The Best He Could Do.

Noble Sportsman—Whatever it is I've shot, it makes a most unearthy row. Keeper—Yes. Poor Bill ain't got a musical voice, 'as he? But I heard him say he was going to take singing lessons.—London Tit-Bits.

Default has been made in the conditions of a certain mortgage made by Ira G. Luscomb and Ellen H. Luscomb, hiswife, of Imlay Township, Lapeer County, Michigan, to Phebe Rogers, of the same place, whereby the power of sale contained in said mortgage has become operative. The mortgage is dated the 5th day of February A. D., 1912, and was recorded in the office of the Register of Deeds for the County of Tuscola and State of Michigan, in Liber 121 of Mortgages, on Page 418, on the 4th day of April A. D., 1912.

No suit or proceedings have been instituted at law to recover the debt secured by said mortgage, or any part thereof. The amount claimed to be due upon said mortgage at the date of this notice for interest is the sum of one hundred and 70/100 dollars (\$100.70) and the attorney's fee of twenty-five dollars as provided by said mortgage and by statute.

Notice is hereby given that by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, the said mortgage will be foreclosed by sale of the mortgaged premises on Tuesday, the 31st day of October, A. D., 1916, at eleven o'clock, a. m., central standard time. And the undersigned will, at the front door of the Courthouse, in the city of Caro, Tuscola County, Michigan, (that being the place where the Circuit Court for the county of Tuscola is held) sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, for interest as aforesaid, and all legal costs, together with said attorney's fee, to-wit: the lands, premises and property situated in the township of Koylton, county of Tuscola and state of Michigan, described as follows, to-wit: The Northeast quarter (NE ¼) of the northwest quarter (NW ¼) of Section twenty-nine, also the north half (N ½) of the north half (N ½) of the northwest quarter (NW ¼) of Section twenty-nine (29), all of Town Eleven (11) North, Range Eleven (11) East, except schoolhouse Koylton Twp., together with the hereditaments and appurtenances.

This sale which is to be made for installments of past due interest, will be made expressly subject to the principal debt and to the installments of interest yet to fall due.

Dated this 24th day of July A. D., 1916.

FAT FOLKS MAY NOW
BECOME SLIM QUICKLY

Be Moderate in Your Diet, Breathe Deeply, and Take Tassco.

Fat persons, particularly those from 10 to 30 pounds above normal

weight will be interested to learn that they may easily reduce their weight without starvation diet or tiresome exercise.

This can best be done by being moderate in your diet, so that you will not over-tax your assimilative organs, by getting plenty of fresh air, by breathing deeply and by taking tassco four times a day.

Tassco may be obtained from any druggist in 5-grain tablets, take one after each meal and one before retiring at night. They cost little, are absolutely harmless, are pleasant to take and are designed to reduce fatty accumulations in the system wherever located.

A few days' treatment should show a noticeable reduction in weight, the flesh should become firm, the skin smooth and the general health improved, in fact your footsteps should even become lighter, your work seem easier and a lighter and more buoyant feeling take possession of your whole being.

Every person who is 10 or 20 pounds over normal weight should surely give this treatment a trial. You will probably find that it is just what you need.—Adv. 9-1-4

Lengthen the Life
of Your Machinery

It has been proven that 75 per cent of the depreciation of farm machinery is due to weather exposure—only 25 per cent is due to wear and tear.

This means that rust destroys your machinery three times faster than use.

You can't save your machines from wear, but you can save them from rust. Build a shed. Keep your machines in it when not in use.

A machine shed is very simple to build. It doesn't cost much—in fact, is cheaper than paying for new machinery or new parts. Build it now. We have the necessary cement, lumber, shingles, roofing, etc., and will be glad to help you with the plans. Let's talk it over. This puts you under no obligations.

CHURCH NOTES.

Methodist—Elder J. A. Avery of Pontiac, a former pastor on the Cass river field, will preach on Sunday evening, October 1, at the Mizpah church in the interest of "Home Missions." Service at 7:30 p. m. Everyone invited. B. Douglass, Pastor.

Christian Science—Christian Science services are held every Sunday morning at eleven o'clock and on Wednesday evenings at 7:30 in the rear room of the Sheridan Buildings, adjoining Farrell & Townsend Co. All are welcome. Subject for Oct. 1, is "Unreality."

Baptist Church—William F. Zander, Pastor. Next Sunday will be rally day in the Baptist church and Sunday School. Morning worship 10:30. Subject of the sermon, "The Supreme Gift to Jesus." Interesting exercises in the Sunday school at 11:45. Evening worship at 7:30. Subject "The Fortune of the Soul." Everybody cordially invited.

