WELL ATTENDED

SPEAKER SAYS REPUBLICAN PARTY IS PROGRESSIVE.

Washington Gardner Predicts Election of Either President Taft or Woodrow Wilson.

The town hall was well filled Tuesday evening when voters accompanied by a limited number of the gentler sex gathered to listen to Republican speakers. J. D. Brooker presided as chairman and introduced Henry H. Smith of Caro, candidate for prosecuting attorney, as the first speaker.

Mr. Smith dwelt mainly on the tariff and declared the political situation in 1912 is the same as it was in the campaign of 1892. He made a special plea to the farmer to cast his vote on Nov. 5 in favor of the protective tariff party, declaring that the farmer's prosperity depended upon the prosperity of the factory hands and their city brethren. He also denounced the initiative and referendum.

The Bull Moosers, he said, did not offer anything new in their platform, all of their planks appearing in either the Republican, Democrat or Socialist platforms. Republicans in this community lack sand, he continued, and the Bull Moosers only want to create trouble.

Washington Gardner, ex-secretary of state and ex-Congressman and a gentleman who carries his 67 years with dignity and grace, gave the second address. As a speaker, Mr. Gardner has rare talent and he held the close attention of his audience through remarkable word pictures and clear expressions. He stated that either Wilson or Taft would be elected and complimented both candidates. He is proud of Woodrow Wilson as an able writer, an educator and speaker, but believes his election would be disastrous. He has no use for a Republican who bolts the head of the ticket and says a vote for Roosevelt, if cast by a Republican, is half a vote for Wilson.

The speaker denounced the recall of judges as impractical and said that progressivism means politically a party that does things to promote the prosperity and happiness of the country. To substantiate his assertion that the Republican party had been progressive, he cited the following as proof: The adoption of the gold standard as the legal status of American money; freeing Cuba from Spanish tyranny; placing Porto Rico, Hawaii and the Philippines under the protection of the U. S.; the Panama canal project; adoption of rural free delivery; creating the railroad commission; regulating the manufacture of oleomargarine; law against white slave traffic.

The speaker spoke frequently and favorably of Congressman Fordney's work at Washington; in fact, he mentioned the congressman's name oftener than any other, including even that of President Taft.

OIL DISTRIBUTING STATION

Standard Oil Co. Is Placing One at Cass City.

Keating & Glover are erecting a pump house, 16 by 24 feet in size, next to the railroad tracks of the P., O. & N. and west of the Cass City Grain Co.'s plant, for the Standard Oil Co. Three foundations have been prepared for placing large gasoline and oil tanks directly north of the pump house. Each tank is 30 feet long and 10 feet in diameter and will hold over 17,500 gallons.

Besides supplying local needs, this will be a distributing station for Gagetown, Deford, Shabbona, Argyle and other near-by towns.

PROGRESSIVE RALLY OCT. 29

J. B. Kirby and A. L. Chandler Will Speak at Cass City.

The Progressives are preparing for a big rally at the Hitchcock opera house next Tuesday evening, Oct. 29, commencing at 7:30, local time. The meeting is being more widely advertised than any political meeting held here in several years.

Julius B. Kirby, Progressive candidate for attorney general, and A. L. Chandler, Progressive candidate for Congress from the eighth district, will give addresses. Both gentlemen are prominent and eloquent speakers and the circulars advertising the event say they will give a "square deal" discussion of the vital political questions of the day.

This will be Mr. Chandler's second appearance at Cass City during the present campaign.

NEW STATION WILL BE CALLED ATWATER

Grain Elevator and Lumber Yard Will Be Erected by Bad Axe Grain Co.

A station to be called Atwater, after A. B. Atwater, assistant to the president of the Grand Trunk, will be established 5½ miles directly west of Uby on the new Detroit & Huron Railway. This point is 1½ miles east of the present site of Ivanhoe.

Ground has been purchased for an elevator, coal and lumber yard, etc., at Atwater and construction of buildings for these enterprises will be started as soon as the track is laid to that point so that material can be landed. The Bad Axe Grain Co. will conduct the elevator and lumber yards.

