## Which is the cheaper Enamelware?

The cheap, chipped, unattractive kind with one coat of cheap enamel over an inferior tin, or a fair priced article like the ROYAL ENAMELWARE that looks rich, guaranteed perfect in every respect, and is made with two coats of beautiful blue gray enamel over heavy sheet steel. The inferior grade looks cheap and soon wears out. The ROYAL always looks rich, lasts twice as long, and is the cheaper in the end. The former is hard to clean, endangers health by chipping, soon gets leaky and upsets housewife's nerves by requiring ceaseless and unavailing scouring. ROYAL is always smooth, don't chip or peel, don't leak and is such a pleasure to keep clean that housewives who have tested it will buy no other. Being sold direct from manufacturer, we thus eliminating all middlemen's profits. Our prices defy competition.

## HIRAM R. HOWELL

Will Not Be a Candidate for Third Term.

Editor Cass City Chronicle,  
Cass City, Michigan.

Among the candidates aspiring to political honors none are entitled to more favorable consideration at the hands of the intelligent voters than is Hiram R. Howell, who seeks the nomination for Register of Deeds. Whether viewed from the standpoint of fitness for office or as one entitled to the rewards for party service, Mr. Howell has claims to first place possessed by neither of his opponents. A capable gentleman of great popularity, a consistent Republican; he adheres to the positions and precedents of the party, and assures his friends that in no event will he, if nominated and elected, be a candidate for a third term. His stand for two terms only, alone insures his support from the Republican electors of this locality. His nomination and election on his merits is as certain as the running of time.

Dayton, Michigan, July 21, 1908.

## FOR REPRESENTATIVE

James H. Millikin Announces His Candidacy.

To My Republican Friends:

Although at first inclined not to favor becoming a candidate again for public office, I now yield to the wishes of my Republican friends and hereby announce that I will be a candidate for Representative from Tuscola county in the next State Legislature. If elected I pledge myself to vote and work for a state-wide primary law, improved in its workings and for

all political parties. I beg the support of my Republican friends.  
Yours sincerely,  
JAMES H. MILLIKIN.

## GOOD OUTLOOK FOR BEANS.

Bright Prospect for a Large Crop in Michigan.

Michigan's bean crop has bright prospects of being the largest crop ever produced in the state. The acreage is known to greatly exceed that of last year. Last year's crop would have been a record breaker had it not been greatly damaged during the harvesting season by the continued rainy weather. If good weather prevails all during the season, this year's crop will more than double that of any previous year. The steady warm weather and occasional rains were in the right proportions for the rapid growth of the young seedlings.

The Michigan farmer is beginning to learn the value of a bean crop as a plant food restorer of the soil. Authorities say that there is no better crop to place in rotation with other products than the bean. It takes little from the soil that other plants need and manufacturers its nitrogen products directly from the air, thus leaving considerable plant foods in the soil for other crops.—Ex.

## A. G. BERNEY DIED AFTER LONG ILLNESS

Was Cass City Business Man for Many Years.

Funeral Was Held at the Residence in Novesta Township Thursday Afternoon.

After several years of illness and suffering, A. G. Berney died at his home in Novesta township on Tuesday, July 28.

Anson Green Berney was born March 8, 1834, in Lanark, Ontario. His early life was spent among the pioneers of a new country. During his youth and early manhood, he was engaged in lumbering. At the age of 25 years, he married Miss Mary Elizabeth Outwater and soon after they moved to Michigan. For some years he conducted a store at Pt. Sanilac. Later he moved to Cass City where he engaged in the mercantile business and grain buying.

He soon closed out his store and confined his attention to the elevator in which business he was very successful until the time he retired on account of failing eyesight. After disposing of his business at Cass City, he lived in Detroit two years and was a member of the board of trade in that city. He then returned to Cass City on his farm in Novesta township where he resided until his death. Mrs. Berney died several years ago.

A. G. Berney was a man of many good qualities and many friends only knew him to esteem him more highly as the years pass by. He was a member of the maccabee and masonic fraternities.

The funeral services were held at the residence Thursday afternoon, Rev. R. N. Suiholland officiating, and interment was made in Elkland cemetery. The following gentlemen were pall bearers: E. W. Keating, C. E. McCue, W. J. Campbell, Edward Brotherton, Lee Dickinson and Chas. Tallmadge.

## WILL BE CANDIDATE

Present Register of Deeds Gollan Decides to Run Again.

After waiting several months and refusing to admit that he would become a candidate for re-election, Register Gollan has finally announced himself as a candidate. He states that he was reluctant to enter the race until satisfied that support would be tendered him from all parts of the county. His announcement is below:

"I desire in this public way to announce my candidacy for renomination for the office of Register of Deeds, for Tuscola county, at the hands of the Republican voters at the September 1st Primary Election.

JOHN W. GOLLAN.

"During my incumbency in the office I have aimed to give the duties my constant personal attention, and see that they were performed in the most accurate, the promptest and most painstaking way possible. I feel that all will agree that I am better equipped to satisfactorily perform the intricate duties of the office now than when I assumed charge and better than any person unfamiliar with the duties could for a long time to come.

"I respectfully solicit renomination on the grounds of efficiency and faithful service and trust that I may have the support of all whom I have had business of an official character, and others who desire the records of the county kept in the most accurate manner possible."

JOHN W. GOLLAN.

## POLITICAL ANNOUNCEMENT

Timothy C. Quinn for Prosecuting Attorney.

We are authorized to announce that Timothy C. Quinn of Caro will be a candidate for the office of Prosecuting Attorney at the Republican Primaries.

Mr. Quinn came to Caro in the year 1877 when twenty one years of age, and has been in active practice of the law ever since, and during that period of time he has been engaged in practically all litigation of importance that has occupied the attention of the courts.