M. E. Church—The following letter written by Rev. A. B. Leonard, district superintendent, to Rev. W. A. Gregory, was read at the Sunday morning service: "I trust the people at Cass City will not feel that the very strong petition which was sent to the Cabinet for your return was ignored. Your removal was brought about by a condition in placing men, and not by reason of demand for a change. And you graciously consented to go in order that in the best interest of all concerned, the appointments might be made—which Methodist ministers have often to do. I might add the pastor who comes to Cass City, after five years at Perry, was facing a petition signed by nearly every man and woman in his church, besides the whole population of his town urged his return. So the removal of you two brethren from your charges is owing distinctly to the turn of the itinerant wheel by which a good many of us have been whirled into space in the past. I trust you will make this plain to the good people of Cass City, that their regrets at your going may not be tinged with the thought that the Cabinet had no respect for their wishes. I pray that your pastorate at Onaway may be indeed fruitful, and Blessed of God."

Village Changes.

Everything in the dear old village seemed the same to Jones after his absence of four years. The old church, the village pump, the ducks on the green, the old men smoking while their wives gossip—it was so restful after the rush and bustle of the city. Suddenly he missed something. "Where's the windmill?" he asked in surprise. "I can only see one, and there used to be two." The native gazed thoughtfully around, as if to verify the statement. Then he said slowly: "They pulled one down. There wasn't enough wind for two of 'em."—St. Louis Post-Dispatch.

At the Beach.

It was at the seashore and they were sitting on the beach while the moon shone beautifully on the surging waves. "What effect does the full moon have upon the tide?" she asked, looking sweetly up into his face.

"None," he replied as he drew closer to her, "but it has considerable on those who aren't tied."

No Faith in Presentiments. "Tony," said a British officer to his soldier servant, "something tells me that I shall never come back alive. I seem to have a presentiment that way." "Then take no heed of it, sir," responded the servant. "Them presentiments is frauds. A cousin of mine had one once, and it treated him very badly. It was just like the one that's troubling you now, sir. He felt sure that he'd be killed out in Egypt, so he divided his savings between his sweetheart and his bosom chum and went out to be shot. But never a scratch did he get."

"And what happened when he returned home? Did they give him back his money?" "Not a farthing, sir. They'd been and got married while he was away, and they'd set up housekeeping with the money."—Toronto Sun.

Matty's Record With Giants.

Christy Mathewson, the new manager of the Cincinnati Reds, went to the New York Giants in 1900 from the Cincinnati club in exchange for Amos Evers.

Matty's start with the Giants was not a brilliant one, as he lost all three games that he pitched in 1900. But in 1901 he started out on his wonderful pitching career, which enabled the New York club to win five National League pennants and a world's championship.

In his seventeen years with New York Matty won 371 games and lost 190 for a grand average of .668. His best season was in 1903, when he won twenty-five games and lost six for an average of .806.

During his career with the Giants the "old master" struck out 2,183 batters, issued 782 passes to first and 4,282 hits were made off his delivery.

Winning With Discards.

Apparently the way to win a pennant is to go out and pick up ball players other clubs can't use. Stallings won that way in 1914 with Gowdy, Rudolph, Smith, Evers and Mann. Moran accomplished the same stunt last year with Demaree, Stock, Niehoff and Whitted. Now Brooklyn is leading with Marquard, Cheney, Coombs, Mowrey, Olson, Meyers—all major league discards.

McInnis Not Batting to Form.

Stuffy McInnis, the Athletics' star first baseman, is down in the doleful dumps of a real batting slump. For six years, including last year, he has batted well above .300. This year so far he has been hitting under .300. He is not the only one of the older stars who have hit the slide this year. His former teammates of that \$100,000 infield also belong to the Slump Bros. aggregation.

Fair Drivers May Race.

Promoters of the Labor day auto races at the Sheepshead Bay speedway, New York, are seriously considering staging a race for women drivers. Mrs. Nina Boney, a fair speed demon from the south, has issued a challenge to women racers, and she hopes that a race for her sex can be arranged.

SUCCESS.

Believe with all your heart that you will do what you were made to do. Never for an instant harbor a doubt of this. Drive it out of your mind if it seeks entrance. Entertain only the friend thoughts or ideals of the thing you are bound to achieve. Reject all thought enemies, all discouraging moods—everything which would even suggest failure or unhappiness.

Water and Greens For Chicks

During the spells of hot weather the drinking water for chicks should be replenished at least twice a day. Hot, stale water is not appetizing and will have the same sickening effect upon fowls as it will upon mankind. Unless they consume plenty of water the birds will not only suffer greatly from the heat, but will be unable to contribute much to the summer egg yield.