Atwater is six miles south and 2½ miles west of Bad Axe and is a fine location. It will give the farmers of that section an opportunity to raise sugar beets and chicory which they could not do heretofore. The land in that vicinity is well adapted to these crops.

CHAS. E. PATTERSON

Former Cass City Citizen Answers Final Roll Call.

The funeral of Chas. E. Patterson, whose death on October 13 was briefly mentioned in the Chronicle last week, was held from the M. E. church at Croswell last Wednesday afternoon.

He was born in Canada May 26, 1848 and moved to Michigan when a young man. On Aug. 11, 1868, he was united in marriage to Margaret P. Cameron of Riley, St. Clair county. They made their home in Wales township for a time and went to Buel, Sanilac county, 21 years ago. Nine years ago they moved to Cass City and resided here until about two years ago when they moved to Croswell.

Mr. Patterson had been building a house in Croswell and was working hard to get it completed. He was about his work as usual Friday and died the following Sunday afternoon. He had suffered for years from asthma, and contracting a severe cold, it brought on congestion of the lungs and caused his sudden departing. He was a member of the M. E. church, and a charter member of the Macabee lodge at Memphis.

Six children survive: James W., Applegate; Mrs. C. W. Hulbert, Fenton; Mrs. Wm. Lewis, Croswell; Chas. C., Hesperia; Mrs. G. W. Coleman, Croswell; Mrs. Ed. Frances, Croswell.

MEDAL CONTESTS

YOUNG PEOPLE MAKE GOOD TEMPERANCE WORKERS.

Geraldine Auten, Laverne Hays, Miriam Fritz and Dorothy McKim Declared Winners.

In spite of the disagreeable weather which prevailed Friday, a large and appreciative audience filled the Evangelical church and listened to the ten contestants present their pleas for temperance. Geraldine Auten and Laverne Hays were the successful contestants and deserve credit for their efforts. The medals were presented by Mrs. A. J. Knapp in a very interesting and encouraging talk and a splendid program was rendered. Some of the participants were Mr. and Mrs. F. A. Bigelow, who sang a pleasing duet, and a chorus of small girls who presented a franchise song, "When Girls Can Vote." An invitation for new members was also given.

Sunday, the same contest was repeated at the Church of Christ with two contestants from Deford to make the required number. Fourteen strong temperance pieces were presented to an attentive audience and the workers felt that good was done. Miriam Fritz and Dorothy McKim were the medal winners and are to be complimented on their success.

The ladies of the W. C. T. U. remark that if all the young people were as enthusiastic temperance workers as the contestants there would be no need of struggling longer with the liquor question.

FORMER CASS CITY YOUNG LADY HONORED

Miss Florence Hill Chosen Queen at Harvest Festival in Bishop, California.

Miss Florence Hill, member of the class of '07 of the Cass City high school, was honored by the citizens of Bishop, California, her present home town, by being chosen queen of a harvest festival which the residents there celebrated recently.

The Owens Valley Herald of Bishop contains the following paragraphs in speaking of the event: "Inyo's beautiful Queen of the Harvest, Florence the First, was crowned Thursday morning under an ideal California sky. The coronation stand had been prepared with the utmost care by the decoration committee, and with its harvest colors and overhead canopy of grape vines was very artistic. Miss Hill proved herself in every way worthy of the confidence placed in her by the citizens of the valley who elected her queen. She was beautiful and dignified and read her proclamation impressively and distinctly. Her gown was an exquisite creation of cream princess satin and Chantilly lace trimmed with ropes of pearls. On her dark hair was placed a jeweled crown by the Prime Minister, known to the common people as A. H. Swallow. The Queen was escorted to her throne by the Knights of King Arthur in their bright uniforms. Her attendants were two little maids-in-waiting who carried tributes of harvest fruits on great trays which they placed at the foot of the throne, and two members of the Knights of King Arthur who acted as train bearers."

FIRST NUMBER OF LECTURE COURSE MONDAY

Reserved Seats Will Be Sold at Chronicle To-morrow and Monday.

The first number of the season's lecture course will be given next Monday evening, Oct. 23, by Mr. and Mrs. Gale in "Songs and Stories of the Red Man." The entertainment will be of great educational value. In presenting the program, the stage is set with special scenery and covered with curios and musical instruments.

