VERA BRACKENBURY SERIOUSLY INJURED

STRUCK BY AUTO IN DETROIT
STREETS.

Lies in Harper Hospital in Serious
Condition; Crisis Will Be
Reached Tonight.

Miss Vera Brackenbury was seriously injured when struck by an automobile in Detroit Sunday afternoon. The young lady went to the car track on Woodward Ave. with the intention of boarding a street car, but when the car failed to stop, she started to return to the curb. People standing on the walk tried to call her attention to an automobile coming towards her, but their cries confused her and she stepped back into the path of the machine. She was taken to the Harper hospital where a gash 2½ inches long was found in her scalp and an X-ray examination revealed a bad fracture of the skull.

J. W. Brackenbury, the young lady's father, received word of the accident Monday, too late to take the afternoon train. He went to the city Tuesday morning, returning Wednesday evening. Physicians at the hospital told him if Miss Brackenbury survived her injuries until this (Friday) evening, the chances for her recovery were good. Mr. Brackenbury does not attach the blame for the accident to the auto driver and says that he was very kind in rendering whatever assistance he could. Miss Brackenbury has been employed in Detroit for some time.

UNIQUE ENTERTAINMENT

Members of Woman's Study Club
Met at Pinney Home.

The first special meeting for the year of the Woman's Study Club was held on Monday evening at the home of Mrs. Edward Pinney. A unique entertainment was furnished in the form of a Pullman Car Experience.

The ladies of the committee acted as railroad officials, newsboys, etc., and impersonated various and comical characters, who boarded the train at the different stations. Among these were the couple from the country, the giddy girl bound for the ball game, Carrie Nation, the Spanish gypsy with her clever monkey, and the stuttering freak with her parrot and dog.

During the trip, the travelers made their way to the dining car where a delicious supper was served and during intervals each passenger composed a rhyme having as a theme, "Why I am Married"—"or Unmarried." These were read later to the great amusement of the company. Music was furnished by Mrs. Whitfield and Miss Ethel McGregory.

CUMBER P. M. RESIGNS

Civil Service Examination Nov. 22
to Fill Position.

D. A. Preston, postmaster at Cumber, has offered his resignation to the post office department, because of ill health.

For this reason the U. S. Civil Service Commission announces an examination to be held at Cumber on Nov. 22 to fill the contemplated vacancy of postmaster at that place. Any man or woman above the age of 21 years who is a citizen of the U. S. and resides within the territory supplied by that office can become an applicant. Application forms and information concerning requirements of examination can be secured from the post office at Cumber or from the U. S. Civil Service Com. at Washington, D. C.

BOTH SURPRISED.

Old soldiers and their wives came to the home of Mr. and Mrs. Abel Koppelberger Saturday just before the dinner hour, bearing baskets well filled, and the ladies assisted Mrs. Koppelberger in preparing a birthday dinner in honor of J. R. Lewis, a veteran from Deford, and Miss Flossie Koppelberger. In the afternoon a short program was given and addresses were given by J. W. Fenn and D. P. Deming. Mr. Lewis was 72 years of age and Miss Flossie, his granddaughter, was 15. The event was a happy surprise for both of them.

BROKE BONE IN LEG.

Daniel Duncanson, who is teaching in the Holbrook School, a private institution at Ossining, N. Y., was so unfortunate last week as to have one of his legs broken just above the ankle. The accident occurred while playing foot ball. Dan is coaching the boys in that sport and when one of the lads tackled him he fell in such a manner as to break the bone. His mother received the news Monday and in his letter Dan said he expected to be about on crutches within a few days.

HAD PRAISES FOR NEW RAILROAD

MADE TRIP OVER D. & H. THURSDAY.

Members of State Railroad Commission Pleased Over Excellent Condition of Road.

C. S. Cunningham, member of the state railroad commission, and James Bice, chief inspecting engineer of that body, made a trip over the new Detroit & Huron R. R. last Thursday in General Superintendent Gillen's car.

The railroad commissioner and the engineer were liberal with their praises over the excellent condition of the new railroad and had no criticism to offer regarding it to General Supt. Gillen or F. A. Vincent, in charge of the construction work, who were members of the party.

The telegraph line along the D. & H. between Cass City and Bad Axe is nearly completed and a spur from the new road is laid to the P. M. tracks at Bad Axe. Connection of the two railroads will probably be made as soon as ordered by the railroad commission.

BABY DROWNED

Child of Butter Maker Fell Into
Pail of Water.

A peculiarly sad accident occurred at Unionville Wednesday morning, says the Unionville Crescent, when Donna Fay, the nine months old babe, of Mr. and Mrs. M. W. Thorpe, fell from bed into a pail of water that had been set there a few moments before. Mr. Thorpe had been playing with the baby before breakfast and the eldest child put the baby on the bed while they ate the meal. Soon after breakfast they went to the bed noticing the baby was quiet so long and found her dead in the pail. The family but recently moved to Unionville from Greenleaf. LOCALS LOSE TO HEAVY OPPONENTS

MARLETTE WON IN FOOT BALL
FRIDAY.

