

Cruel. "What are you thinking of, Beatrice?" inquired Mr. Lainer of his wife one morning while they were at breakfast.

"I am dreaming of my youth," replied the woman. "Well," replied the brute, "I thought you had a far away look in your eyes"—Lippincott's.

United Doctors Specialist will make their regular visit to Cass City, Gordon Tavern Wednesday, Oct. 22

Hours 9 a. m. to 6 p. m. Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases.

The United Doctors, licensed by the State of Michigan for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this visit, consultation, examination and advice free of charge.

These Doctors are among America's leading stomach and nerve specialists, and are experts in the treatment of chronic disease of the blood, liver, stomach, intestines, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bed-wetting, tape worm, leg ulcers, weak lungs, and those afflicted with long standing, deep seated chronic diseases, that have baffled the skill of other physicians, should not fail to call.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc. By their method these diseases are treated without operation or hypodermic injection. They were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife, with blood and with pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians, settle it forever in your mind. If your case is incurable they will tell you so. Consult them upon this visit. It costs you nothing.

Married ladies must come with their husbands and minors with their parents.—Adv.

Chronic Dyspepsia. The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.—Adv.

Echoes From Examination Day. The following are some answers found on the examination papers of pupils in a country school: "The people who lived on the earth before it was inhabited were a very low order of savages." "Samuel Johnson was a well known English writer. He wrote several heavy books." "Henry IV. of England met his death by starting to pray and having a fit and died from effects." "A penitent is one who earns his living by his pen." "Monotony is where a person or a company has everything its own way." "Finance is what a girl marries."—Lippincott's.

Neighborly Amenities. "No, we never stay at home Sunday. It's too disagreeable." "Disagreeable?" "Yes. Our next door neighbor goes away and leaves his dog locked up in the house and the poor brack barks and whines all day." "It gets on your nerves, eh?" "No, it isn't that. But the neighbors expect us to interfere." "Well, why don't you? Tell your neighbor frankly about his howling dog." "How can I when we've just got a new phonograph and my eldest daughter is learning to sing?"—Cleveland Plain Dealer.

All Old. Discovery of a prehistoric Turkish bath in Ireland suggests again the thought that most of the things about which modern civilization boasts are ancient. An automatic machine was in use to supply sacrificial water in an ancient Greek temple. Queen Maria Theresa had an elevator in her house at Luxembourg at least as early as 1777, and an omnibus was running in Paris in 1662. In 1667 Robert Hooke conveyed sounds to a distance by distended wire—telephone, in fact.

MOTHER LOVE. All mothers are rich when they love their children. There are no poor mothers, no ugly ones, no old ones. Their love is always the most beautiful of the joys. And when they seem most sad it needs but a kiss which they receive or give to turn all their tears into stars in the depths of their eyes.—Maeterlinck in "The Blue Bird."

The Reasons

Why the Chronicle's Plan of Handling Auction Sales Ought to Be Favored by Every One Who Contemplates Having a Sale in This Section of the Thumb:

FIRST—BECAUSE IT IS A DEMONSTRATED SUCCESS. In the past five years, hundreds of auction sales have been advertised in the CHRONICLE to the mutual satisfaction of the seller and buyer.

SECOND—BECAUSE PEOPLE HAVE COME TO LOOK TO THE CHRONICLE FOR ANNOUNCEMENTS OF SALES. The success of the CHRONICLE'S plan of advertising sales has naturally led people to expect that an auction sale in this section will be advertised in the CHRONICLE, just as they expect that the rural carrier will deliver their mail.

THIRD—BECAUSE OF ITS SMALL EXPENSE. We make a uniform charge for our service in reaching practically all the people of this section, that is but a little above what used to be charged for sale bills that were read by only a few of the people.

FOURTH—BECAUSE IT PUTS THE SELLER IN TOUCH WITH HIS BEST AVAILABLE CUSTOMER. THE CHRONICLE goes into practically every home in Cass City and the surrounding territory. The people naturally look to the Chronicle to learn

about auction sales. If a man in this section of the country wants for his own purposes any tool or live stock advertised in any sale, he knows just where to go to find it. He will be prepared to bid what he believes the article or animal is worth, because he has use for it. There will be no element of speculation in his bid. With the old plan, the people in the immediate neighborhood were the only ones who knew of the sale, and they would generally bid because they hoped to buy something cheap.