Mr. Gale gives a brief description and history of most of the curious instruments used and tells interesting stories and legends, leading up to the musical numbers, whether instrumental or vocal, which are rendered—all of them unique, melodious and new. The written music for these numbers can not be secured in a music store. Mr. Gale was compelled to write his own music by listening to the songs of the Red Men and recording them. Some selections were recorded by means of the phonograph.

Both Mr. and Mrs. Gale appear as Indians—in beautiful costumes—Mrs. Gale appearing in several different costumes, representing various tribes of Indians. No words or pictures can adequately set forth the charm of an entertainment that is unique and picturesque, with a combination of lecture, story, song, and instrumental music, unlike anything else on the platform.

Tickets for the course may be purchased from any member of the Woman's Study Club or at the Chronicle office. Price for adults, \$1.50; for students, \$1.00. The reserved seats will be for sale tomorrow (Saturday) and Monday at the Chronicle, the price being 40 cents for the entire course.

CASS CITY, MICH.

A Practical Demonstration

will be given at our store all next Thursday, Friday and Saturday. Everybody attending will be shown the construction of these stoves.

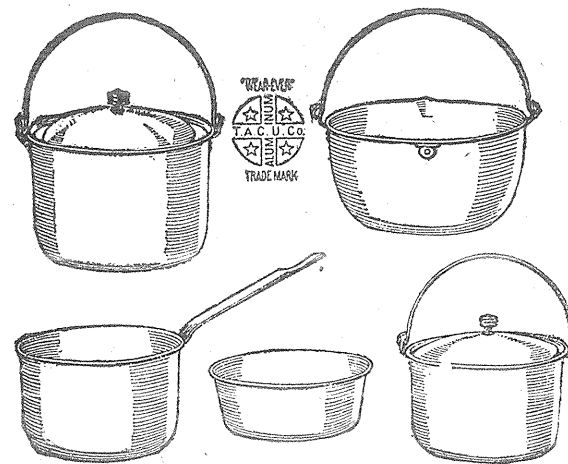

You are invited to come, at any time that is most convenient, and learn how easily baking is done in a LAUREL TWIN-FLUE RANGE.

Don't stay away because you are not interested in buying a range at present. You will want one some day, and may never again have as good an opportunity to learn why all ranges do not bake and cook as quickly and economically nor with the same uniformly successful results which any LAUREL RANGE will give you.

As a special inducement to you who will need a range soon, we offer, provided you purchase or order a LAUREL TWIN-FLUE RANGE during this demonstration and sale

Your choice of three very useful premiums

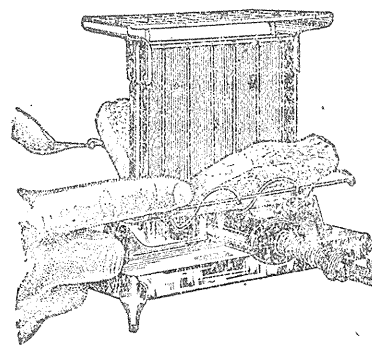

An \$8.00 Set of "Wear-ever" Aluminum Ware

This is the best set of aluminum ware you could buy no matter what price you were willing to pay. "Wear-ever" contains only pure aluminum. It is unequalled for any kind of cooking. Aluminum ware is light and always remains clean bright. It will not crack like enameled ware; it will last a lifetime and will always be valued for its superior cooking qualities. Food flavors are not absorbed by aluminum and foods which are easily burned in utensils of other materials are not even scorched in aluminum ware under the same conditions. Remember we give this premium only with Laurel Twin-flue Ranges ordered during the demonstration.

An Electric Toaster

Of all the articles entering into the preparation of breakfast none will be more appreciated than this toaster after you have once used it. It operates on the ordinary electric light current and is furnished with a long flexible cord for attaching to any lamp socket. All parts are heavily nickeled and being plain are easily cleaned by merely rubbing lightly with a cloth.

