BALL GAMES AT CASS CITY FAIR

**SPLENDID LINE OF SPECIAL
FREE ATTRACTIONS.**

Include Gus Henderson, Shaft & Shaft, Burns, Brown & Burns and Stone's Famous Band.

Gus Henderson heads the list of special free attractions at the Cass City Fair, Aug. 20-23. "Gussie" does some daring acrobatic feats, but the stronghold of his popularity at the many big fairs where he has appeared as a special feature is his ability to "rube" the grounds and create bushels of amusement with his laugh provoking stunts which will be delightfully amusing to the thousands of fair visitors.

Shaft & Shaft are top notchers in their chosen line of entertainment and have made such a favorable impression upon the officials of the Kansas and Nebraska state fairs that the secretaries of these two institutions write that the Shaft & Shaft performances were satisfactory in every respect and gave patrons of those fairs much pleasure. Shaft & Shaft introduce a comedy hay wagon performance filled to the brim with clean, innocent fun-making stunts.

Burns, Brown & Burns provide further entertainment in a grotesque comedy bar act.

Fourteen pieces of Stone's Famous Band and Orchestra of Detroit will provide plenty of music during the fair. The Stones are known all over Michigan as a high-class organization of musicians. They will render splendid concerts of popular and classic music each day and in addition will furnish a quartette of vocalists who will assist in entertaining the crowds.

Besides the above attractions, fair officials have authorized A. J. Knapp to arrange for ball games for at least two days of the week. Lovers of the national games, and that includes the big majority of visitors at the fair, will be given this added pleasure this year.

Horse races, embracing pacers, trotters and gallopers, will occupy a prominent place on the program. The speed superintendent has prepared a list of events carrying sufficiently attractive purses to attract a host of fast horse flesh to compete.

DAVID HARP

Candidate for the Nomination for
County Drain Commissioner.

I wish to announce that I will be a candidate for the nomination for County Drain Commissioner at the primaries, August 27, 1912. I have had considerable experience in this line of work, and feel confident that

if elected I can fill the office to the satisfaction of the people. I have been a resident of Tuscola county for many years, and have always voted the republican ticket. Your vote and influence at the primaries will be appreciated.

EMMA C. HENICA

Died Monday at Home of Her Niece,
Mrs. S. H. Edgcombe.

Emma C. Henica was born in Salem, New York, February 28, 1835, and died August 5, 1912, at the home of her niece, Mrs. S. H. Edgcombe. When a very small child she moved with her parents to Monroe, Michigan, and with the exception of seven years spent in Ohio, she lived her life in Michigan. She was one of five children and is survived by one brother, George W. Henica of Bath, New York, who was visiting her at the time of her death.

Miss Henica up to the time when old age laid her aside, was active in church work and was a member of Cass City Presbyterian church when she died, coming here last January. She was the foster mother of Miss Libbie Henica, a niece, who was left motherless when an infant and who today mourns the loss of this aunt as she would an own mother. Miss Henica had made her home with Mrs. Edgcombe for a number of years and in this home she died after an illness of one week.

The funeral services were conducted by Rev. Hayward of the Baptist church.

HAS ALWAYS BEEN FOUND EFFICIENT IN HOME TOWN

Henry S. Wickware Serves His Constituency Faithfully and Well.

The introduction of Henry S. Wickware as a candidate for the nomination of county treasurer at the primaries comes among the last of the political announcements simply because he had no thought of entering the race until a few weeks ago when he was strongly urged by a number of his friends in and about Cass City to do so. Up to this date, Mr. Wickware had made no active canvass, but he will endeavor to see as many of the voters of the county as he can before the primaries on Aug. 27.

Mr. Wickware has been a resident of Tuscola county since 1868, when he arrived at Centerville (now Caro). In 1869 he came to Cass City where he has since resided. Up to the year 1883, he worked at the carpenter trade, and later manufactured wagons and buggies. Politically, he has been a staunch republican from early manhood. His party realizing his integrity has honored him from time to time with public trusts. In 1878 he was elected township clerk of Elkland which office he held for six terms. When Cass City was incorporated as a village in 1883, he was elected trustee and held the office several terms. In 1893-94 he served as village president, was later appointed postmaster at Cass City, and has been officially connected with the board of education and the Cass City Fair. He has also served as a member of the republican county committee.

Henry Wickware has served his constituency faithfully and well, and should the republican voters make him their nominee for treasurer, they will find his candidacy an added influence for the success of that party in November, for his record as a citizen and official is a clean and honorable one in every respect.

POLITICAL ANNOUNCEMENT.

Albert Hunter, a Dayton township farmer, announces his candidacy at the primaries on August 27 for the republican nomination for drain commissioner of Tuscola county. He has been a resident of this county for 26 years and served as county superintendent of the poor for 6 years and as supervisor of Dayton township for 5 years. Mr. Hunter has had considerable experience at drain work having assisted W. W. Kelley, the present commissioner, in establishing several drains during the past three years. He is well qualified for the office and will appreciate your support at the August primaries.—Adv.

