CASS CITY IN 1915

Tuscola County S. S. Assn. Will Hold Convention Here.

Cass City was elected as the place of holding the 1915 convention by the delegates who attended the convention of the Tuscola Co. Sunday school Association held at Gagetown last week. Rev. J. W. Hamblin of Cass City was elected president; Rev. Fred Hart of Unionville, vice president; H. D. Schiedel of Cass City, secretary; Mrs. John Munro of Gagetown, treasurer. Rev. Hamblin was also chosen as a delegate to represent the county association at the State Sunday School convention at Adrain. Rev. F. B. Cutler of Vassar was chosen as alternate delegate.

The convention was designated "The Best Yet" and delegates are unanimous in pronouncing it a most enthusiastic gathering of Sunday School workers.

FERRIS RE-ELECTED MICHIGAN'S GOVERNOR

DEMOCRATIC MAJORITY CUT IN HOUSE.

Late Returns Indicate That Four States Go Dry; Two Grant Votes to Women.

Virtually complete returns of the vote cast in Tuesday's election give Governor Woodbridge N. Ferris re-election over former Governor Chase S. Osborn by a plurality exceeding 83,000, in a total vote of approximately 350,000. Of Governor Ferris' plurality, Wayne county contributed more than 20,000.

Particularly striking is the victory of the governor, when it is apparent from the fragmentary returns on the state ticket below lieutenant governor that the Republican candidates were winners by pluralities estimated at as much as 50,000 votes. The full state ticket elected follows:

Governor—W. N. Ferris, Democrat.
Lieut. Governor—L. D. Dickinson, Republican.
Secretary of State—C. C. Vaughan, Republican.
Treasurer—J. W. Haarer, Republican.
Auditor General—O. B. Fuller, Republican.
Attorney General—Grant Fellows, Republican.

The next legislature will be overwhelmingly Republican. The Democrats elected only three members of the state senate and seven of the lower house.

The proposed constitutional amendment restricting fraternal insurance societies from paying other than death benefits was defeated by a plurality of 200,000, according to estimates made tonight by Mark T. McKee, secretary of the Michigan Fraternal Voters' League, one of the organizations opposing the measure.

Democrat Majority Cut in House.
Latest returns from elections indicate that the Democratic majority in the house of representatives for the sixty-fourth congress will be reduced to 23.

Democrats have elected 226 members.

SATURDAY WAS BIG BUSINESS DAY

BUYERS CAME FROM ALL DIRECTIONS.

Made Liberal Purchases; Two More Days Left of Cass City's Big Bargain Week.

Saturday was one of the best business days that Cass City merchants ever enjoyed and at least three merchants claim that that day's trade was the best in the history of their business careers here.

Buyers came from all directions to make their fall and winter purchases of clothing, footwear, foodstuffs and other necessities and the streets were crowded by the large number of people.

It was reported that the sales of produce and live stock reached an unusually high figure Saturday, but upon inquiry the Chronicle ascertained that the checks issued by local buyers for these items which were cashed Saturday were in the neighborhood of \$18,000.00. This is not exceptionally large, but just an ordinary good Saturday's run.

Bargain Week inducements offered by merchants are proving a strong attraction in drawing purchasers from long distances. Many are the bargains which are being picked up and many also are the purchases being made in other lines.

On Monday, one merchant called the Chronicle's attention to a visit of one of his customers who had reached Cass City at 8:30 a. m. after a drive of 18 miles in a lumber wagon. And that is but one instance which shows how the trading zone of Cass City business circles is being extended.

The merchants' special prices still continue and they have been busy all week bundling up goods for the many visitors at the stores. There are still two days remaining of Bargain Week—Friday and Saturday. Several of the business men are offering extra inducements to make them eclipse any other two days of Bargain Week. Read all about them in the Chronicle's advertising columns today.

CHAUTAQUA HELPS

Influences Sale of Tickets for Excellent Lecture Course.

The effect of the Chautauqua last summer is making itself felt in the sale of this season's tickets for the lecture course of the Woman's Study Club. This is especially true of the young people who are taking advantage of these better entertainments, and by buying tickets, are insuring a better success than ever for the coming course.

The first number, Nov. 18, is an illustrated lecture on the Panama Canal and The Panama-Pacific Exposition. Many have expressed themselves as being determined to hear this lecture, and as the course consists of four other entertainments of excellent talent the purchaser of a season ticket has the advantage of all the entertainments at much less price than for single admissions.

Season tickets are now being sold by members of The Study Club at \$1.50 for adults and \$1.00 for school pupils.

FARMERS TAKE INITIATIVE.

The farmers of Ingham county, Michigan, are considering the question of erecting a canning factory of their own at Lansing. They have become convinced that such a plant would take care of the market surplus and also would make it possible to increase the acreage in that section of sweet corn, peas, beans and fruits of all kinds. The men back of the project have observed that wherever canning factories have been located a large home market has been developed and the necessity of shipping avoided or greatly reduced. Such factories have proven to be boons to the rural communities where they have been placed. Without exception they have given small farmers a chance at intensified farming and have afforded a market for what the small growers had to sell. There are about 200 growers who supply the Lansing market and they have found out that gardening is a good business. Many of these want to work on a larger scale and for that reason are in favor of a factory to convert the surplus into a marketable product. The experiment will be watched with interest, for the idea is applicable to almost any part of the country.

ENTIRELY SAFE FOR DRINKING PURPOSES

IS WATER TAKEN FROM NEW VILLAGE WELLS.

Sample Sent to State Board of Health Gave Excellent Bacteriological Findings.

