are horrible with names. People understand.

After all most of us have trouble with names. Some of us simply have more trouble than others...and I have more trouble than anybody.

With me it's a momentary blackout. Just long enough. After I've passed by on the street or after the time for introductions slips by I can remember every frustrating detail right down to the middle initial.

After it's too late.

And the names I forget always seem to be the ones I would most like to remember.

The guy or gal that is sure to be sighted is the one whose name will always pop out of my mind when I need it most.

Nine times out of 10 I'll have no difficulty...but that tenth time...socks!

Don't tell me it's nerves. I've had it happen right here in the office.

The other day I was trying to call Dick Hendrick about the show ad at the Cass Theatre.

Now I've known Dick at least 10 years but when I went to look up his home phone...nothing. A great big blank.

If my life depended on it I couldn't have told you his name. Sure it bugs me. But I've learned that it doesn't do any good to struggle. Just let it rest a few minutes and the name comes floating in again just like I'd never forgotten it at all.

That works everytime. Everytime you can afford to wait.

I still haven't learned just what to do when the wife is on one elbow, the friend at the other, both waiting, waiting, waiting.

What I do is mumble something and get the devil out of there.

And try not to think about what I know they are thinking about me.

**THIS FREAK DOE** was shot accidentally by Lee Kilbourn, 20, of Deford, when he thought it was a buck. The small rack on the animal shows 10 points. He took the deer at 4 p.m. Saturday east of Cass City. It's the second doe with antlers reported shot this season.

## One year of experience 32 times

By Kit McMillion

Overlooking how many of her students have made it big, Mrs. Malvina Profit pointedly said she felt she has helped make a lot of good solid citizens, and that's the important thing about teaching.

A teacher of 32 years, Mrs. Profit will retire at the end of the coming school semester, leaving a job she has loved despite the hardships and strains.

Referring to say she has had one year of experience 32 years, Mrs. Profit seems to bubble with the same enthusiasm she attributes to her third grade students.

A short, stout woman with silvery-grey hair and shining eyes, Mrs. Profit explained that she liked the third grade best of all and was thankful she was assigned to that age group 14 years ago.

"They're old enough to be independent but young enough to still think the teacher is pretty smart," she chuckled.

While she was growing up in Sanilac county, Mrs. Profit nursed the ambition to become a teacher.

"I always wanted to be a teacher," the bright woman said, emphasizing the always.

She graduated from Oakland County Normal in Pontiac with a teaching certificate in 1928 and was promptly thrown into the profession. She taught two years at the Howarth School there, where she met a Howarth and was married in the Howarth Church in 1931.

At that time she quit teaching to raise a family of two girls, both of whom have gone into teaching, and moved back to this area in Greenleaf township.

The beginning of her real career was in 1942 when she went back, temporarily she intended, to teach at the Holbrook country school. Mrs. Profit started teaching again because there was such a scarcity of teachers during those war years.

"They were begging for teachers. I was only going to teach a few years, until the war was over," she said. Then her husband became ill and died, and she continued teaching to support herself and keep occu-

pied. After four years at Holbrook, the school there was dissolved and she and the pupils went to the Wickware School.

"You had to be all things to all people," she sighed. The numerous talents of the one-room teacher included not only knowing how to teach, but how to be a nurse and how to build a fire.

While she was at Wickware, she also became the 4-H leader, and together with her husband and two daughters comprised practically the whole club.

When the Wickware school closed, she went to Owendale for three years and then to Campbell Elementary, where she has been since.

During all this time, while she was teaching, she was also earning credits towards a bachelor's degree, which she finally received from Eastern Michigan University in 1957, with credits earned by correspondence and night classes.

Over the many years of teaching, Mrs. Profit said she has seen some changes and advantages to both the present system and the country school, where all grades up to the eighth were in one room.

Many educators criticized the one-room school house because they claimed the older students just relearned what the younger ones were taught. Mrs. Profit said that might be true in some cases, but often, too, the second time around "came the dawn", so to speak, for the student who

**AFTER TEACHING** youngsters to become good citizens for 32 years, Mrs. William Profit will retire at the end of this semester from Campbell Elementary School.

# Deer harvest good as season ends

A successful deer harvest will conclude Nov. 30 with an estimated 250-300 animals taken from Tuscola county, according to Carlton "Bud" Jarvis, wildlife biologist from the Caro office of the Department of Natural Resources (DNR).

While the DNR has no way of determining the exact number of animals taken, this educated guess is a slight increase over last year's educated guess, said Jarvis.

Only a small portion of that number was taken to the DNR office south of Caro on M-24 for checking, however. Approximately 50 animals were brought in by Tuscola county hunters, primarily from the Tuscola County Game Reserve area just south of Caro, said Jarvis.

This is the first check point Caro has had in seven or eight years, and is the beginning of a study to determine the age structure and size of the herd in the county. At this point no analysis of the information has been made, but after it is compiled for several years, Jarvis explained, the deer herd in Michigan can be managed on the basis of scientific information instead of guesses.

Only two does had been submitted for examination by the DNR officials as of Monday, with only three days of the season remaining. The two were both freaks and were mistakenly killed as bucks because they had antlers.

One was shot by Lee Kilbourn of Deford east of Cass City, and the other was taken in Ellington township, Jarvis reported. Kilbourn's doe had 10 points on small antlers and the other had spike horns. Jarvis did not know who the other hunter was.

Jarvis said he did not know how often this rare quirk of nature occurs, but others have been reported in the area over the years.

He related that it might be a trait more prominent in the herd in this area, but at this time it is impossible to say.

Jarvis said he was hoping more does would have been taken to the station for checking, to give the DNR an idea of the breeding capabilities of the area herd.

Other indications of a growing herd is the larger number of deer involved in accidents with automobiles. As of the end of September, 102 traffic deaths for deer were reported, compared to 72 for all of 1971 and 91 in 1970.

Jarvis estimated that probably twice that figure is the actual toll of deer highway fatalities. Some are never reported and some injured animals escape into the woods to die.

ties involved in finding and then catching them.

Sometimes poachers will shoot into a herd and injure several animals, which will then go off into the woods and die, Jarvis explained. Only some are taken for the meat.

About a dozen persons have been cited for conservation violations this deer season. Most are carrying loaded guns in a car or shining deer after dark. The fine and costs for such an offense is \$127.

## Slick roads result in auto mishaps

Terry Robert Hile, 22, Elmwood Road, Cass City, is listed in good condition in Saginaw St. Luke's Hospital with a jaw laceration following a one-car accident early Sunday morning on M-81 near Quanicassie Road.

The car came to rest 35 feet from the road upside down. The accident occurred at 10 a.m. Nov. 22.

Mrs. Mary Isabella Rabi-deau, 42, 4793 N. Seeger St., Cass City, escaped injury when she lost control of her car on ice-covered M-46 after over-correcting for a skid and going into a sideways skid, crossing the east bound lane off the roadway and rolling over.

The car came to rest 35 feet from the road upside down. The accident occurred at 10 a.m. Nov. 22.

Snow-covered roads were responsible for several accidents in the area and kept sheriff deputies busy.

No injuries were reported when cars driven by Maria Anna Megge, 28, Riley Road, Deford, and Audrey Louise Catlin, 38, 5965 Kingsbury, Kingston, collided at the intersection of M-24 and Gun Club Road.

The Megge vehicle was west bound on Gun Club Road but couldn't stop for the stop sign due to the ice. The driver of the other car attempted evasive action but due to the icy condition was unable to avoid a collision.

The mishap occurred at 8:15 a.m. Nov. 22.

At 9:30 a.m. that morning State Police of the Sandusky post investigated an accident at the intersection of Germania and Deckerville Roads when a milk truck operated by Gary Pringle, 19, Deford, slid through a stop sign and collided with a car driven by Mrs. Beatrice Shagene, 44, of Deckerville. Mrs. Shagene received bruises. Pringle was ticketed for failing to stop for a stop sign.

"The one thing I do notice," said Mrs. Profit, "is kids tune you out, because they're used to tuning out."

The noise level of a class room depends on the activity, Mrs. Profit said. This is a change from the one room country school, where the teacher was also chief disciplinarian and was expected to maintain quiet, which was considered synonymous with learning.

"Quiet doesn't mean learning as far as I'm concerned," she stated. "But neither does noise. It depends on the activity."

Another change she has observed over the decade and a half she's been teaching is that the children are expected to learn more. Expectations are higher, for example, in the vocabulary training. The dictionary her third grade students are using now was once used by the fifth grade.

They're expected to know more, but they don't necessarily understand it, she commented.

The joys of having students who are grown come back and thank her for something are one of the many rewards of teaching, said Mrs. Profit.

At 64 she could continue in her profession another year and a half, but since remarrying a year ago, she wants to travel with her husband, retiring Register of Deeds William Profit, and take up her hobbies, sewing, knitting and reading. "I've just been living for the day I'll have time to do all these things," she said.

DEER ACCIDENTS

Police authorities also investigated several deer-auto accidents over the week end. No driver injuries were reported.

Roderick Bruce Wentworth, 23, 6911 Deckerville Road, Decker, hit a deer at 6 p.m. Monday on Deckerville Road near Murry Road in Ellington township.

Kenneth Lee Hall, 17, 5825 Main St., Deford, struck a deer as he was driving on Cemetery Road, near Severance Road in Novesta township. The accident happened at 4:15 p.m. Sunday.

Patricia Ann Randall, 31, 5590 Sanilac Road, Kingston, collided with a deer on Hurds

Miss Kathy McCullough, who attends college at Marquette, spent the holiday week end with her mother, Mrs. Lucille McCullough, and her sister Christine.

If you're honest, you'll admit advertising has often prompted you to buy a certain product. But do you know whose idea it was that you take Alka Seltzer after winning a pie eating contest?

Or, to be more timely, let's say you voted for Nixon because you didn't want McGovern to dump 40 percent of Nixon's lead soldiers. Whose brilliant idea was that TV commercial showing McGovern playing with Nixon's toys?

Candidates don't have time to create their own ads or write their own speeches. Your bumpers owe their stickers to shadowy men behind the scenes. Who are these masked men?

You may soon know. A few days after election, this ad appeared in Detroit newspapers: "Congratulations, Judge Charles L. Levin . . . We are proud to have been your advertising agency. Simons-Michelson Co. Advertising."

Thus the world learned who put Levin on the Michigan Supreme Court.

If this public bragging catches on, future after-election ads may reveal such things as:

"Congratulations, Spiro Agnew, on being elected President of the United States, 2-0. We are proud to have been the chemical company which devised the gas that put the nation to sleep on election day. You and Mrs. Agnew are welcome to

### Rabbit tracks

By John Haire

Joe Male who lives in the Union Lake area most of the time and at his home south of Cass City every chance he gets was here (naturally) for the deer season.

And (naturally) Joe hunted and hunted without success until last Saturday afternoon when he bagged his buck (unnaturally). Joe, you see, didn't shoot his buck, but found a beautiful four-pointer shot by someone else that died near his home, 2½ miles south of town.

I chuckled inwardly election night when the names of the various candidates and their vote totals were called out. Because one of the candidates was Gumecindo Salas. The name was pronounced Sahlas and every Cass Cityan knows that it should be Salas like in say-less. Right? Wrong, says Louis Salas (Sahles). Louis says the Spanish "A" is always "Sah" and that Sahles is really correct. But in English everyone said Salas (say-less) so that's the way we pronounce it today, says Louis.

Idle thought: it can't be Christmas time. No way. Dick Wallace hasn't been in to sell me a Gavel Club Christmas tree yet.

It's that time again. The Chronicle is sending by special messenger a copy of each paper, between now and Christmas, to good old Saint Nick at the North Pole.

In each of the issues we'll print letters to Santa from area small fry so Santa will know just what's needed. If a picture suitable for printing is submitted not over two inches wide we'll do our level best to print it along with the letters.

Progress department. Wednesday has long been the day when you could find the writer, publisher, floor sweeper (that's me) working at the office.

If plans go right I'll be gone this Wednesday and the staff will publish. Where am I going? I'm glad you asked. To pay for equipment that comes into the Chronicle Thursday. It includes a large, sophisticated press for commercial printing, the first of its kind anywhere in the Thumb (end of commercial).

At his age you'd think Rayford Thorpe would have more consideration. For that little piece of trivia I wrote about him and two radios last week he brought me a cigar. He knows darn well that I quit smoking, too. He could have been more brutal. . . like bringing me a candy bar or a sack of peanuts. . . or didn't I tell you I'm dieting again?

Mr. & Mrs. Kenneth P. Marker

St. Agatha's Catholic Church, Gagetown, was the setting of the Nov. 18 wedding of Karla M. Stine to Kenneth P. Marker. The Rev. Donald Christensen officiated at the 3 p.m. rites.

The bride is the daughter of Mr. and Mrs. Garrison G. Stine, Cass City. The groom's parents are Mr. and Mrs. Peter J. Marker, Unionville.

Penny Copeland of Decker sang "He" and the theme from "Love Story", accompanied by organist Mrs. Fred Sullivan, of Gagetown.

The bride approached the altar on the arm of her father, wearing a floor length bridal gown of Sa De Peau. A slightly gathered skirt fell from the Empire waist. Ribbon and Venice lace adorned the bodice, mandarin collar, and cuffs of the long gathered sleeves. The dress had a detachable chapel length train.

A matching Juliet cap held her veil of bridal illusion. She carried a colonial bouquet of white chrysanthemums and roses tied with long ribbon streamers.

Maid of honor was B.J. Haire of Cass City, friend of the bride. Bridesmaids were Debbie Marker of Unionville, sister of

the groom and Gloria Nicholas of Bay City, sister of the bride. The attendants wore identical dresses of purple crepe. Deep ruffles edged the collar of the deep V-neckline, the cuffs of the long gathered sleeves and pockets. A slightly gathered skirt fell from an Empire waist.

The attendants wore matching picture hats and carried colonial bouquets of purple and white.

The mother of the bride chose a floor length gown of raspberry-colored polyester crepe with silver accessories. The groom's mother wore a floor length gown of blue crepe with a matching sleeveless coat of brocade and blue accessories.

Arden Lapp, of Cass City, served as his friend's best man. Groomsmen were Gary Katzinger of Unionville, friend of the groom, and Dean Stine of Grand Rapids, brother of the bride.

Ivan Stine and Tom Marker ushered. A reception for 400 guests followed the wedding at the American Legion Hall in Unionville.

The couple are making their home in Caro after a honeymoon in Northern Michigan.

Two Tuscola youth have been cited as state winners by the Cooperative Extension Service. They are Ronald Boyne, 15, of Marlette and Barbara Black, 18, of Fairgrove.

Barbara Black, daughter of Mr. and Mrs. Fred I. Black of Fairgrove, won her \$50 bond in the national 4-H sheep program sponsored by Wilson & Co., Inc. This Michigan State University freshman, who can boast of being listed in "Who's Who Among High School Students," has been active at the local, county and national levels during an eight-year 4-H career. Throughout this period she has registered more than 50 sheep, sold more than 20, and has been active in showing market lambs. She has won blue ribbons in every sheep exhibit she has entered and showed the grand champion market lamb at the county fair this year.

As the winner of a \$50 bond awarded by the Goodyear Tire & Rubber Company for the 4-H bicycle program, Boyne hopes to continue to spread the gospel of safe maintenance and operation of bicycles. "I think this should be made a two-year project," he says, "because I believe kids tend to forget the law." The son of Mr. and Mrs. Ford Boyne was a county medal winner in 1970 and is a partner with his father and brother in a 35-sow herd.

A jack of all trades sometimes finds it difficult to score.

**BETTER HEALTH**

**Minimal brain dysfunction in children**

BY DR. WALTER C. ALVAREZ

Several years ago, that remarkably able psychiatrist, Dr. Jules Masserman, edited a splendid book entitled "Current Psychiatric Therapies" (Volume 7), in which he described a number of the symptoms that a child will probably show when he is suffering from minimal brain dysfunction. As Dr. Masserman says, the child may show several, if not all, of the following symptoms:

He may show quick changes in his emotional state. He will tend to overreact to situations. He can be irritable and aggressive at one moment, easily moved to tears the next moment, and perhaps in another moment he will be "like an angel." Then he may go into a rage over some tiny irritation that another child would hardly notice.