ROOSEVELT AND JOHNSON NAMED

BY NEW PROGRESSIVE PARTY
AT CHICAGO.

Senator Beveridge in Keynote Speech
Uses Slogan "Pass Prosperity Around."

For President—Theodore Roosevelt of New York.

For Vice President—Hiram W. Johnson of California.

The Progressive party in session at Chicago made the above nominations by acclamation amid stormy scenes of enthusiasm Wednesday evening. The convention had been in session since 10 o'clock in the morning. The delay in making the nominations was caused by exhaustive discussions over the platform in the committee on resolutions.

Col. Roosevelt, arm in arm, with Gov. Johnson, appeared before the convention, and both were greeted with the wildest plaudits, a bedlam of a demonstration, and formally accepted the nominations. The great audience of 15,000 sang the Doxology to the accompaniment of a band, a fife and drum corps, a quartette of trombones and cornets, with the minute gun machine banging away up in the organ loft. With the benediction, the convention adjourned.

The progressive party was formally launched as a national political organization in Chicago Monday afternoon at 12:47. At that hour the national convention which nominated Theodore Roosevelt for the presidency was called to order.

The delay of 47 minutes in opening the proceedings was due to an extended conference which the progressive party held.

WANT TO DREDGE CASS

Petition is Being Circulated by
Greenleaf Twp. Citizens.

Wallace Gilbert and Samuel Leple, prominent farmers of Greenleaf township, are circulating a petition for dredging the north branch of the Cass river. This petition directed to the county drain commissioners of Tuscola and Sanilac counties, must have at least one-third of the signatures of citizens through whose land the drain will pass before it can be considered by the various township boards. This number the promoters of the proposed improvement have secured and they intend to add a few more names before sending in the petition.

The proposed draining is to commence between sections 10 and 11, Greenleaf township, and terminate at the forks of the Cass river.

OTT-BLANKLEY NUPTIALS.

A pretty wedding was solemnized at the home of Mr. and Mrs. Samuel Champion on Third street Wednesday evening when Miss Sophia Ott became the bride of Warren W. Blankley, a brother of Mrs. Champion. Both young people are from Sylvania, Ohio. The ceremony was performed by Rev. H. C. Hayward of the Baptist church and Miss Edith Champion acted as ring bearer.

The room was prettily decorated in blue and white and supper was served to a number of relatives and friends.

Mr. and Mrs. Blankley will be at home to their many friends in Sylvania after September.

There will be a special meeting of Tyler lodge, No. 317, F. & A. M. Saturday evening, Aug. 10, for work on first degree. All brothers are requested to be present. I. A. Fritz, Sec.

REFORMING THE RURAL SCHOOLS

SUPT. WRIGHT TAKING ADVANCE
TAGE OF NEW LAW.

Agriculture Will Be Required Study
in Every Primary School
District in the State.

Agriculture becomes a required study in every primary school district in Michigan this year, according to the new course of study which has been outlined by Superintendent of Public Instruction Luther L. Wright. The legislature of 1911 gave to the superintendent the power of definitely outlining the course of study which must be followed in every district school in the state. Heretofore the course of study was optional with each district board, the superintendent's power being only advisory. Mr. Wright takes advantage of the opportunity given him by the new law and will require a course of agriculture to be introduced in every district school.

On account of the lack of preparation in this subject on the part of teachers, Supt. Wright only requires one-half year of intensive study, with a text book, this to be given in the eighth grade. In addition to this intensive study, a course in nature study, beginning with the third grade and advancing through school and home gardening, crop

HENRY S. WICKWARE FOR COUNTY TREASURER

To the Republican voters of Tuscola County:

I desire to take this opportunity of announcing my candidacy for the nomination for county treasurer at the primaries August 27. I have been a resident of Tuscola county since 1868. Politically I have always been found active in the republican party. In 1878 I was elected clerk of Elkland township and held that office for six years. I have served as village trustee, village president and postmaster at Cass City and as

a member of the republican county committee, and have been officially connected with the Board of Education and the Cass City Fair.

As to my fitness and efficiency for the position to which my friends have persuaded me to run, I will refer you to those who know me best. Should the voters nominate and later elect me, I assure them that my best endeavors will be to conduct the affairs of that office with courtesy, honesty and an earnest endeavor to maintain the highest efficiency. HENRY S. WICKWARE.

AROUND THE THUMB

MERRY POST OFFICE WAR AT
ELKTON.

P., H. & N. R. R. to Be Ready for
Operation by Nov. 1 Say
the Officers.

Instead of continuing for only two days, Marlette's farmer festival is expanding so that it has been decided to extend it over Saturday, Aug. 31. This will make the dates, Thursday, Friday and Saturday.