Superintendent Straube has received returns of the analysis of water taken from the wells at the new municipal water works plant and they indicate that the water is most excellent; in fact, the best test that has ever been made of water taken from the village water works.

The following letter under date of Oct. 29 was sent to Mr. Straube by E. R. Chambers, B. S., Asst. Bacteriologist of the State Board of Health:

Dear Sir: The sample of water received October 27th has been examined with the following results:
Bacteria per cc at Room temp. . . 1
Bacteria per cc at Inc. temp. . . 1
Presumptive tests for B. Coli . . .
Gas production on Lactose B. 25 cc None
1 cc None
Acidity None
Turbidity None
Indol production None
Red colonies on L. L. A. None
B. Coli SAFE
POTABILITY SAFE
This sample of water gives excellent bacteriological findings and is entirely safe for drinking purposes.
Very truly yours,
E. R. CHAMBERS.

KILLED BY D. U. R. CAR

Earl Warner, Son of Mr. and Mrs. Frank Warner, the Victim.

(From the Rochester Clarion).

Earl Warner, aged 25 years and married, was struck and almost instantly killed by the 6:40 south bound limited D. U. R. car, at the corner of Main and Albertson streets, this city, Tuesday evening. Just how the accident happened is unknown, many conflicting reports being in circulation, but the facts will doubtless be learned at the inquest called for next Monday.

Mr. Warner, it is reported, boarded the 6:31 north bound car at the power house to ride to his home on Albertson street, and upon getting off stepped directly in front of the 6:40 south bound limited. He was removed to his home where he passed away about two hours later, never having regained consciousness.

Deceased was a temperate and industrious young man, of good character, and was in the employ of Frank Gehrke, for whom he had been working for some time. He had just purchased a little home on Albertson street, and, with the aid of his wife, was putting forth every effort to complete the same.

He was the son of Mr. and Mrs. Frank Warner, of near Caro, formerly of Cass City, and is survived by wife, parents, one sister and two brothers who have the sympathy of all in their sad bereavement.

Funeral services were held at the M. E. church yesterday afternoon, Rev. F. I. Walker officiating. The remains were shipped to Big Rapids, Mrs. Warner's home, for burial.

W. C. T. U. HELD INTERESTING MEETING

FORTY DELEGATES ATTEND 30TH DIST. CONVENTION.

Mrs. Minnie A. Shoemaker of Kings-ton Is Re-elected President of the District.

About 40 delegates, representing the W. C. T. U.'s of the tenth district of Michigan, chiefly from Bay and Tuscola counties, were in attendance at the 30th annual convention of the district, held at the Presbyterian church at Cass City Thursday and Friday. The convention was honored by having in attendance at its sessions, two of the state W. C. T. U. workers, Mrs. E. L. Calkins of Battle Creek, president of the state organization, and Mrs. Julia R. Parish of Bay City, state corresponding secretary.

The convention opened Thursday afternoon with a short business session after which greetings were extended to the visitors from various local organizations. Rev. H. C. Hayward welcomed them in behalf of the churches, F. A. Bigelow, represented the Sunday schools, Mrs. I. B. Anten greeted them as a representative of the Woman's Study Club and Mrs. A. J. Knapp spoke for the local W. C. T. U. The response was excellently given by Mrs. M. Gallagher of Bay City. Mrs. Julia R. Parish gave an interesting and benefitting talk, entitled "Helpful Hints." She used illustrated charts to bring her ideas plainly before her audience and the delegates greatly appreciated her excellently prepared address. A children's hour conducted by Misses Mabel Cleland and Hester McKim entertained the guests after this. Songs and exercises prepared and presented by school children were given and the young people did credit to their teachers.

A grand gold medal contest furnished the evening's entertainment. Six young ladies of this district participated in the contest and gave ex-

Editor Chronicle: We have so many complaints this year from the farmers concerning our system of buying beans that I wish to offer a few words of explanation through your paper. Last year we bought beans at a straight price of 6c per lb. off the price of hand picked beans for discolored beans in each bushel. For instance, if we were paying \$2.10 per bu. for beans and a farmer brought us beans that contained 4 lbs. of discolored beans in every bushel we paid him \$2.10 less 24c making \$1.86 for 60 lbs. of beans which included his 4 lbs. of cull beans. It cost us 4c per lb. for the picking out the 4 lbs. culls, and at this price it only left us 2c per lb. for the cull beans which we paid over 3c for and instead of 60 lbs. of hand picked beans costing us \$2.10, they cost us \$2.15.

As the price advances, we have to take more out for the discolored beans and we have a chart all figured out on this basis. Say we are paying \$2.10 per bu. for beans, that means 60 lbs. of good beans with discolored beans picked out, we would pay \$2.10 per bu. for. And that is the basis we buy on. At \$2.10 per bu. 4 lb. pickers would cost us as follows: 4 lbs. culls out at 3½c per lb. 14c; 4c per lb out we pay the girls for picking, 4 lbs. at 4c per lb. are 16c; 16c plus 14c are 30c. This we would take out of the \$2.10 leaving the farmer \$1.80 per bu. for his 60 lbs. of beans including his 4 lbs. cull beans. On this basis 60 lbs. of good hand picked beans cost us \$2.10 per bushel. In other words the farmer has 56 lbs. hand picked beans in each bushel and that is what we pay him for less cost of picking. Fifty-six lbs. at \$2.10 per bu. would be \$1.19—less cost picking, 16c, leaves \$1.03 for his 60 lbs. beans.

