TUSCOLA COUNTY TEACHERS' INSTITUTE

Hon. W. J. McKone of Albion and Professor Lotus T. Coffman of Illinois Principal Speakers.

A teachers' institute for Tuscola county will be held at Caro on Monday, Feb. 3. Meetings will be held in the M. E. church and the program will be conducted on standard time.

At the morning session, W. J. McKone, member of the state board of education, Albion, will give an address on "Dodd," and Prof. Lotus T. Coffman, of the University of Illinois will address the teachers on the "Formation of Character." Musical selections during this session will be a violin solo by Mrs. C. T. Purdy, a vocal solo by Mrs. E. J. Warren and a piano solo by Miss Edna Bowles.

The "Formation of Habit" and "The Three-fold Purpose of the School" are subjects of other addresses which will be given by Prof. Coffman at the afternoon session. W. J. McKone will speak on the subject, "The Michigan Rural School, Past and Future." A piano solo by Mrs. Louis Wean, a violin solo by Mrs. Purdy, a vocal solo by Mrs. E. J. Warren and two selections by a ladies quartette are the musical numbers at the second session.

STUDY FARMING

Every Rural Eighth Grader in the State Busy With Crops and Soils.

Beginning with the current month, every rural eighth grader in Michigan is studying agriculture. This important subject became a part of the prescribed course of study this year and examinations in it will be conducted in May along with the other subjects. Textbooks have been provided and in addition to these the Department of Public Instruction has available for distribution an excellent bulletin concerning the subject prepared by Prof. W. H. French of the M. A. C. The Michigan Agricultural College and the Department of Agriculture at Washington, D. C., stands ready to send to teachers invaluable aids for the teaching of this new subject. Naturally the work finds the teachers unprepared but progressive farmers throughout the state are showing a disposition to help make this work efficient so that it may be expected that even the first experimental year will be productive of good.

The introduction of agriculture into the course of study by Supt. of Public Instruction Luther L. Wright is the first step toward ruralizing the country schools. In order to make the work thoroughly successful certain equipment seems essential. So earnest is Mr. Wright in his feeling that agriculture should be the most live subject in the country school that he makes the statement that if a board from a question of expense really had to make a choice between a dictionary and a Babcock tester, they ought to purchase the milk tester. As this important piece of farm equipment, however, costs not more than ten dollars there is little reason why every school district should not have one.

The corn clubs which have been organized in various parts of the state have been a decided aid already to the study of agriculture and the intense interest of the boys and girls in these clubs and what they have produced show that the added subject to the rural school curriculum is not unwelcome so far as the students are concerned. Cooperation of parents and progressive farmers will do a great deal toward making this work effective.

DEFORD OFFICERS INSTALLED.

Loyalty Arbor, A. O. O. G., met at Society hall at Deford Tuesday, Jan. 28, for installation and an oyster dinner. A large number of companions sat down to a bountiful dinner to which all seemed to do justice. At two o'clock a business meeting was held and installing officer Mrs. Perry Spencer installed the following officers: Chief Gleaner, Geo. A. Martin; Vice Chief, E. R. Bruce; Secretary and Treasurer, Mrs. Geo. A. Martin; Chaplain, Mrs. E. R. Bruce; Lecturer, Mrs. Wm. Kilgore; Conductor, Wm. Kilgore; Inner Guard, J. Schaas; Outer Guard, Chas. Kilgore; Trustee for three years, Geo. A. Martin.

PRACTICAL IDEAS ON TOWN IMPROVEMENT

Woman's Study Club Members Are Progressive in Their Ideas for Better Conditions.

That the members of the Woman's Study Club are progressive in their ideas was again demonstrated by the many practical ideas presented in the talk on "Town Improvement" by Mrs. Edward Pinney and in the lively discussion which followed the same at the meeting of the club Monday afternoon. If all or at least some of the suggestions are carried out Cass City would see a decided improvement in its appearance.

Among the suggestions for the betterment of the town are the following: A sewer system, more drinking fountains, sidewalks on both sides of all streets, install waste baskets on principal street corners, prohibit spitting on sidewalks, establish a rest room, clean up alleys and back yards. Special attention was called to the use of vacant lots as dumping grounds. These should be filled up and seeded down and made beauty spots instead of unsightly places.

GULICK-COLLINS

Miss Mary Gulick Became Bride of George F. Collins.

A pretty wedding occurred at St. Pancratius church Tuesday morning when Miss Mary, eldest daughter of Mr. and Mrs. Geo Gulick, was united in marriage to George F. Collins by Rev. Fr. Dolan at nine o'clock. Miss Myrtle Gulick, the bride's sister, was bridesmaid, while the groom was assisted by James Gulick, brother of the bride. Only the immediate relatives and friends were present.

The bride was gowned in white messaline with pearl trimmings and carried a white prayer book and white roses. Her sister wore a gown of light blue messaline trimmed with cream net.

An elaborate wedding luncheon was served at noon.

The happy couple left on the four o'clock train amid showers of rice to visit with friends and relatives in Port Huron, Imlay City and Applegate. They will be at home to their many friends on the Oscar Maxfield farm by Mar. 1.

