DONALD M'RAE DROWNS IN FRANCE

GREENLEAF YOUNG SOLDIER MEETS DEATH WHILE SWIMMING WITH COMRADES.

Young Man Very Popular with Associates Who Esteemed Him as a Trustworthy Comrade.

This community was saddened Tuesday when the news came of the death of Donald McRae, one of Greenleaf township's first boys to enlist in Uncle Sam's forces and the first of this vicinity to lose his life in France.

His parents, Mr. and Mrs. Christopher McRae, Jr., received a letter from their son's comrades Tuesday in which they stated that while on a three-day furlough Donald was drowned while in bathing with them on July 11. They said that the young man was very popular and esteemed a trustworthy comrade. Mr. and Mrs. McRae received the last letter from their son on July 13.

Donald H. McRae was born in 1898 and attended the public school in District No. 2, Greenleaf. He attended high school at Cass City in 1912-14 and in the two years following pursued a correspondence course in mechanical engineering after which he accepted a position as draftsman in an automobile factory in Detroit.

Mr. McRae enlisted in the Engineering Corps in 1917 and was stationed in a camp near Washington, D. C., leaving for France in the late spring of 1918.

Letter from Mr. McRae's Comrades. On Active Service with the American E. F., July 11, 1918.

Mr. and Mrs. McRae and Family:

It is with the deepest sense of sorrow and mutual loss, and with the hope that we may be able to give you some little degree of comfort, that we write this letter. A few men whose names will follow had been on special service with Donald for about two months and during this time we became very much attached to him and we remember him as more than a fellow soldier. We were with him at work and during our hours of leisure and found him always the same true, faithful man of high ideals and dependable character.

At the end of our work while enjoying a few days of rest, a small gang of us went to a near-by swimming hole. Mc, as we always called him, had taken a couple of snapshots of some of the boys and had entered the water himself. He swam across the stream and was returning to get his camera in order that one of the boys could take a picture of him with the others in the water when within ten feet of the bank he stopped swimming and straightened up. The one who saw him thought he was sounding for bottom. He went down and without giving any signs of distress or alarm. As he did not rise immediately, alarm was given to his comrades who made every effort to find him, giving up only when exhausted, which was after many others from the camp had arrived to aid us. It was nearly an hour later when the body was recovered some 20 feet from where he was last seen, in about 14 feet of water.

The camp doctor, with plenty of assistance, began immediately to work over the body for two and a half hours, sparing no effort. In the doctor's opinion, there were no symptoms of drowning but it appeared that death was instantaneous, there being no water in the lungs.

The body was cared for as directed by the commanding officer and later in the day the body was taken to a large hospital for burial. His personal effects will be cared for by the Company Commander and we will make every effort that you may receive such articles as are possible to send.

Hoping that these details may give you a sense of satisfaction, be assured that we will gladly render in the future any possible service.

FRITZ GIVEN HOT RECEPTION BY SAMMIES

Clement Tyo has received the following letter from his brother-in-law, Lieut. Wm. Ward:

France, July 5, 1918.

Dear Brother and All:
I received two letters from you while in the trenches, and believe me it is some treat to receive mail up there. We were in about three weeks but it was very quiet, all except one night and that was the second night we were in, when Fritz laid down a hell of a barrage on us and followed it up with a raid but he did not get by with it for we were there to meet him, and gave him the hottest reception he had received in some time, so I guess he made up his mind that he was up against the wrong bunch for he left us alone after that. We are back to the rear now for a rest. We did not have a man killed during the whole trick and only four wounded.

I can not explain the feeling it gives you the first time under fire, but it just makes you want to get after them; so the night of the raid our bunch was really glad to have them follow their barrage for they had been pounding us with big stuff for about 1/2 of an hour.

Well, Clem, I will have to close for this time. I have not seen George Herr for some time and I am receiving the Cass City paper all O. K. Answer soon.

Your brother, Bill,

STAR ATTRACTIONS AT CASS CITY FAIR

THURSDAY, AUGUST 22, IS BIG PATRIOTIC DAY AT THE FAIR.

Big Battalion Drill of Home Guard Companies Will Claim Attention of Thousands of Visitors.

In spite of the extreme heat, Secretary Champion has certainly been hustling to have everything in ship shape order for the Greater Cass City Fair. When railroads are placing embargoes on shipments and new routings have to be considered and all worked from this end, the public should be much pleased when The Greater Cass City Fair officers can truthfully announce that as far as can be everything is ready to entertain them August 20, 21, 22 and 23.

One of the star attractions in the free entertainment line will be the World Famous Arab Acrobatic Troupe who hold their audience spell-bound with their wonderful and stunning acrobatic feats.

Big Bob, the boxing kangaroo, and the three Gordons are alone worth the price of admission. The simply wonderful work of this Australian animal and his trainers will bring a bigger crowd every day.

Then there are the Randow Brothers who have been secured just for fun. Every day they will put on 15 minutes of pure, bubbling fun.

The Midway attractions have been chosen with every regard for clean, high grade entertainment. Every stand must conform to the strictest rules as approved by the various War Boards. Every day is increasing the inquiry of exhibitors for space and at this date every prospect is away ahead of other years in this line.

On Thursday, August 22, will be staged the big Patriotic Day. Every Home Guard organization of the county will be here and a big battalion drill with added army stunts will give the public a good idea of what our boys are doing every day in real soldier life.

Remember that any one of these attractions is well worth the price of admission and you can get them all for one admission.

FOR STATE SENATOR SECOND TERM

To the voters of Lapeer and Tuscola Counties:

I am a candidate for re-nomination for State Senator in the 21st Senatorial District of Michigan (comprising Lapeer and Tuscola counties) on the Republican ticket at the August Primaries.

I respectfully solicit your support and co-operation for a second term; and that the principles inculcated in my past administration will be my continued policy, and my steadfast support to all Patriotic Measures can be depended upon.

Sincerely and gratefully yours,
CHARLES B. SCULLY,
Almont, Lapeer County, Michigan.

FATALLY INJURED WHILE HAYING

RAY E. KITCHIN IN ACCIDENT
THURSDAY; PASSED AWAY
TUESDAY MORNING.

Funeral Services Were Held at the Mennonite Church Thursday Afternoon.

While assisting his neighbor, Thos. McConnell, of Evergreen township in haying last Thursday, Ray E. Kitchin was fatally injured when the hay fork became loose from its pulley and fell, striking the young man and inflicting wounds in his shoulder and abdomen and knocking him from the load. Mr. Kitchin was alone at the time, and not realizing the extent of his injury, he climbed back on the load again to continue his work. An attack of dizziness influenced him to give it up however and he went to the house. Medical aid was at once summoned.

Monday, the injured man was brought to Pleasant Home Hospital at Cass City where he submitted to an operation that evening. His death occurred Tuesday morning.

Ray E. Kitchin was born in Evergreen township June 30, 1895. He was converted at the age of nine years and in 1912 united with the Mennonite church. On April 25, 1917, he was united in marriage with Miss Martha Fair of Wheatland township. Mr. Kitchin was an industrious young man, a good neighbor and his early demise is mourned by a large circle of friends. Funeral services were held in the Mennonite church yesterday afternoon.

Besides his wife and his parents, Mr. and Mrs. Albert Kitchin, he leaves three brothers and one sister.

NOW, ALL TOGETHER.

Let's get rid of the bad habit of saying "after the war is over." That means nothing.

Let's make a rule invariably to say "after we win the war." That means something.

The very change in mental viewpoint, from careless to definite, from casual to positive, is sufficient to win the war.

More than that, its effect on business can be nothing less than conspicuously helpful.

RED CROSS NOTES.

A meeting will be held at the Red Cross rooms over Auten's bank on Monday evening to decide on methods to earn money for the society during the fair. All ladies are invited to attend.

The convalescent robes committee meets on Wednesday and Friday afternoons at 2:30 at the Red Cross rooms until the quota of 65 gowns is completed which must be sent to headquarters by August 24.