He is likely to have such a short attention span that he will easily be distracted. He'll flit from one thing to another unless involved in an activity he finds exceedingly interesting. Or he may be able to concentrate well when alone, but in the presence of other children, he'll show an attention span far shorter than would be normal for his age. He may tend to be impulsive

and unpredictable and he may be inconsistent in his behavior. He may also be what physicians call hyperkinetic, or overactive—constantly in motion and going from one object or activity to another. He is likely to be restless. He may fidget and have a "driven" quality. His parents and teachers may complain that "he just can't sit long enough to pay attention and learn anything."

Because of his lack of ability to learn much from experience, and his lack of favorable response to punishment, his mother may be at her wit's end. It may seem to her that he is being intentionally "impossible" when, after she has "told him a thousand times not to do something, he goes right ahead and does it."

And curiously, although he may seem to be very confident on the surface, he at times will show a lack of trust in himself or faith in his ability to do even simple things. He may also have trouble learning to do simple things such as tying his shoes. Also he may be clumsy and awkward because of defects in muscle coordination. He may do well enough with large movements, but he may fail to

perform well small movements. As I have said, his temper is likely to be very short. A normal child may knock down an irritating playmate by pushing him or jumping on him, while a child with minimal brain dysfunction may kick him viciously or hit him with a baseball bat.

The parents of such a child are likely to have difficulty in communicating with him. They may say that no matter what they do or try, they cannot "reach" him. They may also be distressed by the child's lack of appropriate fear for his own safety. He may talk to a stranger as if he were a life-long friend, and thus may get into dangerous situations that a more sensible child would avoid. He may cause his mother much distress because of what the psychiatrists call a lack of "affective response." Even as a baby, the child refuses to be cuddled. He squirms away from any attempt at affection and does not react with pleasure to smiles and cajoling sounds that his parents make.

He may be slow in learning to talk, or he may have other types of speech defects. When he goes to school, he may have difficulty with reading, arithmetic, or understanding abstract ideas. He may also have trouble recognizing shapes for what they are; thus he may not recognize easily a picture of a desk, even though he has seen desks and knows what they are.

What can be done to help such a child? The first thing to do is to recognize early that the child has some brain dysfunction. Sometimes the child can be much helped by specially trained teachers.

The parents might want to write to the Association for Children with Learning Disabilities (ACLD), with chapters in many cities throughout the United States. Their main office is at 3739 South Delaware Place, Tulsa, Oklahoma 74105. Also, the National Easter Seal Society for Crippled Children and Adults has information on the subject, and a helpful booklet can be obtained by writing them at 2023 West Ogden Avenue, Chicago, Illinois 60612.

**Buck teeth**

By Kit McMillon

I've only recently become taken up with the automotive dream, as Paul Simon so aptly puts it in one of his cryptic songs.

For years I vowed I'd rather have had a horse or a bicycle. But since I bought my car last year, I've been indoctrinated.

I've managed to learn the difference between a carburetor and a fuel pump, and how to check "under the hood."

Transmissions and gears are no longer a mystery, and I've learned what the numbers attached to an engine size mean, I think.

I page through things like Road and Track, and even enjoy the humorous columns about the days when a kid could really make a mean car out of an OLD family wreck.

So I decided this year I would attempt to learn about body styles.

The only styling I ever wanted from a car included windows that rolled completely shut and tires that don't fall off.

But I am willing to concede that the majority of drivers aren't interested in quality. They want something that reflects their PERSONALITY.

According to some learned psychologist types, the selection of a car is an alternative for a sex affair. Personally I think it's all ego.

There are two kinds of car buyers—those who want some wheels and those who want a showpiece.

The eye-catching showpieces I've seen this year look to me like something that broke out of a zoo.

I haven't gotten very far in trying to learn the distinguishing characteristics, but I can tell the '73's from the older models.

The new cars look just like the family cars of nondescript character of the early '60's, except for one thing.

They have buck teeth.

With all due respect to the automotive engineers who I think design car engines for elves to repair—I've seen some internal engine parts put in strange and hard-to-reach places—they have really outdone themselves with the 5-mile-an-hour crash protective bumper.

I've heard from persons who are supposed to be in the know that they aren't a great idea. I haven't heard of too many crashes occurring at 5 mph but maybe the engineers do have the right idea.

Who am I, a lowly car owner, to complain about the safety attempts of manufacturers? When I'm playing games in my head, I imagine the situa-

**Stepkas will celebrate 50th anniversary**

The golden anniversary of Mr. and Mrs. John Stepka of Cass City will be celebrated at an 11:30 a.m. mass Sunday, Dec. 3, offered by Father Duggan at the St. Joseph Church in Argyle.

Anna Buella and John Stepka were married at St. John's Church in Uby Nov. 28, 1922.

They have two children, Mrs. Clark (Isabel) Seeley of Cass City and Mrs. Robert (Anna Mae) Hall of Port Huron and three grandchildren.

Due to Mr. Stepka's ill health, there will be no reception to celebrate the occasion but friends, neighbors and relatives are asked to visit them anytime at their home on Van Dyke Road (M-33).

A family dinner will be held at the home of Mrs. Seeley.

FROM THE FILES OF THE CHRONICLE

### FIVE YEARS AGO

Capacity crowds attended dedication services at the new Cass City Lutheran Church of the Good Shepherd.

For the first time in history the Cass City and Novesta Township Community Chest fell short of its goal, President Harold Isard announced. The tabulation shows \$8119.30 collected. . . \$80.70 short of the \$8200 quota.

Something new for Cass City residents this Christmas is the Christmas caroling for the village, sponsored by the Chamber of Commerce.

Sgt. Ralph J. Hilborn, Snover, has been awarded a Bronze Star in Vietnam.

Bill O'Dell, building contractor, announced this week that his firm has been awarded a contract for a commercial type structure in Bay City for Steadman Inc.

### TEN YEARS AGO

When General Telephone Company makes its switch to dial service, area rates will be slightly higher than with operator service.

Cass City is expected to apply within a week for \$100,000 from the Federal Government under the recently passed law which makes available funds on a matching basis to governmental units for municipal and other projects. The village's project

will be a \$200,000 revamping of the village water supply.

Construction on the new \$135,000 St. Pancratius Catholic Church is nearly two-thirds done, according to a progress report from Fr. Arnold Messing.

Mrs. Willis Campbell was elected to a two-year term as president of the Hills and Dales General Hospital Women's Auxiliary.

Dick Eria asked the Cass City Village Council to review its decision denying a liquor take-out license to Erla Food Center, but an informal poll of trustees indicated that opinions of councilmen had not changed.

### TWENTY-FIVE YEARS AGO

Members of the Rotary Club voted to sponsor the building of a field house at the Recreational Park.

Eight years of dairy work brought to Allen Rohlf, Michigan 4-H club member, one of the six national regional dairy production awards given at the National 4-H Club Congress at Chicago. With the award is a \$200 scholarship to any college from the Kraft Foods corporation.

Maurice Joos has accepted a position in the office of the Ford Garage.

Akron, Cass City, Caro, Fairgrove, Kingston and Mayville, having already started work on organizing their local material,

will form the basis of a County Basketball League.

Mrs. Gerald Hicks has resigned her position at the Deford Bank. Mr. and Mrs. Gerald Hicks will take charge of the Archie Hicks farm, as Mr. and Mrs. Archie Hicks expect to leave for an indefinite time in California.

### THIRTY-FIVE YEARS AGO

Fire broke out in the laundry and dry cleaning establishment of Charles L. Robinson on North Seeger Street and before the flames were extinguished, the building was damaged to an extent estimated at \$2000.

The drilling of the oil well on the Merrill Martin farm in Grant township reached a depth of 2075 feet a few days ago.

John Doerr, who bought the S. H. Brown property on East Main Street has leased the first floor to Dr. K. Ivan MacRae.

Mrs. Mary Gekeler is a patient in Pleasant Home Hospital with both bones fractured above the left ankle joint. Mrs. Gekeler fell on the icy walk between Wood's drug store and the telephone office when returning home from town.

Mrs. Howard Lauderbach has been having some improvements made at her home on Houghton Street. New porches have been built both at the front and back.

# Restrict snowmobiles to game area trails

The season for getting out those snowmobile machines is approaching fast, but not fast enough for the dedicated snow lovers.

When enough of that white stuff settles, however, snowmobilers will find themselves faced with a few more restrictions this year.

The latest change is the restriction of snow machines in state game reserve areas to marked trails only. The Deford Game Reserve has never been a scramble area, but up to the present, the Minden City and Murphy Lake Game Reserves were.

Now all traffic, including snowmobiles, is restricted to the two-track marked trails, effective immediately.

Offenders caught violating this restriction will be ticketed by conservation officials. The maximum penalty for a mis-

demeanor is \$100 and/or 90 days in jail.

Jim Geilhart, Department of Natural Resources (DNR) conservation agent, explained that all game reserves in the southern part of the state have been closed to off-trail traffic because the federal government had threatened to retract its funding.

The federal government matches each state dollar with three to support game refuges. According to Geilhart, the federal government does not think using snowmobiles on the land is a proper use for that land.

### CERTIFICATES

After the first of the new year, another restriction voted on last year will go into effect, the certification for children aged 12-16 who are riding a snow machine off their parent's private property without adult

supervision.

A minimum of 5 hours of instruction based on standardized information supplied by the DNR is required, plus successful completion of a standardized test.

The Cass City 4-H Club, will sponsor another class this year and will soon begin instruction. Interested persons should contact the Lynwood Lapeers.

Other courses in the county that will lead to certification will be held at 9 a.m. Dec. 2 and Dec. 9 at the multipurpose room of the Caro High School. The Gateway Sportsman's Club near Unionville will hold sessions at 6:30 p.m. Nov. 28, Nov. 30, Dec. 4 and Dec. 6.

Parents or machine owners will be held responsible and can be ticketed for a misdemeanor if their child is caught riding without a certificate, said Geilhart.

## Ghouls on the loose!

BELA LUGOSI

BORIS KARLOFF

The original 1931 (Frankenstein and Dracula) motion pictures are now great classics and will come to the Cass Theatre Dec. 15-16-17. Made in the days when monsters scared you but didn't eat you up. These are the two that started the horror films.

Mr. and Mrs. William Bogard and family of Rochester and Mr. and Mrs. Benson Hobart and family were Thanksgiving Day dinner guests of their parents, Mr. and Mrs. Harlan Hobart.

Mr. and Mrs. Harlan Hobart left Sunday from Tri-City airport to attend the National Milk Producers Federation meeting at New York City. They expect to return either Wednesday or Thursday.

Mr. and Mrs. Elmer Shope entertained for dinner Thanksgiving Day. Guests were her parents, Mr. and Mrs. Elery Sontag, and Mrs. Shope's two brothers and their families, Mr. and Mrs. Morris Sontag and sons, Tim, Tom, Bill, Bob and Jeff, of Bach and Mr. and Mrs. James Sontag and Mark and Terri of Gagetown.

Mrs. Arthur Carolan spent Thanksgiving and until Sunday with her daughter and husband, Mr. and Mrs. W. T. Conners at Detroit. Her daughter, Mrs. Conners, drove her mother home Sunday and Mrs. Conners and Mrs. Ronnie Russell of Lapeer were Sunday dinner guests at the Carolan home.

Thanksgiving Day dinner guests of Mr. and Mrs. William C. Hunter and family were her three sisters, Mr. and Mrs. Bernard Kennedy of Port Austin, Mr. and Mrs. Alan Johnson of Bad Axe and Mr. and Mrs. Howard Johnson of Royal Oak.

Michael Comment of Pittsburgh, Pa., spent from Wednesday until Sunday with his parents, Mr. and Mrs. Douglas Comment. Miss Su Ann Comment, who attends Michigan State University at East Lansing, also was a guest of her parents, the Douglas Comments, from Tuesday until Sunday. Other Thanksgiving Day dinner guests at the Comment home were her sisters, Misses Mary and Nellie O'Rourke.

Saturday evening dinner guests of Misses Mary and Nellie O'Rourke were Mr. and Mrs. Douglas Comment and son Michael of Pittsburgh and their daughter Su Ann of East Lansing and the Comments' daughter-in-law and granddaughter, Mrs. James Comment and Kimberly of Unionville.

Mrs. Carl Proulx and family of Detroit spent from Friday evening until Sunday with Mrs.

Irma Proulx. Thanksgiving Day dinner guests of Mr. and Mrs. Richard Carroll were Mr. and Mrs. William Johnston and family and Mr. and Mrs. Leonard Damm of Cass City, Mr. and Mrs. J. C. Pitcher and family and Mrs. Jack Pitcher, all of Schewaing, and Mrs. Harry Johnston, Mr. and Mrs. William Downing and family and Mrs. Celia David, Tim Rabideau of Lansing was also a guest of his parents, the Carrolls.

Mr. and Mrs. David Durst of New Rochelle, New York, are spending sometime here visiting her sister, Miss Susan Phelan, and at the home of Mr. and Mrs. Vincent Wald, who is also a sister.

Mr. and Mrs. Vincent Wald and George and Miss Mary Wald and Mr. and Mrs. Joseph Wald and family spent Thanksgiving with Mr. and Mrs. William Merz and family at Saginaw.

Mr. and Mrs. Joseph Wald and family were Sunday dinner guests of her parents, Mr. and Mrs. Earl Stock of rural Cass City. Mr. and Mrs. Fred Armbruster and baby of Adrian were also Sunday guests at the home of her parents, the Earl Stocks.

Mrs. Eugene Comment returned home last Wednesday after being a patient at Jennings Memorial Hospital for ten days for treatment.

Mr. and Mrs. Harold Clague of Ann Arbor and Mr. and Mrs. Leonard Karr and family were Thanksgiving guests of their mother, Mrs. Mose Karr. Mrs. Karr returned to Ann Arbor with her daughter, Mr. and Mrs. Harold Clague, and Mrs. Karr will leave Dec. 17 for California to spend the winter with her daughter and family, Mr. and Mrs. Leonard Sparks.

Mr. and Mrs. George Hendershot, Mr. and Mrs. Merton Hendershot and family and Mrs. Maude Sarosky had Thanksgiving dinner with Mr. and Mrs. John Zmierski and family of Cass City. Mrs. Francis Withey and son Mike of Cass City were also guests at the Zmierski home.

Mr. and Mrs. Paul Burdon and son Willard and daughter Paula arrived home Monday afternoon, after spending a week with Mr. Burdon's mother and husband, Mr. and Mrs. James Horowitz at Long Branch, New Jersey. They also visited Mr. Burdon's sister and family, Mr. and Mrs. Charles McPhail and girls. They attended Macy's Thanksgiving Day Parade in New York.

Mr. and Mrs. Gerald Downing and Mark and Ann of Muskegon spent the week end with Mr. and Mrs. Jack Downing and family.

Rick Hunter of Kalamazoo, Miss Sue Hunter and Rick Scott of Chicago spent Thanksgiving and Friday with their parents, Mr. and Mrs. Richard Downing and family.

Yvonne Strouth recently returned from a two-week trip with her grandparents, Mr. and Mrs. Max Schwartz of Wyandotte. They travelled to San Diego, Calif., and en route visited the Grand Canyon, a meteor crater and ghost town. In California they visited the Scripps Institution of Oceanography, Sea World, San Diego Zoo and the Star of India, the oldest sailing merchantman afloat. They took a cruise of the harbor to view the Navy mothball fleet, aircraft carriers and the shoreline.

Thanksgiving Day guests of the Gene Strouth family were her parents, Mr. and Mrs. Max Schwartz of Wyandotte, and Mr. and Mrs. Robert Poniatowski

and sons, Bob and David, also of Wyandotte. Wednesday, Nov. 29, will mark the first meeting of Pack 3589, Gagetown's Cub Scout Pack. Attending will be 12 Cub

Scouts and 7 Webelos, all who earned their first rank - Bobcat. Cubmaster is Fred Sullivan. The meeting was scheduled in the basement of St. Agatha's Church from 8 'till 9.

