The Earles do two high class acts. One is a combination of double trapeze and Roman rings. They introduce the most difficult muscular work, both single and double. The other act is a swinging aerial ladder by Miss Earle, a very catchy sensational feat. The young lady performs on a frail rladder swinging at a height of 25 feet doing the most dangerous drops and hanging by teeth and neck.

The fifth act is a muscular and flying ring act by Copeland. In this act is introduced all the most difficult feats' and muscular work, drops, catches and somersaults in mid-air on two flying rings.

Regarding Exhibits.

'secure strong exhibits in every depart- is taken as an indication that the govment at next week's fair. They want to pay premiums for a two-fold purpose. In the first place, they desire to have every department filled so as to Burke's Drug Store. Fresh stock.

make a large and interesting exhibi-BALL GAMES, HORSE RACES, tion. In the second place, the more that is paid out for premiums, the larger would be the amount the local fair will receive next year from the appropriation made by the state for state, district and county fairs. Residents of this section have not been slow in building good roads and reaping the benefits of the state reward law. Secretary Hunt expresses the desire that they apply the same principle in promoting the fair. Make more exhibits so the fair officials can pay out more

Size up your flocks and herds, the products of your farm, garden and orassociation. And lest you forget, the er once more in an informal, friendly clerks in the entry department ask way.

Bad Axe Day Thursday.

Thursday, Sept. 21, has been desigated as Bad Axe Day at the Cass City Fair when the Huron county town will be represented by a large lelegation.

Cass City sent a big delegation to he Bad Axe Fair last Friday, several going by rail and many more in utomobiles.

Three strong reasons urge you to buy the Ford car: First, because of its record of satisfactory service to more than fifteen hundred thousand owners; Second, because of the reliability of the Company which makes it; Third, because of its large radiator and enclosed fan, streamline hood, crown fenders front and rear, black finish, nickel trimmings, it is most attractive in appearance. To these must be added its wonderful economy in operation and maintenance—about two cents a mile; likewise the fact that by reason of its simplicity in construction anyone can operate and care for it. Nine thousand Ford agents make Ford service as universal as the car. Touring car \$360, Runabout \$345, Coupelet \$505 f. o. b. Detroit. On sale at

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled

cigarette unless you get on talking-terms with Prince Albert tobacco!

P.A. comes to you with a real reason for all the goodness and satisfaction it offers. It is made by a patented process that removes bite and parch! You can smoke it long and hard without a comeback! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P.A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheerfullest investment you ever made!

In Memoriam.

In loving memory of Herbert Wilson, who died one year ago today, Sept. 13, 1915. We often sit and think of him When we are all alone For memory is the only friend That grief can call his own. Sad and sudden was the call Of he so dearly loved by all. His memory still is very dear And oft is shed a sorrowing tear. From the loving Family.—Adv.

Bills of Fare For the Children's Home Lunch

Eggs-boiled, coddled, poached or scrambled-bread and butter, spinach or other greens, cake.

Reef stew with vegetables, milk; crisp, thin tea biscuits, honey. Dried bean or pea puree, toast, baked

apple, cookies. Vegetable milk soup, zwieback, rice with maple sugar and butter or with milk or cream.

Potato chowder, crackers, jelly sand-Cold meat, creamed potatoes, peas,

bread and butter, frozen custard or plain ice cream and plain cake. Lamb chop, baked potatoes, bread and butter, sliced mixed fruits, cookies.

Baked omelet with spinach, kale or other greens, bread and butter, apple sauce, cake.

Milk toast, string beans, stewed fruit,

Boiled potatoes, codfish gravy, bread and butter, lettuce, custard.

Home Cookery

Apple Sponge.

Half a cupful of sugar, half a cupful of milk, two eggs, one and a half cupfuls of flour, two teaspoonfuls of baking powder, half a teaspoonful of salt, five sliced apples. Beat eggs, add sugar, flour in which baking powder has been sifted and milk. Beat well, add apples. pour into buttered baking dish, bake in moderate oven one hour and serve with sugar and cream.

