CONDENSARY MAKES EINOT GUIDIMENT

THREE CARLOADS LEFT FAC-TORY LAST WEEK; MORE ARE READY.

Fifty People Are Employed; Visitors Much Pleased with Fine Factory Building.

The Hires Condensed Milk Co.'s plant at Cass City made the first shipments of condensed milk last week. Three carloads, each consisting of 1,000 cases, left the factory. Two more carloads were ready for shipment at that time, but because of lack of cars, shipment could not be made. Orders were received this week for 6,000 more cases for immediate manufacture. Each case contains 48 cans of milk.

Fifty people are employed by the local factory and more will be added as soon as the milk receipts increase. Local farmers are anxious to secure a number of good cows and to supply this demand the company will import cows for sale here. Joe Morris, chief field man, secured two carloads of for Deckerville farmers last cows week and all the animals were sold within a day.

M. F. Rittenhouse, manager of the Cass City factory, was in Akron Saturday afternoon and addressed a meeting of farmers regarding the establishment of a milk receiving station in that village. The farmers appeared enthusiastic over the project and Mr. Rittenhouse looks forward to receiving a large amount of milk from Akron for the Cass City factory. Milk is now being transported here from Akron by auto truck.

Factory men and factory inspectors take great pleasure in looking over the Hires plant here. F. W. Clark of Saginaw, a representative of the Michigan Inspection Bureau, visited the factory Tuesday. He pronounced it one of the finest constructed buildings it had ever been his pleasure to inspect. The fire protection was the best ever and he passed very favorably on the safety first signs in the building and the warning signs about the machinery. Mr. Chaplin of the M. A, C., who made an inspection of the plant some time ago, was much pleased with the sanitary conditions and the cleanliness of the plant. Frank Page, one of the road men of the Hires Co., visited the factory Friday. He says it High Cost of Living and Unsettled is the finest plant in the Hires' string of factories.

ON 70TH ANNIVERSARY Mr. and Mrs. Samuel Lepla were surprised Sunday when twenty of their relatives, carrying well-filled baskets, came to take dinner with them. The occasion was Mr. Lepla's 70th birthday. Those present were Mr. and Mrs. Wm. Lepla and family, Mr. and

Village President G. A. Striffler was equested the first of the week by Congressman Cramton to forward a report of the coal situation here. Mr. Striffler found local factories had fuel supplies to meet their present wants, but found no hard coal and but little soft coal in the retail yards.

Coal dealers have been unable for some time to receive the full amount of their orders, but occasionally a car comes along to relieve the situation temporarily. The coal mining companies give as the reason for the limited shipments here that they have been ordered by the government to send the bulk of their output up the lakes before navigation clses. Dealers hope for better attention to their orders after that season and possibly before when the reports which they were asked to fill out regarding their present supply reaches government

Caro postoffice is now a "district lice" and is the accounting and supply office for the third and fourth class offices of the county. Requisitions for stamps and stamped paper are made at the county seat office for the following postoffices: Akron, Cass City, Colling, Deford. Fairgrove, Fostoria, Gagetown, Gilford, Kingston, Mayville, Millington, Reese, Richville, Silverwood, Tuscola, Unionville, Vassar, Wahjamega, Watrousville and Wilmot.

The Sugar Co. at Croswell is havfactory and for several months has been steaming a great deal. During the past two weeks fire has broken out extinguish it, is still burning down deep in the pile. The big crane is when piled, and as no provisions were made to ventilate the big pile it has to say just how much of it is on fire. Manager Copp is considerably worried over the situation and has to admit that he has a job on his hands.-Croswell Jeff. With the new postoffice ruling making all postoffices located at the

The wagon had not beensheltered half the time for the last twenty years yet has never broken a wheel or an axle.

The Studebaker wagon will stand any reasonable strain. We know what Studebaker wagons that we have sold have done.

Come in and let us tell you what our experience has been with the Studebaker people, our experience with Studebaker wagons and the experience of those to whom we have sold Studebaker wagons.

Save \$100 a Year on Your

GOOD SHED

Machinery According to an oncer letin of the Minnesota Agricul-HOUSE IT IN A tural College, the wear and tear on farm machinery is cut in half by keeping it under cover.

With farm machinery at its present prices, this means an average saving of \$100 a year to the farmer with \$1,000 worth of machinery. In fact, a good machinery shed pays for itself in two or three years.

In addition to saving the machinery from avoidable rust and weathering, a shed keeps it in such condition that it requires little overhauling and repairing in the Spring. It is ready for use as soon as the frost is out of the ground.

good drink and medicine. You know we can get all the Alfalfa we want at \$15 per ton. We can get \$420 per ton for our Alfalfa Tea. Does a profit of \$405 a ton look like a moneymaker to you? It is and always will be.

## Here are the Plain Facts

### SO YOU CAN USE YOUR OWN JUDGMENT.

The Alfalfa Cereal Co. is a going concern over two years old. Growth has caused us to move into larger quarters three times. We now occupy 9,000 square feet of floor space in the wholesale district. Business has doubled in the last three months. We are now advertising in Detroit street cars and fifty newspapers and magazines throughout Michigan and the United States.

Our company has received permit of Michigan Securities Commission.

We now employ eight traveling salesmen.

**∊∊∊∊∊∊∊∊∊∊∊∊∊∊∊∊∊∊∊∊** 

700 dealers in Michigan now handle our products. We make Alfalfa Tea, Syrup, Kisses, Chewing Gum, Flour, Breakfast Food, Coffee, Tablets, Face Cream, Tonic and Falfa, a delicious soda fountain drink.

Our profit is over 200 per cent on all the products. We need more money to handle increased business. Our stock is 6 per cent preferred, non-taxable in Michigan. Par \$10. Participating and non-assessable-it is now selling at \$12.50 per share and with each two shares you receive free one share of common stock par value \$10. This common stock shares equally the earnings after 6 per cent is paid on all preferred stock.

We have permit to sell \$45,000 worth. It is over half gone, and it won't stay at \$12.50 per share long. So mail this coupon at once. Terms will be made to responsible parties.