## Appoint Brown state 4-H youth director

Dr. Norman A. Brown, assistant director of resident instruction in Michigan State University's College of Agriculture and Natural Resources, has been named director of Michigan's 4-H Youth Programs.

The appointment, announced by George S. McIntyre, director of MSU's Cooperative Extension Service, was approved Friday by MSU's Board of trustees and was made retroactive to Nov. 1.

Dr. Brown is responsible for providing leadership for 4-H programs in all 83 Michigan counties. Currently, there are over 100,000 4-H members and over 200,000 youngsters involved in 4-H programs. In addition, there are 20,000 4-H volunteer leaders in the state.

Dr. Brown succeeds Dr. Gordon Beckstrand who became professor, Extension Education Programs, Oct. 1.

A Michigan native, Dr. Brown was rural youth specialist for the U.S. Department of State in the Far East, 1959; vocational agriculture teacher in Bath, 1961-63; Washtenaw County 4-H agent, 1963-64; coordinator of student programs in MSU's College of Agriculture and Natural Resources, 1964-69; and assistant director of Resident Instruction in the college since 1970.

He was also a special consultant to the Minister of Education in Algeria in 1971 and is currently director of the Philippine Peace Corp intern program.

Dr. Brown, his wife, Bernice, and their four children reside on a farm just outside Bath.

 Cass City police investigated  
 an accident at 12:35 p.m.

Sunday when cars driven by  
 Sally Jane Goodall, 27, 7753  
 Reed Road, Cass City, and  
 Thomas Brant Guinther, 21,  
 6531 Main St., Cass City,  
 collided at Main and West  
 Streets.

made a left turn in front of her  
 vehicle. He was ticketed for  
 making an improper left turn.  
 In another accident, Harvey  
 John Francis, 21, 4453 Leach St.,  
 Cass City, was ticketed for  
 failing to yield the right of way  
 when he pulled out from Leach  
 Street in front of a car driven by

Richard Rudy Patera, 18,  
 3137 N. Cemetery, Cass City,  
 who was west bound on Main  
 Street. Cass City police records  
 stated that Francis stopped for  
 the stop sign, but apparently  
 failed to see the other car in  
 time to avoid the accident,  
 which occurred at 12:45 p.m.  
 Sunday.

Chester F. Gaszcynski, 20, of  
 Cass City, received minor in-  
 juries in a 4:40 p.m. Thank-  
 sgiving Day mishap when the car  
 he was driving collided with an  
 auto driven by Stella M. Lep-  
 pek, 47, of Ruth, who was un-  
 injured.

Also receiving minor injuries  
 in the mishap were Wilbert  
 Leppek, 52, and Christine  
 Leppek, 17, both of Ruth,  
 passengers in the Leppek ve-  
 hicle.

According to Huron sheriff  
 deputies, Gaszcynski was  
 headed south on Garfield Street  
 in Ubley. After stopping at the  
 intersection, he proceeded to  
 cross Main Street and collided  
 with the Leppek car, and then  
 struck an unoccupied parked  
 car on Main Street.

**THIS STRANGE figure** will be seen by many when the Chamber of Commerce opens Santa Land downtown in December. ## 2 complete Gen-Tel management course

Two employees from General Telephone's Cass City district recently completed special management courses held at the company's state headquarters training center in Norton Shores, near Muskegon, according to Jim Courtney, customer service manager, for the company.

ees from many areas of the state who received the specialized training during the sessions were: Tom Ward, of Gagetown, central office supervisor; and Robert Ridenour, of 6654 Seed Street, Cass City, construction and maintenance supervisor.

One course explored and developed the principles and practical applications of three critical elements of a supervisor's responsibility—coordinating, delegating and assignment of work—through the use of individual and group problem solving, role play and lectures. The other course explored the essential factors of communication and ways to improve it. Perception and barriers limiting listening ability were discussed as well as ideas for improving communications skills.

## Lions install new members

Gov. Harold Laycock installed five new Cass City Lions members at the regular meeting Nov. 6 at Veronica's Restaurant. He complimented the new Lions on being accepted into an outstanding Lions Club and challenged them to contribute to the best of their abilities to their community and Lions International.

At the Nov. 20 meeting Ray Clendenan of Teen Ranch presented an in-depth view of the operations and problems incurred in operating the Thumb Teen Ranch.

During the month of November, the club contributed \$100 to Teen Ranch, \$25 to the new Clifford Lions Club and concluded the most successful broom sale in the club's history.

CASS CITY LIONS inducted five new members at their Nov. 6 meeting. In the front row, left to right, are President Larry Davis, new members Jim Guinther, Terry Rosinski, Tom Sutter, Gordon Okerstrom and William Anson, and District Governor Harold Laycock.

In the back row are new member sponsors, left to right, Ed LaBelle, Alger Freiburger, William Selby, Gary Kivel and Ken Martin.

## County records

### 31st traffic

### death Nov. 22

A Millington woman became Tuscola county's 31st traffic fatality victim when she died as a result of a one car accident Wednesday afternoon, Nov. 22.

Lessie Annie Candy, 49, 10108 State Road, was pronounced dead at the scene of the crash on Birch Run Road in Arbela township. According to Tuscola county sheriff reports, she was east bound when she apparently skidded on the ice, lost control of her vehicle and hit a culvert. The car rolled over four times before coming to rest in the middle of the roadway.

The victim was thrown from the car and landed 47 feet from the edge of the road in a ditch.

## Police probe week end thefts

Several thefts were reported to Cass City police during the past week.

Lloyd Bryant of Gambles Store reported Sunday that an 8-track stereo tape player was missing from a shelf in the store. The player is valued at

\$129.

Stanley Raymond Kissel, 4880 Shabbona Road, Cass City, told police tools and a tire were stolen from the box of his pickup while it was parked in an alley off Main Street. The theft is believed to have occurred

sometime between midnight and 2:50 a.m. Sunday. The loss is placed at \$120.

Lee Rabideau reported the wires and distributor cap off a new pickup parked in the new car lot behind the Standard Station were found missing

Friday. The loss is \$18.

The theft of \$42 was reported from two women's purses at the Walbro Corporation Tuesday, Nov. 21. Both women were at lunch and did not discover the theft until their coin purses were found later in a waste container.

## Name off-campus nurse program director

Mrs. Mary Greene Sullivan, 215 Borland Court, Saginaw has been appointed Assistant Professor and Coordinator of Michigan State University's new Off-Campus Baccalaureate Nursing Program in the Tri-County Area. A graduate of St. Mary's Hospital School of Nursing, Saginaw, she earned a Bachelor of Science degree in Nursing from Wayne State University, Detroit and a Master's degree in Nursing from New York University. Mrs. Sullivan has worked as a staff and head nurse, visiting nurse, clinical instructor, and Inservice Education Director. For the past three years, she has taught in the Division of Nursing at Nazareth College in Kalamazoo.

The nursing program which Michigan State University is initiating in the Tri-County area has several unique features. First, it is open only to Registered Nurses who wish to obtain their baccalaureate degree in nursing. Second, it is entirely a community-based program. This is the first, and

at this time the only Michigan State University program which waives the residency requirements at the undergraduate level, thus making it possible for the student to complete all requirements for graduation without attending the main campus. The student is directed to take all general education and required courses at local educational institutions. Required non-nursing courses are offered through the Michigan State University extension service.

The nursing curriculum offered is identical to that offered on the main campus in East Lansing and the program is fully accredited by the National League for Nursing. As the nursing program develops the students will be receiving some of their clinical experience locally with the Michigan State University medical students.

As of November 7, 1972, interested nurses may visit the school's extension office at 923 Almira Street, Saginaw, between 8:00 and 5:00 p.m. weekdays or may telephone Mrs. Sullivan at: 755-5395.

# Appoint Dr. Niggs medical examiner

The Tuscola County Board of Commissioners appointed Dr. Herbert Niggs of Caro as acting chief medical examiner to begin Jan. 1.

"No one has sought out the job created by the new law abolishing the elected post of county coroner, but Niggs agreed to accept the appointment, District 2 Commissioner Ed Golding Sr. stated.

No method of paying for his services, or how assistants will be appointed have yet been

worked out, Golding said.

The board agreed to apply for a county soil survey through the office of Cyril Jacot, district conservationist of the U. S. Soil Conservation Service.

By applying now, the county may have a soil study started in ten years, Golding stated. Currently the cost of the project, which usually takes 5 years, is 25 cents per acre. What it will cost in 10 years is not known.

The last soil survey was conducted by WPA workers.

In other business, the board agreed to let bids for four new cars for deputies of the sheriff's departments. The bids are to be opened at 2 p.m. Dec. 26. The cars currently in use already have 70,000 miles on them, Golding said.

The board also agreed to try to find room in the court house to set up a new office for George Holmes, who will take over the duties of Prosecuting Attorney

Jan. 1. There is room, Golding said, but it may require a little shifting of other offices.

The board also formally approved the two-year contract between the county and the sheriff's deputies which was approved tentatively three weeks ago.

The new contract calls for an 11 per cent overall increase over two years, with starting salary set at \$8000. Old starting salary was \$7500. A figure of \$9500 will go into effect the beginning of the year for all officers who have been on the force three years, and beginning Jan. 1, 1974, the top salary for the department will be \$10,000.

The contract also changed the overtime pay method. From now on, all overtime will be time and a half. Currently, some overtime is double time. The number of paid holidays was also reduced from 10 to 9. Lincoln's birthday was deleted because it is not a national holiday.

## Youths befriend man, then steal from him

A Ferndale man was apparently robbed by his befrienders last week when his tool kit was found missing from the trunk of his car after four youths helped

him get his car out of a ditch on Mushroom Road at Hurds Corner Road.

Stanley Bradzik reported the incident to Tuscola county sheriff deputies, who are still investigating.

In another theft, Richard Dearthuff reported the theft of \$164 from the Petrolene Gas Service in Gageton. The theft was found Monday morning, Nov. 20.

## 2 Cass City men await arraignment

Two area men were arrested by Tuscola county sheriff authorities Tuesday, Nov. 21.

Nicholas Bodnar, 44, rural Cass City, was arrested in Cass City on a charge of being drunk and disorderly.

Ralph Perry Kinney, 21, 6728 Houghton St., Cass City, was arrested south of Caro on M-24 for driving with a license suspended. He was released on a \$50 jail bond.

Both men are awaiting appearances before District Court Judge Richard Kern.

## Light docket in circuit court

Three men appeared before Judge James Churchill on criminal matters in Tuscola County Circuit Court Monday.

John Arthur Sprull of Wisner stood mute when arraigned on a charge of indecent liberties with a child under 16 years. A plea of innocent was entered for him. Bond of \$500 was continued. A petition for commitment to the Forensic Center for determination of competency to stand trial was also granted.

In other court business, Robert Searles of Juniata was found guilty of probation violation. His probation was extended 6 months plus two months in the county jail. Searles was placed on probation following conviction of a charge of felonious assault with a shotgun in July of 1970.

Howard M. Robinson of Silverwood pleaded guilty to probation violation at his hearing. His probation for a June 1970 conviction of larceny in a building was continued.

## Hospital auxiliary elects officers

The regular meeting of Hills and Dales Hospital Auxiliary was held Monday, Nov. 27, in the hospital meeting room with 21 members present.

Mrs. Iva Profit reported on the progress of the bridge tournament. Gift shop chairman, Mrs. Ken Martin, reported the gift shop hours are from 9 a.m.-12 noon and from 2-5 p.m. week days, and Sundays from 1-4 p.m. The knitting group that meets with Mrs. Fred Auten will submit completed articles to the gift shop in the near future.

Mrs. E. C. Fritz presented a report on the East Central District meeting for presidents and presidents-elect at Frankmunth.

Schedule of gift shop volunteer workers for the month of

December was distributed to members.

Officers elected were: president, Mrs. Donald Wernetie; president-elect, Mrs. Roger Little, and vice-president, Mrs. Delbert Profit. Mrs. Profit will also serve as temporary secretary. Treasurer is Mrs. Clark Boylan.

The officers will be installed at the January meeting by Mrs. Glen Allis, historian and public relations secretary of the East Central district.

The 1973 nominating committee consists of Mrs. Raymond McCullough, Mrs. Curtis Hunt and Mrs. Edwin Fritz.

No December meeting will be at the meeting room at 1:30 p.m., Jan. 22.

## Now! it's all-state Chester Sieradzki

Headed by Chester Sieradzki's selection to the Associated Press All-State Class C football team, area gridgers were honored by selection for various honor teams.

Joining Sieradzki on the all-state squad were Clarence Wolschlag, back, from Ubyly High School in class C and Kurt Karr, back, from Owen-Gage High School in class D.

Besides the all-staters, area gridgers were honored on all

area teams. Curt Strickland, quarterback, and Paul Bliss, end, Cass City, and Ron Gekle, end, Ubyly, were named to the Port Huron all area team as were Sieradzki and Wolschlag. Oddly enough, Karr was named to the second team. Gene Salas also was placed on the second team.

Salas and Karr were named player-of-the-year by the Bay City Times and will receive plaques from Coca-Cola.

### Chest tops goal by \$700

The Community Chest of Elkland and Novesta townships has cleared its goal by almost

\$700 with a total collection of \$11,170.70, with 15 envelopes still out, reports president Jon Fahrner.

The goal was \$10,500. The victory dinner will be held at 7 p. m. Thursday, Nov. 30, at Veronica's Restaurant, with Helen Woloshen of Help-Line guest speaker.

Envelopes should be turned in to the Cass City State Bank.

Criticism from enemies helps more than a friend's praise.

# Hawks seek to regain shooting eye for Lakers after 49-42 loss to Millington

PAUL BLISS came driving in for a lay-up Tuesday, Nov. 21, and missed. It was typical of the frustrations suffered by Cass City in the opening basketball game with Millington.

When Cass City's best outside shooter goes 0 for 18 in field goal attempts the chances are that the Hawks will be in deep trouble.

That's what Dave Hillaker shot last Tuesday night when the curtain raised on the new season and when Coach Fred Hurlbut's highly regarded quintet bowed to Millington, 49-42.

Certainly Cass City's 21 per cent field goal shooting average stung... but give credit to Millington's fine team, too.

The big front line of the winners made it tough for Cass City's offense to function and most of the time Hawk gunners were firing with a hand in front of their faces.

There were the usual opening night fumbles and sloppy play on the part of both teams and just perhaps Cass City was looking beyond Millington to the Thumb B Conference schedule that starts Friday night at Elkton-Pigeon-Bay Port.

The Lakers, defending league champions, were decimated by graduation last year and will turn to a strong junior varsity and bench in a bid to stay in the title chase.

Despite the lackluster performance in the first game the Hawks will be favored over the Lakers for the first time in several years.

In the opening game loss, Cass City dropped behind early in the first quarter and things went from bad to worse.

In that first half there seemed to be no way that the Hawks could score. Deep into the second quarter Cass City had netted a meager 11 points and trailed by 10 points before finally breaking the cold spell and moving back into contention.

After the intermission, the Hawks looked more like the team everyone expected them to be. Scoring well and defending well they moved two points in front.

Unfortunately for Hawk fans, it was only a momentary scoring spark. Millington rallied and went back in front.

It was anybody's ball game until the final 2½ minutes when the winners moved in front by nine points to salt away the victory.

Only one Hawk was in double figures for the night. Scott Hartel picked up 14 on four field goals and six of 11 free throw attempts.

Millington shot 39 per cent from the field and 49 per cent from the foul circle as compared to Cass City's 21 and 42 per cent figures.

### JV'S WIN

The Hawks' only solace for the evening was an overtime 76-73 victory in the JV preliminary. Jerry Toner scored 24 points to lead the way. Dan Mellendorf had 15 rebounds. Dave Eberline scored six points as Cass City came from seven points down to send the game into overtime.

**CAN WE WORK TOGETHER?**

In our town a factory employs most of us. But we live under the pall of smoky chemical fumes.

Both labor and management attend our church—and they are concerned about pollution and our environment. They know it is a human dilemma. We must have jobs; we must have the products we make. And taxes from the factories support schools, clinics and public works. These are realities.

But we cannot continue destroying in the process of creating. It is God's world and we are the caretakers. That's also a reality.

