# **NEXT TUESDAY IS**

STORES WILL CLOSE AND BUSI-NESS PEOPLE WILL SHOVEL GRAVEL.

Next Tuesday, August 22, is road bee day for the business men and high school students of Cass City.

Messrs. Auten, Hooper and Townsend were appointed as a committee at the meeting of the Business Men's Association Tuesday evening to interview local business men. They found local merchants ready to participate and all agreed to close their business places next Tuesday so that the business men and their employes might assist in improving highways in this vicinity.

Two stretches of highway will be made into first class roads. One is the river road one mile south and about two miles west of Cass City. The other is the fifth mile west of Cass City. The latter was the subject of improvement at a road bee two state reward road.

#### WM. C. SANSON TALKS TO THE REPUBLICANS THROUGH THE CHRONICLE

I have tried to see the Republican voters of the county. To call on all of them would take two or three years. It is very hard for a farmer candidate to find time to campaign. While the village candidate is "on his vacation," the farmer must be "on the job" the hay, the harvest, praying for help which he cannot find. Surely the farmer candidate should be excused for flying trips across townships, with all the work piling up at home in his absence.

The primary comes the wrong time the year for the farmer candidate. From the time he commences to plow for corn until the oats are gathered, it is a veritable grind. Do not misunderstand me—I want to meet you, every-one, but this seems impossible.

Why should this be necessary? In every township are men in whom you have utter confidence. Several of those men are well acquainted with me. have worked together for the good of the Republican cause. Ask them about

Sanson. Find out if he's fit. It takes a lot of time and money to go through a campaign, and when your friends throughout the county urge you to enter the race and you feel that you must win if you enter, it behooves a fellow's friends to boost.

Now Bro. Republican, I believe I am justly entitled to your vote August 29. While two candidates may be equally qualified, it would seem but just to give your support to the candidate and township that has never had anything. My opponent, Mr. Gollan, has had two terms of the best office at the best time in the history of the county. I have simply been a worker, dependable, without money and without price.
If nominated and elected I will do

my very best to please you. Go to polls August 29, and cast your vote for Wm. C. Sanson for County Treasurer—the fellow who has always tried to play fair and upon whom you will confer a favor greater than you

Thanking you sincerely and believing you will give me your support, I

am trustingly, Wm. C. SANSON. -Adventisement.

#### SIDEWALK ALL THE WAY TO FAIRGROUNDS

Street Commissioner Hutchinson and his crew of workmen have just completed a cement sidewalk from the Striffler & Patterson store north on Ale street to the fairgrounds. This is an improvement which will be greatly appreciated by the public.

The completion of the walk on the north side of East Main St. earlier this summer together with that just completed on Ale St. will be a great convenience for the crowds attending the Cass City Fair Sept. 19-22.

Popular Young People Will Begin Wedded Life in Cass City.

On Tuesday, August 15, at the home of the bride's parents, Mr. and Mrs. Wm. D. Striffler, occurred the marriage of their daughter, Ethel, to Robert H. Orr.

Rev. S. Cormany, pastor of the Evangelical church, was the officiating clergyman and the ceremony was performed at noon. The wedding was a quiet one, witnessed only by the immediate relatives of the bride and

The bride was becomingly attired in white embroidered marquisette and the couple were unattended. Following the ceremony, a wedding dinner was served.

Mr. and Mrs. Orr motored to Kingston where they boarded the train for Detroit Tuesday afternoon and will be the guests of Mr. and Mrs. Howard L. Wheaton in that city for a week.

Mr. Orr is the efficient and popular pharmacist at the Wood Drug Store. His bride is a graduate of the Cass City high school and for nearly four reporter on the Chronicle staff. Both young people have a host of friends in leased the residence of Mrs. Jessie Pettit on Garfield Avenue.

## SHABBONA DEFEATS CASS CITY, 6-4

CATCHER STOUT KEPT LOCALS HUGGING BASES QUITE CLOSELY.

Shabbona has established itself as classy rural team and Friday showed its strength when Cass City by a 6-4 score.

Kienbaum and Stout, the battery for Shabbona, were the visitors' stronghold. Kienbaum pitched a good game, striking out eight men, while Etout kept the locals hugging the bases pretty close. Those who ventured far from the sacks were often caught before they got back to the safety zone.

Dickinson, pitcher for Cass City, had an off day and his support was marvelously in keeping with the pitcher's condition. Thrice local players heaved the ball high over the first and third basemen's heads, others dropped the ball at critical periods and the playing generally was far from tight and snappy.

Grimes snuffed a hot liner in the fifth inning and Burke captured a difficult foul and won admiration of the fans in picking up a snappy grounder. Calhoun relieved a tense situation in the third inning with two on bases when he ran from middle field and in the gubernatorial primary, is the made a shoe string catch of Van Norman's fly.

