WHY THE LIBERTY LOAN

For the purpose of equipping with arms, clothing and food our gallant soldiers who have been called to the field; maintaining our navy and our valiant sailors upon the high seas; providing the necessary means to pay the wages of our soldiers and sailors and, if the bill now pending in the congress passes, the monthly allowances for the support of their dependent families and to supply them with life insurance; constructing a great fleet of merchant vessels to maintain the line of communication with our brave troops in France, and to keep our commerce afloat upon the high seas in defiance of the German kaiser and his submarines; creating a great fleet of aeroplanes which will give complete supremacy in the air to the United States and the brave nations fighting with us against the German military menace; and for other necessary war purposes.

Don't Suffer Any Longer Use Nature's Own Remedy for Rheumatism and Constipation

Alfalfa Cereal Co., Detroit, Mich.
Gentlemen:—I have been a sufferer with rheumatism in my back and shoulder for some time and have doctored and taken all kinds of medicine but never had relief until I began using your Alfalfa Tea. We use it at meal time three times a day in place of tea and coffee, and like it to drink much better. It is also fine for the kidneys and backache, as my husband can testify. I believe for old people, it makes them young again. We are certainly going to use all of your Alfalfa products, even the chewing gum and candy, for we have faith in Alfalfa.
Yours very truly,
Mrs. B. F. Underhill,
521 So. Logan St., Denver, Colo.
July 4, 1916.

Alfalfa Cereal Co., Detroit, Mich.
Gentlemen:—I am an old soldier and have had for many years stomach and bowel trouble caused by army life. Oftentimes I have suffered great distress caused by bloating and could get no relief. I am now free of all distress and can thank your household drink, the Alfalfa Tea and Fal-Fa, for it. I have both of them every day served at the table. They have not only cured my bowel trouble, but have made me stronger in every way. I can heartily recommend these Alfalfa products to my old soldier friends who have suffered as I have. It builds up the whole system.
Yours truly,
Thomas Horton,
210 Chestnut So., Toledo.
December 9, 1916.

Alfalfa Cereal Co., Detroit, Mich.
Gentlemen:—We have used all your Alfalfa products in our home ever since they came onto the market. My children were never in better health than now. No more colds or Children's ailments in our home as long as we use Alfalfa. I take Alfalfa Tea with me in a Thermos bottle for lunch at the factory and always advise the men to use the Alfalfa products in their homes. I know they cure constipation and stomach troubles and make the children grow strong and healthy. If the parents only knew what we know about them they would have Alfalfa in all forms in the house for the old and young.
Truly yours,
C. W. Cassel,
406 Liberty St., Lansing, Mich.

Alfalfa stimulates all functions of the body, increases the action of the kidneys and bowels, aids digestion, soothes the nerves, and frees the blood of waste matter, leaving the system in perfect health. **HEALTH FIRST.**

QUESTIONS AND ANSWERS

1. What is a Government Bond?
It is the Government's engraved acknowledgment (signed by authorized officials) that the Government has borrowed from you a stated amount of money, that it will repay this full amount at a stated time, and that it will pay you interest on that amount at a stated rate on certain dates.

2. How do Liberty Bonds differ from other bonds issued by the Government?
Not at all, except that the money received by the Government on Liberty Bonds will be used in this country to purchase materials and supplies for the prompt and effective ending of this war.

3. How much money will the Government raise by selling these Bonds?
Three billion dollars (that is, three thousand millions).

4. Does the Government need all this Money?
Yes. It will probably need even more, before the war ends. In that event, more bonds will be sold.

5. Where will the Government spend this Money?
In buying supplies, the Government aims to spend the money in the districts where it is raised as far as possible.

6. If I buy Liberty Bonds will I get interest on my Money?
Yes, twice a year at the annual rate of 4 per cent. If a later issue of bonds is issued at a still higher rate of interest, you will get that higher rate of interest by exchanging the bonds you buy now for the new bonds.

7. If I buy Liberty Bonds will I get back all the money I pay for them?
One hundred million people,—the whole United States,—give you their promise, printed on every bond, to pay you back every dollar, plus 4 per cent interest each year.

8. Suppose I buy Bonds and am later in need of money. Can I turn my Bonds into cash?
Easily. Any bank or broker will be glad to sell them for you. Any bank will be glad to lend you money on your Liberty Bonds, for they are the safest collateral in the world.

9. If I sell my Bonds, will I get as much as I paid for them?
United States Government Bonds seldom sell below par—that is, the price you pay for them, the face value. Many times they go above par, so that you can sell them at a profit.

10. Where can I buy them.
At any bank or bond house and at some department stores. Ask your banker or your broker.

11. Do I pay a commission to the bank or broker?
No. Banks and brokers are glad to do you and their Government this service at their own expense. They are working for their Government as patriotic citizens.

12. How much will the Bonds cost me?
As much as you purchase. You can buy a single bond for \$50, \$100, \$500, \$1,000, just as you prefer. You can buy ten \$50 bonds or one \$500 for \$500.

UP TO THE PEOPLE.

Success or Failure of Second Liberty Loan Depends On Individual Efforts.

The foundation on which the success of the Second Liberty Loan will rest is the savings of the people, in the opinion of Mark T. McKee, of Detroit, secretary of the Michigan Advisory Liberty Loan Committee. In a statement just issued Mr. McKee places the strongest emphasis on the imperative need of individual saving for investment in the new government issue.

"The success of the Second Liberty Loan," he said, "cannot be brought about alone by the efforts of committees, bankers and organizers, but must, for real success, rest on the savings of our people. Thrift has always been practiced by the Anglo-Saxon. Savings must of necessity be the basis of the progress of a nation and the economic success of a community or an individual. The natural resources of this country, conserved and developed, have resulted in the capital which is now represented by its tremendous railroad and industrial development.

"To float this loan successfully will call for much greater effort on the part of the people than a help. Thrift, therefore, and all aids to economic living and economic industrial operation should be the basis on which those who are behind the lines and thus supporting our men at the front must aid our Government. Let us remember that to preserve our economic independence our savings must nearly equal our investments before the third loan is offered, so that we may again be ready to answer our country's call."