As Christians we will seek the answer under God in His Church. We will work together and build a better world. Will you be in church next Sunday?

## Magazine for young couples one year old

Ever hear of the **YOUNG HOMEMAKER**? It's not a young mother you know, but she would be interested in the **YOUNG HOMEMAKER**. **YOUNG HOMEMAKER** will soon be one year old.

**YOUNG HOMEMAKER** is a magazine aimed exclusively at young couples with young marriages and perhaps young children. It was developed by Michigan State University Cooperative Extension Service. This special project was created for young homemakers to help answer their questions, solve their problems and meet their challenges with children, money, food, clothing and home.

Any young homemaker will find something for her in this bimonthly magazine. Enrollment fee for study materials and notebook is \$2 for a year. To enroll, mail check or money order (payable to Michigan State University) to **YOUNG HOMEMAKER**, Bulletin Office, P.O. Box 231, East Lansing, Michigan 48823.

Ironically, not one member of this year's legislature will be going to Washington in the new Congress, despite the fact Potomac Fever hit quite a few of them.

## Michigan Mirror

# Democratic controlled house to see 25 new members Jan. 1

Many new faces will be present in Lansing next January when the Legislature convenes for its 1973 session. All the fresh faces will be in the House, whose members' terms expire this year. The Senate members have four year terms, all of which expire in 1974.

A total of 25 new members should answer the first roll call in 1973. They'll replace 25 members of this year's House for a variety of reasons.

Reapportionment was the single biggest reason for the wholesale change. The redrawing of maps threw 14 incumbents into seven districts. Several other incumbents found themselves in new districts quite a bit different from their old districts and were unable to hold the seat. And a few lawmakers just quit to take other jobs.

Two House members—Republican David Serotkin and Democrat Marvin Stempien—failed in efforts to unseat incumbents in the General Election. Also failing to secure a seat was Democratic State Sen. Daniel Cooper of Oak Park. Cooper thought he had a sure ticket to Congress, but the busing issue ruined his hopes and produced a victory for his opponent, former Republican State Sen. Robert Huber.

Cooper, however, has two more years to run in his Senate term, so he still has a job. Serotkin and Stempien are out.

The new House will have 60 Democrats and 50 Republicans despite the victories in Michigan scored by President Nixon, Sen. Robert Griffin, the state of

education candidates, and re-election of 12 of the 19 Congressional districts.

This Democratic control is a tribute to the expertise of Democratic Party technicians who drew up the reapportionment plan eventually adopted by the Michigan Supreme Court over one submitted by the Republicans.

The map drawers were able to spread around the Democratic support enough to insure the election of a Democratic majority no matter what. Republicans have been shaking their heads over the fact that roughly 2,000 votes difference in a few districts would have given them control. They even picked up a seat in Macomb County neither they nor the Democrats expected them to get.

But in the end the mapmakers proved to have sliced the line just thin enough to maintain their control.

One can only wonder what the make up will be if the Democrats regain their strength on statewide offices over the next election or two.

The current results also should remove any doubt as to who will take over the Senate in 1974. It becomes obvious that several Republican incumbents are going to have to perform miracles to retain their seats.

### "LICENSES ON SALE"

The changeover of license plates on every motor vehicle in the state is going on again and Secretary of State Richard Austin is expecting another record.

Austin says his office has mailed out a total of 5.8 million prepared applications to owners of motor vehicles and trailers in Michigan. He says he expects a large number of these to come back by mail rather than having owners go to branch offices to buy their plates.

Austin began the sale through the mail last year and at the same time began accepting checks for the licenses for the first time.

This year drivers will receive complete new plates rather

than the tabs issued last year. The plates will have a blue background and white reflectorized lettering.

The plates sold in branch offices this year will be different from those sold through the mail.

"The ones you get by mail are made of a new lightweight aluminum," Austin says. "The ones you get from the branch offices will be galvanized steel."

The deadline for purchasing them through the mail has been extended to Feb. 10 this year. Last year it was Jan. 1.

The deadline for getting them on your car is still April 1.

## speak Jan. 6

Mike Whorf will be the featured noon speaker Jan. 6 at the "Ag-in-Action" Spectacular.

Ag-in-Action was first held last year with approximately 400 Thumb farmers and agribusiness people in attendance.

Ag-in-Action is jointly sponsored by the Huron, Sanilac, and Tuscola Cooperative Extension Service, local agribusinesses and Michigan State University.

This year's program will be held at the Cass City High School. A free meal will be served at noon.

Whorf is a veteran broadcaster of better than 20 years. He came to Radio WJR, Detroit, in 1964. He has captivated his listening audience with his Kaleidoscope presentation. This program is heard from 11:15 a.m. to 12 noon, and an encore presentation from 9:15 p.m. to 10:00 p.m.

Whorf's program Jan. 6 will be "Good Old Days". It will tell about life as it once was, unhurried, pleasant, "country-fied" and simple. Here is a nostalgic look at ourselves in the "not so long ago". Conversation was still an art, hard work was a way of life, devotion was a word in everyone's vocabulary, humor was abundant in Riley's, "The Passing Of The Backhouse."

The Cooperative Extension Service invites all Thumb area citizens to attend this free, educational spectacular and noon program at the Cass City High School.

Have you been sewing up a storm? Busy hand crafting garments for you and your family?

**Can they afford the monthly payments on your home?**

Suppose your wife had to do it on her own. Chances are she couldn't afford those monthly payments and preserve your estate as well. Unless, of course, you plan for it now—with our "altogether" mortgage insurance. Because it has a fixed term and covers only the amount of your mortgage, it won't cost as much as you might think. Give us a call now. You don't have to buy a new house to be eligible. You're eligible anytime. Altogether insurance—to help the family stay all together.

It's better altogether

The sewing machine certainly gets a work out around the holidays.

To keep a sewing machine in good shape, it should be cleaned and lightly oiled after eight hours of use. For some it may mean daily cleaning and oiling or oiling every two or three weeks, depending on how much the machine is used.

The types of fabrics you use also will influence how often you clean the machine. Napped or pile fabrics or synthetic knits give off lint which may result in your needing to clean the feed dog and bobbin case area more often.

When oiling, use sewing machine oil. Household oil may gum up the machine because it is too heavy.

Be sure to check the instruction book that came with your machine for the exact location where oil is needed.

After oiling, stitch on a scrap of fabric to remove excess oil. Good care is vital to the life of your sewing machine.

**Oneita Copeland buried Friday**

Final rites were held 1 p.m. Friday for Mrs. Oneita B. Copeland, 58, of Cass City, who died unexpectedly early Tuesday morning, Nov. 21.

Mrs. Copeland was born Nov. 21, 1914, in Sandusky, the daughter of the late Mr. and Mrs. Fredrick L. and Mary Morley Hoffman.

She was united in marriage to Kenneth Copeland in Detroit Jan. 10, 1953. They came to Cass City in 1958 from Bronson, where she has lived until her death.

Mrs. Copeland was a member of the Trinity United Methodist Church.

She is survived by her husband; one daughter, Mrs. Robert (Beryl) Bliss, Cass City; four sons: Ronald, Detroit; Jon, Greenfield, Ind.; Norman and Wayne, both of Kalamazoo.

Funeral services were conducted from Little's Funeral Home, with interment in Greenwood cemetery, Sandusky, in Sanilac County.

The Rev. Elizabeth Isaacs, pastor of the Trinity United Methodist Church, officiated.

It takes lots of fiction just to explain the truth.

# Greenleaf Township Zoning Ordinance

ORDINANCE NO. 101

## TITLE

AN ORDINANCE ENACTED UNDER ACT 184, PUBLIC ACTS OF MICHIGAN OF 1943, AS AMENDED, GOVERNING THE UNINCORPORATED PORTIONS OF THE TOWNSHIP OF GREENLEAF, SANILAC COUNTY, MICHIGAN, TO REGULATE AND RESTRICT THE LOCATIONS AND USES OF BUILDINGS, STRUCTURES AND LAND FOR TRADE, INDUSTRY, RESIDENCE AND FOR PUBLIC AND SEMI-PUBLIC OR OTHER SPECIFIED USES; AND TO REGULATE AND LIMIT THE HEIGHT AND BULK OF BUILDINGS, AND OTHER STRUCTURES, TO REGULATE AND TO DETERMINE THE SIZE OF YARDS, COURTS AND OPEN SPACES; TO REGULATE AND LIMIT THE DENSITY OF POPULATION; AND FOR SAID PURPOSES TO DIVIDE THE TOWNSHIP INTO DISTRICTS AND ESTABLISH THE BOUNDARIES THEREOF; TO PROVIDE FOR CHANGES IN THE REGULATIONS, RESTRICTIONS AND BOUNDARIES OF SUCH DISTRICTS; TO DEFINE CERTAIN TERMS USED HEREIN; TO PROVIDE FOR ENFORCEMENT; TO ESTABLISH A BOARD OF APPEALS; AND TO IMPOSE PENALTIES FOR THE VIOLATION OF THIS ORDINANCE.

## PREAMBLE

Pursuant to the authority conferred by The Public Acts of The State of Michigan in such case made and provided, and for the purpose of promoting and protecting the public health, safety, peace, morals, comforts, convenience, and general welfare of the inhabitants of the township by protecting and conserving the character and social and economic stability of the residential, commercial, industrial and other use areas; by securing the most appropriate use of land; preventing overcrowding of the land and undue congestion of population; providing adequate light, air and reasonable access; and facilitating adequate and economical provision of transportation, water, sewers, schools, recreation, and other public requirements, and by other means, all in accordance with a comprehensive plan; NOW, THEREFORE:

## ENACTING CLAUSE

THE TOWNSHIP OF GREENLEAF ORDAINS:

## Article I - Short Title

Section 100. Short Title:  
This ordinance shall be known and may be cited as The Township of Greenleaf Zoning Ordinance.

## Article II - Definitions

For the purposes of this ordinance, certain terms or words used herein shall be interpreted as follows:

All words used in the present tense shall include the future; all words in the singular number include the plural number and all words in the plural number include the singular number; and the word "building" includes the word "structure", and the word "dwelling" includes "residence", the word person includes "corporation", "co-partnership", "association", as well as an "individual", the word "shall" is mandatory and the word "may" is permissive; the word "lot" includes the words "plot" or "parcel"; the words "used" or "occupied" include the words "intended", "designed" or "arranged to be used or occupied".

Terms not herein defined shall have the meaning customarily assigned to them.

Alterations: Any change, addition or modification to a structure or type of occupancy, any change in the structural members of a building, such as walls, or partitions, columns, beams or girders, the consummated act of which may be referred to herein as "altered" or "reconstructed".

Auto Repair Garage: Is a place where the following activities may be carried out: Vehicle body repair, engine rebuilding or repair, undercoating, painting, tire recapping, upholstery work and auto glass work.

Basement: Is that portion of a building which is partly, or wholly below grade, but so located so that the vertical distance from average grade to the floor is greater than the vertical distance from the average grade to the ceiling. If the vertical distance from the grade to the ceiling is over 5 feet, such basement shall be rated as a first story.

Building: Is a structure, either temporary or permanent, having a roof supported by columns, or walls, and intended for the shelter or enclosure of persons, animals, chattels, or property of any kind. (This shall include tents, awnings or vehicles situated on private property and used for such purposes).

Building, Accessory: Is a subordinate building, the use of which is clearly incidental to that of the main building or to the use of the land.

Building, Main: Is a building in which is conducted the principal use of the lot on which it is situated.

Building Inspector: The building inspector or official designated by the township board.

District: A portion of the unincorporated part of the township within which certain regulations and requirements or various accommodations thereof apply under the provisions of this ordinance.

Dwelling unit: Is a building, or portion thereof, designed for occupancy by one family for residential purposes and having cooking facilities.

Dwelling, One Family: Is a building designed exclusively for and occupied exclusively by one family.

Dwelling, Two Family: Is a building designed exclusively for occupancy by two families, living independently of each other.

Erected: Any physical operations on the premises required for the construction or moving on and includes construction, reconstruction, alteration, building, excavation, fill, drainage, installation of utilities and the like.

Essential Services: Means the erection, construction, alteration, or maintenance by public utilities or municipal departments or commissions of underground, surface, or overhead gas, electric, steam or water transmission or distribution systems, collection, communication, supply or disposal systems, including mains, drains, sewers, pipes, conduits, wires, cables, fire alarm boxes, police call boxes, traffic signals, hydrants, trolleys, poles and other similar equipment, and accessories in connection therewith reasonably necessary for the furnishing of adequate service by such public utilities or municipal departments or commissions or for the public health or safety or general welfare, but not including buildings other than such buildings as are primarily enclosures or shelters of the above essential service equipment.

Family: Is one or two persons or parents, with their direct lineal descendants and adopted children (and including the domestic employees thereof), together with not more than two persons not so related, living together in the whole or part of the dwelling unit comprising a single housekeeping unit. Every additional group of two or less persons living in such housekeeping unit shall be considered a separate family for the purpose of this ordinance.

Floor Area: The floor area of a residential dwelling unit is the sum of the horizontal areas of each story of the building as measured from the exterior walls; exclusive of areas of basements, unfinished attics, attached garages, breezeways and enclosed and unenclosed porches.

Gasoline Service Station: Is a place for the dispensing, sale or offering for sale of motor fuels directly to users of motor vehicles, together with the sale of minor accessories and the servicing of and minor repair of automobiles.

Grade: The highest of ground contacting any portion of the basement or foundation of a dwelling.

Home Occupation: Is an occupation or profession customarily carried on by an occupant of a dwelling unit as a secondary use which is clearly subservient to the use of the dwelling for residential purposes.

Junkyard: Is an open area where waste, used or second hand materials are bought and sold, exchanged, stored, baled, packed, disassembled or handled, including, but not limited to, scrap iron and other metals, paper, rags, rubber tires and bottles. A "junkyard" includes automobile wrecking yards and includes any area of more than 200 square feet for storage, keeping, or abandonment of junk, but does not include uses established entirely within enclosed buildings.

Kennel, Commercial: Any lot or premises on which 3 or more dogs or cats are either permanently or temporarily boarded.

Lot: Is a parcel of land occupied, or which could be occupied, by a main building or a group of such buildings and accessory buildings, or utilized for the principal use and its accessory thereto, together with such open spaces as are required under the provisions of this ordinance. A lot may or may not be specifically designated as such on public records.

Lot of Record: Is a parcel of land, the dimensions of which are shown on a document or map on file with the County Register of Deeds or in common use by township or city officials, and which actually exists as so shown, or any part of such parcel held in record ownership separate from that of the remainder thereof.

Lot Area: The total horizontal area within the lines of the lot.

Motel: A series of attached, semi-detached or detached rental units containing bedroom, bathroom and closet space. Units shall provide overnight lodging and are used to the public for compensation and shall cater primarily to the public traveling by motor vehicles as a facility for temporary residence.

Non-conforming Building: A building or portion thereof, existing at the effective date of this ordinance, or amendments thereto, that does not conform to the provisions of the ordinance, or to the use regulation of that district in which it is located.

Non-conforming Use: A use which lawfully occupied a building or land at the time of this ordinance, or amendments thereto, became effective, that does not conform to the use regulations of the district in which it is located.

Occupied: Includes the meaning of intent, design or arrangement for occupancy.

Off Street Parking Lot: A facility providing vehicular parking spaces along with adequate drives and aisles for maneuvering so as to provide access for entrance and exit for parking of automobiles.

Parking Space: Is hereby determined to be an arched definite length and width and shall be exclusive of drive ways, aisles or entrances giving access thereto and shall be fully accessible for the storage or parking of permitted vehicles.

Public Service: Public service facilities within the context of this ordinance shall include such uses and services as voting booths, pumping stations, fire halls, police stations, temporary quarters for welfare agencies, public health activities and similar uses including essential services.

Public Utility: Is any person, firm or corporation, municipal department, board or commission duly authorized to furnish and furnish under federal, state, or municipal regulations to the public: gas, steam, electricity, sewage disposal, communication, telegraph, transportation or water.

Setback: The distance required to obtain front, rear or rear yard open space provisions of this ordinance.

Street: Is a public thoroughfare which affords the principal means of access to abutting property.

