WEEK'S HARVEST OF THE GRIM REAPER

MRS. LEVI BARDWELL RELEASED FROM LONG ILLNESS.

Mrs. Philip Wright Has Been a Resident of Greenleaf Twp. Since 1861.

On the day previous to her 16th marriage anniversary, Mrs. Levi Bardwell passed away at her home on Main St. east. Death occurred early Sunday morning, Oct. 6.

Clara Gray was born in Guelph, Ont., Sept. 26, 1862. In 1879 she, with her parents, brother, George, and sister, Emma came to Elkland township and settled on the farm where her mother and brother still reside. On Oct. 7, 1896, she was married to Levi Bardwell; two children, Helene and Irene, were born to them.

Mrs. Bardwell was a member and a regular attendant of the Presbyterian church at Cass City and also a member of the Gleaner society. She has been ill for a long period and for several months realized that the end was not far off. Last spring, she selected the following gentlemen as pall bearers and they acted in that capacity Wednesday: H. L. McDermott, L. E. Karr, J. L. Cathcart, A. E. Boulton, C. D. Striffler and A. E. Goodall. The funeral services were held in the Presbyterian church in the afternoon, Rev. E. H. Bradford of Lapeer officiating.

Deceased leaves to mourn their loss besides the husband and children, her mother, Mrs. Geo. Gray of Elkland township, one sister, Mrs. Frank White of Greenleaf township, and three brothers, Geo. Gray and Jas. Day, both of Elkland, and Wm. Gray of London, Ont.

Mrs. Philip Wright.

Greenleaf township lost one of her pioneer settlers in the death of Mrs. Philip Wright, on Saturday evening. She had been a resident of that section of Sanilac county for over half a century and her death followed an illness of two weeks' duration.

She was born in Hastings County, Ontario, 75 years ago, where she grew to womanhood. She married Philip Wright at Bellville, Ont., and they came to Michigan in 1861 and settled on the Dery farm 3 1/2 miles east of Cass City. After Mr. Wright was discharged from the Union army on July 16, 1865, he and Mrs. Wright homesteaded a tract of land in Greenleaf township. Mr. Wright died five years ago and Mrs. Wright has spent the late years with her son, Philip, on the homestead where she has lived since '65. She was a member of the Baptist church.

The funeral services were held at the residence Tuesday afternoon, Rev. H. C. Hayward officiating. Her death is mourned by eight children, Mrs. Geo. Colwell, Mrs. Emma Torin, Albert Wright and Mrs. Minnie McConnell, all of Detroit, and John W. Wright, Philip Wright, Edward Wright and Fred Wright, all of Greenleaf township. Other relatives are Mrs. Willet Wright, her step-mother and the following brothers and sisters: Mrs. Allen Barnes, Grant McConnell and Chas. McConnell of Greenleaf, Wm. McConnell of Wabjamega, Mrs. Robt. Charlton of Novesta and Geo. McConnell of Cass City.

Geo. Hartwick.

George Hartwick died at his home, 1/2 mile east of Wickware, on Thursday, Oct. 3, following an illness of two years. He was 88 years of age and was the father of 14 children, 10 of whom are living. His wife also survives. The funeral was held at the residence Saturday morning and interment was made in Elkland cemetery. Mr. Hartwick was born in New York state.

Jessie E. Merchant.

Jessie E. Merchant, daughter of Mr. and Mrs. Wm. Merchant, who reside 8 1/2 miles east of Cass City, died Wednesday, Oct. 2, at the age of 5 years, 10 months and 2 days. Capillary bronchitis was the cause of death. The funeral was held Friday morning at the Wickware church and the remains were laid to rest in Elkland cemetery.

Mrs. James Haggerty.

Mrs. James Haggerty, who came with her husband to Cass City from near Wickware last spring, died in Detroit Wednesday, Oct. 2. The remains were taken to Bad Axe Saturday, where the funeral was held.

Melvin Hill.

Melvin Hill, 31 years of age, died at the home of his parents 1/2 mile east of Holbrook Saturday evening.

He had been ill two weeks with typhoid fever. The funeral was held at the Stone church Wednesday morning and the body was laid to rest in Elkland cemetery. The parents, two brothers and two sisters are left.

FIRST STORY COMPLETED.