FOR CONGRESS.

Gilmore G. Scranton of Harbor Beach.

Captain Scranton is a candidate for the republican nomination in the seventh district in opposition to Congressman Cramton, whose record in voting for the infamous McLemore resolution—a cowardly surrender of American rights on the seas to the Kaiser,—and other un-American measures makes him an undesirable representative of the patriotic people of this district.

Captain Scranton entered the U. S. army at the time of the Spanish-American War in the 34th Michigan Volunteer Infantry and fought in the battle of Santiago. He later was promoted to a captaincy and served in the Philippines against the insurgents there.

After leaving the army he became general manager of the Sanilac Sugar Refining Co. at Crosswell. He is now the head of the big Huron Milling Co. at Harbor Beach.

Captain Scranton will support the war administration. He is big enough and has vision enough to deal with the large problems of the future. A vote for him will mean a vote to stand by the president.

CHAUTAUQUA IS FREE FAIR ATTRACTION

FAIR TICKET WILL ADMIT HOLDER TO THE BIG CHAUTAUQUA TENT.

Two Big Features—Greater Cass City Fair and Chautauqua at Price of One.

Cass City Chautauqua dates were set on the same dates as the Cass City Fair. For several days, fair officials and Chautauqua guarantors have regretted the fact that both occurred the same week, harboring the idea that the two attractions would divide the crowds and harm both financially.

Yesterday morning several Chautauqua guarantors and fair officials conferred with one another and decided to purchase the Chautauqua outright, offering it as a free attraction at the fair.

Those purchasing either a regular fair membership ticket at \$1.00 or single admission ticket at 35 cents will be admitted to the fair during the day with the added privilege of the afternoon session of the Chautauqua.

An evening season ticket at \$1.00 or a 50-cent single admission ticket admits one to the fairgrounds during the evening and to the Chautauqua's evening entertainment as well. The fair officials are planning on a night carnival this season and the fair special free attractions will be given at night after the Chautauqua program as well as during the afternoon.

Thus two big attractions—the Cass City Fair and the Chautauqua—are offered the public at the price of one.

The Chautauqua this season offers an unusually strong program:

Chester Birch, on the opening day, has a wonderful lecture on "Bugle Echoes from Seven Wars." Mr. Birch is a cornetist, and uses the bugle calls with splendid effect throughout his address.

Dr. Chas. E. Jordan, on the second day, will speak on "The Old Homestead." He is an Evangelist of wide reputation, who took hold of a rundown farm over in Pennsylvania a few years ago, and who has so thoroughly remodelled it that last year five thousand agriculturists from all over the Keystone State visited the farm on one day.

Samuel W. Grathwell speaks on "Getting By Your Hoodoo." He has been a big success in the war camps of the country.

Miss Sumayah Attiye, a native Syrian girl, will give a lecture entertainment of unusual interest.

The crowning lecture event of the week will be the address by Lieutenant Jean A. Picard, of the French Army, a veteran of the Marne, who not only speaks of, but exemplifies, in his fine faith and optimism, "The Spirit of France."

The music is equally attractive, including The Earl Hipple Company, The Old Home Singers, Ralph Dunbar's Royal Dragons, The Charles Edward Clarke Company and the famous Fisk Jubilee Singers.

Among the entertainment features will be the work of Noah Beilharz, one of the best known impersonators in the Lyceum and Chautauqua field.

The Junior Chautauqua will be exceptionally interesting. The patriotic pageant to be presented by the Juniors will be entitled "Our Allies," a visualization of the war upon war which America is waging.

CASS CITY FAIR SETS THE PAGE

Will Receive No Food Entries Not Sanctioned by Food Regulations.

The Cass City Fair announces that all baked goods, canned goods or jellies entered for prizes or displayed at the fair must comply strictly with the regulations of the U. S. food administration.

Other agricultural fairs are adopting the same suggestion and the policy is expected to be of great value to the food administration program not only that it will stimulate the use of the substitutes in the rural home but the premium winning recipes will be generally adopted in every locality.

The Cass City Fair officials announce the following regulations and prizes on exhibits of food products:

Yeast Breads.

Prizes awarded as follows:
To the best bread baked in accordance with the regulations governing licensed bakers—one pound of substitutes to three pounds of wheat flour. 1st, 50c; 2nd, 25c.

Best bread baked under 50-50 rule—one pound of substitutes to one pound of wheat flour. 1st, 50c; 2nd, 25c.

Best bread baked with as little wheat as possible. Recipes of proportionate wheat flour and substi-

tutes should be attached to the entry. 1st, 50c; 2nd, 25c.

Wheatless Quick Breads.
Should be made entirely of allowable flour substitutes. Sugar substitutes should be used instead of sugar. 1st, 50c; 2nd, 25c.

Cakes and Cookies.

Prizes given for cakes and cookies only under the following conditions: They should be made entirely of allowable flour substitutes. 1st, 50c; 2nd, 25c.

They should have at least 50 per cent of sugar substitutes such as molasses, syrup or honey. No frostings of any kind made of sugar should be used. 1st, 50c; 2nd, 25c.

Pies.
Pie crusts should be made entirely of substitute flour.

Jellies (Maximum Canning with Minimum Sugar.)

No prizes will be given jellies, jams or preserves unless made with at least 50 per cent syrup instead of sugar.

Canned fruits may or may not be canned with sugar.

PATRIOTIC PAGEANT AT SNOVER.

Snover people are arranging for a patriotic pageant on Friday, Aug. 9, at the school grounds for the benefit of the Red Cross.

The periods in the development of the American nation will be represented by living pictures, pantomime, drills, tableaux and dialogue. About 125 characters will be represented.

The entertainment will begin with a basket ball game between the Snover girls teams at 7:30 p. m. Specialties will fill in the time between the ball game and the pageant which begins at 9:00. Music will be a special feature and refreshments will be served on the grounds.

LIBERTY GIRLS OFFICERS.

The following officers have been appointed in the Liberty Girls society:

1st Lieutenant, Lulu Barnes.
2nd Lieutenant, Mary MacIntyre.
1st Sergeant, Mrs. E. Mudge.
Supply Sergeant, Besse Miller.
1st Duty Sergeant, Isabelle MacIntyre.
2nd Duty Sergeant, Frances McGillivray.
3rd Duty Sergeant, Ersel Wallace.

FOR CONGRESS.

Louis C. Cramton

To the People of the Seventh District: I am a candidate for re-nomination in the Republican primaries for return to Congress and solicit your support.

There is at this time but one issue—the Winning of the War. On that all the energies of this Nation must be centered and to that all our resources must be devoted. I have been chosen by you as your Representative in the 63rd, 64th and 65th Congresses of the United States, and if my experience here, particularly in the trying months of 1917 and 1918, is considered good training for the other months of equal importance to come, I will be glad to continue to serve you in Congress.

April 5th, 1917, I voted for the declaration of war with Germany; December 7th, 1917, for a like declaration as to Austria-Hungary; and am ready to vote for like action as to Bulgaria and Turkey. This war, this world-wide contest is for democracy, justice and humanity, for civilization itself and human progress. It is a war against autocracy, wrong and barbaric ruthlessness. It now involves our national existence and all the principles of liberty which we as Americans hold most dear and it must be fought to a complete victory. Only thereby can the world win a lasting peace and end the menace of German militarism and Kultur.

Since the War Declaration, I have voted in Congress for over two score thousand million dollars of war appropriations and authorizations, for the issuance of over twenty-two thousand million dollars of United States bonds, for the loan of many thousand million dollars by the United States to its heroic allies, for the raising and equipping of armies numbering millions, and for the raising of many thousand millions dollars of new revenues. Each and every authorization of power or resources or supplies that has come to Congress from the

SLACKERS SCORED AT WAR MEETING

BAY CITY CONFERENCE ASKS LEGISLATURE FOR LAW TO ENFORCE FULL DUTY.