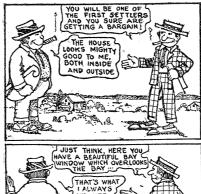

Cold Meat With Pea Salad.

Slice some cold chicken or lamb in equal sized slices and trim carefully. Place these, overlapping each other, on a chilled platter, and around the meat put crisp white lettuce hearts filled with cold cooked peas mixed with plenty of mayonnaise dressing.

Gooseberry Ketchup.

Cook the gooseberries in a little water until soft. Press through a colander to remove the skins and then through a sieve to remove the seeds. Add two-thirds as much sugar as fruit, and cinnamon and cloves to taste. Cook slowly a half hour and bottle hot.

Bay Window Loses Its Value

Making Bouquets · **********

In making bouquets or arranging flowers in vases amateurs often make the mistake of placing all the leaves around the outside and of massing the flowers tightly. This is suitable for a small corsage or buttonhole bouquet, but is not good for other purposes. 'The as to present a natural, growing look, and not enough flowers should be placed in one vase to give a crowded appearance. The simplest and surest anced bouquet is to put the foliage in the vase first, using enough to make the leaves stand up nicely and not enough to crowd the vase. Into this foundation stick the stems of the blossoms, making sure that they reach down into the water. It is easy by this method to make few or many flowers show off to advantage. Even when a bouquet is to be taken away this will be found the surest method of securing good arrangement.

The Newest Jabot

Out of 175 designs for fall neckwear the handsome jabot here illustrated, originated by the Association of American Neckwear Manufacturers. was chosen for its chie effect. The

fabric is white net, daintily embroidered in tiny daisies, the high standing collar being attached to the jabot by narrow black moire ribbon.

String Bean Salad.

String the beans and boil whole When tender and cold slice each length wise and place them carefully cross wise on a platter. Season them an hour or two before serving with a marinade of a little pepper, salt, three spoonfuls of vinegar and one spoonfu of olive oil. Just before serving drain off and mix with salad dressing.

Frozen Desserts

Dainty Frozen Pudding.-One quart of very ripe blackberries, two cupfuls of water, one and one-half cupfuls of sugar, a pinch of salt, one tablespoonful of lemon juice, one-fourth cupful granulated tapioca, one cupful of whipped cream. Cook and mash the blackberries through a very fine strainer Add the sugar and salt. Boil the tapioca in the two cupfuls of water until clear: When cold add the blackberry and lemon juice and freeze.

Frozen Currant and Raspberry Punch. -Two cupfuls each of ripe currants and raspberries, two cupfuls of sugar, two cupfuls of water, half cupful of prange juice. Crush currants and put them into an agate saucepan with one cupful of water. Boil for three minutes and mash through a fine strainer. Mash raspberries and cover with one cupful of cold water. Boil the sugar and water for three minutes and cool

Frozen Banana Pudding.-Three cupfuls of milk, one-fourth cupful of cornstarch, one-half teaspoonful of salt two cupfuls of mashed bananas, one cupful of sugar, one teaspoonful of lemon juice. Put the milk on in a double boiler. When hot add the corn starch, sugar and salt, mixed with cold milk until smooth. Cook for twenty minutes. When cold add the bananas. The lemon juice is added just before closing the freezer. Freeze.

Frozen Caramel Custard.-One quart of milk, two cupfuls of sugar, one-half teaspoonful of salt, one teaspoonful of maple flavoring, two eggs, four table spoonfuls of cornstarch. Heat the milk in a double boiler. Mix the corn starch with a little cold milk, two eggs well beaten and one cupful of sugar. Add salt. Cook for ten minutes. One cupful of sugar is melted and slightly burned. To it add half a cupful of cold milk and add to the custard. When cold add the flavoring and

Camellia was named from a missionary in the orient, Kamel. ❖ On his return to France he brought with him some gorgeous * specimens of a flower which he * called the rose of Japan. His * friends, however, gave it his name, Camellia,

FAT FOLKS MAY NOW BECOME SLIM QUICKLY

Be Moderate in Your Diet, Breathe Deeply, and Take Tassco.

