

ARTIST AND HIS WORK — Artist Raymond Finley in his studio, surrounded by several of his paintings. The Kingston area artist never picked up a paintbrush until 1971.

Kingston artist paints so that others may enjoy

By Mike Eliasohn

Raymond Finley speaks with the accent of his West Virginia. His paintings also bring memories of the mountain home he left 30 years ago. The Kingston area artist, who has painted portraits and landscapes, has done some abstracts, but his favorite remains landscapes of mountains, streams, and other scenery. Until 1971, the only painting he had ever used was a carpenter for 16 years. The old ticker started ringing me. He decided to stop working, in 1971, he didn't do much of anything until 1971, when, after a son gave him a paint set. His first artistic effort was a painting

of a duck, done on cardboard.

"I got satisfaction out of it," he explained. His next efforts were portraits of his parents, who died in 1969, done from photographs. Since then, he estimates he has done 400-500 paintings and drawings. Thirty of those paintings are now on display at the Saginaw Art Museum, in a show that opened Sunday with a reception for the artist.

The one-man show will run through July 30. Hours at the museum, on N. Michigan at Remington in Saginaw, are 10 a.m.-5 p.m. Tuesday through Saturday plus 7-9 p.m. Tuesday and 1-5 p.m. Sundays.

SINCE HE STARTED painting, he has only taken eight weeks of lessons, in a course taught at the museum. Finley's paintings were

first shown publicly in July, 1972, at an exhibit for area artists held in conjunction with the appearance of the Michigan Arttrain in Cass City.

He sold his first painting in 1973, done for a Kingston teacher. It was a portrait of one of the teacher's parents. "I think I got \$25 for the first one," he recalled.

Finley will paint portraits for a fee, at \$100 and up, but it isn't his favorite type of painting. The problem, he explained, is it's difficult to please both the artist and the person being painted.

He and his wife, Betty, recalled with some laughter the woman who made him change her portrait four times until she liked it. The final portrait, according to the painter, was the same as his first effort.

The Finleys live in an old farm house on English Road, southwest of Kings-

ton, moving there 12 years ago from Pontiac.

Mr. and Mrs. Finley have 13 children, ranging in age from four to 28. Five of them are still at home, Robert, 4, Woodrow, 8, Alice, 11, Daniel, 13, and Sam, 16. They have eight grandchildren.

Two other children, Wesley and Maryanne (Mrs. Herman Thompson) and their families live close by on what was once part of the family's 60-acre farm.

FINLEY'S PAINTINGS have enjoyed increasing recognition, here and abroad.

His paintings were displayed in 1974 in West Virginia in an annual arts and crafts display at the state capital.

New York City art dealer Ligoa Duncan -- he calls her the "lady in New York" -- apparently saw his paintings there, contacted him and Please turn to page 16.

Cass City board OKs pay raises

The Cass City Board of Education granted raises of five to eight percent to school non-union and administrative employees Monday at the regular meeting at the high school.

The new salaries were approved by a 6-1 margin with Trustee Dean Hoag dissenting. He said that he was against blanket raises but felt that workers should be given raises on merit.

Salaries at the school in the 1978-79 school year will range from \$34,000 for the superintendent to \$3,300 an hour for work at the schools' cafeterias. The complete salary schedule is printed elsewhere.

Setting the salaries took very little time from the agenda as there was general agreement on the raises by the board before the figures were presented to the public.

A couple of other requests were not as cut and dried.

One was the suggestion by the superintendent to build a freezer storage separate from the main building if 75 percent federal assistance was available.

The unit, 10 feet by 20 feet by 7 feet, six inches would cost an estimated \$20,000 and the school's cost would be \$5,000.

President Geraldine Prieskorn frowned on the project because she felt it

ignored the needs study. Supt. Crouse said that he viewed the unit as part of a continuing cost of operation.

Several board members said that if the space was needed it would be wise to take advantage of the federal funds. That sparked a tour of the cafeteria facilities and when they returned they voted unanimously to go ahead with the building if the grant can be secured.

Athletic Director Robert Stickle presented a request by Ron Nurnberger for an Iso-Kenetic machine designed to increase the jumping ability of athletes.

That sparked another discussion. On the suggestion of Hoag, Stickle will review all of the needs of the athletic department to decide what new equipment can be purchased. It will be reviewed at the next meeting.

A more important discussion followed after a request for gas for parents' cars that will drive basketball players to a summer tournament at Crystal Lake.

What the board must decide is a policy of aid for athletes. At the recent State finals in track the school purchased meals and gas for the few athletes attending. The meet was held in Jackson and the persons that qualified stayed overnight. Crouse said that this was a

small expense but asked what the policy would be if the 100-member band went to a festival final and the cost could be \$1,500 or so.

A decision will probably be made at the July meeting.

OPEN BIDS

Six bids for the insurance at the school, other than vehicle, were received and two companies expected to be awarded contracts.

Harris-Hampshire is expected to furnish workers' compensation insurance for \$12,078 and board of education legal liability insurance for \$920.

Property insurance with extended coverage to include boiler and treasurer's bond will go to Farm Bureau for \$15,337.00. The insurance will be let as soon as a committee goes over the bids to make sure that they follow specifications.

The board also considered the reimbursement for transporting Jennifer Zimba to the Michigan School for the Deaf. Her father, William Zimba, had asked for an increase from the 15 cents per mile paid last year.

Since the master agreement with teachers calls for 15 cents the board did not increase the rate for Zimba.

OTHER BUSINESS

Several new textbooks were adopted on the recommendations of Campbell Principal Jacqueline Freiburger and Intermediate Principal Bob Stickle.

They include a new writing system for elementary school called the D'Nealian system. Mrs. Freiburger said that it is supposed to curb reversals in writing of "d's" and "b's" and similar letters.

The books will cost \$489.00. Books for the "Home and Family" intermediate home economics course will cost \$450 for 50 books.

New books for science, "Exploring Science" for grades 2-6 were adopted. Costs for these texts are \$4.390.

Mrs. Freiburger also reported on the Title I program and said that teachers and teachers' aides will remain the same.

The resignation of Frank Sigourney, vocal music instructor, was accepted. Sigourney will become a principal in a Saginaw school.

The board voted to continue membership in the Michigan High School Athletic Association. It is the group that controls competition among schools.

Tuckey re-elected

Millage passes in 3 districts

Voters in the Cass City School District Monday approved a .9 mill levy for enrichment purposes. In balloting for the school board, incumbent J.D. Tuckey retained his seat over challenger Dan Allen.

Millage proposals were also approved Monday in the Owendale-Gagetown and Kingston school districts but defeated in Ubly.

of 6057 N. Dodge Road, Gagetown, with 396 votes, and Duane Ziehm of McAlpine Road, Owendale, 350 votes. Brinkman was elected to his second four-year term; Ziehm was elected for the first time, replacing Ronald Reinhardt, who didn't run for re-election.

Ed O'Dowd received six write-in votes; Oscar Haag, two.

The election drew about 43 percent of the eligible voters.

UBLY

The school board will hold a special meeting Monday to decide what to do following defeat of the request for three mills for operations for three years, 250-228. The levy was a renewal, not additional millage.

Supt. David Landeryou said he suspects the board will schedule another millage election in August, but couldn't predict whether it will put the same levy on the ballot again.

David Ruth of Ubly, the current board president, was re-elected with 246 votes, but the other incumbent, Kenneth Dekoski of Ruth, was defeated, garnering only 179 votes.

The other candidate elected to the board was Clarence Heleski of Bad Axe with 261 votes. The fourth candidate running, Allan Moses of Minden City, got 168 votes.

Contributing to the defeat of the millage may have been the low voter turnout. Only 18.7 percent of the 2,550 eligible bothered to go to the polls.

Please turn to page 16.

OWEN-GAGE

The renewal of eight mills for operations for two years was approved, 386-167.

Elected to the school board were Jack Brinkman

OTHER BUSINESS

The board voted to seek legal counsel regarding the request of Helen Roth to be paid the sick days she says she is owed. An elementary teacher, she retired at the end of the first semester.

With some items remaining on the agenda, the board voted to reconvene at 8 p.m. Monday at Gagetown Elementary.

One of the unfinished agenda items is a resolution to be submitted to the Municipal Finance Commission requesting permission to borrow \$150,000 from the state. Erickson reported the balance on hand as of May 31 was \$48,915, "which will get us through the end of June." The loan, authorized by the legislature, is needed so that the district can keep paying teachers and other expenses through the summer.

Named as students of the month for May were Deb Gettel and Lori Mandich. Both will be juniors in the fall.

Construction to resume in Owen-Gage addition

Owendale-Gagetown Board of Education received best possible news about the situation Tuesday when survey Lubeski, project manager for construction of new high school addition, reported that bricklayers construction laborers, strike since May 1, apparently approved new contract Tuesday with construction contractors. The groups belong to different unions.

Lubeski was not notified officially, but if the news is true, construction "should be in full swing in a few days." Only a small section of wall was started when the strike began.

Due to the strike, construction is six weeks behind schedule. Whether part of the delay can be overcome, he said, will depend on whether he can hire additional bricklayers in order to speed up construction.

During the strike, installation of underground sanitary

and storm drains was almost completed. That work could have been done while the bricklaying was being done, according to Lubeski, so no time was saved.

The board accepted the gift of \$353 in labor from Cumings Memorials of Caro in regrinding the marble stone name plate over the entrance into the old Owendale High School so that it now reads "Owen-Gage High School." The stone will be used on the new building.

The meeting, scheduled one night later than usual due to the election Monday, mainly didn't take place or took place behind closed doors.

Scheduled to start at 8 p.m. in the Owendale cafeteria, it didn't start until 8:45 when the fourth member needed for a quorum arrived. From 9:40-10:45 p.m., the board met in executive session in Supt. Ronald Erickson's office to discuss the status of contract negotiations with teachers. The meeting adjourned at 11.

NEGOTIATIONS

Before the executive session, it was reported that the board and teachers are about \$7,000 apart in total salaries for the now completed school year. The Owen-Gage Education Association through the Tri-County Bargaining Association is requesting salaries totaling \$342,950; the board is offering \$335,878. That doesn't include fringe benefits.

For the 1978-79 school year, the two sides are

Hospital ends year in black

Ells and Dales General Hospital finished in the red for the second year in a row, it was reported at the hospital's annual meeting Monday night. For the fiscal year that ended March 31, according to an auditor's report, the hospital had excess of revenue expenditures of \$909, as compared to \$908 for the previous year. The figure is still not a settlement by the hospital with Medicare, Medicaid and Blue Cross for services rendered to patients. Revenues for the fiscal year climbed \$95 million from \$2.74 million the previous year, operating expenses increased from \$2.52 million to \$2.8 million. Non-taxing revenues totaled \$9.5 million from \$20,288 the previous year. Large expenditure was

insurance, the cost of which increased from \$101,721 in 1976-77 to \$123,700 for 1977-78.