All the dealers in Michigan use this scale of buying as it is the only right way to buy. The farmer gets what belongs to him whether the price is \$1.00 per bu. or \$2.00 per bu., 1 lb. pickers or 20 lb. We know just what 60 lbs. of good hand picked beans will cost us. But, the farmer says, you still have my cull beans which you have taken out. Now just remember—it costs from 8 to 15c per bushel, depending upon how many beans an elevator handles, to put beans in shape to sell and all we get out of the cull beans does not pay one-tenth the cost of handling. We have twenty thousand dollars invested in our plant to be able to handle the business that comes to us. It takes \$25,000 to \$30,000 more to pay spot cash to the farmer when he brings his stuff to us. We are entitled to a reasonable profit. We are getting only that. I think any farmer who will carefully figure out our manner of buying will be assured he is being fairly dealt with.

SWEET DAY AT JONES'

Customers Carried Away Over 1½ Tons of Sugar Saturday.

Saturday was a particularly sweet day at Jones' Grocery when purchasers at that stand carried away over one and one-quarter tons of sugar. To be exact, the amount was 2,600 pounds.

The greater part of this went in 25-pound lots. Others with a sweeter tooth, desired and secured it in larger quantities, several taking 100-pound lots.

Not only was it a sweet day for the store's customers but for the proprietor as well. The customers carried away other goods to such an extent that they made Saturday's trade the best one day's business that store has enjoyed under its present management.

CASS CITY TIGERS GET SECOND GAME

DEFEAT BAD AXE AT 20-7 SCORE.

Locals Kept Ball in Bad Axe Territory and the Result of Game Was Never in Doubt.

The Cass City Tigers won their second game from the Bad Axe Independents Wednesday afternoon at the county seat town at a score of 20 to 7 which indicated the relative merits of the two teams.

The local team kept the ball in the Bad Axe territory practically all the time. Edgerton made the first touch down for Cass City on a buck through center and their second and third touch downs were made by Orr and McGeorge through fumbles on forward passes by Bad Axe. Miller kicked goal twice for the locals.

Bad Axe made their touch down on the best punt of the day by the quarter back.

The game was a clean one and the only objectionable features were the slowness of the Bad Axe players getting on the field and the Bad Axe rooters becoming so excited that they crowded onto the field which interfered with the players. The crowd was estimated at 250.

USE ASHES TO CLEAR THE ALLEY OF WEEDS

By Observer. If the disposal of ashes from your stoves or furnace through the winter months has been a problem to you, here's a suggestion that you will think more of after you've tried it one year. Probably every reader of the Chronicle who lives in town has an alley behind or at the side of his house that grows up in weeds every year. That's the place for your ashes. Even those readers who live in the country, or in town homes not adjacent to an alley have some place touching their yards where weeds grow. Ashes will kill them. And every home produces enough ashes every winter to destroy all the weeds that can possibly spring up around the place year after year. Our alleys are of course, supposed to be kept mowed through the summer, but how many of them are? And, even if they were mowed there would still be the unsightly stubble. Ashes, will prevent even the grass from growing, and if the idea should be generally adopted this fall and carried out through the entire winter, we would have more sightly, and surely more passable alleys next summer than we could ever hope for through the aid of mowing machines. The ashes should not be dumped in piles, but every bucketful emptied with a swing up, down, or across the alley. This will scatter them fairly well. If it is seen they have been thrown too much in one place, scatter with a rake. In this way the surface of the alley can be brought to a nice grade and I feel sure that any home that will give it a trial this winter will feel well repaid next spring and summer.

Look After Chimneys. With the approach of winter, a suggestion to look after our chimneys should not come amiss. As is very natural, the great majority of fires, and especially those destroying private homes, come in the winter time. And again, the majority of these fires are caused from defective chimneys. Because it is no easy task to examine them, we let them go with the assumption that they are alright—then a fire of "unknown" origin comes. The fire loss in the United States is appalling. An official statement recently issued said: Imagine one long and continuous street reaching from New York to Chicago; imagine this lined on both sides with fine business houses—and then imagine a fire starting at one end and sweeping every thing in its path to the other. The loss would not equal that occasioned by accidental fires in the United States every year. It is really our duty to take such precautions as we can, and examining our chimneys at this time of year is a big precaution.

FACTS WORTH KNOWING.

Once more the season of frequent colds has come. Everybody ought to know how to avoid colds but the number who bark and snuff prove that the simplest precautions either aren't understood or else aren't practiced. Fallacy one about a cold is that it should be kept heated. Fresh air, and fresh air and still more fresh air is the best preventive of colds. It's the sharp contrast between the stuffy air of overheated rooms, with their billions of flying dust specks and bacteria, and the cool out-doors that chiefly breed colds. You may get a cold while breathing fresh air but it won't be the fresh air that causes it. Did you ever see a hunter, woodsman or primitive Indian with a cold? Fallacy two is that you should "feed," that is, gorge a cold. Of course, you must eat. But don't overeat. And be doubly careful that the bodily excretions aren't interrupted. If you must eat more than usual, put the emphasis on fruits. Drinking copiously and frequently of pure water is a good medicine for a cold—much better than whisky. But the best cure is to be so careful with exercise, eating and ventilation that a cold won't have anything to do with you. Walk more, open the windows more, drink more water and avoid dope.

BEAULEY.