Bad odors arise with double strength on hot days, especially on premises that are not kept clean. Not only should the droppings be frequently gathered, but disinfectants must be employed. Bad odors harbor disease germs, and so long as they are present the health of the flock is kept in jeopardy. Another fruitful source of disease is unclean drinking vessels. Once a week they should have a good cleaning. A small lump of lime constantly kept in the vessel will assist greatly in purifying the drinking water.

During hot spells plenty of green food should be given and the quantity of heating food reduced. Green food has a medicinal effect. It keeps the bowels in good shape and it prevents scrofula taints of the blood. Fowls enjoy greens best in the morning. It seems to be a bracer for them, and it is then that it apparently does them the most good.

Orchard and Garden

Late lettuce, radishes and endive may be sown now.

Keep the cauliflower leaves tied over the heads if you want clean, white, marketable heads.

Keep the new strawberry beds clean of weeds and let the plants produce new runners.

The effect of spraying is noticeable now in clean apples and plums. It pays to spray.

Early celery is best blanched with paper or boards. It is more apt to decay if earth is used. Earth is best to blanch late celery.

Begin to save seed of shrubs, trees and perennials for next year's planting. Some may be planted now, and they will bloom next year.

The Rest of Your Farm Is Up-to-Date —What About Your Home?

You modern business farmer—with your up-to-date machinery, labor saving equipment and improved methods of farming—what about your home?

Have the improvements in your home kept up with the improvements you have purchased to save your labor on the outside?

Or, in your efforts to succeed have you been too busy to think of and provide the modern comforts and conveniences for your wife and children?

Chief among the modern improvements for the farm home is good light.

Times have changed. The dirty, dangerous oil lamps and lanterns have long ago gone out of fashion—where progressive farmers are concerned.

Pilot-Carbide-Outdoor Lighting and Cooking Plants

have totally changed the old-fashioned methods of house and barn lighting and cooking in the country home.

Hundreds of thousands of farmers—men like yourself—in all parts of the country—have already equipped their homes with this permanent improvement.

Some are friends and neighbors of yours. Their families are now enjoying this comfort, safety and convenience—without which your home will never be complete.

They have chosen the PILOT not only because it gives them all the bright, safe, clean light they can use—but cooking fuel as well.

Because they can light their houses and barns without matches. Because the PILOT entirely eliminates all the dirty, disagree-

able daily labor of caring for lamps. Because they have an abundance of brilliant light always on tap whenever they need it.

Because the PILOT takes up no room in the house, but stands out of doors—on top of the ground—anywhere. It is simple, automatic, dependable. Needs but a few minutes' attention once a month or so.

Write for our illustrated catalogs and descriptive booklets giving all the facts. Find out today about the PILOT.

Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret!

You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

R. J. REYNOLDS TOBACCO CO. Winston-Salem, N. C.

This is the reverse side of the tidy red tin

THE Prince Albert tidy red tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read: "Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever crystal-glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

TONOLINE IS BEAUTY AID, ANNOUNCES SPECIALIST

MILDRED LOUISE TALK OF INTEREST TO WOMEN

As health is a first aid to beauty this story, told by Mildred Louise, beauty specialist, of Boston, Mass., is of unusual interest.

"I can recommend no better health giver than tonoline," said Mildred Louise.

"I was for many months a victim of stomach trouble and nervousness. I had suffered terribly from pains that followed eating. Headaches also would add to my worries. Poor digestion finally brought on nervousness."

"Relief came, however, when I took the advice of several women who said, 'Take tonoline.'"

"Not long after I started the tonoline treatment, my patrons began to remind me of the improvement in my condition. And because health is the quickest way to beauty, the improvement was particularly noticeable in my face."

"What tonoline really did for me I cannot say. I am so grateful that I am very willing to recommend tonoline publicly."

Tonoline is a purely vegetable preparation which goes to the seat of common maladies—stomach and kidney trouble, catarrhal affections of the mucous membranes, liver ailments and impurities of the blood—and quickly restores proper action. Tonoline is being explained daily to many people by all druggists.

Notice: As tonoline is a wonderful flesh builder it should not be taken by any one not wishing to increase his weight ten pounds or more. Although many reports are received from those who have been benefited by tonoline in severe cases of stomach trouble and nervous dyspepsia, chronic constipation, etc.

How to Build Up or Tear Down This Community

BY J. O. LEWIS

The Strength of the Wheel.

