**A BIT OF ADVICE**  
First — Don't Delay. Second—Don't Experiment.  
If you suffer from headache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.  
Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Cass City residents desire more convincing proof of their effectiveness than the statement of a Cass City citizen who has used them and willingly testifies to their worth?  
Mrs. Agnes Wickware, Main St., Cass City, Mich., says: "I am glad to recommend Doan's Kidney Pills as they have been used in my family with good results. A member of the household suffered from disordered kidneys and Doan's Kidney Pills, procured at Wood & Co.'s Drug Store disposed of the trouble. This preparation has cured me of backache and difficulty with the kidney secretions." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other. 49.—Adv.  
**Ulcers and Skin Troubles**  
If you are suffering with any old, running or fever sores, ulcers, boils, eczema or other skin troubles, get a box of Bucklen's Arnica Salve and you will get relief promptly. Mrs. Bruce Jones, of Birmingham, Ala., suffered from an ugly ulcer for nine months and Bucklen's Arnica Salve cured her in two weeks. Will help you! Only 25c. Recommended by L. I. Wood & Co.—Adv.

# How to Build Up or Tear Down This Community

By J. O. LEWIS

The Home Merchant Has Earned Support.

**W**HY are communities, towns and cities? Have you ever asked yourself this question? Did you think they just happened, or had you ever thought that there was a special need for them? In the beginning of time—as far back as history takes us—we find that MEN HAVE BANDED THEMSELVES TOGETHER FOR MANY AND OBVIOUS REASONS, chief among which are the benefits to be gained from organized society as a social, intellectual, spiritual and commercial center.

Collectively we are strong, forceful and aggressive and possess power and means to attain a growth which will give to us and our progeny opportunities for better living—to develop our moral, spiritual and intellectual life, the things for which we were created.

THEFORE THE SUCCESS AND HAPPINESS OF EVERY CITIZEN OF ANY COMMUNITY LIES IN THE INTEREST HE TAKES IN THAT COMMUNITY AND THE GOOD WORK HE CAN DO TO ASSIST IN ITS UPBUILDING.

Now, then, if we are to succeed as individuals and as a community we must not only strive for our own personal success and welfare, BUT MUST GIVE OF OUR WORK AND SUBSTANCE UNSELFISHLY TO HELP THE OTHERS.

Everything we do to help in the upbuilding and advancement of our city we do just that much toward our own personal success. No man can live and prosper unto himself alone, FOR WE ARE INTERDEPENDENT, and, realizing this, if we as citizens will all unite and pull together for the common good we will prosper as a city and consequently as individuals.

Well paved streets and sidewalks, good sewerage system, thoroughly enforced sanitary laws, well regulated and energetic police force, competent fire fighting equipment and rigid building regulations are economic necessities and therefore they more largely affect us as a community than as individuals. But beyond this and underlying it all and upon which rests the foundation of the whole is THE SUCCESS OF THE BUSINESS MAN. This man makes an investment, goes into some kind of business—to manufacture or sell goods—puts his money at stake, employs labor and begins his work to build better. THIS MAN IS THE CORNERSTONE OF THE COMMUNITY—the man you should rally around and support.

THE SUCCESS OF A TOWN DEPENDS ON THE SUCCESS OF ITS BUSINESS MEN, WHILE THE SUCCESS OF THE BUSINESS MEN DEPENDS ON SUPPORT THEY RECEIVE FROM THE PEOPLE AT LARGE, EACH BEING, HOWEVER, DEPENDENT ONE ON THE OTHER.

No merchant can succeed without the patronage of the public. He is absolutely and entirely dependent on the custom of each and every individual who has a penny to spend, the little mite of each, taken in the aggregate, making the volume on which he runs his business. The merchant, having plenty of competition, must, in order to get the people's patronage, figure his prices close and offer to them the very best inducements possible.

The merchant pays large rentals, taxes, privilege licenses, insurance, besides employing many clerks and assistants, in order to maintain and conduct his business in such a manner as to meet your approval, and to succeed let me emphasize it again—HE MUST HAVE YOUR PATRONAGE TO MAKE HIS BUSINESS PAY.

This community has some fine stores—every kind—and conducted by as fine a set of men as you will find anywhere on the face of the globe—liberal, big hearted, progressive men. No better retail stores, no better wholesale or jobbing houses, no better banks, no better schools, no better churches, no better municipal or public utilities, can be found anywhere than right here in your home town, all—absolutely all—made possible only by and through the co-operation and generous giving of the business men.

But, my good friends, with all of these extraordinary accomplishments, there are some things being done today which are STUMBLING BLOCKS IN THE PATH OF OUR GREATER GROWTH and further development—differences, if you please, which we must reconcile and overcome if we are to continue to grow and prosper.