He has also been the Federal Counsel of the Ancient Order of Gleaners since their organization and no one has ever questioned his honesty, integrity or ability as a lawyer.

Mr. Quinn cannot be considered a politician, inasmuch as he has not attended a caucus or convention since the year 1892, his time having been taken up with the practice of his profession.

He has been a member of the State Prison Board for upwards of eight years, however, he stated to Governor Warner at a meeting of the Prison Board this spring that his resignation was ready whenever he found an acceptable person to fill the vacancy thus made.

No salary is attached to the position of member of the prison board, and during the time Mr. Quinn has been a member he has actually furnished to the state eight months of his time without remuneration.

He has been Assistant Prosecuting Attorney for Tuscola County for a number of years at the nominal yearly salary of \$300, and has participated in all important criminal prosecutions during that period.

He and his friends consider that having acceptably filled the office of Assistant Prosecutor at the small salary above mentioned that he has fairly earned the right to promotion to the office of Prosecuting Attorney, and we agree with the claims made in behalf of Mr. Quinn.

## ANSWERED FINAL SUMMONS

Miss Julia DeLong Died Thursday After Short Illness.

Died at her home in Novesta township, Miss Julia Ellen DeLong, daughter of Mr. and Mrs. Levi DeLong, at the age of nineteen years.

Miss DeLong was born in the Township of Oxford, Kent county, Ontario, on October 4, 1888. When six months old her parents moved to Michigan, settling in Novesta township. She attended the public school there and of late years has devoted her attention to the family circle where her true worth was most conspicuous.

Her illness was of short duration and continued but two weeks. All the care and love that skilled physicians and an anxious household could devise and apply for her comfort were brought into play, but the fiat of Him who rules our incomes and outgoings had been issued and the struggle ended last Thursday afternoon at four o'clock.

In the death of Miss DeLong, her friends fully and keenly realize their loss. She was a true friend and her devotion to those she loved would make a bright chapter in any life. Nothing but the thought of the loving hand that has removed her can reconcile them to her absence.

The funeral services were held at the residence Sunday forenoon. Rev. W. H. Clough of the Baptist church spoke words of comfort to the sorrowing friends. Interment was made in Elkland cemetery.

Besides her parents, two sisters, Mrs. G. E. Reagh and Mrs. John Dickinson, both of Cass City, and two brothers, John and Daniel DeLong, of Novesta, survive.

John McKay, of Muirkirk, Ontario, and Daniel McKay, of Ridgetown, Ont., both uncles of the deceased, were present at the funeral services.

## MICHIGAN CROPS

### REPORTED GOOD

Many Yields Are Better Than the Average.

Reports Received by Farmers' Handy Wagon Company Indicate Such Conditions.

While crops are looking fine in the vicinity of Cass City, and in fact, throughout the "Thumb" country, and farmers have been well satisfied with the hay and wheat harvest, it is encouraging to hear like reports from all parts of the state.

Good crops throughout Michigan with many yields better than the average, are indicated in reports to the Farmers' Handy Wagon company of Saginaw.

This company through its customers has received definite statements of conditions from various points in this state. With the buying practically over, correspondents are almost unanimous in summarizing the crop from good to heavy.

Recent showers which came just in time, have given corn a decided boost, and the prospect is for a good yield, although the corn is generally late. Flint says: "Corn is late but good color;" Fenton that it is "extraordinarily advanced;" Owosso, that it "Never looked better;" Clifford, "A good average;" Reed City, "About ready to tassel;" Mt. Pleasant, "More promising than in years;" Clarkston, "Especially good;" Bad Axe complains of cut worms, and Deckerville of grubs. Somewhat discouraging reports on corn come from Capac, Scotts, Pigeon and Coopersville.

Wheat and other grains run fair to good. Utica reports that wheat, rye and oats are good and there is "no reason on earth for any farmer to kick." Owosso says, "Wheat and oats never looked better;" Jackson says "Oats are heading out very short to straw but think there will be more bushels to the acre than last year." Northville, "Crops are the best we have had in years. Everything looks good." Kinde, "Crops generally speaking are the best they have been in a number of years."

## VASSAR MAN DIED IN SAGINAW

S. Blackmore Passed Away in St. Mary's Hospital.

Vassar citizens were shocked Monday morning to learn of the death of S. Blackmore in St. Mary's hospital, Saginaw Sunday evening. Friday Mr. Blackmore went to Saginaw to consult Dr. H. M. Lach. He registered at Wright's hotel and remained there until Saturday morning when he evidently made his way to the P. M. depot. He also evidently became exhausted when near the depot and went to the Ferguson house where he registered and went to his room. There he remained until Sunday morning, when he was found by James Blackmore, Jr., who was in Saginaw in search of his uncle, who had not returned when expected. He was at once removed to St. Mary's hospital. He never regained consciousness. His wife and daughter were notified Sunday of his condition and left on the first train, but arrived too late to

see him alive. His son, John Blackmore, is in the state of Washington.

S. Blackmore was born in Ireland 54 years ago, and when three years of age removed to this country, settling with his parents near London, Ont. In 1870 he came to Michigan and since his arrival in this state has done much towards making himself a mark in the world. Mr. Blackmore was a member of the Masonic, Forester, Maccabee and Elk lodges and was much beloved by all who knew him. For years he had a fine string of racing horses and made a success from this enterprise where many others failed. He is survived by a wife, one daughter, Miss Beulah, at home, and one son, John Blackmore, who is a musician, having a studio at Seattle, Wash.—Bay City Tribune.

## DWIGHT MICKLE

### WANTS TO KNOW

Pertinent Questions by a Citizen and Taxpayer.

Judge of Probate John M. Smith Is Requested to Answer Publicly.

