ENCOURAGEMENT.

It is oftentimes the wiser plan to encourage a man by commending his good qualities than to risk discouraging him by harping upon his defects. Nothing is more embarrassing to any one than to be assured of his weakness, nothing more injurious to his character than to be constantly reminded of its defects.

Balance. The world is perfectly balanced. For every hour of darkness there is one of light, for every full tide a corresponding ebb, and for every question there is somewhere an answer.—A Weaver of Dreams.

WHEN YOU'RE SICK YOUR WAGES STOP You know what that means—misery—worry—big bills—debt! You know you can't afford to get sick. Keeping in good health means food and clothing for you and your family. It is up to you to take care of yourself. It is up to you, whenever you don't feel right, to take something to make you right, to strengthen—protect you and your family. That thing we have in Rexall Olive Oil Emulsion. In offering it to you, we protect you against money-risk, by personally promising you that, if it does not restore your health, we will give back your money without word or question. We believe it is the best builder of health, energy and strength you can get. It is helping many of your neighbors. If it don't help you, we will give back your money. Rexall Olive Oil Emulsion is composed principally of pure Olive Oil and the Hypophosphites. Each has long been endorsed by successful physicians. Here they are for the first time combined. The result is a remarkable nerve, blood and strength-building remedy that is both food and medicine. For all who are nervous, run-down and debilitated—no matter what the cause; for old people; for convalescents; for young children, we know of nothing that will give health and strength as quickly as Rexall Olive Oil Emulsion. It is a real builder of good blood, strong muscles, good digestion. Pleasant to take, it contains no alcohol or habit-forming drugs. If you don't feel well, economize both money and strength by beginning today to take Rexall Olive Oil Emulsion. Sold only at the Rexall Stores, and in this town only by us. \$1.00. L. I. Harry Freeman is home from Detroit to spend a couple of weeks with his parents, Mr. and Mrs. P. Bartholomy.

Mrs. R. Case went to Detroit last Wednesday to visit her daughter, Mrs. A. Moden; also will visit Mr. and Mrs. P. Case at Royal Oak before her return home.

The musicale given by St. Agatha's music pupils last Wednesday was largely attended and every member was heartily applauded.

Miss Maud Quinn, who has been employed at the bank at Deford, has resigned her position at that place and intends going to Kalamazoo in the near future.

The box social given by the high school at the home of Mr. Beckett for the benefit of the basket ball team was well attended. Proceeds amounted to \$28.00.

A public reception was given in Echo Hall last Tuesday evening in honor of Miss Lizzie Quinn and Mrs. A. Parsell, who left on Thursday for Detroit, where the ladies have rented a rooming house on Woodward Avenue. Cards and dancing were the amusements of the evening. Their friends regret their departure but wish them well in their new home.

Fred Lesperance, a farmer about 50 years old living south and west of town, died last Thursday morning. He had been in Canada visiting relatives and friends but a week previous to his death. He was sick but a few days with appendicitis when death ensued. Funeral was held from St. Agatha's church Monday morning and burial made in that cemetery.

CUMBER.

Is it any wonder that Arthur Mardlin is wearing a smile these days—the kind that won't wear off. It is another boy.

Mrs. John Lowe was called to Deckerville last Wednesday to attend her brother, who is ill.

Mrs. Geo. Lapeer slipped on the ice last Wednesday and badly fractured her right arm.

Mrs. Henry Rudolph of Walkerton, Ontario, is spending the winter with her daughter, Mrs. Frank Erving.

John Pratt of Caro has rented the farm of Robert Spears and has taken possession.

Mr. and Mrs. Charlie Lowe, accompanied by Geo. Hiller, left Wednesday of last week to attend the funeral of Mrs. Lowe's mother at Tona-wanda, N. Y.

Ellston Clark, formerly of Cumber but now of Sandusky, has rented Geo Hiller's farm and will take possession about March 10.

William Malloy returned from Caro a short time ago where he spent the latter part of the fall and early winter working at the sugar factory.

Michael Schiestel was in Sandusky last week looking after the interests of the state Grange in this section.

The literary class of the Cumber public will give a dialogue in four acts in the near future under the able directorship of their teacher, Miss E. Graham.

Miss Clara Gibbert is spending a few days in Minden and Deckerville visiting friends.

Some of the farmers in this locality have been making good use of the sleighing getting sand drawn for two new barns in this section which will be erected this coming summer.

Mrs. Buckley is spending a few days with Mrs. John Pettinger before leaving for Canada.

Green Plants.

The green of leaves is due to a coloring matter named chlorophyll, which has the peculiar property when acted upon by the (to us) invisible ultra-violet rays of the sunlight of separating the carbon dioxide in the air into its component parts, oxygen and carbon. The plant absorbs the carbon and the leaves exhale the oxygen.

