WICKWARE BOOSTERS TOUR TUSCOLA CO.

MADE 104 MILE TRIP IN AUTOS FRIDAY.

Party of 67 Citizens Present Qualifications of Henry S. Wickware.

There were 67 boosters who made the 104-mile trip through Tuscola county Friday in the interest of the candidacy of Heary S. Wickware for the nomination for county treasurer. The party travelled in 18 automobiles and its members consisted of farmers, business men, professional men—in fact, practically every walk in life in the community was represented.

The start was made at Cass City at about 7:30 o'clock, a half hour behind about 7:30 o'clock, a hair nour pennic schedule. Gagetown was the first town visited. Members of the party town visited. After a short stop here, the party started for Unionville where the work was repeated. Akron was the next stop and by the time Fairgrove was reached, the auto drivers had made up the lost time and travelled as per schedule or a little faster. Gliford residents clamored for a speech and Dr. D. P. Deming responded in a few well chosen remarks. Reese and Richville were the next stopping places and Vassar was reached shortly after the moon hour. Dinner was served to the hungry junketers in served to the hungry junketers in the hotels of this city. After the meal, the party "made the town," and just before leaving, Rev. Hayward was prevailed upon to give a brief address which he did.

Millington was the first village vis-

ited after dinner, Fostoria followed and then Mayville. At this place, a home-coming celebration was be ing held and at the suggestion of Editor Terry Corliss, the Mayville band met the boosters at the outskirts of the village and led the procession of autos through the principal streets playing "Here the Conquering Heroes Come," or a similar patriotic selection. After passing around the campaign cards, several of the boys led by Dr. Schenck shot the ducks, threw at the dolls, and otherwise patronized the fakirs of otherwise patronized the fakirs of the street. Caro was the last vil-lage visited where supper was served to the party at the Hotel

Montague. The boosters were favored with ideal weather and good roads, and no serious accidents marred the trip. An Attractive Feature of the New A. C. Hayes Store.

One of the attractive features aside from the well displayed lines of goods, in the new store of A. Hayes is the rest room which has been installed in the rear of the store building. The room is cozily arranged and is equipped with rockers, easy chairs, couch, and newspaper and magazine stand. The rest room feature will be especially welcomed by mothers with small children and by women who are tired after shopping and wish to rest a short time before starting to their homes.

Mr. Hayes will close his store every evening in the week except Wednesday and Saturday. In order to popularize Wednesday as an evening to shop, he will conduct sales on those days from 7:30 to 10 o'clock. The announcement of the o'clock. The verdict of the voters of Tuscola county, as to their nominees the respective county offices, be rendered at the polls next

Tuesday, August 27th.
During the campaign which closes or that date I have tried to meet as many voters as possible. I have tried to conduct my campaign in an honorable manner and I am content to rest my case with the people.

Voters should bear in mind that there is a greater outlay of money through the office of county drain commissioner than through any other of integrity and the best of judgment are indispensable qualifications in a drain commissioner. I felt satisfied my record, my measure of success in business and my reputation for truth and veracity and fair dealing, would be sufficient to support my pledges with a measure of the people's confidence. I have seen no reason to change my mind!

"I have refused to make pre-election promises for the simple reason that I realize any such promise would tend to handicap me in carrying out the pledges I have given the people for a business administration. "I want to be able to hold my heads of departments responsible for their branch of the government. In the conduct of a business institution, merit alone rules. Merit shall rule in Michigan's government if I am governor. How long would any business institution be a success if its head was precluded from the strict application of the merit sys-

"When I take office I don't want to be bound by any promises. I shall not consider politics at all. I shall appoint men for their fitness and without regard to whether they supported me. I shall have absolutely no voice in the choice of their as-sistants. To the head of the department I shall say: 'You are responsible to me for your department. Choose whom you will, but see that your force is selected with an eye to efficiency. I shall hold you accountable?' countable.'

"In that way I will not be handicapped. In addition I shall require regular monthly reports. I think my experience in business will make it possible for me to analyze these reports and keep myself apprised of what is transpiring. If there is evidence of failure I will detect it and shall act promptly, just as I should act were the government a great corporation for which I was held responsible."

Lady Jane Butler, Youthful Tennis Expert.