The brick work on the first story of the business block on the corner of Main and Oak streets which will be the new home of the Chronicle has been completed. The masons are now rushing the second story and the contractor expects to have the structure enclosed the latter part of October.

GEORGE CLARA'S HOME SCENE OF DOUBLE WEDDING

Harvey Krug and Miss Florence Clara and Bert Clara and Miss Grace Krug.

The home of George Clara, one mile west of Gagetown, was the scene of a pretty double wedding when Harvey Krug and Miss Florence Clara and Bert Clara and Miss Grace Krug were united in marriage on Wednesday, Oct. 2. The ceremony was performed by Rev. W. B. Weaver, pastor of the Gratiot Park M. E. church at Port Huron. The brides were dressed alike, and looked most charming in gowns of cream silk. The groomsmen wore the usual conventional black.

Following the ceremony, a delicious wedding dinner was served. The only guests present outside of the immediate families were Miss Hattie Turner of Ontario and Miss Mable McDonald of Grant.

A reception in honor of the newly married young people was held at the home of Henry Krug Thursday evening where several hours of enjoyment were spent and many expressions of good will were made in words and by beautiful gifts.

AUCTION SALES

Two Farm Sales Scheduled for Next Week.

Dugald McLachlan has sold his farm, 6 1/2 miles east and 1 mile south of Owendale, and will sell his personal property consisting of horses, cattle, sheep, goats and implements on Tuesday, Oct. 15. The property is listed on page six.

W. H. Cannady will have an auction sale on Wednesday, Oct. 16, at his home 1 mile west of Cumber; he has sold his farm and is offering a large list of property. Full particulars may be found in his announcement on page six.

Striffler & McCollough are the auctioneers at both of these sales.

\$637 IN PRIZES

Harry Crandell Made Good Money at the Fairs.

Harry Crandell of Elkland township received \$637.00 in prizes for showing his swine at various fairs in the state this fall. He was absent about six weeks. During that time he secured 13 championships in competing with other breeders and won grand championship three times on a Hampshire sow.

The swine exhibited were O. I. C., Hampshires and Chester Whites.

IT WAS COL. JIM.

The North Branch Gazette says: "Don't leave the grounds until you have seen the red Irish bats," cried a sincere looking man as he displayed a closely covered box, on the midway Friday evening just as the crowd was dispersing. "It costs you nothing to take a peek." The curious looked, smiled and quietly passed along and it was not until a fellow who could not withstand the humor of the practical joke and gave the snap away that the rush for the free show lost its momentum. The lift of the cover revealed only a couple of red bricks. The joker was finally identified as Col. Jas. McKenzie, of Cass City, a popular and successful auctioneer, who is said to have an ungovernable propensity for putting over something on the unsuspecting, just for innocent amusement.

GOV. OSBORN'S PROCLAMATION FOR TUBERCULOSIS DAY

The National Association for the Study and Prevention of Tuberculosis has decided upon October 27 as National Tuberculosis Day. Such inroads upon life are made by tuberculosis that in the United States two hundred thousand deaths annually are caused by it—one every three minutes. Experts state that one-half of all who die between the ages of eighteen and forty-five are victims of tuberculosis, but no repetition of figures, no emphasis of speech, no words of warning can add to the horror and terror and responsibility which, in the public mind, attach to the gruesome devastations of this disease. Peoples, public and private, who do not perform every act within their power to check this scourge are almost guilty of negative murder.

It is not enough to segregate victims, to be cleanly, to prevent infection by sanitary methods in the destruction of sputum and otherwise. Tuberculosis will not be arrested until the race is built stronger, until the reserve force that resists attacks of disease is greater and more potent. The cause of tuberculosis as well as its prevention must be studied. The conditions that make for the weakening of the race must be remedied. As long as there are lowly and congested quarters in

cities; as long as people are badly fed and overworked; as long as the working classes are improperly housed both during their work and resting hours; as long as avarice drives the individual or employer's selfishness overdrives the employee; as long as there is excessive alcoholism and use of other poisons; the human race will continue to weaken. The vital energies of mankind must not be dissipated. When these things are checked by moral and legal rules of discipline, the greatest blow will be given to tuberculosis and kindred enemies of life.

The situation calls for such grave consideration that I deem it my public duty to officially emphasize the value of united effort in this direction.