IMPROVEMENT ASSOCIATION

Officers Will Be Elected Next Tuesday Evening.

Tuesday evening, Feb. 4, the next meeting of the Cass City Improvement Association will be held. At this time the election of officers will be held and arrangements will be made for the annual banquet of the society.

PURITY IS WATCHWORD OF STATE LEGISLATURE

Purer Things to Eat, Purer Things to Wear, and Even a Purer Atmosphere.

All parties of the house of representatives joined in the passage, Tuesday afternoon, of the Verdier concurrent resolution in ratification of the proposed amendment to the federal constitution relative to the popular election of United States senators, the vote being 89 to 0. This, the first measure to be adopted by the present legislature, puts Michigan on record as one of the three-fourths of the states from which approval is necessary to make the amendment effective.

When the history of Michigan's forty-seventh legislature shall have been written, its achievements will be characterized as a system of progressive information, if the majority of measures already introduced are transcribed in the statute books of the state. This legislature will be famous for several things that are entitled to recognition. One of these is the enterprise with which bills have been thus early cast into the mill for grinding. After the wheat shall have been winnowed from the chaff, however, there will be an attractive outlook for the waste paper dealer.

Another thing which has already brought the state into national prominence this year is the multiplicity of "purity" measures introduced, the effect being to suggest the title of the "purity" legislature. If the measures calculated to establish this sweeping system of reforms become laws the

REV. S. H. EDGUMBE

Presbyterian Pastor Died Saturday at Deerfield.

Rev. S. H. Edgumbe, pastor of the Cass City Presbyterian church, died Saturday at Deerfield, following an illness of several months' duration.

Mr. Edgumbe commenced his duties as pastor in the local church early in 1912, and during his short term of activity endeared himself to the congregation by his loyal and energetic work. Some months ago he was obliged to discontinue the active work in the ministry in the hope that a rest would prove beneficial and Mr. Kennedy, an Alma college student, has been supplying the pulpit for several weeks for him.

Mr. Edgumbe was born in Canada and has served 30 years in the ministry. Ten of these were in the Methodist church and twenty in the Presbyterian.

SCULPHOLM-JOHNSON

Miss Maude Sculpholm and Harry G. Johnson United in Marriage.

Miss Maude Sculpholm and Harry G. Johnson of Deford were quietly married at the home of the bride's parents, Mr. and Mrs. G. F. Sculpholm, on East Main St. Wednesday evening at eight o'clock. Rev. G. A. Fee performed the marriage ceremony in the presence of the immediate families and Miss Mattie Graham of Akron, an intimate friend of the bride. The couple were attended by Miss Mina Johnson of Deford, sister of the groom, and Thomas Sculpholm, brother of the bride. After the ceremony a bountiful wedding supper was served to the twelve guests present.

The bride wore a becoming gown of Alice blue cashmere. The couple will reside on the C. D. Johnson farm near Deford.

GREENLEAF GLEANERS.

Gem Arbor, No. 223, A. O. O. G. held their annual installation of officers at Greenleaf town hall on Jan. 15. An oyster supper with all the good things in the line of eating, was given, and members had an enjoyable time 'till about 1 a. m. List of officers are as follows:

Chief Gleaner—Robert C. Spencer. Vice Chief Gleaner—Robert Mathews. Sec. Treas.—Robert A. Cleland. Chaplain—John Wright. Conductor—William Kivel. Lecturer—Ida Wright. Inner Guard—H. S. Spencer. Outer Guard—John Seegar.

TWELVE COUNTIES VOTE ON SALOONS

Eight New Dry and Four Wets Getting Ready for Campaign in the Spring.

An even dozen counties in Michigan will have local option elections next spring. Of the twelve which have qualified for the contest four now are wet and eight are dry. Supt. Grant M. Hudson of the Grand Rapids district of the Anti-Saloon league believes the dry counties all will be held in line with a fighting chance of gaining some of the wet counties. At present there are thirty-five dry counties in the state.

"I have made a personal canvass of these counties," said Mr. Hudson, "and am positive we shall get the majority vote in the eight that now are dry. The campaigns in these counties are being put in charge of the strongest leaders we can find. Major Arthur A. Loomis, who managed Musselman's gubernatorial campaign, will direct our campaign in Ionia county. Other managers will be Attorney L. E. Stewart of Battle Creek, in Calhoun county; Judge A. L. Deuel of Petoskey, Emmett county, and ex-Sheriff A. C. Graham in Sanilac county."

Following are the counties lined up for the fight:

Wet—Calhoun, Jackson, Genesee and Huron. Dry—Emmett, Montcalm, Ionia, Clinton, Lenawee, Tuscola, Sanilac and Iosco.

LEACH-ALLEN

Miss Mattie Leach and Roy M. Allen Married at Caro.

Miss Mattie Leach of Elmwood and Roy M. Allen of Cass City were quietly married Wednesday, January 22, at the Methodist parsonage at Caro by Rev. E. J. Warren. Mr. and Mrs. Alvin McCrea of Elmwood and Mr. and Mrs. Guy Allen acted as witnesses at the ceremony. The bride wore a pretty blue travelling suit and a cream waist and the groom wore the conventional black.