Local Boys, However, Put Up Brilliant
Game in Down-pour
of Rain.

On Friday last Coach Edgerton and his regulars journeyed to Marlette only to be handed the small end of a 18-7 score.

The game was hard fought from start to finish, being played in a steady down-pour of rain and on a yellow clay field. The condition of the field forbade anything except line bucking and in this Marlette had the advantage as they outweighed their opponents by an average of 18 pounds to the man. Cass City, however, showed great fighting spirit and were in the game from start until the final whistle. This is the first time that Marlette has been scored upon in several years on her home ground.

At the end of the first half, the game stood 6-7 Cass City. Bien kicking a goal for Cass City, a feat which Marlette failed to do in her three attempts.

In the second half Marlette used several subs with dry suits which greatly helped her attack.

Marlette plays a return game here on Nov. 7. Cass City should be loyal to the team and be there to support them as the coach and boys all expect to turn the trick and put Cass City on the big end of the score, a feat which has not been accomplished since 1907. Everybody out Nov. 7.

ITEMS OF INTEREST FROM NEAR-BY TOWNS

FIRE BUG BURNS BARN AT
BROWN CITY.

Carsonville Starts Work on New
Electric Lighting System;
Other Items.

One hundred forty-five new members were received into the M. E. church at Caro during the services last Sunday.

Herman Grassmann has closed a deal with the Thumb Creamery Co., whereby he purchased the Sebewaung creamery outfit.

C. M. Beaver of Elkton, who plead guilty in the U. S. court in Bay City last week to sending obscene matter through the mails, was sentenced to the house of correction in Detroit for 60 days.

The Presbyterian church congregation at Vassar took a vote which resulted in a call being extended to Rev. Arthur Walker, Rev. Mr. Walker accepted the call, and will begin his pastorate in the Vassar church in two weeks.

Dr. R. E. Watkins of Vassar shipped 5,000 teeth, which he has extracted, to the Northwestern university, of Chicago, which will be used by the students in the study of the anatomy of the teeth and to practise for drilling, filling, etc.

Geo. McElroy of Brown City suffered a heavy loss when his barn containing the season's crops went up in smoke. The fire was discovered at midnight and it is thought that it was the work of a fire bug. The loss is estimated at \$2,000 with insurance for half that amount.

Dun & Crawford Company have their men on the job getting the lines in for the electric lighting system at Carsonville. The poles are being trimmed and set and a number of the business places and private residences are being wired and fixtures placed. The foundations are completed for the engines and dynamos, which are expected to arrive any day.

George W. Hobbs, son of Mr. and Mrs. Wm. B. Hobbs of Deckerville has been appointed to a position in the engineering department of the Wisconsin State University. Mr. Hobbs is a graduate of the M. A. C. engineering department and for the past few months has been in the employ of the mechanical department of the Weston-Mott Co. at Flint, Michigan. He will assume his duties of his new position at once.

Robert Dilsworth of Sebewaung, 20 years old, is in a precarious condition, as a result of a hunting accident. By carelessly grabbing his gun by the muzzle when a flock of ducks

flew over his boat, the weapon exploded, the discharge striking him under the arm. He stands an even chance for recovery, but his arm will be useless, doctors say.

Albert Campbell, aged 10, living near Beuna Vista, shot and seriously wounded Albert Cheney, 61 years old, Sunday morning. Mr. Cheney had trouble with his wife, who is only 24 years old, and she sought protection in the Campbell home. Cheney called for his wife, an argument resulted and young Campbell, fearing violence took it upon himself to protect the woman, shooting Cheney in the right leg, which later had to be amputated.—Vassar Pioneer.

Walter A. Williams of Sandusky, who had charge of the machinery exhibit at the State fair this year, states that most of the officials of the association are in favor of continuing the fair four days more in the future, thus giving a ten day exhibition instead of six as at present. The first six days will be given to the fair proper and the remaining time will be given over to auto and motorcycle racing. It is also proposed to change the time of this fair to the last week in August and the first week in September.

One of the largest family gatherings or celebrations that ever took place in Tuscola county was that of Mr. and Mrs. Albert Webster of Watrousville, when hundreds of relatives, neighbors and friends helped them celebrate the golden anniversary of their wedding day. Invitations were sent to over two hundred families, or about twelve hundred people in all, and the majority accepted. Mr. and Mrs. Webster have reached the ages of 75 and 76 respectively, and are still hale and hearty, as was evinced at the celebration. They were both born in New York, were married there and moved to this country forty years ago.

Marlette is to have an ideal baseball park to take the place of the school grounds where games have been played in the past few years. After the close of the baseball season this year it was seen that the boys would have a nice balance in the treasury to add to some money that was left from last year. Then a couple of home talent shows had left another fund so that with this money as an inspiration it was decided to go after a complete new plant and a committee consisting of D. C. Merrill, Miles Smith and Dr. Forshee was appointed by the business men's association to raise funds to bring the total up to a point where it would provide for buying land and also equipping it complete with grandstand and fences. The new park will be located one block east and one block south of the schoolhouse.

