

Wentworths' 23rd reunion

The 23rd annual Wentworth reunion was held at the Cass City park Sunday, Aug. 10, with 79 present from Detroit, Lansing, Dryden, Tawas, Oscoda, San Ramon, Calif., Milford, Sanford Lake, Bay City and Novi.

A potluck dinner was followed by a short business meeting.

Robert Hennessey was

elected president and Norma Ripley was elected secretary-treasurer.

Myrna Henderson gathered information of the origin of the Wentworth clan, from 1677 to 1980, distributing one for each family.

It was voted to meet at the same place the second Sunday in August of 1981.

Gen-Tel adds new equipment

General Telephone Co. recently added 60 loop extender-voice frequency repeater combination units in the Cass City central office, according to Bob Kowalski, northeastern division manager.

A loop extender is a piece of equipment which increases the signaling range on long subscriber lines by

adding voltage to the lines. Voice repeaters which are installed between two circuits amplify the signals as they pass through the repeaters, boosting signals which have become too weak.

This \$12,200 addition was necessary at this time to supplement existing equipment in order to maintain

the required standard of service to customers, Kowalski explained.

The 1979 harvest employed some 5 million American farm workers. The same harvest, before machines, would have taken 31 million people using 61 million horses and mules.

Gruber back from cruise in Mediterranean

Navy Boatswain's Mate 3rd Class Michael T. Gruber, son of John and Eula Gruber of 6787 E. Elmwood Road, Cass City, recently returned from a deployment in the Mediterranean Sea.

He is a crewmember aboard the destroyer tender USS Yosemite, homeported in Mayport, Fla.

During the five-month cruise, the ship provided repair services to other 6th Fleet ships. Port visits were made in Malaga and Barcelona, Spain, the Spanish island of Palma de Mallorca, and the Italian cities of Taranto, Civitavecchia and Naples.

The Yosemite is 530 feet long with a crew of 1,068. It is designed to supply spare parts, food and fuel for other ships while at sea. It also has the capability of providing steam, electricity and repair facilities simultaneously for six ships berthed alongside.

A 1976 graduate of Cass City High School, Gruber joined the Navy in September of that year.