Mr. and Mrs. M. W. Moore returned home Saturday from visiting relatives at Armada, Crosswell and Lexington. The social in the church parlors last Thursday evening was a decided success. Everyone enjoyed Mr. and Mrs. Sherman and we were quite satisfied. All enjoyed the fire works. Quite a number of the Beaufeule people attended the funeral of Mrs. Neil McTaggart Sunday. There was a very large attendance showing the esteem and respect of Mrs. McTaggart, who was one of the pioneers of Sheridan township. The cause of her death was a paralytic stroke. IT ISN'T YOUR TOWN—IT'S YOU. If you want to live in the kind of a town Like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike. You'll only find what you left behind, For there's nothing that's really new. It's a knock at yourself when you knock your town. It isn't your town—it's you. Real towns are not made by men afraid Lest somebody else gets ahead. When everyone works and nobody shirks You can raise a town from the dead. And if while you make your personal stake Your neighbor can make one, too, Your town will be what you want to see. It isn't your town—it's YOU. Franklin as a Swimmer. In 1726 Benjamin Franklin was working as a printer at Watts' near Lincoln Inn Fields, and taught two shopmates to swim. "at twice going into the river." With them and some of their friends from the country he paid a visit by water to Chelsea, and "in our return," he recorded, "at the request of the company, whose curiosity Wygate had excited, I stripped and leaped into the river and swam from near Chelsea to Blackfriars, performing on the way many feats of activity, both upon and under the water, that surprised and pleased those to whom the performances were novelties."—London Tatler. Tomato Pie. Wash, pare and slice 6 green tomatoes and 1 sour apple and chop all fine. Have a pie crust in tin and put the tomatoes and apple in, then add 1/2 cup vinegar, 1 cup sugar and some bits of butter, also salt, cinnamon and allspice to taste and sift in some flour. Then put on the top crust and bake in a moderate oven.—Mrs. L. H. Huffman. Pepper Hash. Two dozen sweet green peppers, 2 dozen sweet red peppers, and 30 good sized onions. Using the vegetable knife, run these through the food chopper, cover with water and cook for 15 minutes; then strain through one thickness of cheesecloth. Put 2 quarts of cider vinegar, 4 cups sugar and 2 tablespoons salt in a granite kettle and let come to a boil, then add peppers and onions, cook until clear and put in cans.—Mrs. G. W. Goff.

BEAULEY.

Too late for last week. This week reminds one that sweet summer has gone away. D. McDonald & Son have purchased a fine span of driving horses from Simon Welch of Owendale. Mr. and Mrs. M. W. Moore left for Armada Monday where they will spend some time with L. J. Carroll and family. Mr. Carroll has sold his property at that place and will move to Red Land, California, in a short time. Their many friends in Beaufeule regret their departure. Mrs. Arthur Moore and daughter, Doris, expect to leave Saturday for Lapeer City where Mrs. Moore will visit her sister for a few days. From there she will go to Newberry and visit another sister. She will be accompanied by her nephew and niece, Otto and Gladys Myers, of Newberry. Mr. and Mrs. Jno. Jackson and children and Mrs. Keyser of Wickware attended church in Beaufeule Sunday. Nelson McCullough and family and Alex Clerk and family visited at A. P. Sturton's home Sunday. Mrs. S. Heron, Mrs. H. Dulmage, Mrs. Frank Reader and Mrs. C. E. Hartsell attend the Ladies' Aid at Geo. Hartsell's last Wednesday. Mrs. Jno. Moore left Monday for Armada where she will be the guest of her son, Rev. W. L. Moore, and L. J. Carroll. Quite a number from this place attended the union meeting at the Evangelical church at Owendale Sunday evening. The Kilmanagh choir furnished most excellent music and Rev. Yoeman preached a most impressive sermon from the text "Jesus came to seek and save that which was lost." All would be glad to attend another such a grand meeting. The Chronicle, one year, \$1.00.

L. C. Green and Mr. and Mrs. B. F. Gemmill went to Rose City Saturday afternoon and visited with Mr. and Mrs. J. D. Gemmill and Mrs. R. Greybill and son, Will, and family. They returned Sunday evening. The trip was made by auto.

Mr. and Mrs. J. D. Brooker and son, James, and Mrs. Eleanor Bader spent Sunday at the home of Charles Stacey at Akron.
A little daughter, Dorothy Ann, came October 28 to make her home with Mr. and Mrs. Fred C. Striffler at Waterloo, Iowa.
Curtis Graham of Saginaw was a guest at the home of G. W. Landon Friday evening on his way to his home in Freiburg.
Mrs. Barney McGarry, Mrs. Henry Ingalls, Miss Hannah McMann and Joseph McCarty of Argyle were callers here Wednesday.
The C. I. C.'s were entertained at a Halloween party Friday evening by Miss Lena Rice and Mrs. Ketchum at the former's home. Numerous games were enjoyed, after which a two course luncheon was served, and all departed feeling they had been royally entertained.

Mrs. Lando Skinner of Clio and Mrs. B. H. Macomb of Caro were guests at the home of Mr. and Mrs. G. W. Goff.
Miss Myrtle Mead is enjoying a three weeks' vacation at her parental home here, from her duties as nurse in Grace hospital at Detroit.
C. D. Striffler shot an owl Friday morning that had declared war against the chickens on his farm and had destroyed several members of the flock. The owl was a fine specimen and measured four feet, three inches from "tip to tip."
Three new arrivals are reported during the past week—a daughter who has been given the name of Marion at the home of Arthur Helwig; a son named Winnie at the home of Wm. Skinner; and a son at the home of Floyd McComb.
Mrs. Charles Kasonke and children, Mildred and Dawson, attended the funeral of Mr. Kasonke's mother, Mrs. John Kasonke, at Elkton Sunday, returning home Monday. Mr. Kasonke, who has spent several weeks there, accompanied them home.

