Letter to the Editor Let 'em skate in Afghanistan

Mr. Haire, Next week in Lake Placid, N.Y., the Winter Olympics will begin.

Since we have not stormed into any foreign countries lately, there will probably be a separation of politics and sportsmanship. There is just one little thing I do not understand.

Why in ----- use your own discretion to fill in the blank) are we letting the Russians enter this country to compete in the Olympics while on the other hand we are depriving our own athletes from competing in Moscow this summer?

This country doesn't need anyone to stab it in the back because we do such a good job of it ourselves! We stopped selling wheat to the Russians which ruined the market in this country and opened a new market for South American wheat.

President Carter can shout "human rights" from the rooftops, but the only thing this country wants is oil.

Now we are told if the Russians mount an attack against Pakistan or the oil fields of Iran, they will also be meeting American forces that may be using nuclear weapons and may be running the risk of World War III.

Soybean meeting Monday

The Sanilac County Cooperative Extension Service will conduct a soybean meeting for Sanilac farmers Monday, at 2 p.m. at the VFW Building in Sandusky.