Reports from Elkton are to the effect that a very merry post office squabble is in sight there. Dr. Cornell, who has satisfactorily conducted the office for 20 years will have to resign on account of being a candidate for office. The aspirants mentioned are Oscar Rogers, Bert Trumble and a daughter of Dr. Cornell, who has been deputy post mistress. Elkton is now a presidential office.

After repeated overtures by the Coit Lecture Lyceum Bureau Co., Herbert Leon Cope, the humorist, has been induced to accept the terms of a contract covering the coming season. The terms of this contract run well into four figures and Mr. Cope's many friends will be pleased to know that he will occupy the platform before some of the largest audiences in the country during the season.—Caro Advertiser.

Mrs. Paul Freshner died at her home near the depot in Uby and the remains were taken to Cass City for burial Thursday. She had been sick for several years with dropsy and heart trouble, and her death was not expected. She was the mother of 14 children, 3 daughters and 11 sons, most of whom are grown, and none of them live here except a small daughter. The family at one time resided on a farm near Cumber, going from thence to Detroit, the father and mother and one child coming to Uby from there a short time ago. Some of the children came to her funeral.—Uby Courier.

Treasurer W. E. Bolles, in company with three other officials of the Port Huron & Northern railroad, returned Monday from an inspection trip along the line of the road, and after seeing what progress had been made already gave out the statement that construction work would begin the first of September. Mr. Bolles stated that he was certain they would have cars running between Port Huron and Lexington by the first of November. The men at the head of the P. H. & N. have made wonderful progress since the organization of the road, but they cannot begin traffic over the new line any too soon for the people of the territory tapped by the line for it will open up their country and afford them accommodations that the Pere Marquette has never thought of giving. The railroad officials met Saturday in conjunction with meeting of the citizens of several places above Lexington, the result of which was a united desire to have the P. H. & N. extend further up the shore line. The railroad men looked the proposition over carefully and are of the opinion that the line can very profitably be extended in this direction, although no action will be taken until the present line is completed.—Yale Expositor.

Fenwick Asks State Aid in Liquor Cases.

Sixteen citizens of Fenwick, Montcalm county, appeared before Gov. Osborn, asking state aid in the prosecution of several cases against J. W. Bullock, a druggist of Fenwick, for alleged violations of the local option law. It appears that Prosecuting Attorney C. B. Reardon, of Montcalm county, has the cases in charge, and, according to those who appeared before the governor, Mr. Reardon's father, with whom he is connected in the law business, is assisting him in prosecuting the cases, and is at the same time an agent of the Michigan Bonding company, of Detroit. The committee appearing before the chief executive declares the cases are not being prosecuted as they should.

Michigan Senators Vote Against Reciprocity.

Michigan's two senators, one of whom voted for and the other against the Canadian reciprocity act at the time of its passage, went on record as favoring its repeal. The vote came on a proposition to recede from the senate amendment to the steel bill, which called for a repeal of the act. Senators Smith and Townsend voted against receding from the amendment thus showing that they are anxious to have the law stricken from the statute books. Senator Townsend originally favored the measure, but Senator Smith voted against it. On the vote the Michigan senators were in the minority, the senate voting 33 to 28 to recede from its amendment calling for the repeal.

State Is After Unlicensed Promoters.

The state insurance department is making an effort to determine the whereabouts of C. H. Chalfant, S. A. Price and G. W. Stockman, reputed representatives of the Grand Lodge of the Owls. The operations of the men are not in conflict with the insurance laws except that the neglect to honor the state laws relative to securing a license, and it is through this omission that the authorities hope to drive them out of business. The men came to Lansing about six weeks ago. Last week they left town without appraising the members of their embryo lodge with their destination. They had collected about \$1,000 in initiation fees.

GREENLEAF.

Too late for last week.

The recent rains have injured the hay and bean crops quite badly.

Mr. and Mrs. Bert Reed and daughter of Sandusky were guests of Mr. and Mrs. Amby Powell Saturday and Sunday.

Mrs. Dugal Livingston underwent an operation Sunday morning for the removal of gallstones and over 50 were removed. She is in a serious condition and the services of a trained nurse are required. Dr. Harrington of Bad Axe, assisted by Dr. Holdship of Ubyly, performed the operation.

Mr. and Mrs. Duncan Ralston returned from a few days' visit with relatives at Palms Monday.

Dan McRae has gone to Detroit where he will remain indefinitely.

Andrew Patrick spent last week in Detroit the guest of his daughters, Florence and Mrs. Snyder.

Mrs. Duncan Livingston passed away Sunday night at 11 o'clock. The funeral was held Wednesday noon and burial in Elkland cemetery. She is survived by her husband and four children and numerous relatives, who have the sympathy of all in their bereavement. Death was due to a complication of diseases.