FIFTH—BECAUSE IT AVOIDS HAVING TWO AUCTION SALES IN THE SAME NEIGHBORHOOD ON THE SAME DAY. THE CHRONICLE makes dates for the auctioneers and practically all of them report the sales they book to this office, which is the recognized auction sale headquarters. If we find two sales are booked for the same locality on the same day we can and do at once take it up with the parties interested, and arrange for a change of one of the sales, thereby avoiding spoiling both sales.

SIXTH—BECAUSE THE CHRONICLE'S PLAN REACHES ALL THE PEOPLE OF THIS SECTION WHILE THE AUCTION BILL REACHES ONLY A FEW IN THE IMMEDIATE LOCALITY OF THE SALE.

SEVENTH—BECAUSE THE CHRONICLE CONTAINING THE AUCTION ADVERTISING IS LAID AWAY AND PRESERVED IN THE HOME WHILE THE BILL IS SUBJECT TO THE WINDS AND RAINS AS IT IS TACKED ON THE FENCES AND TREES.

The Chronicle's Method of Advertising Auctions is endorsed by the leading auctioneers.

Miss Isabelle Marshall returned home Sunday after a few days' visit in Pontiac and Bad Axe.

Mrs. Glasgow of Buffalo returned home Tuesday after spending a week with her aunt, Mrs. Hoffman.

Mr. and Mrs. S. W. Striffler and daughter, Lillian, of Argyle spent Sunday with friends in town.

Miss Pauline Sandham is visiting at the home of her grandparents, Mr. and Mrs. S. W. Striffler, in Argyle this week.

Mrs. Wm. Ackerman left Friday morning for Detroit where she will visit with her daughter, Mrs. Andrew Ness.

Mrs. W. A. Fallis returned to Caro Friday after a week's visit here. She expected to return to her home in Detroit Saturday.

Rev. and Mrs. D. J. Feather, Lewis Krahlhing and Otto Klinkman attended the funeral of Mrs. Henry Wetlauber in Detroit Friday.

The pupils of the Bird school are progressing rapidly and the school is in fine condition under the supervision of Miss Carrie Hurley.

Mr. and Mrs. W. H. McCarty and son, William, and Mr. and Mrs. Earl McCarty and daughter, Katherine, of Grassmere Farm, near Bad Axe, visited at the home of Samuel Bigelow Monday.

Mrs. B. F. Moon brought a peculiar specimen of late sweet corn to the Chronicle office Saturday. Six ears grown into one makes the specimen quite a curiosity.

Miss Emma Lenzner and niece, Miss Gladys Lenzner, left Friday morning to visit at the home of the former's brother, Samuel Lenzner, in Detroit. Miss Gladys expects to return next Monday.

Mrs. H. S. Gamble of Sebawaing came Thursday to visit her sister, Mrs. C. O. Lenzner, and other relatives. On Sunday she went to Argyle to be the guest of another sister, Mrs. S. W. Striffler.

The Volunteer class of the Evangelical Sunday School met at the home of their teacher, Mrs. E. W. Kaercher, Monday evening. After a short business session, refreshments of sandwiches, pickles, cake, wafers and cocoa were served.

Mrs. L. I. Wood and Mrs. J. A. Caldwell attended the 47th Grand Chapter, O. E. S. Michigan, held at Saginaw last Wednesday and Thursday. The sessions were held in the Masonic Temple and a reception was given at one of the city's large auditoriums. Mrs. Wood, as worthy matron of the local lodge, was a delegate.

Mrs. A. J. Knapp, Mr. and Mrs. I. P. Auten and Miss Madeleine Auten were in Elkton Tuesday and the ladies attended an open meeting of the Woman's Study Club of that village. During the afternoon, Mrs. Knapp gave a short talk on the "Advantages of Woman's Club," and later Miss Auten gave a lecture on "Mechanical and Practical Cooking." During the first part of her lecture she exhibited various utensils useful in cooking and later she demonstrated practical cooking by the use of a chafing dish. At the close of her lecture, some excellent music was rendered and refreshments were served.

Mrs. A. H. Higgins attended the County Union Sunday School convention at Unionville, Oct. 8-10, as a delegate from the local M. E. church. The convention was held in the Moravian church of which Rev. Richter is pastor. On the last evening of the convention, Rev. J. A. Schweitzer, formerly of Cass City, now of Bay City, gave his report of the World's Sunday School convention held at Zurich, Switzerland, in July. Mrs. Higgins says this an excellent address and was thoroughly enjoyed by all present. At this convention, Rev. Heyser of the Gageton M. P. church was elected delegate to the state convention at Benton Harbor Nov. 12-14, and the next county convention will be held at Gageton. The keynote of the convention was unity, and through the Sunday School as well as the church, can a union of Christian doctrines be expected.