Mr. and Mrs. Allen are spending their honeymoon in Detroit and various places in Oakland county and will make their future home on the farm formerly owned by Frank Alford, one and one-half miles west of Cass City.

NOAH BEILHARZ

Humorous Entertainer at Cass City Next Friday.

The fourth number of this season's lecture course will be given next Friday, Feb. 7, and will be in the form of a humorous entertainment. Noah Beilharz, character impersonator, will be the entertainer. If you wish an evening of fun, come and hear him. His work is clean and high class.

Noah Beilharz has given more than two thousand entertainments in the past eight years, and the constant and increasing demand for return engagements is the verdict of the people as to his success. He is a graduate of King's School of Elocution and Dramatic Arts in Pittsburg, from which place he bears three gold contest medals. He uses "make up" in his character delineations, making his changes in view of the audience and avoiding any pause in his program. He is alike clever in his delineations, monologues or musical sketches.

Members of Cass City Lodge No. 203, I. O. O. F., are requested to be present next lodge night, Feb. 5. First degree work and other important business. By order of the N. G. P. P. Webber, Sec.

Harbor Beach Citizens Discuss Plan of Uniting Churches; Other Items of Interest.

The date for the dedication of the new Masonic temple at Lapeer, has been set for Feb. 26 at 2 o'clock in the afternoon. The ceremonies will be in charge of the grand lodge of Michigan. At 5:30 o'clock a banquet will be served at the temple by the Order of Eastern Star and a dance, with one of the finest orchestras that can be procured, will follow the banquet. The day is also the birthday of J. N. Gardiner, president of the temple association.

A republican county convention will be held at the court house in Caro, on Friday, Feb. 7th, for the purpose of electing 21 delegates to the republican state convention to be held at Lansing on Tuesday, Feb. 11th, for the purpose of nominating candidates for state officers.

Young men should once more take heed of the admonition that ferrets in Michigan are useless property and may at times become expensive. A couple of young men up from Detroit found this out when the game warden hit down on them, brought them before Justice Lamon and caused them to be subjected to an assessment of \$12.50 each for the good of the state. —Millington Messenger.

Miss Muriel Dundas was struck by a snow ball Wednesday afternoon, which was thrown by a Bad Axe boy. Her glasses were broken and her eye quite badly cut. She was taken to the hospital and it was necessary to take several stitches. It is not thought that her sight will be impaired. —Democrat.

Harbor Beach is discussing a union of their local churches.

According to the Bay City Times, all Unionville is greatly excited over the remarkable discovery of coal by Ollie Spence, who was drilling for an outside corporation. The vein is between 4 and 5 feet thick, and is on the northwest corner of the village.

TEST EYESIGHT

All Michigan School Children Are to Have Eyesight Tested.

It is expected that the eyes of every school child in the state of Michigan will be tested before spring. Superintendent of Public Instruction Luther L. Wright has had furnished to every teacher in the commonwealth a proper eye-testing card with explicit instructions as to how to make tests of children. In other states the percentage of children having defective eyesight has proved appalling. The tests in Michigan are given with a view to helping the teacher handle the child. Often a child is considered dull but it is due to the fact that the hearing or eyesight is defective and the teacher does not recognize this handicap. Sometimes by moving a child's seat nearer a window relieves a decided strain.

It is expected that in quite a number of cases the condition of eyesight will be found so bad as to warrant the services of an optician. The teacher will then take the matter up with the parent, in this way making it possible for the child to become a better student. Those children whose eyesight is so defective that school work is impossible must under the compulsory school law be sent to Lansing.

SPARLING CASE TO GO OVER TO APRIL

Illness of Prosecutor Holds up Trial of Accused Slayer of Sen.

Mrs. Carrie B. Sparling, who with Dr. Robt. A. MacGregor, was arrested for slaying her son, Scyrii, will not be tried at the January term for the crime. Prosecutor Boomhower is seriously ill, which has caused the trial to be postponed to the March term.

Dr. MacGregor's attorneys have asked for a new trial, and it is probable that the Sparling woman will not be tried until this is settled.

SCHOOL NOTES.

The members of the high school have not been aware until just lately that the beauty of the junior girls was so dazzling. This may have been held as a theory but the so-called theory has been proven as a fact, in-as-much as Dutch, the hitherto invincible shy little lad, became so enraptured that he took three of them home on Tuesday evening, Jan. 22, 1913. He had slightly increased in size the following morning.

Bill B.—Say, Jim, are my rubbers over there? Jim—I guess they are. Here is an awfully large pair.

Mr. S. was heard to make this statement, "Well, I feel pretty frisky today. I walked 10 miles last night." We bet it's fun but none have the nerve to try it.

On Wednesday evening the juniors enjoyed a sleighride to the home of Leone Malkin. After many amusing games the young people were the hearty recipients of wafers, cake and ice cream. All agreed that they had had a "grand old time."

The action of Dutch on Tuesday evening was more than duplicated by Alfred F. on Thursday morning. He took four home and is growing fast also.

Mr. S. (In physics)—Mr. C., what would happen if the Polly Ann should start out at 5 miles per hour and kept it up for ten hours? Mr. C.—I guess there would be a wreck.