A Proud Man

Is one who holds the lines over a spirited team. Harvell's Condition Powder puts spirit into a horse that is run down and in poor condition. Put a little in the feed for a few days and note the improvement. The frame gradually fills out with firm flesh, the coat becomes smooth and glossy and the run-down animal soon shows the vigor and spirit of colt. Price 25 cts. Sold by Wood's Drug Store.

Versatile.

Mrs. Bjoness—Your husband, I hear, is quite versatile. Mrs. Brown-Smythe—Versatile is no name for it. Why, he can actually stay out late every night in the week and not give the same excuse twice.—Exchange.

Are Ever at War.

There are two things everlastingly at war, joy and piles. But Buckien's Arnica Salve will banish piles in any form. It soon subdues the itching, irritation, inflammation or swelling. It gives comfort, invites joy. Greatest healer of burns, boils, ulcers, cuts, bruises, eczema, scalds, pimples, skin eruptions. Only 25 cts. at L. I. Wood & Co.

ICE-CREAM

Ever hear of the small boy who said he didn't know much about freezing ice cream but that he was great on thawing it?

Little work or knowledge is necessary to use one of our Ice Cream Freezers. An inexperienced person can make Ice cream that is deliciously smooth and mellow, and that will fairly melt in your mouth, thus making hot weather a pleasure instead of discomfort. We have all sizes from one gallon up. Make your own Ice Cream. It is better and cheaper.

He—But poverty is no disgrace. She—No, but there is no medal connected with it either.—Judge.

Indian Killed on Track.
Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often its that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at L. I. Wood & Co.

The Wretch.
"I've spent all my money, my race horse is lame, and my wife has eloped with my jockey. What more can happen, I wonder?"
"Your wife can come back."—Flegende Blatter.

One of Dumas' Jokes.
Just for a joke Dumas once addressed a letter to "the greatest poet in Paris." The postoffice sent it to Lamartine, the idol of sentimental readers. He hesitated to open it and took it to Victor Hugo, who protested that his brother bard had far too humble an opinion of himself. After some conversation they agreed to decide by lot which of the two should open the envelope. The lot fell to Victor Hugo, who, taking out the letter, read, "My dear Alfred." It was written to Alfred de Musset.

Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimeter of blood.
—A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.
Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherrybark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.
"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. JAS. D. LIVERY, of Washburn, Tenn., Route 2, Box 83. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advise ailing people to take Dr. Pierce's medicines before their diseases have run so long that there is no chance to be cured."

Flying Men Fall
Victims to stomach, liver and kidney troubles just like other people, with like results in loss of appetite, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that as T. D. Peebles, Henry, Tenn., proved "Six bottles of Electric Bitters," he writes, "did more to give me new strength and good appetite than all other stomach remedies I used." So they help everybody. It's folly to suffer when this great remedy will help you from the first dose. Try it. Only 50 cents at L. I. Wood & Co.

Several complaints have come regarding the giving of half the road in case of an auto coming up behind a team. The parties claim that when they come up behind a fellow with a team he stubbornly refuses to give any of the road even if there is plenty of room to turn out. Now the law recognizes both the rights of the man with the team and with the auto and these rights should be respected. There are plenty of men operating autos that should be driving ox teams and vice versa, but all should not be treated that way. The law says that when a man is overtaken by a faster vehicle the man driving the slower vehicle shall turn out and give half of the road.

The Vest a Minor Garment.
The waistcoat has always been a garment of minor consideration. It appeared and disappeared according to the requirements of the varying costumes in earlier times and first had official recognition under the reign of Charles II. It was in 1699 that Pepys makes mention of the waistcoat in his diary: "This day the king began to put on his vest, and I did see several persons of the house of lords and commons wearing a long cassock close to the body."—London Mail.

Messrs. Keeler and Johnson, representatives of the Salvation Army, completed a week's engagement in Cass City Wednesday evening by a musical entertainment which was well attended and greatly enjoyed. They have gone to Kingston where they will pursue the same line of work for a week and will then assist in camp meeting services at East Dayton.

FASHION'S WHIM.

The Telescope Parasol Correct Caper Nowadays.

THE SPORTY SUMMER SUNSHADE.

This new parasol looks like a cane and gives the smart summer costume a dandified and sporty appearance. An ivory case which folds like a telescope protects the long slender parasol.

THE NEW SKIRT-LINE.

It is Becoming to Women Who Can't Stand Straight Severity.

It looks very much as though the straight line of the skirt from waist to ankle was to be broken. Every one knows that the pannier did this in a certain measure, and even it was a sensational form of the Grecian tunic. Frocks of soft material used for afternoon and evening departed from the straight line long ago, which means months ago in the vernacular of fashion, but today the cloth skirt for the street is taking curves and turns to itself.

For two years it has been quite content to be straight and narrow. It is still narrow. One often thinks it is narrower than ever this summer, for extreme women have gone to the extreme in this particular, but one manages now to break up the straight line in all sorts of quaint and curious ways.