Structure: Is anything constructed or erected, the use of which requires location on the ground or attachment to something having location on the ground except driveway and pavement.

Temporary Building or Use: Is a structure or use permitted by the Board of Appeals to exist during periods of construction of the main building or use, or for special events.

Tourist Home: Any dwelling used or designed in such a manner that certain rooms in excess of those used by the family, and occupied as a dwelling unit are rented to the public for compensation and shall cater primarily to the public traveling by motor vehicle.

Trailer Court: Any plot of ground upon which two or more trailers, coaches, occupied for dwelling or sleeping purposes, are or may be located.

Trailer Coach (Mobile Home): Any vehicle designed, used, or so constructed as to permit its being used as a conveyance upon the public street or highways and duly licensable as such, and constructed in such a manner as will permit occupancy thereof as a dwelling or sleeping space for one or more persons.

Travel Trailer: A vehicle designed as a travel unit and occupancy as a temporary or seasonal vacation living unit.

Use: Is the purpose for which land or a building is designed, arranged, or intended to be used, or for which land or a building is or may be occupied.

Use, Accessory: Is a use subordinate to the main use of lot and used for purposes clearly incidental to those of the main use.

Yards: The open spaces on the same lot with a main building or main use, unoccupied and unobstructed from the ground upward except as otherwise provided in this ordinance, and as defined herein:

(1) Front Yard - Is an open space extending the full width of the lot the depth of which is the minimum horizontal distance between the front lot line and the nearest line of the main building.

(2) Rear Yard - Is an open space extending the full width of the lot, the depth of which is the minimum horizontal distance between the rear lot line and the nearest line of the main building.

(3) Side Yard - Is an open space between a main building and the side lot line, extending from the front yard to the rear yard, the width of which is the horizontal distance from the nearest point of the side lot line to the nearest point of the main building.

Zoning Variance: Is a modification of the literal enforcement of the zoning ordinance granted when strict enforcement of the zoning ordinance would cause undue hardship owing to circumstances unique to the individual property on which the variance is granted. THE CRUCIAL POINTS OF VARIANCE ARE UNDUHARDSHIP, AND UNDUHARDSHIP CIRCUMSTANCES, APPLIED TO PROPERTY. A VARIANCE IS NOT JUSTIFIED UNLESS ALL OF THESE ELEMENTS ARE PRESENT IN THE CASE.

Zoning Exception: An exception is a use permitted only after review by the Board of Appeals of an application; such review being necessary because of the provisions of the ordinance covering conditions, precedent or subsequent, are not precise enough to all applications without interpretation, and such review is required by the ordinance.

The "Exception" differs from the "Variance" in several respects. An exception does not require "undue hardship" in order to be allowable. The exceptions that are found in this ordinance appear as conditional uses authorized by special permit or review by the zoning board, legislative body, or board of appeals. These land uses could not be conveniently allocated to one zone or another, or the effects of such uses could not be definitely foreseen as of a given time. The general characteristics of these uses include one or more of the following:

(1) They require large areas.  
(2) They are infrequent.  
(3) They sometimes create an unusual amount of traffic.  
(4) They are sometimes obnoxious or hazardous.  
(5) They are required for public safety and convenience.

## ARTICLE III - ZONING DISTRICTS AND MAP

Section 300. Districts: For the purpose of this ordinance, the Township of Greenleaf is hereby divided into the following districts:

## A Residential-Agricultural

## B Business

## I-1 Light Industrial

Section 301. Boundaries: The boundaries of these districts are hereby established as shown on the zoning map, Greenleaf Township Zoning Ordinance, which accompanies this ordinance, and which, with all notations, references, and other information shown thereon shall be as much a part of this ordinance as if fully described herein.

a. Unless otherwise shown, the boundaries of the district are lot lines, section lines, the centerlines of streets, alleys, roads, or such lines extended, and the unincorporated limits of the township.

b. Where due to the scale, lack of detail or illegibility of the zoning map accompanying this ordinance, there is any uncertainty, contradiction, or conflict as to the intended location of any district boundaries, shown thereon, interpretation concerning the exact location of district boundary lines shall be determined, upon written application, or upon its own motion, by the Board of Appeals.

## Section 302. Zoning of Vacated Areas:

Whenever any street, alley, or other public way, within the township of Greenleaf shall have been vacated by official government action, and when the lands within the boundaries thereof attached to and become a part of the land formerly within such vacated street, alley or public way they shall automatically, and without further governmental action, henceforth acquire and be subject to the same zoning regulations as are applicable to the lands to which the same shall attach, and the same shall be used for that same use as is permitted under this ordinance for such adjoining lands.

Section 303. District Requirements: All buildings and uses in any district shall be subject to the provisions of general provisions and general exceptions.

## SECTION IV - R A RESIDENTIAL AGRICULTURAL DISTRICTS

Preamble. The residential and agricultural districts are designed to provide for dwelling sites and the residentially related uses in keeping with residential development in the township, and to provide home sites in areas which are rural in character. The uses permitted by right and on special condition are intended to promote a compatible arrangement of land uses for homes and farms, with the intent to keep neighborhoods relatively quiet and free of unrelated traffic influences.

Section 400. Except as otherwise provided by this ordinance no land or premises shall hereafter be used, and no buildings or structures, located, erected or used for other than one or more of the following purposes:

## a. Principal Permitted Uses:

- (1) One and two family dwellings.
- (2) Farms including woodlots.
- (3) The raising of common farm animals on parcels of ten acres or more.
- (4) Publicly owned and operated parks, parkways and recreational facilities.
- (5) Accessory buildings and uses customarily incident to any of the above permitted use.
- (6) Storage of farm machinery and farm supplies.
- (7) Home occupations.

Section 401. Conditional Uses: The following uses may be permitted upon the granting of a permit for such use by the planning commission or its equivalent, subject to the conditions hereinafter imposed for each use and subject further to such other reasonable conditions which in the opinion of the planning commission or its equivalent are necessary to provide adequate protection to the neighborhood and to abutting properties.

1. Churches, schools, colleges, educational institutions, libraries and public owned buildings.
2. Hospitals, clinics, sanitariums, nurseries, convalescent and old folks homes and similar buildings and structures designed for human care.
3. Privately owned parks, playgrounds, golf grounds, swimming pools, and similar facilities for outdoor exercises and recreation.
4. Community centers, clubs, lodges, and social organizations, if non-profit and limited to members.
5. Tourist homes, boarding or lodging houses.
6. Boarding kennels and veterinary hospitals.
7. Sand and gravel pits.
8. Airfields and landing fields.
9. Public service buildings and yards, publicly owned buildings, public utility buildings and yards.
10. Guide signs, billboards and outdoor advertising signs.
11. Roadside stands.
12. Brine wells and oil wells.
13. Dwellings for seasonal labor.
14. Farm equipment sales and services.
15. Public waste disposal areas.
16. Water wells for other than residential purposes, it being expressly understood that residential water wells are permitted in all districts.
17. Basement dwellings, not to exceed 18 months use, said dwellings thereafter to be completed above the basement level.
18. Drag strips, racetracks, and/or go-cart race tracks subject to the following conditions:

a. All parking shall be provided as off street parking within the boundaries of the development.

b. All sides of the development not abutting at road shall be provided with a 50 foot buffer strip for protection and a fence or wall.

19. Accessory Buildings and Uses customarily incident to any of the above conditional uses.

Section 402. A sign not more than 9 square feet in area advertising the sale, rental or lease of the premises on which located, or a home occupation being carried on on the premises shall be permitted within the residential and agricultural districts.

## Section 403. Size of Premises:

a. Dwellings. Every parcel of land upon which a single family dwelling is hereafter erected shall be not less than 12,000 square feet if it has access to both public sewer and public water, 20,000 square feet if it has access to either public sewer or public water, and one acre if it has access to neither public sewer or public water. Every parcel of land upon which a two family dwelling is hereafter erected shall be not less than 20,000 square feet if it has access to both public sewer and public water, one acre if it has access to either public sewer or public water, and 55,000 square feet if it has access to neither public sewer or public water. No such parcel shall be less than 150 feet in width for one family dwellings, and not less than 200 feet in width for two family dwellings, except that it shall be permissible to build single family dwellings on lots within legally platted subdivisions 80 feet in width or greater. None of the above shall prevent the use of a lot or parcel of land of lesser size provided that the same was of legal record on the date of passage of this ordinance.

b. Buildings and uses other than dwellings: The minimum area and width of parcels of land required for other permitted or approved buildings and uses, including accessory uses thereto, shall be determined by the Board of Appeals upon written application of the owner of the premises to the board as may be reasonable for such use and in conformity with the purposes of this ordinance.

## Section 404. Setback and Yards:

a. Setback. The front line of every building or structure hereafter erected on any premises shall be located not less than 35 feet from the highway right of way line or front lot line as the case may be, except on state highways, in which case no building or structure shall be erected less than 75 feet from the highway right of way of any said state highways.

b. Side Yards. No building or structure hereafter erected on any premises shall be located less than 10 feet from the side lot line of the premises upon which it is erected.

c. Rear Yard. No building or structure hereafter erected on any premises shall be located less than 35 feet from the rear lot line of the premises upon which it is erected.

## Section 405. Floor Area of Dwellings:

a. Every one family dwelling hereafter erected shall contain no less than 850 square feet of floor area at the first floor level, and every two family dwelling not less than 850 square feet of floor area for each family unit. No such area shall include space in an attached garage, open porch, or other structure.

b. Mobil homes -- Every house trailer or mobil home hereafter moved upon any premises, except those permitted under Section 711 paragraphs d - e, shall be 12 x 60 or larger and shall be set on a concrete slab and skirted with concrete blocks or aluminum.

## ARTICLE V - B BUSINESS DISTRICTS

PREAMBLE: The B Business Districts are designed to provide for the establishment of shopping areas, personal services, professional office areas and diversified business uses that are primarily compatible with, and of service to, township one family residential and agricultural uses.

Section 500. Principal Uses Permitted: In a B Business district no building or land shall be used and no building shall be erected except for one or more of the following specified uses, unless otherwise provided in this ordinance:

- a. Office buildings for any of the following occupations: executive, administrative, professional, governmental and sales offices.
- b. Medical and dental offices, including clinics.
- c. Banks and financial institutions.
- d. Any generally recognized retail business which supplies such commodities as: Groceries, meats, dairy products, baked goods or other foods, drugs, drygoods and notions or hardware.
- e. Any personal service establishment which performs such services as but not limited to: Shoe repair, tailor shops, beauty parlors, barber shops, interior decorators, photographers, dry cleaners and self-service laundries.
- f. Private clubs and lodge halls.
- g. Churches.
- h. Theatres, assembly halls and similar places of assembly conducted completely within enclosed building.
- i. Auto laundries when completely enclosed in building.
- j. New Automobile sales or showroom.
- k. Restaurants, supper clubs and taverns.
- l. Bowling alleys, pool or billiard parlor or clubs.
- m. Commercial printing and newspaper offices.

n. Business school or private schools operated for profit.  
o. Offices and showrooms of plumbers, electricians, or similar trades. All storage of material or any incidental repairs shall be within the confines of enclosed buildings.  
p. Governmental offices or other governmental uses; public utility offices and uses, utility exchanges, transformer stations, pump stations and service yards; and other public service facilities.

q. Utility and public service facilities and uses when operating requirements necessitate the locating of said facilities within the District in order to serve the immediate vicinity.

r. All uses shall be subject to the following limitations:

1. All business establishments shall be retail or service establishments dealing directly with consumers. All goods produced on the premises shall be sold at retail on the premises where produced.
2. All business, servicing or processing, except for off-street parking or loading, shall be conducted within a completely enclosed building.
3. Uses similar in character to the above listed uses.
4. Accessory buildings and uses customarily incidental to the above permitted uses.

SECTION 501. Conditional Uses: The following uses may be permitted upon the granting of a permit for such use by the Planning Commission or its equivalent, subject to the conditions hereinafter imposed for each use and subject further to such other reasonable conditions which in the opinion of the planning commission or its equivalent are necessary to provide adequate protection to the neighborhood and abutting properties.

- a. Gasoline service stations for the sale of gasoline, oil and minor accessories.
- b. Drive-in restaurants or open front stores.
- c. Motels, hotels, cabin courts and tourist lodging facilities.
- d. Outdoor sales space for the exclusive sale of second hand automobiles, house trailers, travel trailers and rentals of the same.
- e. Commercially used outdoor recreational space for children's amusement parks, carnivals, rebound tumbling facilities, miniature golf courses, and golf driving ranges.

Section 502. Floor Area. No building hereafter erected, altered or moved upon any premises shall have less than 400 square feet of floor area at the first floor level.

Section 503. Every building hereafter erected, altered, or moved upon the premises shall be provided with yards having no less than the following sizes:

1. Front Yards: 40 feet in depth from highway right-of-way line or front lot line as the case may be.
2. Side Yards: 5 feet in width on each side, provided, however, that no side yard shall be required when the walls of a building that are butting on an interior lot are without windows or other openings and are of fire resistant construction; provided, further, that any buildings erected adjacent to a parcel or lot occupied by or zoned for dwellings shall provide a side yard abutting such parcel not less than 10 feet in width.
3. Rear Yards: Every building hereafter erected, altered or moved upon any premises shall provide a rear yard no less than 40 feet in depth and such yard shall be kept open and unobstructed for the access of fire fighting equipment.

Section 504. Height of Buildings: No buildings shall hereafter be erected, altered, or moved upon any premises exceeding a height of 40 feet unless approved by the Township Board as within the fire fighting facilities of the township, upon written application of the owner of the premises.

## ARTICLE VI - I-1 LIGHT INDUSTRIAL DISTRICTS

PREAMBLE: The I-1 Light Industrial Districts are designed so as to primarily accommodate wholesale activities, warehousing, and industrial operations whose external, physical effects are restricted to the area of the district and in no manner affect in a detrimental way any of the surrounding districts. The I-1 District is so structured as to permit along with any specified uses, the manufacturing, compounding, processing, packaging, assembly, and/or treatment of finished or semi-finished products from previously finished material.

Section 600. Principal Uses Permitted: In a light industrial district, no building or land shall be used and no building shall be erected except for one or more of the following specified uses unless otherwise provided in this ordinance:

a. Any use charged with the principal function of basic research, design and pilot or experimental product development when conducted within a completely enclosed building. The growing of any vegetation requisite to the conducting of basic research shall be excluded from the requirement of enclosure.

b. Any of the following uses:

1. Warehousing and wholesale establishments and trucking facilities.
2. The manufacture, compounding, processing, packaging, repairing, altering, finishing, assembling, fabricating or storing of goods, provided, however, that there is not therewith the operation of any activity or the storage or display of goods in such a manner as to be obnoxious by reason of odors, fumes, dust, smoke, vibration or noise.
3. Laboratories - experimental, film, or testing.
4. Storage and transfer and electric and gas service buildings and yards. Public utility buildings, telephone exchange buildings, electrical transformer stations and substations, and gas regulator stations, water supply and sewage disposal plants, water and propane tank holders, Railroad transfer and storage tracks, Railroad rights of way, Freight terminals.
5. Storage facilities for building materials, sand, gravel, stone, lumber, or storage of contractor's equipment and supplies.

- c. Central drycleaning or laundries.
- d. Automotive repair garages, auto engine and body repair, and undercoating shops when completely enclosed.
- e. Non-accessory signs.
- f. Commercial kennels.
- g. Other uses which are similar to the above uses.
- h. Accessory buildings and uses customarily incident to the above permitted uses.

1. Wholesale uses and storage uses when in a completely enclosed building, except that new vehicles and/or earth moving equipment for sale may occupy a rear yard area.

Section 601. Conditional Uses: The following uses may be permitted upon the granting of a permit for such use by the planning commission or its equivalent, subject to the conditions hereinafter imposed for each use and subject further to such other reasonable conditions which in the opinion of the planning commission or its equivalent are necessary to provide adequate protection to the neighborhood and to abutting properties.

a. All commercial uses as provided for in commercial districts.

b. Lumber and cleaning mills when completely enclosed and when located in the interior of the district so that no property line shall form the exterior boundary of the "I-1" district.

c. Metal plating, buffing and polishing, subject to appropriate measures to control the height of process to prevent noxious results and/or nuisances.

d. Junkyards, subject to any provisions and restrictions imposed by any other ordinance of the township of Greenleaf concerning junk or dismantled cars.