The members of the Junior Cat Club enjoyed a party at the home of Ella and Ersel Wallace Tuesday evening. It was a surprise for Ersel and in honor of her birthday.

Mr. S. (In physics)—Why are low wagons better adapted for hilly countries? Miss S.—They wouldn't tip over so easily and there wouldn't be so much to pull up the hill.

Monday was Ray's birthday and the juniors celebrated it at noon. Vina is still wondering how she got into that room.

Dr. Hays gave a talk on the eye Monday morning.

MacInnes Neilson gave the students of the high school a very interesting talk Thursday afternoon.

Among the other propositions that the geometry classes found on the board Thursday was the following:

If A. F. took L. S. and V. M. and B. K. which part went with each? Given—

That A. F. took girls home. To prove—

That he took L. S. home. Some of the class agreed to prove it if Miss L. would draw the figure.

A Hero in a Lighthouse.

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50 cts. at L. I. Wood & Co.—Advertisement.

Why Tears Flow.

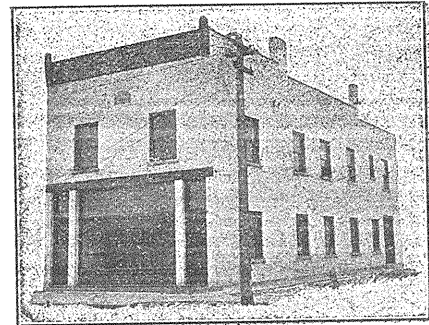

All human emotions, however slight they may be, either decrease or increase the circulation of the blood. Those emotions that bring tears cause the blood vessels around the eyes to expand, thus flooding the lachrymal or tear glands with blood. The tear glands always secrete a little to keep the eyes cool and moist and carry off specks of dust through the nasal passages, but the extra supply of blood increases this secretion to such an extent that it cannot go off in the usual way, so overflows.

His Stomach Troubles Over.

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlain's tablets, then my trouble was over." Sold by all dealers.—Advertisement.

ACHING KIDNEYS CURED IN CASS CITY

"Every Picture Tells a Story."

Are YOUR Kidneys Weak?

HOW TO TELL—First read the testimony and learn what Doan's Kidney Pills have done for others.

Then if your back aches, if sharp pains strike you when stooping or lifting; if you are lame in the morning, tire too easily; if you have dizzy spells and are nervous, despondent and inclined to worry over trifles; if the kidney secretions are highly colored and full of sediment, if passages are too frequent, scanty, painful or scalding, it is likely that your kidneys need quick attention.

Take a sample of the urine and let it stand for 24 hours. If a sandy, brick-dust like sediment settles to the bottom of the receptacle, there is evidence enough to suspect the kidneys.

If Your Back Aches and Your Kidneys are Weak, Get the Kidney Remedy That Has Been Proved GOOD Again and Again Right Here in Cass City.

Cass City People Tell It:

<p>Main Street</p> <p>W. Dickinson, Main St., Cass City, Mich., says: "Straining was the cause of my kidneys becoming disordered. My back was weak and often I was seized by a catch in my loins when I attempted to lift. The kidney secretions were unnatural and irregular in passage, causing much annoyance. After using Doan's Kidney Pills, procured at Wood & Co.'s Drug Store, I improved greatly and was soon freed from every symptom of kidney complaint."</p>	<p>Seeger Street</p> <p>Mrs. Susan Randall, Seeger St., Cass City, Mich., says: "I consider Doan's Kidney Pills an excellent remedy and do not hesitate to recommend them. For some time I was afflicted with kidney complaint and was unable to find a cure. Doan's Kidney Pills, procured at Wood & Co.'s Drug Store, brought me entire relief. Others of my family have taken Doan's Kidney Pills with good results."</p>	<p>Grant Street</p> <p>John Fisher, Grant & Pine Sts., Cass City, Mich., says: "I was caused much suffering by kidney trouble. I had pain and lameness across the small of my back and when I stooped or brought any strain on the muscles of my back, my suffering was intensified. I knew that my kidneys were disordered and when Doan's Kidney Pills were brought to my attention, I procured a box at Wood & Co.'s Drug Store. They soon improved my condition and before long I was in better health. I do not hesitate to recommend this splendid remedy."</p>
<p>Fouth Street</p> <p>Mrs. B. E. Smith, Fourth St., Cass City, Mich., says: "You are welcome to publish my testimonial in praise of Doan's Kidney Pills, as they brought me prompt relief from a long-standing case of kidney trouble. My back ached severely and if I stooped, it was almost impossible for me to straighten. A relative advised me to try Doan's Kidney Pills, and I did so procuring a supply at Wood & Co.'s Drug Store. They greatly benefited me."</p>	<p>Main Street</p> <p>A. McGillvray, street commissioner, Main St., Cass City, Mich., says: "An attack of lumbago and lameness across my back which bothered me considerably, led me to use Doan's Kidney Pills. I could see a decided improvement from the first. The pain and lameness in my back was soon removed. I know that Doan's Kidney Pills are an excellent remedy."</p>	<p>Garfield Street</p> <p>Mrs. A. Koppelberger, Garfield & West Sts., Cass City, Mich., says: "I first used Doan's Kidney Pills about seven years ago. At that time I was suffering from kidney trouble, a weak back and an annoyance with the kidney secretions. Doan's Kidney Pills, procured at Wood & Co.'s Drug Store, cured me. Others of my family have taken Doan's Kidney Pills with good results."</p>

