This is the fourth gathering of this kind which they have had since, one sister, Mrs. O. A. Yokom of Thompson, Ohio, has been visiting here and the family have had some very delightful hours together. The adjustment of the pay of the rural carriers on July 1 did not make any of the Cass City boys rich. Carriers on routes 3, 4 and 5 received the same stipend as before, \$1,100 for the first two and \$880. for No. 5. Carrier No. 1 receives \$1,140 for the year and carrier No. 2 will get \$1,128, while formerly they each received \$1,100. The amount of salary is determined by the mileage travelled, the amount of pieces carried and the weight of the mail. The boys were disappointed for nearly all of them had expected quite a raise in their salaries.

Better Protection for Your Farm Machinery

It's like burning up money to leave your farm machinery in the fields at night—exposed to damp grass and soil and possibly rains. Vital parts may rust and weaken. One weak part may cause the whole machine to go to pieces.

IT WILL PAY YOU WELL

to build a cheap implement shed out in your fields to protect your reapers, mowers, harrows, seeders, tractors, scythes, etc., every night and rainy day.

"A dollar saved is a dollar earned." Such a shed will save you hundreds of dollars. It will avoid annoyance, loss of time and repair expense and add years to the life of your machines. The shed is quite likely to earn its cost the first year.

We have a large stock of good roofing and "common" lumber—just the stuff for low cost sheds. Get the materials next time you're in town—they're ready for you any time—at prices that will please you.
