LOCAL NEWS

Tomorrow is registration day. Wm. Lawson of Argyle called at Herbert Houghton's Thursday. Miss Elizabeth Younes has accepted a position as trimmer for the season at Columbiaville.

Mrs. Robert McQueen and Miss Lizzie Ruby of Argyle were business callers in Cass City Monday.

M. B. Auten, H. T. Crandell, Wm. Monroe and Earl Heller drove home four Ford cars from Detroit Tuesday.

Miss Ellen Houghton returned home Thursday from spending a week with friends and relatives in Snover and Argyle.

Mrs. Hugh McColl entertained the Missionary Society of the Baptist church at her home Tuesday afternoon.

Mrs. Myrtle McLellan and family have recently moved into the Muck residence on the corner of Pine and Grant streets.

Mrs. John McKichan left Saturday for Pontiac where she is the guest of her sister, Mrs. Floyd Mellon. She expects to return home tomorrow.

Mrs. Angus McGillivray, who has been visiting relatives in London, Ont., returned Tuesday. Mrs. McGillivray visited her son, Norman, at Flint Monday.

The W. C. T. U. enjoyed a pleasant afternoon Tuesday at the home of Mrs. Robt. McInnis in compliment of Mrs. S. Mudge. Dainty refreshments were served and Mrs. Mudge was presented with a purse of \$5.25.

Mr. and Mrs. G. W. Landon entertained the Y. P. U. of the Baptist church Wednesday evening at a farewell party in honor of Stanley Hulbert. Mr. Hulbert expects to leave for Port Huron the first of the week.

Mr. and Mrs. Fred Smith and children, Louisa and Morley, and Mr. and Mrs. A. E. Goodall and children, Ernest and Lucille, spent Sunday at the home of Mr. and Mrs. Barney Turner at Caro. Mr. Smith's sister, Mrs. Jno. Snell, of Swartz Creek was also a guest at the Turner home.

Wednesday, April 4, is the date set for the play given at the opera house under the auspices of the High School Athletic Association. "The Merchant of Venice Up-to-date" is a comedy which gives the audience many a laugh. You should plan to attend for you will not only have an enjoyable evening but you will be assisting the high school students as well. The cast of characters will be printed next week.

"I couldn't get along without the Chronicle very well," writes Fayette P. Thompson of Markley, Sask., in forwarding his subscription. "I like to hear from the old settlers that are left in that part of the globe. My folks were the first settlers in Grant township. They settled there in the fall of '63. I was 11 years old then so you see I am crawling along in years. I see by the Chronicle that the robins have come back. It doesn't look as if they would be here for a month yet. There is about 18 inches of snow on the ground and it freezes pretty hard at night."

Mr. and Mrs. Morgan Bogart of Caramuria, Alta., came Monday to spend a week with Mr. Bogart's sisters, Mrs. Geo. Barnes and Mrs. Samuel Lepla. It is 17 years since Mr. Bogart left Cass City and nine years since he made his last visit here. He sees many changes among the people here and few of the older business men are left. Mr. Bogart located in the Northwest seven years ago and now owns a section of land and has made good. He says crops in his section of the country were very good last fall, wheat going from 45 to 50 bushels to the acre and oats about 90. Mr. and Mrs. Bogart will go from here to Hydro, Oklahoma, where they will visit relatives before returning to Alberta.

Mr. and Mrs. Hugh Cooper returned home last Wednesday from their winter's trip in southern states, better than ever satisfied with Michigan. They made the trip by automobile last fall and returned by rail, having shipped their machine north. They made stops in Alabama, Mississippi, Florida, Louisiana, Illinois and other states, but nowhere did farming conditions suit Mr. Cooper better than Michigan or look more favorable unless it was Illinois and there he found land so much higher in price than in his home state that it rather offset the bounteous crops they are able to grow there. The extreme south had no farming attraction for Mr. Cooper where he found the land poor. The only thing that would keep Hugh in that portion of the country for a great length of time is the fishing and that he found par excellent. Mr. and Mrs. Cooper spent several days with Paul Cooper at Hammond, Illinois. Paul, a former Cass City lad, owns a fine 240-acre farm and specializes in prize winning corn, Berkshire hogs and White Plymouth Rock hens. He has 2,000 of was over 19,000 bushels.