A check for \$8,560.07, representing Tuscola county's share of the state automobile tax was recently received in the office of County Treasurer H. S. Wickware for apportionment among the various townships.

This money accrues at a certain percentage of the automobile taxes paid by the owners to the state and is apportioned to the various townships and cities according to the amount of license the owners resident there pay. There is a definite provision that the money, when apportioned to the various districts, is to be used for the repair and upkeep of improved roads.

This fund will be apportioned to the townships by the supervisors at the

More than forty (40) counties have clerks now serving from three to ten terms, and about twenty-five (25) more were preceded by clerks who served from three to eighteen terms. This leaves only about a dozen counties in the whole state which make even an attempt to adhere to the two term rule in connection with the clerk's office. I believe this prejudice, which still holds to some extent in litical party, but the party enrollment this county, comes largely from those feature has been repealed, and "any who are unfamiliar with the work of elector who is legally registered and that office and do not realize the vast amount of detail work there is in connection with the Clerk's office, and for that reason give little consideration Under this law voters will not be to experience or qualifications of the restricted to the use of the primary a mere matter of personalities. conditions of the work in the Clerk's not honestly believe that the present clerk can give you better and more efficient service than you can reasonably Experience and ability are recognized as reasons for retaining the services of competent men in League of Lapeer county, consisting all other lines of business—why not

I believe a great many voters get somewhat confused when considering the term of this office with that of Judge of Probate as I am reminded by some of the fact that Judge Clark would not consider a third term even after a strong solicitation by his friends, but it is well to remember that when the Judge of Probate serves for two terms he has been on the job for eight years and nobody would suggest making it any shorter but a great many even deplore the fact that the Judge would not enter the race for another term. I believe that you will agree with me that it is not a fair comparison. I also believe if you will lay aside all prejudices that are likely to arise during a political campaign like this and consider it carefully you will come to the conclusion that the fact that I have already been clerk of this county for over three and one-half years is really an argument ballot of the party with which they order to eliminate this prejudice it is were last affiliated, but may support simply a matter of familiarizing the than I could possibly do the first term the candidates of any party they voters of the county with the actual or you can reasonably expect from conditions of the work in the Clerk's any new man. Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medigine acts thru the blood on the mucous surfaces of the System.

Drink Hot Water and Take Tassco.

medicine to reduce your flesh? Some thing that does not require dieting or calisthenics? Well, right here you have it in 5-grain tassco tablets, which you may secure at any drug store. They are pleasant to take, perfectly harmless and cause no restrictions of habit or eating, and reduce the flesh, little by little, until you are down to the number of pounds you wish to weigh. Too much flesh is un desirable, as most quite stout people will readily admit, and it detracts from one's good appearance; makes one clumsy and short of breath.

There isn't any reason why anyone should be too stout, when there's this much-tried, perfectly satisfactory remedy at any drug store. Tassco tab-lets (don't forget the name) are recommended by physicians and are guaranteed to be perfectly harmless. Refuse substitutes, if you can not come to our store, we will mail tassco

Popular Boston Lady Says Tonoline Has Proven a Godsend to Her.

It is always interesting to listen to the statements of our friends, and especially when you know they are sincere and honest in what they say. Added interest is created in a statenent coming from one who has spent a lifetime in Boston, where she is well nown socially.

Such a person is Annie Stewart, who resides in Boston, and is possessed of the respect and confidence of her associates, and is willing for anyone to call on her to verify the follow ing signed testmonial.

have suffered with stomach trouble for the past seven years. It took the form of indigestion and dyspepsia. I had dizzy spells and headaches, and after I ate a little food it would ferment and cause gas to form in my stomach. I had pains all over my body, and was chronically consti-pated. My liver was torpid, and I felt generally miserable. I had doctored and had been in the hospital, but received no permanent relief. I was so nervous and restless that at night I could scarcely sleep. The gas pressing STOPPED under my heart caused palpitation, and when I arose in the morning I was just as tired as when I retired. About wo weeks ago I began to take tonoine, and I can truthfully state that it has done wonders in my case. I am feeling like a new woman and can eat any kind of food. I sleep the night through and have no more aches or pains; in fact, it has cured me, and I am recommending it to all my friends as it has been a God-send to me."

## Bringing Home the Bacon

That's the solid satisfaction of hog raising—to bring home the bacon. It's fine business to count a good round profit at the end of the season.

Every pig saved helps bring in the money. Disease robs many a farmer of his reward. Build a good hog house. It will help you raise healthy pigs.

Drainage and sunlight are the best natural advantages that a hog house can have. The material for construction need not be costly. The main thing is that it be wisely selected.