George Jacoby of Deford, who served more than 20 years on the board, resigned as he will be spending his winters in Florida. He was replaced by Phil Keating.

At the organizational meeting following the annual meeting, the following officers were re-elected: President, James Bauer; secretary, Carolyn Martin; and treasurer, B.A. Calka. Clinton House was elected vice-president.

Administrator Ken Jensen presented his annual report. Improvements were made in several areas, he reported, including monitoring patient care, increased performance standards, education, new services, replacing worn out equipment, maintaining joint accreditation, meeting regulations, and implementing cost containment programs.

Audit

State reveals infractions by Caro superintendent

The Caro Board of Education will discuss findings contained in the state audit of the school system when it meets this Wednesday night.

The 34-page state Department of Treasury audit was released Tuesday afternoon. The allegations contained in the report involve Supt. James C. Sutherland, who has been on sick leave since March 29.

One accusation is that the superintendent sold more than \$3,000 in school equipment with no record that the money was deposited in the school account.

It is known that state police have confiscated various items from churches and homes, including some new IBM typewriters listed as school property.

Another allegation is that \$3,000 was allocated by the district for purchase of drapes and shades. The items were not purchased and the funds were deposited in the superintendent's bank account.

Carpeting in the basement of Sutherland's home was installed at district expense.

Another allegation is that two of the superintendent's children were paid more than \$30,000 as employees by the school district while they were attending college full time.

The investigation by the criminal division of the state attorney general's office and the state police is continuing and is expected to be completed in a few weeks.

Crash! Truck rams Cutlip home

Mr. and Mrs. William Cutlip and their three children underwent a jarring experience Friday.

They were all sitting in the dining room at 11:15 p.m. while Mrs. Cutlip was adjusting her sewing machine when a pickup truck crashed into their front porch. They were only about eight feet away from where the pickup hit.

The Cutlip home is on Silvernail Road, Deford.

Driver of the pickup was Barbara J. Porter, 16, of Clifford. Deputies said she was eastbound on Silvernail, east of English Road, when she reached down to remove an object on the floor by the gas pedal.

The truck went off the north side of the road, ran along a ditch, then crossed back over the road and ran into the Cutlip porch.

"It sounded like a bomb," Mrs. Cutlip said. "My first

reaction was, I just froze." Although the house itself escaped damage, the impact made a shambles of the enclosed front porch.

The impact shoved the concrete steps under the porch floor and damaged some beams holding up the floor, completely knocking down the main support beam. The roof has cracks in it, according to Mrs. Cutlip, and the door to the house is jammed shut.

As of Tuesday afternoon, she was still waiting for a repairman to come and give her an estimate on rebuilding the porch. Cost of the repair will probably be covered by the company insuring the Porter vehicle.

Miss Porter and two passengers escaped apparent injury, although Mrs. Cutlip said she understood that the teenager was taken to Marquette Hospital Saturday to be examined.

Rabbit Tracks

By John Haire

(And anyone else he can get to help)

We are frequent visitors to the northern lower peninsula in summer. Usually something pops up that is new and different despite our familiarity with the area. This week end was no different.

After passing it by for 30 years we stopped Saturday at the Bay View Inn, just east of Petoskey.

If you can do without booze, it's one of the best. The Saturday buffet featured baked white fish, meat balls with a special sauce, meat loaf, roast beef, and barbecued ribs. There were special scalloped potatoes with cheese, a salad bar with everything and cake, cookies, pie and melon for dessert. What's more, it was served on an intimate screened-in porch overlooking Little Traverse Bay with snowy white cloth tablecloths and napkins. The price? \$6.00 plus the severage of your choice.

Caution. Seating is limited and reservations are desirable to avoid waiting.

One other note. If the water at Kalkaska isn't the hardest Michigan I don't want to sample the water in the community that's in first place.

At many graduation parties the hosts have switched from canned beer to draught beer in a keg. The reason is that it's cheaper because not as much is used.

When it's served in cans, the kids carry out as much as possible and cart it down to the gravel pit for a party.

+++++

Another note about the week-end excursion north. Window shopping at Harbor Springs I spotted a sport coat that really appealed. I was about to slip in and try it on "just for fun" when I noticed the small inconspicuous price tag. \$400. I don't have to add that I walked away, do I?

Bad news travels fast. Even by mail. They announced the "no settlement" results of the Gen-Tel strike Monday afternoon.

Tuesday morning a press release arrived from Muskegon. There have been times when it has taken twice that long to have a letter get here from Wilmot.

ALL IN THE FAMILY -- The graduating fifth grade class at Deford Elementary School included two sisters and a brother, twins Doreen (right) and Denise Simmons and brother Lester. At left is Dave Lovejoy, principal and fifth grade teacher, who passed out the diplomas, and at right, passing out the cupcakes, is Joyce Lane.

Deford, Evergreen conduct graduation

The third annual graduation exercises were held Friday afternoon at Deford and Evergreen elementary schools, sponsored by the Cass City Parent Teacher Organization.

Those involved, who will be attending the intermediate school in the fall, were the fifth grade class of David Lovejoy at Deford and the sixth grade class of Douglas Hall at Evergreen.

Each graduate received a certificate and a cupcake with their name on it. In addition, at Deford for the first time this year, a potluck lunch was prepared by the parents.

The graduates at Deford were: Michael Carpenter, Bobbie Jo Edwards, Donald Englehart, Althea Grice,

Anita Hartwick, Joseph Herr, Tena Hitsman, Irene Hosner, Charles Kaake, Brian Kitchen, James Michalski, Cindy Miller, David Parrish, Kimberly Parish, Denise Simmons, Doreen Simmons, Lester Simmons, David Twork, Martin Venema, Ronnie Voss, Evelyn Zepplin and Matt Zimba.

Evergreen graduates were Deanna Caister, Tanya Darr, David Dietzel, David Dorland, Susan Dudge, Sandy Gibbard, Susan Hammond, Missy Harmon, Steve Hicks, Chris Langenburg, David Mackowiak, Paula McIntosh, Charlotte Moore, Deanna Nichols, Kenny Osentoski, Debbie Parrott, Michele Perzanowski, Bill Peters, Dwane Richmond,

Paula Rockwell, Aron Smith, Cindy Smith, Ken Steely and Connie Tietjens.

School at Evergreen ended this Tuesday with the annual potluck lunch for students, parents and staff, followed by a ball game.

Glass broken

Rev. Melvin Vender of 6473 Church Street reported to Cass City police at 7:55 p.m. Sunday that someone had broken a double-pane window at the front of his home.

The damage was done some time after noon that day. Damage was estimated at \$50.

"If It Fitz..."

Quit eating lunch

By Jim Fitzgerald

Because I don't run around the block 10 times every morning, a reader has bet that "Fitzgerald looks like a 200-pound turnip." This is nonsense, of course.

Sometimes I think you people aren't paying close enough attention to my wisdom. Only a few weeks ago I pointed out that people don't get fat from not running. They get fat from eating too much.

Running to lose weight makes as much sense as eating spaghetti to win a foot race. Think about it.

Don't start reading this paragraph yet. Think some more about what I just told you.

OK. Now we can get on with today's wisdom. It concerns the wise way to shed fat and keep it shed. No weird diets are required. You don't have to eat boiled dandelions while sitting on your feet in downtown Bombay. And you don't have to jog.

All you have to do is quit eating lunch.

Nutritionally, lunches are overrated. People eat them out of habit, not hunger. Lunches have become rituals which must be performed before two people can talk business, or make love, or plan dinner.

A boss will take an employee to lunch to promote him, or fire him. World War III will be declared over lunch. Years later, the survivors will delay signing the peace treaty until the lunch-dishes have been cleared.

A person invited to lunch may weigh 400 pounds. He doesn't need lunch, he needs therapy. But he goes to lunch because to refuse would be rude, or poor business, or fatal to a romantic liaison he's been enjoying with a 250-pound beach ball.

Lunch is traditional,

something like Bob Hope. It doesn't have to be good, it has to be consumed. Just as it is unpatriotic to admit Hope hasn't been funny in 20 years, it is uncivilized to skip lunch.

Working people who can't get out to a restaurant still don't flout the tradition. They brown bag it and drip mustard all over that day's gross national product.

Automobiles that went through the assembly line during lunch are often recalled because of bread crumbs.

When I tell fat people they should skip lunch, they get angry. They deny that they eat lunch for social or economic reasons, or simply out of habit. They say they eat lunch for their health.

One fatty said he gets a dull ache in his stomach when he misses lunch. He said he can't stand the pain. So, to lose weight, he runs every night until his legs throb and his lungs burn and he throws up.

Another fatty said her head aches if she doesn't eat at noon. Medical men say her headache is caused by worry, not hunger. She

worries that, if she doesn't eat lunch with her friends, they will be free to gossip about how fat she is getting.

In 1973, I did look like a 200-pound turnip. That's when I quit eating lunch. It took me four months to lose 25 pounds. Every time the scale said I'd shed five pounds, I invited friends and strangers to a candlelight ceremony in which I punched another hole in my belt. This is the secret to keeping the fat shed.

Brag about your new slowness and the steel willpower which made it possible. Demonstrate by putting your skinny body and a living room couch into your old pants. Be an obnoxious bore. Tell the world lunch isn't necessary, just as I've told you. Everyone will hate you, but that's good.

No one will ask you to lunch.

Now you know the wise way to lose fat. Running doesn't do it. Running is for catching buses. Not eating lunch is for getting slim. Think about that.

Never mind what's in this paragraph. You should be thinking.

If rumor is correct, there will be a rash of new coaches at Cass City Schools and throughout the Thumb next season. Many are quitting.

No, not the top coaches in the glamour sports of high school. The turnover is with the assistants and the coaches of teams other than the varsity.

There's a shortage of these people. To illustrate, Cass City was almost without a coach in junior varsity baseball before Leo Gengler took it over. No one wanted it.

While these sports often go begging for qualified persons, there is always a surplus of trained persons available for head coaching

jobs in basketball and football and to a lesser extent, volleyball.

There's one obvious reason for this change from surplus to scarcity. Supply and demand.

Go back 15 years or so. There wasn't a need for all that many persons interested in sports. There weren't any girls' sports. There wasn't any junior high football, junior high basketball, junior high track that required coaches other than the varsity coach and his assistant.