War Preparedness Board Asked to Use Part of Big State Fund for Community House.

Resolutions urging the adoption by the Michigan legislature of a "slack-law" and indorsing Governor Sleepers proposal for the construction of a community house at Camp Custer were adopted by Michigan war workers of 26 counties in the eastern district in conference at Bay City last Thursday. The resolution provides:

"We recommend the erection of a Michigan state community house at Camp Custer, for the benefit of the wives, fathers, mothers, sweethearts, relatives and friends of our noble sons, and we request the Michigan war preparedness board to use necessary funds already appropriated by the legislature, and designated as war funds, for the construction of same.

"Be it further resolved, that we condemn the slackers, and recommend that the next legislature pass laws in keeping of the state constitution that will enable the war boards of this state to the fullest possible extent to bring about means whereby every person within our state shall be required to pay his or her just proportion of the several funds and activities."

ERSKINE PICNIC.

A community picnic will be held in McTaggart's Grove at the Erskine United Presbyterian church in Sheridan on Thursday, August 15. The speaker of the day will be Rev. Homer B. Henderson of Detroit, who has spent six months in France doing Y. M. C. A. work. He will tell of his experiences while living with Pershing's men.

Dinner and supper will be served in the dining room.

D. H. Dorman and Miss Stella Van Stone of Marlette and Mr. and Mrs. Harry Van Stone of London, Ont., spent Monday at the home of James Dorman.

President, the Commander-in-Chief of all our forces in war, has had my earnest support by vote and otherwise in Congress and by speech in public and in private. At all times I have stood for the most vigorous prosecution of the war and if you continue me here that will be my stand. I am for the fullest and largest effective participation possible by this nation in the war, in the furnishing of food-stuffs and munitions, in military operations and upon the seas.

I opposed the Kahn amendment to the Military bill providing for conscription. The House adopted that plan. I voted for the bill when so amended and I have given every support since to all measures for proper support of the draft. I have continually opposed the suggested repeal of the draft law. I have supported the sending of troops to Europe and favored the raising of the largest armies that we can equip and maintain.

At no time have I acted as a partisan. At all times I have stood for the most vigorous prosecution of the war.

The only peace now to be desired is the kind of peace that Lincoln sought and won a half century ago, a peace with victory, a peace that can only follow victory so decisive that it can settle for eternity the issues of this war, that will for eternity send into obscurity the impudent pretensions of autocracy and make impossible a repetition of its attempt to win world-wide power by barbaric frightfulness. It is to the winning of that victory and the winning of that kind of peace to which I am committed.

This is not a time for politics. Nothing but Winning the War should count now. The mass of our people are seeking to do each day all that they can to that great end and I desire to be counted such a patriot.

My time and money is being taken to the fullest extent by my official duties and war activities, as is yours. Therefore, I do not plan any extended campaign for the honor which I earnestly desire at your hands. Instead I am leaving for Europe tomorrow for a stay of several weeks, going at my own expense to obtain first hand information of our war activities abroad for the better performance of my official duties.

You have honored me greatly in the past and I will feel particularly honored by an expression of your continued confidence at this momentous period in our national history.

LOUIS C. CRAMTON.

**MICHIGAN STATE FAIR
DETROIT**

SIXTY-NINTH ANNUAL FAIR
AUGUST 30-SEPTEMBER 8 1918

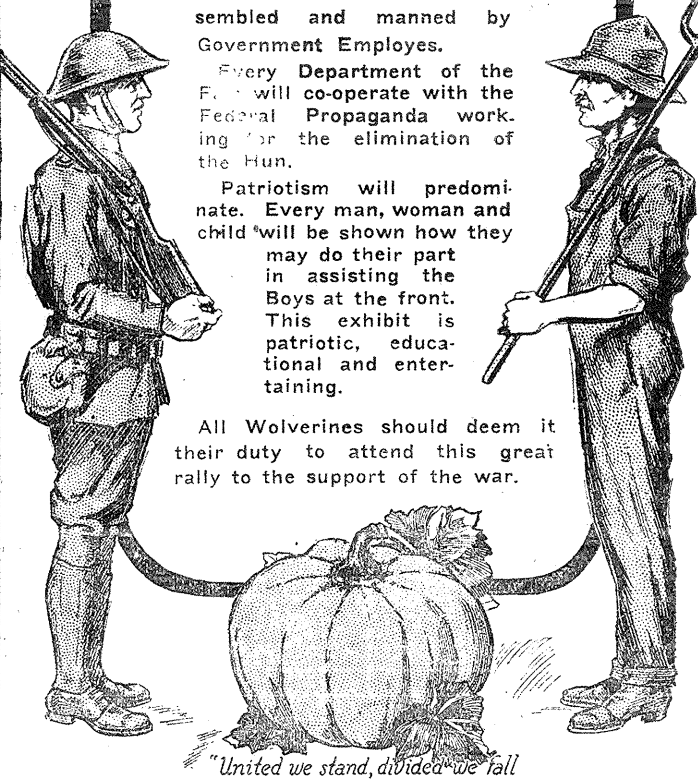

**Huge War Exhibit
BY U. S. GOVERNMENT**

The Michigan State Fair has been selected by the Federal authorities as a gigantic war agency. Colossal displays will be made by the departments of War, Navy, Interior, Agriculture and Commerce and the Food Administration, covering 15,000 square feet of space. A special car of mine rescue machinery will give demonstrations of mine rescue work during the entire 10 days. These exhibits are assembled and manned by Government Employees.

Every Department of the F. will co-operate with the Federal Propaganda working for the elimination of the Hun.

Patriotism will predominate. Every man, woman and child will be shown how they may do their part in assisting the Boys at the front. This exhibit is patriotic, educational and entertaining.

All Wolverines should deem it their duty to attend this great rally to the support of the war.

**Packers' Profits
—Large or Small**

Packers' profits look big—

when the Federal Trade Commission reports that four of them earned \$140,000,000 during the three war years.

Packers' profits look small—

When it is explained that this profit was earned on total sales of over *four and a half billion dollars*—or only about *three cents* on each dollar of sales.

This is the relation between profits and sales:

Profits

Sales

If no packer profits had been earned, you could have bought your meat at only a fraction of a cent per pound cheaper?

Packers' profits on meats and animal products have been limited by the Food Administration, since November 1, 1917.

Farmers are urged by the United States Department of Agriculture to place orders at once for fertilizer needed for fall wheat. It is very important, according to the assistant secretary of agriculture in charge of licensing of fertilizer concerns under the food control act, that dealers and manufacturers know farmers' needs as soon as possible, so that orders can be combined and car space used to the best advantage. Transportation difficulties require that freight cars be loaded to their rated capacity. Delay in ordering, it is said, may result in a repetition of last spring's experience when many farmers failed to receive their mixed fertilizer and acid phosphate until after planting time.

Nightmares Aided Him.

Edgar Allen Poe was indebted to nightmares for some of his most terrible conceptions and stories. The scene in "Arthur Gordon Pym," where the hero awakes in the narrow bunk of a ship laden with earth and goes through all the terror of believing himself buried alive, is undoubtedly the result of a personal experience, not in waking, but in sleeping moments; whilst the conception of the Raven, with his everlasting "Nevermore," came to the poet as he dozed in his armchair whilst his pet raven perched on the top of the bookcase.—Exchange.

Removes Hatpin Danger.

Clipping the point from a safety pin, sliding the coil over a hatpin and closing the clasp over the point of the latter will protect it from injuring a person.

Paper From Linen Rags.

When paper was first made from linen, rags is uncertain, but a writer of A. B. 1200 recorded that the linen wrappings round mummies were sold to the scribes to make paper for shop keepers.