Take, for instance, a new model in a dark blue serge skirt—that thin sum-

GIRL'S STUNNING SUIT.

mer serge that women are wearing on all days except the sultry ones. It has a skirt with a panel down middle of front which is rounded at the hem and bound with braid. The back is quite straight and well fitting over the corset, but its sides, which are much longer than they should be, are plaited up to the right length along the edge of the front panel.

This is an exceedingly good skirt. It is becoming to women who cannot stand the severity of the thin straight lines, and it is not a difficult skirt to achieve at home. It promises to be popular, for one sees a good many sketches of it, and the tailors in town are already making it. The girl's suit pictured is a smart little model for mid-summer wear.

Mrs. Longworth's Bang. Mrs. Nicholas Longworth has adopted a bang and is proud of it. It is short and fluffy and wavy and fastens to her hair under her soft pompadour by two long pins. Mrs. Longworth is telling her friends that since the Chicago convention she fully decided that her high brow needed concealing, and so on went the bang.

Whether in the stress and excitement of the convention she tugged at her front locks or not she does not say.

The bang is becoming to Mrs. Longworth. She wears it most simply, and the bang is the only bit of artificial hair Mrs. Longworth has ever worn.

Sweeping Matting. When sweeping matting, to avoid tearing the fabric, slip a covering of flannel over the broom. The flannel will take up the dust easily and will save the matting much wear.

REFORMING THE RURAL SCHOOLS

Continued from first page. planting and allied subjects is recommended as most desirable supplementary work.

First Step in Wide Reform.

The prescribed course in agriculture is simply the first step toward reforming the rural schools in the state and making them reflect the life which surrounds them rather than weakly imitating the city school. Supt. Wright is earnestly advocating the ruralizing of the country schools; that is, giving the boys and girls of the farming districts an insight into the problems which are in close relation to their lives, arousing an interest in scientific agriculture, making their training not only of cultural but of practical value as well. As fast as it is practical the work in agriculture will be extended to the other grades.

The new course of study does not stop with the introduction of agriculture, important as that step is, but it emphasizes throughout its scope the desirability of making the work of the rural school more practical. In arithmetic, for example, the problems are to deal with potatoes, grain, butter, eggs, farm fields, productiveness of cows and hens. They are not to deal with hypothetical cases which are not in range of the experience of a boy or girl on the farm and probably never will be, but they will be such problems in farm accounting that their fathers and mothers are called upon constantly to consider.

Learn Practical Things.

The geography in the new course of study will begin at home, and the child will be taught something about his own township, county and state before he has to master the list of European capitals and to bound the various Asiatic empires. The problems of food production and their relation to people is of more importance in the present-day conception of geography than drawing of weird maps and the memorizing of the names of various rivers and mountain ranges.

Instead of learning the names of all the bones in the body and being able to locate the various organs and describe their functions, the child is to learn how to take care of his teeth, skin, eyes, ears and other parts of his body, how to revive a person who is nearly drowned, what to do in case a person is burned or suffers a broken bone or a severed artery. The menace of flies and mosquitoes and other similar questions of hygiene and sanitation will supersede the technical physiology which has been taught in the country schools.

Teach Correct Speaking.

Reading in the new course of study is emphasized as probably the most important subject in the schools. Teachers are instructed to train the children to read for the thought rather than for expression, so silent rather than aloud reading is recommended. The plan is for the child to read silently from the printed page, close his book and then stand before the class and tell what he has read. In this way the child not only learns to read quickly and for the thought, but he acquires the desirable ability to stand on his feet, face other people and use the English language. He learns to speak correctly, as criticism is an important part of the work. The idea is that habits of correct speech are infinitely more valuable to the boy or girl than a knowledge of rules of grammar.

The Simpson Park Camp Meeting association opened its fifty-fifth season in Romeo. It is expected that there will be a larger attendance this year than ever before.

Grand Marais has passed into history as a fishing center, the tugs of the A. Booth company, the largest fishing concern on the lake, having been taken to Cheboygan.

With between four and five hundred men to be moved to Battle Creek, the Castle Lamp company, which recently purchased the Cori Piano company's local factory, is practically held up from further progress because Battle Creek has not empty houses enough to provide for the newcomers. President Castle made an appeal for help of some kind. Most of the four hundred wish to bring their families with them.

HIS GOOD REASON

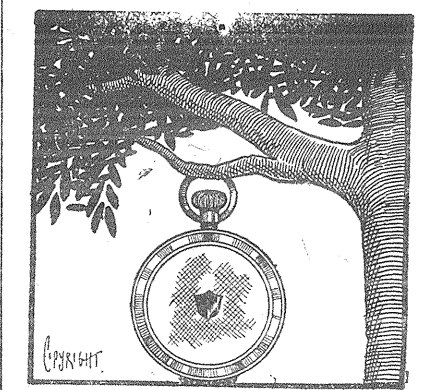

Bronson—Old De Swell seems more proud of his horse than of his family. Woodson—No wonder. The horse has a pedigree.