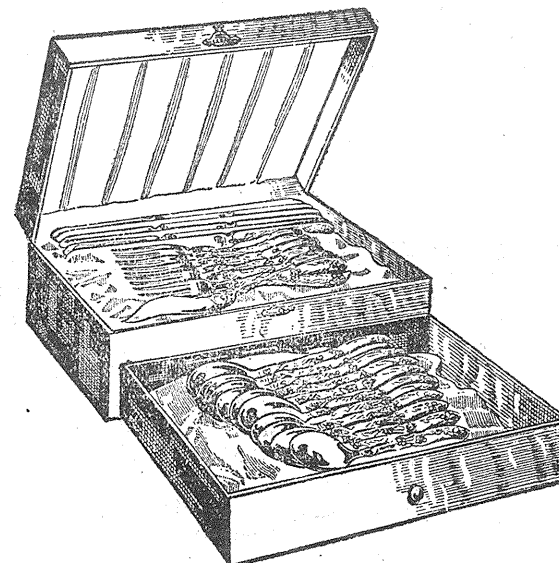

It's Quick, Convenient

Toast is made right on your breakfast table. You make it as required. It is always hot and deliciously crisp and evenly browned. There is no danger of burned or blackened toast, as the heat is easily regulated. The only cost of operating is a fraction of a cent for electricity. Come in and see what a simple and convenient apparatus this toaster really is.

A 26-Piece Set of Handsome Silverware

Containing, in all, 6 knives, 6 forks, 6 teaspoons, 6 medium size table spoons, which can be used also for soup spoons, and one each, butter knife and sugar shell. Every piece is warranted R. & B. silverware; a guarantee of wearing quality going with each set. The design is the beautiful Poppy Scroll which is so popular at the present time; it is carefully raised and carved to give the proper effect. This set of silver makes a valuable addition to any table service. Come in and examine these premiums which are now on display in our store.

This demonstration which we will conduct is given to convince you that the stove is of as much, if not of more, importance than the "cook."

You will notice in the illustration shown above that the lids of the stove are numbered. In other ranges than Laurels the heat passes only under Nos. 1, 2 and 3 when the direct draft is opened. Laurel Twin Flue Ranges are built differently; they heat the entire stove top; they use less fuel; they heat the entire oven to a uniform temperature when you want it, but do not heat the oven at all when you don't want it. This saves fuel and makes the kitchen more comfortable. The special Laurel Twin-flue construction which makes this possible will be explained, with many other desirable Laurel features during each day of this demonstration.

Don't forget the dates Oct. 31 and Nov. 1 and 2. A ticket on the stove to be given away on Nov. 2 will be given to every one (not already holding one) attending this Demonstration.

BEAULEY.

Mrs. Eugene Burnham and daughter of Millersburg are visiting at Jas. Pratt's.

C. Hartsell of Attica is visiting his brother, Jacob, here.

Mr. Hoffman from Brown City is visiting at Amos Hoffman's.

A farewell party was given for Mr. and Mrs. Amos Hoffman on Monday evening before their departure for their new home in Marine City.

Mrs. Frank Carroll and Son, Louis, o' California, who have been visiting here, have returned to Detroit, expecting to take the southern route for home next week.

Chas. S. Bond is expected here this week to call on old friends.

Mrs. Henry Ellicott, whose death was mentioned in last week's Chronicle, was born in 1863 at Holly, Michigan. In 1882 was married to Chas. Clark. They lived in different places—Cheboygan and in Louisiana, later in Unionville and then Cass City, where Mr. Clark died. Mrs. Clark took up life's burdens alone then with her three little girls, until in 1895, when she was married to Mr. Ellicott and has since lived in our midst. She was a Christian worker and a member of the Presbyterian church in Cass City. While here she was an earnest worker in the M. E. church. She has gone to that building not made with hands and will be missed much here where she leaves a host of friends. She is survived by an invalid mother, who resides in South Dakota, three married daughters and a twelve year old daughter, Bertha Ellicott, who will live with her lonely father, whose declining years will now be spent with his son, Arthur Ellicott, and wife, Rev. Hilderbrand preached the funeral sermon and she was carried by kind friends and followed by neighbors to the last resting place in the Elkland cemetery.

CANBORO.

