CHAUTAUQUA DATES JULY 30-AUGUST 3

WEEK'S PROGRAM IS AR-RANGED TO SUIT VARIED TASTES.

Unusually Splendid Program of Instructive and Entertaining Concerts and Addresses.

One year of Chautauqua in our community is more than positive proof of the benefit derived from that great institution—the greatest outside the the outlook on the world. school and church today.

Next week will be the most interesting, inspiring and informing that the town has ever seen and we are all DRAFTED MEN GET glad to see the Chautauqua back

The week's program is arranged to suit all tastes. Just scan the program and if a person cannot get his money's worth, he certainly must be like the man in the story whom nothing could hit. Another feature of the program is, that we have not only lectures but authorities. Mr. Miller, for instance, who can give a lecture on "It Isn't Your Town, It's You", because he has Members of Local Boards Expect sized up town upon town from all angles, being for many years a newspaper editor. Not many Chautauqua platforms are graced with persons who have sung from the Metropolitan Grand Opera stage. Four of the singers of the Cass City Chautauqua have that reputation.

If any person buying talking machine records and wants the best in Hawaiian music he always asks for a record made by the Vierra Royals, and this summer we have the opportunity to hear these people themselves and and see them while they are making the entrancing Hawaiian music with the ukelele, which has grasped the entire world in its entrancement.

Then we will be able to see on a miniature scale, the way the submarine question can be settled by electricity. The war department has sanctioned Mr. Ford's scheme and that is the reason he not only shows it but is prohibited to explain it in detail. He will before your own eyes handle 3,000,000 volts of electricity, and by holding a piece of iron at one end in his mouth and another piece of iron in an assistant's mouth, place the .two

For what would you sell your education? There are some things you must spend your money for, but which are beyond price. Chautauqua is an educational movement. It costs the individual two dollars a year, but the cost cannot be measured in that way. The price of a good thought or the cost of a bad one, if measured by money value, would represent that something, the like of which one never saw before. Respected Citizen Passed Away this section is proven by his purchase Early Wednesday Morning.

After five months of weary sufferng from an incurable disease, Hugh McColl, a highly respected citizen of Cass City, passed away shortly after midnight Wednesday, at his home on Church street.

His death came as a severe shock to the members of his family, although not unexpected. He had not been confined to his bed at any time throughout RETURN MEN TO MOTHERS his long illness, and was lying on a couch on the porch until after eleven o'clock Wednesday evening, awaiting the coming of his daughter, Mrs. Made Special Plea for Protection Hiesel, who had been summoned from her home in Saginaw. After her arrival Mr. McColl retired very happy and contented because of her presence, and conversed with the members of his family around him. Just after midnight the end came very suddenly and peacefully.

Hugh McColl was born in Brantford, Ontario, April 18, 1843, and spent his boyhood days in that vicinity. One sister, Mrs. Barbara Beatty, the only surviving member of the family, resides at London, Ontario.

On January 11, 1866, he was united in marriage with Miss Mary Patterson at Aldborough, Ontario. They resided in Ontario until 1881 when they took up the life of pioneers settling in Greenleaf township, Sanilac county, Michigan. Mr. McColl was highway commissioner of Greenleaf township for several years. In 1899 they gave up farm life and came to Cass City where they have since resided. Mr. McColl conducted a livery and feed barn on Church street for several at Cass City for many years and held try our fathers and grandfathers

Besides his companion there are left to mourn seven sons and daughters: Mrs. Mary B. Kempter of Corvallis, Montana; Duncan H. McCom of Greenleaf; Archibald C. McColl of Oklahoma City, Okla.; Mrs. Crissie Giesel and Mrs. Anna Kreiman of Saginaw; Mrs. Jennie Rich of Deckerville; Mrs. Creamery Co. In taking ownership Lillie Landon of Cass City. There are also 18 grandchildren and two great grandchildren.

The date for funeral services has not yet been decided.

CAPABLE MANAGER TAKES OV-ER STOCKHOLDERS' INTER-ESTS IN CREAMERY.

Messrs. Vickers and Parrott Will Be Retained as Employes of Local Plant.

The Thumb Creamery Co.'s plants at Cass City and Caro have been purchased by W. A. Mudge, the deal having been completed Monday morning. The purchase price is said to be \$7,-925.00. Mr. Mudge expects to retain the name of the Thumb Creamery Co., owing to the high standing that name has among the trade.

Mr. Mudge has proven to be a capable manager for the company, the business at the company's plants having been more than doubled since he became manager in 1913.

Concentration Camps.

Bishop Theodore S. Henderson, who gave a patriotic address at the Presbyterian church Saturday evening, appealed to Christian men and women of the community to do their uttermost towards protecting the manhood. of American soldiers and "bringing them back to their mothers as clean as when they left."

He told of the temptations surrounding the soldiers at the concentration camps and centralized his appeal about these. He cited the fact that before 10 o'clock the morning of July Fourth one soldier was approached by eight women who sought to "make him forget the vows he had made his mother and sweetheart when he bade them farewell."

Declaring that he too has German blood in him, he denounced the hyphen. "This is a day when all of us years. carriage and load for Cass City and ORDER FOR LIABILITY FOR SERVICE ESTABLISHED BY LOTTERY.

> Drawing Continued All Day Friday and Throughout the Night.