Pay of French Presidents.
Marshal MacMahon paid more dearly than any other French president for the privilege of holding office, according to a story in the London Chronicle. He found it impossible to live with what he considered becoming pomp on his salary of £24,000 a year and after running through nearly all his private means became heavily involved. In his last year of office Gambetta persuaded the chamber to vote a lump sum for the payment of MacMahon's debts. It was then decided to raise the salary and allowances of the president to £48,000 a year, half of which is scheduled as "fraie de representation."

The Finest English Odes.
Among the many fine odes in the English language Macaulay characterized Dryden's "Alexander's Feast" as the noblest, and Dr. Richard Garnett agreed with him in thinking it the finest ode we have. The full title is "Alexander's Feast; or, The Power of Music—An Ode For St. Cecilia's Day." Spenser's "Epithalamium," Milton's "Ode on the Nativity," Keats' odes "To a Nightingale" and "On a Grecian Urn" and Shelley's "To a Skylark" are notable instances of this class of poem, and to these must be added, though their form is irregular, Wordsworth's magnificent "Intimations of Immortality" and Tennyson's "Ode on the Death of the Duke of Wellington."

RIGID RULES FOR PICTURE THEATERS

Senator King Has Bill for Their Safety and Regulation.

Lansing, Mich., Jan. 27. — Senator Francis King has introduced a bill to place all moving picture theaters under state control and subject them to uniform conditions in every city and village. The bill provides for state inspection and also for a license system that will pay practically the entire expense of inspection; in fact, would probably give the state a nice little chunk of revenue in addition.

The act goes into specifications governing theaters very minutely, all being designed to furnish absolute safety. That their enforcement would result in a lot of carpenter and other work in the theaters throughout the state is apparent.

In brief, the bill provides that in cities under 10,000 population a license fee of \$10 per year shall be paid; 10,000 to 20,000 population, \$25; 20,000 to 50,000, \$50; 50,000 to 100,000, \$75; 100,000 and over, \$100.

No moving picture shows may be located on other than the main floors of buildings, and none may be operated in building that are used in part for residence, lodging or factory purposes. Rows between aisles must not have more than fourteen seats, and rows with wall ends must not have more than seven seats. There must be eighteen inches of door space for every 100 persons that can be accommodated and eighteen inches in width of aisle space for every 100 persons, but no aisle must be less than three feet in width. If balconies are used there must be a door with equivalent stairway space for every 200 persons that can find room in such balcony.

The projecting or moving cabinet must be of concrete, steel or iron, but wood may be used if wood is overlaid with asbestos and asbestos with sheet iron. All apertures in the cabinet must have drop covers or doors hung on the inside by easily fusible material. There are a mass of other regulations, all aiming to provide safety.

PTOMAINES NEARLY KILL

Six Persons Have Narrow Escape from Death in Jackson.

Jackson, Mich., Jan. 27.—Six persons narrowly escaped death from ptomaine poisoning. The prompt arrival of a doctor probably saved their lives. David E. Berry, 111 Eaton street, purchased some beef steak, and he, his two children, Mr. and Mrs. Dixon and Miss Veda Dixon partook of the meat at supper.

During the night they were all taken violently ill. A doctor was summoned and after a time all except Mrs. Dixon were out of danger. Mrs. Dixon's condition is serious. Mrs. Dixon is a daughter of Mr. Berry.

AGED RECLUSE IS DEAD

Niles Woman Is Reported Rich, but Wealth Cannot Be Found.

Niles, Mich., Jan. 27.—Miss Mary Cannon, eighty-two years old, who led the life of a recluse, was found lying on the floor of her home after the chief of police had forced an entrance. She was taken to a hospital, but died ten minutes later.

Miss Cannon was reputed to be wealthy, but no one knows where her wealth is. She was afraid of banks and is supposed to have hidden the money about the house or buried it in cans in the yard.

Gone Trial in February.

Flint, Mich., Jan. 25.—Joseph Gane, charged with the attempted murder of Jack Urickeski during a keg party in December, was arraigned. He stood mute and a plea of not guilty was entered. His trial is set for the February term.

GEORGE W. DICKINSON

New General Manager of the Michigan State Fair.

DICKINSON CHOSEN

Former Railroad Commissioner to Manage Michigan State Fair.

Detroit, Mich., Jan. 28.—George W. Dickinson, of Pontiac, former state railroad commissioner, who retired from that office January 15, takes entire charge of the Michigan State Agricultural society as the result of his re-election as general superintendent and appointment as general manager January 21.

Mr. Dickinson had just completed his term as state railroad commissioner, having been appointed by Governor Fred M. Warner in 1907, when the Michigan railroad commission was formed, and had charge of the physical matters coming before that body. He formerly served the state fair as superintendent of transportation and was elected as general superintendent in 1912. The new superintendent and manager of the state fair succeeds J. E. Hannon in the latter position, who resigned to accept a position with a big hydro electric power company in the west with Detroit headquarters.