Death visited our neighborhood early Thursday morning and took from among us Richard Ellis, after a long illness of cancer in the head. Deceased was fifty-five years of age and leaves to mourn his loss a wife and five children, one daughter and four sons. The funeral took place Saturday at twelve o'clock from the Canboro church, Rev. Hilderbrand of Owendale officiating. Interment was made in the Williamson cemetery. The family have the sympathy of the entire community.

Mr. and Mrs. Cyrus Lown and Mr. and Mrs. Chas. McDonald and children spent Sunday with friends in Cass City.

Some from here attended the funeral of Mrs. Ellicott on Friday.

Lew. Mellendorf and Richard Jarvis were business callers in Elkton Friday.

John Thomthwaite of Pigeon was visiting old friends here last week.

Mr. and Mrs. Perry Parker attended the Lecture Course in Owendale Saturday evening.

Mr. and Mrs. Hildebrand of Owendale took tea at Wm. W. Parker's Sunday evening.

IS IT YOUR KIDNEYS?

Don't Mistake the Cause of Your Troubles. A Cass City Citizen Gives a Valuable Hint.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Read the experience of a resident of Cass City who has tested Doan's.

Mrs. Bert Gowen, Pine & West Sts., Cass City, Mich., says: "I can speak a good word for Doan's Kidney Pills as they have done good work in my home. Anyone suffering from pain in the back and other symptoms of disordered kidneys will make no mistake in giving Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.—Advertisement.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.—Advertisement.

WARNER GIVES ADDRESS

Fred M. Warner gave a street address in Cass City Saturday afternoon, and quite a number gathered near Jones' store to hear the ex-governor. He was introduced by J. D. Brooker.

Mr. Warner spoke on what he termed the paramount issues of the present campaign: protective tariff and free trade or tariff for revenue only. He gave figures to substantiate statements made and compared the splendid business activities and good prices which the farmers have received in late Republican administrations and the slump in prices and stagnation of trade which accompanied the democratic administrations in 1893. He advised the farmer to "let well enough alone."

Mr. Warner had just completed a speaking tour in Sanilac and Huron counties and stated that he had noticed more new houses and new barns and re-modelled buildings in the Thumb district than any other portion of the state.

Perhaps if all understood the evidence produced was caused by his mind being temporarily unbalanced they would understand and fathom the reason why the innocent was led to sacrifice. People were stunned by the blow and strong men wept. Public sentiment discloses the fact the cause of this to be a malicious conspiracy for the purpose of enhancing the chances of another for the appointment of postmaster at Deford, instead of Mr. Geo. Bean crop nearly all gathered. Sick ones in William Patch's family.

Arch Johnson of Cass City visited on the twelfth Sunday.

Ernest Cooper and family visited at Joseph Hack's on Sunday.

David Valentine of Oxford was a caller in these parts last week.

The sugar beets through the beet country east of here will be a trifle more than a half crop.

Harry Spencer has moved into the J. R. Lewis house. Joe and family have moved into his new dwelling.

Mr. and Mrs. J. D. Funk have taken Grandma Gibbs home to their house again for the winter to care for her.

Mrs. Ray Gibbs of Owendale spent a few days last week with her sister, Mrs. Howard Retherford, on twelfth.

If no "slip twist cup and lip" Clark Courliss will sell his place to a Mr. Jackson this week. Mr. C. says he intends going to vicinity of Rochester, Mich.

Mrs. Clark Courliss has spent a few days in Detroit with her daughter, Mrs. Chas. Huffman, who is very sick. Mrs. Huffman will be remembered as Addie Courliss.

Jesse Sole had a hay press. Can't give the proper name but it did the work the same day. It's average was three tons an hour, four wet shirts in the mow and a roaring appetite for supper.

There are many who come with a pitiful story and a prayer for cold grub, that should get a swipe over the head with a club. For at every farm home for more help there's a call; good wages and "chuck" for an and all.

Samuel James of Oakland county was here the past week to spend a few days with his granddaughter, Mrs. John Retherford. Mr. James is nearing four score and eight years and yet able to work. Contented only when busy.

Can a school board hire a teacher and bind a new board to abide by their act is the question to be decided by the Supreme Court of our state. Chronicle keep close watch and give us the decision. Every primary district is interested.