FRIENDSHIP.

Friendship is a vase which when it is flawed by heat or violence or accident may as well be broken at once. It never can be trusted after. The more graceful and ornamental it was the more clearly do we discern the hopelessness of restoring it to its former state. Coarse stones, if they are fractured, may be cemented again; precious ones, never.—Landon.

Miss Alice Bentley spent Sunday at her home in Deford.

Mrs. H. C. Hayward is numbered with the ill this week.

A. T. Craft is spending the week with his son at Davisburg.

Miss Mary Black spent Sunday at her home in Greenleaf.

O. W. Nique and Mrs. Herb Ehlers of Shabona were callers here Monday.

Mrs. Delbert Schenck and daughters, Elizabeth and Aletha, of Sault Ste. Marie, came Monday to visit at the home of Warren T. Schenck. Mr. and Mrs. Schenck are moving from the Soo to Detroit and Mrs. Schenck will remain here until Mr. Schenck secures a house in the latter city.

The Rebekahs were entertained at the home of Mrs. C. D. Striffler Thursday evening in honor of Mrs. W. A. Fallis of Detroit. During the evening every guest was obliged to do some stunt as her share of the entertainment and much merriment resulted as various ladies sang, recited or did some funny trick. Ice cream, cake and wafers were served.

Several of the merchants started Monday to close their business places at 6:30 p. m. excepting Saturdays. This movement gives the business man and his employes an opportunity to spend a few hours at their homes and affords them a relaxation from the strenuous activities of business life. It is expected that the movement will embrace practically all of the business places in the near future. Several of the merchants now keeping their stores open evenings are anxious to close, but are waiting until the movement becomes more universal.

A Stingy King.

In the beginning of the eighteenth century the now so powerful German empire was nothing more than the little kingdom of Prussia, having just dropped its title of duchy of Brandenburg. The country was very poor and the military discipline very harsh. Frederick William was hard, cross and stingy and did not even know what it was to make a present. His reputation was so widely spread that it became a byword to say that a man had worked for the king of Prussia when he had done an unprofitable task.

The Sneezing Prayer.

The custom of following a sneeze with a prayer goes so far back into the past it is next to impossible to say when it actually began. According to Strada the custom originated among the Assyrians, who, through an opinion of the danger that attended it, after the act of sneezing made a short prayer to the gods. The Romans afterwards sneezing cried out, "Jupiter, help me!" The custom is mentioned by Homer, the early Jewish writers and others, and is found among many savage tribes.

Wonderful Exposition Palaces Fast Rising On the Shores of San Francisco Bay

Michigan Industries Plan a Great Representation In Vast Gathering of the States and Nations

JUST inside the Golden Gate a vast army of workmen is rushing to completion the huge exhibit palaces of America's Panama canal celebration, the Panama-Pacific International Exposition in San Francisco in 1915. Many of the most celebrated architects, sculptors and artists in the United States co-operated in the design of the marvelous exposition city upon the shores of San Francisco bay. As an inspiration they had before them the greatest engineering work in the history of the world—the Panama canal—and in the completion of the canal they saw the final result

the main exhibit buildings will form parts of a huge group surrounding the three principal courts. They will represent in conception a stupendous oriental bazaar, similar in form to the bazaars of the east, at Constantinople, Damascus or Cairo. The roofs of the buildings will be colored a reddish pink, like Spanish tile, and will be spread over the mile long group of the main exhibit buildings extending along the blue waters of the bay. Wonderful groups of statuary will tell the story of the Panama canal.

The site of the Exposition covers 635 acres on San Francisco harbor. A

will be under way by the time this article is published.

One of the unique phases of the Exposition will be the tremendous participation of the South American nations. Many of the republics will make displays never before seen outside their own boundaries.