All Wool Means Enduring Service, Correct Appearance and Thorough Satisfaction

"A Fight For Millions"

Featuring William Duncan and Edith Johnson

PASTIME THEATRE

Wednesday, August 14

ALSO TWO GOOD COMEDIES—SOMETHING DIFFERENT

"A FIGHT FOR MILLIONS" is a Vitagraph Photoplay of the great outdoors. The great waste spaces—the white snowfields of the Northwest—the wooded hills—the streams—the mountains—the wide, windswept out-doors.

These are the scenes you will see in this wonderful picture, "A Fight for Millions." It is a great, throbbing story, well told, of a hero that's all man and a heroine that's all woman—a screen tale with thrills and super-thrills following each other like watch-ticks, and the great, unexpected, lightning-flash, Duncan-climaxes.

TUSCOLA CO. DRY FEDERATION

July 27, 1918.

Dear Sir:

As a leader of the Dry Forces in your Township, you are doubtless very much interested in the proposed attempt by the "Wets" to restore the saloon in the State. A "Saloon Amendment" is to be submitted to the voters in November. This amendment if carried will nullify the dry amendment of 1916 now in force in the State.

You will recognize the necessity of rallying every dry voter to the polls and giving a more decisive vote than in 1916. Let us defeat this latest "come-back" attempt by registering 150,000 majority against it in the State.

The primaries will be held in August. A new sheriff for the County is to be elected this fall. A number of excellent men are in the field and there is strong temptation to support local candidates and thereby divide the forces of those who ought to stand together. It is the duty of the sheriff to enforce the law. Recognizing the need of a man in this office who will strictly enforce the Dry Law of the State in the County, the Executive Committee of the Tuscola County Dry Federation, after careful deliberation and examination of the claims of the several candidates, recommend that we give our cordial support to Mr. Wm. H. Webb, of Caro, a man of unquestioned loyalty to the Dry cause. We invite you to join us in securing the nomination of Mr. Webb, and request you to use your influence in your vicinity to this end.

Respectfully yours,

TUSCOLA COUNTY DRY FEDERATION.

LOCAL ITEMS.

Dr. T. J. Redwine of West Virginia is visiting Dr. Treadgold with full intentions of locating here.

Miss Ethel Zavitz went Monday morning to London, Ontario, to spend two weeks at her parental home.

Mrs. Benj. Guindler and son, Harvey, returned Friday from a two months' visit with relatives in Flint.

Mr. and Mrs. C. H. Myers and daughter, Jennie, of Grand Blanc came Tuesday to visit at the home of N. Bigelow.

Misses Charlotte Palmer and Laura Gallagher were entertained by Miss Sylvia M. Card at a dinner party Tuesday evening.

Miss Margaret Nicol and her friend, Mr. Richardson of Uby visited at the home of James A. Greenleaf on Tuesday evening.

Mrs. G. A. Striffler, Mrs. John Dickson, Mrs. Walter Ortwine, Mrs. John Holcomb and Miss Alta McArthur were Caro visitors Saturday.

Mrs. Neil McPhail of Argyle and daughter, Mrs. Flora Demorest, of Bay City were pleasant callers at the James A. Greenleaf home last Thursday.

Mr. and Mrs. Jos. St. Mary and Mr. and Mrs. Frank St. Mary of Caro motored to Cass City Sunday and spent the evening with their uncle, James A. Greenleaf.

George Ackerman's small daughter, Beatrice, sustained an injury Sunday while playing out doors in which she fell and dislocated her knee-cap. She suffered severely until a physician was called and reduced it promptly.

Mr. and Mrs. James Cleland of Charleston and Mr. and Mrs. George Cleland and son of Detroit spent Wednesday at the home of Robt. Cleland. Miss Mable Cleland accompanied the George Cleland family to Detroit for a short visit.

Mr. and Mrs. Chris Schwaderer, granddaughter, Genevieve Schwaderer, Curtis Hunt and Mrs. J. E. Seed and two little daughters left Thursday for Canada to visit in Newberry, Wardsville and Lake Erie. They are making the trip by automobile.

In a card written to his cousin, Harry T. Crandell, which was received Tuesday, Jacob Anthes tells of the death of Donald McRae in France. Mr. Anthes did not know that Mr. McRae was in the same camp with him until he heard of his death by drowning on July 11.

JUST TO LAUGH

Undisturbed.

"We must learn to pay no attention to life's annoyances."

"That's what I'm doing. I've gotten so that the alarm clock can ring every morning without my noticing it."

That's True.

"There is one thing in nature which human enterprise has never yet utilized."

"What is that?"

"The hoarse power of a cold."

Determination.

"Is Ethelinda economizing?"

"Yes. The dear girl is a perfect martyr. The fact that she toes in besides being a trifle bow-legged doesn't prevent her from wearing her skirts just as short as anybody's."

The Trimmings.

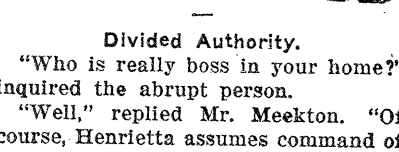

A peroxide-wigged manicure turned her "Anna Held" eyes on the patron before her and asked: "Shall I trim you close?"

He smiled back and said: "Well, you might leave me enough for carfare home."

Agreement.

"Do your constituents agree with you?"

"I hadn't thought about that," replied Senator Sorghum. "But I am mighty careful to agree with them."

Divided Authority.

"Who is really boss in your home?" inquired the abrupt person.

"Well," replied Mr. Meekton. "Of course, Henrietta assumes command of the pug dog and the canary. But I can say pretty much what I like to the goldfish."

FORGOTTEN YET REMEMBERED

Composed by Edwin H. DuBois, a Tuscola county young man, now in the Motor Trans. Dept., Camp Greenleaf Annex, Georgia.

The boys have left their homes and friends

From every walk of life
And now like heroes they are fighting
In this horrid bloody strife.

Great crowds gathered at the station
To bid the boys good-bye,
Each heart was heavy laden
And a tear was in each eye.

All the world thinks of the soldiers
They're the heroes of the day,
How they cheer them and adore them
As they march along their way.

And the service flags speak of them
In the church and in the home,
Prayers are offered for their keeping
No matter where the boys may roam.

Days and weeks of training
In the hot and broiling sun,
Until the boys are strong and sturdy
And good enough to lick the Hun.

Ah, the sacrifices they are making
And the hardships they go through
Make hearts yearn in pity for the soldiers
Who are loyal, brave and true.

Now as you're thinking of the soldier,
In the name of Mercy, pray,
Will you take one thought in honor
Of the girls out in the fray?

No bands played at her parting,
No crowds gathered at the train
Just a few good-byes, God bless you,
We hope you'll soon be back again.

They don't go marching through the cities
They're not looking for applause
Yet just as brave and true they're serving
In this noble righteous cause.

It's three years now weeks of training
Besides a hard-earned purse
And their youth is spent in study
To become a Red Cross nurse.

For the boys the service flags are flying
And they speak of the boys in prayer
But the girls are seldom mentioned,
Do the people use them fair?

For the boys' sweethearts, wives and children
Are waiting for them to come home
But the Nurse forfeits these treasures
She must go through life alone.

Some day your soldier may be wounded
Out in the awful bloody fight,
Then it's a Nurse who watches o'er him
Day after day, night after night.

Always cheerful, always smiling
There's nothing she would not do
To bring your soldier boy through safely
And return him safe to you.

Yet not a word of praise is mentioned
Of the Nurse who brought him through
You simply say that God watched o'er him

As you were certain He would do.
And it is true God used the Nurses
As ministering angels here below
To minister to your dying soldier
When he'd been wounded by the foe.

Who, then deserves the honor
When at last the war is won?
To whom will you give the credit
When you're boys come marching home?

Who has made the sacrifice?
Who has given up his life?
Tho' they live, their life was given
For this long and bloody strife

When at last this war is over
And the victory is won,
The Nurse expects no band to meet her

When her faithful work is done.
She did not go for honor
She went for simple faith and love
And tho' below she is forgotten
She is remembered up above.