There wasn't any wrestling or golf. It's safe to say that four times as many persons are needed today to run the programs.

That's one reason, but not the important one. The important one is that when you coach at under the varsity level you aren't really the boss.

It's not really your program. It's the head coaches'. The rationale is to prepare for the big league (varsity) in high school. You play it the way the high school coach wants it or you don't play.

That's the only way that makes sense. But it does take away that feeling of achievement that comes when your program, your ideas are the ones that result in the success of the team.

That makes money of secondary importance to the head coaches even though they rightfully receive more than any of the others.

Take the personal achievement away and you have only a little money and the satisfaction of working with the athletes left.

After awhile that's not enough and those that don't move up, move out.

For make no mistake, parents of fifth graders can be just as trying as parents of high school seniors.

They can't understand why Susie or Johnny isn't playing as much as the team's best player. (To them, Susie or Johnny is the best player.)

There just isn't enough money involved to put up with the hassle and the hours required to do the job right.

That's why the rapid turnover and the chronic shortages promise to be a fact of life in the foreseeable future.

Charges dropped in assault

Charges against three men, two from Deford, charged with the alleged beating May 12 of an Akron man, were dropped last week.

Charged with assault with intent to commit great bodily harm less than murder were Norman C. Hurd, 26, and Franklin B. Holcomb, 4, both of 2284 McArthur road, Deford, and Alex P. Traun, 20, of 2804 E. Caro road, Caro.

Assistant Prosecutor Scott Termer asked District Judge Richard F. Kern to dismiss the charges because further investigation reveals that the defendants' guilt cannot be shown beyond a reasonable doubt.

The three were accused of May 12 beating of Keith A. Pelton of 4810 Oakley road, Akron, along Decker-ville Road in Almer township.

Braun was sentenced May 2 in circuit court to 2-10 years in the State Prison of Southern Michigan at Jackson for breaking and entering an occupied dwelling for the Oct. 4 break-in of a noble home in Novesta township.

If you meet with no opposition in this life you'll meet with very little success, either.

PEDALING AROUND

Short sheeted

By Mike Eliasohn

Now I have someone to blame. It's all your fault, Suzanne Pleschette.

I like to think of myself as a traditionalist. The only reason all my underwear isn't white is because I still have some left over from the Army.

As far as I'm concerned, the only color for toilet paper is white. Even if the dyes in colored toilet paper don't pollute the water, all toilet paper goes to the same place. Why spend extra money to decorate it?

The same goes for sheets. And that's where Suzanne Pleschette comes in.

The actress, late of the "The Bob Newhart Show" on television, has been designing sheets and pillowcases since 1969.

What's there to design about sheets and pillowcases? Lots, according to the actress.

"I'm a bedroom freak and love to see pretty beds," she said in a recent interview.

She started by sketching abstract designs and flowers for fun, then started designing sheets and pillowcases for a manufacturer.

"I originated the concept of the coordinated bed look," she said. "Until I came

along, sheets and cases and towels and bedspreads were solid colors. Sheets and pillowcases were white with maybe a single rose or something."

"I used patterns, colors and various designs, matching bedspreads with draperies and sheets and towels. My strawberry patch design is the largest selling sheet in America."

"My designs were the first to use blanket covers with dust ruffles and ruffled shams instead of spreads on beds. Now there is an incredible variety of bedding available in this country."

I have no idea what a dust ruffle and ruffled sham is, but maybe that's what is on the top sheet I have. I don't remember how I got the sheet but my mother must have given it to me. It's not something I would have bought.

Anyhow, whatever the fancy two-piece edging is called along the top edge of my sheet, it keeps coming apart so I have to keep sewing it back together. I think I have put more stitches into the sheet than the manufacturer has.

If the sheet had been all white, the top edge would have been doubled over in the manufacturing and then sewn -- all one piece. Instead, my fancy sheet has the basic square piece of fabric, an inner ruffled edge, and then the outer edge. That's three separate pieces of fabric which between having flowers printed on them and then being sewed together cost a lot more money than a simple white sheet -- and comes apart more easily.

In writing this, a thought just occurred to me. Do you suppose Ku Klux Klan members, in order to modernize their image, will start wearing flowered sheets?

Back to the sheet on my bed. That fancy edging is supposed to look real pretty when the bed is made, only I never make my bed, other than the one day a week when I do my laundry. (Sorry, mother.)

When I'm in my bed, my eyes are closed, so I'm not going to notice my flowered sheet then.

And can you imagine Burt Reynolds hopping into bed with a chick in a movie and then proclaiming, "Gee, what pretty sheets you have."

Organic farm group to meet

The Michigan Area Chapter, Organic Growers of Michigan, will meet Thursday, June 22, at the farm of chapter chairman Nancy Hoxie at 7 p.m.

Called Willow Creek Farms, the farm is located on Lamton Road, Decker, two miles north of Hemans and one mile west.

Service interrupted

Area phone cables cut Friday

Several telephone cables in the Cass City exchange plus the long distance cable for Kingston were cut Friday.

They were the first acts of vandalism reported in the immediate area since members of the International Brotherhood of Electrical Workers Local 1106 went out on strike against the General Telephone Co. May 14.

The local represents approximately 2,900 of the firm's 3,800 employees in the state.

In the Cass City exchange, according to company spokesman Lowell Kinney, the cable cuts were discovered at 12:35, 4, 4:05, 6:35 and 6:40 p.m., resulting in loss of service in each instance for "several hours."

From 800-2,000 customers were without telephone service, though not all at the same time. There are approximately 2,400 customers in the Cass City exchange.

In one of the five instances, three cables were cut, for a total of seven cut. "These were definitely vandalism," Kinney said. "There was nothing accidental."

The cables were all cut in above-ground locations.

The cable providing long-distance service for the Kingston exchange was discovered cut at 8:15 a.m. Service was restored by 1 p.m.

The long distance cables for Caseville and Elkton were also discovered cut Friday morning. They were repaired before noon.

All repairs were made by supervisory personnel. Caro state police, who were called to investigate the Tuscola county cable cuttings, reported the ones in the Cass City area were made at Severance and Cemetery Roads, Shabbona and Cemetery Roads, Bay City-Forestville and

Schwegler Roads, and M-53 at Robinson Road. The cables were cut with bolt or limb cutters after connection box covers were pried off.

They quoted a General Telephone official, Ronald Fortier of Muskegon, who was at the scene, that he doubted the damage was done by county residents.

General Telephone is offering a reward of \$5,000 for information leading to the arrest and conviction of anyone who has deliberately damaged company equipment.

In various locations in the state since the strike began, the company has reported local and long distance cables severed, repeater installations destroyed, windows broken, locks damaged, and tires of company vehicles slashed.

The utility serves 549 communities in 61 of Michigan's 83 counties.

Phone company workers reject tentative contract

General Telephone was notified late Monday that Local 1106 of the International Brotherhood of Electrical Workers failed to ratify the company's latest contract offer, extending the 29-day strike against the utility toward its second month.

Claude Munsell, president of General Telephone, said he was disappointed that the IBEW membership failed to accept the contract proposal which had been recommended by its leadership.

According to the utility president, the two-year proposal would have been worth an additional \$6.7 million in wages and fringe benefits

for bargaining unit employees, an average of over \$2,300 per employee.

General Telephone's 900 management employees have been able to maintain normal local and long distance dial service, but operator assisted services have suffered and installation work has fallen behind because of the strike. In addition, work has been almost at a standstill on many service improvement and expansion projects vital to providing good service on a continuing basis.

Munsell said the company must now consider seeking management help elsewhere in order to continue to meet its commitment of providing good telephone service. Although no decision has been made, that assistance could come from other General Telephone companies.

Tentative agreement on the two-year proposal was reached Saturday, June 3, after the two bargaining

committees met with Federal and state mediators for four days of what the Federal mediator termed "very intensive bargaining."

The IBEW bargaining committee took the tentatively approved contract to its membership in a series of eight ratification meetings which began Tuesday, June 6, and were completed Saturday. The ballots cast at all eight meetings were counted Monday and General Telephone's management was notified of the contract rejection late Monday. Results were 1,252 "no" and 971 "yes."

Negotiations began in March with the previous three-year contract scheduled to expire May 4. The contract was extended until May 13 so the union could vote on management's first proposal. That proposal was rejected, subsequent negotiations broke off, the contract expired, and the IBEW struck beginning May 15.

Arson cause of early Monday fire

Arson was the cause of a fire that damaged the Cozy Inn Restaurant on State Street in Kingston early Monday.

Kingston Assistant Fire Chief Robert Phillips said the building wasn't structurally damaged, but suffered some smoke and water damage. A no-longer-open meat market in the same building wasn't damaged.

Firemen, who were at the scene about an hour, found the restaurant had been ransacked and papers and other items thrown on the floor, then set on fire. Entry was gained by breaking open the back door. Firemen called in the sheriff's department to investigate.

The fire was reported by a bread delivery truck driver who was driving by at 4:48 a.m.

Owner of the building and operator of the seldom-open restaurant is Margaret Legg of 3482 Washington Street, Kingston.

June 5, she reported to Caro state police that she returned home from spending the week end with her daughter in Marlette to discover her home had been entered and ransacked.

Numerous boxes of stored items, such as clothing, were emptied with the contents thrown on the floor, along with papers, antiques, and keepsakes.

Entry was gained through a rear basement door.

It wasn't determined immediately if anything was taken.

AROUND THE FARM Leased land for hunting

By William Bortel

In December 1976, the Michigan Legislature passed Public Act 373. This law authorized the Department of Natural Resources to lease lands for hunter use. The State will pay from 50 cents to \$2.50 per acre to landowners, depending upon the land available - woodlots, marshland, brushland, idle fields not cropped, grain lands left for wildlife, and so on.

Leasing contracts cover three years and the law insures continuation of the program through December, 1982.

Each piece of property must be inspected and approved by DNR wildlife specialists before leasing. Your property must be located in the southern half of the Lower Peninsula in Zone 3.

Act 373 states: "No cause of action shall arise for injuries to persons hunting on land leased under section 45 unless the injuries were

caused by the gross negligence or willful and wanton misconduct of the owner, tenant or lessee."

What the landowner must do:

(1) Post signs furnished by the Department of Natural Resources.

(2) Provide hunter access to leased property without regard to race, color, creed, or sex.

(3) Provide a DNR hunter access tag for the hunter at Farm Headquarters.

(4) Provide an agreed upon number of hunter tags.

(5) Obtain approval from the DNR before significantly altering land under the lease.

