William Mitchell had the misfortune to have a horse badly lacerated by coming in contact with a barb wire fence.
John Fox is now a pensioner, having injured his hand quite badly while cutting corn.

If we are to have roads in Evergreen township we must have money to do the work. There are some that need grading that have never seen a plow or road scraper since Noah's Ark rested on the mount.
Rev. Lester Clark of Yale, Michigan, accompanied by his brother, Rev. J. Clark of Lansing, Tennessee, preached at the Menonite church Sunday. Elder Clark's discourse was one long to be remembered by those who were present. The pastor has been in the ministry 50 years and judging from his capabilities his worth must have been unestimable.

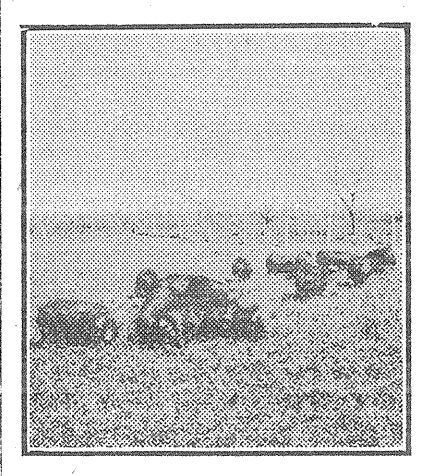

A Marvelous Escape.
"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.—Adv.

Motherly Admonition.
"Now, Anne, how often have I told you always to cast your eyes down when you are in the street? It makes a good impression, and, besides, you sometimes find a pocketbook that way."—Fliegende Blatter.

Strengthen Weak Kidneys.
Don't suffer longer with weak kidneys. You can get prompt relief by taking Electric Bitters, that wonderful remedy praised by women everywhere. Start with a bottle today, you will soon feel like a new woman with ambition to work without fear of pain. Mr. John Dowling of San Francisco, writes:—"Gratified for the wonderful effect of Electric Bitters prompts me to write. It cured my wife when all else failed." Good for the liver as well. Nothing better for indigestion or biliousness. Price, 50c, and \$1.00 at L. I. Wood & Co.'s.—Adv.

RAISING FALL LITTERS.
With Right Care They May Be Made Very Profitable.

A subscriber of the Iowa Homestead whose attitude is favorable to the practice of raising fall pigs writes as follows:
I find that I make as much money from my fall litters as I do from the spring litters, and now is the time of year to be thinking of the fall litters. Sows must be bred early enough in the summer so that they will not go into winter before the pigs are farrowed. Winter pigs should have the same care as fall pigs, of course, but they do not have the advantage of the fall pasture or forage as do earlier pigs. Owing to this I do not think winter pigs are as profitable to raise as are spring, summer of fall pigs.
The greatest disadvantage I have ever found to fall or winter pigs is the quarters. Pigs of any age do not do well if compelled to sleep in a straw pile, out of doors or in a muddy shed or damp bed. These conditions are especially detrimental to young

GIVE THE PIG PLENTY OF GREEN FEED.

pigs. Hogs, and especially young ones, do not do so well when they sleep on the ground as when they sleep on a dry floor, or at least this has always been my experience.
I prefer my floors not more than six inches from the ground, as when they are higher they may be too cold when the weather is extremely cold.
Of course floors cost money, but they soon make it back in extra gains in the pigs' weight. The quarters of small hogs should be separate from those of the big hogs, for pigs never do so well when permitted to sleep in a heap with large ones.
To be sure, there is usually some bad weather in the fall, but we usually have it as bad and worse in the early spring. In the fall, between showers, the pig may be filling his tank with such green feeds as he likes if they have been provided. If they have not been provided he runs out in a dry lot, squeals, does not grow, and then usually the cry is, "Fall pigs don't pay."
While the pigs are on the peas and rape plow up their winter lots and sow rye.
This will be a good, rich soil for rye, and it will grow rapidly and very rank. It will not take a very large lot or a few small ones to afford plenty of pasture all winter and until rape is again ready in the spring. This will keep the pigs growing, if they have good quarters.

FOR POULTRY SHIPPERS.

- Don't scald your poultry.
- Don't ship unless properly cooled.
- Don't kill fowls right out of the field or barn yard.
- Don't fail to keep them penned up at least three days.
- Don't ship to market without ice (except in extreme cold weather).
- Don't ship poor stock.
- Don't expect more than market price.
- Don't feed the night before killing.
- Don't fail to feed cornmeal while fattening.
- Don't fail to write your dealer for shipping tags.
- Don't fail to deal with responsible firms.—Farm Journal.