To John M. Smith, Judge of Probate, for Tuscola County:—

Dear Sir:—I read in the various papers of the county your announcement of your candidacy for a third term as Judge of Probate. If you are successful in securing another term it will make sixteen years County Office that you will have had since you came into Tuscola county which I am informed was about twenty-five years ago.

I read the following paragraph from your announcement which I here quote word for word as follows:

It is true that I have held office for some time—four years as Register of Deeds, 1892-1896, and now on my eighth year as Probate Judge—but is not the experience acquired during that time of some value to this county? In all that time can anyone point to a breach of trust or a neglect of duty?

Have I not a right to ask those who are asking for a "change" to be specific and point out what change they would recommend in my conduct of affairs that would be of benefit to the public?

I am a taxpayer of the township of Novesta and my farm will be subject to assessment for the general spread of the expense and costs of the drain known as the "White Creek Drain." I give herewith a true copy of a letter from Drain Commissioner John W. Smith of Sanilac county, who performed the operation upon your bill which reads as follows:

Sandusky Mich., July 27, '08.  
Dwight Mickle,  
Novesta, Mich.

My Dear Sir:—In reply to your favor will say that at a meeting of Mr. Harp and myself, held in my office, the several bills against White Creek Drain came up for consideration, and among them was a bill of John M. Smith for probate fees amounting to \$725.00.

It being more than twice as much as our Judge of Probate charged for the same work, I took the stand that it was unjust and exorbitant and should not be paid.

Mr. Harp asked me to call up the Judge and I did so; the Judge telling me that it was just, fair and legal, and that he would insist on its being paid, and I closed the talk by stating that I would never o. k. it unless by a decree from the circuit court and it was dropped for that day.

Some time soon after I met Mr. Harp at Marlette and Judge Smith came over and still insisted on being paid \$725.00, which I refused to do. He then agreed to accept \$305.70, which he had previously made an itemized bill for, stating at the time that if he did not get the balance, (about \$420), that Mr. Harp was entitled to it, but Mr. Harp explained he had done nothing for it in any way. The Judge was then issued an order for \$305.70.

This covers all the matters of which you ask, and if not, I will gladly explain further, and will say that these accounts are on file in my office.

Trusting I have given you the desired information, I am,

Yours very truly,  
John W. Smith,  
Co. Drain Com'r. Sanilac county.

Now, Mr. John M. Smith, will you please answer the following questions as to why it was that your bill of charges for your services in the "White Creek Drain" proceeding was upwards of \$725.00?

Why it was that the Drain Commissioners cut the bill over \$419.00?

Was it because your bill was extortionate or was it because you did not know the law governing your fees in such cases?

If it was because you were not familiar with the law then will you tell the people of Tuscola county how much longer you will have to be Judge of Probate before you become familiar with the law governing your charges?

Please answer these questions through the press and oblige,  
Yours truly,  
DWIGHT MICKLE.

WARNER'S CHASE THROUGH MICHIGAN.

While watching, through the daily press, the whirlwind campaign which Gov. Warner is making at present, one is reminded of the following little rhyme:

"Not the quarry, but the chase, Not the laurel, but the race, Not the hazard, but the play, Make me, Lord, enjoy alway."

The Governor is in the race, and it is a chase, with no let up, until every county has been covered throughout the state. It's play to him and he enjoys it. He reminds us of a hound who has caught the scent of the fleeing hare, bending every energy to catch his prey.

He has caught a vision, and that vision is his goal toward which he is pressing with all the power at his command. Some people say that Mr. Warner is making the mistake of his life. That's to be seen. Most men, it seems to us, are too much afraid of making mistakes. We like men of the Warner type, who have the dash, the energy, the warm blood in their veins, to make mistakes.

Timidity never accomplished anything in this world. Faith is the main spring of enterprise. Mistakes make the game interesting. They lift it above the dead level, stimulate imagination, and keep hope young. Governor Warner may not realize the goal of his ambition, but the people of Michigan will be the wiser and the better for having come in touch with a man who has faith in himself and his leadership.

JOHN D. ROCKEFELLER SMILED.

It is reported that when John D. Rockefeller was informed of the decision in the Standard Oil case, imposing a fine of \$20,240,000 for rebating, had been reversed by United States court of appeals, he actually smiled.

Well may he smile for he is credited with a fortune of \$1,000,000,000. He is the chief stockholder of the Standard Oil company. He has controlling interests in more than half a dozen other corporations of enormous dividend earning capacity.

In addition he has heavy minority interests in nearly a score of other rich enterprises. According to Chicago reports Mr. Rockefeller has controlling interests in the following corporations:

Table listing corporations and their values: Standard oil... \$780,000,000; Almagamat copper... 127,500,000; Calumet and Hecla... 11,250,000; American Linseed... 1,172,000; Corn Products Company... 4,936,000; St. Paul Railway... 145,280,000.

He has heavy minority interests in United States Steel, Colorado Fuel and Iron, United States Leather, Consolidated Gas, International Harvester, New York Central, Pennsylvania, Missouri Pacific, Wisconsin Central and others.

Among the officers of all these corporations the name of John D. Rockefeller figures only once—as president of the Standard Oil Company. In his many other interests he is represented by his son, John D., Jr., and brother, William Rockefeller.

No one can guess how many names of confidential clerks do service in this capacity. Well may he smile, while many of his fellows hardly know where the next dollar is coming from.

BISHOP POTTER STILL LIVES.

The most remarkable statement of the angel: "Blessed are the dead which die in the Lord \* \* \* and their works do follow them" may also be applied to Bishop Henry Codman Potter, who recently passed from time to eternity.

It is true he made a big blunder when he "blessed the bottles" in an attempt to sanctify the Subway Saloon in New York; but who is free from blunders?