7,000,000 FIGHTING MEN IN DRAFT 18-45

CLASS 31-45 SET DOWN FOR 2,000,000 MEN, LIKE THOSE NOW FIGHTING OVERSEAS.

16,000,000 MEN MAY REGISTER

Class 21 to 31 the Country Already Has Taken 3,000,000 Youths Most of Whom Are in France.

Washington—An army of 7,000,000 fighting men will be one result of the extension of draft ages between 18 and 45, in the opinion of the war department.

This is the minimum of figures and it means that every man of the 7,000,000 will be of the type and physique of those now on the battle front in France.

Military men believe the class will yield many young men. From the class of 21 to 31, the country already has taken 3,000,000 youths of the best soldier material in history, almost all of whom are now in France. The class of 31 to 45 is set down for another 2,000,000 men.

In one respect the tremendous figures recall President Wilson's "interrogatory-answer" with reference to the army when he said, "Why limit it to 5,000,000?"

They mean the possibilities of our army are practically without limit. The 7,000,000 could be increased to 12,000,000 if need be. One war department estimate fixes 16,000,000 men as the number who will register, providing extensions are approved in the present forms.

Secretary Baker made it emphatic that the new draft ages were determined solely by military considerations. He said that inclusion of all Class 1, men between the ages of 18 and 45, would be necessary to meet the army program.

The secretary refused to state the number of fighting men which the Army experts estimate these new draft ages will provide, but unofficially Army officers estimated that they will be sufficient to maintain an army of 5,000,000 fighting men on foreign soil, after allowing for expected losses, troops needed in the supply lines, etc.

When the present Class 1 is exhausted it is estimated that it will have supplied 3,300,000 men. This is an average of 300,000 a year for each of the 11 yearly classes stretching from 21 to 32 since the addition of the new 21-year-old class in June.

It is estimated that the addition of the ages 18, 19 and 20 will alone supply 2,000,000 men. The registrants of these ages will not have dependents, they are physically fit in much larger proportion than older men and they are not generally employed in essential industries.

COAL ORDER AFFECTS STATE

Limits On Shipping of Anthracite Coal Hits Michigan People Hard.

Washington—Restrictions on the

movement of anthracite coal from any of the docks in Minnesota, Wisconsin and Illinois and the Upper Peninsula of Michigan, located along the west bank of Lakes Michigan and Superior, was announced recently. The order became effective August 3.

Under the order every shipper of anthracite coal from any of these docks is required to sell, ship and distribute such coal only to the dealers and consumers for use and consumption within the following sections:

1. The states of North Dakota, South Dakota, Minnesota and Wisconsin.
2. The Upper Peninsula of Michigan.
3. That portion of the state of Iowa located on the north of a line coincident with the Illinois Central Railroad from Dubuque to Sioux City.
4. The following Illinois counties: Cooke, Stephenson, Winnebago, Boone, McHenry, Lake, Ogle, De Kalb, Kane, DuPage, Lee Kendall and Will.

1,500 NURSES IS STATE QUOTA

Campaign Will Be Conducted Throughout State Beginning August 5.

Detroit—Registration cards, filled out in April by the women of Michigan, will be used for the first time this week, to obtain names of 1,500 Michigan women between the ages of 19 and 35 years, who have registered as desiring training in nursing. A campaign will be conducted throughout the country by the Woman's Committee of the Council for National Defense, starting August 5, to enroll 25,000 women in the United States Student Nurse Reserve.

Michigan and other states where a registration of women has been taken expect to fill their quotas by means of the registration cards.

July Set Record Ore Movement.

Cleveland.—A record for ore shipments was made in July, although the dock strike at Superior, the last five days of the month cut shipments from that port. Reports were received from all docks except the Chicago & Northwestern at Escanaba, and if that dock shipped as much ore as it did in July, 1917, which is quite certain, the movement was about 10,500,000 tons. That would be an increase of about 250,000 tons over July, 1917, the banner month of the trade.

How to Clean a Carpet.

Add two tablespoonfuls soda to a large pail of warm water. Wring out of this a large towel or other cloth. Spread this over a step at a time and beat with a small carpet or furniture beater. Change the cloth until all has been used. Then rinse in the water and proceed until each step is done. The damp cloth gathers every particle of dust and is much easier than taking up the carpet.

LIEUTENANT JEAN ALCIDE PICARD.

THE Chautauqua this year performs a real service in bringing to this community Lieut. Jean Alcide Picard of the French army. When the war broke out Mr. Picard was in America, but he immediately took ship for France and hurried to join his regiment. He arrived in Paris just in time to participate in the battle of the Marne, and in the two years of service which followed, he saw service at the first battle of Ypres, the campaigns in Alsace and elsewhere.

He was disabled by wounds and returned to America at the request of the French Government to assist in the various war work activities which our allies are conducting in this country.

Lieut. Picard will speak on "The Spirit of France"—a subject which he is unusually qualified to discuss, as he is the very exemplification of it.

HOW THE MARINES RECEIVED CROSSES

DESCRIPTION OF THE CEREMONY OF THEIR DECORATION BY THE FRENCH NATION.

THEIR HEROISM IS LAUDED

Our Army Needs More Chaplains and Is Training Them—Uniform Physical Standards Adopted by War Department—Hollow Tile an Essential.

(From Committee on Public Information.)

Washington. — Marine corps headquarters gives the committee on public information a graphic account of the decoration of American marines with the French Croix de Guerre for heroic service in battle last May. It says in part:

"Within the sound and range of the German guns, hidden by the sheltering trees of a dense forest, under a heavy morning mist and a driving rain, French veterans of Verdun, the Marne, the Aisne and the Somme honored their younger comrades of America by conferring upon them the Croix de Guerre. Thirty marines, including five officers, were awarded this coveted French decoration for gallant conduct, courage and coolness in action against the enemy during the occupation of a sector by the marine brigade. Of the total number cited in French orders for this decoration only eleven were present, three having been killed in action and sixteen were wounded and in the field hospital.

"A number of French soldiers were decorated at the same time. As is the custom half a company from each of the companies whose men were honored was present and drawn up so as to form a square. The presentation of the decorations took place within this human enclosure. The marines and poilus, side by side, presented a picture symbolical of the close bond existing between America and France in this conflict and particularly so of the manner in which marines have worked and fought with the French soldiers during the period of their instructions in an adjacent sector.

"The French general who pinned the decorations on the breasts of the proud marines eloquently praised their achievements in a short speech in which he summarized their deeds of bravery, remarking on the fine state of discipline and efficiency of the brigade, and congratulating its commanding officer upon his excellent organization. He then pinned the little bronze emblems on the men, and shook each one by the hand with a personal word of congratulation."

Uniform standards of physical examinations governing entrance into all branches of the regular army, the national army and the National Guard have been adopted by the war department and will be observed by the army medical department and the local and medical advisory boards under the selective service regulations.

Observance of the new rules and regulations by the local boards will result, it is believed, in uniform examinations in all parts of the country and should prevent men physically disqualified for military service from being sent out to camps. The new standards also will enable local physicians to make examinations with a better understanding of the needs of the army and will clear any misconceptions and misunderstandings that might result in the sending to camps of men who had been rejected.

Heretofore the physical standards of the three armies have differed and instances have been noted where men who have been rejected for service by the recruiting officers of the regular army have been accepted for military service by draft board physicians. Under the new uniform standards this will not be possible unless the disqualifying defect has been removed. The rule for all three armies is that to make a good soldier a man must be able to see well, have comparatively good hearing, his heart must be able to stand the stress of physical exertion, he must be intelligent enough to understand and execute military maneuvers, obey commands, protect himself, and must be able to transport himself by walking as the exigencies of military life may demand.

Exceptions from the new standard rules are made in the case of men selected for special and limited service.