Market the Waste.
Many items on the farm, such as cull fruit, small potatoes, wastes from the kitchen and other things which will not sell, find a good market through the hog.—Farm and Fireside.

THE HUM OF THE HIVE.

See that all colonies have queens before it is too late.
If the bees are to be wintered outdoors use chaff or double walled hives.
A live of bees will supply all the honey the family needs and, besides, pollinize the fruit. Nothing pays better in a small way.
A queen bee lives from two to five years, workers from forty-five days to six months, and drones seldom more than five weeks.
There seems to be abundant evidence that the Italian bees do work more upon red clover than the black bees, and therefore that they do have longer tongues.
If bees are to be wintered in cellar put several pieces of carpet or similar material over brood frames. No cover is needed. Light should be excluded from cellar. Damp cellars can be kept dry by aid of lime. An oil lamp will provide heat if needed and a window or door opened in the evening will supply ventilation to reduce a high temperature.

Favorite Recipes

Layer Cake.
One cup granulated sugar, 3 eggs, 1/2 cup butter, 1/2 cup sweet milk, 2 teaspoons baking powder sifted in 1 1/2 cups flour, a little nutmeg or any flavoring desired. Bake in layers.—Leone Kile.

Ginger Bread.
One cup molasses, 1 cup sour cream, 2 1/2 cups flour, 1/2 teaspoon nutmeg, 1/2 cup sugar, 1 egg, beaten, 1 teaspoon ginger, 1 teaspoon soda; bake in one tin.—Mrs. Anna Patterson.

Devil's Food.
One cup sugar, 2 tablespoons cocoa, 1 heaping tablespoon shortening creamed together. One cup sour milk, a pinch of salt, 1 teaspoon flavoring, 1 1/2 cups flour, 1 teaspoon soda, 1/2 teaspoon baking powder; beat together well and bake in a moderate oven.—Mrs. Salome Bien.

Macaroni and Cheese.
Boil three cupfuls of broken macaroni in salt and water until tender. Drain and place with grated cheese in alternate layers in a deep baking dish. Add grated cheese last of all. Pour on sweet cream until the whole is covered. Add a pinch of salt and sprinkle lightly with pepper. Bake in a slow oven an hour.—Mrs. F. E. Hutchinson.

Baked Chicken.
Prepare a chicken the same as for roasting, that is, dress and prepare it without breaking into joints. Place in a large kettle with plenty of water and boil until tender. Before it is quite done, add a generous handful of salt. When tender, remove from the broth and place in a pan. Sprinkle with salt and pepper and bits of butter. Bake in a moderate oven for an hour. Carve and serve with dumplings and the broth gravy.—Mrs. F. E. Hutchinson.

Filled Cookies.
For the fig filling put one half pound of figs into a sauce pan with 3 or 4 tablespoons of water and place over a slow fire. Cover the sauce pan and let the figs simmer until all the water is absorbed, then chop them very fine, return them to the fire with one-half cup hot water and the juice of half a lemon and cook to a smooth paste. If raisins are preferred, use 1 cup chopped raisins, 1/2 cup sugar, 1/2 cup water and 1 tablespoon flour; boil the mixture until thick, being careful to watch it as it burns easily. While the paste is cooling make the cookie dough by using 1 cup sugar, 1/2 cup shortening, 1 egg, 1/2 cup milk, 2 teaspoons cream of tartar, 1 teaspoon soda, 1 teaspoon vanilla and enough flour to make a stiff dough. Cut the cookies and put two together with some of the paste between and bake in a moderate oven.—Miss Martha Striffler.

Avoid Sedative Cough Medicines.
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Adv.

James Dobson brought to this office a sample of sorghum cane grown on his farm seven miles north of town which measured 9 feet 5 inches in length. Since John Striffler discontinued running his cane mill, Mr. Dobson constructed some rolls for extracting the juice from the cane and manufactures enough sorghum syrup each year for family use.

Miss Catherine Miller was fortunate in securing a farm in the Pt. Peck Indian Reservation in an allotment conducted by the government. Miss Miller is teaching at Raynesford, Mont., and while at Great Falls, Mont., attending a teachers' institute, she met Ernest Schwaderer, formerly of Cass City. Mr. Schwaderer persuaded Miss Miller to participate in the allotment, and she did so and was mightily surprised when she found that she was fortunate in the outcome of the proceedings.