THE wheel, composed of hub, spokes and tire, is one of the most useful and one of the strongest of man's mechanical devices. It also illustrates well the manner in which various parts are needed to make a perfect whole. A GOOD TOWN, A CENTER OF TRADE, RESEMBLES A WHEEL. With all of its contributing factors closely wedged in like the spokes fit into the hub of a wheel the prosperous country surrounding it holds it together like the tire holds the wheel.

So long as all parts are in place the device runs smoothly and is a perfect machine. Remove a spoke and THE WHEEL AT ONCE BECOMES WEAKER and is no stronger than its weakest point.

TO HAVE AND TO MAINTAIN A GOOD SOLID TOWN EVERY KIND OF BUSINESS MUST BE FIRMLY ESTABLISHED, AND AROUND THESE MUST BE UNITED PEOPLE WORKING FOR THE COMMON GOOD.

Destroy the mercantile business or the manufacturing business or the banking business and, like removing a spoke from the wheel, you weaken the interests of the whole.

Send your money to mail order houses or patronize merchants in other cities and you take away that patronage which rightfully belongs to the home merchant and thereby undermine the business of the town. All classes or kinds of business are so closely related and interlocking that when you damage one you damage all.

But we have a beautiful little city, prosperous, growing and happy, and in it we have some of the best merchants, banks, mills, jobbers and factories, conducted by as fine a set of men as you will find anywhere on earth. We have fine schools, handsome churches, excellent public utilities and many fine buildings the equal of any city of its size in the entire country, and ALL MADE POSSIBLE BY THE BUSINESS MEN—big hearted, progressive and aggressive hustlers and boosters.

There is hardly a day that the business men—merchants, banks, jobbers, mills, etc.—are not called on to make a subscription or donation to some institution or some worthy cause—to do something, if you please, for greater building or better living. And that they generously give and have given is proved in the many institutions we have for the intellectual, moral and the spiritual uplift of our citizens. Therefore, when you solicit a subscription from these business men of your home city you should feel in duty bound to give them what assistance you can and to always patronize them to the exclusion of others and outsiders.

THE VALUE OF YOUR HOME, THE RENTAL OF YOUR PROPERTY, THE PRICE OF LOTS—ALL ARE BASED ON THE SUCCESS OF YOUR BUSINESS MEN.

If the town has a lot of vacant stores, idle factories, mills running on half time, there can be no substantial value to property. Therefore, to keep the stores rented, the dwellings occupied and a general good tone to property values it is necessary that you GIVE TO YOUR HOME PEOPLE YOUR ENTIRE SUPPORT.

Patronizing mail order houses is not altogether limited to poor people or to farmers or to people who do not know the hurt they are doing the home town, but is a common practice among certain well known, well to do men. I believe this is more the result of thoughtlessness and of being misled by embellished and highly exaggerated descriptions than through a spirit of antagonism to the home merchant. Moreover, I firmly believe that when you think over this matter seriously and carefully, analyzing it in every detail, that hereafter YOU WILL GIVE YOUR HOME MERCHANT YOUR TRADE.

The Success of This Business

SPENCER-PALMATEER.

A very pretty home wedding was solemnized at the home of Alva Palmateer Tuesday, Sept. 19, at 2:30 p. m., when his only son, Harvey, and Miss Vina, daughter of Mr. and Mrs. Wells Spencer, were united in marriage in the presence of about thirty-five relatives. The ceremony was performed by Rev. V. J. Hufton of Applegate, who was a former minister at Deford and an especial friend of the bride's parents. The ring service was used.

The bride was becomingly gowned in blue silk poplin trimmed in white lace, while the groom wore the conventional black. The couple were attended by Mr. and Mrs. Morley Palmateer, the former being a cousin of the groom.

After the ceremony, amid showers of rice and confetti, the company wended their way to the dining room where all did justice to a sumptuous dinner which was prepared by Mrs. King, of Spencerport, N. Y., an aunt of the groom, who was visiting at the Palmateer home. The rooms were decorated with blue and white streamers and wedding bell. The presents were very nice, consisting of furniture and silverware and other articles.

Both the bride and groom are well known and have lived around Deford all their lives except six years which the groom has spent in New York state. They have a host of friends who wish them a long and happy life. Mr. and Mrs. Palmateer will be at the home of the groom's father, two and one-half miles east of Deford after October 1.

Mrs. Fred Woolman is very ill and her mother, Mrs. T. Lounsbury, is here to care for her.

Mrs. Wm. Schwegler was very ill with blood poisoning for a few days but is much better at present.

Miss Hettie Balhoff of Bay City and Miss Bable Black of Port Huron are at present nursing at the hospital.