Therefore, I Chase S. Osborn, Governor of the Commonwealth of Michigan, in the name of and for the people of Michigan, do issue this Proclamation and urge the observance of October 27, 1912, as Tuberculosis Day.

Given under my hand and the Great Seal of the State of Michigan, in the year of our Lord, one thousand nine hundred and twelve, and of the Commonwealth the seventy-sixth.

CHASE S. OSBORN, Governor.

VACANCIES FOR PUPIL NURSES AT U. OF M.

Applicants for Admission to School Must Present H. S. Diploma or Equivalent.

Dr. Daniel P. Deming, local health officer, is in receipt of information from Reuben Peterson, medical director of the University Hospital at Ann Arbor, that there are a number of vacancies for pupil nurses in the U. of M. Training School for Nurses. Dr. Deming has requested the Chronicle to make this announcement so that any young people who have a desire to enter this profession may secure this and additional information regarding the opportunities offered at this institution.

The University of Michigan Training School is no new experiment since it was established more than twenty years ago. Owing to its connection with the Department of Medicine and Surgery of the University of Michigan, the School is exceptionally favored in the way of competent lecturers on general and special topics relating to medicine and surgery. The practical work is conducted in the wards of the University Hospital, an institution of three hundred beds and one of the largest teaching hospitals in the country.

The course of instruction is three years and very thorough so that the nurse receiving her diploma is competent to practice any part of her profession. Applicants for admission to the school must present a high school diploma or its equivalent.

Full particulars regarding the Training School may be furnished on application to Miss Elizabeth W. Holt, Superintendent of Nurses, University Hospital, Ann Arbor, Michigan.

DEMOCRATIC SPEECH.

Miles J. Purcell will give an address at the town hall this (Friday) evening and will be accompanied by Wm. Talcott, who will also speak. It has been so many years since a democratic speaker has visited Cass City that the curiosity of the voters alone should warrant a large audience.

The city dailies have been giving considerable space to Mr. Purcell's political meetings of late and he is said to be a forceful and eloquent orator. He is a candidate for congressman from the eighth district and his address tonight will contain an arraignment of the tariff with special reference to the sugar trust.

DOUBLE SILVER MEDAL CONTEST FRIDAY, OCT. 18

Two Classes of Girls Will Compete and Two Medals Will be Awarded.

A double silver medal contest will be given in the Evangelical church, Friday evening, Oct. 18. Two medals will be awarded—not a first and a second, but the ten girls will be divided according to age, and the one best of each five will be given a silver medal.

This is a younger class of girls than usually enter the contests but the fact that the older girls do not like to contest with the younger ones is proof that the younger ones are at least their equals. Another advantage in starting them young, is that the W. C. T. U. is more able to use them in the higher contest work. If they start at 18, they are very apt to be in business that they cannot leave or are too far removed to enter the higher contests. The society hopes that a number of this class may some day enter diamond contests.

The following is the program: Instrumental Solo, Miss DeWitt. Prayer, President of Union. Vocal Solo, Hazel Meade. Contestants Nos. 1, 2, 3, 4 and 5. Chorus of girls. Contestants Nos. 1, 2, 3, 4 and 5. Vocal duet, Mr. and Mrs. F. A. Bigelow. Presentation of medals, Mrs. A. J. Knapp. Benediction, Mr. Hayward. A silver collection will be taken.

KOLB-ORMES

Miss Edith Kolb Married to Leon Ormes of St. Johns.

Miss Edith, daughter of Mr. and Mrs. George Kolb, and Leon Ormes of St. Johns, Mich., were quietly married at the Evangelical parsonage last Thursday evening by Rev. J. A. Schweitzer. The couple was attended by the bride's brother and sister, Clarence and Miss Iva Kolb. The bride has lived in the vicinity of Cass City for eleven years, having moved here from St. Johns, her childhood home. For the past two years she has faithfully filled the position of night operator of the Cass City Telephone Company. She is loved and respected by all who know her and will be greatly missed by her many friends.

The congratulations on the happy event are numerous and the Chronicle adds its hearty good wishes to those so freely extended.

On Friday morning Mr. and Mrs. Ormes left for St. Johns where they will make their home on the groom's farm near that city.

EDITORS PICK TAFT AND MUSSELMAN

TO CARRY MICHIGAN FOR PRES. AND GOV.