Surveyors and engineers will rush the work of making preliminary surveys and diagrams preparatory to erecting the buildings for the new epileptic colony at Wahjamega. Because a proper place has not been provided previously about 500 epileptics are now housed in the state hospital at Lapeer. As soon as possible they will be taken to Wahjamega.

It was Unionville, Ct., to which Maria Cencek, the young Slav girl now at Unionville, Mich., was bound, when she landed in this country recently, with a card bearing the address "For Gab Manyak, P. O. Box 26, Unionville, North America." It was learned here that there was a Gabriel Manyak with postoffice box 261, living there, and when he was found at his place of employment he said the girl was his niece, and that he and his family had been expecting her.

WOULD HELP FARMER TO GROW ALFALFA

M. A. C. OFFERS TO SEND REPRESENTATIVE HERE.

Would Assist Farmers in Picking Out
Fields and Discuss Preparation
of Seed Beds, Etc.

Farmers in this community who are interested in alfalfa growing may secure the co-operation of the Michigan Agricultural College. This is done by the organization of an alfalfa club of 10 or more farmers. In this work the College would send a representative to give a talk on alfalfa growing, and while here, he would spend two or three days driving around to the farms of all the members, assisting them in picking out suitable fields and discussing the preparation of the seed bed and liming, etc.

Another source of much assistance to the farmer is the Michigan Experiment Association which is organized for the purpose of conducting local crops experiments, mainly along the line of better varieties for local conditions and also for the purpose of growing pedigreed seed for sale. If a number of farmers are interested in this work arrangements can be made for some one from the College to come and explain it more fully.

YOUR TOWN.

More towns die for want of confidence on the part of business men and lack of public spirit than any other cause. When a man in search of a home or a business location goes into a town and finds everything brim full of hope and enthusiasm of the prospects of the place, and all earnestly at work to build it up, he soon becomes imbued with the same spirit, and as a result he drives down stakes and goes to work with the same interest. When, however he goes to a town where every one expresses doubt and apprehension for the future prosperity of the place, moping about and indulging in mournful complaints he naturally feels that it is no place for him, and he at once shakes the dust off his feet while he pulls out with all possible speed for some other place. Consequently try and make a live, enterprising town out of the town in which you live. When you are working for or saying a good thing for your town you are accomplishing all the more for yourself.

WILL PUSH PLAN TO MAKE STATE DRY

NO TROUBLE ANTICIPATED IN
SECURING SIGNATURES.

Plans to Secure Necessary Number
Discussed at Annual Meeting
of Anti-Saloon League.

Though Oct. 15, was the date set for the delivery to Supt. J. Frank Burke, of the Michigan Anti-Saloon league, of petitions initiating a constitutional amendment to make Michigan a dry state, Mr. Burke did not expect that the number received would come anywhere near the requirement of 50,000 signatures.

"We have really made no campaign at all," said Supt. Burke. "We now have between 15,000 and 20,000 signatures, without having made any effort. A report will be made in the annual meeting of the league, in the Y. M. C. A. building at Detroit, Nov. 6, and plans will be discussed for a campaign to secure the necessary signatures. We have until next August to get them; we won't have a bit of trouble."

No definite figures regarding the number of signatures will be made public until a report is made in the annual meeting at which officers will be elected, the policy of the league discussed, and a superintendent chosen. Supt. Burke says that he does not expect many changes in the list of officers.

The annual meeting will discuss several matters which will come before the national convention of the Anti-Saloon league, which will be held in Columbus, Nov. 10-13. Many notable speakers will be heard in the convention, including Senator Kenyon, of Iowa, and McCumber, of North Dakota; Congressman Hobson, of Alabama, and former Gov. Hanly, of Indiana. Plans for a national prohibition amendment will be discussed, and the convention will decide what can be done under the Webb law, forbidding the shipment of liquor across state lines into dry territory.

Avoid Sedative Cough Medicines. If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. IMPORTANCE OF HEALTHY KIDNEYS.

Chronicle Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Cass City citizen's advice.

Mrs. David Tyo, Fourth St., Cass City, Mich., says: "About five years ago my kidneys became disordered and my back was very painful. The contents of two boxes of Doan's Kidney Pills, procured at Wood & Co.'s Drug Store cured me and I have had no return attack of my trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.41.—Adv.

Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.—Adv.

"All is Well That Ends Well"

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with

DR. PIERCE'S Golden Medical Discovery

an alternative extract from native medicinal plants, prescribed in both liquid and tablet form by Dr. R. V. Pierce, over 40 years ago.

More than 40 years of experience has proven its superior worth as an invigorating stomach tonic and blood purifier. It invigorates and regulates the stomach, liver and bowels, and through them the whole system. It can now also be had in sugar-coated tablet form of most dealers in medicine. If not, send 50 cents in one-cent stamps for trial box to Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Just Take Our Men's

Overcoats As A Basis Of Comparison With Overcoats Sold In Other Stores

A good way to get a line on the money-saving opportunities which result from buying clothes at Crosby & Son's is to make comparisons of overcoats at some particular price.

Take \$15.00 Overcoats for Instance

Go to any other store in the city and look at the overcoats you can buy for \$15.00

Note the quality of the cloth and linings and examine carefully the workmanship. Then come here and put our overcoats through the same course of critical inspection.

