## Make It Easier For the Housewife

House cleaning is so back-breaking that the housewife should not be obliged to do it oftener than in the spring and fall.

But if you postpone those repairs much longer—shingling, new floors, new windows, new porch, or what not—she'll have to do her spring house cleaning all over again—in the hot exhausting weather, too.

It costs no more to do it now and she will appreciate your thoughtfulness if you save her this extra work.

## Fix Up Before the Clean-Up

Then the house cleaning can be done once for all. The house will look so much better, too, with the repairing done.

Let us know what the needed repairs are. You can readily find in our large complete stock just the repair materials you want. We will furnish you only the right quality of the right kind for the purpose for which you want it—and only as much as you need and you'll be pleased with our prices.

## LARGER PROFITS FROM YOUR CHICKENS

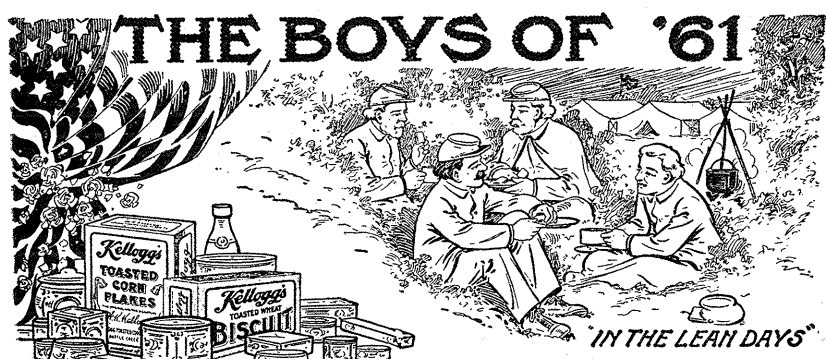

Larger profits from your chickens are possible if you take advantage of the latest developments in chicken breeding. But if you want your chickens to do their very best for you, they must be kept in properly built, comfortable houses.

### Well Planned Chicken Houses Increase the Egg Crop

Building chicken houses is not expensive, but it is a science. They must be of certain size for a definite number of chickens and of a certain design for the convenience of the laying hen. They must be well lighted and ventilated and easy to clean. There are other important details, too. We'll be glad to tell you about them.

We have a complete stock of just the building materials and interior equipment you will need. You are certainly welcome to the help we can give you in properly designing the houses. Talk it over with us anyway.

Moore Telephone  
System

and the consolidation of the two exchanges at the one office. By this consolidation we now have over 700 telephones connected in this community, and also connections with the Bell and Moore telephone toll lines. These, with our Independent toll lines, give us access to practically every city, town and hamlet in Michigan and the United States.

We have added new operators to our working force and are adding new names to our list of telephone users each week, so that shortly our telephones will be in nearly every farm home in this community. We will furnish our patrons with the very best and up-to-date service.

For more than a year past we have been charging for newly installed farm phones at the rate of \$12.00 per year. From and after June 1st all farm phones will be charged at that rate, \$12.00, instead of \$10.00 per year as heretofore. This new rate will also apply to the users of the Moore farm telephones, who have been paying \$15.00 a year previously. From and after June 1st the city party lines will be charged at the rate of \$8.00 per year instead of \$7.00 a year as heretofore.

Any parties wishing to avail themselves of their present rate on phones can do so by paying their rent in advance at the office on or before June 1st. when the rates advance. Any advance payment will be accepted at the patron's present rate. You who are now paying \$10.00 per year can pay for an extra year if you so desire at your same rate.

## HAPPENINGS IN OUR NEIGHBORING VILLAGES

### PIGEON.

From the Progress.

The seventeenth annual W. C. T. U. convention of Huron and Sanilac counties will be held in Pigeon Tuesday and Wednesday. It is expected that one hundred delegates will be present besides a large number of visitors.

Supervisor William Stein came near meeting with a very serious accident at his home a few days ago. While burning a small pile of old paper in the yard there was an explosion the force of it just escaping his head. An instant before he had been stooping directly over the pile and had changed his position just in time. It appears that while the women folks were cleaning house a number of dynamite caps had been thrown in with the old papers.

The fire department was called out yards Tuesday forenoon. Damage by a blaze at the Grand Trunk stock about \$25.

Mr. H. J. Notter and Miss Elsie Decher, both of this township were united in marriage at the English M. E. parsonage by Rev. Bowles last Saturday evening. They were attended by Miss Pearl Notter and Mr. Arthur Davis. The young people are well known in this vicinity.

### BAD AXE.

From the Independent and Tribune.  
W. J. Orr, of Saginaw, and Fred

Cross, of the Bad Axe Grain Co. left this morning for Europe. They will sail for Liverpool Tuesday morning from Boston and will visit England, Ireland, Scotland, France, Germany and possibly several other countries of the east. Their first thought will be the investigation of the bean and sugar industries and next sight seeing.

The Port Crescent Street road builders bee Tuesday was an impressive force of men and teams. The gravel was mostly taken from the brow of the hill approaching the city from the north, and the gravel was carried to the north, raising the road in that direction and decreasing the grade coming this way. The boys did a good job. Another force of men and teams were carrying gravel to Sand Beach Ave. east of the railroad, in the much needed, heavily traveled piece of road.

Hugo Ballentine of Meade township has received another shipment of 15 cans of brook trout from the state hatchery at Paris. There are 30,000 fish in the lot and they will be planted in the Pinnebog river.