HIGHWAY TOUR IN WESTERN MICHIGAN

Plan Is to Arouse Interest in Road Improvement.

Traverse City, Mich., Jan. 27.—The Hon. Frank Hamilton, the Grand Traverse vice president in the West Michigan Good Roads association, proposes an inspection trip over the West Michigan lake shore highway for the early summer. The general features of his plan call for a careful examination of the highway from the Indiana line to the Straits of Mackinac. Two or more autos are to start northward from the state line at a prearranged time, making an important city or village in each county and in each case the original party will be joined by two or more autos filled with county road officials, supervisors and such others as are interested in the establishment of the lake shore highway.

The counties that will be crossed are Berrien, Van Buren, Allegan, Ottawa, Muskegon, Oceana, Mason, Manistee, Benzie, Grand Traverse, Antrim, Kalkaskia, Charlevoix and Emmet. At Mackinaw City a "better roads" meeting will be held and a suitable program carried out. On the return journey the representatives of the several counties will drop out as their respective counties are reached.

The road men of each county will be asked to complete as soon as possible the unfinished miles across their counties and in cases where there are two good highways it will be possible to use one going and the other returning.

WANT TO USE OLEO

Heads of State Institutions Groan at Butter Bills.

Lansing, Mich., Jan. 28.—Last year the various state institutions used 333,862 pounds of butter, at a cost of \$104,862. The heads of most of these institutions recommend the repeal of the law prohibiting the use of oleomargarine.

They say the oleo is superior to much of the butter they get, would save the state thousands of dollars each year.

Child Killed by Train.

A Thirteen Inch Bore.

A retired naval officer spent a week in Massachusetts, where he was in a circle of newly made friends by his never ending prattle of colorless reminiscences. After he had retired, for the night a judge advocate who had known him for some years remarked to the group:

"We call him the thirteen inch gun."

"Why?" asked a lady from Chicago.

"Well, madam, he is as big a bore as we ever had in the navy."—New York Sun.

Food prepared from cereal grains supports life and strength better than any other single food product. Wheat bread is the universal food of civilization because the gluten in it furnishes the greatest amount of digestible nutrients.

Aristos Flour is made from Red Turkey Wheat. That means gluten superior in quality and quantity. No imperfect or unsound grain—just the single, hard, ripe, wholesome berry. This makes Aristos a strong, rich, water-absorbing flour. It yields bread of wonderfully better flavor, better crust, better texture. It makes the loaf that keeps fresh and palatable longest—the one that actually reaches the highest point of food efficiency.

See what unusually fine cake, bread and pastry it makes.

MICHIGAN STATE NEWS.

DETROIT — After making charges that the Western Union Telegraph company failed to deliver to him telegraphic "tips" from his father that officers were looking for him and warning him to flee, John Worley of Chatham County, La., who was arrested here about a year ago on a homicide charge, has brought suit for \$1,000 damages against the telegraph company. The suit was brought in Alabama, was disclosed here by the receipt of requests for evidence to be taken here. Worley and a companion were charged with killing a negro to get his automobile.

LANSING — State Representative I. H. Catlin will introduce a bill to repeal the mortgage tax law and to place the taxation of mortgages on the old basis. The bill if it becomes a law will not, however, affect the mortgages taxed under the specific system, as it cannot be made retroactive, in the opinion of the attorney general, who has been consulted relative to the bill. There is a great deal of sentiment in favor of the repeal of the present law with which many state officials have found much fault.

GRAND RAPIDS—At the annual meeting just held of the West Michigan State Fair association here the following officers were elected: President, Joseph H. Brewer, Grand Rapids; vice presidents, C. J. Munroe, South Haven, George T. Kendall, Grand Rapids, Frank Winegar, Grand Rapids, J. Stanley Morton, Benton Harbor; treasurer, George G. Whitworth, Grand Rapids; secretary, no election.

LANSING — Twenty-five prominent men attended the session of the second Lake States Forest Fire association. Governor Ferris, Charles W. Garfield, of Grand Rapids; Professor S. P. Lovejoy, of Ann Arbor; J. F. Devoy, of Milwaukee; Clyde Leavitt, of Ottawa, Can.; William G. Howard, of Albany; William B. Piper, of East Tawas; J. H. McGilivray, of Oscoda, and Junius E. Beal of Ann Arbor, were on the program.

FLINT — Harry W. Blaggamas, who has been employed for a month in a local factory, was arrested by the police just as he was bidding his friends at a boarding house farewell before departing for Canada. He was apprehended at the request of Holland, Mich., officers, who took him there to answer to a serious statutory charge preferred by a young woman.

KALAMAZOO — An organized effort is being made to consolidate the First Congregational and First Presbyterian churches of Kalamazoo. If the deal goes through the valuable site of the Presbyterian church will be sold and Rev. H. W. Gelston will be made pastor of the combined churches. Rev. Mr. Dickinson of the Congregational church recently resigned.

BATTLE CREEK—With his aged father as his attorney and an uncle, also a prominent attorney, as his bondsman, Leslie Powers, son of James M. Powers, was admitted to bail of \$1,000 when arraigned on a charge of burglary. With Martin Madin and Jay Davis he is charged with breaking into a billiard room and stealing \$35.

