BLACK-LEG MENACES

M. A. C. Experiment Station Report Tells of Its Spread in the State.

Of diseases which attack the potato, none have spread more rapidly in rade and enjoy a patriotic program. Michigan within the past two or three years than "black leg," a report from the experiment station of the Michigan Agricultural college declares.

"The trouble is widespread in the apper peninsula and seems to be gainonly in potatoes imported from northern localities.

"In the wholesale shipping of tubers into the state which took place in 1917 Mrs. Hiram Kelley is getting along to supply seed stock, 'black leg' was introduced into many southern Michigan counties, where it has been known to produce losses of from 25 give the play, "The Slacker," at Soper cent to 75 per cent of the crop in ciety Hall, Deford, on Friday eveknown to produce losses of from 25 of tubers in storage.

of this disease, under Michigan condi- Cross.

tions can live over winter in soil which has borne a diseased crop, but the rotation which is necessary for other reasons will eliminate all danger from this source.

"Sound seed tubers, free from rot, wounds, bruises, scab, or other blemsh, and disinfected in either formal give a crop practically free from black leg. In the season of 1915, observations made in the upper peninsula showed that seed tubers carefully sorted and treated gave less one-tenth of one per cent of black leg, while seed tubers from the same car, planted without care, gave

a field with 75 per cent of black leg.

CASS CITY DEFEATED MILLINGTON FRIDAY

Locals Take Big End of 12-6 Score from the County Champions.

Friday, the locals motored to Milington and played their second game of the season which ended with Cass City on the big end of a 12 to 6 score. Owing to the rough surface of the diamond, the locals made a few costly errors, but as a whole Harris had good

G. H. Burke went as an official and he, with the Millington man, umpired the game satisfactorily to both teams. The locals consider themselves fortunate in having a man with the ability of Mr. Burke to umpire their game, because he knows what he is doing, and is always fair, no matter

Harris is still holding his own in the box, as 15 strike-outs in Friday's game will show. More than once when the bases were full, he pitched himself free. He walked but four men throughout the game.

The locals pounded the pill all around the lot. Dodge hit a threebagger in the sixth and Rogers a twobagger in the seventh. Runs were made as follows: Harris, 1; Wallace, 1; Walters, 2; Benkelman, 1; Rogers, 1; Champion, 1; Dodge, 3; Brooker,

Millington won the championship last year, but the loss of the game to Cass City puts them out of the race for this year's cup.

MYSTERIOUS DEATH OF DAN DONAHUE AT GAGETOWN

Mystery surrounds the death of Daniel Donahue, manager of Gagetown's electric theater. When Mrs. Donahue returned from Saginaw on Saturday evening's train, she was surprised not to find her husband awaiting her. She at once instituted a search and soon found the body of her husband cold in death, in a room on the second floor of their home. He was last seen by neighbors about five o'clock in the afternoon when he was engaged in feeding his chickens.

Mr. Donahue came to Gagetown from Caseville about a year ago. He had two paralytic strokes earlier in life which left him badly crippled. He was about 50 years of age.

THE Y. M. C. A. ON THE BATTLE FRONT

In their fight against the Kaiser, American soldier boys under shell fire in France are being given all possible comforts and assistance, according to an announcement just received here from the National War Work Council of the Y. M. C. A. At the present time there are more than 250 American Y. M. C. A. secretaries under shell fire. These men have been with Pershing's troops from the time they landed on foreign soil.

A total of \$5,000,000 is being expended monthly by the Army Y. M. C. A. in its work for the American troops at home and abroad. There are 2,500 Y. M. C. A. workers in France and England and 3,000 in American

Because of the increasing need for men in this service and the force necessary to operate the entire canteen system in France, efforts are being made to enroll at least 1,000 more business and professional men of high standing who are willing to go to France for every kind of Y. M. C. A. service before July 1.

It is estimated that 8,000,000 feet of film are being exhibited weekly to the soldiers at home and abroad. A ecent shipment of athletic equipment for the troops in France consisted of 79,680 baseballs, 19,000 bats, 10,000 gloves and mitts, boxing gloves, volley balls, and various other kinds of apparatus for promoting the play spirit among the troops in their leisure hours.