Straw Vote Taken by Detroit Saturday Night Places Wilson and Ferris Second.

Several days ago the Detroit Saturday Night addressed a confidential letter to the editors of Michigan inviting them to express their opinion on the outcome of the election contest for president and governor. Over 300 editors outside of Wayne county responded and the figures given below represent the number of legislative districts in Michigan which they think will be carried by each candidate: For president, Taft 131, Wilson 90, Roosevelt 83. For governor, Musselman 218, Ferris 74 and Watkins 14.

There is also an illuminating reflection on the muddled condition of Michigan politics in the fact that no less than 160 editors pick Wilson as the second choice of their districts, 79 pick Roosevelt and 36 pick Taft; also that in the fact that only 34 pick Wilson as the third choice of their districts, while 115 pick Taft and 122 pick Roosevelt.

Here are some of the comments appended to the ballots which were printed in the last issue of the Saturday Night:

"We consider Roosevelt a traitor to his party, and Osborn like a flea—when you expect to put your finger on him he is not there.

"Why not be fair and put Debs on your list? If you think he is not in it, just wait and see the votes. I am just back from a lecture trip in Minnesota, and I want you to know that the woods are full of socialists up there; and there are a few of 'em in Michigan."

"The large number of men who are saying nothing, and the number of republicans who say they may not vote on president make it hard to judge."

"I am not ashamed to sign my name—L. M. Sellers, editor of the Cedar Springs Clipper, a 365-day-in-the-year republican paper—no bull-head, browser in politics."

"Taft may beat Debs."

"One man, the postmaster, will vote for Taft. One man, who wants to be postmaster, will vote for Wilson. How the rest will vote the Lord only knows."

"Musselman's declaration for Taft at the republican state convention will cost him many Roosevelt votes."

"This is a republican district, and there seems to be no intention of going below president with the cut."

ECONOMY OF GOOD ROADS.

The economic loss due to bad roads is beyond computation and the indifference of some people toward highways is not easily understood. Each owner of property must be held accountable for the condition of the highways of his locality.

Of our public works the condition of none reflects our business status more accurately than the condition of our highways. To make good roads so that products of the farm are easily and quickly brought to this market is to increase the value of every farm along those roads and is practically to increase the farmers' facilities and lessen their expenses; at the same time making this town a bigger and better market for farm produce.

If every citizen could see in actual money the financial return on his investment in good roads he would contribute his share thereafter with alacrity. He has drained the swamps on his land and converted them into arable land. He has bought improved farm implements—he has, in fact, adopted all modern methods—in order to increase the productiveness of his land. But the marketing of his farm products is still seriously hindered by defective highways.

A New York man is reported to have borrowed \$3,500 from his laundress. If she had it it is quite possible.

Any movement to restrain the activities of the genius who designs freak shoes for men will deserve public approbation.

Among all the adjectives that have been applied to the costumes that the girls are wearing now we haven't noticed "modest."

An artist who painted \$10 bills has been arrested. Painting \$10 bills does not seem to be any more profitable than gilding lilies.

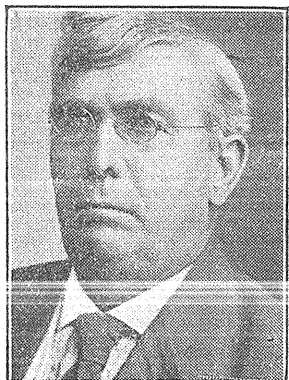

An English actor who wore a corset has died as the result of tight lacing. Evidently the manager declined to give him a fat part.

Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame; straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zeus, Va., writes: "I had been falling in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicines, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

DEMOCRATIC CANDIDATES IN NEW YORK

WILLIAM SULZER, the Democratic candidate for governor of New York, was born in Elizabeth, N. J., March 18, 1863, his mother of Scotch-Irish and Dutch ancestry and his father of German stock. He was the second son of a family of seven children. His father was a farmer and the son worked on the farm until he was fourteen; then worked in a law office and studied at Columbia law school. At twenty-one he was admitted to the New York bar. Five years after he became a lawyer he was sent to the assembly.

In 1893 he became speaker of the assembly and the following year was leader of the Democratic minority. Since 1894 he has gone to congress from the Tenth district of New York. The congressman is well over six feet tall and of a fair weight and is topped by a crop of sandy hair.