Fat persons, particularly those from 10 to 30 pounds above normal system are many. As the game grew weight will be interested to learn that in speed and strategy one could not they may easily reduce their weight handle all the plays. without starvation diet or tiresome

exercise. This can best be done by being moderate in your diet, so that you will not over-tax your assimilative

Tassco may be obtained from any druggist in 5-grain tablets, take one after each meal and one before retiring at night. They cost little, are last fall from Whitman college, Walla absolutely harmless, are pleasant to take and are designed to reduce fatty accumulations in the system wherever

A few days' treatment should show a noticeable reduction in weight, the flesh should become firm, the skin smooth and the general health improved, in fact your footsteps should even become lighter, your work seem the veteran shortstop, who started the season with the Chicago Cubs and easier and a lighter and more buoyant feeling take possession of your whole

being.

Every person who is 10 or 20 pounds over normal weight should surely give this treatment a trial. You will probably find that it is just is the treatment and the state of the principal to the Baltimore Federals in 1914. He is the trial before player signature. what you need.—Adv. 9-1-4

IN THE WORLD OF **SPORT**

Buck Weaver, Chicago White Sox Infielder.

Photo by American Press Association.

George D. (Buck) Weaver, who so far this year has been covering third base for the Chicago American league team, is one of the best infielders in the game. He is a veteran player and last year played shortstop with the redoubtable Eddie Collins on the other side of the diamond. These two stars formed the backbone of the defense of the Chicago infield. Weaver is a sensational fielder and a strong and accurate thrower. Last year his fielding average was .939 and he batted .268.

Holding In Football.

Holding is prohibited by the rules because it does not belong to the game of football. It is unfair play. It eliminates skill. The slowest man in the world could make a forty yard run in every play if the rest of his teammates would hold their opponents long enough. The game is to advance the ball by strategy, skill and speed without holding your opponent.

Perhaps a good game could be invented the object of which would be to advance the ball as far as possible with the assistance of holding your opponents, but it would not be football.

if he asks you it would probably become a team wrestling match and, unless drastic to try a can of rules rigidly enforced prevented it, a free fight. If your coach cannot show you how to gain distance without holding your opponents get another coach. It is fair to assume that he does not understand the strategy of the game .-Football Rules Committee.

The Football Code.

For the benefit of those who are just beginning to learn the game, the football rules committee has decided to publish in the official book of rules the following suggestion, among others:

"You may meet players, and even coaches, who will tell you that it is all right to hold or otherwise violate the rules if you do not get caught. This is the code that obtains among sneak thieves and pickpockets. The crime in

their code is getting caught "The football code is different. The football player who intentionally violates a rule is guilty of unfair play and unsportsmanlike tactics, and whether or not he escapes being penalized he brings discredit to the good name of the game, which it is his dufy as a player to uphold.'

Willie Kolehmainen to Live Here. Willie Kolehmainen, the great professional distance runner, brother to Hannes, recently arrived in this country from Glasgow. Willie Kolehmainen has been absent from the United States about four years, most

of which time he has spent in the British isles, competing in professional races there. He won the Powderhall Marathon, the greatest professional race in the world, in 1914; he was second in 1915 and again second this year. He plans to remain in this country indefinitely.

The Double Umpire System.

The use of two umpires in a game was a gradual development, and it was not until 1907 that the major leagues finally decided that two men should be used in each game. Previous to that time extra umpires had worked in partnership with regulars for several years, while other umpires worked alone. The advantages of the double umpire

Hahn Retained as Brown Coach. Archie Hahn, former Michigan athlete, twice winner of the dashes at the organs, by getting plenty of fresh air, by breathing deeply and by taking tassco four times a day.

Olympic games and coach of the Brown university track team this year, has been re-engaged for a long term, according to announcement by Professor last fall from Whitman college, Walla Walla, Wash. Norman Taber, holder of the world's record for the mile run,

is to assist in the coaching.

HOW DID YOU DIE?