The Y. M. C. A. has established a chain of huts and dugouts along the front lines occupied by American "over there" and is meeting troops the needs of the Sammies as they Mr. and Mrs. Ellis Spenrer are take their places alongside their Allies. The Y. M. C. A. huts on the Russian front have been demolished by German guns and the 150 secretaries there have retired before the advance of the Huns and are now established in Siberia awaiting an opportunity to return to Russia.

Swat the Spy

GIVES ADMINISTRATION WHIF HARD OVER DISLOYAL PUBLICATIONS.

BURLESON MADE MAIL CENSOR

Fixes Penalty of \$10,000 Fine and 20 Years' Imprisonment for Disloyal Utterances.

Washington-By a vote of 48 to 26 the senate on May 4 adopted the conference report on the new espionage bill designed to suppress disloyal utterances and increase the postmaster-

general's censorship over the press. The action was a complete victory for administration. Te bill fixes 20 years' imprisonment and \$10,000 fine as the penalty for uttering or publishing disloyal or seditious language.

Opponents of the measure who have contended that freedom of speech and of the press would be curtailed lost their fight to strike out a clause giving the postmaster general authority to withhold mail believed to violate the espionage laws.

The bill was initiated a year ago. It amends the espionage act and, with the "woman spy" bill recently passed completes the cycle of legislation urged by the department of justice as necessary to clothe the government with power to deal with sedition and disloyalty and prevent mob violence which has resulted, for the departments, inability to obtain convictions

of persons making disloyal utterances. That the legislation is unnecessary, unconstitutional, too drastic and confers too wide discretion upon administrative officials have been the principal arguments of those opposing it.

The final vote was along non-partisan lines, many Republicans joining furnace. a majority of the Democrats in supporting the legislation. Two Democrats, Senators Hardwick, Georgia, and Reed, Missouri, joined with 24 Republicans in opposition.

RECORD IN SHIPBUILDING MADE

New Jersey Yard Completes 330 Foot Vessel in Less Than Month.

world's record for shipbuilding was established Sunday in the launching over a five-day period. Michigan is of the 5,550-ton steel collier Tuckahoe by the New York Shipbuilding company, of Camden, N. J., in less than a month from the time the keel was

Completion of the vessel in so short a time is regarded by shipping board officials as one of the most remarkable industrial achievements in history. They said nothing like such a record is known for such a large vessel. The Tuckahoe was to have been delivered June 15, but takes its place under the flag 41 days ahead of time.

The Tuckahoe is 330 feet long, 50 feet broad and will have a speed of 10 1-2 knots.

STATE SEIZES HOARDED WHEAT

Approximately 1,000 Bushels Taken From Ypsi Farmer.

Ypsilanti, Mich.-Colonel Roy C. Vandercook and Sergeant Wakeman and other members of the state constabulary went to the farm of .Walter Cady, Pittsfield township, last week, and took charge of approximately 1,000 bushels of wheat, which they marketed in Ypsilanti and turned the proceeds back to Cady, after all costs were

The total called from the entire nation is 233,742, three states being excluded, having already furnished their With the special call made quotas. early in the month, this totals 305,000 called this month.

The only states not called on this month are California, Oregon and Nevada, which with the District of Columbia already have supplied so large a part of their quotas that it was decided not to include them this time.

STEEL TRADE IN U. S. HANDS

War Board Commandeers 8,000 Tons of Pig Iron From Auto Plant.

Washington-The United States government has taken absolute control of distribution of steel in all industries. Through the war industries board and other agencies war needs will be maintained at 100 per cent production.

First evidence of the determination of the government to keep war making factories at full tilt was given on May 3, when 8,000 tons of pig iron were commandeered from an automobile plant and shifted to a war essential factory.

State's Red Cross Quota \$3,000,000. Detroit-Michigan's quota in the Red Cross drive which begins May 18 is \$3,000,000, half of it assigned to Detroit. The other half is expected from counties, \$1,000 to \$125,000 each. Red Cross representatives from the central division, Chicago, and chairmen and campaign managers from 14 southeastern Michigan counties attended a mass meeting here last week, to discuss plans for the drive and to hear two largest companies of the country have speakers who have recently returned

PEARL Screens Are Still New When Others Are Gone—

Does that sound like a pretty strong statement? Let us prove it.