(6) The landowner may terminate the lease at any time.

What the hunter must do:

(1) Obtain a hunter access tag from the landowner.

(2) Show his hunter access tag to the landowner, conservation officer, or other law enforcement officer upon demand.

(3) Return hunter access tag to landowner at end of hunt.

(4) Follow the landowner's instructions with regard to land on which he may hunt and land on which he may not hunt.

(5) Follow the landowner's instructions concerning general conduct on the land, including the closure of gates, climbing of fences, and the use of safety precautions near livestock and buildings.

(6) Observe safety zones around buildings.

(7) Stay out of standing crops posted against use.

The Public Access Stamp Program is administered by the Wildlife Division, Michigan Department of Natural Resources.

Applications to sign up for the Public Access Stamp Program are available from your county Agricultural Stabilization and Conservation Service office.

Criminal complaint total 618

The Tuscola County Sheriff's Department received 618 criminal complaints in May, of which 202 involve traffic.

Complaints about disorderly conduct were next, 71, followed by vandalism, 60, larcenies, 54, domestic problems, 42, and suspicious persons, 34.

A total of 134 traffic tickets were issued, of which 6 were for speeding, 11 for operators' license violations, and 10 each for stop sign violations and driving under the influence of liquor. Fifty arrests were made during the month, of which 22 were for traffic violations, six for obstruction of justice, and five on warrants from probate court.

The jail received 129 inmates in May, of whom 17 were female, and released 136.

Patrol units traveled 30,751 miles in May and consumed 2,971.7 gallons of gasoline (10.35 miles per gallon).

Cass City police made four arrests during the month: one each for a traffic violation, probation court, family offense, and conservation violation.

State police at the Caro post made 25 arrests, of which nine were for traffic violations, five for disturbing the peace and three for violation of the controlled substance act.

The number of complaints made and accidents respectively in area townships was: Columbia, 13 and 3; Elkland (including Cass City), 69 and 1; Ellington, 7 and 4; Elmwood, 12 and 0; Kingston, 14 and 2; and Novesta, 14 and 2.

Rev. Hurley reassigned to Elkton

Rev. Joel Hurley, pastor at the Kingston and Deford United Methodist churches for the past 4 1/2 years, has been appointed the new minister at the Elkton United Methodist church, effective this Thursday.

He will be replaced by Rev. Gilson Miller, whose first sermons will be this Sunday.

At a farewell coffee hour, June 4, Rev. Hurley and his family were presented with a cut glass salad bowl and plate and a handmade quilt with the names of the families from the church and others from the Kingston community.

The departing minister was also presented with the shovel used for the groundbreaking ceremony for the Friendship Hall at the church in Kingston, construction of which was completed during his time there.

Hartwicks hold reunion

Eighty relatives attended the 19th Hartwick reunion, held June 11 at the home of Mr. and Mrs. Leslie W. Hartwick on Bay City-Forestville Road.

Relatives came from Lapeer, Caro, Davison, Cass City, Owendale, Pigeon and Elkton.

Descendants of the late Mr. and Mrs. Edward E. Hartwick enjoyed a potluck dinner and ice cream. A large decorated cake honored the 1978 graduation of Ricky Hartwick.

It's odd, but true, that men who are on the square fit into the round holes of prosperity.

HEALTH TIPS

Sun tanning of no benefit

By Frank Chappell,
American Medical Association

The summer swimming and outdoors season is back again, and with it comes the hazard of sunburn.

The American Medical Association points out that there is virtually no beneficial value to suntanning, and there is real possibility of harm. Heavy tanning brings premature wrinkling and aging of the skin, and also can cause skin cancers.

If you insist on tanning despite the doctor's advice, apply a little common sense and care on the first few days in the sun, and you can avoid a severe burn.

Here are some simple tips for enjoying sunshine and tanning without the painful burns:
-Take it easy the first few days. Tan slowly. Start with 15 minutes the first day and increase the time by 10 minutes each day. The sun is hottest during the midday hours.

-Suntan lotions and creams can screen out some of the burning ultraviolet rays and thus reduce burn. They can't speed up tanning.

-Protect your hair. Too much sun can make it brittle and hard to manage.

-Lubricate the skin with cream or lotion after a day in the sun to help offset the excessive drying effect.

-Protect your eyes with

dark glasses or with gauze pads.

Follow these precautions and avoid spending most of the holiday suffering from sunburn.

Old Settler reunion Saturday

The Old Settlers' 67th annual reunion will be Saturday, June 17, at Deford Elementary School.

Activities will begin with potluck lunch in the gymnasium, starting at noon. Beverages will be furnished. Those attending should bring their own table service.

Persons with a poem, reading, song, or instrumental number are urged to bring it. Also being requested are photos of past reunions.

Past attendees who can't make it to the reunion are asked to contact one of the organization officers: President, Lewis Crawford, 303 Roman Road, Caro; vice-president, Mrs. Helen Little, 6639 Church Street, Cass City; and secretary-treasurer, Mrs. Glenn McClorey, 5946 Kelly Road, Cass City.

4-H Energy Days set at MSU

An energy-packed program featuring hundreds of workshops, demonstrations and exhibits is slated for visitors at 4-H Energy Days '78, June 23 and 24, at Michigan State University. Focusing on the theme, "There's a New Day Coming," the two-day event will look at the energy situation today, alternative energy sources for tomorrow, and what can be done in the meantime to conserve energy and reduce costs.

Sponsored by the MSU Cooperative Extension Service, 4-H Youth Program in cooperation with the Michigan Energy Administration, the entire event is open to the public at no charge. The program begins Friday, June 23, with workshops on solar and wind energy, building electric cars and bicycling.

Throughout the day on Friday and Saturday, more than 60 commercial energy exhibits will be on display in Spartan Stadium. Exhibits include a solar greenhouse, woodburning stoves and furnaces, insulation and many other items.

Saturday, a special program features demonstrations, exhibits and performances by thousands of Michigan 4-H'ers.

Energy Days '78 is the finale to 4-H Exploration Days. Each year Exploration Days attract more than 4,500 4-H'ers to the MSU campus for three days of action-oriented learning. The youngsters choose from 158 different learning options that range from Michigan mountaineering and crafts to African dancing and judo.

A brochure and additional information on the 4-H Energy Days '78 program is available from county Cooperative Extension Service offices.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

FIVE YEARS AGO

Fifty requests have poured into Cass City Schools from residents of the Owendale-Gagetown School District to attend school at Cass City in the fall.

Mr. and Mrs. Leonard Damm celebrated their golden wedding anniversary at an open house. The couple has two children and five grandchildren.

Dr. Richard P. Chappel, DDS, a graduate from the University of Michigan, will begin his dental practice in Cass City.

Betty Carmer is \$2,000 richer, thanks to a lucky draw. Ms. Carmer won the prize in a raffle drawing at the 20th anniversary celebration of the Caro Association for Retarded and Epileptic Children. She said she would use the money to pay off a note on her house.

TEN YEARS AGO

Six members of the Dale Smith family escaped injury when a tornado struck their home.

The Cass City School board has authorized some 25,000 for improvement of the parking lot and grounds.

Health plan available at library

In compliance with regulations established by the National Health Planning and Resource Development Act of 1974, the East Central Michigan Health Systems Agency, Inc., announced the final adoption and distribution of the 1978 health systems plan and the annual implementation plan.

Copies are available for inspection at Rawson Memorial Library in Cass City.

at the Cass City High School and also okayed \$3,460 for new electric typewriters.

Mr. and Mrs. Ellwood Eastman will celebrate their 50th wedding anniversary at an open house sponsored by their children. They have three children, 11 grandchildren, and four great-grandchildren.

TWENTY-FIVE YEARS AGO

Mr. and Mrs. Harold Murphy celebrated their 30th wedding anniversary. They

Eastern Star Chapter has meeting

The June 6 regular meeting of Decker Chapter No. 438, Order of the Eastern Star, found 36 members present, including nine guests. Worthy Matron Iva Rockwell welcomed all and read a poem of tribute to "Fathers".

Guests introduced included Eleanor Wilson, Grand Representative of Nevada, in Michigan; Worthy Matron, Edythe Stirrett; Worthy Patron, Gordon Stirrett, all of Elkton Chapter No. 431. Guests were honored by a special song by soloist Evelyn Simmons and Verna Lowe, guest organist from Ubyl Chapter No. 214.

A memorial ceremony was held for deceased members William and Millie Wilson, with tributes in verse, song and prayer. Worthy Matron Iva Rockwell announced initiation will be at the regular meeting in September, with Marion Reynolds, Grand Electa, as special guest.

The next regular meeting will be July 11, due to the holiday falling on the 4th.

Lunch was served by Evelyn Simmons, Theil Walker and Shirli Morse.

were married June 14, 1923 in London, Ontario. They have two children and one grandson.

Capacity crowds greeted Cass City High School's commencement programs as forty-four girls and forty-four boys, the largest class ever to graduate from the local school, came to the end of their high school careers.

Ralph Powell, music director, reported that a summer band program has been set up in the Cass City Public School. Students are scheduled for group lessons each week.

THIRTY-FIVE YEARS AGO

Mrs. Charles Keen, leader of the Girl Scouts of Cass City, was honored at the annual outdoor grill. She was presented with a gift from the girls.

Cecil O'Connell, emergency farm labor assistant, reports that farm labor will be needed shortly in Sanilac county to assist farmers in harvesting the heavy crop and other work. People are urged to sign up to help.

Bridge bids to be taken

Bids will be taken by the State Highway Commission in Lansing June 21 for construction of five bridges in eastern Tuscola county.

Two of the bridges will be on Hurds Corner Road, one over the Cass River, the other over White Creek (El-

lington township), and two will be on Dodge Road (the Ellington-Novesta township line), one over Cass River and the other over White Creek. The fifth, in Kingston township, will carry Mushroom Road over White Creek.

Total estimated cost of the new bridges is \$810,000, of which about two-thirds will be paid with federal funds; the remainder from the county's one-mill bridge levy.

The new bridges should be completed by December of this year.

Mrs. Little

heads auxiliary

Twelve members answered roll call at the June 12 meeting of the American Legion Auxiliary. Hostesses were Mrs. Rosella Cherry and Mrs. Anna McComb.

Following the short business meeting, President Mrs. Reva M. Little gave an article on the American flag, flag etiquette, etc. in keeping with flag day.

Officers to serve the Unit for the coming year were elected. They are: president, Mrs. Little; vice-president, Mrs. William Anker; secretary, Mrs. Vern McConnell; treasurer, Mrs. Marion McClorey; sergeant-at-arms, Miss Gertrude Erla; chaplain, Mrs. Lilah Wilhelm; and historian, Mrs. Alvin Guild.