Members of Court Elkland, I. O. F., held an informal meeting Tuesday evening to discuss the increased rate of Forester assessments for the older members of the order. Some of them have been doing some close figuring since the new rates have been established and a few older members have arrived at the conclusion that after considering the lien placed on their policies and the interest and assessments they will have to pay until their policies mature at the age of 70, they will be owing the order more than the cash surrender value which is \$700 on a \$1,000 policy. Other members consider their protection has been worth the money and will continue as members. The members voted to divide the amount of money in the local lodge treasury.

Miss Josie Thompson of Caro is the guest of Willemina Dolwick.

Dr. and Mrs. C. W. Clark and son, Carroll, of Caro visited at the home of John Zinnecker Sunday.

Mr. and Mrs. Jacob Messner of Arenac are visiting at the home of David Hutchinson this week.

Mr. and Mrs. G. A. Striffler and son, Irvine, and Misses Mary and Lena Mark spent Saturday in Saginaw.

Lloyd Reagh and Misses Eva Masters and Sadie Johnson spent Sunday at the home of James Masters at Wickware.

Workmen are still employed on the roadbed of the D. & H. R. R. They will probably be busy for six or eight weeks before the work is completed.

Mr. and Mrs. Richard Hempton and daughter, Christina, of Pontiac visited at the home of D. G. Schneider from Thursday to Saturday when they went to Greenleaf to visit relatives.

Harry Nowland appeared before Justice Corkins Tuesday and waived examination and asked to be bound over to the December term of the circuit court which request was granted. Other bonds were furnished in his behalf.

Miss Madeleine Auten entertained a company of young people at the Auten residence Monday evening in honor of Miss Ruby Taggart of Caro. The guests were divided into pairs and the evening was spent in doing various guessing stunts. Prizes were awarded and Miss Minnie Kinnaid and Norris Winslow won first prize and Miss Ella Sheridan and Earnest Deming the consolation. A delicious luncheon was served.

Miss Kate Schwegler entertained the members of the Kill Kare Klub at her home Friday evening. The semi-annual election of officers was held with the following selection: President, Miss Cora Helwig; vice-president, Clare Spurgeon; secretary, Mrs. Clayton Schenck. After the business session, a social hour was enjoyed and a taffy pull was given. Luncheon was also served.

F. E. Kelsey, J. L. Cathcart, W. T. Schenck, I. A. Fritz, F. A. Bigelow and Robert Day were among the number who attended the meeting in the tabernacle at Caro Sunday at which time Evangelist Hart gave an address to men only. The audience was a large one and the address was reported excellent. The meetings conducted by the evangelist for some weeks are said to have caused a great religious awakening at the county seat.

While Miss Hazel Marshall was playing ball with some of her girl friends on a vacant lot near Gordon Tavern last Tuesday, she turned her ankle and in endeavoring to regain her balance, threw her knee out of joint. She was taken to a doctor's office where she showed much fortitude while the knee was being set. Later she was taken home and has been confined to her bed since, but is doing nicely and hopes to regain the use of her limb in a short time.

Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. What Surprised Him.

Dr. Thirdly was a mild, gentle and prosy clergyman. But at one evening service he grew a bit sarcastic. "I see a great many of you sleeping," said the good doctor mildly. "I do not wonder at this, for your work is hard, and many of you have come a long way. Therefore I am not surprised to see many of you sleeping soundly, but what does surprise me a little is to see so many sleeping who had such a comfortable sleep at both our morning and our afternoon service."

HOW TO CLEAN YOUR ICEBOX.

The icebox is the most important part of the entire household equipment. Upon its cleanliness depend the health of your family and the purity of the foods you use.

When you have an hour to spare take every article of food from the box or refrigerator, which we hope is enamel, porcelain or tile lined. Lift out the racks, the waste pipe and every particle of ice from the ice chamber.

If possible move refrigerator and see the condition of the trap. Have a pan of hot water in which is dissolved a generous tablespoonful of borax or baking soda. Scald all trays and pipes, using a small brush or rag on a stick to clean out every particle of slime if present.

Rinse all parts well and cool. Leave the doors and lid open and do not replace any food until the box is cold and dry. Never put bananas, onions or strong smelling food away in box. Never, by any means, use paper or rags to cover the ice. A piece of asbestos is permissible. Do not put food in the ice chamber, but in the separate compartments. Never put warm food in the box. Scald the waste pipe at least once a week. A piece of charcoal kept in the box will absorb odors.

IMPORTANCE OF HEALTHY KIDNEYS.

Chronicle Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Cass City citizen's advice.

Mrs. David Tyo, Fourth St., Cass City, Mich., says: "About five years ago my kidneys became disordered and my back was very painful. The contents of two boxes of Doan's Kidney Pills, procured at Wood & Co.'s Drug Store cured me and I have had no return attack of my trouble." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.41.—Adv.