Dangerous. Miss Caustique—You shouldn't smile so much, my dear. It is dangerous. Miss Passay—Dangerous? Miss Caustique—Yes. When a smile lights up your face it might set off the powder.—Judge.

GENERAL NEWS IN BRIEF

Col. Roosevelt May Visit Detroit This Week.

Col. Roosevelt will probably pay Detroit a short visit some time toward the end of next week, was the announcement made at the meeting of the Wayne county progressive committee held in the Hammond building Saturday night. It is expected that after the national convention, starting in Chicago, Monday, Col. Roosevelt will make a flying trip into Minnesota and then swing back into Michigan. No further announcement of his plans, if he makes the visit to Detroit, was made.

Fear Coal Shortage This Winter.

Coal dealers anticipate that by October the anthracite shortage in New York and other cities will amount to 6,500,000 tons. This shortage, caused by the cessation of mining in April and May, will begin to be felt severely, it is believed, as soon as the winter demand for coal begins.

Nova Scotia dealers who have found it impossible to fill their orders in their territory went to New York and placed orders with the wholesalers. The mayor of Toronto, it is stated, has cabled to Wales for Welsh anthracite, which is inferior to the American article.

Philadelphia May Sell Foods.

Director Cooke of the municipal department of supplies in Philadelphia, is collecting data with the idea of solving the high cost of living by opening co-operative stores for the benefit of the city employees.
 It develops that Director Cooke has been studying the methods of Mayor Shank of Indianapolis, and if the plan can be worked out successfully there will be a chain of grocery stores and meat markets and vegetable stands taking in every section of the city and to be run by the city.

MORTGAGE FORECLOSURE SALE.

Notice is hereby given that a mortgage dated the 29th day of November, 1897, was executed by Wilmot Cryderman and Emma Cryderman, his wife, to Samuel Johnson and recorded in the Register of Deeds' office in Tuscola county, and state of Michigan, in Liber 95 of Mortgages, on page 19 on the 7th day of December, 1897. That said mortgage was duly assigned by the said Samuel Johnson to Emma Cryderman by a written assignment dated the 14th day of May, 1903, and recorded in the Register of Deeds' office in said Tuscola County, in Liber 100 of mortgages on page 313 on the 15th day of May, A. D. 1903. That default has been made in the conditions of said mortgage and in payment of principal and interest due thereon, and there is claimed to be due on said mortgage at the date of this notice the sum of one hundred and forty-six dollars.

That under the power of sale in said mortgage contained, said mortgage will be foreclosed by a sale of the mortgaged premises at public vendue to the highest bidder on Monday, the second day of September, 1912, at ten o'clock in the forenoon, at the front door of the Court House, in the Village of Caro in said Tuscola county, and that said premises are described in said mortgage substantially as follows: All those certain pieces or parcels of land situate and being in the village of Reese, County of Tuscola and state of Michigan, described as follows, to-wit: The south half (1/2) of lot No. two (2) and all of lot No. three (3) and lot No. seven (7) in A. M. Rogers addition to the village of Gates, now Reese, as duly recorded in the register's office in Caro and will be sold as aforesaid, to satisfy the amount due on said mortgage with the interest that may accrue thereon after this date and the cost of foreclosure.

HANDICAPPED

This is the Case with Many Cass City People.

Too many Cass City citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills are for sick kidneys—thousands testify to their merit. Can you doubt Cass City evidence?

Mrs. William H. Withey, Oak and Houghton Sts., Cass City, Mich., says, "I can highly recommend Doan's Kidney Pills as they proved of great benefit to me. My kidneys were disordered for some time. My limbs became swollen and I was caused annoyance by difficulty with the kidney secretions. Short use of Doan's Kidney Pills, procured at Wood & Co's Drug Store, brought me great relief and I now feel better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Spider Cheat.

Many species of spiders are interesting on account of their physical construction or their habits, but the most curious specimens are probably to be found in the woods of Sumatra, and these naturalists call, not without reason, "spider cheats." This insect, in order to trap the flies, etc., on which it feeds, hides on a leaf and spins a web of neutral color, making an illusion so perfect that the prey not only does not fly, but seems attracted by the peculiar termination of the web on the edge of the leaf. This is a perfect knot in appearance and gives to the trap the general shape of a miniature palm leaf fan with indented handle.—Harper's.

STATE TREASURER'S REPORT SHOWS STATE FINANCES ARE IN PROSPEOUS CONDITION.

CASH BOX HAS \$2,000,000 MORE THAN ONE YEAR AGO.

The Two Old Parties to Oppose Writing in Names of Progressive Candidates on Tickets in Fall Primaries.