Come in and let us help you decide.

## Tuesday, August 29 is DE LAVAL Service Day at Our Store

For the benefit of our many customers and users of De Laval Cream Separators we have established a DE LAVAL SERVICE DAY.

On this date we shall be glad to have any De Laval user bring his complete separator to our store for a thorough and careful inspection and adjustment, which will be made free of charge. Should any parts, due to unusual wear or accident, need to be replaced, this will be done, the only charge being for the price of the new parts used. No charge will be made for the service.

A De Laval service man will be with us to assist with this work. Bring in your De Laval Separator that day and receive the benefit of his advice on the care and operation of the machine, as well as the free service. It is our wish and that of the De Laval Company, that every user of a De Laval Separator get the maximum of efficiency at the minimum of cost, and we therefore urge you to avail yourself of this free and useful service.

COME EARLY AND AVOID DELAYS. TELL YOUR NEIGHBOR.

### THE OFFICE, THE PARTY, AND THE MAN

WILLIAM H. HILL Candidate for the Republican Nomination for United States Senator August 29th,

William H. Hill is a Republican and it is as a thorough-going, uncompromising Republican that he offers himself at the Primaries August 29 for the Republican nomination for United States Senator. But there are certain characteristics

of Mr. Hill's Republicanism that he wishes thoroughly understood. He is neither a radical, nor a conservative;

least of all is he a reactionary.

By radicalism Mr. Hill understands action not based on good judgment and common sense; by conservatism, a lack of action that amounts to timidity, failure to grasp new conditions; by reactionism, no action at

all—stagnation.
Mr. Hill is progressive in his practice and application of Republican theory and doctrine. By that he means that he recog-

nizes new facts, new conditions, when they arise and believes that theory and principles of government should be adapted to fit these new facts and conditions.

There should always be progress. One cannot stand still. One should advance with the times—molding and adapting principles to the new problems that arise, but never altering the fundamentals. It is this sort of Republicanism that Mr. Hill practices and will practice.

That he has the courage of his convictions was proved in 1912 when, believing that the conditions of that hour demanded it, he followed Colonel Roosevelt. He ran for Congressman-at-large and polled the largest vote, next to Roosevelt, running ahead of his ticket 20,000, and exceeding the vote of the Republican

nominee for governor by 5,000. Mr. Hill remains unshaken in his belief in the soundness of the progressive Republican theories. Those who believe in progressivism as a necessary element in all political theory and who supported Mr. Hill so generously in 1912 may rest assured that the same ideals of government for which he stood at that time will actuate his conduct if he is nominated

for United States Senator and elected on the Republican ticket. Support him as you did four years ago and it will mean that the advocates of progress and humanity will have a friend in court. The Primaries are August 29th. Get out and place an X before the name of Wm. H. Hill.

## You Can Afford Good Light

You up-to-date farmers who own your property—take pride in your home and love your good wife and children—you should have good light.

The day has passed when good light in the farm home could be considered a novelty or expensive luxury. Nor is it a matter of big investment. Today good light is an inexpensive necessity.

## Pilot-Carbide-Outdoor Lighting and Cooking Plants

have totally changed the old fashioned methods of house and barn lighting and cooking in the country home.

Hundreds of thousands of progressive farmers in all parts of the country have selected the PILOT because they were quick to recognize the value of good light its safety and the convenience it brings them and their families. These country home owners—men like yourself—found they could easily afford the moderate investment for their PILOTS.

#### So can you afford it.

You can afford that new mowing machine, seed drill, and sulky plow. You can afford all the improvements that make your place a model farm, because they save you time and work.

Think of your good wife. She is your business partner. Her duty has been to make your home. She has done it well. She has contributed as much to your success as you have yourself.

The PILOT is going to save *her* a lot of hard work—dirty work—filling, cleaning and carrying lamps about the house—the meanest work a woman has to do. Think, too, what a gas cook stove will mean to her on hot days and when quick meals are wanted in a hurry.

If you can afford improvements for your farm, surely you can afford this one great improvement for your home—your wife—and your children. It is the one thing that you and your whole family will enjoy every night—365 times—every year.

Consider the PILOT from every standpoint-safety, comfort, convenience and better living. Your decision will be what 300,000 other country home owners have decided—you can't afford to be without it.

Write for illustrated catalogs and descriptive booklets giving all the facts. Find out, today, about the PILOT.

HANDCUFFED TO A CHAIR, BAY CITY LAD MAKES HIS ESCAPE.

