Pages 1 thru 8

## License bureau to close in Caro

The Michigan Department of State last week announced the closing of the Caro secretary of state's office, effective Jan. 1.

It is one of 45 branch offices in 33 counties to be closed in order to save an estimated \$650,000.

The license plate and tab sales office, located in the Caro Municipal Building on S. State Street, is open Tues-

days and Fridays. The village hasn't been charging the state anything for rent or utilities for use of the office.

The Vassar office will be the only one in Tuscola county.

Another office being closed is the one in the Sebawaing township hall.

Secretary of state offices in Bad Axe and Sandusky will remain open.

OVERALL VIEW of the \$6 million Cass City wastewater treatment plant expansion project. Work is being done on several parts at once, ranging from the control building at left, behind trailers, bio-disc structure behind the tractor and two new secondary settlement tanks, behind the present plant at right.