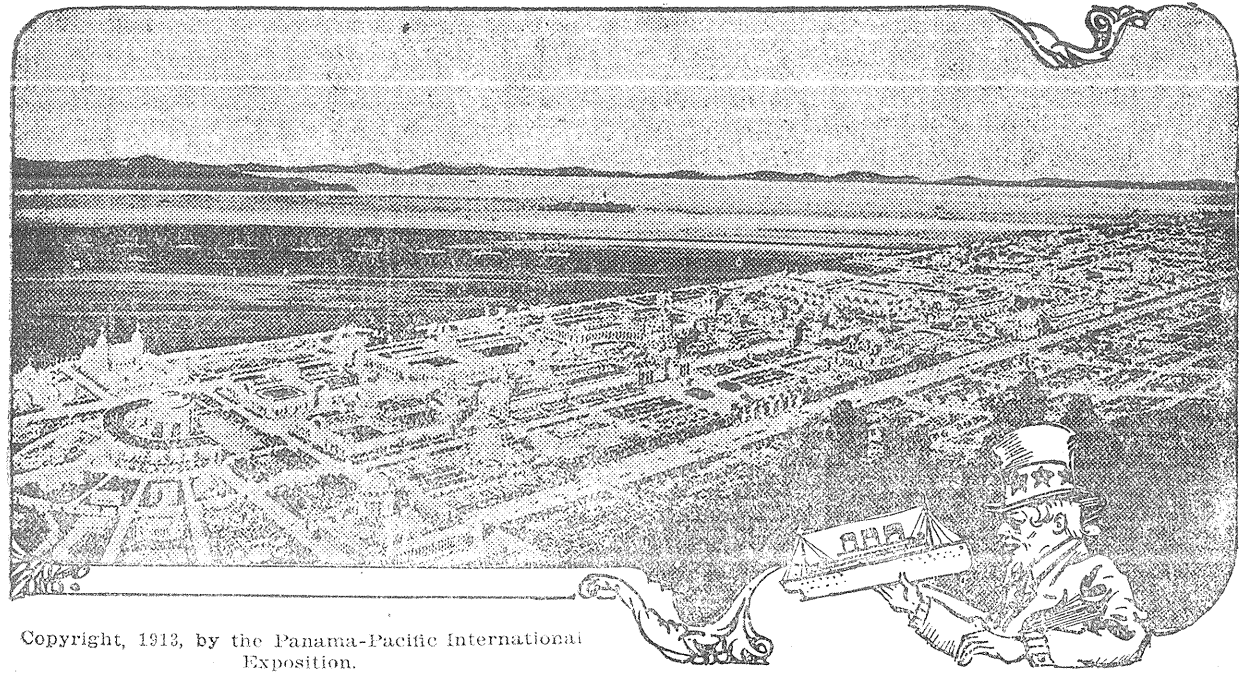

The commonwealths of the United States will be represented upon a splendid scale. Thirty-five states have selected the sites of their state pavilions, and the appropriations made by state legislatures aggregate millions. The largest appropriation is that of New York state—\$700,000.

Architects' Dreams For Most Marvelous of Universal Expositions Coming True—Whole World Interested

AS the United States has invited the world to an international festivity, an international program will be part of the Panama-Pacific International Exposition. Sporting events of all kinds will be prominent. The crack cavalry and infantry of the United States and Europe will participate in wall scaling contests, remount demonstrations and competitive drills of all kinds. Carrying out this theme upon a larger scale, battleships in the harbor and aeroplanes launched from hangars on the Exposition grounds will contend in mimic warfare. There are assured at the Exposition some wonderfully interesting aeroplane demonstrations. The principal aeroplane manufacturers of England, Germany, Russia, Italy and Switzerland will compete with

