

Several hurt in area crashes

Continued from page one

Caro, was reported in fair condition Tuesday afternoon at St. Mary's Hospital in Saginaw.

Deputies reported that Henry A. Stoutenburg, 35, of Sandusky, was westbound on State Street (M-46) in Kingston at 3:40 p.m. Friday, east of Ross Street, when the boy, running north, ran into the side of his car.

The boy's mother was seated in a car parked by the north curb. He was transferred to St. Mary's from Caro Community Hospital.

Garry Lee Spencer, 18, of 3492 Pine Street, Kingston, was arrested by deputies on a charge of driving under the influence of liquor after an accident at 7:15 p.m. Sunday. He has since been released from the county jail on bond, pending appearance in district court.

Officers reported he was headed southwest on Saginaw Road, east of Vassar, when his car went off the north side of the road into a ditch, started up the incline on the far side and rolled over onto its top.

Denise J. Rolph, 23, of Elkton, was ticketed by Cass City police on a charge of failure to yield right of way after an accident at 1:05 a.m. Tuesday.

According to officers, she was exiting the Walbro lot on Garfield Street preparing to turn east and collided with the eastbound auto of Judy Ann Marshall, 28, of 6440 Gilford Road, Deford.

Karl Weippert of 6351 Pine Street reported to village police Sunday morning that an unknown vehicle had backed into the left rear fender of his car while it was parked in front of his house.

CAR-DEER

At 7:30 p.m. Saturday, according to Cass City police, Donald M. Boyce, 29, of 4334 Krapf Road, was eastbound on M-81, east of Schwegler Road, when his vehicle collided with a deer.

A half-hour later, Walter Stec, 49, of Caro, was northbound on Cemetery Road, south of Severance Road, when his car struck a deer. Sheriff's deputies investigated.

Caro state police reported that at 9 p.m. Monday, Norman L. Coates, 38, of 6750 Elmwood Road, Cass City, was eastbound on M-81, at the curve where it merges with Cass City Road, when his car collided with a deer.

SUNDAY COLLISION -- This collision Sunday morning at M-53 and M-81 sent three drivers to the hospital, Richard Badgley, driver of the pickup, and his wife, Mitsuyo, and Clarence Coupar, driver of the car.

Elkland township 1980-81 budget totals \$146,618

Continued from page one

A question was asked about brush removal and there was some general discussion about roads.

Except for a previous board decision to rebuild Krapf Road this year, it hasn't decided yet what roads need repair work this year. Gallagher and board members Art Randall and Al Merchant will soon be touring the township roads with a representative of the Road Commission to decide what needs to be done.

There is \$30,000 budgeted for road construction this year, \$32,606 for maintenance and \$1,000 for roadside brush and tree removal.

That is all money out of the general fund. In addition, \$12,465 is earmarked in federal revenue sharing funds for roads.

Of the remainder of the federal money, \$5,000 is budgeted for the sanitary landfill (owned by Cass City) and \$4,500 for Rawson Memorial Library.

Other large general fund expenditures include transfer of \$25,000 to the fire fund for final payment on the newest fire truck, transfer of \$7,945 for fire department operations, \$6,352 transferred to the cemetery fund and \$8,000 subsidy for the ambulance service.

Salary increases for board members were approved as follows: Supervisor, \$2,000 basic salary remains the same but salary as assessor increased from \$4,000 annually to \$4,500; clerk and treasurer, each from \$4,500 to \$5,000, and trustees, from \$600 each to \$720.

Estimated general fund income for the new fiscal year that started Tuesday is the same as expenditures, \$146,618.

That includes \$13,218 remaining from the last fiscal year; \$44,500 in property taxes; \$40,000 in state sales, income and intangible taxes and revenue sharing; \$12,000 in interest income, and \$25,000 in certificates of deposit to be cashed in for the fire truck payment.

Special olympics program

Dean Wallin of Central Michigan University will present a program for the public on the Special Olympics Thursday, April 24, at 7:30 p.m. at the First Presbyterian church in Marlette.

He is coordinator of winter wonderland at Schuss Mountain and Shanty Creek.

Baby sitting will be provided for pre-school children. There will be a coffee hour after the program.