The eighth grade of the local schools entertained the seventh grade in the former's room at an autumnal party decorated with corn, pumpkins and autumnal drawings. Various games were played, the company roasted marshmallows over candles and were served to popcorn and apples.
The Young People's Alliance of the Evangelical church held its monthly business meeting at the new home of Mr. and Mrs. E. W. Kaercher Tuesday evening. After the business session, a social hour was enjoyed by all and the hostess served refreshments.
Bert Mead is developing into a hustling automobile salesman. He is now in the employe of the Lehr Motor Co. of Bismark, N. D., and during September sold nine Overland cars at retail and 15 Overlands on contract. He won second place among 25 Overland salesmen in a sales contest.
Miss Niva Gable, teacher of the Wagner school, and her pupils, had a Halloween party at the home of John Wagner Friday evening. The lawn was lighted with jack-o-lanterns and here the guests played games and did all sorts of stunts. Late in the evening a delicious luncheon was served.
From the farm of John Karr in Elkland township comes the report that 200 bushels of beans were threshed there by the John Shagena machine in two hours. The bean straw was short and well filled with beans, but farmers in that neighborhood think that it is a remarkable record even under favorable conditions.

Mr. and Mrs. George Kelley and daughter, Mary, of Chatham, Ont., left here Wednesday morning after spending two weeks at the homes of Mrs. Kelley's parents, Mr. and Mrs. Kellytaoin shrld eeshrdluull llyyq Wm. H. Withey, and other relatives and old friends. They expect to visit in Pontiac for a few days and return home on Saturday next.

Harry Lang, an apprentice workman at the municipal power plant, was injured Sunday evening while attempting to place a belt on one of the machines. Marvin Dodge, a boy chum, was with him at the time and he called a physician and assisted in taking Lang to the hospital. Three or four scalp wounds and an injured ear drum and eye were the extent of the young man's hurts. He is on the road to recovery, but is still troubled with pain in his right eye. The accident occurred when the machinery was started to manufacture electric current for lighting purposes. Lang attempted to place a 3 1/2 inch belt which connects the generator and exciter and which he had forgotten to put in position before starting the engine. The generator pulley has a speed of 1,800 to 2,000 revolutions and the belt wound around the generator shaft and the flying ends hit the young man on the head. Terminal wires were also displaced. Supt. Straube was called to the plant and succeeded in repairing damages so that the lighting load could be carried in about an hour's time though he practically ruined his "Sunday suit" in so doing.

Miss Irene Frutchey entertained 18 of her friends at her pleasant home on west main street Saturday evening at a Halloween celebration. Upon their arrival, a ghost met the company at the front door and sent them around to the cellar door where they were to follow a rope which would lead them to the hall. During the course of the trip a number of the timid girls were terribly frightened by a ghost who knocked a number of tin pans off shelves and made all sorts of wierd noises (through a megaphone). Finally the guests reached the hall only to be sent back to the first door and here they were finally admitted. The rooms were decorated with pumpkins and black cats and were arranged so that all games were easily played. After several delightful hours had been spent in this way the company was invited to the dining room where they found the table artistically arranged and loaded with tempting eats. Over the center of the table a huge black spider was suspended and a number of small spiders were also floating about as though to pounce upon a choice bit of food. At each place was a little dummy with a pumpkin head and a handsome pumpkin stick pin for favors. The menu consisted of mystic dishes and was printed on the cards as follows: sand witches, oriental offerings, mystic mixture, dead beats, witches brew, fate of the jack-o-lantern, mystic circles, chills, silent oracle, last year's jokes and moonshine.

You must have heard about SAL-VET, the great worm destroyer and conditioner—how it has saved millions of dollars for live stock owners—how it has proved a god-send to worm-infected live stock—how it has stopped the losses from worms and furnished the farmers a weapon that has no equal with which to fight live stock diseases. Now you can buy it from our dealer whose name is given below, on an absolute guarantee to do all claimed for it, or money back. On such terms you can't afford to be without.

A. H. LOUCKS, Aurelia, Iowa, says: "After using SAL-VET, I find it possesses the essentials to a good stock remedy: 1st—its handiness to feed. 2nd—the fact that it is effective for all kinds of stock. 3rd—its low cost. Am very well pleased with the results." (2)

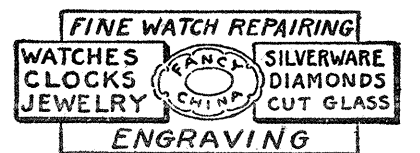

You can't afford to run the risk of loss—to let your stock suffer from worms—to let the worms eat up your feed and profits, when you can get this wonderful remedy on such a guarantee. Let us show you what it has done for others; how it will pay you to feed SAL-VET. You can save both time and freight charges when you buy at home.

Next Wednesday with every 25c purchase of tooth powder or tooth brushes we will give 2500 Grafonola votes.

FERRIS RE-ELECTED MICHIGAN'S GOVERNOR

Continued from first page.

bers, Republicans 192, Progressives 10, and Socialists one. Of the six missing districts, it was estimated tonight that the Republican and Democrats might elect three each. Heaviest Republican gains in the almost overwhelming Democratic majority were 13 in Illinois, 12 in N. Y., 11 in Pennsylvania, and nine in Ohio. Progressive representation in the house was cut from 19 to 9, or ten. This resulted from the general collapse of the Progressive organization throughout the country except in California.

Democrats Control Senate.

On the basis of the latest returns the senate of the sixty-fourth congress will remain in Democratic control by an increased majority. Although there is uncertainty regarding the election in Utah and Nevada, the indications are that the new senate will consist of 55 Democrats, 40 Republicans and one Progressive.

Dry and Wet Vote.

Late returns indicate that two of the six states that voted on the question of prohibition decided to retain bars, while the other four went "dry." Ohio and California will retain saloons, while Arizona, Colorado, Oregon and Washington decided against them.