His name has been urged for the Democratic nomination for governor every two years since 1906. That year a Sulzer campaign committee opened headquarters, but the nomination was withheld, as it was in 1908 and 1910. Meanwhile he has been working away in Washington, doing his best for measures he was for, and his best against measures he was against. He has been prolific as a statute maker. He increased the pay of letter carriers, made Lincoln's birthday a legal

holiday, passed the bill which authorized the raising of the Maine, once introduced a bill providing for postal savings banks and the parcels post and passed a new copyright law.

Mr. Sulzer's marriage in January, 1908, was almost an elopement. He disappeared from Washington and several days later was found in Atlantic City with a bride, who was Miss Clara Rodelheim of New York.

Mr. Sulzer has devoted so much of his time to the offices he has held that he has not been able to pay much attention to his law practice, and he is reputed to be a poor man.

As an orator Congressman Sulzer is impressive. He has a ready flow of words, can turn a phrase neatly and can enthrone or subdue, cause tears or laughter in the average audience. He is not lacking in fire when he thinks it desirable, and he is in demand to speak at dinners.

Martin H. Glynn, candidate for lieutenant governor on the ticket with Congressman Sulzer, was born on a farm at Kinderhook, N. Y., in 1871, and worked as an accountant to get enough money to go through college. He was graduated from Fordham university, an honor man in the class of '94. He studied law and was admitted to the bar. Then he became editor of the Albany Times-Union. In 1898, when he was twenty-six years old, he was elected to congress from the Albany district. He was re-elected in 1900. At one time he was the youngest member of congress. President McKinley appointed him a member of the national committee of the Louisiana exposition, and he was elected its vice president.

In 1906 he was elected state comptroller on the Democratic-Independent league ticket. He was re-elected in 1908, but defeated.

He is an orator of some distinction, and his friends say that as comptroller he was a foe of graft and a persistent reformer of abuses in his office.

Mr. Glynn was temporary chairman of the convention which nominated him.

NOVESTA CENTER.

The Greenbank Missionary circle will meet at the home of Mrs. Celia Palmateer on Friday evening, October 18. A splendid program is being prepared. Supper will be served at ten cents per plate. Proceeds to be used for education of students in India. The public is very cordially invited to come and enjoy a pleasant and profitable evening.

Mrs. Sam'l Wagon entertained the Greenbank Ladies' Aid on Wednesday for dinner. A very pleasant time was enjoyed by all.

Mrs. Elmer Allen is expected home this week from Bad Axe hospital.

The following item comes from Hermon, Cal: Well, Isaac Mudge, put on your specks and read the news that will make you smile for having another great grandson, who came Oct. 2. He is called Roy Albert, and weighs seven pounds. Born to Mr. and Mrs. Clair M. Summer.

One of the pleasing events of this month was the farewell party given by the young people to Miss Beula Agar of Evergreen at the home of her cousin, Chas. Campbell, on Friday evening. There were thirty in attendance. A dainty supper was served and Miss Agar was the recipient of some dainty pieces of silver as a slight token of the esteem in which she is held by the young people here. Miss Agar expects to move to Cass City this week where she will make her future home.

There will be a meeting of Novesta Grange at the home of Anson Henderson next Saturday evening, Oct. 12. All members are especially requested to be present.

The Demand Was Granted.

A certain city in England sent a deputation to Charles II., who was very ill, soliciting some favor. The orator, without any mercy for the sick man, made a long tedious discourse. "Have you anything more to say?" asked the merry monarch impatiently. "Nothing," replied the orator, "except that if you do not grant our request I am instructed to recite my speech over again." Charles ordered that all his demands should be freely and instantaneously complied with.

IS IT YOUR KIDNEYS?

Don't Mistake the Cause of Your Troubles. A Cass City Citizen Gives a Valuable Hint.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Read the experience of a resident of Cass City who has tested Doan's.

Mrs. Bert Gowan, Pine & West Sts., Cass City, Mich., says: "I can speak a good word for Doan's Kidney Pills as they have done good work in my home. Anyone suffering from pain in the back and other symptoms of disordered kidneys will make no mistake in giving Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nervine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nervine."

MRS. FRANK ANDERSON, Comfrey, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nervine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. (You need not hesitate to give it a trial.)