The experience of the past year has enabled the medical authorities to establish these new standards of examinations which will relieve the local boards of doubt as to decisions in unusual cases. Enough such cases have been examined to establish a policy in determining their military fitness. Instructions are given as to what classes of men may be accepted for limited service, and for treatment for remediable defects.

Nearly every motion-picture theater in the country is enlisted in the campaign of the United States employment service of the department of labor to supply labor to the farms.

Eleven of the largest motion-picture manufacturers are co-operating with the farm service division in its drive for maximum food production. These film producers are releasing to their subscribers—the theaters—moving picture "trailers," calling on all those who possibly can do so to volunteer for harvest work and other forms of emergency farm labor.

The army is in need of chaplains, says the war department. A chaplain is needed for every 1,200 officers and men. A special kind of chaplain is desired—a sturdy, upstanding brotherly man, between twenty-one and forty-five years, who has deep solicitude for the welfare of the soldiers.

There is a special school for army chaplains at Camp Zachary Taylor, near Louisville, Ky. About 200 chaplains come from this school to take up their work with the army after a course lasting five weeks, and the courses go on continuously. Approximately one-fifth of the clergymen who start the course fail to complete it or to qualify for the army.

Candidates for admission to the school must have the endorsement of their denominational superiors and organized religious bureaus and boards recognized by the government authorities, and must pass the physical tests of the local army draft board. At the school the student receives free subsistence, lodging and uniform and \$33 a month, which is the pay of a first class private. After completing the course successfully the government returns the student to his home, and when he is appointed to the army he takes the rank and pay of a first lieutenant of the national army, \$2,000 a year at home and \$2,200 a year abroad.

The training of a chaplain is practical and intensive. His days in school are busy ones. He rises like any common soldier at 5:45 a. m., has fifteen minutes of setting up drill and is required to circle around the parade ground at double time before breakfast. He must police his quarters like any other soldier, undergo an infantry drill without arms of 45 minutes, and then attend lectures and recitations. The latter cover military and international law, service customs, and field service regulations pertaining to a chaplain's duties. The school surgeon instructs him in sanitation and first aid, and experienced chaplains give clinics on actual work with the army. He is given instructions also in horsemanship, because in field service he will be a mounted officer.

The priorities division of the war industries board has decided that hollow tile manufacture is in part of national importance and continued manufacture of tiles throughout the war period will be safeguarded by giving the industry a place on the preference list for fuel and transportation.

Judge Edwin B. Parker, priorities commissioner, in a letter to the hollow tile manufacturers, says: "The priorities board is of the opinion that yours is in part a war industry because your product is used in many of the building operations carried on directly by the war agencies of the government, and in the collateral yet indispensable housing programs which are being and will be prosecuted in communities where soldiers, sailors and war workers are being concentrated."

"In the opinion of the board your industry also is in part one of national importance in that a portion of your product is used in land drainage operations and in ensilage savings processes making possible a higher production per acre and per farmer of foods and feeds, taking into account the labor expended in applying such products to the land."

Hollow tile manufacturers must give a pledge of co-operation with the government that they will not use mate-

rials except in the manufacture of products for essential uses as defined and applied by the priorities division of the war industries board, and that they will guard against resale of the product for any except essential uses. There will be permitted, however, sales of small quantities of tiles for repairs or extensions to existing structures involving in the aggregate a cost not exceeding \$2,500.

The war industries board has decided that motor trucks are war essentials and that in civilian industries they constitute an important transportation medium and their production should be facilitated and not curtailed. But no pledge to see that motor truck manufacturers got all the steel they wanted was given by the priorities division of the board.

Judge Parker, priorities commissioner, observed: "The manufacturers and dealers fully realize that steel is today the world's most needed metal and that, in view of the urgent war demands of this nation and the allies, it is well nigh treasonable to consume a pound of it that can be saved. They pledged themselves to reverse their practices of normal times and, instead of selling through solicitation as many trucks as possible and furnishing new trucks to replace old ones, to use their utmost endeavor to induce owners and operators to repair old ones and use the trucks they have as long as possible, to operate them fully loaded, and, through shifts of drivers and otherwise to keep them in use during the greatest possible portion of the day."

The department of agriculture suggests to farmers a gas attack on bean and pea weevils, which annually destroy millions of dollars' worth of valuable food and feed. Use carbon disulphid. The weevil has not discovered the advantage of a gas mask.

Miss Mary Van Kleeck, director of the women in industry service of the department of labor, announces the creation of a committee of experts.

The committee will visit various centers where women have been drawn into industries at work on war contracts. Hazards such as the use of industrial poisons will be inquired into with reference to their effect on the health of the women employed, and whether the effect is so detrimental as to justify an order prohibiting such employment.

Sheep Production Must Be Increased to Meet Meat Requirements of Nation

By A. C. BIGELOW, President of Philadelphia Wool and Textile Association

The number of sheep in our farming sections has declined nearly one-third since 1900, and the decline for the entire country has been over 12 per cent. Our actual sheep population today is approximately 32,000,000 head, while according to good authority our grazing area should easily maintain 150,000,000.

The development of agriculture over the western plains reduced the former great cattle industry. Our great staple meat food, beef, has been advancing in price for years, but with utter lack of foresight we have failed to promote the production of mutton and lamb, which is the most wholesome meat product, which is produced at less cost, and is therefore a desirable substitute for the more costly beef. Our lack of attention to sheep has not only affected our meat supply but it has rendered us dependent on foreign countries for the major portion of our wool supplies, with which to provide our people with woolen clothing.

The war has brought to us the new experience of meatless days, and to many of our people with slender purses it will bring woolless clothing. Our lack of wool supplies has been a cause of great embarrassment to our government in supplying our military requirements. These sudden acute conditions have been brought about by the pressure of war.

A GROUP OF MICHIGAN BABIES ENTERED IN STATE FAIR CONTEST

Year by year the Better Babies Contest conducted annually by the Michigan State Fair, to be held in Detroit from August 30 to September 8, has been increasing in size and importance. G. W. Dickinson, Secretary-Manager of the fair association, has been particularly interested in this phase of the fair work, believing that one of

the first duties of the American public is to give its undivided support to the child welfare work, providing for the care and health of the future citizens. The contest at the coming exposition will assume greater proportions on account of the active interest the federal government is showing in the baby movement by taking a national survey of the babies in the country.

MAY TAX RICH 75 PER CENT

INCOMES OF \$5,000,000 OR OVER COMMITTEE URGES HEAVY TAX TO MEET WAR NEEDS.

10 PER CENT LUXURY TAX URGED

30 Per Cent Straight Tax On All Business Profits Derived From War Contracts Or War Business.

Washington—A sharp clash between the treasury department and the ways and means committee over war profits taxes in the revenue bill developed at a recent session of the committee.

Treasury officials demand a straight tax of 80 per cent on all business profits derived from war contracts or war business. The committee favors a double system, including high excess profits tax and war profits tax, giving the treasury the alternative of selecting the one which will yield the government the greatest amount of revenue.

Chairman Kitchen stated that the difference in the amount that would be raised under the treasury plan and the excess profits plan would be considerable if the excess profits rates were made high enough to catch all those whose profits before the war were as high as present profits.

The committee decided that super-taxes on personal income which were previously agreed on, were too low, and accordingly voted to raise them as follows:

On incomes between \$200,000 and \$300,000, 55 per cent.

On incomes between \$300,000 and \$500,000, 60 per cent.

On incomes between \$500,000 and \$1,000,000, 65 per cent.

On incomes between \$1,000,000 and \$5,000,000, 70 per cent.

On incomes over \$5,000,000, 75 per cent.

The sub-committee which has been considering the question of luxury taxes made a preliminary report recommending a tax of 10 per cent on all articles above a certain fixed price. This tax the sub-committee recommends should be placed on costly jewelry, clothing and a hundred or so other articles on the "luxury list," submitted by the treasury department.