The door prize went to Gertrude Erla.

Puppet show

at Mizpah church Sunday

"The Puppeteers" of Sandusky will present a special program at 6 p.m. Sunday, June 18, at the Mizpah Missionary church on M-53.

The program will feature "muppet sized" puppets telling Bible stories and singing. Adults as well as children will enjoy the program, which is in connection with the vacation Bible school that is in progress at the church through June 19 from 9:15-11:30 a.m. daily for boys and girls ages 4-14.

The public is invited to the Sunday program.

Public Hearing

The Board of Tuscola County Road Commissioners will hold a public hearing at 11:00 a.m. on Thursday, June 22, 1978, in the Road Commission office at 1733 S. Mertz Rd., Caro, Michigan, for proposed improvements to Milligan Road, from Koepfgen to Cemetery in Sections 21 and 28 of Elkland Township scheduled for 1978.

The proposed improvements will utilize the existing 66 foot right-of-way. No right-of-way acquisition is planned, however grading permits may be required to provide proper construction of slopes and drainage facilities. Preliminary plans are available for public inspection at the Caro office.

Any person wishing to present a written statement or an exhibit at the hearing shall convey that statement or exhibit to the Board of County Road Commissioners at least 10 days before the hearing.

78-R-9

Commissioner Russell presented the following Resolution and recommended its adoption:

RESOLUTION

WHEREAS, HB5734 and HB5274 would drastically erode local governmental authority, thus undermining a basic concept of our American form of government and,

WHEREAS, HB5734 would legalize strikes for all public employees and could, at the sole discretion of an employee organization, relegate settlement of contract disputes to a third party that could impose binding arbitration and,

WHEREAS, under HB5274, the Intermediate School Board shall recognize a bargaining agent from more than one constituent district for the purpose of negotiating a contract between the employees of the duly recognized bargaining agent and their employers and this very simple addition to school code could drastically change the governance of our schools and could permit unions to obtain regional bargaining, and

WHEREAS, HB5734 would, for the first time, legalize strikes by public employees in Michigan and prohibit a governmental unit from firing any employee involved in a strike, and

WHEREAS, HB5734 would legalize strikes by police and firefighters and all other local government employees, and

WHEREAS, questions such as:

- Who funds the contract?
- What happens to the local budget?
- What happens to the responsibilities of local officials and,
- Will local relationship deteriorate when outsiders come in who have no responsibility or allegiance?

THEREFORE, BE IT RESOLVED, that this Board oppose passage of HB5734 and HB5274.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to Senator Alvin DeGrow, Representative Owen Armbruster, Governor William G. Milliken, the Michigan Association of Counties, Mr. Joe Conroy, Chairman of the House Labor Subcommittee and Daisy Elliott, House Labor Chairman.

Supported by Kennedy. Motion carried.

8-R-10

RESOLUTION

Subject: Establishment of the Tuscola County Health Department on an interim plan, beginning on July 1, 1978.

Motion: To comply with Act 306 of Public Act of 1927, as amended, it is hereby agreed that there be established and maintained a program of basic public health services for the residents of Tuscola County. This program shall meet the minimum standards of performance set forth in Act 306 of Public Act of 1927, as amended, and as described within the "Tuscola County Health Department Plan of Organization and Description of 1978 Departmental Operations," pending approval by the State Director of Public Health. Hereinafter, this basic program of public health services shall be known as the Tuscola County Health Department (T.C.H.D.)

It is therefore motioned:

That a five member Board of Health be established in accordance with P.A. 306 of 1927, as amended, Section 327.201, and that nominations be opened for membership.

It is further motioned:

That the Tuscola County Health Department be operated on an interim plan which shall begin on July 1, 1978 and will not exceed a ninety day period. This interim period shall allow time for the appointment of a County Board of Health and enable this Board time to develop and implement appropriate policies, regulations and fee schedules for the operation of the department.

During this interim period, the following personnel, policies, regulations and fee schedules shall be in effect and that the T.C.H.D. shall have the duty and authority to enforce said regulations, policies, and fee schedules.

1. That the positions as provided for in the staffing table adopted November 29, 1977, by the Thumb District Board of Health be maintained.

2. That the T.C.H.D. shall operate according to the Personnel Policies, adopted by the Thumb District Board of Health on 9/12/75, and the compensation plan adopted November 29, 1977.

3. That the nursing standing orders, immunization schedules, home health policies, and other existing policies be effective or amended by the appropriate legal authority.

4. "Regulations Governing Sewage Disposal for Lapeer and Tuscola Counties," and "Fee Schedule for Sewage Code", adopted by the Thumb District Board of Health on 3/12/76.

5. "Regulations for Lapeer and Tuscola Counties Governing Garbage and Rubbish, Habitable Building and Dwellings and Land Subdivision," adopted by the Thumb District Board of Health on 10/26/66.

6. "Regulations for Lapeer and Tuscola Counties Governing Food Sanitation," adopted by the Thumb District Board of Health on 10/26/66.

7. Home Health Service charge of \$30.00 for skilled nursing visits, physical therapy visits, and speech therapy visits. This fee schedule was adopted by the Thumb District Board of Health on 4/9/76.

8. And, that the adult T.B. skin test service charge shall be \$3.00.

Your Neighbor says

Food prices are really high

Americans don't need to watch the news on television to be reminded that grocery prices are increasing.

"They're really high," said Anita O'Berski. She mentioned that meat, especially hamburger, has increased a lot in price lately.

Despite that, "We're still buying it. Hamburger is one of the cheapest meats."

Her husband, Dennis, likes meat, she explained, so they haven't cut down on their meat consumption, though they may be eating more hamburger than more expensive meats.

In an effort to cut down on her food bill, Mrs. O'Berski is trying to conserve food by preparing just enough for a meal and not have any left over.

Buying fewer semi-prepared meals and cooking more from scratch is another cost saving measure.

Although food prices are climbing, she doesn't feel enough of the increase is going to farmers. "I would say the farmer should get more money, even if it's going to make our (consumers') prices higher," said

Mrs. O'Berski, whose father is a farmer.

For that reason she doesn't agree with President Carter's recent increasing of meat imports by 15 percent in order to bring down the price.

Mrs. O'Berski is a fifth grade teacher at Kingston Elementary School. She and her husband and son Garret, two months old, live at 3394 Cemetery Road, Cass City. Her husband is a construction foreman for Saginaw Asphalt.

Nazarenes elect officers

Election of church, Sunday school and Missionary and Youth Fellowship officers was held Sunday in the Church of the Nazarene. Officers will assume their duties July 20 following the District Assembly. The annual meeting followed a dinner in the fellowship hall attended by the congregation after the morning worship service.

Elected were: Board of trustees -- Dale Heckroth, Mrs. Doris Cummings and Theron Eskilsen. Stewards: Mrs. Olga Schneebberger, Miss Karen Hurt and Mrs. Aline Heckroth. Christian Family Life director, Karen Hurt. Children's ministries director, Mrs. Loretta Deatherage. Youth Ministries director, Mrs. Aline Heckroth. Adult ministries director, Mrs. Judith Eskilsen.

Church school secretary is Mrs. Gloria Cook and treasurer, Mrs. Violette LeBlanc. Nazarene Youth International president is Steve Eskilsen.

Fortson ends Army training in Georgia

Pvt. John D. Fortson, son of Mr. and Mrs. Clayton A. Lane, 6504 Pine St., Cass City, recently completed seven weeks of advanced individual training at Fort Benning, Ga.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. This qualified him as a light weapons infantryman and as an indirect fire crewman.

He was taught to perform any of the duties in a rifle or mortar squad.

Fortson entered the Army last February.

He completed his high school education through the General Educational Development program.

HOUSE FIRE -- This bedroom wall in the Don Hendrick home on Green Road was where most of the direct damage from fire occurred. The fire, resulting in an estimated loss of \$28,000, occurred Wednesday, June 7.

'stimate \$28,000 damage Wednesday house fire

Fire of unknown origin caused an estimated \$28,000 damage to a house on Green Road, north of Cass City, last Wednesday.

Donald Hendrick, 22, of Caro, who was taken to Hills and Dales for treatment, said the fire was discovered shortly before 7 p.m. Mrs. Hendrick told the Chronicle no one was inside the house when it started. She and some of her children were outside when they heard a

noise, which turned out to be plaster coming off from the heat.

The fire started in the outside wall of an upstairs bedroom. Defective wiring was a possible cause, according to Elkland township Fire Chief Jack Hartwick, "but we just can't pin it down."

He estimated damage to the wood-frame farm house which was insured, at \$15,000 to the structure and \$13,000 to the contents.

Much of the damage was from water used in fighting the fire, which dripped down from the second floor to the floor below.

Firemen were hampered by intense heat upstairs, which initially required them to crawl along the floor. One who didn't until it was too late was fireman Chuck Hughes, who suffered minor burns to his exposed hands and ears. He was treated at Hills and Dales General Hospital and released.

Hartwick didn't know the cause of the excess heat. Direct damage from the flames was confined mainly to the bedroom.

14-year-old driver injured in Saturday morning crash

Two 14-year-old girls were injured in an accident at 3 a.m. Saturday, one of whom was driving the car involved.

Reported in fair condition Tuesday afternoon at Hills and Dales General Hospital was Becky Sue Howell, 14, of Little Road, Cass City, whom sheriff's deputies identified as the driver.

One of two passengers, Debbie Wood, 14, of Caro, was treated at the hospital and released. The other passenger was unhurt.

Deputies reported their car was northbound on Hurds Corner Road, north of Broadway, and ran off the right shoulder of the road, rolled over, and landed on its roof in the ditch.

Edward J. Stoutenburg, 21, of 4291 Maple Street, Cass City, was reported in fair condition Tuesday afternoon at Hills and Dales after an accident involving his motorcycle at 6:30 p.m. Sunday.

Deputies reported Patsy G. Bulla, 22, of Elkton, southbound on S. Seeger Street, was turning left into Walnut Trailer Park.

Stoutenburg was following behind when a bug hit the face shield on his helmet, obscuring his vision. His cycle then ran into the back of the Bulla auto.

In another motorcycle accident, June 6 at 8:30 p.m., two persons were injured when the rear wheel blew a tire as they were westbound on M-81, west of Spence Road.

Injured, according to Caro state police, were the driver, Charles H. Wright, 22, of Caro, who apparently sought his own treatment, and his passenger, David Allan Jr., 22, of Caro, who was taken to Hills and Dales for treatment.