Retribution.

Mrs. Peckhem—Henry, do you believe that people are punished right here on earth for their sins? Peckhem—I certainly do—that is, if marriages are really made in heaven.—Chicago News.

Feline Sense of Smell.

Cats can smell even during sleep. If a piece of meat be placed immediately in front of a sleeping cat's nose the nostrils will begin to work as the scent is received, and an instant later the cat will wake up.

Why Jackson Fence Lasts Longer

Because it is made of Hard Drawn Wire; guaranteed FULL GAUGE; thoroughly galvanized with pure commercial zinc. The method of construction used in its making is beyond the experimental stage, its perfection and mechanical accuracy is established. Cross bars, knots, and laterals are of the same size wire insuring uniform life. The lock or tie is compact, smooth and will not slip, at the same time allows sufficient play for the fence to adapt itself to uneven ground, hence

Jackson Fence
Guaranteed Full Gauge Hard Drawn Wire

LASTS LONGER and gives absolute satisfaction. It's a fence that's remarkably strong—extremely rigid—affords the utmost protection—not affected by rain, snow, or cold—won't sag, easily adjusts itself to uneven ground—economically erected, wears indefinitely—always retaining its shape and successfully resisting the most severe strains put upon it.

Northern Michigan Grown Seed Beans

BEANS in this part of the state were so badly damaged last season from blight and rust, we have purchased a carload of Northern Michigan Grown Seed Beans. These beans are free from rust and blight. Farmers who purchased this seed last year got from ten to fifteen bushels more beans to the acre than those who used home grown seed, in some instances receiving \$25 to the acre more for their beans than their neighbors who used home grown seed.

The sins of the fathers fall upon the bean crop as well as the human family, and the only way to raise beans free from blight and rust is to secure outside seed grown on sandy land, free from diseases that have gotten in our home crop the past few seasons. Let us have your orders early. Sample can be seen at our office.

AN ALARM CLOCK

Should have a nice soft tick. And an alarm that puts further sleep out of the question. That sort is here.

And its cost is very low which isn't much for a time-teller that tells you when it's your move. These clocks are accurate timers too. And they are built to give a good long service--say five to ten years--according to treatment--get one.

There's Money in Corn Stalks

Left on the field your corn stalks are a nuisance; used as ordinary fodder and then thrown upon the manure pile, they are not worth the handling; made into good, sweet silage they will make real money for you.

A SAGINAW SILO

will pay for itself in a short time. After that, all you get out of your corn stalks will be clear profit. The Saginaw All-Steel Door Frame, the Air Tight Doors, the Combination Door Fastener and Ladder, the Inner Anchor, the Base Anchor, the Spine-Dowel and the Angle Steel Rib are some of the points of superiority which have put the Saginaw first. Come in and let's talk it over.

Last Saturday evening as a man was walking towards his home through the deep snow on Third street, he stepped on something that moved under his foot. He said he jumped back thinking it was a dog, but on closer inspection discovered it to be the leg of a man who had evidently plunged head first into the deep drift just off Seeger St. and was lying on his face with bare hands down in the snow and nearly covered up with the drifting snow. He tried to raise the man up but he was so completely helpless that he was unable to do so alone. Securing aid, the poor fellow was removed to his home. It was learned that he had laid in the snow about an hour.

I TELL YOU SIR, TO Build Now

- Lumber
- Lath
- Shingles
- Doors
- Windows
- Moulding
- Columns
- Newels
- outside and interior finish
- Lime
- Plaster
- Cement
- Hard coal
- Soft coal
- Smithing
- Coal

Why? Do You Ask?

Because building material is cheaper now than it will be after a while. There's absolutely no question about it, sir.

It will cost you less in actual dollars and cents to put up a building of any kind right now, than it will in six months from now, or even three months.

Everything is on the up grade and while prices will not go as high as they were before the 1907 panic, they're bound to be a good bit higher than they are now.

Default having been made in the payment of money due for interest on and secured by a mortgage dated the seventeenth day of February, 1909, made and executed by Amasa Coon and Augusta Coon, his wife, to Charles Alexander, and recorded in the Register of Deeds' office for the County of Tuscola, Michigan, in Liber 127 of Mortgages on page 181, on the 12th. day of January, 1910, that under the conditions of said mortgage and by reason of said default the whole sum secured by said mortgage has become due at this date and there is claimed to be due at the date of this notice the sum of Four Thousand Eight Hundred Eighty-three Dollars and seven cents; Now therefore notice is hereby given, that said mortgage will be foreclosed by a sale of the mortgaged premises, at public auction or vendue, to the highest bidder, at the front door of the court house, in the Village of Caro, in Tuscola County, Michigan, on Monday, the sixth day of April, 1914, at one o'clock in the afternoon of said day.