You won't need expert knowledge to see a big difference in favor of our Overcoats

You will find that our overcoats at \$15 are the equal of overcoats sold elsewhere at

\$18.00 to \$20.00

Motion and Heat.
 All visible motion when arrested becomes heat, even that of running water. If we take two pieces of solid ice and rub them together they can be heated by the friction until the melting point is reached. If we should pour water into an ordinary rotary churn and turn the crank the mechanical energy exerted against the water will be transformed into molecular energy, and the water will be warmed in proportion to the amount of mechanical energy expended.

The Rev. and Mrs. B. J. Baxter left on Wednesday for Holly to attend the marriage of their oldest son, William Gordon Baxter to Mary Eisenbrey Hyde. The wedding will take place this Thursday and will be a quiet event.—Lexington News.

The following is from the Imley City Record: As Rev. and Mrs. Gilchrist were returning from Webster cemetery Wednesday after the funeral of Mrs. Kenter their horse became frightened at a passing automobile when about two and one-half miles south of town and went into the ditch, with the result that the buggy was upset. Mrs. Gilchrist sustained a broken bone just above the ankle. Dr. McCausland was called and went to her assistance with his auto and brought her to her home here, where the fracture was reduced and she was made as comfortable as her injuries will permit.

The following paragraph is taken from a report of the first meeting of the Elkton Study Club printed in the Review: "An exceptional treat was prepared for the thirty ladies in attendance, by way of a lecture on Social Economics by Miss Auten of Cass City, a graduate of Columbia College. Miss Auten gave a chafing dish demonstration of the preparation of the foods she talked of. All members agreed it was the most instructive and interesting feature the club has witnessed. Miss Auten was followed by Mrs. Knapp of Cass City, who talked along the line of general club work. One point she made, especially appealed to all—namely, that none of us are sufficient to ourselves. We are, in a way, dependent upon one another, therefore we cannot afford to be selfish, but should enter into any work for improvement and give the best that is in us to that work and to the friends we mingle with."

Mrs. Edward Gingrich is visiting at the home of her parents at Elkton. Edward Gingrich was a caller in Elkton the first of the week.

Read the ads. They contain a message for the careful buyer.

The Chronicle is indebted to Wm. Day of Gageton for a fine rosy cheeked apple weighing one pound and measuring 14 inches around. This specimen has been on exhibition in the Chronicle window for several days by the side of a pumpkin which is smaller than the apple. Oh, yes, the Thumb country can raise some fruit!

Frank Pettit, for the past seven years P. M. station agent at Ubyly, has accepted a position with the Minneapolis, St. Paul & Sault Ste. Marie R. R., known as the "Soo Line" and is stationed at Russell, North Dakota. Mr. and Mrs. Pettit will be greatly missed in church and lodge circles at Ubyly where they were actively engaged and leaders in the societies.

Mrs. E. H. Pinney and Mrs. Helen Wixson were in Caseville Tuesday to attend the funeral of their friend, Mrs. Thos. B. Woodworth. Services were held in the M. E. church and were largely attended. Mrs. Woodworth has for many years been a respected resident of Caseville and business houses were closed during the funeral hour. She was the widow of Thos. B. Woodworth, who preceded her in death 10 years ago. She leaves one daughter, Miss Gertrude Woodworth of Caseville and three sons, Philip Woodworth of Chicago, Paul Woodworth, an attorney at Bad Axe, and Fred Woodworth of Caseville, a member of the state senate.

All roads will lead to Cass City the first week in November. Watch for particulars in the Chronicle next week.

Word has been received of the death of Mrs. P. R. Weydemeyer, at Portine, Montana, on Wednesday, Oct. 15. Mrs. Weydemeyer was one of the pioneer residents of Cass City and will be well remembered by most of the older inhabitants. Her husband was one of the first merchants in Cass City, having in 1869 been a member of the firm of Weydemeyer & Laing, who conducted a general store here until 1877 when J. C. Laing purchased his partners' interests.

Mr. and Mrs. C. H. Mellon and son, Floyd, are preparing to move to Pontiac where Mr. Mellon will again enter the confectionery business. They have made many friends in Cass City and regret leaving, but since Mr. Mellon has sold his business here he has been like a fish out of water and anxious to get back into business again. He has purchased property in that city and prospects for a large business look good to him. Mr. and Mrs. James Greenleaf of Cumber have rented the residence now occupied by the Mellon family.

Postmaster Corkins informed the Chronicle yesterday that the post office department had ordered an official exchange box placed at the point where Rural Carrier No. 5 from Cass City and the Carrier from the Cumber post office meet. Carriers will be provided with keys and mail going between these two points will be delivered in the exchange box by one carrier and picked up by the other, thereby insuring a quicker delivery. At present, mail sent out from Cass City to people eight miles east of town who get their mail from the Cumber carrier, goes south on the Grand Trunk to Clifford, thence east on the P. M. R. to Pt. Huron, then to Tyre and from this point is sent by stage to the Cumber postoffice.