After the tire blew, troopers reported, the cycle went down on its right side, throwing both riders off.

Anita L. Beauchamp, 25, of Roseville, sought her own treatment following a 3:15 p.m. accident Saturday.

Huron county deputies reported she was a passenger in a car driven by Daniel J. Blasky, 21, of Port Austin, which was northbound on M-53 and collided with a car driven by Rosemarie G. Willer, 18, of Cass City, who was turning left from Pigeon Road, north of Bad Axe.

Sandra Dee Auvil, 16, of 3825 Pringle Road, Snover, sought her own treatment following an accident at 3 p.m. June 7.

Caro state police reported she was eastbound on River Road, west of Cemetery Road and went around a corner too fast. Her car went off the north side of the road and rolled over.

OTHER ACCIDENTS

Cass City police reported last Wednesday that Willis E. LeBlanc, 42, of 3771 S. Cemetery Road, backed into the side of a parked car as he was backing from a parking place in the alley south of Main Street, west of Leach. Owner of the parked car was Effie LaPeer of 7026 E. Cass City Road.

Timothy V. Adams, 20, of 2930 Bay City-Forestville Road, Gagetown, according to deputies, was southbound on Colwood Road, south of Darbee Road, when his vehicle struck a deer. The accident took place at 8:20 p.m. Sunday.

Raymond L. Burleson, 17, of 6662 Seed Street, according to Cass City police, was southbound on Cemetery Road, south of Kelly Road, at 10:05 p.m. Sunday when his car struck a deer.

Patrick J. Macklin, 23, of 18-C Kingston Road, Kingston, was cited by deputies at 7:10 p.m. Monday on a charge of making an improper turn.

They said he was north-

bound on River Street in Kingston, south of Kingsbury, when he pulled onto the right shoulder in order to make a U-turn. He then

started to make the turn and his car was hit broadside by the southbound auto of Terry L. Randall, 18, of Froede Road, Kingston.

Truemner burned in race track crash

Race driver Lyle Truemner was reported in fair to serious condition Tuesday afternoon at Hills and Dales General Hospital, recovering from burns suffered in an accident Saturday night at Thunder Road Speedway.

The accident took place during the super modified

feature. According to David Duncan of the speedway, Truemner was entering the third turn at more than 100 miles per hour when, apparently due to a flattening tire, his car went slightly out of control and touched wheels with another car.

Truemner's machine went

out of control, jumped onto the guard rail, which it rode 40-50 feet, then flipped into the air, rolling over three or four times, landing upside down about 75 feet from the guard rail outside the track.

Leaking gasoline ignited, setting Truemner on fire. He suffered burns across his

shoulders and right arm, according to Florence Duncan, who operates the speedway with her husband, but was saved from more serious injuries because of the flameproof driving suit he was wearing. This is the first year wearing of such suits is mandatory at the speedway. Truemner, the 1975 and

1976 super modified champion at the speedway, was driving a new car this season, which probably won't be rebuildable, Mrs. Duncan said. He lives at 7791 E. Bay City-Forestville Road and works at Walbro.

He is being kept in strict isolation at the hospital.

Seniors to get I.D. cards

The regular meeting of the Cass City chapter of the American Association of Retired Persons was held Thursday, June 8, with 49 members and guests present.

Blood pressure checks were given by volunteer nurses Judy Polk and Ware. These checks were given free every month. Grant Kelley of Thumb Area Commission on Aging is in charge of the program.

Connie Schwaderer of the Provincial Nursing Home Story question and answer program.

Edith Parker of the Commission on Aging asked volunteers to contact I.D. cards, also to contact merchants in the area to get senior citizens discounts and to process and distribute the cards.

Theo Hendrick named legislative committee chairman.

The July 13 meeting will be held at the Lutheran Fellowship Hall.

Hostesses for the day were Gladys Fort, Lilah Helmi, Mable Brown, Cleo Eberts and Beryl Beards.

Several run for judge

Primary races numerous

The Aug. 8 primary election will be a competitive one, with contests for several positions.

Some of the hottest contests will be in the judicial races. Three candidates are running for the 10-year term of the newly created judge in the 40th judicial circuit. Running are Tuscola County Prosecutor Patrick Oslyn, Tuscola County Probate Judge W. Wallace Kent, and Lapeer County District Judge John Spies. The two vote getters will face each other in the Nov. 7 general election.

One of the present 40th circuit judges, Martin E. Emery of Lapeer, is unopposed for re-election for other 6-year term.

In the newly created 52nd circuit, which consists of Huron County, Huron County Prosecutor Peter B. Capling is running against attorney Mark Knoblock of Port Huron in the general election. No primary will be held.

In the 24th district, which includes Huron but consists only of Sanilac County, incumbent Allen E. Marlette is unopposed.

In Tuscola County District Court, incumbent Richard F. Kern is being opposed by county Chief Assistant Prosecutor Scott Stermer in the general election.

In Huron County District Court, incumbent John Schubel is unopposed but in Sanilac County, present District Judge Eugene E. Deegan is opposed by Richard P. Riordan of Lexington.

Three candidates are vying for the one seat on the Michigan Court of Appeals, 2nd district: Walter Cynar, Luke Quinn, and E. Thomas Fitzgerald. Two will be nominated in August.

LEGISLATURE

Incumbent State Sen. Alvin DeGrow, R-Pigeon, will have to get by two other challengers in the Republican primary in order to face Democrat Kathleen Asher of Vassar in the November election. Republicans seeking to unseat DeGrow are Edward Moore and S. Eugene Gainer, both of Bad Axe. The district consists of Tuscola, Huron and Sanilac counties and part of Lapeer and St. Clair.

Two Democrats, Donald

R. Acheson of Clio and James T. McCann of Akron, as they did in 1976, are seeking the Democratic nomination to run against incumbent State Rep. Loren Armbruster, R-Caro, in the 84th district, which consists of Tuscola county and part of Saginaw county. McCann, Tuscola county veterans counselor, won the nomination in 1976.

In the 77th district, Huron and Sanilac counties, incumbent Quincy Hoffman, R-Applegate, is opposed in the primary by Brown City mayor Keith Muxlow. The winner will face Democrat Richard Davies of Melvin Nov. 7.

Herron Lion of the year

The Cass City Lions and Lioness Clubs held joint installation ceremonies Saturday at the Uby Heights Country Club. Past District Governor Marion Markiewicz of Croswell installed officers of both clubs.

Lions Club officers are: President, George Heins Jr.; first vice-president, Jim Guinther; second vice-president, Ken Maharg; third vice-president, Don Erla; secretary, Ron Keegan; treasurer, Bob Copeland; lion tamer, Bob Green, and taitwister, Jim Kritzman.

Board of directors are: Ted Jantz, Ed LaBelle, Tom Craig, Bob Bliss, Tom Jackson and Tom Herron.

Lioness Club officers are: President, Marion Umphenbach; vice-president, Beryl Bliss; secretary, Marilyn Green; treasurer, Jan Hunt, and taitwister, Laura Bryant.

The "Lion of the Year Award" was presented to Tom Herron for outstanding service, loyalty and devotion to Lionism.

Dinner and dancing was enjoyed by members after the installation rites.

In the 8th Congressional district, present Rep. Bob Traxler, D-Bay City, will be opposed in November by Republican Norman R. Hughes of Metamora.

TOWNSHIPS

Contests in area townships in Tuscola county are:

Elkland -- The only contest will be in the primary when Jack McDaniel will challenge Fay McComb for the Republican nomination for trustee. The rest running are all incumbents and all unopposed.

Elkington -- Incumbent supervisor Frederick J. Bardwell Jr., Republican, will be opposed by Democrat Jack W. Kappen in November.

Clerk Hazel I. Tomlinson is retiring. Running is her deputy, Lona L. Wilson, Republican.

There will be one primary contest. Incumbent trustee Robert A. Wood, Republican, is being challenged by Harry Steele Jr.

Kingston -- The only contest will be in November, when present treasurer Louis Wenzlaff, Republican, is opposed by Democrat Emily E. Albrecht. The rest running are incumbents.

Novesta -- All present officeholders are Republican, but only two of them, Supervisor William O'Dell and Constable Donald Miller, don't have opposition. The contests will be in November, when Clerk Henry Rock will be opposed by Democrat Nurse Kloe. Treasurer Jean Clarke by Everett J. Field, and trustee Arleen C. Retherford by Francis Smentek.

Only incumbents are running.

Board of health appointed

The Tuscola County Board of Commissioners Tuesday appointed a five-member health board to oversee the new county health department, to be established July 1.

State law requires one member to be a doctor. Appointed for a one-year term was Dr. Herbert L. Nigg, MD, of Caro.

The rest are all county commissioners: Maynard McConkey of Cass City, two year term; J. Benson Collon, Caro, three years; Margaret Wenta, Fostoria, four years, and Kenneth Kennedy, Millington, five years. McConkey will probably stay on the health board after his term as county commissioner expires at the end of this year. He isn't running for re-election.

The Thumb District Health Department presently serves Tuscola and Lapeer counties, but commissioners in the two counties recently voted to form their own health departments, starting July 1, though they will continue to share some administrators.

Assistant prosecutors Michael Buck and Kathleen Boyle received pay increases, having completed their six-month probationary periods. Each will now receive \$15,000 annually, instead of \$13,500.

Prosecutor Patrick Joslyn introduced the summer intern in his office, Harry Clark, a University of Detroit law student.

It was noted that the board has budgeted \$57,000 this year to pay court appointed attorneys, but the bill in May alone was almost \$10,000.

The board heard from representatives of Manson, Jackson & Kane, Inc., a Lansing architectural and engineering consulting firm, regarding recommended renovations in the county jail. The board referred the firm's proposal to its building and grounds committee, with the suggestion it might interview other architectural firms regarding changes at the jail.

The board discussed the request of county Road Commission Engineer Robert Wellington that it endorse the transportation package now in the legislature, but decided to not take a position. The legislative proposal calls for increased gasoline and weight taxes to finance road and public transportation improvements.

Seek mediator

A mediator is being sought to help resolve economic issues keeping the Tuscola Intermediate School District and its professional staff from reaching a contract.

The members of the Tuscola Intermediate Education Association worked this past school year without a contract.

Reportedly, most non-economic issues have been resolved.

"At this time, it appears that further progress will not be forthcoming without the use of a mediator or fact-

finder," said TIEA President Maureen Murphy in a prepared statement.

The Michigan Employment Relations Commission will be asked to provide the mediator.

Union members voted June 6 by a reported 97 percent margin to not return in the fall unless a contract agreement is reached by Labor Day. The union has about 70 members.