The annual report of State Treasurer Albert E. Sleeper shows the state finances are in a prosperous condition. The receipts for the fiscal year ending June 30, 1912, amounted to \$14,190,498.57, as compared with \$12,244,493 for 1911. When the books were balanced at the end of the last fiscal year there was \$1,746,984.61 in the general fund, while the balance in available cash at the close of the present year was \$3,722,608.21.

In some instances the receipts in the specific tax fund were smaller than a year ago. The fees from fire insurance companies increased from \$246,544.63 to \$252,828.74; life insurance fees from \$235,083 to \$234,218.24; and railroad taxes from \$4,221,403.03 to \$4,267,141.82, while telegraph companies decreased from \$54,077.55 to \$39,718.43; telephone taxes from \$513,066.48 to \$395,101.07, and inheritance taxes from \$504,978.84 to \$468,676.73.

Last year the state treasurer received \$27,893.46 from the sale of hunters' licenses, as compared with \$30,286.45 for the previous year. The examination fees from the board of registration in medicine increased from \$5,890 to \$8,273; the fees of the banking commissioner from \$31,280.90 to \$65,573.60; the fees of the insurance commissioner from \$31,830.90 to \$49,852.26, and the fees and licenses from the state dairy and food department from \$10,261.31 to \$11,148.30, while the non-resident wholesale liquor licenses decreased from \$46,791.84 to \$27,458.35.

As compared with the previous 12 months there was an increase in the motor vehicle license fees received by the secretary of state from \$90,189.94 to \$135,580.80.

Oppose Writing Names on Ballot.

From the number of petitions filed with the secretary of state and reports received from the various National Progressive leaders throughout the state, the new party has 51 candidates for the legislature.

Unless the two old parties split nearly even the Roosevelt men would have little chance of electing their U. S. senator even if all of their candidates were elected.

The National party leaders say the situation is not worrying them any because they intend to write in enough names at the primary to have a full ticket in each county or legislative district in the state.

The Republicans and Democrats, including many lawyers, claim that if this is attempted the new party men are going to run against a stump, on the ground that such a proceeding is against the law. The case will likely reach the supreme court before it is decided.

Judge Blair Near Death.

Judge Charles A. Blair, justice of the supreme court of Michigan, will never sit on the bench again.

Stricken with Bright's disease, Justice Blair is at a summer home in Grayling under the care of physicians. It became known that the chances of prolonging his life and length of time were doubtful, and that though his physicians sought to suppress the true condition of his health, they were agreed that it would be impossible for the justice to resume court work.

The news of this condition of his health was a severe blow to his associates and many friends.

Justice Blair is in his fifty-eighth year, having been born in Jackson, Mich., April 10, 1854. His father was Austin Blair, Scotchman and famous "wra governor" of Michigan.

New Iron Field Near Bessemer.

A new iron field is about to be opened up on the Gogebic range, the sinking of a working shaft being now under way. Drilling has been going on off and on for years and the presence of ore at from 500 to 1,000 feet down well known, but being seven miles from the nearest railroad no real efforts at opening up has been attempted.

The new field is just about half way between Waterfield and Lake Gogebic and some seven miles north of Marquette, the nearest railroad point.

As soon as actual ore is shown up the Northwestern will extend its tracks to the new field and a few years hence the Gogebic mining field will no doubt reach east to Lake Gogebic, an extension of about 18 miles eastward from its present limits.

Detroit in Sixth Place as Manufacturing Center.

Detroit as a manufacturing center now occupies sixth place among the cities of the United States, according to the United States census of 1910, which has just been published.

There are many boilers in use throughout the state, according to Inspector J. A. Ash, of Detroit, that should not be allowed to be operated because their owners overtax them.

Sheriff Herrick is making an effort to have the authorities give George Chambers of Vernon, a paroled convict, another chance. Chambers was sentenced in February, 1910, to serve from one to 20 years in Ionia, for an assault on his divorced wife. He was given his freedom after serving 16 months, but last week was arrested and sentenced to 15 days in the county jail for being drunk.

ROOSEVELT AND JOHNSON NAMED

Continued from first page. sive leaders held with Col. Roosevelt at his hotel. On their arrival the proceedings began.

Dixon Calls to Order.

Senator Joseph M. Dixon of Montana called the convention to order and a new political party was ushered into being. Amid the usual delay while the clerks shouted orders to clear the aisles Dixon stood waiting his chance. It was some minutes before he was able to speak.

"Ladies and gentlemen," he said, "the convention will now come to order. Twenty-eight days ago in the city of New York it was decided there would be a new political alignment in these United States. They thereupon issued a call for a convention to take up the subject and try to accomplish an alignment."

Has Seen Evolution.

"In the past 28 days the nation has seen evolution in its democracy, a new alignment in political parties. Now in four weeks the nation has seen a political convention of a new party sending the largest number of delegates ever seen at a political convention in this country."