Sold by all Druggists. If the first bottle fails to benefit your money is returned.

HAPPENINGS IN OUR NEIGHBORING VILLAGES

LAPEER—The woman suffragists of Lapeer county are putting up a lively campaign advertising in the county papers and having prominent speakers addressing public meetings in all the villages.
ELKTON—"Bert" Trumble, publisher of the Elkton Review, was last week appointed a deputy state oil inspector by Gov. Osborn to succeed L. H. Howse of Brown City. Mr. Trumble began his work last week.
PIGEON—The Globe Construction Co. expect to complete nine miles of their stone road contract this year. It was the intention early in the summer to finish the 15 miles this year, but the continual wet weather made it impossible to do the work.—Progress.
ELKTON—Elkton is soon to have a new postmaster in place of Dr. Cornell, who resigned some time ago. The gentleman on whom the toga has fallen is Charles L. Morse, who received notice of his appointment a few days ago.
PIGEON—The new addition to the Hotel Heasty is about completed and workmen are now busy remodeling the lower floor of the old part. It will be two or three weeks before Landlord Farrar has things in good shape.
SANDUSKY—Wm. Nichols has purchased a sixty-horse power traction engine for use in building the stretch of gravel road from Sandusky to McGregor. The voters of Custer township voted to bond for a good lot of roads for their township, thus showing a progressive spirit that is taking hold of many other neighborhoods.
MARLETTE—The village was invaded Thursday by a horde of unwashed and beggarly light fingered gypsies, of the old country brand that can steal everything in sight in two or three minutes. Carl Hurd, living east of town, gave them a bag of oats in answer to their plea and afterwards when he went to give them some small change one of the women grabbed a roll of bills from his hand. He fought to get these back and did so but found afterwards that the masculine piece of femininity with whom he had been scuffling had peeled off a ten dollar bill and pocketed it. At Peter Kraglund's they attempted to steal his pocket-book but made a hasty retreat when Mr. Kraglund leveled a shot gun at them. Mr. Hurd tried to get out a warrant for the thief who had robbed him but there was no one in town to serve it and soon after dinner the caravan started west with their horses on the dead run.—Leader.

Fur of the Chinchilla.
 The tiny chinchilla, not more than twelve inches long, with a plump little body on short, stout legs, thrives only in the tropics. The little beasts have to be killed with the utmost precaution not to injure their fur, that grows on a skin nearly as tender and soft as a web of silk. A perfect skin not larger than a small pocket handkerchief is a revelation in fur growth. The texture of ever hair is finer than floss silk, the length of it nearly an inch and the coloring about that of the soft, undyed marabou feathers.

A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup— whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1.00. Guaranteed by L. I. Wood & Co.—Advertisement.

WILLIAM H. HILL, DETROIT.
 Candidate for Congressman-at-Large: born in 1852 in Steuben County, N. Y.

After attending district school until fifteen years of age, he worked for his board and tuition at Cayuga Military School, Aurora, N. Y. He took care of horses and cows and did janitor work around the buildings; in vacation periods worked on farms, or did anything to earn an honest dollar. He was a student under Prof. Warren Higley, later Judge Higley of New York City.

After finishing his three years' literary course, he followed Horace Greeley's advice and went west to grow up with the country. Landing in Kalamazoo, he took the first thing offered and clerked in a dry goods store for two years. Then he fitted himself for the drug business, and traveled a number of years in that line. He moved to Detroit in 1885, where he has been manufacturing drug specialties and metallic furniture with marked success.

Mr. Hill has been a life-long Republican, and has always been known as a Progressive. He was a staunch supporter of the late Mayor Pingree at the time he made his fight for the Municipal Lighting System, which was successful. He was also a strong supporter of the Pingree plan for municipal ownership of street railways at the time he tried to take over the street car facilities for the benefit of the people, and still advocates public ownership.

Mr. Hill has always felt there should be some law whereby combinations of capital and great corporations can be controlled, and believes that an industrial commission should be appointed with full power to control all corporations engaged in interstate commerce, on a plan similar to that which now controls the national banks, and thereby give the small business men the same opportunity, under the laws, as the corporations.