Photo by American Press Association

The young tennis player here pictured with racket lowered is Lady Jane Butler of England. That is rather a high sounding name for such a plain looking, everyday tennis girl. She looks very much as do our own young tennis players, and if it were not for her title we might think her just Mary Smith or Sally Jones of any state in the Union. Titles are well enough, we suppose, in the old countries, but here in our own land we take people, young and old, for just what they are regardless of any claims they may have because of birth or social position.

Strength of the Bcetle.

If asked to name the strongest animals most persons begin with the largest, the elephant, and continue with oxen, horses, etc. This is, of course, correct in so far as their total horsepower is concerned, says the London Globe.

But for real strength, proportioned to the size and weight of the animal, one must go to the insect world. Compared with insects, the strength of almost any large animal, and especially of man, is absurd.

A man is considered strong if he can drag a mass weighing three or four times as much as himself, but the own weight. If a man were placed under a wooden box with five times his own weight on top to hold it down he would remain there indefinitely.

In Italy one of the most astonishing sights offered to the tourist is a village of retired organ grinders, all speaking English with an Italian accent. They have all made their money in England or this country and have returned to spend the remainder of their lives with their families. The majority have kept their organs as mementos, and on fair evenings the stranger is entertained with familiar airs of all countries on the globe.-St. Louis Globe-Democrat.

An Odd Chair.

A Mr. Curtis, who lived in the reign of Queen Victoria, invented an acoustic chair, a high backed library one. which would enable the person sitting in it to hear, no matter how deaf he might be. The chair had two barrels to fit each ear, but there was no need of a mouthpiece for the talker. Perforated plates collected the sounds of the room into a vase, and from this they were carried into the ears of any one seated in the "comfy" chair. Tubes could be attached to the barrels, connecting other rooms. Thus a deaf person could do even more than a well hearing one, for he could hear sounds from the rest of the house.

CHICAGO LAWYER FOUND NOT GUILTY OF BRIBING A JUROR IN MCNAMARA CASE IN LOS ANGELES.

COURT RULES OUT MUCH TESTI-MONY IN HIS CHARGE TO JURY.

Defendant Deeply Moved as Crowds in Court Room Fight With Officers to Get to Famous Labor Leader.

Clarence S. Darrow, the noted Chicago lawyer, was found not guilty in Los Angeles, Cal., of the charge of bribing a juror in the McNamara

The jury was out 34 minutes. Judge George H. Hutton in charge to the jury eliminated the first count in the indictment that Darrow had bribed George N. Lockwood, a regularly drawn juror in the case of J. B. McNamara, who, while his trial was in progress, confessed to blowing up the Los Angeles Times building.

"The evidence," Judge Hutton instructed, "did not justify a verdict of guilty on the first count.

The second count charged Darrow with attempting corruptly to influence a man about to be drawn as a juror. The court also instructed that a verdict of guilty could not be found on the uncorroborated evidence of accomplices.

Clarence S. Darrow, the Chicago lawyer, who was found not guilty on the charge of having bribed a prospective juror in the McNamara case, must stand trial on a second indictment, according to an announce-ment made by District Attorney Fredericks immediately after the ac-

REGULATE POWER PRICE

Railread Commission Will Compel Companies to File Schedules of Rates.

Rate Clerk R. R. Darwin, chairman of the committee of the railroad commission to investigate the subject, has prepared a tentative report on the electric power rates of the various companies operating in the state. The investigation was or-dered by the commission because of the large number of companies doing business. It is the initial step of any importance taken to regulate the rates of electric power companies and is regarded as very important.

According to the data secured by the committee, the business is growing by leaps and bounds, as electric power is being adapted by many of the largest manufacturing concerns in the state, especially the large automobile factories.

All electric companies in the state will be required to file with the commission a schedule of their rates.

women. There are already 350 granges, representing all but six counties of the state, organized and working for woman suffrage, and it is believed that at the present rate every one of the 900 granges of the state will be organized and working by September 15. Immediately after the State Grange subscribed to carry on work for woman suffrage and the committee was appointed, the committee started to organize the granges, distribute literature and prepare lists of taxes paid by women of the state. This last phase has demanded the greatest amount of work. Up to the present time they have secured records from 56 counties, showing that 86,665 women pay taxes amounting to \$3,155,266.42 on property assessed at over \$150,000,000.