First of all genuine Gilbert & Bennett PEARL Wire Cloth derives its rust-resisting qualities from the coating. This metallic protection is a secret composition, owned and controlled by Gilbert & Bennett. It will not crack, chip or peel off under any conditions what-

For Screening Doors, Windows and Porches Made in Two Weights-Regular and Extra Heavy

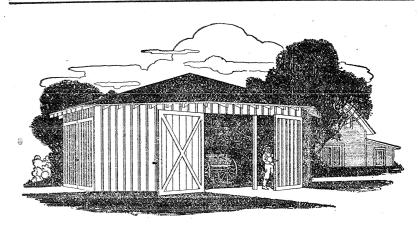

PEARL is handsome—its original bright metallic lustre with a short exposure to the weather turns a permanent "invisible gray"

The thing that's making PEARL sales bigger every year is the fact that it requires no paint or repairs—it represents true screen economy.

Don't be deceived. There can not be a "just the same as PEARL." The manufacture and application of the noncrack, non-chip coating from which it derives its wonderful rust-resisting qualities is a secret process, the exclusive property of the company. We sell genuine PEARL Wire Cloth with two

Copper Wires in the Selvage and the Round Tag bearing the Gilbert & Bennett name on each roll.

N. Bigelow & Sons

Implement Sheds Will Help Win the War

IN TIMES like these we must make no further demands upon steel than are absolutely necessary. Next to food, the Allied Nations need every ounce of steel this country can produce.

Besides we must conserve our time. Time spent in repairing rusted and neglected machinery is waste—and waste must be stopped. Every implement shed built helps win the war because it

doubles the life of your farm machinery—it reduces its cost per year to you—it makes your machinery run more easily—it saves money and valuable time in repairs. Now is the time to prepare for the busy season ahead. Put your

machinery in working order and then build a shed. WHITE PINE for the outside makes your building permanent and economical because it does not warp, twist, split or rot even

after years of exposure. And it takes less time to work it. Practical working plans, specifications and bill of materials for any type of farm building may be had on request of us, together with our estimate of the cost.

Coal Is Cash

To our customers: We have been hesitant about turning to "Cash for Coal" for some time; but when we come to sum up our coal business for the past four months we find that we cannot longer hold out without making this change, under the present conditions, such as

Increased demand for credit,

Prompt settlement to shippers on receipt of invoice, (This is especially important in order to get more.)

Cash settlement of freight bills.

The present maximum prices allowed by the government are reasonable but close.

(Government prices are based on a Cash Sale.)

GOVERNMENT PRICES

and Cash Deals represent Economy in management. Customers should co-operate.

This change "Cash for Coal" is as much your gain

Catching Game Fish.

The taking of huge game fish with rod and line has lacterly become one of the most exciting and fascinating sports in the world. One of the gamiest fishes, beating even the salmon of Scotch rivers, is the tuna. It commonly runs to 200 pounds, and the first thing it does when hooked is to rush away at terrific speed. A hooked tuna has been known to tow a boat for 14 hours and ultimately escape.

Deceiving.

It is as easy to deceive one's self without perceiving it as it is difficult to deceive others without their finding it out.-Rochefoucauld.

THE WAR'S RECOMPENSE

The original of this verse was found on an American soldier who bravely fought and as nobly died. The man is yet unknown.

Ye who have faith to look with fearless eyes Beyond the tragedy of a world at strife. And know that out of death and night shall rise The dawn of ampler life.

Rejoice, whatever anguish rend the heart, That God has given you a priceless dower, To live in these great times and have your par-In freedom's crowning hour.

That ye may tell your sons who see the light High in the heavens—their heritage to take— "I saw the powers of darkness put to flight, I saw the morning break."

A MESSAGE FROM EDWARD N. HURLEY,

Chairman of the United States Shipping Board.

EVERY dollar that has been appropriated by the American Red Cross in this war has welded closer that relationship between the United States and the nations of the Entente, a relationship that will have a marked effect upon the peace council that is coming.

If this work of spreading the gospel of mercy is to continue, every man, woman and child in this republic must give the American Red Cross his fullest support in its second campaign for \$100,000,000.