Section 602. Floor Area: No building hereafter erected, altered or moved upon any premises shall have less than 1,000 square feet of floor area at the first floor level.

Section 603. Yards: Every building hereafter erected, altered or moved upon the premises shall be provided with yards having no less than the following sizes:

1. Front Yards: 40 feet in depth from highway right-of-way line or front lot line as the case may be.
2. Side Yards: 15 feet in width on each side, provided, however, that no building shall be closer than 150 feet to the outer perimeter (property line) of such district when said property line abuts any residential district.
3. Rear Yards: 40 feet in depth.

Section 604. Height of buildings: No buildings shall hereafter be erected, altered, or moved upon any premises exceeding a height of 40 feet unless approved by the township board as within the fire fighting facilities of the township, upon written application of the owner of the premises.

## ARTICLE VII - GENERAL PROVISIONS

Section 701. Dwellings Per Unit of Land: Every non-farm dwelling hereafter erected or moved upon any premises shall be located upon a lot of record, and not more than one dwelling shall be erected on such lot. Where the principal use of the premises is for farming, one dwelling

In addition to farm dwellings may be erected on the premises for hired persons employed on the farm, or for the use of persons directly related to the owners of the farm.

Section 702. Residential Yard and Area Requirements: In conforming with yard and area requirements, no area shall be counted as accessory to more than one dwelling or principal building or use, and no area necessary for the yard requirements of one dwelling or building shall be included or counted in the calculation of the space requirements for any other dwelling or building.

Section 703. General Rear Yard Requirements: a. Every one story dwelling shall have a rear yard not less than 35 feet in depth, and every two story dwelling not less than 40 feet in depth. An additional depth of 5 feet shall be added for each additional story or part thereof.

b. All rear yards shall be kept open and unobstructed for access of fire fighting equipment.

Section 704. Location of buildings other than dwellings in relation to dwellings. No building which is not a dwelling shall hereafter be erected less than 15 feet from any dwelling located on abutting property nor from the boundary line of any lot located in residential districts.

Section 705. Exceptional Lot Conditions. Where size or shape of a lot of public record at the date of enactment of this ordinance, or other local conditions, result in conditions which would cause undue hardship if this Ordinance were strictly enforced, a zoning variance may be granted by the Board of Appeals, provided, however, that such variance shall not jeopardize water supply or sewage disposal facilities, or reduce safety to vehicular traffic, or increase fire hazards on the lot or on property neighboring thereto.

Section 706. Grading. No premises shall be so filled or graded as to discharge surface run-offs on abutting or neighboring property in such a manner as to cause ponding or surface accumulation of such run-off on said neighboring or abutting property.

Section 707. Vehicular Parking Space. For each dwelling, commercial, industrial, manufacturing or other enterprise or service establishment hereafter erected or moved upon any premises, including buildings or structures used principally as a place of public assembly, there shall be provided and maintained suitable space for off-street parking with adequate access to all spaces. Any area once designated as required off-street parking shall never be changed to another use unless and until equal facilities are provided elsewhere. The minimum number of off-street parking spaces by type of use shall be determined in accordance with the following schedule.

LAND USE	REQUIRED PARKING SPACES
Dwellings	1 per dwelling unit.
Church or Auditorium	1 per four seats or per every 6 ft. of pews.
Hospital & similar Institutions	1 per bed
Home Occupations	3 in addition to one for the dwelling.
Retail stores and similar commercial enterprises	1 per 100 sq. feet of floor area.
Office and/or other personal services	1 per 200 sq. feet of floor area.
Industry	1 per each employee or per 150 sq. ft. of floor area.
Tourist, boarding & lodging homes	1 per each two persons served.
Taverns	1 per two seats.

Section 708. Substandard Dwelling Structures: For the express purpose of promoting the health, safety, morals and general welfare of the inhabitants of the township, and reducing hazards to health, life and property, no fixed or movable substandard building or structure shall hereafter be erected or moved upon any premises and used nor dwelling purposes.

Section 709. Trailer Parks and Courts. Trailer Parks and Courts are allowed in residential and agricultural districts only, and shall be allowed only when the following conditions are met:

a. All trailer court developments shall comply with Act 243 of The Public Acts of The State of Michigan, 1959, as amended.

b. There shall be provided for each trailer court a recreational area equal in size to at least 200 square feet per mobile home site. Said recreational area shall be no longer than 1 1/2 times its width. Such area shall be graded, developed, sodded and maintained by the management, so as to provide recreation for the residents of the trailer court.

c. The front yard, and any side yard adjacent to a street shall be landscaped within 1 year and the entire trailer court shall be maintained in a good, clean, presentable condition at all times.

d. No business of any kind shall be conducted in any trailer court except for separate, permanent structures which contain facilities such as the management's office, laundry and drycleaning facilities or similar uses which are designed to serve only the residents of the trailer court.

e. There shall be no storage of any kind under trailer coaches unless skirted.

f. Trailer coach lots shall abut a service drive. All service drives shall be constructed of concrete or asphalt at Sanilac County Road Commission standards within one year after issuance of a permit. A cash security guaranteeing monies for such work shall be issued to the township in a bonafide amount from parties performing such work.

g. The trailer court shall be designed to provide a concrete walk at least 36 inches wide from the entrance of the park to all trailer coach sites and all required service facilities.

h. Street and yard lights sufficient to permit safe movement of vehicles and pedestrians at night shall be provided, and shall be so located and shaded as to direct the light away from adjacent properties.

i. Trailer coach sites shall be provided with a concrete apron of not less than 10 feet wide by 50 feet long and 4 inches in depth.

Section 710. Application for the erection of a trailer coach park or court shall be accompanied by the following:

1. Written opinion of all owners of premises contiguous with the land where it is proposed to erect said park, and of all owners of dwellings within 1,500 feet of the perimeter of the proposed site.

2. The official written opinion of the school board for the district in which said site is located.

Section 711. Temporary Dwellings. No person may erect or occupy a temporary dwelling on any lot except as hereinafter provided:

a. A building, including a basement home, which does not comply with the area requirements of its district may be occupied as a temporary dwelling for a period of not more than 18 months if construction of a permanent dwelling is actually underway and in active progress during occupancy of such temporary dwelling. Two consecutive additional 12 month periods of occupancy may be granted at the discretion of The Board of Appeals. In the event that any person shall reside in any such temporary dwelling for a period of more than 18 months and has had extensions granted by the Board of Appeals for the two additional periods, the zoning board, the township board, any delegated official or any interested party may proceed to have such extended use abated as a nuisance, or may enforce this Ordinance by other means herein provided.

b. The Board of Appeals may permit the use of a house trailer or mobile home as an accessory dwelling to a permanent dwelling. Not more than 1 trailer may be used and occupied as such accessory dwelling, and then only if the occupants of such trailer have access to and the unlimited use of sanitary facilities of the permanent dwelling.

c. The use of tents as a temporary dwelling in connection with recreational activities may be permitted upon application to the zoning board of appeals showing that the necessary and proper health, sanitation, plumbing and fresh water facilities are provided.

d. The Board of Appeals may permit on application the use of a trailer as a temporary dwelling for a period of one year when the occupant of said trailer is definitely engaged in the erection of a permanent dwelling on said lot and when necessary and proper health, sanitation, plumbing and fresh water facilities are provided. If substantial progress has been made toward completion of the building, the Board of Appeals may grant an extension for six months.

e. One house trailer at each dwelling brought by visitors for traveling purposes may be occupied and allowed for 30 days if the visitors occupying said trailer use the sanitary facilities of the dwelling of the property owner or occupants

there visiting, or make other suitable provision for sanitary facilities.

f. House trailers may be maintained in properly designated and licensed trailer parks.

Section 712. Conditional Uses.

a. Conditional uses, where provided, shall be subject to the requirements of this section in addition to the requirements and standards of the zoning district where located to prevent conflict with or impairment of the principal uses thereof. All conditional uses shall be deemed to possess characteristics of such unique form to the district that each shall be considered as an individual case.

b. Specified Requirements.

1. Written application shall be made to the township zoning board for all conditional uses. The application shall show the following:

a. Name of applicant and owner of the premises.  
b. Legal recorded description of the premises.  
c. Description of proposed use.  
d. Location of proposed building or use.  
e. Location of existing roads and highways providing access thereto.

f. Sewage disposal facilities, existent or proposed, on and for the premises.

g. Use of properties of adjacent premises.

h. Location of dwellings or principal buildings on all adjacent premises.

i. Use of properties located on opposite side of road, street or highway within 500 feet of the opposite mid-point.

j. Location of parking area if required.

2. The zoning board may hold a public hearing on the application, the cost of advertising for which shall be borne by the applicant.

3. In reaching its determination of the application, the board shall consider the following:

a. Whether the location, use, nature and intensity of operation will be in conflict with the principal permitted uses of the zoning district.

b. Whether the sewage disposal and water supply facilities will be adequate and safe.

c. Whether the setback and yard conditions will be in harmony with the orderly and proper development of the district.

d. Whether adequate access to the building or use will be provided by either existing roads or public or other roads to be constructed.

e. Whether the building or use will be more objectionable to nearby properties by reason of traffic, noise, vibration, dust, fumes, smoke, fire hazard, bright or flashing lights, or disposal of waste or sewage from the operation of any principal use.

f. Whether the building or use will discourage or hinder the appropriate development and use of adjacent lands and buildings.

Section 713. Conflicting Regulations. Whenever any provision of this ordinance imposes more stringent requirements, regulations, restrictions or limitations than are imposed or required by the provisions of any other law or ordinance, then the provisions of this ordinance shall govern. Whenever the provisions of any other law or ordinance impose more stringent requirements than are imposed or required by this ordinance, then the provisions of such law or ordinance shall govern.

Section 714. Nonconforming Lots, Nonconforming Uses of Land, Nonconforming Structures, and Nonconforming Uses of Structures and Premises.

1. Intent. It is the intent of this ordinance to permit legal nonconforming lots, structures or uses to continue until they are removed but not to encourage their survival.

It is recognized that there exists within the districts established by this ordinance, and subsequent amendments, lots, uses of land, structures and uses of structures and premises which were lawful before this ordinance was passed or amended which would be prohibited, regulated, or restricted under the terms of this ordinance or future amendments. Such lots, uses of land, structures, and uses of structures and premises are declared by this ordinance to be incompatible permitted uses in the districts involved. It is further the intent of this ordinance that nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

A nonconforming use of a structure, a nonconforming use of land, or a nonconforming use of a structure and land shall not be extended or enlarged after passage of this ordinance by attachment on a building or premises of additional signs intended to be seen from off the premises or by the addition of other uses of a nature which would be prohibited generally in the district involved.

To avoid undue hardship, nothing in this ordinance shall be deemed to require a change in the plans, construction, or designated use of any building on which actual building construction has been diligently carried on. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner; except that where demolition or removal of an existing building has been substantially begun preparatory to rebuilding such demolition or removal shall be deemed to be actual construction provided that work shall be diligently carried on until completion of the building involved.

2. Nonconforming Lots.

a. In any district in which single family dwellings are permitted, notwithstanding limitations imposed by other provisions of this ordinance, a single family dwelling and customary accessory buildings may be erected on any single lot of record at the effective date of adoption or amendment of this ordinance. This provision shall apply even though such lot falls to meet the requirements for area, or width, or both, that are generally applicable in the districts; provided that yard dimensions and other requirements not involving area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. Yard requirement variances may be obtained through approval of the Board of Appeals.

b. If 2 or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this ordinance, and if all or part of the lots do not meet the requirements for lot width and area as established by this ordinance, the lands involved shall be considered to be an undivided parcel for the purposes of this ordinance, and no portion of said parcel shall be used or occupied which does not meet lot width and area requirements established by this ordinance, nor shall any division of the parcel be made which leaves remaining any lot with width or area below the requirements stated in this ordinance.

3. Nonconforming uses of land. Where at the effective date of adoption or amendment of this ordinance lawful use of land exists that is made no longer permissible under the terms of this ordinance as enacted or amended, such use may be continued so long as it remains otherwise lawful, subject to the following provisions:

a. No such nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this ordinance.

b. No such nonconforming use shall be moved in whole or in part to any other portion of the lot or parcel occupied by such use at the effective date of adoption or amendment of this ordinance.

c. If such nonconforming use of land ceases for any reason for a period of more than 90 days, any subsequent use of such land shall conform to the regulations specified by this ordinance for the district in which such land is located.

4. Nonconforming structures. Where a lawful structure exists at the effective date of adoption or amendment of this ordinance that could not be built under the terms of this ordinance by reason of restrictions on area, lot coverage, height, yards, or other characteristics of the structure or its location on the lot, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

a. No such structure may be enlarged or altered in a way which increases its nonconformity; for example, existing residences on lot of a width less than required herein may add a rear porch provided that other requirements relative to yard space and land coverage are met.

b. Should such structure be destroyed by any means to an extent of more than 60% of its replacement cost, exclusive of the foundation at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this ordinance.

c. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

5. Nonconforming Uses of Structures and Land. If a lawful use of a structure, or of structures and land in combinations, exists at the effective date of adoption or amendment of this ordinance, it would not be allowed in the district under the terms of this ordinance, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

a. No existing structure devoted to a use not permitted by this ordinance in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved or structurally altered except in changing the use of structure to a use permitted in the district in which it is located.

b. Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use, and which existed at the time of adoption or amendment of this ordinance, but no such use shall be extended to occupy any land outside such building.

c. In any districts, if no structural alterations are made, any nonconforming use of a structure, or structure and premises, may be changed to another nonconforming use of the same or a more restricted classification provided that the Board of Appeals, either by general rule or by making findings in this specific case, shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the Board of Appeals may require appropriate conditions and safeguards in accord with the purpose and intent of this ordinance. Where a nonconforming use of a structure, land, or structure and land in combination is hereafter changed to a more restrictive classification, it shall not thereafter be changed to a less restrictive classification.

d. Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district in which such structure is located, and the nonconforming use may not thereafter be resumed.

6. Repairs and Maintenance. On any building devoted in whole or in part to any nonconforming use, work may be done in any period of 12 consecutive months on ordinary repairs, or on repair or replacement of nonbearing walls, fixtures, wiring or plumbing to an extent not exceeding 50% of the assessed value of the building, provided that the cubic content of the building as it existed at the time of passage or amendment of this ordinance shall not be increased.

Nothing in this ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

7. Uses Allowed as Conditional Uses Not Nonconforming Uses. Any use which is permitted as a conditional use as provided in this ordinance shall not be deemed a nonconforming use but shall without further action be deemed a conforming use in such district.

8. Change of Tenancy or Ownership. There may be a change of tenancy, ownership or management of any existing nonconforming uses of land, structures and premises provided there is no change in the nature or character of such nonconforming uses.

9. Completion. No basement, cellar, garage or any incomplete structure in use as a dwelling at the date of enactment of this ordinance or any amendment hereto shall be used as a dwelling for more than 24 months following said date, unless it has been brought to a state of completion in conformity with the regulations of this ordinance and amendments hereto relative to dwellings in the zoning district in which said structure is located.

10. Exemption of farm buildings and structures. All buildings and structures hereafter erected on farms and used in connection with customary farming operations, but not including dwellings, shall be exempt from the provisions of this ordinance except for compliance with minimum set back and yard requirements; provided, further, that no pen or limited enclosure, or building housing cattle, poultry or other animals be located less than 200 feet from any adjacent interior property line.

Section 715. Platting of Proposed Subdivisions. The Greenleaf Township Board shall, on proposed subdivisions, have the authority to require a plat proprietor to furnish and present whatever engineering data the said board shall deem necessary to safeguard the health, safety and welfare of the people and property of the township.

a. The Greenleaf Township Board shall determine whether or not such plats shall be approved with due consideration to water supply and sewage disposal, soil and subsoil, topography and average water table together with the engineers report.

b. Platting and Subdividing. If any person intends to offer for sale more than 4 lots, it shall be required that such person shall have such property platted and subdivided, and have it approved and registered with the Township Board and such authorities or commissions as may be required. The Township Board shall require a statement and agreement to the effect that the township shall be free of any expense to the township for improvements such as building sidewalks and roads and construction of any essential public services on such platted area or subdivision before accepting and approving such subdivision, and cause such agreement to be properly recorded therewith.