Why Grass Grows Hollow.
The stems of grass and oats are usually hollow, and the knots or nodes which occur at intervals and which have a peculiar degree of firmness, derived from the interlacing of fibers, give them a firmness and strength which they would otherwise lack. If the material of wheat straw were in a solid form it would make but a thin wiry stem, which would snap with great ease, but in the hollow form, with the interlacing knots, the necessary support is afforded.

RESOLUTIONS OF RESPECT.
"Oddfellowship!
Working in manhood's prime and ardent youth
In that sublimest, most ennobling strife,
To show for man, best Friendship, Love and Truth"
In memory of John Gark, who died March 19, 1917.
"So let him sleep that dreamless sleep, our sorrows clustering 'round his head:
Be comforted, ye loved who weep, he lives with God—he is not dead."
Once again Death hath summoned a Brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him to his home. He has completed his work in the ministering to the wants of the afflicted, in shedding light into darkened souls and in bringing joy into the places of misery, and as his reward has received the plaudit, "well done," from the Supreme Master.
And Whereas, The all-wise and merciful Father has called our beloved and respected Brother home,
And Whereas, He having been a true and faithful brother of our Mystic Order therefore be it
Resolved, That Cass City Lodge No. 203, I. O. O. F., Cass City, Mich., in testimony of her loss, tenders to the family of the deceased brother our sincere condolence in this deep affliction, and that a copy of these resolutions be sent to the family.
P. A. SCHENCK,
CHAS. ROBINSON,
EDWARD PINNEY,
Committee.
Green be his memory, in the Order's heart
He loved so well, through all his true life's span;
Bless'd be his rest, who acted well his part,
Who honor'd God in doing good to man.

The Largest Conservatory of Music in the World Equipped Entirely With SCHILLER PIANOS.

Of the 800 pianos I have sold, mostly in Huron Co., over 500 are the celebrated Schiller make, 8 of these customers being piano tuners and 46 music teachers, of whom 32 are graduates of musical conservatories.

The Schiller pianos have gained an enviable reputation for tone quality, durability and artistic case designs and many distinctive features which place them in the front. Their acknowledged reliability and special advantage in price make them pianos in which the dealer and customer have the utmost confidence.

Why you can get a Better Value in Schiller Pianos than other makes of the highest Grade: Twenty-five years ago the company purchased the Rock river power at Oregon, Ill. After developing it to a point where they furnished light and power for 9 cities, they sold it to a public utility company for a large sum.

GEO. DUNSTER, Bad Axe. CAUTION A Chicago firm has recently put out a cheap piano called the Schilling. Care should be taken not to confuse this stencil with the well known and reliable Schiller piano of Oregon, Ill.—From the Presto Buyers Guide, 1914.

OBITUARY.

In regard to Manton A. Richardson of Greenleaf township, it was reported that he died of pneumonia. This was an error. Through an injury when a baby caused partial helplessness so he could not walk without assistance and caused poor health, which resulted in his death. He was cared for in a hospital on account of his mother, Mrs. A. Richardson's failed health. The doctor of the hospital stated through all his illness and sad affliction he was patient and his mental condition was good.
 It is a great grief that he was so injured and deprived of the opportunities of life as he was possessed with an unusually good memory and understanding and a kind and cheerful disposition. My advice is: Children afflicted with helplessness should have the attention of a surgeon as soon as possible when injured before the affliction becomes incurable. To the sorrow of Manton Richardson's parents they were not advised to have him undergo an operation soon enough for him to be cured of his helplessness. Although the operation he had when rather too late helped him considerably.—Contributed.

There are 843 languages and dialects in use among the blacks of Africa. Only a few of the languages have been reduced to writing.

Until you hear the Columbia Grafonola, playing Columbia double-disc records, you cannot realize the big difference in talking machines, and naturally you are going to buy the instrument that meets your idea of what it should be and what it will do.