**IT** is not always the most expensive teas that are the best to brew or drink.

The most important point to consider about tea is its suitability for brewing in the water of a particular district. Tea that would be good here, and brew into a splendid fragrant beverage, might be a rank failure somewhere else.

We buy our teas to suit the water of this district. You are therefore sure of getting tea that is all that tea should be—fragrant, refreshing and thirst-quenching. A trial will make you a constant user.

In a study of mountain sickness guinea pigs have been kept in a rarefied atmosphere corresponding to that at an altitude of three miles or more. They showed marked poisoning effects and other symptoms of travelers at great heights, and it is concluded that mountain sickness is a result of auto-intoxication from temporary disturbance of the function of the kidneys.

Colt shook his head gloomily. "No. There isn't a counterfeit on the books could do it. The man that got that together has been quietly experimenting for years."

"What do you mean?" inquired Colt with a business like interest that he usually concealed under his easy looking exterior. His exterior, by the way, was one of his strongest assets.

"Joe, we've got all the rocks flying with that counterfeit, haven't we?" "Yes, I was just thinking," added the young man whimsically, "that murder was hard on the Argyles, but it was a great thing for the government."

ONE-3824— Thomas

One Day Only. Rev. D. R. Schiller, D. N., Noted Healer, Apparently Works Miracles Before Multitudes. HIS WORK A LABOR OF LOVE. TREATMENT FREE.

(From Freeport Daily Standard.) "One of the most remarkable features about the weekly visits in this city of Rev. D. R. Schiller, D. N., the noted Healer, is the extraordinary amount of attention he has attracted here; and the enormous crowds that have been flocking to him from various parts of America (and even some from Europe). This, week after week, for many months. In fact, the crowds, at times, have been so large, that the hotels could not hold all—they could not even get into the door. All with ailments of one sort or another. None were turned away—rich or poor."

If ever a true heart beat in the breast of any man, it certainly beats in the breast of Healer Schiller.

### Rev. D. R. Schiller, D. N.

(who has been gifted with power to heal the sick since a mere child). WAS DYING WITH INTERNAL CANCER

Carried Before Healer Schiller on a Cot, Walks Out Unassisted Ten Minutes Later.

Mrs. C. A. Hudelson, of Indiana, suffered with internal cancer; thousands of dollars were spent in vain effort to save her life. After being placed on operating table, was told she was even too weak to take the anesthetic; and to return to her husband and children, until the end came—a few weeks at best. Upon Healer Schiller's recent tour through Indiana, Mrs. Hudelson was placed on a cot, and into baggage car; then carried to hotel where Healer Schiller stopped; in ten minutes after treatment commenced Mrs. Hudelson walked out, unassisted, and shouted for joy; hundreds of others present at the time, shouted with her. So great was the shouting and rejoicing, that the police in the next block rushed up, to learn the great excitement. Songs were sang, and all one heard, for the rest of the day, was about the "miraculous" work performed, by Healer Schiller and assistant.

### Better meet Healer Schiller while you have the opportunity.

You may regret it ever after if you don't. No medicine, surgery, etc. Cannot injure you in the least; you have it all to gain; and nothing to lose.

The "Smile-Man." Healer Schiller and associates are now touring this state on a sight-seeing trip. To give a limited number of sufferers an opportunity to regain their health, the greatest of all Blessings—a few stops will be made. This city happens to be one of the fortunate places where a stop will be made. Take advantage of it while you have the chance. German, English and Norwegian spoken. One day only—Rain or Shine. Personal treatment that day, free. All that is asked is that you will state results to your friends. But, come in best of Faith, only, if you expect good results.

### Large Crowds Expected.

Hours: 8 a. m. to 4 p. m. One Day Only—Rain or Shine. Married ladies should call with husbands; others with head of family. Call early. Absent Treatment to Those Who Cannot Call.

Sufferers unable to call, may be successfully treated, by describing their afflictions, in a letter, addressed: "Healer Schiller Institute," DETROIT, MICHIGAN.

**State May Exact Better Care  
in Shipping.**

Lansing, Mich., July 4.—Although the bill passed at the last session of the legislature requiring railroad companies to transport live stock at least ten miles an hour was vetoed by Governor Ferris on the ground that it was unconstitutional, it is expected that the state railroad commission will take action to oblige the railroad companies to hurry back shipments during the summer months.

It was reported a few days ago that a shipment of stock over the Pere Marquette was on the road 52 hours to cover 104 miles, and that many of the cattle and hogs died of thirst.

Under a section of the laws passed in 1909 the railroad commission is given authority to require the companies to move stock at a reasonable speed and provide water in transit.

**Mystery Shrouds the Case of Bay City Porter.**

Bay City, Mich., July 4.—The former hotel porter, Frank King, as he was known to Bay City people, lived in this city under an assumed name for thirty years, according to statements.