BATTLE CREEK—While he was on his way home from school, Melvin, six-year-old son of Mr. and Mrs. Henry Binder, fell in front of a Grand Trunk train. His right leg was badly crushed and later amputated above the knee. The accident occurred in front of the passenger station. It is believed he will recover.

KALAMAZOO—To teach tuberculosis patients and care properly for them the Kalamazoo anti-tuberculosis society has hired a nurse who will spend her time in caring for white plague victims in this city. She will instruct afflicted ones how to fight the disease, and will care for them when necessary.

PORT HURON—Two big railroad freight cars were derailed, a baggage coach was caved in and the cab covering of an engine was demolished when passenger train No. 6 of the Grand Trunk railway sideswiped a freight train in the local yards. No one was injured.

LANSING—After being given fair trial in chapel, a student of Wells Hall was given forty hours to leave the campus when found guilty of having gone to President Snyder to relate certain things that resulted in the expulsion from the school of two students.

FLINT—Word has just been received here that Percy Bartlett, who jumped a \$200 bail some months ago, while waiting trial on a statutory charge, has been sentenced in London, Ont., to eighteen months for forging two checks.

LANSING—After Governor W. N. Ferris had refused to reappoint Thomas P. White of Escanaba as a tax commissioner, Auditor General O. B. Fuller named White as inheritance taxer to succeed Robert H. Lane of Midland.

EVANGELICAL CHURCH NOTES.

The Ladies' Aid will meet with Mrs. E. W. Kaercher on Thursday afternoon, Feb. 6.

Sunday is the day of prayer for missions at the Evangelical church and the services have been prepared in accord with it. The topic for the morning sermon is, "The Early Missionary."

In the afternoon the Mission Band and Woman's Missionary Society will hold a joint meeting at 2:30 and a special program has been prepared.

In the evening the Y. P. A. services will be held as usual. Burt Elliott is the leader and the topic is "Christian Principles and How to Uphold Them." The sermon for the evening is "Mountains of Safety."

Plans to start protracted meetings on Sunday, February 9, are being made and outside assistance is expected.

THE GREATEST LIFE.

The greatest life is never the life that stretches itself upon cushioned couches, but the one that chooses the place of battle and reels under the blows and gathers itself amid pain and dizziness and gives back more blows than it takes till it stands weary and panting, perhaps, but justified to itself and to the world by a clean and courageous victory.—Richard Wightman.

Best Cough Medicine for Children.

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy" writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by all dealers. Advertisement.

PURITY IS WATCHWORD OF LEGISLATURE

Continued from first page.

title will have been justly earned and the laurels may be worn with honor and credit.

If the desires of senators and representatives who seek to correct existing evils are realized Michigan will stand forth as a shining example to other states still hesitating in their purposes to establish real reforms that spread from the political horizon to the family fireside.

Should even a small number of drastic measures pass, Michigan will have purer marriages, purer boots and shoes, purer sausage, coffee, sugar, rice and other articles of household consumption and wearing apparel; and, more remarkable than all, a purer political atmosphere that would seem to entirely obliterate party disagreements and make politics a matter of moral and intellectual accomplishment based upon sound business principles.

Whether this latter proposition becomes a fact, however, is conjectural, although the proposed system of choosing party state central committees seems to lend an initiative element to the ends described.

Abolish State Land Office.

Attorney General Fellows, at the instance of State Land Commissioner Carton, is drafting a bill, the intent of which is to abolish the state land department, to which the present commissioner was elected last November. Commissioner Carton would have all records turned over to the public domain commission.

This department was created 68 years ago, and Mr. Carton maintains that it has accomplished the work for which it was created. He says that as there are no more state lands to sell, the department is not needed in its present form. The public domain commission, he declares, is the proper body to handle the matters now in charge of the land department.

State Central Committee.

A radical change in the system of naming members of the state central committees, now provided for by conventions, is one which is viewed with wholesome respect and regarded in this era of proposed reform as of paramount importance.

A senate bill has been reported out but in the house the Bierd bill has been held back by the committee on elections. Speaker Currie is author-

ity for the statement that should the committee not report the bill out within a reasonable time, prompt action on the measure will be requested.

The measure provides that the state central committee, shall each have two members from each congressional district and that the nominees of each political party for governor, lieutenant governor, secretary of state, auditor general, attorney general, commissioner of the state land office and state treasurer shall be members ex officio.

Congressional Reapportionment.

Reapportionment of congressional districts is given earnest consideration. Several plans have been mapped out, but as yet only suggestions for general consideration have been evolved. Each suggestion, however, accords with the ideas of the originator as to what would best suit his own or his particular locality's interests. It is recognized by the old-line Republicans in both houses that if this matter had been disposed of at the previous session it would have been a vastly easier job, because there were few except Republicans to satisfy. Now, with a strong Democratic and Progressive element in both houses, there is sure to be a good deal of wrangling before the state is redistricted with any degree of general satisfaction.

Extended Home Rule Powers.