Facts and Figures

Editor Cass City Chronicle:

In your issue of Sept. 19, 1913 you publish a report of the M. E. Conference Committee which in some respects is misleading. Report states, "While it takes \$800 per year to properly support a family, the average laboring man earns only \$442 a year." It should read "The average wage the laboring man receives is \$442 which is only one-fifth of what he produces." Then again, "The report declares unalterable enmity to the liquor traffic," ignoring the fact that 95 per cent of the male church members uphold the cursed traffic by voting with the republican, democratic or progressive party.

In regard to the concentration of wealth, viz., "One per cent of the people of U. S. owning 99 per cent," the report should have included the cause of poverty and degradation which would read something like the following:

The ministers of the various creeds have for more than 1600 years preached too much on "Hell and Damnation," "Servants obey your masters," "Be content with your wages," "God makes some rich, others poor," "The powers that be are ordained of God," and other similar un-Christlike sermons; in fact, stood between the rich and poor as guardians of the property of the rich, and utterly failed to preach the message of Jesus. The effect of this kind of preaching is represented by the condition we have today, which is clearly shown in our report.

Advocating reform is only a subterfuge as capitalism (interest, profit, rent) is doomed. "And they shall

beat their swords into plowshares," etc., Isaiah 2: 4 "And they shall build houses and inhabit them," etc. Isaiah 65: 21, 22. "And the merchants of the earth shall weep and mourn over her, for no man buyeth their merchandise any more. The merchandise of gold and silver," etc. Rev. 18: 11, 12, 13. Organizing Boy Scouts (a school for making good soldiers at the age of 18) in order to prolong this cursed system of wage slavery, brands the leaders and endorsers of this movement as opposed to the brotherhood of man and the fatherhood of God. And furthermore if 50 per cent of all who think themselves Christians would make united effort to put the sermon on the mount into practice, there would be no reason to fight Socialism. Neither would it be necessary today to "place the church squarely on the side of the things that are right and offer to fight greed and graft."

History chronicles the fact that in all great movements for bettering the condition of the laboring class, public opinion compelled the churches to follow as they never took the lead. Even today we are compelled to acknowledge that this world movement (Socialism) has left the churches at least ten years behind, and unless some extraordinary power forces the churches to the front they will go down and out with capitalism. No doubt many good people will be shocked reading the above, but this is only a gentle breeze compared to what is coming when "The stone becomes a great mountain." Daniel 2: 35.

Yours for the whole truth,
F. LENZNER.

Don't Let Baby Suffer With Eczema and Skin Eruptions.

Babies need a perfect skin-covering. Skin eruptions cause them not only intense suffering, but hinder their growth. Dr. Hobson's Eczema Ointment can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out of the skin all over the face and scalp. Doctors and skin specialists failed to help. VASSAR—Bernice French, the nine year old daughter of Mr. and Mrs. Stanley French, living near Arbela, was bitten by a cat affected by hydrophobia. She was taken immediately to the Pasteur institute in Ann Arbor, where she will receive treatment for two weeks or more. The cat had shown symptoms of the disease, but not serious enough to be feared. The little girl was bitten on the arm, quite severely.

Mr. Ealy does not expect to occupy this residence, but will sell it. Mr. Bliss will occupy it until next June. The McNair is considered a good property and would cost to build at present probably \$25,000 or more.

UBLY—The State Supreme Court, which has been taking its summer vacation of three months, opens the October term Thursday, Oct. 2, 1913. The docket, published last Friday, contains 172 cases. The case of The People vs. Robert A. MacGregor, appealed from the circuit court of Huron county, is the very last case on the docket as it is published in the daily papers—171 cases preceding it. Just when the case will be reached is but the merest guess work for the layman. The supreme court is a ponderous body and it moves slowly.

LEXINGTON — Lexington had a close call from another mysterious fire last Tuesday morning, with Judge Watson Beach's residence the scene of the blaze. On account of the cold weather lately, George and John Beach, who are staying at the house, kept a fire burning in the fire-place during the cool mornings and evenings. Tuesday morning John entered the room where the fire-place is located, and detecting a strong odor of smoke, began an immediate investigation for the cause of it. He could find no evidence of fire, however, and he then decided to call in a neighbor, William Beedon, who came over and assisted him in the search. They finally went down into the cellar and there located the trouble. They discovered that a beam under the fire-place had caught fire in some manner from the overheated bricks and was nearly burned through. A little draft would have soon fanned the flames into a dangerous blaze. A few pails of water extinguished the fire without much damage.—News.