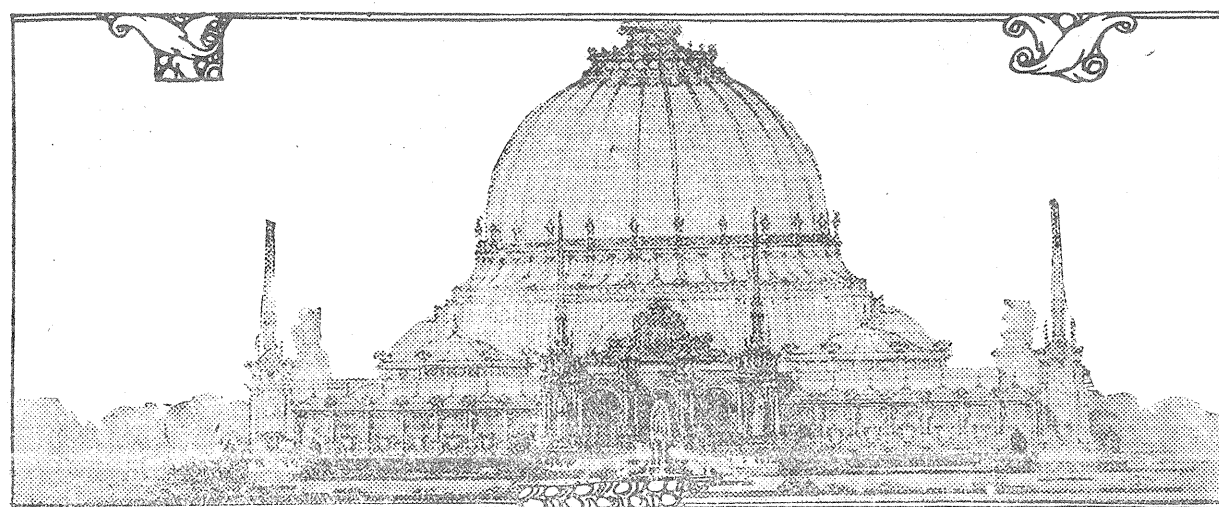

and Education. Flanking this rectangular group on the east, but brought into general architectural harmony with it is Machinery Hall. Flanking it upon the west will be the superb Palace of Fine Arts, a building partly circular in form and embracing a great lagoon, in which its classic outlines will be reflected. The huge Palace of Horticulture, Festival Hall, the Service building and other minor structures are set in the south garden. The Palace of Horticulture will be one of the most wonderful buildings ever erected. It will cover five acres and be constructed almost entirely of glass. Its huge glass dome will rise 165 feet. The department of horticulture at the Exposition has offered a prize of \$1,000 to the originator of the finest variety of rose. The merits of this rose

night it will reflect the colors of the rainbow from hundreds of great batteries of searchlights. On the east side of the court will be the great triumphal Arch of the Rising Sun, and upon the west side will be seen the Arch of the Setting Sun. The arches will suggest the note of the Exposition—the meeting of the east and west at Panama. Their sculptural decorations will carry out this theme. Surmounting the Arch of the Rising Sun will be a colossal group of statuary, a great elephant as the central motif, with camel riders, Tibetan priests, Arab warriors, negro slaves, etc., the whole suggesting the spirit of the orient. The group will be forty-two feet in height. The howdah upon the elephant will be 188 feet above the floors of the Court of the Sun and Stars. The triumphal Arch

of the effort of centuries to secure a passageway between the oceans.

As the Exposition assumes form the wonders that the architects dreamed of become vivid and tangible. A city of palaces facing north upon San Francisco harbor is rising against the walls of the hills that embrace the Exposition site upon the south, east and west. When completed in 1914, months before the opening of the Exposition, it will be found that the majority of the Exposition palaces are united into one enormous structure, with its outside walls as high as the average six-story city block and with its golden towers and minarets rising to heights of 170, 250, 350 and 430 feet. Eight of

more impressive location for a great maritime celebration could not have been chosen. The Exposition city will face north upon the stream of traffic that passes through the western portal of America. On the south, east and west rise the hills of San Francisco, like the walls of a vast amphitheater. On a tree lined esplanade along the harbor's edge visitors will view great maritime pageants by day. By night a series of marvelous illuminations proceeding from great batteries of colored searchlights will turn the Exposition city into a fairyland.

Ten huge exhibit palaces are under construction at this writing, and all of the fourteen main exhibit buildings

It is planned that Michigan shall be splendidly represented among her sister commonwealths at the Exposition. The great commonwealth of Michigan has contributed its due proportion to the cost of the construction of the Panama canal, and it has its patriotic pride in the Panama canal celebration. Representatives of the great industries of Michigan and of important commercial and industrial organizations are now planning for a collective representation which will bring Michigan well up among her sister states. The Michigan societies of California, Oregon and Washington are planning to assist in welcoming Exposition visitors from all parts of the world on behalf of Michigan, and visitors from Michigan will find that former residents of the home state will rejoice in welcoming them. Every wide awake citizen of Michigan is urged by the Michigan Society of California to support actively the movement to give Michigan adequate representation at the Exposition. Do not lose a day in aligning yourself with the movement.

Few states in the Union have as much to offer the world as Michigan or have an abundance of resources that may so advantageously be exhibited. The wonderful growth of agriculture, the great automobile, lumber and sugar industry, the vast opportunities for farming and for manufacturing are absolutely unsurpassed anywhere in the United States. Of special interest to Michigan manufacturers of automobiles will be the tremendous automobile exhibits at the Exposition. The principal manufactures in motors and motor accessories will be exhibited by manufacturers of the United States and Europe.