Commissioner Sparling has a force of county teachers at work in the circuit court this week examining 8th grade papers, and an idea of the task before them may be gained from the fact that there were 335 applicants from 88 schools in the county, who wrote on 10 subjects. The examiners have to read, mark and correct 15,000 pages of manuscript.

### UBLY.

From the Courier.

Manager H. A. Price, of the Consolidated Tel. Co. was here Wednesday.

The company has just installed a 40-horse power, four cylinder fire alarm gong in the condensery. If you start a fire any time, day or night, call central, and central will ring the gong; Geo. Powell will blow the whistle, and Chief Thornton will go around and wake up his fire company and get around to your place as soon as possible. Try the new gong once and you will use no other.

Under the watchful eye of Rev. Fr. Baweja the work on the extension of St. John's church and the new rectory, is proceeding rapidly and efficiently. A double force of masons are at work this week under Contractor Geo. H. Griffiths, and there isn't any "soldiering" on the job that you can notice. The weather has been fine for the work and every minute has been taken care of.

### MARLETTE.

From the Leader.

A meeting to consider the necessity of widening, deepening, straightening and extending the Cass river drain will be held at the wigwam in Marlette next Thursday morning May 28. A petition for this work has been largely signed by freeholders in the townships of Evergreen, Lamotte, Moore, Elmer, Flynn and Marlette and this has been duly filed with Commissioner J. W. Smith. The meeting will be under the auspices of the various townships enumerated above. The distance to be covered by the proposed work is thirty miles.

Marlette's new \$1,500 ball park will be duly and formally opened to the public Thursday afternoon, June 4, with a big game between the "Old Boys," who put the town on the base

ball map in the good old days, and the present day aggregation.

The line-up of the "has-beens" is no joke. Nod Babcock, the old pitcher, is booked to do the box work and he is said to be as good as ever. "Tillie" Trask will catch and "Bear" Watters will cavort around first. "Johnnie" Dugan at second, Walter Witt at short and Grover Burke at third is also a combination through which it will be hard to get a ball. Then for the outfield there is a dazzling array of material, including the following: John Hood, D. C. Merrill, Rollo A. Moote, Alex. Moore, Jas. Sinclair, Walter Smith and Thos. Stouffer and probably others whom we have overlooked.

Nelson Landon, a resident here for about forty years, died early Monday morning as the result of a third paralytic stroke. The deceased was 57 years old and is survived by seven children.

Elder J. H. Mead has accepted a position with the Latter Day Saints as travelling missionary for southern Michigan and northern Indiana and has left with his family for Galien, Mich., which will be his headquarters for a time. His successor here has not been appointed.

The Marlette general stores are trying out a system of union delivery, having engaged Al Cotter for a month to see how the plan works out.

### CARO.

From the Advertiser and Courier.

At a meeting of the Caro gun club Tuesday it was decided to retain the same officers for this year: President, M. G. Atwood; vice president, H. H. Smith; secretary, F. W. Bowles; treasurer, Arthur Huntly; field captain, A.

E. Emery. Attendance at the opening shoot was small, due to absence of members from town. Score: Bowles 23, Atwood 21, Dr. Stuart 20, C. Stewart 19, Lockwood 19, Huntly 11, Ealy 10. The club will hold a registered tournament June 24-25, and all shooters are urged to get into practice.

Memorial Day will be observed in Caro this year on Sunday, May 31. Heretofore it has been customary to observe Decoration Day and Memorial Sunday separately, but this year they will be combined. Officially the day falls on Saturday, but as the observance is of a religious character, and Saturday a very busy day, most of the veterans are pleased with the change.

Mr. Langois, of Detroit, a famous landscape gardener, has been in town this week laying out the grounds of Bert and Fred Purdy, J. McNair Ealy, F. A. Turner, Mrs. Nora Townsed, Wm. Kinde and others. Langois is the landscape gardener who laid out the grounds at Wenona Beach and Roosevelt Park at Bay City.

Mrs. Frank Bowles was elected general superintendent of the M. E. Ladies' Aids at the round up meeting Tuesday evening. The society pledged \$500 toward remodeling the M. E. church. The Epworth League pledged \$100 at their meeting Sunday evening.

By a practically unanimous vote at a meeting of the official board of the M. E. church Monday evening, it was decided to build the extensive additions to the church building. The improvements will cost upwards of \$4,000, one-half of which has been pledged to be paid within 90 days and it is believed the balance will not be difficult to secure.

Mrs. Charles Sutton of Howell who

was operated on a week ago last Wednesday for appendicitis, was found in a very serious condition and had the operation been delayed a day Mrs. Sutton undoubtedly would not have lived. She is improving now each day and friends of Charles and his parents here are feeling very much relieved.

George Gibson received from the hands of an expert repairer this week a violin which has been in his family since 1795 and how much longer he does not know. It was the property of his great-grandfather and has descended from generation to generation until reaching Mr. Gibson. Some owners have been able to play it, while others have not, and at a period unknown a repairer scraped the top until the tone was very light, though sweet. Mr. Gibson has now had a new top put on which greatly increases the volume of tone while retaining its purity and it is now a highly desirable instrument and valued by an expert as cheap at \$150. To Mr. Gibson, its sentimental value is far more, and he will keep it for his own use.

Mr. and Mrs. A. D. Gallery returned from their visit in Washington, D. C., last Saturday. They put in ten days of sight seeing in the Nation's capital, which was never more beautiful than the first days of this month, and saw many interesting things besides hearing several speeches by leading members of the U. S. Senate.