Herman Zurick and his family of Reese journeyed to Bay City one evening last week to attend the theatre and left their automobile standing in front of the Grotto theatre. When they went to get the machine to make the homeward trip, they found it had been stolen. As soon as the theft was reported to the police, word was sent out to all surrounding towns for the officers to be on the lookout for the

Night Watchman Frank Murphy of Vassar discovered a boy driving a machine at an unseemly hour and nabbed him. After questioning the lad the officer became convinced that he had captured the right person. The prisoner was taken into the water works station there and handcuffed to a chair after which the deputy went out to phone the sheriff. The lad, who gave his name as F. Johnson and his residence as Bay City, broke up the chair and made his escape.

🛊 How To Fight Tuberculosis 🔅 \*\*\*\*\*\*\*\*\*\*\*\*\*

Why Concentrate on Consumption? disease that carries people off untimely—so why select it as the center of attack? People die of heart disease, cancer, Bright's disease and other ailments whose very names carry a sense of hopelessness to the people. Even pneumonia kills more people than does consumption—that is, in Detroit. So we concentrate on con-

sumption. Well, let us take for example pneumonia and consumption. It has just been said that pneumonia kills more people than does consumption—in Detroit. But consumption kills more people than does pneumonia-in Michigan. The apparent precedence of oneumonia as a man-killer IS ONLY LOCAL, you see. City conditions make for a large mortality than do country conditions.

But pneumonia is so largely dependent on personal hygiene, and so little caused by general social conditions, that it is largely a question of a man's care of himself. So is consumption, for that matter, but in a slightly different way. If a man allows himself to become run down, if his habits are bad so that when he once begins to run down he will go fast, if he allows himself to get in so precarious a con- Celebrates 84th Birthdaycition that the loss of a meal or a chill caused by waiting for the car will be sufficient to turn the balance, that is himself. Many men do get well of pneumonia, but very seldom a man who has "lived well" (which means that he has not lived well at all) and himself or abused his strength beyond a great deal of his time in the open,

But why concentrate on consumption instead of other diseases like pneumonia?

1. Because consumption attacks all ages, whereas the diseases we have named usually attack the mature. those whose work is fairly well done. Consumption takes manhood and womanhood at its earliest

2. Because consumption is so much nore treacherous than other diseases. Other diseases declare themselves early. When consumption can be diagnosed by the eye, or is made apparent to the feeling of the victim, it ago, is in a critical condition. is almost too late. Other diseases at least give warning-consumption does | City has been assisting at the hospital

3. Consumption becomes a menace -a social menace—in a degree not reached even by the more violent contagious diseases, for the more violent they are the earlier they become apparent and the more easily they are controlled. Pneumonia is contagious but the pneumonia victim does not walk around for months, sometimes for years, spitting infectious matter, as the consumptive too often does.

4. Another reason for concentrating on consumption is that it cannot be treated medically, as other diseases direction.

5. Another big reason is that the work you do against consumption applies to so many other diseases that you are really fighting them without specially intending to. Consumption is the king-bee, as we say, of impure air diseases. It is the big impure air disease of the world. If you destroy the conditions on which it thrives, you also destroy the conditions on which other impure air diseases thrive, and so accomplish very much more than

might have been in the original plan. But this is not true vice versa. It is not true that if you went out to fight pneumonia you would find consumption surrendering to you too. Because, in the germ world, consumption is the big boss. You might direct your fight against lesser diseases without affecting consumption; BUT YOU CANNOT DIRECT YOUR FIGHT AGAINST CONSUMPTION WITH-MAJORITY OF OTHER GERM DISes in diameter, very best standard drill cover, with fasteners to put it up enemy and you have demoralized enemy and you have demoralized them all. This is the Goliath, at men have helped to gain in the twelve whose slaying the hosts of the aliens suffrage states for the protection of will flee.

Thus are suggested a few of the reasons why attention is concentrated on consumption.

There are other reasons, of course, such as the long, lingering death of it, the house infection it bequeaths us, them to trim up the marriage chapel in the family infection which it leaves behind, the food and utensils it contaminates, the very dust of the streets which is loaded with germs. Pneumonia doesn't carry off the whole family-wife and children-when the husband dies. Consumption frequently does. The pneumonia victim does

the streets as the consumptive does. No. When you begin to compare things—CONSUMPTION IS FOUND TO BE LEADER OF THE HOSTS Consumption is not the the only OF DEATH, AT WHOSE FALL DIS-EASE WILL SUFFER ITS SE-VEREST BODY BLOW.

### WHO CAN VOTE IN THE PRIMARY.

Any male citizen who is 21 years of age and has been a resident of this state for six months and of the precinct (ward or township) twenty days, is entitled to vote at the August Primary. No enrollment is required and no registration will be held previous to August 29th, but any voter who is qualified as above may register and vote on primary day. So do not believe or allow any one to persuade you that you can not vote for any reason whatever. The only reason under our present primary law that a citizen cannot vote is because he doesn't go to the polls.