Jesus said to the accusers of the woman who was taken in adultery, "He that is without sin among you, let him first cast a stone at her." No doubt this cost him many friends, and from the sanctimonious corner the finger of scorn will be pointed at him for years to come.

However that detracts little or nothing from the real worth of the man. He was a man full of good works. Sympathy with our common humanity was in him a religious passion. He had a constitutional love of freedom and an intense sentiment of justice, and they together influenced his public acts. He loved and honored human nature; he feared and revered his Maker; he accepted Christianity in all its power; he believed in American Institutions; he believed in the Church and its permanency, in its ordinances and its ministry.

Bishop Potter will live because of his stainless purity of life, his unswerving rectitude of will and his devotion to the higher interests of humanity.

Floating Eggs of Fish.

Among the fishes which produce floating eggs may be mentioned the cod, mackerel, bonito, cusk, haddock, many of the flounders, etc. A very curious and interesting contrivance for causing eggs to float at the surface which otherwise would sink to the bottom is that resorted to by the beautiful paradise fish of China. The male fish constructs a floating raft by expelling from his mouth bubbles of air coated with a fatty secretion, which, collecting on the surface, cling together until a raft of viscid scum several inches in extent is formed. After the eggs of the female are deposited and fertilized on the bottom in the usual manner the male collects them in his mouth and ejects them into this frothy receptacle, which he keeps in constant repair and preserves its buoyancy by additional fatty bubbles until the young are hatched, which occurs in two or three days. Another method of floating the eggs is that of the loquax, or gooselish. The eggs, numbering some 50,000, are enclosed in a ribbon shaped, gelatinous mass about a foot wide and forty feet in length, which floats at the surface until the eggs are hatched.

The native country of the grapevine is the region around the Caspian sea extending through Armenia and as far west as the Crimea. The grape has been cultivated from the remotest antiquity, being mentioned in the Hebrew Scriptures and in all of the most ancient writings.

# UNCLE SAM IS INVESTIGATING

## Customs Office at Port Huron Being Probed.

### DEPUTIES ARE QUESTIONED.

It is Alleged That They Gave Liberally to Campaign Fund—Local Resident is Believed to Have Made the Complaint—Collector Avery Hurries Home From Outing—Most of the Local Inspectors Were Quizzed.

Port Huron, Mich., July 29.—It has just become generally known that for four days the local customs department, at the head of which is Collector Lincoln Avery, has been receiving the attention of the department at Washington through Inspectors McIlhenny and Doyle.

Most of the forty-two local inspectors and other employees of the customs department have been on the carpet, and it is openly asserted that the investigators will have something of a startling nature to report as the result of their findings.

The main object of the visit of the inspectors, it is believed, is to investigate the charge made to the department by a local resident to the effect that each of the employees of the department has been for months past giving up \$7.50 for a campaign fund. Just how long it has been going on is not known.

It is openly asserted that the investigation is the result of a complaint by a local man who was barred out of a convention and who is in a position to know whereof he speaks.

The members of the customs service have all been warned against talking about the investigation.

When Collector Avery left for Higgins lake Saturday morning to spend Sunday with his family, he was not aware of the fact that the inspectors had been in the city for several days, but when he was notified of their presence in the city he returned at once.

### ESCAPES FROM PRISON.

**Fred Collins Gets Away From Jackson For Second Time Within Year.**  
Jackson, Mich., July 29.—For the second time within ten months, Fred Collins, a Detroit convict, has made his escape from the prison. He was employed in painting on the east side of the prison and, left alone for an instant, disappeared up an alley and vanished.

Collins was set to work with O. A. Campbell, a local painter. Campbell had been sworn in as a special deputy, with orders to keep a close watch on Collins. The men had gone to fill their pails, the paint being kept near the greenhouse, on the east side of the penitentiary. Collins filled his pail first and started back. He disappeared around the corner of the greenhouse, then ran inside. When Campbell had filled his pail and started back to search for him, Collins ran out of the greenhouse, in which he had found a slouch felt hat, for which he had exchanged his prison cap. Campbell gave pursuit, but soon lost track of the man.

**Returns to Find Wife Married.**  
Ann Arbor, Mich., July 29.—Ten years ago David Porter sold out his confectionery business in Ann Arbor and, after shipping his family and household goods to Detroit, left for Cuba to make his fortune. Misfortune was his lot at first, and he got work on a sailing vessel. His letters to his wife were unanswered. Recently he decided to come back and find his wife and four children. He learned that Mrs. Porter had never received his letters and, after waiting five years, obtained a divorce and is now happily remarried. Porter says he will not attempt to break it up, but will return to Cuba after visiting his children.

**Robber Posed as Author.**  
Muskegon, Mich., July 29.—Sheriff Clinger has made public the story of a neat gentleman crook and gambler, who, while mingling among the guests at the fashionable Lake Harbor hotel and posing as an author from Indiana about to produce a new novel, robbed guests of valuables amounting to nearly \$500. He registered as Louis Greunburg of Chicago.

**Prominent Man Dead In Bed.**  
Holland, Mich., July 29.—John Roost, one of the best known residents of this place, was found dead in bed by his sister. It is thought that he died from the effects of an overdose of chloral. He was president of the Offset Handle Wrench company of Chicago and was formerly city clerk.

**National Guard Resignations.**  
Lansing, Mich., July 29.—The following resignations have been received by the military department: Major Daniel J. McDonald, Cheboygan, brigade commissary; First Lieutenant C. Russell Smith, engineers, Calumet; Lieutenant Wilbur Westerman, Company L, Adrian.

### GRAND RAPIDS WINS.

Hydraulic Company Wiped Out By Supreme Court Decision.