A unique feature of the Exposition—and it is difficult to select from among the thousands of brilliant features one as being more interesting than another—will be a continuous live stock show, the greatest the world has known. Fifty acres will be used for live stock pavilions and show grounds. The Exposition management has set aside \$175,000 for premiums for live stock, while \$225,000 is offered for harness races. Breeding associations of the United States have so far offered \$45,000 in premiums. This is a total of \$445,000.

The "Midway" at the Exposition (the name has not yet been chosen) will be spectacular. At a cost of \$350,000 the Santa Fe railway will present a series of panoramas showing the Grand canyon of Arizona, famous artists being engaged upon the panoramas. In a working model of the Panama canal visitors will proceed through the locks, as if actually going through the canal itself, and lecturers will explain its operation. This concession, to cost \$250,000, will have a capacity of handling 2,000 people through its locks every thirty minutes. Another concession will show the historic old market place of Nuremberg, Germany, and wonderful concessions from China and Japan will be shown. Altogether the cost of installing the concessions is estimated at \$11,200,000.

those of the United States. Prizes will be offered for devices or improvements which tend to make the aeroplane safer and to bring it more and more into practical everyday use.

The Panama-Pacific International Exposition will be the first great American exposition of which it will be possible to get a view from an aeroplane. The more venturesome visitors flying over the Exposition in dirigible balloons or in aeroplanes will see stretched out below them the great exhibit palaces, brilliant with the color scheme

will be judged by an international jury. A scientist has written that he feels he is well on the way to produce a black rose.

The finest architectural and sculptural effects will be seen in the great courts, which will divide the Exposition city north and south. In the center of the group will be the Grand Court of Honor, the splendid Court of the Sun and Stars. Here the visitor will behold one of the most magnificent court effects ever presented at an exposition. In dimensions the court will be 750 feet east and west and 900 feet north and south, exclusive of a fore court or opening on San Francisco harbor. The entrance to the court from the main gates will be through the arcade of the Tower of Jewels, a magnificent structure 430 feet in height. By day the tower will stand out as the great dominating architectural feature of the Exposition. By

of the Setting Sun will be crowned with a group expressing western civilization, its main theme a prairie schooner, with Indians and Spanish, French, German and English explorers supporting the central figure.

Passing beneath either of the two great arches one will come respectively into the great west court, the Court of the Four Seasons, designed by Henry Bacon, designer of the wonderful Lincoln memorial to be built at Washington in honor of Abraham Lincoln, or to the great east court, the Court of Festivals, designed by Louis C. Mullgardt, architect of the Fisheries building at Chicago. In these courts will be seen monumental expressions of architecture and sculpture. The sculpture upon an exalted scale will tell the story of the Panama canal and of the high ideals with which America has pursued this greatest of the works of history.

designed by Jules Guerin, the famous artist, who thus describes the effect of the work he is directing: "Imagine a gigantic Persian rug spread down upon the shores of San Francisco bay, with brilliant colors here and there, but melting in soft, glorious tones, and you will have an idea of what the Panama-Pacific International Exposition will look like if viewed from a distance, as from the Sausalito heights across the Golden Gate."