Our boys in Europe are looking to us to back them up and I know of no better means of supporting them than through the instrumentality of the American Red Cross.

The good it has already accomplished and the comforts and welfare it will provide later when the stress of war becomes greater for the United States forces, make it imperative that the second fund of \$100,000,000 be a spontaneous gift on the part of the American people.

cared for carried him on to the field hospital.

From there Billy Jones was taken to Cross nurse-your Red Cross nurseis tenderly, carefully, smilingly nursing him back to health again so that he may not have to pay the extreme sacrifice that we-that you and I and our freedom.

There are half a million of these boys of ours in France today and more going "over there" every week. For the bunch of fighting Sammies They are there to wage the supreme conflict of the world with the brutal Soon we'll start the Kaiser going forces of autocracy that democracy, our heritage, may not perish.

We want these boys of ours to come back to us, and it is the Red Cross men We and women-our Red Cross men and women—who will bring thousands of We'll hang that bloody Kaiser; there'll come if our dollars will but keep them there to minister to these boys of ours. They are but doing for us what we cannot do for ourselves.

A SCORE OF REASONS FOR THE RED CROSS

War for Democracy.

What does it mean to you to know that your America Red Cross: Is supporting 50,000 French children. Sends supplies to 3,423 French military hospitals.

Provides 2,000 French hospitals with surgical dressings. Is operating 30 canteens at the front

French railway junctions, serving day. 30,000 French soldiers a day. Operates a movable hospital in four

units accommodating 1,000 men. Is operating a children's refuge in one part of the war zone, and in another ster. a medical center and traveling dispensary, both capable of accommodating more than 2,000 children.

Mrs. William Ashmore and sons autoed to Gagetown one day last dating more than 2,000 children.

Has opened a long chain of ware- week. houses stocked with hospital supfrom the seaboard to the Swiss Sunday. frontier.

Has warehouse capacity for 100,000 tons. Has 400 motor cars and operates seven

garages, making all repairs. Has shipped 46 freight car loads of assorted supplies to Italy from France within two weeks after it began operating in the former coun-

Had a battery of motor ambulances at the Piave front four days after the United States declared war on Austria.

Started a hundred different activities in Italy at the time that nation was in its most critical condition.

Has established five hospitals in England and operates a workshop for hospital supplies employing 2,000 women.

And that 120,000 cases of supplies have been received at the Paris headquarters of the American Red Cross from your various chapters scattered throughout the United States.

What does all this mean to you? And I have told you but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross, we could never

win this war. Without your Red Cross thousands in Rumania would have starved to

Without your Red Cross Italy would never have realized that powerful support of the United States in the hour of need. Without your Red Cross thousands

of French soldiers now gallantly fighting for you at the front would have died of wounds, exposure and lack of food. But now we must all redouble our efforts and sacrifices for our Red Cross

because—a million mothers' sons are going to carry the stars and stripes to the greatest victory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross your boy will win.

CONFERES AGREE | ALLIES IMPROVE ON DRAFT MEASURE

YOUTHS BECOMING 21 SINCE JUNE 5, 1917, WILL BE CALLED FOR MILITARY SERVICE.

PLACED AT BOTTOM OF LIST

Become Eligible When After Present Class A Men Are Called-Quick Action Sought.

Washington-An agreement on the bill extending the selective draft law to youths 21 years of age since June 5 1917, was reached May 6 by senate and house conferees. The amendment of Representative Hull, Iowa, providing that the additional registrants shall be placed at the bottom of present eligible lists was retained.

House conferees accepted the sen ate provision for exemption from the draft law of theological and medica students.

Immediate ratification by the senate and house of the conferees' agreement on the measure was sought, that there may be no further delay in its use in connection with the new draft.

Provost Marshal General Crowder opposed the amendment placing the new registrants at the bottom of eligible lists.

The conferees also adopted ar amendment, which General Crowder also opposed, requiring registration 300 prisoners. of men already in the military service who have attained their majority since last June 5. General Crowder thinks this work would be unnecessary, cost ly and would be resented by some of the men in the service.

GUN PRODUCTION FALLS DOWN

Ordnance Chief Admits Factories Are Practically at Standstill.