Grand Rapids, Mich., July 28.—A decision of the state supreme court, just handed down, wipes out the Grand Rapids Hydraulic company—its charter privileges—and terminates litigation of many years' duration. This is a privately owned concern. The city water plant is left sole occupant of the field.

The Grand Rapids Hydraulic company was an outgrowth of a concern chartered in the early days of the city, the old concern being a gravity company, which was empowered to bring down into the city, through wooden mains, water from wells. At least, the hydraulic company has always claimed that its rights arose through this earlier charter. Eastern capitalists got hold of the old charter and established a station at which water was pumped from wells. The contention on the other hand has been that the hydraulic company was not a legal successor of the old company. A recent act of the legislature wiped out the charter on the score that the company had not lived up to the requirements of it; the circuit court upheld the act, and the supreme court concurs.

The Grand Rapids Hydraulic company pumps from its wells from 1,000,000 to 2,000,000 gallons of water daily. The city plant pumps from the river from 14,000,000 to 18,000,000 gallons.

The hydraulic company has been in the hands of a receiver, and its plant had run down, but recently extensive improvements have been made. Probably the city will take over the company's physical property, before the improvements valued at about \$140,000, and utilize it where it does not duplicate the existing city system.

### Found Body During Mother's Funeral.

Muskegon, Mich., July 28.—While the funeral services of Mrs. Nellie Sprague were being conducted at her home here, a boy suddenly rushed in with the tidings that the body of her son, Arthur Sprague, had been found in the woods near Lake Harbor. Four women, relatives of the family, fainting, and the funeral rites had to be stopped until they were revived. A sheriff's posse, which had been searching, found Sprague's lifeless form lying in a lonely clump of woods with a revolver clutched in one hand and a bullet in his brain. He had ended his life just as he had said he would in the letter that he left behind when he disappeared. "I am going to put a hole in my head with a little piece of lead," was the way his last communication read. It is believed that he was demented. His mother, almost distracted with grief, was run down and killed by an automobile.

### Pleads Guilty to Murder.

Calumet, Mich., July 27.—"I am guilty because I was driven to do it," was the reply of Tom Williams when examined before Justice W. T. Fisher on the charge of murdering his wife, Eliza Williams, the night of July 11. Williams is believed insane. The accused, early in the spring, was given \$350 by his wife to pay as a deposit on a liquor license, but he took the money and made a trip to England. This estranged him from his family, and on his return home his wife would not allow him to enter the house. He procured a revolver and shot her, killing her instantly.

### Pat Arrests Himself.

Detroit, Mich., July 28.—Pat Reynolds had compassion in his heart for the poor policeman. Pat likes to see the city affairs run smoothly. So when the kissed the lips of the flowing bowl one too often he wandered to the nearest telephone, called the wagon and laid him down to sleep on the sizzling pavement. When the patrol wagon arrived, he roused himself, telling the officers that he was waiting. Sentence was suspended by Justice Jeffries.

### Blueberry Crop Small.

Marquette, Mich., July 27.—Contrary to earlier reports, it appears now that the blueberry harvest in upper Michigan will fall materially below the normal this season. The fruit is plentiful in some districts, but in others the crop is almost a total failure, the frosts of the late spring having killed the blossoms. The monetary loss is well in the thousands.

### Cuts Throat With Bread Knife.

Jackson, Mich., July 28.—With a deep gash cut in his throat, Joseph Mesch, aged twenty-seven years, was found lying unconscious on the floor of Carmichael's bakery, where he was employed. He had attempted to end his life by cutting his throat with a bread knife, but missed one jugular and will probably live. He was twenty-seven years old and came here from Chicago three months ago.

### Allegan Boy Drowns.

Allegan, Mich., July 28.—Donald Born drowns in the Kalamazoo river here while bathing. He had just learned to swim. He was with a party of friends, and ventured too far, becoming exhausted. Born was graduated from the Allegan high school this year and was valedictorian of his class. He was the eldest son of E. D. Born, past president of the National Protective legion.

### Train Left Track.

Sault Ste. Marie, Mich., July 28.—Twenty persons were injured, none seriously, when the Soo line train No. 86, from Minneapolis, left the track four miles from here and plunged into a ditch. The cause of the accident has not been determined.

The reports show that there was removed in that period from the canal prism and accessory works 40,938,575 cubic yards of material. In the fiscal year 1908 the total excavation was 27,879,375 cubic yards, or about 66 per cent of the total amount taken out by the Americans.

### Walker Gets Long Sentence.

William F. Walker, the former treasurer of the Savings bank of New Britain, Conn., pleaded guilty to four counts in a long indictment charging him with embezzlement of securities of the bank. A few words from District Attorney Alcorn, and then Judge Shumway pronounced the sentence, which in its extreme penalty means twenty years behind the walls of the state prison at Wethersfield. The four counts represented an embezzlement of bank property amounting to \$470,000. Walker was taken at once to state's prison. He is now sixty-five years old.

### Tragedy in Toledo.

Returning to his wife's home in Toledo, O., after an absence of sixteen years, Louis Armour, aged fifty, murdered the woman, fired a bullet at his daughter and tried to commit suicide. The revolver falling him, Armour disappeared and is now being sought by a posse of police and citizens. Jealous because of the success of his family and the refusal of his wife to take him back to her home are attributed as the cause of the shooting.

### Want Taft Banner Down.

Lincoln (Neb.) Democrats will try to have a Taft banner, hung over the main street, taken down on the day that Bryan is formally advised of his nomination. The banner, which proclaims that Taft will carry Nebraska, has been an eyesore to local Democrats since it was hung. A week after it was placed the banner was burned and partly destroyed. It has since been rehung.

### Hisgen Nominated.

At Chicago, Tuesday, the Independent party nominated, for president, Thomas L. Hisgen of Massachusetts, and for vice president, John Temple Graves of Georgia.