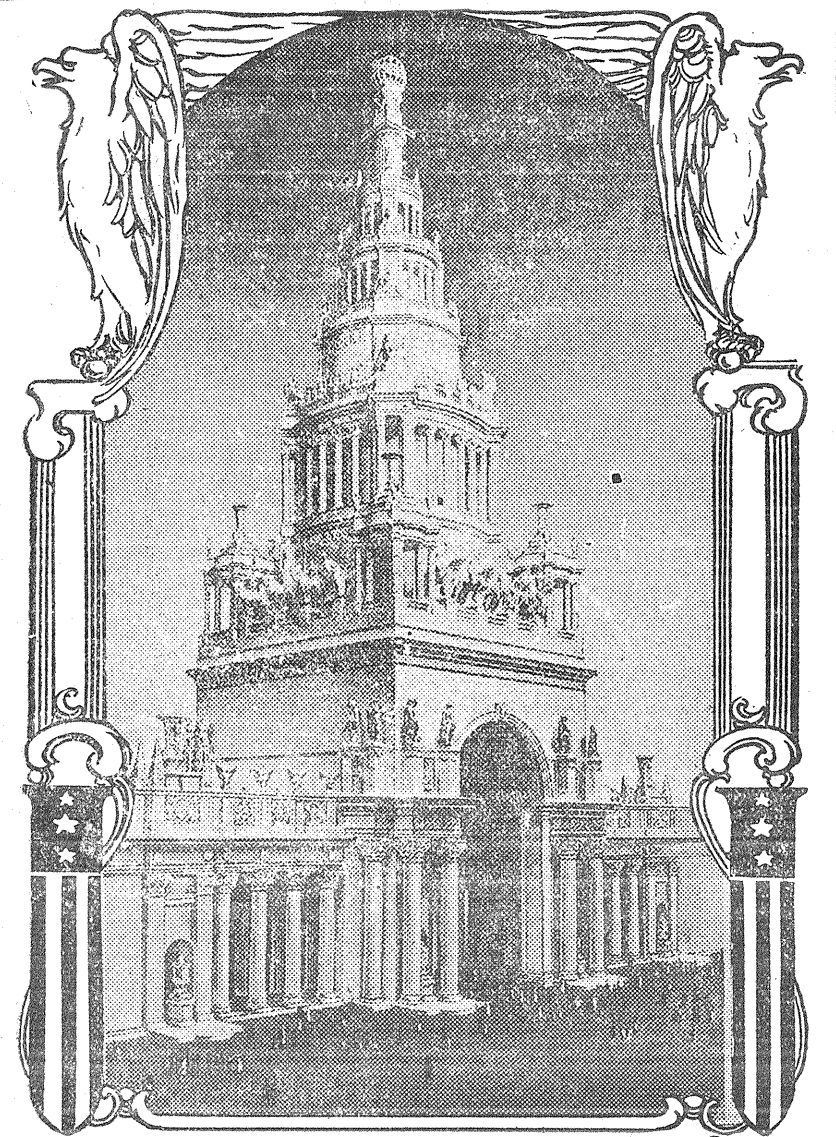

The Exposition buildings will be divided into three huge groups, and when completed the Exposition city will present a marvelous picture. Eight of the palaces in the central group will form parts of a great rectangle. Four of the buildings will face the bay and four face south upon a wonderful south garden. The four buildings facing upon the bay are the Palaces of Mines, Transportation, Agriculture and Food Products. The four facing south are the Palaces of Varied Industries, Manufactures, Liberal Arts

A MARVELOUS SETTING FOR SCULPTURE AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

The dominating architectural feature of the Exposition is the superb Tower of Jewels which will command the south entrance of the Court of the Sun and Stars. This tower, 430 feet in height, will have a base one acre in extent. The tower will rise upward in terraces, giving way at last to a group of figures supporting a globe typifying the world. The repeated figures of armored horsemen and of explorers of the oceans will be used in the tower, which, with its statuary, mural paintings and mosaics, will be indescribably beautiful. Messrs. Carrere and Hastings, architects in chief of the Pan-American Exposition at Buffalo in 1901, are the architects.

Her name is Maryia Cencek. She has no parents and is on her way to an uncle whom she has never seen. As no one is known here to be expecting anyone from Europe it is probable she has been sent by the New York Immigration Co. to the wrong Unionville as there are several in North America. The case has attracted considerable attention and sympathy. Efforts will be made to locate the place of her proper destination. She has no baggage, only a small package.—Crescent.

CARO—On Wednesday of last week occurred the 35th anniversary of the Seeley bank in Caro. It was 35 years ago, on October 8, 1878, that John F. Seeley established the "Tuscola County Bank" in Caro, which he successfully conducted for 26 years. In May, 1904, he organized the Commercial Savings Bank.

BAD AXE—Mr. and Mrs. Wm. Slack of near Uby and their son, Harvey, of Bad Axe met with quite a serious auto accident as they were returning from this city Monday afternoon. About a mile north of Uby their machine plunged into an open culvert which was unprotected, and without lights or warning of any kind. The opening is said to be six feet wide and had not Mr. Slack been driving very slowly all might have been more seriously injured or killed. As it was Mrs. Slack was thrown against the cement walls of the bridge and badly injured. She is still under the doctor's care. Harvey was pitched forward into the road, sustaining bruises. The elder Slack who was driving was protected by the steering wheel and kept in the machine. The auto was badly smashed up.—Tribune.