By Edmund Vance Cooke. Did you tackle that trouble that came With a resolute heart and cheer-

ful? Or hide your face from the light of ďay

With a craven soul and fearful? Oh, a trouble's a ton, or a trouble's an ounce, Or a trouble is what you make it, And it isn't the fact that you're hurt

that counts, But only how did you take it?

You are beaten to earth? Well, well, 🖠 what's that?

Come up with a smiling face. It's nothing against you to fall down flat,
But to lie there—that's disgrace.
The harder you're thrown, why the

higher you bounce;
Be proud of your blackened eye!
It isn't the fact that you're licked that

It's how did you fight—and why? And though you be done to death,

what then?

If you battled the best you could,
If you played your part in the world

of men,
Why, the Critic will call it good.
Death comes with a crawl, or comes with a pounce
And whether he's slow or spry,
It isn't the fact that you're dead that

But only how did you die?

counts,

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for we will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine Circuiars free All Drugglats, 75c.

*********************** 🏞 How To Fight Tuberculosis 🚦

At Home or in Hospital?

Today we inquire whether a cure can take place at home as well as in a sanatorium. The answes to this must be qualified by, "it all depends." But this much is certain, thousands of cures have been made and are now being made in the patients' homes.

And what do the chances of a home cure depend on? First, on the earnestness and intelligence of the patient. Second, on the earnestness and intelligence of the family which surrounds him. Third, on the condition of the home itself.

Obviously the house must be a sanitary one. It must contain a room large enough, well lighted enough, and capable of enough ventilation to serve the patient's need. Better still, it must Physician and Surgeon. Office in Pleasant Home Hospital. Residence two blocks south of Cootes' hardware ber. Outdoor apartments are very cheap to build and are all but indispensable to a cure. The writer has in mind now the wife of a young civil engineer in very modest circumstances that means, they were dependent on Residence and office 1½ blocks south of Sheridan Hotel, Cass City. Office days—Wednesday, 9:00 a. m. to 4:00 p. m. Saturday, 1:00 to 5:00 p. m. poles so that it formed a continuation of the upstairs of their house—the back window being the door to the open-air room. Then, the patient must know enough not to reinfect himself with his sputum, and not to infect his family. What is more tragic than the ignorance of a consumptive in breathing or swallowing back into his system the 1,000,000 germs which his body has just ejected? The patient must know himself, know his peculiarities of temperature, know every day to cast off all care and rest. Again, his family must be in helpful conspiracy to assist him in every wayto have his special food ready at proper times, to see that he is properly clothed against exposure to the weather, to keep his utensils separate and always sterilized, and to help the patient to keep in that cheerful habit of mind which materially assists the cure. There is a legend that consumptive patients are always chcerful. Don't you believe it. They need hope and cheer and courage as much as anyone. So great has the race's be-'ief been in the fatality of this disease that it is hard even in these more

> pecomes less and less well founded. So you see that IF the home is all these things, it becomes favorable to it fully. But consumption is not the illness of a week or a month; it lasts many months; the cure is just as slow in coming as the disease was in disclosing its presence—and this long period makes for laxity.

hopeful times for the individual vic-

tim to view his own case without some

degree of fear. Fortunately, the fear

Again, these requirements presupintelligent. But you would be astonished to know how few are. You would be surprised how many patients try to cheat themselves. If they don't "feel" like their milk and eggs, they pass them by. If they "feel" like doing something they ought not to do, they do it. Like all sick people, consumptives are more or less subject to whims, and when they are their own master they usually follow the whim. That is the extreme danger of home treatment, the tendency to laxity, which in some cases-indeed, in very many cases—is fatal.

The answer to the question whether a cure can be affected at home is, then "It all depends" on whether the patient will obey the requirements—and the doctors and nurses will tell you how very few can be trusted to do so.