While Dixon was speaking some one shouted: "Hurrah for Teddy," and for two or three minutes delegates indulged in a shouting bee.

Finally Dixon resumed and introduced O. K. Davis, who read the call for the convention. The reading of the call twice occasioned cheers.

The reading of the names that were appended to the call was also a signal for cheers. Hiram W. Johnson, of California, and Ben Lindsey were both loudly cheered.

When the name of Dixon, of Montana, was reached the delegates had the occasion to give the provisional chairman a small ovation.

Woodruff and Straus Cheered.

Timothy L. Woodruff and Oscar Straus of New York, were cheered and James R. Garfield's name was greeted with a round of cheers.

When the reading of the call ended, Senator Dixon called on Rev. T. F. Dornblazer, who pronounced the prayer.

The Rev. Dornblazer's prayer was rather lengthy, and he was interrupted by cries of "Amen, amen."

Former Senator A. J. Beveridge, of Indiana, was then elected temporary chairman and made a keynote speech.

The senator devoted more than half of his 5,000-word address to what he termed "the business evil that faces Americans," as embodied in the trust issue. He laid down as the motto of the progressive party, "Pass prosperity around," and made the assertion that the progressives mean to put laws on the statute books that will tell American business men what they can and what they cannot do.

The Titanic Memorial Fund.

Michigan is one of the two states in the union that has forwarded to Washington two or more individual contributions of \$1,000 for the fund that is being raised to erect in the national capital a great memorial arch to the men who died on the Titanic that women and children might live.

Mrs. James McMillan of Detroit and Mrs. Sydney A. Sloman of Fort Brady, Sault Ste. Marie, have mailed to the central office of the Women's Titanic Memorial their personal checks for \$1,000 each to aid the project. Both checks were sent to Mrs. John Hays Hammond, secretary of the memorial, with accompanying letters of enthusiastic praise for the great movement that has been backed by 28,000 women's clubs throughout the United States.

Indictments to Accuse Becker of Graft.

Three or more indictments against Lieut. Becker of the New York police department for extortion are expected this week.

While the police are hunting in the Catskills for two of the men that Jack Rose says were hired at Becker's orders to kill Herman Rosenthal, the gambler, the district attorney's office is at work preparing extortion evidence for the grand jury.

FREE HEADSTONES FOR WAR VETERANS

Congressman Loud Writes that Government Always Gives Them.

In response to an inquiry from a constituent regarding free headstones for soldiers, Congressman Loud of the Tenth District replied: "I have investigated and find that the government supplies, free of cost, headstones for marking the graves of any soldier, sailor or marine who served in the army or navy of the United States, during any war, whether regular or volunteer, and whether they died in the service or since discharged therefrom."

"I wish this information might be brought to the notice of every one interested in our old soldiers, for I believe there are hundreds of unmarked graves, and I presume so neglected either from want of this information or some one who would take enough interest to obtain a blank from either the quartermaster general, war department, Washington, or from the member of congress, and secure the headstone required."

"These headstones are of the best American white marble, 39 inches long, 12 inches wide, and 4 inches thick, the top slightly rounded, and the portion of the stone which will be above ground when set in ground is sand rubbed. Each headstone is inscribed with the name, rank (if above private), company, and state regiment, or other organization to which the deceased belonged, cut in relief within a sunken shield. These headstones are not only supplied free of cost, but delivered, freight prepaid by the government at the nearest railroad station."

Political Gossip

Delegates to the county convention will be elected at the general primary election to be held in every township in the county Aug. 27, and not by caucuses in the various townships as under the old law. The primary ballot contains no names for delegates and names must be written on the ballot or affixed on gummed slips. The main objection to the caucus system was the charge that all nominations were "fixed" in advance and that the ordinary voter had no chance to register his choice. Under the present system each individual voter has an equal opportunity to express his choice for delegates, but if he consults no one and votes at random, his vote might be the only one his candidates would receive. Somebody in each township is sure to be enough interested to select a list of delegates, have the list printed on gummed paper and offer them to voters before going to the polls for use in the booth. By such means one man or set of men could name all the delegates of a township, unless another man or set of men prepare a list of names he or they favor as delegates, and offer them to voters for use in the same way. In that way only can an effective choice be made, for the average voter will accept and use a printed list instead of taking the trouble to write from two to fifteen names while in the booth. The law provides the means for an individual choice to be made, but unless the means provided are used by each individual voter he will be subject to disappointment and have nobody but himself to blame.—Caro Advertiser.

Politics, nothing but politics. And yet the cattle graze on a thousand

hills, the crops ripen in the sunshine, the boys dive and splash in the old swimming hole, the toiling millions of men and women go their way in the morning and return to their humble homes at night, and everything moves on precisely as it would do if there were no such thing as the quadrennial frenzy of presidential politics. The universe grinds its grist. Men and parties are but chips on the tide that flows steadily onward toward the shores of the future.—Elkton Review.