CARO—Mr. and Mrs. H. S. Montague will move this week to Saginaw and the offices of the Sugar Beet Products Co. will also be moved to that city, but the factory will remain in Caro.

SANDUSKY—John Gesch, an old gentleman residing alone near Cash, was burned to death early Sunday morning. His house caught fire from some unknown cause, and by the time assistance had arrived the flames had gained such headway that they were beyond control. As soon as it was possible a search was made to ascertain if the old gentleman was in his house at the time of the fire, and his charred remains were shortly discovered among the ruins.—Republican.

NORTH BRANCH—At two o'clock last Wednesday morning fire destroyed the big hotel barn of Thos. Melanie, also the Finkle store near by. Seven horses were burned within the barn, six of them being the property of Mr. Melanie. It is not known what caused the fire.

OBITUARY.

Mrs. Henry Wettlaufer nee Ratz was born in Gad's Hill, Ontario, on April 2, 1865, and died in Detroit on Oct. 7, 1913, aged 48 years, 6 months, 5 days. She was the first one of the family to be called by the Lord.

She was married to Henry Wettlaufer July 11, 1883. Two children, one daughter and one son were born to this union. She was converted at the age of 19 under the labors of Rev. G. F. Hurst, who is at present pastor at Ebenezer, N. Y. She was a consistent Christian, a faithful worker in the church where she held

various offices, a good mother and loving companion. She will be missed very much by her home church at Cass City but most of all by her companion and children, four sisters and seven brothers.

The funeral was held from the home of her daughter, Mrs. A. J. Ratz, 47 Lothrop Ave., Detroit. Rev. D. J. Feather, pastor of the Cass City Evangelical church officiated, assisted by Rev. D. C. Ostroth, pastor of the Boulevard Mission of the same denomination at Detroit.

Relatives from a distance in attendance at the funeral were: Mr. and Mrs. Jacob Kaufman of Berlin, Ont.; Mrs. H. B. Schmiedt, Newton Brook, Ont.; Mrs. C. Sutter, Stratford, Ont.; Mrs. John Hill, Canboro, Ont.; Mr. and Mrs. Adam E. Ratz, Tavistock, Ont.; John E. Ratz, Wellesley, Ont.; Ed E. Ratz, Berlin, Ont.; Wm. E. Ratz, Philadelphia, Pa.; Henry E. Ratz, Waterloo, Ont.; Mrs. Jacob E. Ratz, Berlin, Ont.; John Wettlaufer, Tavistock, Ont.; Geo. Wettlaufer, Toronto, Ont.; Dr. Conrad E. Wettlaufer, Buffalo, N. Y.; Dr. Lewis Wettlaufer, Buffalo, N. Y.; Mr. and Mrs. Wm. McDougal, Waterloo, Ont.

RAILROAD BRINGS BUILDING BOOM

Continued from first page. The sight of freight cars on the side tracks is a novel one to a country that has never had a railroad and very naturally those living near both places have reasons to be much gratified over the optimistic outlook.

At Decker several buildings are now under course of construction. A large elevator is being built for the Decker Grain Co. and other buildings started are: Bank building of marble-faced cement blocks, furniture store and blacksmith shop. The foundation for the depot is also completed.

At both Decker and Snover the Caro sugar beet company is buying large quantities of beets and shipping them to its factory.

Snover is rejoicing over the fact that the Holmes Grain Co. of Marlette has begun work on a new elevator. F. E. McGunagle, buyer for this firm, is on the ground continuously and is shipping grain and beans in large quantities. Peter Carter of Sandusky has work started on a large lumber shed and already basement work is started on several new homes. Here too the depot work has begun. A fine new Free Methodist church is also nearing completion.

"New Lamotte" is the name given to the station that will be established eight miles directly north of Marlette. Here also there are scenes of great activity. Thos. Wilson has built a coal shed, a hay shed 20x80 and has the foundation started for an elevator which will be complete next spring. Then not content with this Mr. Wilson has installed a gas engine and cleaner on the ground and is buying large quantities of beans and grain. At this point as at Decker and Snover, the foundation for the depot has been completed.—Marlette Leader.

W. C. T. U. NOTES.

The next meeting of the W. C. T. U. will be Thursday afternoon, Oct. 23, (note the change from Friday to Thursday), at the home of Mrs. A. J. Knaapp.

The W. C. T. U. will give a dinner Wednesday, Nov. 19, at the Presbyterian church.

A new union has been organized at Unionville with a membership of 22.