The above ticket was early this morning nominated by the Independence party at its first national convention.

The friends of Mr. Bryan made an effort during the night session to bring his name before the convention, and the man who attempted it narrowly produced a riot and narrowly escaped physical violence at the hands of indignant delegates.

The man who sought to place Mr. Bryan in nomination was J. I. Shepard of Fort Scott, Kas. He did not succeed in his mission, for, being called to order by the convention and questioned by Chairman Charles A. Walsh, he admitted that it was his intention to name Mr. Bryan. That was the first and last time he mentioned the name of the Democratic leader. He was promptly ruled out of order by the chairman, and, under the guard of several sergeants at arms, he was hustled out of the hall, while some of the incensed delegates vainly attempted to strike him with fists, and one of them swung at him savagely with a cane.

The nomination of Mr. Hisgen was made on the third ballot, his chief competitor being Milford W. Howard of Alabama and John Temple Graves of Georgia. Reuben R. Lyon of New York received a complimentary vote on the first ballot, and William Randolph Hearst had forty-nine friends who voted for him on the first two ballots.

The nomination of Mr. Graves was made unanimously, all the other candidates having been withdrawn.

### Mob Burn Negro at Stake.

"Tad" Smith, a Dallas (Tex.) negro, eighteen years old, charged with attacking Miss Viola Delancey at Clinton, Hunt county, was captured by officers. He was taken before the young woman, who identified him, and hurried towards the Greenville jail. A mob of citizens overpowered the officers and dragged the negro away. Fagots were piled up in the public square in Greenville and Smith placed on them. Kerosene oil was poured on and a match applied. The negro slowly burned to death while 1,000 people looked on.

### Carnegie's Auto In Collision.

The three were badly shaken up and suffered bruises and scratches. Medical aid was summoned for Mrs. Carnegie. Word from Skibo castle later, however, reported her as resting comfortably. The impact of the collision was of such violence as to throw the occupants of both cars into the road. Both machines were badly wrecked.

He believes he can appear in public with the utmost safety.

### TOMMY'S HONEY CAKE.

Y MA, she's just the greatest Ma. 'At ever you did see. She took and made a Honey Cake, Especially for me.

We swiped the honey from a tree Down in our pasture there, A cup of that, and sugar, too, Was all 'at Ma could spare.

One-half cup butter and two eggs, Some dandy caraway seeds;

Some baking powder and a pint Of flour, too, she needs.

She bakes it half an hour or so, And it's the boss for me; But once—guess what? Our minister Dropped in for Sunday tea.

I tell you I was mad; I knew That minister would get it, And so I took that cake and ran, And all alone—I eat it!

### Tipsy Cake.

This is a favorite English dessert, and is a happy medium between cake and pudding. It needs no cream in serving. Take plain sponge cake and stick it full of almonds; pour over it as much white wine as it will absorb; put it in a deep dish and let stand one hour. Make a soft custard and pour over the whole. This is, good made of cookies or "cup-cakes," and served individually.

### Stuffed Beefsteak.

This is as nice for dinner as an expensive roast, and can be prepared from the cheaper cuts—flank or round. Pound it well, season with plenty of salt and pepper; then roll it up, with a nice dressing of bread crumbs and eggs. Tie it closely with twine; skewer two or three slices of salt pork on top—add a very little water, place in the oven and bake. Baste frequently, and if it browns too rapidly, cover with a dripping pan. This is very good sliced cold.

### HOMELY GOSSIP.

Onions keep best spread carelessly out on the floor.

To keep lemons, cover with cold water, changing it often. This makes the lemons more juicy, and they will not spoil within a reasonable time.

Apples or potatoes should be kept on open, easily accessible shelves, so that the decaying ones may be at once disposed of. In this way the good ones may be saved from contamination.

To the woman who makes her own soap, it may be well to say that fat for soap grease should never be put away until it has been thoroughly fried. Soap should boil from the side, and not from the middle, as it is then the less likely to boil over. Soft soap should be kept in a dry, cool place, and is better if allowed to stand two or three months before using.

### KING GEORGE'S DUMPLINGS.

KING royal George was England's king, And ruled o'er all the land, The riddle of this good-by dish, He couldn't understand.

"How do you get the apple in?" Pray tell me that," said he, He should have studied this receipt, It clears the mystery.

With two spoons baking powder, sift One and one-half cups flour;

Work in one teaspoon butter, and One-half cup milk—not sour.

Roll out the dough one-half inch thick, Meantime have apples pared, And wrap each apple in the dough—As thin as can be spared.

Four sugar over all, until it's thoroughly dissolved; Then steam one hour—shades of King George; The mystery is solved!

### Afternoon Teas.

A dainty sort of cracker-cake is made in the following manner. Mix a tablespoonful of sugar and the white of one egg. Add one-half cup of English walnuts, ground fine. Put a spoonful each on small salty crackers, and quickly brown in the oven. This may be served with either coffee or chocolate.

### Canned Currants.

Allow a pound of sugar to every one of fruit. Stew them gently for 20 minutes. Add the sugar and shake the kettle often to make the sugar mix with the fruit, but do not let it boil. Keep it very hot until the sugar is well dissolved, then pour in jars and seal covers at once.

### Onion Gruel.

This is a palatable soup and especially recommended for those suffering from colds. Boil a few sliced onions in a pint of fresh milk. Stir in a very little oatmeal and a pinch of salt. Boil until the onions are tender and take, on going to bed, as hot as possible.

Th' kind o' heart disease thet Old Dad hez got now over th' loss of his money is th' only kind o' heart affliction knowed t' be fatal, an' Dad aint no better'n could be expected at this writin'.