A three-year contract, with the first year covering the now completed school year, is being sought.

Gagetown Days! Week-end fun for all

The first annual Gagetown Days takes place Friday, Saturday and Sunday. Sponsored by the Elmwood Township Fire Department, proceeds from the event will be used to purchase some equipment for the new fire hall.

Dedication of the Elmwood township-Gagetown village hall and fire station

will take place some time in July.

Running all three days of the event downtown will be carnival rides, car smashing with sledge hammers and dunking stool.

The Gagetown United Methodist church will hold a breakfast Saturday morning from 7-11.

At 11 a.m. Saturday will be

a parade, featuring fire fighting vehicles from various area fire departments and the Owendale-Gagetown High School band, wearing their new uniforms for the first time. Everyone interested is invited to participate. The parade will start in the Gagetown Park and proceed directly east on Bay City-Forestville Road to the

elevator.

At the conclusion of the parade will be the waterball contest, again with various fire departments. Aim of the contest is to push a large rubber ball hung from a cable toward the opponent using water pressure from a fire hose. The contest will be in the village park.

Saturday night will be an

outdoor dance, weather permitting, otherwise, indoors, featuring the "Three Sounds." The Owen-Gage Band Boosters will conduct their weekly bingo game in the Gagetown school from 7:30-11 p.m.

The Owendale Lions Club will have a chicken barbecue Sunday from 11:30 a.m. - 3 p.m. outside the school.

now sells his paintings.

Her brother and mother run a gallery in Paris so his paintings are also sold there. That in turn has led to some of his works being entered in European art shows.

In March, 1976, he received from the French government the Grand Prix Humainaire de France, consisting of a bronze medal and framed certificate. He isn't exactly sure why he received it, other than that it was for "service rendered to the arts."

Other showings of his works have been in Decker, Bad Axe, Grand Ledge, Lansing, Virginia, Kentucky, Florida and Texas. As a result of a vacation trip out west this past winter with his family -- their first in several years -- he may have showings in San Bernardino, Calif., and Las Vegas next year. There is also the possibility of a show in Venice, Italy.

In 1972, Finley sent a painting to then-President Nixon of him (Nixon) and his daughter Julie. "I'm kind of proud of that," he

said of the warm letter of thanks he received from the President.

Gov. and Mrs. William Milliken also have one of his paintings.

Another honor came in the form of having four of his paintings accepted on a loan basis by the U.S. Department of State for display in U.S. embassies abroad.

FINLEY SELLS SOME of his paintings directly either from his home or at outdoor art exhibits, such as at Caro, Tawas, and Midland.

His paintings usually sell for \$200 each, with the big ones going for \$300-400. If purchased at a gallery, there is also a commission charged.

The prices sound impressive, but, he explains, "There really isn't a living in art." The main source of the family income remains his Social Security disability payments.

Finley cuts expenses by making his own frames. He also takes and develops his own color slides. Slides of his paintings are sometimes sent to possible purchasers. Finley also has used his carpentry skills in making

some furniture with inlaid wood patterns. The furniture is strictly for home use none is for sale.

The artist paints "most when I feel inspired." Sometimes he will go a month without picking up a paintbrush. When he does, he may do a painting in two days, or it may take him a week, depending on inspiration.

Sometimes he takes easels outside, sometimes paints from photographs and sometimes from memory.

Lately, he has done some abstract paintings, some several feet long, but still prefers landscapes. The abstracts "break the monotony of doing the other ones."

Both Mr. and Mrs. Finley remain modest about the increasing attention he is receiving. Most important, Betty Finley is, "He gets enjoyment out of it and calms his nerves."

"I don't feel any difference than I did before," is his reaction. "I'm just a painter. I figure if someone gets enjoyment out of it (looking at his paintings), it's worth doing."

TABLEWARE -- Raymond Finley used several different types of wood to make this inlaid tabletop.

tate funded program

Seek employers for 130 jobs

The Thumb Area Consortium is soliciting employers to take part in a new state-funded on-the-job training program, the aim of which is to create new jobs.

Allocation of \$3.5 million Michigan Employment program funds was announced last week, of which

the consortium will receive \$270,000. The agency administers various job training programs in Tuscola, Huron and Sanilac counties. Its administrative board approved application for the funds in April.

The board must still approve implementation of the

program, which it is expected to do at its June 22 meeting.

The money is to be used to pay up to 100 percent of the entry level wage of employees participating in on-the-job training programs with private employers.

According to consortium Executive Director Frank Lenard, the employer will have to provide the same fringe benefits as provided to other employees and workers' compensation. The job should be a new one, not a replacement for someone who has left, and should teach a useful skill.

The employer will sign a contract with the consortium, with the contract period expiring Dec. 31. Lenard said the employer will not be required to keep the employee after that, although it is hoped he will do so.

Potential employers include factories, businesses, and farmers.

Interested employers should contact Roy Allen or Robert Conely at the consortium office, 6240 W. Main Street, Cass City.

Employees hired in the program, according to state guidelines, will have to be ages 16-24 from families with income at no more than 125 percent of the poverty level. For a family of four, that would mean no more than \$7,080.

Hiring will be handled by the Michigan Employment Security Commission, which is not yet accepting applications.

The \$270,000 is expected to be enough to hire 130 persons, of which it is expected 30 will drop out, resulting in an intended 100 new jobs being created.

Singles dance on Saturday

The Tip of the Thumb Singles Club will sponsor a dance at the United Methodist church gym in Bad Axe Saturday from 8:30 p.m.-12:30 a.m.

Music will be by Ray Messing. This is guest night and all are welcome. Refreshments will be served.

Motorist charged in crash death

Larry D. Thurston, 28, of Orange, Texas, has been charged with negligent homicide in the May 29 death of a Flint motorcyclist near Vassar.

Following issuance of the warrant by Prosecutor Patrick Joslyn, Thurston faced arraignment on the charge in district court last week. He was released on personal recognizance bond, pending preliminary examination June 23.

Killed in the accident was Philip D. Cutler, 35, of Flint, who was southbound on Bray Road and ran into the right side of the pickup driven by Thurston, who was westbound on Ormes Road. The victim was taken to St. Mary's Hospital in Saginaw, where he died in the emergency room.

Deputies reported at the time of the accident that Thurston didn't yield the right of way at the signed intersection. He told officers he didn't see the cycle approaching before proceeding through the intersection.

Regular Meeting of Village Council

The regular meeting of the Cass City Village Council was held May 30, 1978 at 7:00 p.m. at the Municipal Building. All Trustees were present.

Bids as advertised on the 1978 Curb and Gutter project on Nestles and Church Street were opened. One bid was received from Laskey Construction, Bad Axe, for \$7,770.00 or \$4.80 per foot. After discussion a motion was made by Trustee Hampshire and supported by Trustee Rawson that the bid of \$7,770.00 from Laskey Construction, Bad Axe, be accepted. Motion carried, 6 yeas, 0 nays.

The 1978-1981 insurance package bids as advertised were opened with two bids received. After discussion a motion was made by Trustee Ware and supported by Trustee Tuttle that the low bid from Harris Hampshire Ins., Cass City, of \$21,154.13 be accepted and the finance committee investigate covering exclusions and increasing some limits. Motion carried, 6 yeas, 0 nays.

Mr. Ray Schweikart of the Cass City Lanes was present to request that the bowling alley and property on Weaver Street be rezoned from general business to 1-1. It was recommended that Mr. Schweikart put his request in writing to the planning commission and the Council will act on the matter after further investigation.

Thomas Craig and Mr. and Mrs. R.O. Avery were present to request that Seed Street remain closed when the Ale Street Project is complete. After discussion it was determined that Seed Street will be opened in order to get certification as a local street and for access to the park.

Dale Mills was present to request that the Village sell the old Village landfill on Elmwood Road. After discussion the Council chose not to take any action on the matter at this time.

The minutes of the regular April meeting were read and approved.

The April financial statement was reviewed. A motion was made by Trustee Helwig and supported by Trustee Stahlbaum to authorize signing the proposed contract submitted by Yeo and Yeo, Public Accountants, Marlette, for the 1978 audit and to advertise for bids for the 1979 audit. Motion carried, 6 yeas, 0 nays.

It was reported by the Park and Recreation Committee that the pool was opened May 29, 1978.

A motion was made by Trustee Rawson and supported by Trustee Ware that the middle tree in front of the new Cass City State Bank be removed at the expense of the bank. Motion carried, 6 yeas, 0 nays.

Acknowledged was Gene Wilson for completion of a course in Crisis Intervention.

The Superintendent's Report was reviewed.

A motion was made by Trustee Rawson and supported by Trustee Stahlbaum that the bills as examined be approved for payment. Motion carried, 6 yeas, 0 nays.

There being no further business a motion was made by Trustee Helwig and supported by Trustee Stahlbaum that the meeting be adjourned. Motion carried, 6 yeas, 0 nays.

Tuscola circuit court

Welfare fraud brings 3 year probation sentence

Ethelyn Blackmer was placed on three years' probation Monday for welfare fraud.

Circuit Judge Norman A. Baguley also sentenced her to 30 days in the county jail, with credit for one day served.

A jury May 11 found the Vassar area resident guilty of having fraudulently accepted \$8,350 in welfare payments between May 1, 1973 and Dec. 31, 1975, having failed to notify the state of changes in family income during the period.

Mrs. Blackmer's husband, Leroy, was found guilty of the same charge by a jury Jan. 12. He was subsequently sentenced by Judge Baguley to 1 1/2 years in the State Prison of Southern Michigan at Jackson.

In other cases Monday before Judge Baguley:

Dale R. Ratza, 18, of 6550 North Lake Road, Mayville, was sentenced to 90 days in the county jail, credited with time served, for larceny in a building. Permission was granted for him to take part in the work release program.

He was also placed on two years' probation, fined \$200, and ordered to pay the balance due of court costs.

Cheerleaders rock-a-thon on Friday

Cass City High School cheerleaders will conduct a rock-a-thon -- in rocking chairs -- this Friday in order to raise funds to help pay their expenses at cheerleading camp this summer.

The rock-a-thon will be from 8 a.m.-8 p.m. in front of Richard's Appliance and Furniture on Main Street. The cheerleaders will be soliciting pledges for each hour they rock, or accepting donations.

Hold final rites for Otto Lemke

Funeral services for Otto Lemke, 83, of Greenleaf township were held Wednesday at Little's Funeral Home.

Mr. Lemke died Monday, June 12, at Provincial House in Cass City.