A HEALTH to the FIGHTING MAN

A health to the fighting man! The man with a red glint in his eye—
 A glint that glows to a tender gleam for the old flag in the sky.
 To the man who dares—and the man who cares for the good old U. S. A.,
 Who bears the brunt in the battle front and hurries to the fray.
 A health to him—our soldier grim—with the weight in his eye.
 Who tunes his life to the shrilling fife and knows the way to die.

A health to the fighting man! The man all innocent of sham.
 Who pays the due of a loyal heart at the shrine of Uncle Sam's name.
 Who bears our load on the weary road that leads to a distant peace.
 And asks no halt till he finds the fault, and the roars of cannon cease;
 May the throb and thrum of the rolling drum be promise to his ears
 Of the joyous day when he'll come away to hear a nation's cheers.

A health to the fighting man! The man with impulse clean and clear;
 We hold him right as a gallant knight without reproach or fear;
 When the bugle sings and the bullet rings
 rings and the saber flashes bright,
 May he feel the aid of the prayers prayed to guard him in the fight;
 May good luck ride on either side and save him for the grasp
 Of the friendly hand in his native land that's yearning for the clasp.

1846, long before the time "of the rising of the potatoes" as the term goes in Ireland, the leaves on the

vines began to blacken and die to the astonishment of the peasants for a potato rot was not known to world till that date. The north of Ireland did not suffer much because they live more on oatmeal, being of Scotch origin but in the south and west parts of the island the potatoes were the principal food of the peasantry. Many were forced to eat the diseased tubor or starve. A tubor fever laded and thousands died. Let us remember if our potatoes all rot it amounts to nothing in comparison.

That's What Every One Says Who Tries

Black Silk Stove Polish

DON'T imagine for a moment that all brands of stove polish are the same. Don't get the idea that to keep a nice glossy shine on your stove you must black it every few days. It's not a question of oft-repeated application. It's a question of the stove polish to use.

Black Silk Stove Polish is so much better than other stove polishes that there is absolutely no comparison—it's in a class all by itself.

It makes a brilliant glossy shine that don't rub or dust off. It cleans to the iron—becomes a part of the stove. It makes old stoves look like new and lasts four times as long as any other shine.

Get a can and give it a trial. Try it on your parlor stove, your cook stove, or your gas range. If you do not find it the best stove polish you ever used, your dealer is authorized to refund your money. Black Silk Stove Polish has been made by the same formula and sold under one name for 30 years.

Here is what some of the ladies write us:

"I sent to you for a can of Black Silk Stove Polish and found it so much better than any I had ever used that I asked my hardware dealer to order a supply. He did so, and is now selling nearly everyone in the place your polish. I had no idea there could be such a difference in stove polishes."

"I was visiting friends and they used Black Silk Stove Polish on their stoves. It made the best shine I ever saw, and after blacking, the polish did not rub or dust off. It is way ahead of any polish I have ever used."

Ask Your Dealer for Black Silk Stove Polish and refuse a counterfeit brand. Costs you no more than the ordinary kind, so why not have the best. Made in liquid or paste—one quality.

Black Silk Stove Polish Works, Sterling, Ill.

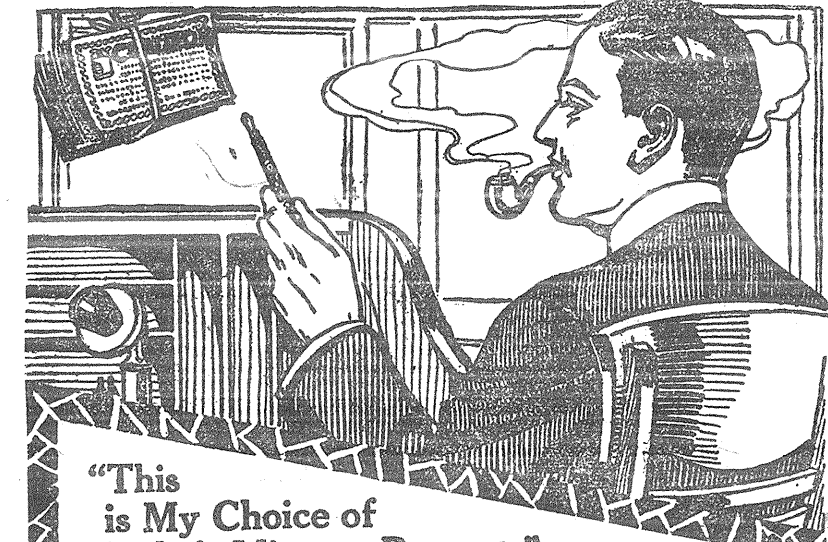

Use Black Silk Air-Drying Iron Enamel for grates, fenders, registers, stove pipes, etc. Prevents rusting. Not affected by heat or cold. Produces a permanent glossy black surface. Can, with brush for applying enamel, only 25 cents. Ask your dealer.