Aunt Ann Biggins hev got sum new store hair that is causin' considerable qui vive among th' feminine portion of this beautiful gem of the Cedar. Aunt Ann sez as soon as Uncle Ezra gits so he kin do a neater job o' tynin' on, nobody won't know it frum her own nateral born hair.

Squire Hickson who put away his wife a few years ago t' marry his stenographer affinity, died yesterday in Chicago. Sum folks sez he will now git his punishment, but as nigh as I kin find out from hearing about her an' seein' her once, th' squire hez had punishment sufficient an' hez now got his release. Th' only thing th' puzzles me is if Hickson goes t' Heaven, won't he be mighty embarrassed at meetin' his first wife there?

Sum dastard bruk intew H. Bingham's garden patch tother night an' et up half his onions. H. lays it onto sum of them city boarders over t' Lakeville. He sez nobody but a seeker after th' simple life would eat so gorn darn many onions in one night. Them simple life folks is allus over-doin' things.

Unknown parties stole a jug of liquor from Wickson's storehouse last night. This morning Pete Boughman was fuller'n a goat. The names of all arrearsages to this paper will be printed in full next week. We can't pay paper bills with taffy no longer. We mean business!

### The Electric Fan.

What a merry, merry buzzing has the cool electric fan As you punch the old typewriter in the wild poetic scan. How it blows upon your temples and disperses the heated sway, As it whirls in merry motion through the torrid hours of day!

What an awful, awful faintness comes upon you as you sit And peruse a dunning letter that advises: "Please remit." Once again you feel decided that you've been a trifle skinned! And you realize, as ever, it comes high to raise the wind!

### Candidate for Bill Club.

Since making a recent visit to Missouri, I have decided to join the "Bill Club." Technically, no man whose front name is not "William" can join this recherche organization. The fact that my last name is Williams, however, ought to give me at least two memberships in the "Bill" class. If William is one "Bill," Williams ought to be at least two "Bills". On second thought, I think I'll be president and treasurer. Howdy, Bill!

### On the Wing.

Every time a man loses a combful of hair, he edges up one seat nearer to the front of the stage.

The man who is sincere, is earnest. The man who is earnest without sincerity, seldom convinces his customer.

The man who builds his fame upon the ruins of another's name will find the foundation of his success a future source of worry and danger. Ruins of whatsoever character are never safe for the superstructure of another edifice.

Spend a dollar of that good, easy money you got a while ago in adding a little to your own or somebody else's pleasure, and stop knocking about the hard times. People in this locality don't know what even one day of actual hard times means, and wouldn't if they didn't raise a spear of anything this year.

Every little while we hear of stock being killed in the pasture during a thunderstorm by being struck by lightning communicated from wire fences. This danger can be entirely eliminated by affixing a wire to one post in every twelve or fifteen, in such manner that one end will be buried in the earth, while the other has contact with each strand of wire on the post. This affords a perfect ground by which the electrical charge passes harmlessly to the earth.—Ex.

ANCHORED.

The "Skidoo" a-waiting lay In the harbor of Bay Port, A dead calm rested on the bay, A day for any sport. When little Ike, the banker's son, A boy both brave and good, A boy who all our hearts has won, As no one ever could. For Register of Deeds

WILLIAM H. DAVIS

WILLIAM H. DAVIS, candidate for Register of Deeds of Sanilac county, is a well known and popular citizen of that county and for some years past a resident of Crosswell.

No man has rendered the Republican party more efficient service than Mr. Davis. For the past twenty-five years he has been a steady and consistent worker in its ranks. He has never been "loud," never considered himself "It," but nevertheless has done most effective work for friends who sought official promotion, ably assisting them to achieve success honorably and legitimately.

Never before has he sought a county office, although many times urged by Republicans of influence to do so.

He has never been a "ringster," but a man of the people, who stood up bravely for the people, and by the people to-day he is most highly esteemed.

Realizing that a "good name is better than riches," Mr. Davis has ever been a man of character and worth. He is noted for his honesty of purpose, fidelity in the discharge of every duty and trust, and what success he has achieved has been honorably and legitimately won.

His canvass so far has been very successful. He is not spectacular, yet his work is effective and lasting. Where his character is intimately known his virtues are amply appreciated.

There is a widespread opinion that Mr. Davis as Register of Deeds would show executive ability, untiring energy, incorruptible integrity, and that his strict attention and devotion to the duty and to the interests of his office would inspire the respect and confidence of his fellow citizens.

The signs of the times are favorable to Mr. Davis' cause. His work would be done with a directness that would reflect honor upon himself and his constituency.

# Let us Raise YOUR Salary

The difference between \$7.50 and \$25; \$8 and \$30; \$10 and \$40; and so on up the line is the proved difference between the salaries of men before and after receiving I. C. S. training.

It's a fact. The International Correspondence Schools have thousands of unsolicited letters telling of exactly such increases in salary as a direct result of this training. Every month there is an average of 300 men who voluntarily report success attained through I. C. S. training.

Wouldn't you like your salary raised? Wouldn't you like a more congenial position? Wouldn't you like to be successful? Then mark the coupon today.

Everything nowadays is on the rise. Clothing costs more; the butcher charges more; the groceries are away up. And the end is not yet. In fact, everything is going up except the salaries of untrained men.

But there's always a good paying position for the TRAINED man. You know that.

Then why not let the I. C. S. help you? It doesn't matter where you live, what you do for a living, or how little schooling you may have had. If you can read and write, the I. C. S. has a way to help you to success--in your own home--in your spare time--without requiring you to give up your present position. Mark the coupon today.

The I. C. S. method will quickly enable you to earn a much higher salary at the occupation of your choice--just as it has enabled thousands of other poorly paid but ambitious men to succeed.

You need not leave home or your present work; only your spare time is required. Mail the coupon today--the I. C. S. will gladly explain it all without charging you a penny.