He was born June 28, 1894, in Russia and came to Detroit when a young man.

He is survived by one daughter, Mrs. Charles (Elda) Hupp of Gladwin, three grandchildren and six great-grandchildren.

The Rev. James Van Delen, pastor of Good Shepherd Lutheran church, officiated at the services.

Burial was in Highland cemetery, Gladwin.

Magistrate resigns

Tuscola County Magistrate Joan Maki has resigned, effective the end of this month.

She resigned in order to join her husband, former Caro attorney Leo Maki. He is now a corporate attorney for Detroit and Northern Savings, working in Hancock.

She was appointed to the position in May, 1977.

District Judge Richard F. Kern is in the process of interviewing applicants and is expected to announce a replacement shortly.

DISTRICT COURT

District Judge Richard F. Kern sentenced Henry H. Sherman Monday to five days in the county jail for driving under the influence of liquor. Serving of the sentence was delayed from month to month. He was also fined \$97 and assessed \$103 court costs.

Sherman, 48, of 3988 Lamton Road, Deford, pleaded guilty to the charge April 25.

BPW holds "Fun-nite"

Eighteen members of the Business and Professional Women's Club attended the June 7 meeting, a "Fun-Nite" held at the Cass City park which began with a potluck supper.

Outgoing president, Clara Gaffney, turned the gavel over to the new president, Mabel Wright. Mrs. Gaffney gave a final report on last year's calendar sales.

The Cass City club was the winner of \$100.00 in a drawing held at the state convention at Mackinac Island. Representatives of the local club will attend a Charter Night meeting June 24 of the Genesee Valley Unit.

Mrs. Helen Bartle gave a report of the state convention. A bake sale was scheduled for June 17.

The club hopes to pay off its pledge to the hospital fund drive by January and will then resume plans to raise money for the presentation of scholarships. Regular meetings will be resumed in September.

Girls prep for semi-finals

Bulldogs win regional test

It's off to Ionia Saturday for the Owen-Gage girls' softball team as they compete for what could be the Class D state championship.

Coach Judy Campbell's squad qualified for the state tournament by winning the regional event Saturday, downing host team Flint Genesee in the first game, 17-5, and Southfield Christian in the second, 14-6.

The Bulldogs, 16-0 for the season, will play their first game Saturday against Laingsburg (17-0) at 12:15

p.m. Prior to that game, Ann Arbor Gabriel Richard (20-3) will play Central Lake (21-4). The winners of the two semi-final games will square off at 2:30 p.m. for the state championship. The games will be played at Robinson Park in Ionia.

"I was surprised they weren't tougher," coach Campbell said of the two opponents last Saturday.

Her team's big advantage was in stolen bases, stealing 19 in the first game to four for Genesee and 11 in the

second to three for Southfield.

Dawn Erickson, who flew back early from the senior trip in Florida, was the winning pitcher in both games. In the first game, she pitched the first two innings and part of the third before being pulled because of throwing problems. Becky Howard went the rest of the distance.

The Bulldogs had only seven hits in the game, including a double and a single by Becky Howard, two singles by Erickson, and a triple by Heidi Rockefeller.

Genesee got only two hits, a double and a single. Losing pitcher was Denise Mannor, who went the distance. The game ended after five innings because of the mercy rule.

Southfield Christian advanced to the championship game by downing Carsonville-Port Sanilac 27-11.

After some between games coaching from Judy Campbell, Erickson came back strong in the second game to go the distance, giving up five hits. Julie Andrakowicz was the catcher in both games.

Leading Bulldog hitters were Mary Lenhard with a triple and two singles, Laurie Andrakowicz with a triple, and Howard with a double.

Laura Vroon was the losing pitcher for Southfield Christian. She and Laura Reneud both had two singles.

Osentoski bows in 2 games

It was a frustrating week for Osentoski Auctioneers in the SanCass League.

The Auctioneers dropped games to Bay Port Merchants, 7-4, Tuesday, June 6, and to Teet's Electric of Snover, 2-0, Thursday.

Bay Port won behind the pitching of Clayton Kauffman, coming from behind to win.

It looked like a breeze for the Auctioneers as they scored four times in the first inning. But Bay Port came back with a four-run rally in the third to tie it and then staged another three-run outburst in the fifth to record the win.

Led by Yackle with three hits and Gascho with two,

the winners touched Ed Stoutenburg for six hits. Osentoski was charged with three errors.

The Auctioneers collected seven hits led by Ed Lowe with two for three.

In a well played game, Osentoski lost to Teet's when errors allowed the only runs of the game to be scored.

Herb Carlton pitched well enough to win most games, limiting the potent Teet's team to four hits. But Jim Brown was even more effective for the winners and allowed just harmless singles by Ron Ouvry, Ed Lowe and Jamie Kelly.

Paul Chappel picked up two of the winners' four hits.

TIGERS VS BRAVES

Monday night, June 5, in the first game of the season, the Braves beat the Tigers 26-6. B.B. McLachlan was the winning pitcher and Gail Little was the losing pitcher. For the Braves, Sherie Stec had three hits and B.B. had four. Doris Weltin hit a home run, also for the Braves. For the Tigers Jill Hutchinson had four hits which included a home run. Karen Little and Lori Calka each added three hits for the Tigers.

LIONS VS HAWKS

Tuesday night, the Lions beat the Hawks, 19-8. Annette Robinson was the winning pitcher and Karen Ballagh was the losing pitcher. For the Lions, Annette Robinson and Tammy Heins each had three hits. Karen Ballagh and Karen Nurnberger led the way for the Hawks.

REDS VS CUBS

Wednesday night, the

Cubs beat the Reds, 9-4. Kris Proctor was the winning pitcher and Joy Root took the loss for the Reds. Mary Ross and Wendy Hatmaker led the Cubs while Tammy Dearing and Jill Root contributed to the Reds.

HAWKS VS TIGERS

Thursday night, the Tigers beat the Hawks, 20-4. Gail Little was the winning pitcher and Karen Nurnberger was the losing pitcher. Jill Hutchinson, Lori Calka and Deanne Nichols led the Tigers, while Julie Groth and Karen Tye led the way for the Hawks.

See tight races in church loop

It promises to be a tight battle for the championships in the Cass City Church League this summer. With just two weeks and three games played there are only two teams in the entire league undefeated.

The winning teams are the Baptists and Deford Red, both in the National division. In the American division all teams have at least one loss.

Monday, June 5, Deford Blue rolled over the Colwood Lions, 21-6. Al McKee bested Keith O'Dell as Greg Reynolds cracked three hits for the winners while Clare Trischler, Al McKee, Tom Dorland and Jeff Trischler had two each. R. Burk slapped three safeties for the losers and Don Smith had a pair of hits.

Tuesday, June 6, Church of Christ outslugged the Lutherans, 13-11. Skip Speirs cracked a round tripper for the winners while Ron Nurnberger and Ken Martin Jr. led the Lutherans.

Deford Red had little trouble rolling over a young Catholic squad, 17-3, behind the pitching of Lou Tibbits. Jack Groombridge took the loss in the game played Wednesday. Todd Comment cracked two hits for the losers.

The Methodists handed Deford Blue its first defeat of the season, 9-5, Friday as Earney Stoutenburg bested Al McKee.

Leading stickers for the Methodists were Bob Kozan, Stoutenburg and Larry Robinson. Showing the way for Deford were McKee, Bernie Babich and Greg Reynolds.

In another game Friday, Colwood Cubs won their first game of the season with a 14-0 decision over Church of Christ. It was the first loss for the Novesta nine.

Dave Smith bested Gary Warju. Colwood won the game when Warju walked 16. Hits were garnered by Jim and Dale Smith. Dean Little cracked two hits and

Speirs hit an inside the park home run.

Missionary won its second game of the season Friday with a narrow 8-7 decision over Colwood Lions. Roger Root bested Keith O'Dell. Jim Brown and Jim Tuckey were the leading stickmen for the winners. Tuckey hit an inside the park homer. Cybulski and Joe Graham led the losers' attack.

Monday, Shabbona evened its season's record with a 9-5 win over Lamotte. Veteran Les Severance tossed the win and Mike King took the loss. Roy Sefton and Bill Bader paced the attack for Shabbona and Tim D'Arcy and Dale McLaren were the power at the plate for Lamotte.

The Baptists kept their record perfect Monday in a slugfest with the Lutherans, winning 14-8. Jack Hillaker was on the mound for the

winners and Ken Martin took the loss in his first start. Rapping three hits for the winners were Jim Hillaker, Elwyn Helwig and Jack Hillaker. Pounding out three safeties for the Lutherans were Ken Martin, Ken Martin Jr. and Ron Nurnberger.

Merchants drop 3rd in a row

When things go bad they go really bad for the Cass City Merchants.

Rolling along undefeated in the first games of the Thumb Traveling League, the Merchants lost their first game of the year two weeks ago.

Last week the team played two more and, you guessed it, lost them both.

The Merchants were measured by Reese in a game played at Frankenmuth Tuesday, June 6. The winners scored four times in the first inning off Dale Auslander.

The Merchants came back with three runs of their own in the bottom of the first to keep it close. Both teams scored single tallies in the third and Reese notched another run in the fourth to complete the scoring.

Ken Lowe and Scott Hartel wasted two hits each in the losing effort.

The Merchants didn't put on much of a show for the home folks Wednesday, June 7, as Sebewaing scored an easy 6-1 decision. The game was decided in the third as the Sebewaing nine scored three times to widen their narrow 2-1 lead.

Collins limited Cass City to four hits while his teammates were solving Helwig for 10. Henry Cooklin, Ken Lowe, Mike Murphy and Dale Auslander picked up the hits.

The Merchants hit several

hard shots right at opposing players for easy outs which always seems to happen when a team goes into a slump.

Vitale to appear here

Mr. Enthusiasm, Detroit Piston coach Dick Vitale will be in Cass City and Caro Wednesday, July 19, in a fund raising project for Tuscola County Big Brothers Big Sisters.

His appearance is being co-sponsored by Caro Schools Community Services.

Vitale is scheduled to arrive for a 4:15 p.m. press conference in Caro and then be in Cass City from 5:30 p.m. for a by-invitation-only dinner for Thumb area coaches at the Charming.

He then goes back to Caro for a general session for the public in the high school auditorium starting at 7:30. Tickets for the session will be on sale at Old Wood Drive and Albee True Value Hardware in Cass City.

The former University of Detroit basketball coach and athletic director usually gets \$1,200 for a personal appearance, according to Big Brothers-Big Sisters Director Evelyn Gilbert. For his appearance here, he is accepting a reduced fee of \$500.