Use Black Silk Metal Polish for nickel, brass, silverware or tinware. It has no equal for use on automobiles.

CAPITAL AND LABOR

How often we are told that the capitalists and laboring man's interests are the same.

But are they?

Capital wants high wages and short hours, which would cause low dividends for the capitalists.

Capital wants high dividends, which would cause low wages and long hours for the working man.

This does not look very much as if the interests of these two were identical.

Labor was first, and should have what it produces; but under this capitalist system, labor gets about one-fifth of what it produces, and the balance is taken by those who do not produce it.

We are told that this profit system will never change; how about the big trusts absorbing the smaller ones, the small merchants being crowded out by the department stores, besides the chain of stores controlled by a few rich men, and now (according to a N. Y. press dispatch) a combination of more than

1,000 trusts capitalized at \$1,000,000 or more are to form one gigantic "trust of trusts" which is the final stage of evolution in the capitalist centralization of industry. What next?

Bible students could enlighten us on Revelation 18; 11, 12, 13, which reads: "And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more. The merchandise of gold * * * silver * * * precious stones * * * pearls * * * fine linen * * * purple * * * silk * * * scarlet * * * thynine wood * * * ivory * * * precious wood * * * brass * * * iron * * * marble * * * cinnamon * * * odours * * * ointment * * * frankincense * * * wine * * * oil * * * fine flour * * * wheat * * * beasts * * * sheep * * * horses * * * chariots * * * slaves * * * and souls of men."

If this is not a clean wipe-out of capitalism (profit system) what does it mean?

Dr. and Mrs. J. H. Hays, J. E. Kennedy and L. I. Wood went to Saginaw Tuesday afternoon to hear Theodore Roosevelt, ex-president, speak in that city in the evening. It was a mammoth audience that greeted the Colonel at the Auditorium that night—bigger than ever before assembled under one roof in Saginaw for any purpose. Roughly estimated it numbered about 6,000 persons.

J. C. Farrell and son, Alfred, were visitors in Detroit Tuesday and Wednesday. While in that city, they were invited to attend a dinner at which several representatives of Boston, Cleveland and Detroit shoe manufacturers were present. In the impromptu speeches which followed, the eastern business men remarked that the forward strides of our good old Michigan were being brought more noticeably to their attention every year and that the East was preparing to concentrate their capital more heavily here in future years.

Clifford Edgerton of this city is secretary of the Alma college Young Men's Christian association and is one of the officers who brought the Alma society from the last place among the college associations to first place last year. The association now has the largest membership than it has ever had at this time of the year. Last year the Alma college Y. M. C. A. had every man in college except one a member. This year it is the plan of her officers to have every man, thus establishing a national record.

The ladies of the Woman's Study Club spent a delightful afternoon at the special meeting held on Monday afternoon at the home of Mrs. I. A. Fritz. "For Auld Lang Syne" was the slogan of the festivity in accordance with which the ladies appeared in appropriate costumes, many of which were most original and caused much amusement. Old time songs were sung and a reel was danced by the members of the committee in fancy costume. Mrs. Fred Bigelow rendered several vocal selections in her usual pleasing manner. The program was followed by guessing contests after which refreshments were served. This was declared by all to be one of the most successful of the special occasions held by the club.

On Saturday, while D. M. Houghton was writing at his desk at the post office, a messenger summoned him to his home with the news that there was a gentleman waiting to see him on business. Mr. Houghton, on arriving at his residence, was thoroughly surprised by meeting a company of old soldiers and their better halves, who had come to help him celebrate his 67th birthday. The company, numbering 14, brought their supper with them, and in addition to the refreshments, a short program was enjoyed and Mr. Houghton was presented with a shower of birthday cards. He thanked the guests for the remembrance in a feeling manner. During the afternoon, the comrades told interesting