King's right name was Baumstark, according to his brother-in-law, F. E. Lamphere, who came here from Chicago. King's wife, who died about two months ago, was Lamphere's sister. Accompanying Lamphere to the city were King's brother, Charles J. Baumstark of Chicago; Mrs. Baumstark, and their son, and Miss Louise Baumstark of Buffalo, N. Y. A sister of King is also here.

Lamphere, who appears to know the entire history of King, said the latter had always refused to reveal to friends the names of his brothers and sisters and that about a week before King shot himself he destroyed a lot of correspondence that might have thrown some light upon his past.

King left a \$15,000 estate to his five-year-old adopted daughter.

The new Mrs. Bialy was named as co-respondent in the famous Bialy divorce suit two years ago, when she was Bialy's stenographer. With her decree of divorce Mrs. Carrie A. Bialy was granted \$100,000 alimony by Judge Collins, and this was upheld by the supreme court though Mrs. Bialy appealed, seeking half a million.

Mr. Bialy is in the hardware and supply business here and is heavily interested in local real estate and Colorado sugar factories. He is forty eight and his bride is thirty.

George Lockhart, 28 years old, of Pinconning, was killed while his wife and two children, although but a few feet from him, were uninjured, when a bolt of lightning struck an oak tree under which they had sought shelter from the storm. There will be no special session of the legislature this winter, says Gov. Ferris. The governor bases his statement on the fact of a canvass made by a Lansing newspaper, which paper wrote a letter to every member of the legislature, asking them their opinion as to the needs of a special session this winter, and the replies received do not indicate that the members favor any special session. Some of the replies received are very emphatic against the calling of a special session, while a few favor such action and a few do not care to state, saying it is up to the governor.

## Woman's World

PRINCESS AUGUSTINA VICTORIA.

The handsome deposed ruler of Portugal, ex-King Manuel, although unlucky in war and state, seems to be lucky in love. His engagement to the pretty Princess Augustina Victoria of Hohenzollern has recently been announced, and the royal lovers are said to be very devoted to each other.

Little is known of the Princess Augustina in Berlin, as all of her life has been spent in the south of Germany. There is much talk in German court circles, however, as to what title she will bear as Manuel's wife. Some experts declare her rank will be only that of duchess, with the title of royal highness, while other well posted authorities assert she will share her husband's courtesy title and be known as Queen Augustina Victoria.

The young couple will be able to set up housekeeping in good style, as ex-King Manuel has a pension of \$3,300 a month and the family of the princess is wealthy.

**Hobbies Fine For One's Health.**  
Have you a hobby? If you haven't you should have, for a hobby is the short cut to health.  
So says a woman with a hobby, and she ought to know.  
The woman who broods on her troubles, who broods on her poverty, who broods on her wealth or her health, is likely to suffer for it. Poor health becomes the poorer for thinking of it. Poverty becomes the harder to bear when it is continually contrasted with somebody else's plenty. A hobby will give the mind something else to dwell on and so will avert all health breaking worries.  
"You know," said this woman who advocates hobbies for health, "we are a good deal like animals. We are influenced by one idea at a time. You know the story some one tells of the donkey who wouldn't go. Coaxing and beating were both useless. Then some one came along and forced a clod of earth in his mouth. He got so interested in the unusual thing in his mouth that he trotted along without knowing it."  
"Well, if we have hobbies to think of we go straight ahead and live our lives as we ought to live them without knowing it."  
Any sort of hobby is healthful. If you are interested in photography make that your hobby, only go at it with a purpose. Take up one subject and keep to it. Perhaps it is trees or sailboats or children or cats or doorways. Take all the photographs you can, sort and classify them and compare them, and the work will be engrossing.  
Or perhaps you are interested in flowers. Go in for roses or bulbs. Collect them in the winter, grow them in the summer, read about them, write about them, cut clippings about them and sketch them, or, if you are interested in books, hunt the book shops, go to old book stalls and buy a few books judiciously. Catalogue your own books and read until your eyes are tired.  
If you pursue a hobby faithfully it will help you out of all your troubles.  
Moreover, a hobby produces results of actual money value sometimes or of artistic or scientific value, which is better. A woman who had always been interested in genealogical matters suddenly realized this fact. She had gone about from graveyard to graveyard making impressions of old tombstones; she had copied records in old churches and courthouses; she had questioned old inhabitants of all the towns she had ever visited. Her taste for ancestors gave a point to her traveling and an interest to her life. And finally she found that she had copies of records which no one else had and a vast collection of material well sorted and classified which was of real value.  
Have a hobby. Stick to it and it will bring you happiness. Candlesticks or cookbooks, puppies or primroses—anything will do. Only—have a hobby.

**Color Novelty.**  
Some of the new rich colorings which are finding prominent place in the millinery world are known by high sounding names. A new russet green is called verte de russe; marron rouge is a rich red brown; cog de roche or nasturtium red, vatican purple; prune and twine color are also in the best of favorites.