The said mortgaged premises are described in said mortgage substantially as follows, the South Half of the South West Quarter, the North East Quarter of the South West Quarter, all of that part of the North West Quarter of the South West Quarter, lying and being on the East side of the State Road, running North-easterly and Southwesterly through described lands, being in Section Thirteen, also the South East Quarter of the South East Quarter of Section Fourteen, all of said premises being in the Township of Elmwood, County of Tuscola and State of Michigan and being in Township Number Fourteen, North Range Ten East; the said premises will be sold as aforesaid to satisfy the amount due upon said mortgage and the costs of foreclosure.

Dated this 8th day of Jan., 1914.

PYRAMID OF GIZEH NO LONGER ENIGMATIC.

Unexpected Conclusions.
The very stones of the Great Pyramid of Gizeh are crying out in no uncertain tones. Every inch of the massive structure, with unerring precision, reveals the solutions to problems which for centuries civilized nations have spent fabulous sums in vain to find and which men of science have encountered hardships to analyze.

This wonderful testimony of the Great Stone Witness, with its general description and storehouse of Truth, scientific, historic and prophetic, with Bible allusions to it, the importance of its location and verifications of astronomical and geographical deductions, is an extensive chapter of a volume which may be obtained by sending 35 cents to the Watch Tower Society, 17 Hicks Street, Brooklyn.

PINGREE.

Everybody seems to enjoy the revivals at Cass City. The Latter Day Saints had the aid last week at Mrs. G. L. Johnson's. Ivan Vader spent Sunday with Miss Carrie Johnson. Miss Nora Collins spent a few days with Sandusky friends recently. Mrs. Aurelia Gardner died at her home here after a prolonged sickness of nearly two years. The remains were taken to Ontario for burial. Wm. Flint has purchased a young span of black drivers. "Will" must be getting young again. Mrs. Nathaniel Darling is numbered with the sick. **Spanish Hen's Eggs.** The Spanish hen's eggs, weighing seven to a pound, are the largest produced.

Her Only Concern.

Sir David Baird, the first baronet, was a famous Anglo-Indian soldier who early in his career had the unpleasant experience of being thrown into the black hole of Calcutta during the mutiny. Like a number of other eminent soldiers, he was not blessed with too sweet a temper, and when his old mother was told that the prisoners in the black hole were tied together her only comment was: "Heaven help the poor man that's tied to our David!"

Something Good on Goodwin.

On one occasion in his career Nat Goodwin was bumping over the gasoline circuit as the star in a play which was so bad that the only good thing in it was the last curtain. Naturally the public evinced no desire to patronize it. Finally, however, the brave actors and actresses played in a town which, for some mysterious reason, turned out a good crowd to see the dismal performance. It was too good to be true. After the first act Goodwin sought out the stage manager and said: "On the level, are those real people out there?" "Certainly, a whole lot of them," replied the manager. "Well, that's one on me," replied Goodwin. "I thought that crowd was a painted drop curtain."—Popular Magazine. **The Chronicle, one year, \$1.00.**

Idleness.

Too much idleness, I have observed, fills up a man's time much more completely and leaves him less his own master than any sort of employment whatsoever.—Burke.

Maybe It Was.

Louis E. Van Norman, associate editor of the Review of Reviews, recently returned from a vacation in the Glacier National park. While there he discovered an old timer who was particularly bitter toward the Piegan Indians. "I like the Stong, and the Apaches, and the Crows," said this old fellow, beating violently on the table. "Them Indians are gentlemen. When they went on the warpath they always took their blankets off, and all you had to do was to run and hide. But the Piegians! Mister, there ain't nothing as mean as a Piegan." Next day Mr. Van Norman asked Bill Burns, a veteran Glacier park guide, why the old man hated Piegians so. "Well," said Mr. Burns reflectively, "the old cuss married a Piegan squaw. Mebbe it's race prejudice."

One of Life's Little Tragedies.

He seized her, drew her to him and deliberately struck her. She made no sound. Again and yet again the brute repeated the blow, and still she gave no sign of suffering, but when, with rapidly growing anger, he struck her for the fourth time she shrieked aloud, and her head flew off. She was only a match.—Exchange.

You Have Plenty of Time Now

To fix up things about the place and to start that new barn, or whatever building it is that you need. You can't expect to gain anything by putting it off. There's no prospect of lumber being any cheaper for a long time to come. And besides, the longer you put it off, the greater will become the need and conditions will grow steadily worse.

Right now is the time to act.

Suppose you drop in and let us make you an estimate on what material you need. We imagine that the price will be a good deal less than you expect. Anyway, there'll be some satisfaction in "knowing."

"I am an old man—and many of my troubles never happened."—ALBERT HUBBARD

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What oil is to the friction of the delicate parts of an engine—

DR. PIERCE'S Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood.