Washington-Testimony indicating that the war department's ordnance program has fallen down to practically the same extent as aircraft production has been placed before the house mili tary committee.

Major General Tracy Dickson, ordnance production chief, who appeared to ask appropriations of \$3,378,302,801. admitted that not in one single particular are accomplishments up to prom-

He testified that production of heavy Browning machine guns, counted on as a chief weapon of infantry, is practically at a standstill. Although hundreds of them should be on their way to France he admitted the number actually delivered is "negligible."

A war department investigation he said is now under way at the Colt perate. munitions works to determine why this concern, the chief contractor, has been unable to make deliveries as promised. Until the department has finished this inquiry, General Dickson of Dogs' Wood, on the Lorraine front, asked that the committee take no ac-

HIGH COURT UPHOLDS DRAFT

Decides Country Has Right to Send Men Overseas to Fight.

Washington-Men raised under the draft can be sent anywhere in the world to fight for the United States, according to a supreme court decision on May 6. The action of the court upholds the selective draft law in every particular.

The case arose from habeas corpus proceedings sought by Robert Cox, of has long been threatened. The Rome Missouri, a member of the national official statement does not give a like army to France. The appeal was de-

Cox, who later was sent to France, claimed under the constitution a man could not be drafted for foreign service. This was denied by the government, which contended the question is not unlike that before Verdun, two was determined in previous draft cases decided.

GERMAN PEACE NOT WANTED

America Speeds War Preparation When Alleged Terms Are Received.

Washington-A million American soldiers in France by July 4 is the program the war department has undertaken to carry out. It is the answer of the United States to any suggestion of peace Germany may make.

Ambassador Walter Hines Page communicated to the state department on May 6 the alleged new terms which had been unofficially circulated in London. The terms were not made public. Later a statement was made by Mr.

Balfour denying the British government had knowledge of any peace pro-

Congress Plans to Adjourn July 1. Washington-The first move toward adjournment of congress in July was made in the senate last week, when Senator Gallinger, New Hampshire, minority leader, formally proffered Republican support in an effort to that end. Senator Gallinger suggested an adjournment July 10, and when Sena tor Overman, North Carolina, and other Democrats, said it should be earlier, he agreed with them that July 1 should be made a tentative adjourn ment goal.

continent when the Mohawks and the Cherokees ruled it with a tomahawk They are the gift of America to Europe and Europe has gone us one better. England, France, Germany, Belgium have made the potato a naturalized citizen, while Ireland, God bless her, has almost made it a Patron Saint along with St. Patrick himself.

"In spite of its adoption in other the crops were called to the front for war service. It enlisted in the front na vs. Albert Whitfield; Adelaide vs. J. Rapson for a few days. ranks of the food forces, with the result that we have such a potato crop as was never known in this country. Europe does not need to share our at this time when ships must be saved for troops and for the more essential and concentrated foods. Therefore the best form of patriotism is to eat our bumper crop and make it help save wheat.

"The situation, in brief, is this," continued Mr. Prescott. "We have not City: enough wheat for the Allies and our selves. We have an abundance of potatoes and excess of 90,000,000 bushels win this war the Allies must have following rules: wheat. The potato cannot quite come up to wheat in food value but it does wheat for the Allies.

the support of the potato, for it is a native of our State. When it is realized that the potato is one of the chief foods now sustaining Germany and that the other European countries are largely dependent upon it, its importance in the war may readily be seen.

"Americans first realized how important a part in their daily food the potato played when last year a scarcity of prohibitive heights. The result of came, everyone planted potatoes. The ble the resumption of its activities, farmer was particularly urged to lay out his land in potatoes as a patriotic duty. Accordingly although the avered which have not been sold.

"The farmer had to pay high prices for his seed. It was difficult to obtain labor for tending and digging the crop and what labor he did procure In the last few months, there have are being used for munition making.

"As a result, many a potato farmer is not making as much as he did several years ago when potatoes retailed at 50c per bushel and less. They barns, or left to be fed to the hogs.

WE KNOW

That ordinary low prices will not move this immense stock quick enough, and so we have, with one fell swoop cut the life out of everything that bears a cost price.