Section 716. Boundaries. No new lot boundaries of an already existing site may be established less than 15 feet from a building on such a building site.

Section 117. Essential Services. Essential services shall be permitted as authorized and regulated by law and other ordinances of the Township, such essential services being exempt from the provisions of this ordinance. Electric power generating stations and peak load generating stations are not exempt.

ARTICLE VIII - ADMINISTRATION AND ENFORCEMENT

Section 800. Enforcement. The provisions of this Ordinance shall be administered and enforced by the building inspector or by such deputies of his department as the building inspector shall delegate to enforce the provisions of this ordinance.

Section 801. Duties of Building Inspector. The building inspector shall have the power to grant zoning compliance and occupancy permits, to make inspections of buildings or premises necessary to carry out his duties in the enforcement of this ordinance. It shall be unlawful for the building inspector to approve any plans or issue any permits or certificates of occupancy for any excavation or construction until he has inspected such plans in detail and found them to conform with this ordinance.

Under no circumstances is the building inspector permitted to make changes in this ordinance nor to vary the terms of this ordinance in carrying out his duties as building inspector. The building inspector shall not refuse to issue a permit when conditions imposed by this ordinance are complied with by the applicant despite violations of contracts, such as covenants or private agreements which may occur upon the granting of said permit.

Section 802. Plot Plan. The building inspector shall require that all applications for building permits shall be accompanied by plans and specifications including a plot plan, drawn to scale, showing the following:

1. The actual shape, location and dimensions of the lot.

2. The shape, size and location of all buildings or other structures, to be erected, altered or moved and of any building or structures already on the lot.

3. The existing and intended use of the lot and of all such structures upon it, including, in residential areas, the number of dwelling units the building is intended to accommodate.

4. Such other information concerning the lot or adjoining lots as may be essential for determining whether the provisions of this ordinance are being observed.

Section 803. Permits. The following shall apply in the issuance of any permit:

1. No building permit shall be issued for the erection, alteration or use of any building or structure or part thereof, or for the use of any land, which is not in accordance with all provisions of this ordinance.

2. No building or structure, or part thereof shall be hereinafter erected, altered, moved or repaired unless a building permit shall have been first issued for such work. The terms "altered" and "repaired" shall include any changes in structural parts, stairways, types of construction, type, class or kind of occupancy, light or ventilation, means of ingress and egress, or other changes affecting or regulated by the township building code, housing law of Michigan, or this ordinance, except for minor repairs or changes not involving any of the aforesaid features.

Section 804. Certificates. No land, building or part thereof, shall hereafter be occupied by or for any use unless and until a certificate of occupancy shall have been issued for such use. The following shall apply to the issuance of any certificate.

1. No land heretofore vacant shall hereafter be used or an existing use of land be hereafter changed to a use of a different class or type unless a certificate of occupancy is first obtained for the new or different use.

2. No building or structure, or part thereof, shall be changed to or occupied by a use of a different class or type unless a certificate of occupancy is first obtained for the new or different use.

3. No certificate of occupancy shall be issued for any building, structure, or part thereof, or for the use of any land, which is not in accordance with all the provisions of this ordinance.

4. Certificates Required. No building or structure, or parts thereof, which is hereafter erected or altered, shall be occupied or used or the same caused to be done, unless and until a certificate of occupancy shall have been issued for such building or structure.

5. Certificates of Occupancy as Required by The Township Building Code for New Buildings or Structures or Parts thereof, or for alterations to or changes of use of existing buildings or structures shall also constitute certificates of occupancy as required by this ordinance.

6. Certificates of Occupancy shall be issued for existing buildings, structures or parts thereof, or existing uses of lands, if after inspection, it is found that such buildings and structures or parts thereof or such use or land are in conformity with the provisions of this ordinance.

7. A record of all certificates issued shall be kept on file in the office of the building inspector and copies shall be furnished upon request to any person having a proprietary or tenancy interest in the property involved.

8. Buildings or structures accessory to dwellings shall not require separate certificates of occupancy but may be included in the certificate of occupancy for the dwelling when shown on the plot plan when completed at the same time as such dwelling.

9. Application for certificates of occupancy shall be made in writing to the building inspector on forms furnished by him, and such certificates shall be issued within 5 days after receipt of application if it is found that the building or structures or part thereof, or the use of land is in accordance with the provisions of this ordinance.

If such certificate is refused for cause, the applicant therefore shall be notified of such refusal and cause thereof within the aforesaid 5 day period.

Section 805. The holder of every building permit for the construction, erection, alteration, repair or moving of any building, structure or part thereof, shall notify the building inspector immediately upon the completion of the work authorized by such permit, for a final inspection.

Section 806. Fees for Inspection and the issuance of permits or certificates or copies thereof required or issued under the provisions of this ordinance may be collected by the building inspector in advance of issuance. The amount of such fees shall be established by resolution of the township board and shall cover the cost of inspection and supervision resulting from enforcement of this ordinance.

Section 807. In interpreting and applying this ordinance, the provisions of this ordinance shall be held to be the minimum requirements adopted for the promotion of the public health, morals, safety, comfort, convenience, or general welfare. It is not intended by this ordinance to repeal, abrogate, annul or in any way to impair or interfere with any existing provision of law or ordinance other than the above described zoning ordinance, or with any rules, regulations or permits previously adopted or issued or which shall be adopted or issued pursuant to the law relating to the use of buildings or premises; provided, however, that where this ordinance imposes a greater restriction than is required by existing ordinances or by rules, regulations or permits, the provisions of this ordinance shall control.

Section 808. The township zoning board is hereby designated as the commission specified in Section 11 of Act 168 of The Public Acts of 1959, and shall perform the duties of said commission as provided in the statute in connection with the amendment of this ordinance.

Section 809. In cases where the planning commission is empowered to approve certain uses of premises under the provisions of the ordinance, the applicant shall furnish such surveys, plans or other information as may be reasonably required by said commission for the proper consideration of the matter.

The planning commission shall investigate the circumstances of each such case and shall notify such parties, who may in its opinion be affected thereby, of the time and place of any hearing which may be held relative thereto as required under its rules of procedure.

The planning commission may impose such conditions or limitations in granting approval as may in its judgment be necessary to fulfill the spirit and purpose of this ordinance.

Section 810. Changes and Amendments. The township board may from time to time, on recommendations from the planning commission, on its own motion, or on petition, amend, supplement or change this ordinance in accordance with the procedures established in Act 184 of The Public Acts of 1943 as amended.

Section 811. Fees-Petition for Amendment. Upon presentation of petition for amendment of the zoning ordinance by the owner of real estate to be affected, such petition shall be accompanied by a fee. The amount of such fee shall be set by resolution of the township board and shall be placed in the general fund to partly defray the expense of publishing the required notices of public hearings and the expenses of said public hearing.

Section 812. Violations. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon the conviction thereof, shall be subject to a fine of not more than \$100.00 and the costs of prosecution or, in default of the payment thereof, shall be punished by imprisonment in the county jail not to exceed 90 days for each offense, or by both such fine and imprisonment in the discretion of the court, together with the costs of such prosecution.

Section 813. Public Nuisance Per Se. Any building or structure which is erected, altered or converted, or any use of premises or land which is begun or changed subsequent to the time of passage of this ordinance and in violation of any of the provisions thereof is hereby declared to be a public nuisance per se, and may be abated by order of any court of competent jurisdiction.

Section 814. Fines and Imprisonment. The owner of any building, structure or premises or part thereof, where any condition in violation of this ordinance shall exist or shall be created, and who has assisted knowingly in the commission of such violation, shall be guilty of a separate offense and upon conviction thereof shall be liable to the fines and imprisonment herein provided.

Section 815. Each day a separate offense. A separate offense shall be deemed committed on each day during or when a violation occurs or continues.

Section 816. Rights and remedies are cumulative. The rights and remedies provided herein are cumulative and in addition to any other remedies provided by law.

ARTICLE IX - BOARD OF APPEALS

Section 900. Creation and Membership. There is hereby established a Board of Appeals, hereinafter called The "Board", which shall perform its duties and exercise its powers as provided in Act 164 of The Public Acts of 1943, as amended, and in such a way that the objectives of this ordinance shall be observed, public safety and welfare secured and substantial justice done. The Board shall be composed of the three following members:

1. The first member shall be the chairman of the township planning commission for the period of his term of office.

2. The second member shall be a member of the township board appointed by the township board for the period of his term of office.

3. The third member shall be selected or appointed by the first two members of the board from among the electors residing in the unincorporated area of the township for a period of three years.

No elected officer of the township nor any employee of the township may serve simultaneously as a third member of, or as an employee of the Board of Zoning Appeals.

Section 901. Meetings. All meetings of the Board of Appeals shall be held at the call of the chairman and at such time as such board may determine. All hearings conducted by said board shall be open to the public. The board shall keep minutes of its proceedings showing the vote of each member upon each question, or if absent, or failing to vote, indicating such fact; and shall also keep records of its hearings and other official actions. The board shall have the power to subpoena and require the attendance of witnesses, administer oaths, compel testimony and the production of books, papers, files, and other evidence pertinent to the matters before it.

Section 902. Appeal. An appeal may be taken to the Board of Appeals by any person, firm, or corporation, or by any officer, department, board or bureau affected by a decision of the building inspector. Such appeal shall be taken within such time as shall be prescribed by The Board of Appeals by general rule, by filing with the building inspector and with The Board of Appeals a notice of appeal, specifying the grounds thereof. The building inspector shall forthwith transmit to the board all of the papers constituting the record upon which the action appealed from was taken. An appeal shall stay all proceedings in furtherance of the action appealed from unless the building inspector certifies to the Board of Appeals after notice of appeal has been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property, in which case the proceedings shall not be stayed, otherwise than by a restraining order, which may be granted by a court of record.

The board shall select a reasonable time and place for the hearing of the appeal and give due notice thereof to the parties and shall render a decision on the appeal without unreasonable delay. Any person may appeal and testify at the hearing, either in person or by duly authorized agent or attorney.

... fee shall be paid to the Secretary of the Board of Appeals at the time the notice of appeal is filed...

Section 903. Jurisdiction. The Board of Appeals shall have the following powers and shall be its duties:

- (1) To hear and decide on all matters referred to it upon which it is required to pass under this ordinance.
(2) To hear and decide appeals where it is alleged there is error of law in any order, requirement, decision or determination made by the building inspector...

The granting of the temporary use shall in no way constitute a change in the basic uses permitted in the district nor on the property wherein temporary use is permitted.

All setbacks, land coverage, offstreet parking, lighting and other requirements to be considered in protecting the public health, safety, peace, morals, convenience and general welfare of the inhabitants of the township shall be made at the discretion of the Board of Appeals.

The use shall be in harmony with the general character of the district.

No temporary use permit shall be granted without first giving notice to owners of adjacent property of the time and place of a public hearing to be held as further provided for in Section 905 of this ordinance.

(1) The Board of Appeals shall first seek the findings and recommendations of the planning commission clearly demonstrating that the winning of natural resources will not permanently impair the intended land use potential of the property in question.

(2) The Board of Appeals shall issue said permit only after a proper notice shall have been made and only after a public hearing shall have been held.

(3) The Board of Appeals shall find that all requirements set forth in the township board's resolution establishing standards, operating requirements, application and review procedures and the posting of bonds shall have been met.

(4) The Board of Appeals may require the applicant to execute and file with the Township Clerk, a bond to the Township of Greenleaf with a surety company authorized to do business in Michigan as surety in a penal sum of \$2,000.00, conditioned that the applicant conform to the provisions of this ordinance.

(a) The applicant will maintain a grade of 12 inches above the existing crown of any road adjacent to or abutting the property.

(b) The applicant will so seed and establish a sod after removal to maintain a stable surface on the land.

5. Where owing to special conditions a literal enforcement of the provisions of this ordinance would involve practical difficulties or cause unnecessary hardships, within the meaning of this ordinance, the Board of Appeals shall have power upon appeal in specific cases to authorize such variation or modification of the provisions of this ordinance with such conditions and safeguards as it may determine, as may be in harmony with the spirit of this ordinance, and so that public safety and welfare be secured and substantial justice done.

6. In consideration of all appeals and proposed variations to this ordinance, the Board of Appeals, shall, before making any variations from the ordinance in a specific case, first determine that the proposed variation will not impair an adequate supply of light and air to adjacent property, or unreasonably increase the congestion in public streets, or increase the danger of fire or endanger the public safety, or unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals, or welfare of the inhabitants of the township.

Nothing herein contained shall be construed to give or grant to the Board of Appeals the power or authority to alter or change the zoning ordinance or the zoning map; such power and authority being reserved to the township board in the manner hereinafter provided by law.

Section 904. Exercising Powers: In exercising the above powers, the Board of Appeals may reverse or affirm wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the building inspector from whom the appeal is taken.

Section 905. Notice: The Board of Appeals shall make no recommendation except in a specific case and after a hearing conducted by said board. A written notice of the time and place of such public hearing shall be mailed to the owners of all lots or parcels of land, or portion thereof, lying within 300 feet of the property in question. Such notice shall be served by certified mail, return receipt requested, at least 7 days prior to the date of hearing.

No order of such Board of Appeals permitting a use of a building or premises shall be valid for a period longer than 1 year, unless such order shall be renewed by the Board of Appeals within such period and

such erection or alteration is started and proceeds to completion in accordance with the terms of such permit.

ARTICLE X - VESTED RIGHT

Nothing in this ordinance should be interpreted or construed to give rise to any permanent vested rights in the continuation of any particular use, district, zoning classification or any permissible activities therein; and, they are hereby declared to be subject to subsequent amendments, change or modification as may be necessary to the preservation or protection of public health, safety and welfare.

ARTICLE XI - SEVERANCE CLAUSE

Sections of this ordinance shall be deemed to be severable and should any section, paragraph, or provision hereof be declared by the courts to be unconstitutional or invalid, such holdings shall not affect the validity of this ordinance as a whole or any part thereof, other than the part so declared to be unconstitutional or invalid.

ARTICLE XII - EFFECTIVE DATE

Public hearing having been held herein, the provisions of this ordinance are hereby given immediate effect, pursuant to the provisions of Section 11, of Act 184 of The Public Acts of 1943 as amended.

Made and passed by The Township Board of The Township of Greenleaf, Sanilac County, Michigan, on this 20 day of November, 1972.

- 1. Date of public hearing: August 24, 1972
2. Date of publication: August 16-August 23, 1972
3. Date of adoption by Township Board: November 20, 1972
4. Date of final publication of ordinance: November 30, 1972
5. Date ordinance shall take effect: November 20, 1972

ORDINANCE NO. 102

GREENLEAF TOWNSHIP JUNK AND DISMANTLED CAR ORDINANCE

Adopted November 20, 1972 Effective November 20, 1972

An ordinance to secure the public health, peace, safety and welfare of the residents and property owners of the Township of Greenleaf, Sanilac County, Michigan, by the regulation of the outdoor parking and storage of motor vehicles, tractor-trailers, house trailers and new or used parts or junk therefrom, within the Township of Greenleaf to provide for the licensing and regulation of junkyards and places for dismantling, wrecking, and disposing of automobiles and other vehicles; to establish annual license fees and to repeal any ordinance or parts of or ordinances in conflict herewith.

The Township of Greenleaf, Sanilac County, Michigan, Ordinances:

Section 1 - Name. This ordinance shall be known and cited as The Greenleaf Township Junk and Dismantled Car Ordinance.

Section 2 - Purpose. The purpose of this ordinance is to limit and restrict the outdoor storage, parking or unreasonable accumulation of junk, unused, partially dismantled or inoperable motor vehicles, house trailers, tractor-trailers, machinery, or new or used parts thereof, within the Township of Greenleaf to thereby avoid injury and hazards to children and others attracted to such junk, vehicles, or trailers, the devaluation of property values, and the psychological effect of the presence of such vehicles, junk or trailers upon adjoining residents and property owners; and to control and contain the businesses of buying, selling, and/or salvaging junk, and dismantling, wrecking, and disposing of the junk and/or refuse material of automobiles and other vehicles and machinery.