This is where the sanatorium comes in. Dr. Vaughn, Detroit's tuberculosis expert, calls the sanatorium "the training school." And the reason underlying this name is very suggestive. As a rule, home patients cannot be trusted to follow the regimen laid down for the cure of consumption. This is not because they are stubborn or indifferent, but because they are untrained. The cure requires them to change all their habits-or, as we have said before, to get back to healthful habits of living; and considering how unhealthful our common habits are. this constitutes a great change. Without any stimulus from without, persons don't easily change their halbits. They can't be trusted to do every hour of the day and night things which they have never done before and which they cannot see the reason for doing now. They must LEARN the cure just as if it were a new profession they are taking up. The sanatorium, therefore, becomes the school wherein they are

How to Build Up or Tear Down is to bring your purchase problems in the Drug, Kodak and Supplies or Wall Paper line to This Community

By J. O. LEWIS

Help Yourself by Helping Your Town.

HE attitude you maintain toward your home town-its business men and its institutions—is reflected in the success or failure of the same. The success and happiness of every citizen in any community lie in the interest he takes in that community and the good work he can do to assist in its upbuilding. EVERYTHING YOU DO TO HELP IN THE ADVANCEMENT OF YOUR OWN COMMUNITY YOU DO JUST THAT MUCH TOWARD YOUR OWN PERSONAL SUCCESS. No man can live and prosper unto himself alone, for you are interdependent, and, realizing this, as good citizens, you should unite and pull together for the common good, and, doing this, you will prosper as a community and as individuals.

NO TOWN CAN STAND STILL. IT MUST EITHER GO FORWARD OR DECLINE, AND IT IS UP TO YOU TO SAY WHICH IT WILL BE.

Some towns hustle and grow-that is, the people hustle and the town grows. They get the habit of boosting until every citizen becomes a booster, and pretty soon its reputation spreads and it becomes known far and wide as a good town, while others lapse into a state of innocuous desuetude-an easy rock along manner—that soon classes that particular place as a dead one.

If you are knocking and complaining stop it. Nothing hurts a town more If you cannot say something good don't say anything, and, above all, don't knock. If you are not a booster become one

The success of the retail merchant depends on the patronage of his home people, the home jobber is largely dependent on the patronage of his home retailer, the banks are dependent likewise on the success of all, while the suc cess and happiness of the people depend on the success of the business men.

Now, one of the greatest injuries you can do your home town or community-to the business men who are dependent on your patronage-is to order your goods from mail order houses or patronize merchants in other towns. Every dime sent from your community to a mail order house is removed entirely from local circulation. Its principal and interest are both gone, whereas the money spent with the home merchant goes immediately into circulation and in due course comes back to you.

THOUSANDS OF DOLLARS ANNUALLY ARE BEING SENT TO MAIL ORDER HOUSES FROM THIS COMMUNITY, THUS DEPRIVING HOME MERCHANTS OF THEIR RIGHTFUL PATRONAGE.

And yet, no matter how much the home merchant is dependent on the patronage of his home people, he is supposed to give and to aid in every work undertaken for the material betterment of the town, and he does, being often coerced into giving by the demands of his customers, fearing to offend them because of the fear of loss of their patronage.

UNLIKE YOUR HOME MERCHANT, MAIL ORDER HOUSES PAY NO TAXES OR PRIVILEGE LICENSE TO DO BUSINESS IN YOUR COM-MUNITY. NEITHER DO THEY CONTRIBUTE TO YOUR CHURCHES, SCHOOLS, PUBLIC ROADS, CHARITIES OR ANYTHING ELSE, AND, ABOVE ALL, THEY GIVE NO EMPLOYMENT TO ANY ONE INSYOUR FAMILY OR HOME TOWN.

You want your schools kept up, your churches supported, your streets kept in repair, your town properly policed and protected by a good fire fighting equipment, etc. In other words, you want your town to prosper, be well run and the people to be happy and contented. YET IF YOU ARE SENDING YOUR MONEY TO OTHER INSTITUTIONS IN OTHER CITIES AND TOWNS YOU ARE DEFEATING THE VERY OBJECT FOR WHICH YOU STRIVE.