"What's the Matter with Los Angeles" is the heading of an article prominently displayed in the Los Angeles Record, the third largest daily newspaper of that city, a copy of which reached the Chronicle through the kindness of J. W. Blades, formerly of this place, but now a resident of Los Angeles at 759 1/2 Crocker St. Nothing is the matter with that city in the opinion of the real estate man, the railroad man, the banker, the tourist, the pleasure seeker, the booster. "And they all unite in one grand chorus," says the Record, "which says that Los Angeles is booming; is the greatest city in the world, and that everyone who can possibly raise the price to get here should hasten to make the journey to this city. But—all these folks—some of them wilfully but more because they do not look below the surface—are blind to the fact that there are in Los Angeles today hundreds of men and women without work, men and women who walk the streets from early morning until late at night, looking for work, any kind of work, but looking in vain. And work is necessary—so necessary to these folks, for all too many of them do not know where the next meal is coming from. Another fact that is ignored—sometimes wilfully, sometimes ignorantly—by those who see nothing the matter with Los Angeles is that in addition to the hundreds of men and women without work there are other hundreds—yes, thousands of men and women in Los Angeles today, existing in a hand-to-mouth sort of way because, in order to hold their jobs at all, they are obliged to work for a wage so small that it will barely buy some of the necessities, let alone any of the comforts of life. Still another fact that is not dwelt upon at any length is that more men and women, with little or no money to live on, but sort of hypnotized by the glowing descriptions of Southern California found in railroad folders and some of the other advertising that goes back east, spend their last few dollars for a ticket and are arriving in Los Angeles every day. And when they get here they find that folks have to work for a living here just the same as anywhere else and that work at a fair wage is mighty scarce."

Mrs. Berkeley Patterson and daughter, Margaret, of Detroit came Monday to visit at the home of James Tennant.

Mr. and Mrs. C. W. Campbell and daughter, Margaret, of Detroit came Thursday to visit at the home of C. E. McCue.

Mrs. A. E. Ratz returned to her home in Tavistock, Ontario, Saturday after a week's visit at the home of Henry Wettlauffer.

The Woman Workers of the Baptist church were entertained at the parlors Tuesday afternoon. A five o'clock supper was served.

The Priscilla Club initiated several new members Tuesday evening and if any young lady is seen performing strange feats, one may decide it is one of her initiation stunts. The company met at the home of W. T. Schenck on West Main street where the new members were blindfolded and picturesquely decorated and taken to view the city. While on this jaunt some of the new members became so hilarious that they went dancing and hopping down the main thoroughfare. Finally the crowd arrived at Middleton's where the regular members enjoyed a rare treat but the new members were given some things to eat which questioned as to their reliability. While here these victims discovered for the first time that their faces had taken a dark hue. In a short time the company started on their rambles again and the new ones proved themselves very apt at fence climbing but were very much frightened when obliged to walk a plank laid across Cass river. In due time they arrived at the home of P. S. McGregory where the more serious part of the initiation was performed and refreshments were served.

HOW TO DRAPE WINDOW CURTAINS IN NEW WAY.

A new way of draping bedroom curtains of sheer and soft thin materials like casement cloth, cotton voile, marquisette or net is to hang a single width at each end of the pole and let it fall in straight folds to the floor. The hooks supporting these straight widths occupy about one-third of the space at each end of the pole, and next to them are suspended two double widths of material, both of which are hooked back at the window sill, but while at the top one of these widths falls naturally the upper inside corner of the other width is brought forward to overlap the first one and hooked to the pole within three inches of the end width's inside edge.

Finally several feet from the pole at the opposite side of the window this overlapping curtain is partly caught back by a narrow ribbon or twist of silk starting from its own end of the pole. The lap over fills in the space at the top of the window, which draped back curtains always form, and it is less stiff in appearance than is the short width of curtaining sometimes employed to obviate the abrupt break at the center of the window pole.

TIMELY RECIPES.

How to Use the Always Popular Oyster.

Oyster Salad.—Ingredients: One pint of oysters, two cupfuls of celery cut into half inch pieces, one teaspoonful of Worcestershire sauce, one small head of lettuce, one tablespoonful of chopped parsley, two tablespoonfuls of chopped boiled beets, French dressing.

Wash and drain the oysters, put them into a pan with a little water and cook them until the oysters are plump. If the oysters are large cut them into four pieces, add the cut up celery to the oysters, pour over them French dressing, which has been made with three tablespoonfuls of good olive oil, one tablespoonful of vinegar and half tablespoonful of tarragon or any other kind of vinegar, a pinch of red pepper, half teaspoonful of salt, quarter of teaspoonful of sugar. Put this dressing into a bottle and shake it well, or mix with an egg beater. Serve on lettuce leaves and decorate with the chopped parsley and chopped beets.

Oyster Cocktail.—Ingredients: One pint of small oysters, twelve tablespoonfuls of tomato ketchup, three tablespoonfuls tarragon vinegar, two tablespoonfuls of Rhine wine, juice of one lemon, salt to taste.

Serve this very cold in cocktail glasses with quarter of a teaspoonful of chopped mustard pickle on top of each portion.