Section 3 - Definitions. "Junk" as used in this ordinance, shall be deemed to be any personal property other than clothing, household furnishings and office and/or store fixtures, which is or may be salvaged for reuse, resale, reduction or similar disposition.

Section 4 - Regulations. A. No person, firm or corporation shall park, store, or place upon any public right of way or public property or upon any private premises within the Township of Greenleaf any motor vehicle, house trailer or tractor-trailer or new or used parts or junk therefrom, or junk of any description as defined above, unless the same is wholly contained within a fully enclosed building and does not violate any zoning or building laws of the township, county or State of Michigan, except for the following:

- 1. Fully licensed and operable vehicles or trailers with substantially all main component parts attached.
2. Vehicles or trailers that are temporarily inoperable because of minor mechanical failure but which are not, in any manner, dismantled and have substantially all main component parts attached; which may remain upon such private property for a period not to exceed fourteen (14) days.
3. Not more than one vehicle in fully operating condition, such as a stock car or modified car that has been re-designed or reconstructed for a purpose other than for which it was manufactured, provided that no building or garage is located upon the premises upon which the same could be parked or stored. In no event shall any such vehicle be parked in the front or side street yard area of any such private premises.
4. Any operable vehicles, trailers or other machinery with substantially all main component parts attached, intended and actually utilized for agricultural purposes.

B. No repairing, redesigning, modifying or dismantling work or operations shall be allowed upon any vehicle or trailer or parts thereof upon any public right of way or public property or upon any private property within the Township of Greenleaf for a period in excess of 24 hours, except such as shall be accomplished within fully enclosed buildings, will not constitute a nuisance or annoyance to adjoining property owners or occupants, and does not violate any provisions of any zoning ordinance of the township, county, or State of Michigan. Any such work within any 24-hour period heretofore allowed shall not, however, consist of any major repair, redesigning, modifying or dismantling work but only such occasional minor work as may infrequently be required to maintain a vehicle or trailer or parts thereof in normal operating condition.

C. In the event the foregoing regulations create any special or peculiar hardship beyond the control of a particular violator thereof because of unforeseen circumstances, the township clerk is hereby given the authority to grant permission to an applicant to operate contrary to the provision hereof for a limited period of not to exceed fourteen days, provided no adjoining property owner or occupant is unreasonably adversely affected thereby and the spirit and purpose of the ordinance are still substantially observed.

Section 5 - Licensing. A. No person, corporation or other organization, directly or indirectly, or its agents or employees, shall engage in the business of a junk dealer or establish a junk yard or place for the dismantling, wrecking, and/or disposing of the junk and/or refuse material of automobiles and other vehicles and machinery within the corporate limits of the Township of Greenleaf, Sanilac County, Michigan, without having first obtained a license therefor from the township board.

B. No more than two (2) licenses shall be issued by the Township Board to be valid and in full force and effect at any given time.

C. Application for such license shall be made in writing to the Township Clerk and be filed with said clerk. It shall be referred to the Sanilac County Sheriff for investigation as to the moral character and previous record of the applicant. Such applications shall contain the name or names of the applicant, location of the place or places to be operated for the purposes described in Paragraph A, above, the names and addresses of the stockholders of a corporation or organization or partnership. Said application shall also contain an agreement on the part of the applicant to accept the license, if granted, upon the condition that it may be suspended or revoked for violation of the regulations pertaining to the conduct of such business as may be contained herein or at anytime required by the township board by ordinance or resolution. Applicants shall also file with the application the written consent of sixty per cent of the owners of real estate within a radius of 1000 feet of the perimeter of the property where such business is proposed to be conducted.

D. For purposes of the above consent requirements, each and every joint owner, tenant in common, or tenant by the entireties shall be counted individually.

E. Every license granted hereunder shall be for a term of one year only, and must be renewed by the holder thereof annually.

F. The township board shall not issue a license for the operation of a business as above described at any location lying within 500 feet of any public street, road, highway or right-of-way in Greenleaf Township, or within 500 feet of a public park, cemetery, hospital, public school or church. The township board shall refuse to issue a license until the applicant therefor shall have enclosed such property within a properly painted tight fence at least eight feet high and erected in such a manner as to obliterate the premises from view, which fence shall be at all times maintained by the licensee.

G. When such license has been granted the township clerk shall issue the same upon the payment of the sum of \$15.00, which shall be the annual license fee.

H. No licensee or employee hereunder shall buy or receive any article or automobile from anyone under the age of 21 years without the written permission of the parent or guardian of such minor, nor shall any such licensee or employee receive any article by the way of a pledge or pawn.

I. It is hereby declared as a condition for the granting of a license under the provisions hereof, that any such business as above described shall be conducted as not to create a nuisance by reason of noise or disagreeable odors or fumes, and that no load of iron or other heavy materials may be unloaded or loaded nor break up hammer be used between the hours of 6:00 p. m. until 9:00 a. m.; that said licensee shall not burn rubber or other such substance so that the air may be polluted or cause to be placed outside of their property lines any second hand articles, used car parts, wheels, tin, iron, or material of any kind or nature; and the Township may impose other regulations and restrictions as may be necessary to prevent the business of the licensee from being conducted in such a manner as to be a nuisance, or a noisome and offensive business, and said board may rescind such license upon complaint of any violation, and said business shall cease to operate until said violations are corrected, or upon such terms and conditions as the township board may in its discretion determine.

Section 6 - Any parking, storage, placement or operation in violation of the provisions of this ordinance are hereby declared to be a public nuisance which may be enjoined or which may subject the violator to civil damages and the fines and penalties herein provided for. Any person, firm or corporation who violates any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and

shall be punished by a fine of not more than \$100.00, or by imprisonment in the county jail for a period not to exceed 90 days, or by both such fine and imprisonment. Each day that a violation continues to exist shall constitute a separate offense. In addition to the imposition of the foregoing fines and penalties any township police officer, or such other officer as the township board may designate, may cause any vehicle, trailer, or parts thereof, which violate the provisions of this ordinance to be removed from the premises, impounded and destroyed or sold for junk at the discretion of said officer and the costs thereof assessed against the owner of such vehicle, trailer or parts thereof, or of the premises on which the same are located. Any sums realized on the sale of the same may be retained by the township to reimburse it for the costs incurred in such removal and sale to the extent of such costs. Any balance of such sums remaining after such reimbursement shall be returned to the owner of such vehicle, trailer or parts thereof.

Section 7 - Severance Clause. The provisions of this ordinance are hereby declared to be severable and, if any clause, sentence, word, section, paragraph or provision is declared void or unenforceable for any reason by any court of competent jurisdiction, it shall not affect any portion of the ordinance other than said part or portion thereof.

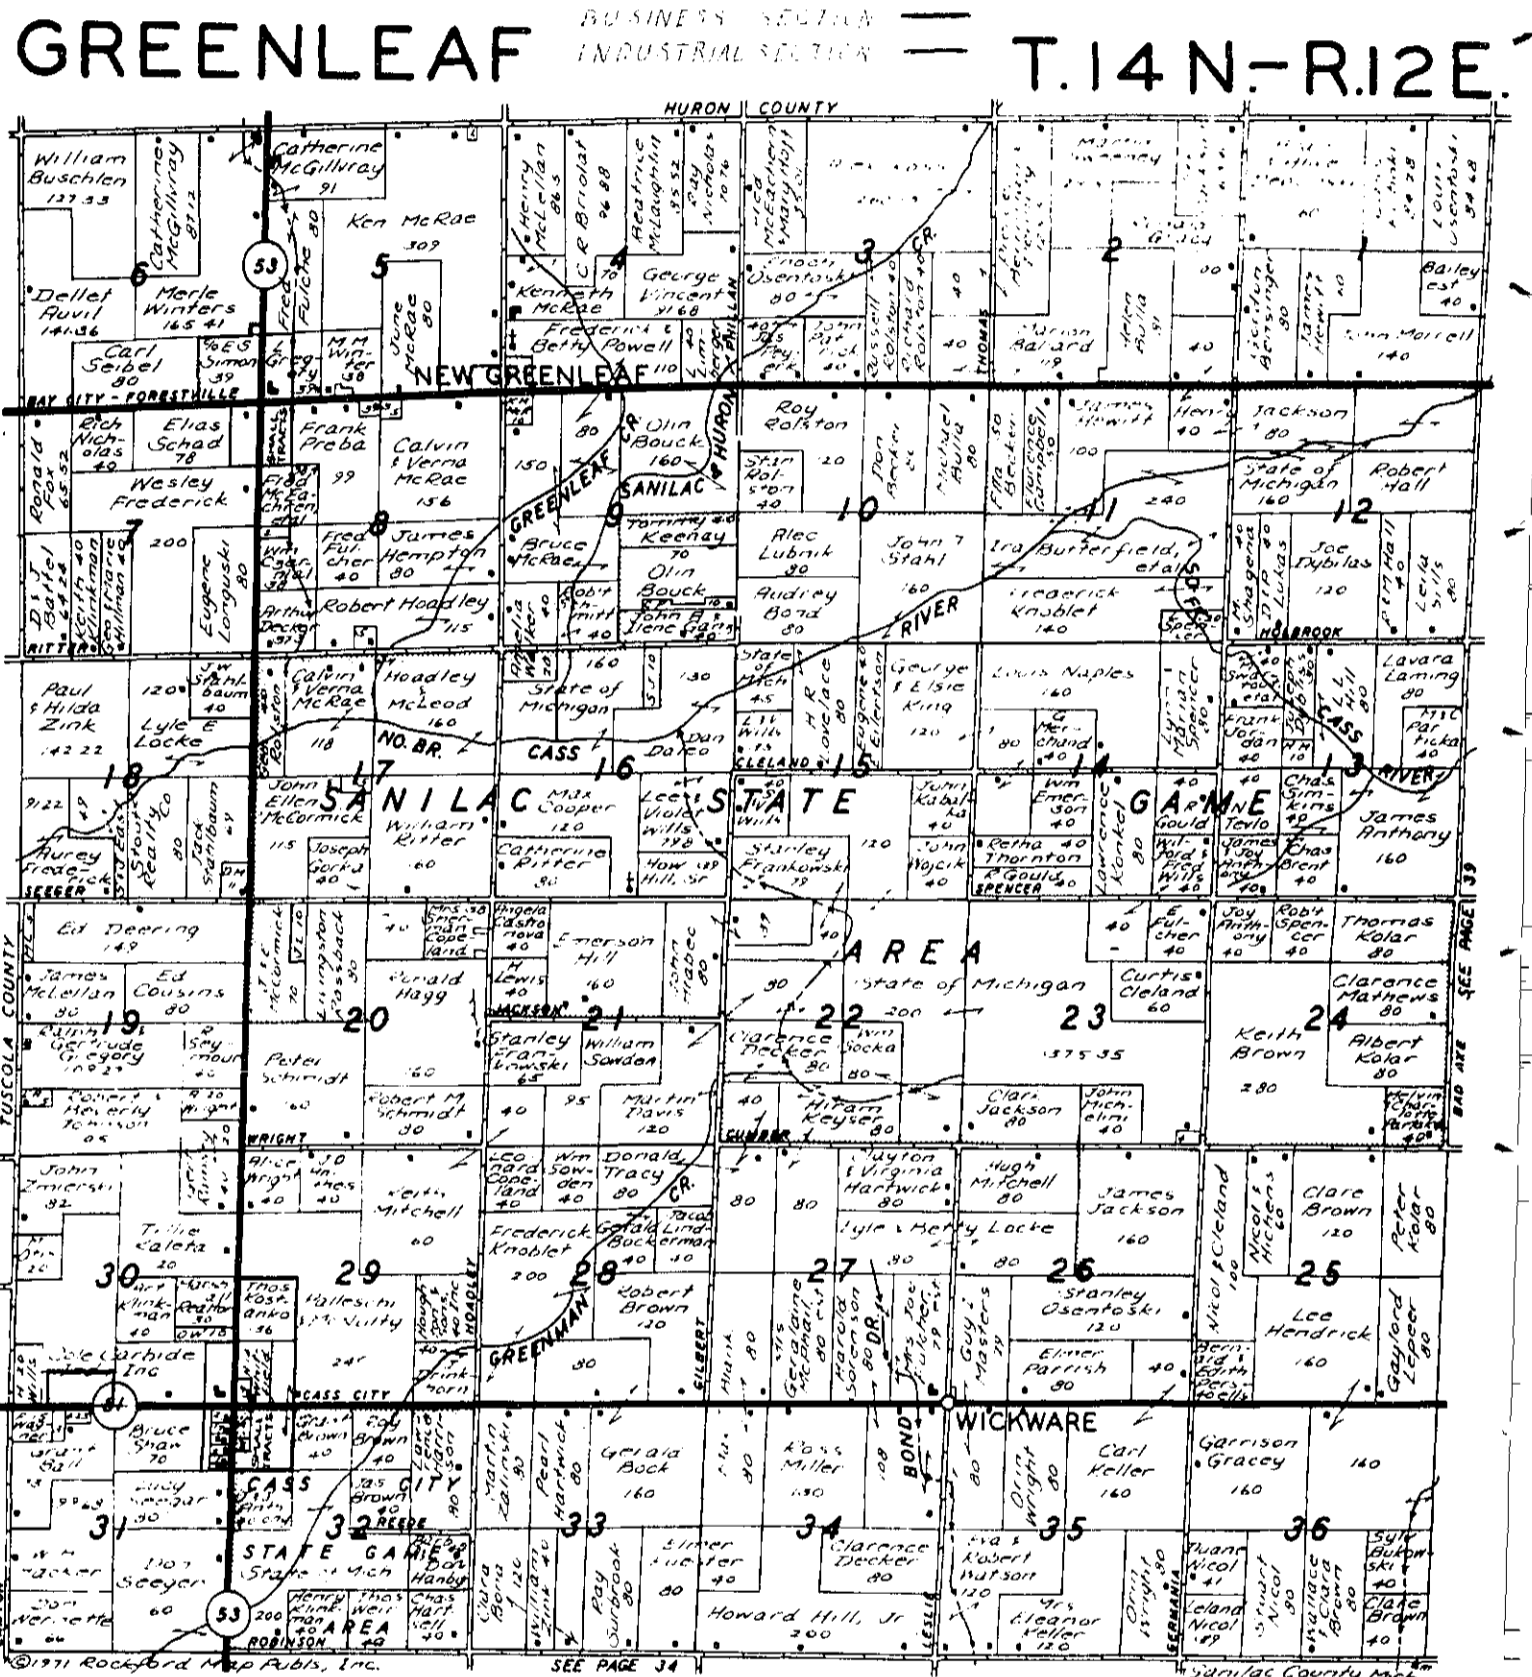

Section 8 - Effective Date. This ordinance shall take effect on Nov. 20, 1972. All ordinances or parts of ordinances in conflict of any of the provisions of this ordinance are hereby repealed.

Uncle Tim From Tyre Says: Dear Mister Editor: Zeke Grubb was talking strong agin doings in Washington during the session at the country store Saturday night. He started out by telling the fellers where he saw by the papers that another one of them Vitnam generals has been made chief of staff of all the military. The way Zeke said it looks to him, generals that want to git ahead go to Vitnam and run the war the way they please. They call in these generals afore Congress, Zeke said, and the generals say flat out they ain't paying much attention to the rules Congress lays down fer fighting the war. So they permote that general to a bigger job, and put another of his buddies in charge in Vitnam. Zeke said it looks to him like the military is gitting out of hand, and with the blessings of Congress. Farthermore, went on Zeke, if the generals don't git permoted, they retire and go to work fer companies that make supplies fer the military, so they git their heads in a bigger trough. Zeke said he couldn't see much difference in an ex-general working fer a bomb plant and an Agriculture Department official quitting and going to work fer the company that set up that big grain sale with Russia. In both cases, allowed Zeke, they're playing both ends agin the middle. Clem Webster was agreed with Zeke that they ain't much change in the shade of the