Now, this town building is a serious matter-a great big proposition-and if you are not treating it-its business men-fairly you are not treating your self fairly. You are undermining the very foundation of your well being. To be continued under the title, "THE FARMER AND THE MERCHANT."

The Success of This Business is the making sure that the buyer who looks to us for service and satisfaction will never be disappointed.

TONOLINE IS BEAUTY AID, ANNOUNCES SPECIALIST

MILDRED LOUISE TALK OF INTEREST TO WOMEN

As health is a first aid to beauty this story, told by Mildred Louse, beauty specialist, of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness.

"Relief came, however, when I took the advice of several women who said, "Take tonoline."

"Not long after I started the tonoline treatment, my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face.

"What tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladiesstomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood-and quickly restores proper action. Tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase his weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.

"We Know That's True, Father-Every Word of It"

You folks in the country know that there is nothing in the world so comfortable and homelike as plenty of good, bright light and nothing so depressing and gloomy as poor, dim, smoky light.

For years people had to stand the poor light—disagreeable smell and danger of kerosene lamps—because they couldn't get anything better.

But these last few years have so changed living conditions that up-to-date farm families won't be satisfied—any longer—with poor light.

Pilot-Carbide-Outdoor Lighting and Cooking Plants

have totally changed the old fashioned methods of house and barn lighting and cooking in the country home.

Hundreds of thousands of progressive farmers in all parts of the country have taken advantage of this wonderful modern

They have selected the PILOT because they have been quick to see the value of good light—its safety and the convenience it brings to their homes.

They have selected the PILOT because it gives them not only all the fine, bright, inexpensive light they can use—but cooking fuel as well. There is no excuse—today—for any

family to struggle under the burden of outof-date old fashioned lighting methods. Just because your father and grandfather used oil lamps and lanterns is no reason why

you should any longer put up with their danger and poor light. Light the modern way — the safe way with the PILOT.

The PILOT stands out of doors—on top of the ground—anywhere. It is simple to install, automatic in operation and requires only a few minutes' attention for re-charging

at infrequent periods. Let the PILOT put your home in the 'Good Light" Class.

Find out today about this modern lighting plant. You owe it to yourself. You owe it to your wife and children. You can well afford the little it will cost. Write for illustrated catalogs and descriptive book-lets giving all the facts.

A. R. GRAHAM, Supervisor

GAGETOWN

On Tuesday morning at 9:30 o'clock at St. Agatha's church, Miss Lena High, eldest daughter of Mr. and Mrs. John High, was united in marriage to Edward Gallagher, son of Mr. and Mrs. E. Gallagher of Cass City. After the services the party returned to the home of the bride where a sumptuous dinner was served to nearly one nundred and fifty guests. The house throughout was decorated with purple and white asters, and other cut flowers. A reception and dance was held in the evening.

The bride was handsomely gowned n white crepe meteor with pearl trimmings and bodice and sleeves of Georgette crepe, also a wreath of orange blossoms and a veil of white The bridesmaid, Miss Laura Gallagher, was attired in white crepe de chene with hat to match. The groom was attended by the bride's rother, Archie High. They both wore

The bride and groom will be at home to friends after Oct. 15 on the Akerman farm north of Cass City.

NO CHANGE IN TICKET PRICES.

While some fairs have deemed it necessary in these days of high prices to raise the price of the admission fee, the Cass City Fair tickets remain the same as those of last season. Single admission tickets are 35 cents each. Membership tickets admitting husband, wife and minor children during fair sell at \$1.50. Season ticket for one person during fair is 75 cents.

A hen hawk measuring 41/2 feet from tip to tip was caught in a trap at Yale the other day. The bird had been stealing chickens for some time.

Eber Ennis, who has been employed at the Peerless Roller Mills at Sandusky for the past 14 years, passed a civil service examination in Detroit some time ago for the position of letter carrier, and has been ordered to report at once for duty in that city.

Due to the scarcity of print paper, the Imlay City Times goes to the strictly-cash-in-advance plan. On October 10, 1916, every subscriber not paid ahead will have his mailing list head guillotined.

The Chronicle, one year, \$1.00.