Ohio retained saloons by a good majority, and adopted a home rule amendment that was recognized as a saloon measure.

Missouri defeated the county unit system of local option, which precluded the rural vote on saloons in option elections.

Suffragists Get Two States.

Montana and Nevada, according to the latest returns, granted votes to women, while Nebraska showed such a small vote against the proposal that the women claimed the state. Missouri, Ohio and North and South Dakota refused to grant equal suffrage, the majority against granting the franchise to women increasing with the size of the population concerned.

In Montana, where workers of the American Woman Suffrage association made heroic efforts to win the ballot, the vote was so close that the official count will be necessary to decide the outcome, but the women have a slight lead on incomplete returns.

McHUGH.

Mr. and Mrs. Israel Hall and daughter, Cecil, have moved to Cass City.

Mr. and Mrs. Robert Coulter, sr., spent Saturday and Sunday with their son, John Coulter, near Cass City.

Quite a number of the women of our community attended the Ladies' Aid at the home of Mrs. William Collins' Tuesday.

John and Burt Kitchin entertained their cousins, Mr. and Mrs. Kelley, from Ontario the first of the week.

Leo Hall has moved into Israel Hall's house and Lec and John expect to work the farm.

Jason Clark visited at the home of Jason Kitchin last week.

Mr. Sly is moving his family into Leo Hall's house.

WICKWARE.

Mrs. Robt. Brown is on the sick list.

Mr. and Mrs. Floyd Emigh are spending a few days at Marlette.

Mrs. Guy Watson and Mrs. Wm. Watson spent the week end at Mooretown.

Wickware school starts Wednesday. The new schoolhouse is completed.

Mr. and Mrs. James Allen and daughter, Mildred, of Waters, Mich., Mr. and Mrs. Geo. Johnson, Mr. and Mrs. Ivan Vader and Mr. and Mrs. Dwight Barnes spent Sunday at H. Johnson's.

METHODIST CHURCH NOTES.

W. A. Gregory, Pastor.

Regular services Sunday, Nov. 8, with sermons by the pastor. A special invitation is given to regular non-church goers to attend one service next Sunday.

"Yes sir, if I'd only known enough to take advantage of it then, I'd have been a rich man now." Something along these lines is the common experience of most men. Each one of us has had many opportunities in the past, but mighty few of us are wise enough to recognize opportunity when it knocks at the door. Sunday morning's topic deals with "The Kadesh Barneas of Life."

Evening at 7:30: The story of a man who gave away his soul to watch a woman dance. This is the story of the man, not the woman though she will be mentioned. Not a sermon on dancing though that also will be mentioned. So if you are a devotee of the dance, don't be afraid to come. This will deal with the man chiefly and the woman incidentally.

EVANGELICAL CHURCH.

A. A. Scheurer of Pigeon will conduct quarterly meeting services here Saturday and Sunday. The quarterly conference session will be held after the Saturday afternoon sermon.

MISSIONARY ADDRESS.

Rev. T. F. Barker, a returned missionary from Turkey, will speak at the Mizpah Mennonite church in Evergreen township on Sunday morning, Nov. 8, at 10:00 a. m.

Mr. Barker has had about ten years' experience as a missionary in Turkey and will give an interesting address. A hearty invitation is extended to all.

THUMB NOTES.

Clayton Van Tassell, aged 32 years, took a large dose of arsenic Sunday afternoon at the home of Charles Kibbe, at Vassar, from the effects of which he died Monday morning at 3:10 o'clock. Van Tassell had been despondent for some time owing to his physical condition. After taking the poison he went to the office of Dr. Wellemeire where he tried to get something to counteract the poison. The dose he had taken, however, was too large and it was impossible to save him although every effort was made. He was conscious up to the last and expressed regret for his act. He suffered greatly from the effects of the poison.—Vassar Pioneer.

It appears that the hope of the Wets and their sympathizers that Lapeer county was to escape a local option battle next spring, inasmuch as the board of supervisors was not petitioned to submit the question to the voters at its October session, is to be doomed to disappointment. The Drys, it is said, are already circulating petitions to be presented to the supervisors at their January meeting, asking that the question be submitted to the voters at the April election. It is expected that the Wets of Sanilac county will present petitions at the December session of the supervisors in that county.

FAR FROM IDEAL

But Conditions in Northwest Not So Bad as Pictured.

Daysland, Alta., Oct. 28, 1914.

Editor Chronicle: Dear Sir—I notice by a recent article in your valued paper that our friend, Malcolm McPhee, is still in the "knocking" business, notwithstanding the showing-up given him previously by Rich. Parr. We had the pleasure of calling on Mr. Parr, in Edmonton, not long ago, and understood from him that Friend McPhee had met with a change of heart and was pretty well pleased with affairs up here, but evidently he has suffered a relapse.

While it is true that conditions here are far from being what we would like them to be, they are certainly not as bad as painted in McPhee's last letter. Naturally, some conditions are worse in the cities than in the smaller places, and this must be especially so in a city like Edmonton, which has had a phenomenal growth. Allow me to inform your readers that in this district the farmers have just harvested one of the best crops they have ever had, while prices are considerably higher than usual at this time of the year. Wheat will probably average between twenty-five and thirty bushels to the acre, some fields yielding over fifty, while oats have been running even over one hundred bushels to the acre and will average about seventy. Barley is also a splendid crop. These are statements which can very easily be verified if any doubt their correctness.