**REMEMBER:** The Business of this Place is to Raise Salaries.

They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of a per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER; and enclose this advertisement. We will also send one nickel plated brass hand pump. Tires to be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

**IF YOU NEED TIRES** Hedgehorn Puncture-Proof tires on approval and trial at the special introductory price quoted above; or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices. **DO NOT WAIT** or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

**FORDNEY A STRONG MAN IN DISTRICT**

**Respected in Washington as a Square, Hard Fighter.**

**Should and Will Win Easily at the Primaries Thinks Corunna Attorney.**

The Owosso Press-American says:—"John T. McCurdy, the Corunna attorney, who has traveled extensively for the past year, especially in the east, commented Thursday on the fight for the Republican nomination in the eighth district. He is a great admirer of Mr. Fordney and believes the Saginaw man should and will win easily at the primaries.

If the people of this district could know, he said, how strong Mr. Fordney is in congress and how highly he is regarded in other parts of the country, not even a small percentage of them would be chasing a new man who has to learn all the ropes at Washington, if nominated and elected, before he would be of any use.

He is respected in Washington as a square, hard fighter, one who is consistent on all points in his contentions and his winning out as he did has earned him admiration from the powers that be clear up to the President, since Mr. Roosevelt admires nothing more than a good sturdy fighter.

The Congressman's friendship with Mr. Sherman and Mr. Cannon should certainly cause the people of this district to give their united support to him, for he can do more for this district than anyone else."

**RESOLUTIONS ADOPTED BY CLINTON CO. CONVENTION**

At their convention March 10, 1908.

We wish to signify and affirm our continued confidence in our Congressman, Hon. Joseph W. Fordney, who has been signally successful in securing all needed legislation for his district, besides having won the confidence and esteem of his associates, and we heartily congratulate him upon his appointment as a member of the Ways and Means committee, the greatest committee of the House of Representatives of the United States bringing to the 8th district and the state of Michigan the assurance of a part and voice in important legislation that the state has seldom enjoyed.

Signed WILLIAM M. SMITH, J. W. FITZGERALD, A. M. BIRMINGHAM, Committee

The second member of the above committee is John W. Fitzgerald who is now making an effort to defeat Mr. Fordney at the primary on Sept. 1. Why has Mr. Fitzgerald so changed his mind in such a short space of time?—Fairgrove Enterprise.

**Political Palaver**

W. H. Davis who in his capacity as representative of the DeLaval Separator Co., visits every part of Sanilac county says that the prospects for his nomination as register of deeds, looks very flattering. Mr. Davis is making the kind of canvass that is bound to bring good results.—Jeffersonian.

**A. L. JOHNSON BUYS A BURRO**

**Says He Purchased the Animal for His Son.**

A. L. Johnson, the egg dealer, has purchased a mountain burro from C. N. Meidlein of Kingston. If you see a man coming down the line on a long eared animal you will know it's Johnson.

Archie claims that he purchased

the burro for his son, but neighbors say that the boy's father is getting as much amusement and pleasure from his purchase as anyone.

The Chronicle devil fished out the accompanying "stock cut" from the office relics and claims that the picture was taken on the race track and that Arch is tracking the beast for the fall races. It may be true, but you better ask Johnson.

**THUMB NOTES.**

Braman's Band, of Reese, has been entered for the big tournament at Lansing, Aug. 26-27.

The Thumb Masonic Picnic association, will hold its annual picnic at Bay Port, August 5th.

Miss Ruby Taggart, of Caro, has been engaged by the school board to take the primary department in the Marlette schools during the coming year.

The work of paving Crosswell's streets with brick which was begun the 29th of last August has finally been completed and the city now has about 13000 yards of fine pavement, making a stretch of about three-quarters of a mile in length.

Monday evening a number of Pigeon young men held a meeting and organized a base ball team with E. W. McMurray as manager and Charles Kleinschmidt as captain. The boys have commenced putting themselves in shape and it is expected that in a couple of weeks the team will be in a position to put up a good article of ball. This team is composed entirely of home players.

Lexington has planned for an improvement association. The following agreement was signed by 53 business men and citizens: "We agree to help with our energies and our subscriptions in the organization and the operation of such an association. We also agree to be present at a meeting at the town hall on Tuesday, July 28, at 7:30 p. m. for the organization and election of officers to such a club."

H. T. Trumble printed the last issue of the Sebawaing Review last week and will move his plant to Pigeon where he will publish the Huron County Review. Commenting on the change the Sebawaing Blade says: "As pretains to the local field, Sebawaing never in her history was sufficiently large to maintain two newspapers, that is, so that both could be conducted on a paying basis. With only one paper here the merchants, the surviving paper and the people are to be benefitted to such a degree that conditions will have become improved for all concerned; first, the merchants, in that they can devote their entire advertising to one paper, thereby covering the field more thoroughly; second, the publisher, who can equip his shop with facilities for getting out a better paper, thereby benefitting the people at large—his subscribers, who are the backbone of his existence, and to whom he owes the right to live and do business."

**"AT HOME" TO CANDIDATES.**

A German farmer up in Deleware township has the following notice posted on his front gate:

NOTICE TO ALL CANDIDATES:  
On account of the scarcity of labor I cannot afford to spend more than one day each week with candidates and have concluded to spend each Monday with them. Will listen to the candidates for prosecuting attorney from eight a. m. to 10; to candidates for judge of probate from 10 to 11:50; to candidates for representative from 1:30 to 3:00; to candidates for register of deeds from 3:00 to 9:00. I shall strictly adhere to this rule for the next 60 days, and any candidate who approaches me on any other day may never again be heard of for I am near the lake and have a box of dynamite cartridges on the premises.

Yours,