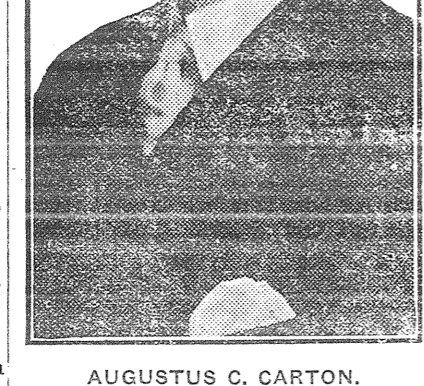

Senator Verdier, of Grand Rapids, has a bill before the senate calculated to broaden the home rule powers of the cities of the state. The plan is to eliminate from the present law the jokers which have made the law merely a name and not a fact. The measure is a combination of suggestions secured from Detroit and Grand Rapids in opening the way for municipal ownership of public utilities.

Under the present law, cities may only increase their bonded indebtedness by a two-thirds vote, and that vote may not be taken more often than once in two years.

Under the provisions of the Verdier bill, the vote is extended to three-fifths and may be taken once a year. This bill opens the way to borrow not to exceed 1 per cent of the assessed valuation of the city for the purchase of public utilities.

Under the present law also, general revision of a city charter may be brought about by the vote of two-thirds of the electors, and in order to initiate plans for a proposed revision a petition of 25 per cent of the voters must be presented. Five per cent of the voters on petition may, under the Verdier bill, open the way to a vote.

The bill has gained general commendation and it is believed that such readjustment as that proposed will be brought about. It is considered one of the most important bills yet presented.

Care of State Charges.

The charity organizations of the state, in co-operation with the state board of corrections and charities are planning to have several bills enacted for more adequate relief of the state's helpless charges. The need of increased capacity in the home for the Feeble Minded at Lapeer is to be brought forward and demands made for better facilities. At a recent meeting here of representatives of organizations in the state with the state board, the astounding statement was made that there are 1,000 imbeciles in Michigan utterly without proper care and that there is no room for them in the state institution.

Representative Dunn's bill for the sterilization of insane, criminals and imbeciles was the subject of consideration at the meeting, but the question of constitutionality of such a measure was advanced.

Bishop McCormick, of Grand Rapids, a member of the state board, declares that the status of the criminal is not yet sufficiently determined for legislative treatment in the manner suggested.

Uniformity in Fish Legislation.

A movement has been started by this legislature for more uniform legislation between Michigan and Wisconsin governing commercial fishing interests. The interests of these two states are in common and the need is felt for such legislation as will not restrict either state in a proper scrutiny and direction of the industry. Both states must necessarily act in concert to avoid confusion and complications detrimental to both.

Commissions have been appointed to arrange a conference with similar commissions from Wisconsin. Lieutenant-Governor Ross has appointed Senators Walter and Woodworth and Speaker Currie has named Representatives Mumford, Clark and Jensen.

doing a credit business. Beginning Saturday morning, February 1, we will close our books to all credit business.

We Mean Just What We Say

We are thoroughly tired of carrying those long-winded accounts, mostly running from one to two years and in many cases never paid, when we have to pay for those same goods in 30 or 60 days' time. We believe that policy is decidedly wrong. We believe it is unfair to the person who pays cash to ask him to pay more for his goods than he should on account of some others getting their goods for nothing. We know we can and we will sell our goods on a lower margin of profit if we do business on a strictly cash basis. We will always pay the highest market price for butter and eggs.

Anti-Saloon

Consumption is the effect of a cause; millions of dollars are available for curing the effect, but not one dollar toward removing the cause. Why?

Poverty is the effect of a cause; millions of dollars are available for philanthropy, uplift, welfare, benevolence, etc., but not one dollar toward removing the cause. Why?

War (wholesale murder) is the effect of a cause; millions of dollars are available to cure the effect, but not one dollar to remove the cause. Why?

Corruption is the effect of a cause; millions of sermons, lectures, talks, etc., are available to cure the effect, but not one showing how to remove the cause. Why?

Liquor traffic together with the licensed saloon and its terrible consequences are the effects of a cause; millions of men and women are spending millions of dollars in time and money to cure the effect, but not one dollar in time or money is available toward removing the cause. Why?

There is only one answer to above questions, viz: Because there is profit (something for nothing) for some people who are in a position to keep a majority of the citizens from understanding how to remove the cause.

Elkland township with more than 500 voting kings does not want prohibition as only six voters had the courage of their conviction, excepting the Socialists who vote to remove the cause of the liquor traffic and licensed saloon and the six named above, all others voted 'er straight for liquor.

To a man up a tree it appears a Dr. Jekyll and Mr. Hyde affair; one day vote for liquor and then holler for Anti-Saloon until another day four years hence.

Many powerful minds give birth to a wonderful "cure all" for all the above evils, viz: "We must elect good men." Let him who has the courage name one single public official who is not a good man to uphold this damnable profit system called capitalism or individualism which Webster defines as self interest, for one's self, selfishness.

If I could, I would compel every preacher to expose the cause of the afflictions imposed on mankind by that power which rules the world today—profit.

Will some one volunteer to contradict one or all of above statements? Don't all speak at once, one at a time, please.