Your correspondent draws a bright picture of conditions across the line as compared with things up this way, but I have just received a letter from a friend in Minneapolis who informs me that there are thousands of men out of work there and it is a mystery how they can live. This only goes to show that adverse conditions are general and not confined to any locality, either here or there.

Yours, for fair play, A. A. P. McDOWELL.

BIG STOCK SHOW

International Live Stock Exposition at Chicago Nov. 28 to Dec. 5.

Getting ready for the International Live Stock Exposition, held this year from November 28th to December 5th, is a task of vast proportions of which the public has little conception. Each year it has been the policy of the management to provide additional facilities for exhibitors and enlarge accommodation for visitors. This work involves a heavy outlay annually and its only possible reward is public recognition. Steadily increasing attendance and growing magnitude of the display of live stock demonstrates the sagacity of the management in this respect.

This year the expanding disposition of the enterprise has necessitated material increase in the show ground

area. The historic Dexter Park locality, noted half a century back as the greatest speed track in the world, is to be utilized. A strong force of men is engaged in the conversation process which will be completed a month hence. These improvements and enlargements mean added space for exhibitors and comfort for visitors.

Compared with facilities afforded at the first "International" the housing of that institution this year will be incomparably superior. Hundreds of thousands of dollars have been expended on permanent quarters and although at no period of its career has the exposition lacked accommodation, 1914 provision in this respect will be considerably in anticipation of actual requirement.

George Burt and children, Mary, Nila and Marshall, and Mr. and Mrs. Will Burt spent Sunday at the home of William Loney at Hay Creek.

Mr. and Mrs. James B. Pettinger of New Bridgen, Alta., who have been guests at the home of William Lapeer for two weeks, went to Cumber to visit relatives Wednesday.

Wierd invitations to spend Friday evening at the home of Mr. and Mrs. G. W. Landon were received by the young people of Rev. H. C. Hayward's and Mrs. John Fanning's classes of the Baptist Sunday school. Following directions, about 45 guests assembled, masked and dressed in the most grotesque costumes available. Upon their arrival each person was tagged with a number and during the evening the company decided who's who, but not without some trouble. A gypsy witch ensconced in a dark tent told fortunes, surprisingly true in most details. Miss Ida Yakes won a pumpkin pie for her accuracy in guessing the weight and circumference of a huge pumpkin and various other stunts were done for the entertainment of the company. A lap luncheon consisting of autumnal viands was a crowning stunt of the evening. Decorations for the rooms consisted of black cats, jack-o-lanterns and witches.

PINGREE.

Telephone rates slightly raising in this town.

Suffered Twenty-One Years— Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,
MRS. JOSEPH CONSTANCE,
Rapides Par. Echo, La.
Personally appeared before me, this 15th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The bride's gown was of blue messaline. The couple will live at the home of the groom, a mile south of town.

DEFORD.

Ben Gage's building is ready for roofing.

H. Goodrich peddled onion three days last week.

Small buildings fell and large ones trembled on watch night, while the kids learned to laugh.

Mrs. J. B. Hickie is still having poor health.

Jay Ashby and family will move to California this fall.

Eugene and "Mack" Wentworth of Detroit are here and will settle on the farm as soon as Everett Niles can get out of the house.

"Hipe" Lester has bought a fine looking work horse. A beauty bay.

"Tim" O'Rourke is erecting a horse barn for Benjamin Sharp.

We are informed that the Free Methodists of Wilmot and vicinity will complete and dedicate their new church by the first of 1915.

John Russell has his house ready for the paint, and if the wallet holds out John will have it spread this fall.

Yes, the evil spirits were out last Saturday night. The writer lives outside the corporation and escaped easily. Of course things were some mixed Sunday morning but we focused our eagle eyes and righted matters before nightfall. Being a trifle of the Seventh day views in our politics, we went at our task without a sigh, but for those who have conscientious scruples at raising a sweat on the first day of the week our heart goes out. We termed it a work of necessity to find and hang the gate if the cow is liable to wander, and if the door is fastened then 'tis necessary to break a window.

At Jay Ashby's sale there were as many females as males and a finer bunch of lookers you never laid the eye on. Now that is where Jay made the mistake. The auctioneer seemed determined to stay among the "gals" selling "bric a brac" while the old "hayseeds" were raging to get bidding on the stock.

Howard Retherford is a 40-acre farmer but he has raised more bushels of products than any farmer within two miles of his little "one hoss" ranch, and there are 160-acre farmers hard by. Should any tiller of the soil with broad acres feel aggrieved this statement let him bring his amount of bushels to next South Novesta Farmers' Club.

Five miles south of Cass City where the farmers can read, a notion fell upon them and they have placed on Fred Ball's land at the corners new platform scale. There are 18 able bodied men in the company, each one armed with a key that he may weigh at all times and under all circumstances. The company will take in new members but no outsider can have the use of the balances for love or money.

Mrs. Margaret Livingston has spent some time the past week at Caro with her sister-in-law, Mrs. N. Hamilton, who is very sick.

NOKO.

The dedication of the M. E. church at Decker took place Sunday and a very large number assembled. They raised enough money for the expense of the moving and the new basement.

W. S. Kennedy returned home Friday, having been in Pontiac and Detroit the past month.

We have another new telephone line, the Consolidated having been put through recently.

Mr. and Mrs. R. Shaw are attending district quarterly meeting at Bad Axe.

Thos. Chard, who went to the Soo, a short time ago, returned home stating it was very quiet in that region.

Rennie Saigeon has returned home from the Dakotas where he has been on a cattle ranch.

P. Lee has moved in Mrs. Hoop's house.

Frank Carbanon is going to work Mrs. D. Leslie's farm the coming year.

NOVESTA CORNERS.