Burns Operatives, After Close Investigation, Dig Up Proofs of Alleged Swindle. Arrests Are Due

One of the most colossal and barefaced attempts to debauch the electorate of the city of Detroit was exposed Friday night when William J. Burns turned over to Prosecuting Attorney Shepherd evidence of systematic fraudulent enrollments and colonization of voters, engineered by the political managers of Police Justice Jeffries, to further his candidacy for the Demoeratic nomination for mayor.

It is estimated that between 1,200 and 1,600 fraudulent enrollments have been made in the city clerk's office since the first Monday in April, the last date for enrolling in the booths. Under the primary law persons wishing to enroll were obliged to make out an applica-tion and swear to it before a notary.

The fact that fraudulent enrollments were being made by the wholesale be-came known some weeks ago When Mayor Thompson learned of the matter he turned the case over to Detective Burns, who sent a number of his operatives to Detroit to make a detailed in-

Felton, of Chicago, whose appointment by the court will be asked by the Brakeshoe & Foundry Co., on whose suit the receivers, including Mr. Erb, Dudley M. Waters, of Grand Rapids, and Frank W. Blair, of Detroit, were appointed April 5, 1912. There is also every reason to believe that this appointment will be approved by the bondholders in the east. The resignation of Mr. Erb and the appointment of Mr. Felton is expected to mean much to the Pere Marquette. It is believed all objections to the issuance of the receivers' certificates will now be removed.

That there is "too much slip shod selection of music in American churches," is the charge made by the convention of American organists which is meeting in Asbury Park, N. J., this week. Speakers at the opening session freely criticized what they termed "raggy" music in the

churches and said it was sacrilegious. All attempts to settle the strike of cotton cloth workers in New Bedford, Mass., which is in its fourth week and which is now keeping 13,000 hands idle, have been set at naught by the action of the weavers' union, which has voted to yield to nothing but the total abolition of the grading system, which they claim is a method of

Cass City Public Schools Will Open September 2

The public schools of Cass City will open on Monday, Sept. 2. We hope to see all former pupils and many new ones.

Come and spend an enjoyable and profitable year with us. opportunities for an educated man and woman were never greater than they are today. Come equipped with the best of health and a determination to work.

The Cass City Public Schools rank among the very best schools in the state. It is expected that the work of the coming school year will be superior to that of former years. A special effort has been made to improve the equipment and increase the efficiency of the teaching force. The best teachers have been secured for all departments.

The Cass City High School is on the U. of M. credited list. Its graduates are qualified, as a consequence, to enter, without examination, any college in Michigan.

All young people expecting to attend school, and desiring information regarding the course of study or arrangements for entrance are invited to write, telephone or call upon

FOR GOVERNOR

A SAFE, SANE, BUSINESS ADMINISTRATION FOR ALL MICHIGAN.

Common Sense, Energy and Integrity-These Are What the People Want.

Good Men Must Be Chosen at the Primaries.

TO THE VOTERS OF MICHIGAN.

I am a candidate for the Republican nomination for Governor at the primaries, August 27th. In my judgment, there can be no better training or experience

for efficient service in the Executive Office of the State, than that acquired in active business life and in meeting and solving the problems that come before those who develop and build up the community and State. It is upon such a record rather than upon an officeholding career in Lansing, that my candidacy is based. My fellow citizens, if you believe in the need of a business administration of the State's

affairs, give me your active support on Primary Day, August 27th. Very respectfully yours,

AMOS S. MUSSELMAN.

The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stone root, which has enjoyed a good reputation for over forty years. Thumb District Fair at Pt. Huron Sept. 10-13, 1912.

The achievement of the Thumb District Fair at Port Huron during its first two years, when the handicaps under which a new organization of this kind operates is considered, is really remarkable. Promoted by public spirited citizens for the purpose of advancing the various interests of the district an instituinterests of the district an institu-tion has been built up that is now recognized as one of the leading fairs of the country. Few residents of the Thumb, not personally inter-ested probably know the real merit it the Exposition held at Port Hu-ron. For their information it might be stated that the winners in the Durham cattle class at Port Huron Durham cattle class at Port Huron last year were likewise winners at the Detroit State fair against strong outside competition, and that the first prize winner in the Chester White Swine class was winner at the International Show at Chicago last winter. This year the management of the fair are in hones of putgers of the fair are in hopes of putting on an even better show than during the two preceding years.