Oysters With Noodles.—One pint of oysters, one pint of boiled noodles, one cupful of sauce, half cupful of rolled crackers, quarter cupful of butter.

Boil the noodles until tender in water that has been salted. When they are cooked drain off the water, then pour cold water over them (this keeps the noodles from sticking together). In a well greased pudding dish place the oysters which have been drained, then add the noodles, cover this with a sauce which has been made with quarter of a cupful of the oyster liquor, three-quarters of a cupful of milk, two tablespoonfuls of butter, two tablespoonfuls of flour, quarter of a teaspoonful of pepper, half teaspoonful of salt. Sprinkle with the rolled crackers and pieces of butter. Bake until the cracker crumbs are brown. This is suitable for luncheon or supper and makes a good entree.

\$100 Reward, \$100
 The readers of this paper will be pleased to learn that there is at least one able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BEAULEY.
 Mrs. Jno. Moore is still quite ill. Mrs. Frank Reader leaves Wednesday for Oshawa, Ont., to spend a few days with her mother, Mrs. Jno. Jeffery, and other friends.
 W. J. Moore is quite sick at the home of his parents, Marvin Moore.
 Mrs. Eva Maharg spent the week end with friends in Beaulieu.
 Grant McIntosh is slowly recovering from his severe illness.
 On Wednesday, Oct. 23, there will be a lecture in the Beaulieu church on the costume, manner and scenery of England, Scotland and Ireland given by Isaac Little. Refreshments will be served. This is for the benefit of the Epworth League. All come and have a good time.
 Mrs. W. L. Ward of Romeo was in Beaulieu Sunday in the interest of the W. H. M. S. and gave a splendid address on tithing which she very ably handled. We believe every one present enjoyed it and hope that it will do good along that line. We should all remember that one-tenth belongs to God.
 Too late for last week.
 Everybody around Beaulieu is enjoying these beautiful autumn days and are making good use of them.
 Mrs. John Moore has been quite sick the past week, but is slowly gaining.
 Mrs. Frank McCauley has just returned home from Bryceton, Sask., after a two months' visit with her mother.
 Frank Holschoe visited at the Faist home at Kilmanagh over Sunday.
 E. Reader spent Tuesday with his daughter, Mrs. W. Harder, of West Grant.

We are sorry to learn that Martin Johnson is going to leave our neighborhood. Their friends to show their esteem and appreciation pleasantly surprised them at their home last Friday evening. They spent an enjoyable evening in singing, conversing and playing games, after which they partook of a nice supper. Then the friends before leaving presented Mr. and Mrs. Johnson with a beautiful \$20 Axminster rug. Our best wishes of happiness and success follow them to their new home.
 Mrs. MacComb visited at her home Tuesday.
 Mrs. Jane Heron has been very sick the past few weeks.
 Mrs. C. E. Hartsell spent a few days at her parental home.
 John Moore went to Bad Axe Tuesday to attend the board of supervisors meeting.
 Mr. and Mrs. George Hartsell and Mr. and Mrs. H. Dulmage visited at H. Smith's home Sunday.
 Mr. and Mrs. F. Reader called at the home of John Moore Sunday evening.
 The Ladies' Aid met at Mrs. Peacock's last Thursday and about 35 partook of a lovely dinner.

Keeps Your Stove "Always Ready for Company"
 A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used.
 Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

BLACK SILK STOVE POLISH
 on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."
LIQUID OR PASTE ONE QUALITY
 Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using **BLACK SILK AIR-DRYING ENAMEL.** Brush free with each can of enamel only.
 Use **BLACK SILK METAL POLISH** for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

There is a time in most boys' lives when humiliation is the only medicine for them. Schooling, good advice, prayer, etc., are lost on the critters about the time they begin to swear systematically. But take the pants off them and force them

to wear petticoats for a year and a half and you would see a meek and humble youth.

Friday, the 17th, was a rainy day and James Valentine and John McCracken had husked corn 'till their little hands were sore. So they hiked to the Polly Ann and paid good money to be ushered up the rails to Black's store near Pigeon. Alighting from the train they found themselves still a mile away from Black's Castle. Mc is a ruralite and proposed to hoof it but James declared he would "phone" the Merchant King to send a coach and four that the arrival might be made in royal splendor. So the King was told over the wire that would be purchasers were prancing on the soil a mile distant. But behold the king heard them not for no chaise came near and then commenced their tramp to the far famed spot. The place when reached reminded them of the description of the dark abode and they went home sadder but wiser men without ribbons or hosiers.

Greggor, who have returned from Alberta, are spending the winter with their uncle, John Duffield.

"Here We Have It!"

"The Best Medicine made for Kidney and Bladder Troubles."

ROCHESTER, N. Y., Mrs. M. E. H. - living at 4 Argyle Street, writes: "I have been bothered with kidney trouble and doctoring did not help my condition in the least. I gave Foley Kidney Pills a thorough trial and they have entirely relieved me of this long standing trouble. I can not recommend their use too highly."

