## Tisch could cripple county road funds

Passage of Tisch Proposal D could wipe out new highway building and cripple road maintenance in Tuscola county.

Many voters erroneously think Proposal D only affects state government and that constitutionally earmarked gas and weight taxes will not be cut.

The fact is that local road and street funds will suffer drastically and motorists will face steadily deteriorating roads if voters approve Proposal D Nov. 4.

Even the author of Proposal D says it will roll back gas and weight taxes to 1978 levels, reducing state, county, and municipal road funds in Michigan by \$85 million annually on top of the 11 percent revenue decrease already resulting from dwindling gas taxes and the trend to smaller cars.

This rollback of 10 to 12 percent would cut Tuscola County Road revenues by about \$270,000 annually, which means even less money will be available to

maintain the 1,630 mile county road system in the face of continuing inflation that is increasing maintenance cost about 10 percent and construction by 15 percent every year.

In addition, the tax rollback proposed by the Tisch plan will cut local government revenues to 1978 levels, making it unlikely that counties, townships, or cities will have any funds to share in road improvements. Last year, local units in Tuscola county contributed \$1,484,000 toward roads and will be unable to do so in the future if Proposal D passes.

County road departments statewide already have cut work forces by 9.3 percent below 1975 levels.

Recognizing the need for prudent economizing, the Tuscola County Road Commission has cut equipment purchases and primary road construction.

Jim Miklovic, clerk  
Tuscola County  
Road Commission

## Drinking age should stay at 21

Dear Sir:

In 1978, the Coalition for 21 and many other groups worked hard and gave generously to secure a referendum on the ballot that would raise the legal age for purchasing or drinking alcoholic beverages to 21. The voters of Michigan passed this.

The year it has been in force has shown great benefits for our young people, ages 18-20. The State Police records show this.

Now the liquor dealers do not want to lose any business. They want the money! They are making an effort to lower the age to 19. They were not successful in getting valid signatures and financial help from young people for a petition referendum.

However, the state legislature has come to their aid and by their vote are putting it on the November ballot. They are, by so doing, saving the alcohol beverage industry much work and expense and are betraying the trust we have put in our legislators.

The liquor dealers want the money! We are concerned for the life, safety, character and future of our 19-20 year old youths.

Please vote no on Proposal B.

Sincerely,

Mrs. Leonard Dorman,  
Deckerville Road, Snover  
President, 8th District  
Woman's Christian  
Temperance Union