Among our beet tenders we know a woman with three children and the oldest, our American women would say, required a mother's care. But this Serbian mother takes the trio to the field at sunrise and works 'till dark, halting only at the noon hour to let the smallest offspring

nurse. Now we allow these things that our beets may be cared for, but 'tis as barbaric as the slavery of the south before the civil war. Ah, "the lust of gain!"

Word comes from Port Huron of Mrs. Benjamin Sharp that her health is improving, but she will not return 'till she finds a permanent cure.

A. D. Mead, the Watkins man, was at our humble abode last week while we were absent and told the "good wife" if we were present he would ask us to define the difference between a prophet and a scribe. We would answer none—both have a thankless task. Both are without honor in their own country, and both will have their reward in the land yet to come.

We would take the position if we wished to win the debate, "that all wrong doing was the result of ignorance." Yet some would say our smartest men did wrong. Yes, they are so called, but not wise in the thought that we must reap that which we sow. The wise man is he who has learned if he does wrong he must suffer the consequence and that it is unavoidable. A fear to do wrong is the only fear that any man can harbor without being a coward.

W. J. Gamble after travelling in Holland and seeing the cows and results therefrom in that country how they were kept, etc., concludes that we have not got much cows enough in Tuscola county for one township.

COMMUNICATION.

To those who have been impatient with my silence in regard to the Croop case I would say that the principle in the deal was not 'till now where he could say whether or no I speak truthfully.

I believed him when he told me he was guilty of no wrong.

I believed the postoffice was at the bottom of it all when I saw Fordney's letter saying Geo. Riker had gained it under the civil service.

I thought him innocent when I told him to offer \$100.00 for evidence that he had violated local option law.

I believed him innocent when I bet with Samuel Sherk and George Livingston that no evidence of his guilt would be shown.

I thought him guiltless when judges of rum told me they never had dealings of the kind with him.

I believed him innocent when I offered to bet a horse against \$25.00 that he would be vindicated in court.

I verily thought he had not violated law when I offered to draw \$80.00 out of Deford Bank (all the money I had) and bet two to one that a jury would find no cause of action.

I thought him innocent when I went with him to Saginaw and Caro to prepare the line of defense so strongly that I would not take a single cent for my time although he offered to pay me.

I exercised the right of an American citizen to consider a man innocent 'till I found evidence of guilt.

If that is a crime then both civic and Scripture teachings are at fault.

Now to those who have intimated that I worked for "tainted money."

Knowing that I upheld a wrong, I ask no change of sentiment. Their good or ill will is not worthy of consideration. The friendship of such is often a damage, for they judge others by their own evil minds.

MONEY SYSTEM

Our greatest statesmen have always opposed banknotes as money.

Thomas Jefferson said, "I sincerely believe that banks of issue are more dangerous to republics than the standing armies of all monarchies." President Andrew Jackson said, "What! Charter that monster with a capital of sixty millions, with a branch in each state, with its arms extending into every man's pocket. By the eternal, no." President Abraham Lincoln said, "I warn this congress and the American people to beware and not surrender a power they now possess, which, if once surrendered may never be regained." (Cong. Record 1864). What power? Power to issue and control the money of the nation.

Limited space prevents full analysis of present system, yet in passing it is well to note, 1st., That the money trust is the mother of all trusts, 2nd., Banks of issue and clearing houses controlling our money, can at any time cut off the money supply, bring on a panic, render debt paying impossible, and so take over the land and property of the people. 3rd., The bulk of paper used as money is banknotes, based on the public debt, therefore we can never pay the national debt and at the same time keep these banks in business; said notes bear interest and are not legal tender for any private debt, and it is absurd to say the U. S. is pledged to redeem them in gold.

Hence we demand, viz., All money shall be made full legal tender for all debts public and private, to be issued by the government direct to the people without the intervention of banks, and no bank currency. Pay the national debt in any money in the treasury, because the bonds were bought with paper money, not gold.

Some say, "Oh, we are coming all right, we have postal saving banks now," yet see the 'joker', all postmasters of postal saving banks shall turn over their deposits to national banks, making Uncle Sam just collecting agent for a banker.