Mr. and Mrs. Ray Brown of Decker visited the latter's brother, Uria Gooden, from Saturday until Monday.

Mrs. Fred Palmateer returned from Dryden Tuesday where she has been visiting the past week.

Charles Dewey of Melvin has been visiting at George Collins' for a few days.

Mr. and Mrs. George Collins left Saturday morning to attend quarterly meeting at North Branch.

Eugene Wentworth of Rochester, Mich, is calling on his brother, J. Wentworth.

Mr. Williams of Croswell is moving into Albert Bartlett's tenant house.

Mr. and Mrs. E. Biddle were at Cass City Monday.

KINGSTON-NOVESTA TOWN LINE.

Mrs. H. A. Dodge was a Cass City caller Monday.

Mr. and Mrs. Geo. Cooper visited relatives at Shabbona Sunday.

L. A. Murdick, teacher of Leek school, attended the state teachers' institute at Kalamazoo last week.

Mrs. Carrie Leek spent a few days last week with Mrs. Geo. Boughton.

Lillie Martin visited friends at Cass City a few days the first of the week.

Mr. and Mrs. B. Sharp and daughter, Gail, of Deford spent Sunday at the home of J. D. Funk.

Dr. and Mrs. Bates of Kingston were town line callers one day last week.

The official board of the Leek appointment met at Geo. Martin's Wednesday evening to transact business and lay plans for the coming year.

Mrs. James Osborn is entertaining her mother, Mrs. Tewksbury, of Koylton.

The Leek Ladies' Aid society will meet with Mrs. Stanley Fike Thursday, Nov. 8 for dinner.

John Whale of Cass City is helping Henry Sweet with his fall plowing.

Mrs. George Cooper entertained her uncle and aunt, Mr. and Mrs. Steven Mudge, of Cass City and an uncle from Minnesota the first of the week.

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS HAD A PURPOSE IN ALLOWING SIN AND DEATH TO REIGN THESE SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

W. C. T. U. HELD INTERESTING MEETING

Continued from first page. Excellent readings. Miss Martha Hart-sell of Kingston was successful in winning the medal which was presented by Rev. J. W. Hamblin in a short and interesting address. The evening's music consisted of selections by the orchestra and a vocal solo by Mrs. C. W. Campbell. The first hour of the Friday morning session was devoted to business. Reports of the district officers and superintendents were given showing good work along all lines. In lieu of a lengthy report of her duties as corresponding secretary, Mrs. Nina Cummings of Bay City spoke for a short time on the suffrage question. Mrs. Cummings is a woman with a capable

business personality and her talk was full of common sense ideas concerning woman's right to vote. Mrs. E. L. Calkins gave a half hour talk on "Methods of our Work" which was instructive and well appreciated by the delegates. A paper by Mrs. Mary A. Scott of Prescott was read by the secretary, Mrs. C. S. Bates. After the devotionals of the afternoon meeting, Mrs. Julia R. Parish gave an address full of instructive ideas for all W. C. T. U. workers. During her talk she showed the impossibility of the union joining with any other society and still maintain its own standards for it has a work which no other organization has as yet chosen to perform. A splendid paper on "Non-Alcoholic Medication," by Mrs. C. S. Bates of Kingston was given. Mrs. Bates is superintendent of the medical temperance department and

from her paper one easily learned that she was keeping up to the times along these lines. She first stated the four distinct purposes of her department, (1) to inform members of the W. C. T. U. of the opinions of and the objections to the use of alcohol in medicines expressed by physicians of note; (2) to acquaint the membership with the devices of patent medicine manufacturers; (3) to reach the public through the local unions; (4) to win physicians who still prescribe alcohol. Mrs. Bates used pamphlets and books prepared by state food and drug commission in her talk in which various fake preparation were exposed. Mrs. Calkins conducted a question box and round table talk at this time and gave some fine pointers on the work of the local union. A fine paper, "Your Child of Today, the Man of Tomorrow," by Mrs. Margaret E. Lester of Mt. Forest was read, and a half hour's discussion followed.

The closing session of the convention was well attended. A violin solo by Paul W. Fritz and a vocal solo by Miss Anna Finkbeiner with a short scripture lesson occupied the first half hour and then Mrs. Calkins was given the time for her final address. Mrs. Calkins has been in the temperance work for thirty years and is able to show that the temperance cause is succeeding without a doubt. After a few paragraphs of oratory concerning the excellent prospects of our great country to always lead and always be of a strong character, she stated that all questions decided by Americans finally appealed to their consciences and that in this way all organized wrong must be downed. Mrs. Calkins has been at Lansing during the last two state legislatures and gave the audience a graphic and interesting account of the defeats of the state wide prohibition bill, exposing some of the crooked ways in which bills are passed or defeated just as the committee in charge desires. In speaking of local option, Mrs. Calkins called it a school of experience and said it reminded her of an attack of chills and fever. Nevertheless she said, "Hold fast to your local option until you get state wide prohibition." Officers of the district for the coming year were re-elected as follows: President, Mrs. Minnie A. Shoemaker, Kingston; vice president, Mrs. Mary Hawley, Caro; corresponding secretary, Mrs. Nina Cummings, Bay City; recording secretary, Mrs. C. S. Bates, Kingston; treasurer, Mrs. Carrie Everett, Kingston. Other vice presidents and superintendents were also elected but it was not decided where the next convention would be held.

Tents in India.

The manufacture of tents is numbered among the leading industries of India. The large demand for them is attributed to "the more or less transient character of a large part of the population and to the fact that the art of manufacturing tents has been brought to such perfection that they serve the purpose better than the average house of the poorer classes."