M. MAYER, 122 Weld St., says: "I suffered from a bad case of kidney trouble. I started using Foley Kidney Pills and their prompt effective action eased my pain, and put new life and strength into me. I am completely cured and feel better and stronger than I have for years."

Did You See the Estate Hot Storm "In Action?"

"SOME STOVE" was the remark heard everywhere last Friday among the crowd of people who attended our sidewalk demonstration of the Estate Hot Storm. Several people thought so well of the stove that they placed their orders on the spot.

To those of you who are unable to come down to the demonstration, we want to extend an invitation for a private demonstration at any time. Come in and see this remarkable stove; we'll gladly explain its construction to you; and we'll fire up, if you say so.

THE Estate HOT STORM

---the Stove with a "Little Furnace" in it is radically different than anything you have ever seen in the heating stove line; and so much more powerful that it cannot be classed with any ordinary heating stove. It combines the duties of both a stove and a furnace; heats by radiation, from every inch of its great surface; warms the floor just as efficiently as any base burner; and in addition, circulates continuously a wonderful volume of pure and intensely heated air.

Note Carefully This Fact!

NO extra fuel is required to feed the little furnace. The hot air which it distributes is that which in the ordinary stove is shot up the chimney and wasted. The volume of this hot air has been proven by careful tests to be from 50 to 75 per cent. of all the heat generated from the coal.

Before you buy a new heating stove of any kind---before you set up your old stove---investigate the Estate Hot Storm. We are the exclusive agents in this section.

SCHOOL NOTES.

Did you notice the woebegone expression on their faces? Test I'll bet.

The high school is enjoying fine marches this week played from the Etude by the Misses Fritz and Stockmeyer.

Chapel exercises Monday morning under the management of the freshmen. Miss Madeline Auten gave an excellent lecture on New York City, which she made most interesting by pictorial pictures of noted buildings.

The high room was very quiet (?) last Friday on account of the absence of the ball boys and a few who "skipped." The team played Mariette at that place.

Even tho' they did lose, they lost victoriously. We feel confident that when Mariette comes here November 7, we will win the day. In spite of the rain a large number of high school students were down to see the boys off; and we hope it was the cheering and the crowd that helped the boys in their splendid playing.

Watch out—for the score from Friday's game with North Branch.

Heard coming from rhetoric: "How many goose eggs have you?" Miss Pell says the freshmen could teach the juniors and seniors a few things relating to order. Wonder what it could be?

Mr. Edgerton in physiology—"Who can find their pulse?" No one could. Mr. E—"Well that's easy." But it took him five minutes to find Miss R's.

If Dutch wants to know what fresh man girl thinks he looks like one, he may do so by looking towards the freshman side the third hour in the afternoon as she is always gazing at him during that period. "Girls are attractive sometimes."

We hate to believe it but it sounds very much as though there was a dog in Geom. XI the other day.

Miss N. in rhetoric—"Mr. Schmaus I wish you would be more careful of your emphasis. You know, it is said that foreigners have difficulty in using emphasis." Surely she didn't mean to imply that Earl is a foreigner.

The high room was much surprised to learn that Mr. Parker had developed a talent for singing. Discoverer, Mr. Edgerton.

Miss N—in Anc. history—"Mr. Striffler tell us a current event." Mr. S—"Why, the Philadelphians of the American League won the base-

ball championship." Miss N—"Well, I am glad the Americans won over the foreigners for once." First time we ever knew New York was a foreign nation.

Anybody wishing to know the revised spelling of various words in physiology just inquire of Mr. Edgerton. He has quite a list.

CEDAR RUN.

Mr. and Mrs. Charles Hammond and daughter, Oneita, went to Ann Arbor Friday to visit Mrs. Hammond's mother, Mrs. Tenet. They returned Monday.

Miss Ethel Hartley visited Miss Evelyn Dickenson Sunday.

Mr. and Mrs. Thomas Wood visited at Wm. Burse's and Arthur Willson's Sunday.

Mrs. Katherine Walters and granddaughter, Miss Catherine Crane, went to Caro Wednesday to spend a few days with Mrs. Walter's daughter, Mrs. Thomas Welch.

Mr. and Mrs. Robert Wilson and Mr. and Mrs. Henderson and children were the guests of Mr. and Mrs. Isaiah Waidley Sunday.

Mrs. Margaret Hendrick is the guest of Mr. and Mrs. Isaiah Waidley this week.

Mrs. Herbert Houghton and four children went to Argyle Monday to visit Mrs. Houghton's sister, Mrs. Herbert Willson.

Calvin Hiser visited with Jay Hartley Sunday.

Miss Ellen Houghton visited with Miss Florence Crane Sunday.

Mr. and Mrs. Arthur Flynn visited at Jas. Belknap's Sunday.

WICKWARE.

Mr. Pickering of Wilmot visited with Mr. and Mrs. Homer Johnson one day last week.

Jas. Turner of Elmwood has come to spend the winter at Robt. Brown's.

Mr. and Mrs. Guy Watson spent Sunday with friends at Mooretown.

Mr. and Mrs. H. Johnson spent Sunday at Wilmot with Mr. and Mrs. Will Burman.