Others say, "The money question is settled", if so, why the 'Aldrich' bill in late congress? Under said bill, the money system would be changed by establishing one central bank with eight branches, said central bank to issue all paper money of U. S., all government paper money to be retired, the resources of U. S. to be turned over to said bank, no interest

to be paid on deposits, to hold a charter for 50 years.

Enactment of Aldrich bill would gather all the money of the nation into the hands of 20 men. Prof. P. V. Perry says, "Six men would control it." This would place in the hands of these six men a power greater than the power ever wielded by any potentate on earth. President Taft has approved the bill, Roosevelt and the democratic party stand for it.

The socialist party is the only party striving to save the country from the grasp of the most gigantic money trust the world ever knew.

Banknotes cannot be made legal tender only at the option of the creditor. National banks are private corporations, yet W. H. English, president of National Bank of Indianapolis said, "Our profits in 14 years are therefore \$3,419,000." This is just so much in usury by loaning back to the people their own money, made by the government and turned over to the bank in bulk.

The INTEREST on the banknotes and U. S. bonds, the basis since 1865, if invested in corn at 30c per bushel, with 10 tons on each car, each car to have two rods of track, it would make a train of cars reaching over six times around the entire globe. Run this train 120 miles a day, it would take eight years and three months to pass a given point; every dollar of it taken out of the toil and sweat of the laboring class.

England loaned money to the Irish tenant farmers of Ireland at 3 per cent. to buy land. In Sidney, South Australia, by act of parliament, one-half million dollars are annually set aside for loans to their people.

Jesus drove the money changers out of the temple and called them names, but you wise Americans, placed them again in the saddle. They have reigned 50 years, and today we find 81 per cent of all families of laboring people in the U. S. are rent payers. (U. S. Census and Labor Reports 1903).

No people can long remain free who do not own their homes.

Whatever power controls the money of a nation is absolute master of the commerce and industries of the country.

LET THAT POWER BE THE PEOPLE'S—NOT CORPORATIONS.

Next week, "Socialist Platform."

floating in the water, and notified the authorities. It was thought to be that of Vincent Mirchewski, a Polish laborer, who had been working on the city sewer during the summer and for a few days at the sugar factory. His brother, Paul, who conducts a bakery at Flint, later came and made the identification complete and arrange for the burial in Caro cemetery on Monday. He was 26 years old and single.

Charles Nuttall, a well known and highly respected citizen of Caseville township ended his own life at his home Sunday evening by placing a revolver to his head and discharging the weapon. Mr. Nuttall seemed to be in his usual good spirits when he visited with his daughters, before time for the family to retire. When the daughters decided to retire for the night he kissed them. Shortly after they heard the report of a revolver and rushing into the room where they had left him, were horrified to find his lifeless body. Mr. Nuttall had been in poor health for some time.

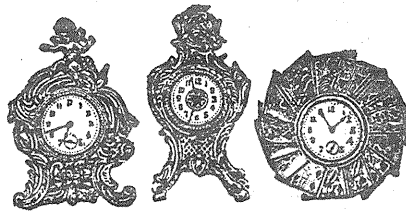

George M. Pomella, a well known farmer of Sherman township was found dead in his granary on Friday noon of last week by Fred Shuermaker. Mr. Pomella, who had lived alone on his farm for the past five years, was last seen alive on Tuesday, by parties who had purchased a horse from him. Physicians who examined the body declared that death was the result of heart failure and that the deceased had passed away two or three days before the discovery of the body. The peculiar actions of a dog belonging to the dead man attracted the attention of the persons who made the discovery. —Harbor Beach Times.

MAKE MONEY SAVE YOUR BEANS

Do not let your Beans spoil if you got them in
damp. Thresh them and bring them in.

We will dry them for you.

If the price we are paying is \$2.40 per bushel, hand
picked basis, we will pay you \$2.30 for DAMP BEANS
(deducting 10c per bushel for drying) and 2 to 5 pounds
per bushel for shrinkage, according to how damp they are.

If you try to DRY them at home they will shrink in
weight 2 to 5 pounds per bushel and it will cost you
nearly 10c per bushel in labor, besides your quality would
be much poorer. You are also taking a chance of the
market going lower.