Washington, July 21.—The drawing for the big United States army was not completed until early Saturday morning. The drawing began at 9:45 Friday morning, and continued throughout the day and night. Altogether 10,500 numbers were drawn from the big fish bowl. It was officially stated that the first 1,000 numbers drawn represented more than 1,000,-000 men, and it is not considered probable that men representing any number drawn after the first 2,000 will be called before any exemption board for the first army. The first eight numbers were drawn respectively by Secretary of War Baker, Senator Chamberlain of the senate military committee, Congressman Dent of the house military committee, Senator Warren and Representative Kahn, ranking minority members of the senate and house military committees; Maj. Gen. Tasker H. Bliss, acting chief of staff of the army; Maj. Gen. Enoch Crowder, provost marshal of the army; and Major General McCain. adjutant general of the army. After the first eight numbers had been drawn the regular tellers took hold, and worked through until the long task was completed.

In only a small number of the largest districts will the numbers above a few thousand affect registrants. Of 4,557 registration districts throughout the country the largest has something over 10,200 numbers, while the smallest has only about 185, and the average is about 3,000. As the drawing proceeded, 157 numbers were withdrawn before one low enough to affect the smallest district came out. It was 126, placing 4,557 men numbered 126 on their local lists as 157th in order of liability.

The following list shows the order good future for his creamery project. in which the first 4,900 numbers out of the total of 10,500 were drawn. require careful planning—whether for feeding or seed storage. They should be so constructed as to withstand great weight and lateral pressure. They should be tightly built and should be so built as to keep the grain always perfectly dry.

WHITE PINE

gives up its moisture so completely in seasoning that for walls and floors it is the safest wood to use. It does not harbor insects like many woods. And it lasts for generations without warping, twisting, splitting or rotting. Besides it is easily handled and easily worked. It is the most economical wood for outside surfaces even at a slightly higher first cost.

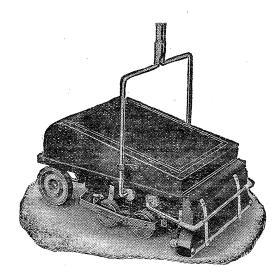

WHITE PINE buildings add permanent value to your farm.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thruthe blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

HELEN CUTLER DICKEY.

HELEN CUTLER DICKEY.

Our Chautauqua is fortunate in the opportunity which it aftords of hearing Helen Cutler Dickey, one of the Hoosier State's most talented young women, who is the soprano soloist with the Gullato Trio. Mrs. Dickey's home is in Winona Lake, where for years she has been recognized as a musical artist of exceptional ability. Her popularity has led to many calls for her work in Indiana cities. We are fortunate, indeed, in securing her for our Chautauqua.

A. L. WILSON.

A. L. WILSON, Metropolitan Quartet.

A. L. Wilson, who is the first tenor with the Metropolitan Male Quartet, one of the excellent musical attractions which will appear at our Chautauqua, will delight all his hearers. He has a voice of fine quality, splendidly trained, and has won a reputation as a singer equaled by few musicians now appearing upon the Chautauqua platform.

Getting Personal Advertising.

The Chautauqua will be a great chance for this town to get the very best of advertising—the personal kind. 6-Seventy-five people will be here with the Chautauqua during the week, and these are people who travel all over the United States. They are known as great boosters for the communities they like, and it will be worth while for this community to show them all of the advantages of which the section is possessed. Here is a great chance for this community to send sixty or seventy personal advertisers all over the country, and it will not cost you a cent. Just make up your mind to show these people what a splendid, cordial, appreciative place this is. That's the secret.

"If I had the choice of being the founder of any great movement the world has ever known I would choose the Chautaugua movement."

THUMB NOTES.

Harry, 8-year-old son of Mr. and Mrs. W. Straffon of Croswell, was instantly killed by a bolt of lightning within sight of his home as he was hurrying home to escape the storm. He and two companions had just finished bathing in the never when the accident happened but the other boys were not injured.

Among the list of doctors who filed their application for commissions, passed their examinations and have been recommended to the war department for commissions was the name of Dr. D. D. McNaughton of Argyle.

Keeps Bread Fresh.

A method of preventing the staling of bread was described by Arnold Wahl at a meeting of the American Chemical society. It consists in cooling the bread, after baking, in an atmosphere of carbon dioxide, freshly produced for the purpose by fermentation. Bread cooled in ordinary air becomes stale in a few hours, owing to oxidation of the protein by the air absorbed in its pores, while bread cooled in an atmosphere of carbon dioxide remains fresh for several weeks, because oxidation is prevented.

ART OF LIFE.

Life is the finest of the fine arts. It has to be learned with lifelong patience, and the years of our pilgrimages are all too short to master it triumphantly. -Drummand.

BILLIONS OF GERMS

lass City People Should Learn How To Combat Them.

You can fight off the billions of germs which you swallow.

How about the uric acid which your own system creates?

Can you conquer that, too?
Yes, if your kidneys work right.
But if they don't, backache, dizziness or discolored urine

Mrs. J. J. Kline, Fourth St., Cass
City, says: "About five years ago, my
back bothered me greatly at times. I
had a constant, dull pain across my
kidneys, too. I got a box of Doan's
Kidney Pills and after taking them, I
was relieved of that misery in my
back. I have also given Doan's Kidney Pills to one of my children who
was subject to weak kidneys and this
medicine has always given quick relief."

Never Put a Croupy Child to Bed Without Giving

Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, then quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foleys Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough."