Opinion of the sub-committee is that where the price is such that the article in question is within the reach of persons of ordinary means there should be no tax, but where the price is increased because of artistic workmanship or extravagant use of materials the excess in price should be taxed. The tax would have to be in the nature of a sales tax and, in some cases, would be designed by affixing a stamp.

CASUALTY LIST CONTAINS 706

Names of Soldiers Who Fought At Marne Have Begun to Arrive.

Washington—Names of American soldiers who have fallen in the great Franco-American drive which turned the German offensive on the Marne into an utter defeat, have begun to come from overseas. They swelled to 706, total casualties made public by the war department in two separate lists.

Although nearly three times as great as the largest number heretofore announced in a single day, the total represents only a part of the lists, which have been accumulating since the great battle began July 15. And it is not to be assumed that this represents the losses for any one day.

No estimate of American casualties in this continuous fighting has been received from General Pershing, and it was said authoritatively that none is expected.

In that connection, Acting Secretary of War Crowell deprecated any guess as to casualties in the overseas forces, saying that publications, which would exaggerate, or minimize, the total, would create unnecessary anxiety among relatives and friends of American soldiers.

Of the names, made public 459 were of those who were killed in action, and 80 who died from wounds. The second list contained only names of the dead—256 killed in action, and 43 who died of wounds—but the first list showed 48 wounded severely, 100 wounded, degree undetermined, and three missing in action. In the first list, there were also nine who died of disease, one of an aeroplane accident, and six from accidents and other causes.

F. D. Roosevelt Leaves for Paris.

Paris—Franklin D. Roosevelt, assistant secretary of the United States Navy, left Sunday for the sector of the western front held by the Marines. "I hope to see the grand fighters fight," said he, departing.

Tobacco Revenue Treble.

Washington—Heavy increases in the present war tax on tobacco, cigars and cigarettes were agreed to by the house ways and means committee as part of the new \$8,000,000,000 revenue bill. The tax imposes three times the existing rates on some items of the schedule and is expected to raise about \$340,000,000 in comparison with the present \$168,000,000 revenue from tobacco. "Tobacco tax increased from 13 to 30 cents per pound." Cigarette paper and tubes, tax doubled.

Before Days of Furnaces.

Yule is an Anglo-Saxon word for Christmas, hence Yuletide, meaning Christmas time, and the yule log which used to be piled on the hearth for the making of a big, cheerful fire. The yule log was thought to bring good fortune and bits of its charred remains were saved to start the next year's Christmas fire with. But that was before the days of furnaces of baseburners.

PRIMARY ELECTION.

Notice is hereby given that a general primary election will be held in the Township of Elkland, County of Tuscola, State of Michigan, at Township Hall within said Township, on Tuesday, August 27, A. D. 1918 for the purpose of placing in nomination by all political parties participating therein candidates for the following offices, viz.:

National—One candidate for United States Senator.

State—One candidate for Governor; one candidate for Lieutenant Governor.

Congressional—One candidate for Representative in Congress for the Congressional District of which said Township forms a part.

Legislative—One candidate for Senator in the State Legislature for the Senatorial district of which said Township forms a part; one candidate for Representative in the State Legislature for the Legislative district of which said Township forms a part.

County—Also candidates for the following county offices, viz.: Sheriff, County Clerk, County Treasurer, Register of Deeds, Prosecuting Attorney; Circuit Court Commissioners; one County Drain Commissioner; one surveyor; two coroners.

Delegates to County Conventions. There shall also be elected as many delegates to the county conventions of the several political parties as said Township or Precinct is entitled to under the call of the county committees of said political parties, which number will be indicated by the number of blank lines printed on the official primary ballots used at said election under the heading, "Delegates to County Conventions." The Board of Primary Election Inspectors will furnish delegates with credentials, entitling them to seats in the county conventions, except that where there is more than one precinct in a Township and the county committee require the election of delegates from the Township as a whole, such delegates should be admitted without credentials. Names of candidates for delegates to county conventions will not appear on the official primary ballots, but will be written or pasted in by the voter, in the place designated on said ballots.

Separate ballots for each political party, somewhat in the form as shown herewith, will be provided. The elector must name the political party of his choice when asking for a ballot and in marking his ballot must make a cross in the square to the left of the name of each elector for whom he desires to vote, and can vote for only one candidate except where two candidates are to be elected, in which case he should vote for two.

Relative to registration—Please note that all provisions of the primary law are done away with, and if you are not already registered in the precinct where you reside, you must register under the provisions of law as set forth in the registration notices posted in connection with this notice of primary election.

The polls of said election will be open at 7 o'clock a. m. and will remain open until 5 o'clock p. m. of said day of election, unless the Board of Election Inspectors shall, in their discretion, adjourn the polls at 12 o'clock, noon, for one hour.

REGISTRATION NOTICE.

Note important change in registration laws.

To the Qualified Electors of the Township of Elkland, County of Tuscola, State of Michigan.

Notice is hereby given that in conformity with Act 126, Public Acts of 1917, 1, the undersigned Township Clerk, will, upon any day except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration, except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election.

August 17, 1918—Last Day for General Registration for Primary Aug. 27, all electors not already registered and intending to vote at said election, should make personal application to me on or before the 17th day of August, A. D. 1918. Notice is further hereby given that I will be at Greenhouse on August 3, and August 10, 1918, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said township as shall appear and apply therefor. The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book.

Registration of Absentee by Oath.—If any person whose name is not registered shall offer and claim the right to vote at any election, and shall, under oath, state that he is a resident of such precinct and has resided in the township twenty days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution; and that, owing to the sickness or bodily infirmity of himself, or of some member of his family or owing to his absence from the township on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered, and he shall then be permitted to vote at such election. If such applicant shall, in said matter, wilfully make any false statement, he shall be deemed guilty of perjury, and, upon conviction, be subject to the pains and penalties thereof.

Provision in case of removal to another precinct.—Any registered and qualified voter who has removed from one election precinct of a township to another election precinct of the same township shall have the right, on any day previous to election day, on application to the township Clerk, to have his name transferred from the registration book of the precinct from which he has removed to the registration book of the precinct in which he then resides. Such election shall have the right to have such transfer made on election day by obtaining from the board of inspectors of election of the precinct from which he has removed a certificate of transfer and presenting the said certificate to the Board of Election Inspectors of the precinct in which he then resides.

Women electors.—The names of all qualified Women electors not already appearing on the registration list will be registered, provided personal application is made in conformity with the foregoing provisions.

Dated July 25, 1918.

Monday the contract for the 2 1/2 miles of road beginning at the north end of the State Reward road north of Harbor Beach and running to Port Hope was let by the Michigan Highway Department to William Finkle, highway commissioner of Rubicon township. Construction will be begun at once and when this road is completed, there will be an excellent gravel road between this city and Port Hope. There is considerable traffic between these two towns and there will be more when the road is completed.—Harbor Beach Times.

Fred Guilda, son of Charles Guilda of Sand Beach township, suffered a terrible accident in Cleveland last Saturday which caused his death an hour and a half later. Young Guilda, who was a motorman in the Cleveland Street Railway service, was just leaving the car barns with his car when he got off to turn a switch. His car continued to move forward at a slow rate of speed and before it was stopped, passed over his body, severing the legs from the torso.

A Vassar man passed by his neighbor's garden the other day and seeing a lady there he bowed and spoke. Receiving no reply he looked a little closer and discovered that he had been addressing a "scarecrow." He says the scarecrows are wearing good deal better clothes this season than they have in a long time.

Thursday the express office at the P. M. depot at Sandusky was abolished and hereafter all express will come through the express office at the D. B. C. & W. depot. Since the government merger of express companies until after the war, it was decided to have the express handled here by one agent. Frank Wood was appointed an express agent. The P. M. will discontinue handling express.—Sandusky Republican.