Pitcher Carts of the Elkton team had the bone in his left arm broken above the elbow while playing at the fair.

The little daughter of Mr. and Mrs. Bert Knight sustained a fractured thigh when she fell from a porch Friday.

Mrs. Chas. Spencer was taken to the hospital Friday evening and underwent an operation. She is doing quite nicely.

Miss Edie Ross of Owendale was operated upon at the hospital last Wednesday and is making a good recovery.

Miss Orpha Chambers returned to her home Monday after spending a week at the hospital, but was severely stricken with appendicitis Tuesday and returned to the hospital and underwent an operation. She is doing very well.

IN CIRCUIT COURT.

Circuit court opened again Monday and the case of Alfred E. Bloomfield of Akron charged with a violation of the local option law was heard before a jury who returned a verdict of not guilty.

Earlier in the September term, a motion was made to quash the proceedings in the case of Albert E. Treadgold. This motion prevailed and the case was dismissed.

CASS CITY ASTONISHED

BY SIMPLE MIXTURE

Cass City people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Work will soon start on the new addition to the Pointe Aux Barques Club House. Supt. Robt. Brown will be in charge and will be assisted by Ed. Miller and Simon Robson. The addition is expected to cost \$10,000 and will be modern in every way.—Port Austin News.

Fred L. Benedict, for eight years register of deeds of Sanilac county, and a member of the Dawson-Benedict Abstract Co., died at his home in Sandusky Sept. 18. All business places and the schools of that village were closed during the funeral services held Thursday.

Herman B. Sheldon, attorney for C. E. Ovenshire and B. W. Thayer, administrators of the estate of Perry Starkweather, who was killed in an automobile accident one mile west of Caro standpipe July 22, has filed a claim of \$5,000 against the townships of Almer and Indianfields. The claim is made that the accident was due to a defect in the road belonging to the two townships.

Mrs. W. A. Fairweather has received the distressing news that two young children of her only brother, Wilson A. Clapp of Bridgeport, Conn., had died suddenly of the prevailing scourge, infantile paralysis. A boy six years old became ill and died within 30 hours, and four days later a girl four years old was playing in her bed in the morning, apparently as well as ever, but soon lapsed into unconsciousness and died before night.—Caro Advertiser.

MICHIGAN LAW ON CORRECT WEIGHTS

An Act to provide for the Correct Weighing and Accounting of Live and Dressed Stock, and other animals and product when offered for sale.

(4903) Section 1. The People of the State of Michigan enact, That every person who shall weigh for any person purchasing, or selling, or offering for sale, any live stock, neat cattle, sheep, swine, poultry, or other animals, or any beef, pork, mutton, fowls, or other animals when dressed, or any hay, grain, or produce, shall make a true and correct weight or weights thereof, and give to the purchaser and seller, or person offering the same for sale, when requested, the true, full, correct, and gross amount of any and all such weights.

(4904) Section 2. Every person who shall wilfully violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding fifty dollars, or by imprisonment in the county jail not exceeding three months, or by both such fine and imprisonment, in the discretion of the court.

To the Sealers of Weights and Measures:

A number of complaints have been made to this department in regard to hay pressers shortweighing baled hay and upon investigation we find that in some sections of Michigan there is just cause for the complaint.

It has been the custom in the past to mark the weight on the bale by using the nearest figure divisible by 5. That is, a bale weighing 143 pounds would be marked 145 pounds, while a bale weighing 142 pounds would be marked 140 pounds. Upon re-weighing, we find this method of marking will hold out in weighing a ton but in some sections of the state the pressers marked the tags from three to seven pounds more than the bales weighed and sometimes as much as 20 pounds.

A car of hay contains an average of 220 bales. With a shortage of four pounds to the bale, the total shortage would be 880 pounds, which if taken out of the dealer means a loss to him. Under the law the hay presser is a weighmaster and can be prosecuted under Compiler's Section 4903 of the Compiled Laws of 1897, and a general warning should be issued to the pressers in your section that prosecution will follow. The hay pressers should carry two 50 pound weights to test their scales. The 50 pound weights can be procured for \$3 each.

Very truly yours,
BURR B. LINCOLN,
In Charge of Weights and Measures.

An Invitation to All

Don't waste your time and strength on hand pumps! Just drive up to our place and get all the air you want.

We make no charge for this service. It's merely one of the many courtesies we are always glad to extend to you.

Don't think that we expect you to buy gasoline or oil every time you stop here. We know that one often needs air or water when he doesn't need anything else.

And we know that the low price we charge for the grade of gas and oil we handle is the only inducement necessary to get you here when you want anything in that line.