It seems natural to have the Wickware store open again. Our new store keeper is Mr. Hilliker of Pontiac.

Mrs. James Brown is spending a week with her son in Detroit.

J. Gibbons was called to Birmingham one day last week on business. He expects to return Wednesday.

Mr. and Mrs. Steve Dodge of

Elmwood are moving in with Eugene Hartwick this week.

Herb Gibbons has completed a wall for Walter Wolf.

NOVESTA.

Mr. and Mrs. D. Livingston and two children visited at A. Muntz's Sunday.

Miss Meade expects to attend the State Teachers' Association in Ann Arbor Thursday and Friday.

Novesta's highways are all torn up. There are six bridges out at present on account of the ditches that are crossing the highways. Some have to take some long drives to get to Cass City.

A. Livingstone of Greenleaf is visiting at D. Livingston's and other friends here.

Mrs. Maggie Cushman of Battle Creek is visiting her sister, Mrs. D. Livingston.

British Lighthouses.

The British coast is so well protected with lighthouses that if a ship sailed right round England, Scotland and Ireland by night only on six occasions would it be where it could not see the light of a lighthouse lantern.

Economy Hints

A penny saved is a penny earned.— Benjamin Franklin.

How to Practice Stocking Economy.

"Silk stockings are a necessity in these days of the slit skirt. The woman who has little to spend on her clothes can have them without any feeling of extravagance if she does as I do—wash them herself," says a woman who has to economize strictly.

"It's perspiration and dust that wear out stockings more than actual foot wear. I never wear a pair of my small supply of silk stockings for the street more than a few times, and if I wear a pair on a warm, dusty walk I change for a fresh pair. Just as soon as I change my stockings I wash them out. You cannot think how long I have made a set of three pairs of not expensive quality last by doing this.

"Stockings tucked into the soiled clothes bag to wait there for the weekly wash suffer from the corroding effects of dust and perspiration.

"It just takes a minute to wash out your stockings. I do it now without even regarding it a chore. It has become second nature. I find that this personal care of one's stockings saves them in another way, for one is more mindful to mend the wee holes that so soon become big ones, which one is prone to disregard if the stockings go to the general wash.

"The silk stockings with cotton soles are a boon to economizers like myself. These I use for street wear. One can get them very reasonable now.

"I find that silk undervests are also not an extravagance if dealt with the way I deal with my silk hosiery."

HOW TO CHOP UP CITRON.

Woman's Versatility Gets Another Chance to Assert Itself.

"Woman's versatility was proved to me the other day by my wife," declared Mr. Newlywed.

"She was preparing the ingredients for a mixture which she intended to bake into a cake guaranteed digestible. Only one thing was needed to make the mixture complete. That was the citron.

"There was a supply of citron in the pantry, and my wife took down some of it and set me to work cutting it in small pieces. Armed with a small vegetable knife, I set to work cutting the pieces into squares. When I accomplished this my idea was to cut the squares into smaller pieces and gradually reduce the pieces to the required size.

"It was an arduous task. The citron either stuck to the knife or the cutting board, and I was forced to stop and remove a tiny piece from the knife before attempting to cut a larger piece. It was necessary to be extremely careful for fear the knife would slip and cut my hand.

"Just when I thought I was getting along gloriously my wife decided that I was taking too much time to do the work. I explained it was slow work because of the difficulties stated above.

"Well, I'll find a quicker method," she said. I thought that was impossible. She reached into the cupboard and took out the meat chopper, attached the machine to a ledge and threw it into the pieces of citron. Then she set me to turning the crank, and, behold, the citron came out the other end ground evenly and finely. The work consumed about five minutes. Who but a woman would have thought of such a scheme?"

How to Dry Handkerchiefs.

Don't continue to dry pocket handkerchiefs on your toilet table's mirror, Miss Furnished Roomer. To launder one's mouchoirs is a laudable economy, but to paste them while wet upon the vanity side surface of a mirror always blurs and occasionally breaks it, and the latter misfortune brings seven years of bad luck to the superstitious transgressor of lodging house rules. Moreover, they can be dried more smoothly and more quickly on the sides of the bathtub. After the tub's enamel has been thoroughly scrubbed place the sopping wet handkerchiefs flatly against it and spare no pains to strike the corners of each square of linen so that they will firmly adhere. They'll dry in a few moments.

Egg Soup Is Cheap.

Egg soup is most nourishing, and those who do not care to eat eggs cooked in any of the usual ways may benefit by having them in soup; Three eggs, three pints of stock, one tablespoonful of flour, pepper and salt.

Mix the flour to a smooth paste, add it to the stock, leaving it to boil for a quarter of an hour. Beat up the eggs and mix them gradually with a little stock, then add them to the soup, stirring carefully for a few minutes, but taking care that the soup does not boil, as this would curdle it. Serve with little sippets of fried bread.

How to Dry Clean White Hair.

Lay some absorbent cotton over the bristles of a wire hairbrush, pushing it down until the bristles penetrate the cotton and it lies close to the back of the brush. A few strokes of this over the hair will show how large a quantity of dust can be taken up by the cotton, leaving the hair bright, soft and clean. Do this every night.