More money needed for roads, 2 townships slate millage votes

Continued from page one

The hope is, according to Clerk Otis Dorland, that the county Board of Commissioners and Road Commission will each appropriate \$4,000 for each bridge, making the total cost \$12,000 per bridge.

If the \$8,000 is used for the bridges, no money will be available for roads.

General fund expenditures total \$37,575. The final payment on the Stoney Creek drain project, from the general fund, will cost the township \$12,325.

The library and recreation programs in Cass City will each receive \$250.

Salaries remain the same, with the supervisor receiving \$2,000 annually, clerk and treasurer, \$1,000 each, and trustees, \$20 per meeting.

Seventeen persons attended, including board members.

Greenleaf -- The Sanilac County Board of Commissioners March 26 voted to appropriate \$10,000 per mile for blacktopping 1 1/2 miles of roads, including four miles of Germania between Bay City-Forestville and Cass City Roads in Greenleaf township. (The other roads

were in Buel and Delaware townships.)

The county money, however, is contingent on the townships appropriating \$6,000 per mile, in addition to the \$4,000 previously appropriated, and the Road Commission paying the balance, expected to be \$10,000 per mile, for a total of \$30,000 per mile.

The Greenleaf Township Board, according to Clerk Clare Brown, has set aside \$50,000 in its 1980 budget for its share -- \$40,000 for the four miles mentioned, plus \$10,000, should it be decided elsewhere to also pave the mile of Germania south of Cass City Road.

Since the general fund budget totals only \$67,000, the \$50,000 for Germania, he said, "will cut it pretty thin."

As for whether the Road Commission board will appropriate its \$10,000 per mile, its engineer-manager, Jack Kineman, told the Chronicle Monday it will be making a decision in about two weeks.

If it does appropriate money for the purpose, he said, it will have to come from funds it otherwise will spend for bridges.

The Greenleaf budget also

includes \$100 for the Cass City recreation program and \$233 for the Rawson library.

Salaries remain the same as last year: Supervisor, \$2,110; clerk, \$1,500; treasurer, \$1,800, and trustees, \$25 per meeting.

Eight persons including board members attended. Lamotte -- Of the \$84,571 in general fund expenditures, \$12,000 is budgeted for road construction, \$4,800 for brining, \$6,000 for patching and \$14,000 for new bridges (Adams and Moriarty Roads).

Drains will claim \$14,000. Of the estimated \$12,000 in federal revenue sharing funds, \$4,000 will be spent for the fire department, \$1,000 for recreation and the rest for roads.

The supervisor received a pay raise from \$1,150 to \$1,400, plus \$300 for expenses and \$1,800 for assessing duties (up from \$1,500); clerk and treasurer, each from \$1,680 to \$2,000; deputy clerk and deputy treasurer, each from \$350 to \$420, and trustees, each from \$350 to \$500, plus an unchanged \$7 per meeting.

It was decided the township will try to establish an ordinance to control, but not ban, concerts attended by

more than 250 persons. Some rock concerts have been held in the past at a farm on Lamton Road.

Nine persons attended plus three board members.

HURON COUNTY

Brookfield -- The poor condition of some roads and the need for patching and gravel were discussed.

Of the approximately \$100,000 the township is planning to spend this year, \$57,000 will be spent for roads.

The supervisor received a pay raise from \$3,000 to \$5,000, including assessing duties, and clerk and treasurer, from \$2,000 to \$2,500. Trustees will continue to receive \$30 per meeting.

Thirty attended, plus board members.

Grant -- Township residents will be asked during the May 20 presidential primary election to approve two millage proposals: One mill for five years for roads and one mill for three years

for fire and ambulance service.

One mill will raise about \$12,000.

The new budget allocates \$5,000 for standby fire fees to four departments (Elkland, Owendale, Elmwood and Oliver townships), two of which also charge for each fire run.

The township presently doesn't subsidize the ambulance services in Cass City or Elkton, which means Grant residents must use an ambulance who must pay more than those living in townships which subsidize the service.

If the millage passes, the township will give a subsidy to both ambulance services.

Of the \$49,000 budget, including federal revenue sharing funds, \$25,000 is budgeted for road maintenance.

Salaries remain the same: Supervisor, \$2,500 annually; clerk, \$2,000; treasurer, \$2,300, and trustees, \$22.50 per meeting.

Eight people plus board members attended.