Charles B. Weaver, 74 years old, one of the oldest residents of Tuscola county, was found dead in bed last Sunday morning. He had long suffered from heart disease, and evidently passed away during the night. A week before he had insisted that Mrs. Weaver should go with their relatives, Mr. and Mrs. Ernest Mercell, of Royal Oak on an auto trip to visit friends in Tawas City. She had objected to leaving him alone, but he urged that he was all right and would be all right, so she reluctantly consented, arranged with Mr. and Mrs. Edward Hardy, neighbors across the road, to look after the milk and see that Mr. Weaver was all right. She expected to return Monday. He visited Vassar Saturday and on his return drove a mile beyond his home to Watrousville to deliver some butter to his sister-in-law, when he appeared quite as well as usual.—Caro Advertiser.

Miss Anna M. Mahon for many years a prominent school teacher of Sanilac county and a member of the board of County School Examiners, became the bride of George Hyde, a well known Sanilac township farmer

on Wednesday, July 17. The ceremony was performed by the Rev. Stanley Shaw at the home of Mrs. E. J. Read in Port Huron, and the bridal party took a steamer for a lake trip north after which they returned to their farm home near Port Sanilac.

Ernest Graf, who, it is alleged has been making Pro-German utterances ever since the declaration of war, was visited last week by a United States officer and given the alternative of twenty years at Leavenworth prison or immediate service at the front. He took the latter. It said the utterances of the Pro-German element have been tolerated long enough and examples are to be made of the unpatriotic both men and women. Officers have visited Unionville at various times and given fair warnings of consequences. This is America. Anyone who does not love it will have the opportunity of taking up their residence in what was before the War Germany when this conflict is ended. He was taken to Caro Saturday night.—Unionville Crescent.

CARO.

Mr. and Mrs. Robert Brown gave a wedding reception in honor of their son and bride, Mr. and Mrs. Arthur E. Brown, at their home on Pearl street Tuesday evening. About fifty friends were present to offer congratulations. Mrs. Grace Wilder Harris of Watrousville sang delightfully several numbers and Campbell's orchestra entertained the guests until a late hour when dainty refreshments were served. The bridegroom returned to Camp Custer Wednesday morning.

While preparing to go into the field to work, Mr. and Mrs. Wm. Curry placed their 9-year-old son upon the back of what was thought their most trustful horse. After going a few feet the horse became frightened, throwing the child off and then stepped sideways upon his breast. Death resulted 30 minutes later. Mr. and Mrs. Curry live a short distance out of Caro.

Rev. Fr. J. G. Cook has entered the service and will this week leave his parish here to become a chaplain in the American army in France. A public reception was given him here Monday night which was attended by several hundred of his closest friends and admirers throughout this county; so many in fact that the largest public hall in Caro was inadequate for their entertainment. Fr. Cook came here but six years ago and during that time his manifold superior qualities have endeared him to practically every individual, regardless of creed. Besides the large number from all over the county present at the reception the occasion was honored by the presence of ten other priests. Fr. O'Connen, of Clinton, Mich., who had been chosen as successor to the departing priest, sent word late in the day that it would be impossible for him to be present at the reception. He added also that it would likewise be impossible for him to take the parishes here and at Reese, because he too expected to enter the service of his country.

PINGREE.

Mr. and Mrs. Louis Crocker and two children of Harbor Beach spent Sunday at the home of John Crocker. Norman W. Cooke of Camp Custer is home on a furlough.

LAND OWNERS HAVE RIGHTS OF PROTEST

Drain Proceedings Covering Work in
One County Could Not Be Extended to Two.

Probate Judge Hill was successful through his attorneys W. S. Wixson and J. D. Brooker, in convincing Judge Beach in mandamus proceedings in the circuit court, that he should not be required to appoint special commissioners in the matter of Cass river drain. Unless the case is appealed to the supreme court, new proceedings must be instituted before the improvement may be made.

When begun, the proceedings contemplated an improvement lying wholly within the borders of Sanilac county and they were in due form and legal. It was later discovered that it would be necessary, in order to secure a proper fall and outlet, to extend the operations two and a half miles into Tuscola county, and the drain commissioners attempted to extend the work without the consent of the Tuscola land owners affected, and applied to Judge Hill to appoint special commissioners to award damages. In reviewing the proceedings he thought them irregular and refused, then mandamus proceedings were brought to compel the action desired.

After hearing arguments of counsel on both sides, Judge Beach filed a decision refusing to compel Judge Hill to act, and said in part:

"While the Act of 1913 cuts out very much of what the former law required in the way of description in an application for a proposed drain, I do not think it dispenses with the important fact that the drain, as projected, will traverse more than one county or affect lands therein. People whose lands are to be traversed and taken or used for a proposed drain should at least have the right to protest before a determination of necessity is made by the commissioners."—Caro Advertiser.

JUENGEL-BROWN

A pretty home wedding was solemnized Sunday evening at the home of Rev. and Mrs. Herman F. Juengel on Hooper street, Caro, when their daughter, Elfrieda Alvina, was united in marriage to Arthur Ellison Brown of Camp Custer, son of ex-County Clerk and Mrs. Robert Brown.

The ceremony took place at six o'clock under a canopy of white streamers and bells with a flag background. The patriotic colors decorated the rooms. The bride's sister, Clara, was maid of honor and Robert O. Spedler of Detroit, a fraternity brother and fellow student of the groom while at the Detroit College of Law, was best man. Paula Miller, the bride's niece, acted as ring bearer. Miss Edna Bowles played Mendelssohn's wedding march and during the ceremony, played Rubenstein's Melody of Love. Rev. Paul Waschilewsky was the officiating clergyman, using the full ring service. The bride was given away by her father.

The bride was gown in gray crepe de Chine and silver lace and carried a shower bouquet of pink roses. The

maid of honor was dressed in white with a corsage bouquet of pink sweet peas. Only the immediate relatives were present. A wedding supper followed the ceremony.

Both Mr. Brown and his bride are graduates of the Caro high school. The bride was also a graduate from the County Normal and for three years has been a successful teacher. The groom was principal of the Watrousville schools one year. He was attending the Detroit law school when called to the colors, and is in 160 Depot Brigade Hdqts. Detachment at Camp Custer.

Mr. and Mrs. Robert Brown gave a reception in their honor Tuesday evening, about forty friends were in attendance. Campbell's orchestra furnished a program of music, and refreshments were served.

The Misses Brown gave a delightful pre-nuptial affair Thursday afternoon at their home on Pearl street.—Caro Courier.

THELMA REID

A beautiful life closed three miles northwest of Cass City, August 2, 1918, when a kind chariot came close to the door of Mr. and Mrs. Frank Reid, and their only child, Thelma, a beautiful daughter of six stepped in and knew the limitations of life no more.

Three weeks prior to her death she was stricken with spinal tubercular meningitis and for nineteen days lay in an unconscious condition. The attending physicians did all that medical skill could perform, a competent nurse watched over the little bed day and night, while parents and immediate friends fought to the limit for Thelma's recovery.

Such a departure is but the unloosing of higher powers. It is not defeat, nor collapse, but achievement.

The funeral was held Sunday afternoon, August 4, at the Methodist church in Cass City conducted by the pastor. The great company present and the wealth of floral gifts spoke in language most eloquent of the love and respect in which the family is held.

She was laid to rest in the beautiful Elkland cemetery, there to await the dawning of that morning when the shadows shall have forever fled.—Con.

STATE SUNDAY SCHOOL CONVENTION

The 58th Annual Michigan Sunday School convention will be held at Cadillac, August 28-30. The music will be in charge of Tullar and Meredith, New York City. Features of the convention will be a parade, logging camp trip, and a great patriotic rally. Among the speakers will be W. T. Ellis, the famous newspaper correspondent, Dr. Frank Peterson, Minneapolis, Dr. F. W. Hannan, Dr. M. G. Kyle, Biblical Archeologist, Rev. F. N. Miner, Dr. P. F. Stair, Mrs. Maud J. Baldwin, W. C.
