QUESTIONNAIRES ARE BEING SENT OUT

DRAFT BOARD BEGAN WORK OF MAILING THEM OUT THURSDAY.

Officials Send Out Call for Assistants to Aid Them in the Work.

The Tuscola County Draft Board began mailing out questionnaires yesterday to the men between the ages of 19 and 36 years of age, inclusive, who registered under the selective service act on Sept. 12. There are about 2,000 men in this class in Tuscola county and 200 of the questionnaires will be mailed out daily.

Tuscola county has been divided into a number of districts where registrants will be assisted in filling out and answering their questionnaires. In the Cass City district are included registrants residing in Elkland, Elmwood and Novesta townships, the east half of Ellington and the north half of Kingston townships.

For the registrants residing in this district arrangements are being made to accommodate them every day in the campaign from 4:00 to 10:00 p. m., commencing tomorrow afternoon, at the Council Rooms at Cass City. The local attorneys, J. C. Corkins and J. D. Brooker, have this work in charge and 12 others have been appointed to assist these gentlemen. There is no charge for this work.

Registrants should read their questionnaires over carefully before coming before this board and be ready to answer all questions promptly. No questionnaires are to be filled out at Cass City for any other townships than those named as each county has been divided into districts and arrangements have been made to care for their registrants.

The 12 assistants selected to help in this work are Chas. Wilsey, F. A. Bigelow, Sam Champion, H. L. Hunt, G. A. Tindale, W. D. Riggs, H. F. Lenzner, E. W. Jones, Edward Pinney, A. A. Ricker, G. A. Striffler and Geo. C. Hooper.

LONG-DOERR NUPTIALS

Interesting Military Wedding Witnessed at Baltimore, Maryland.

The Baltimore American contained the following wedding announcement which will be of interest to Cass City folks:

"An interesting military wedding was witnessed last Saturday evening at 5 o'clock, when Miss Clarinda Mae Long became the bride of Corp. James E. Doerr, of Cass City, Mich., at Monroe Street Methodist church, the Rev. T. Davis officiating. The bride was lovely in a gown of white georgette, her veil caught with orange blossoms; she carried a shower bouquet of bride roses and maiden-hair fern. Her only attendant was Miss Ida Switzer, who wore a gown of pink georgette with hat to match and carried pink roses. The best man was Corp. Sylvester Glenvale, of North Dakota. The groom, best man and the ushers are all marines, stationed at Quantico, Va. A reception was held at the bride's home, 610 Monroe street, at 8 o'clock. The bride, who is very popular among the younger set of West End, is spending a few weeks with her husband at Quantico before he leaves for France. The groom's mother, Mrs. A. Doerr, and sister, Miss Elizabeth Doerr, came from Cass City to attend the wedding, and are also at Quantico."

Joseph Pettinger, 1 mile west and 2 1/2 miles north of Argyle, will have an auction sale of live stock and implements on Tuesday, Oct. 1. Full particulars are printed on page seven.

ATTENTION, CASS CITY BUSINESS MEN'S ASSOCIATION

Do we want to keep this association alive or do we want it to die a natural death?

Every citizen that is interested is asked to attend a meeting that is called for eight o'clock Friday night at the council rooms.

Your presence at the meeting will indicate your interest in our town and in the association.

SANILAC CO. TO ERECT SOLDIERS' MONUMENT

The monument committee, with Judge Beach as treasurer, are working on the plan for dedicating a monument to the boys of Sanilac county who have gone overseas. At the October session the Board of Supervisors will be asked to appropriate \$3,000 and the balance to be raised by popular subscription for building of the monument, which will be placed on the county grounds. The plans for the monument is one built in the shape of steps with the picture of a sharp shooter engraved at the top, kneeling on one knee. Bronze plates will have the names of the townships and cities and the names of the boys who have gone will be cut on the plate bearing the name of the township or city from which they left. Additional space will be left on the bronze tablets to inscribe the names of others who may go hereafter.—Republican.

LOCAL METHODISTS CLOSE PROSPEROUS YEAR

Rev. J. D. Young Is Given Unanimous Invitation to Return as Pastor Here.

Rev. J. D. Young, who left Tuesday morning to attend the M. E. conference sessions at Detroit, has been given a unanimous invitation to return to Cass City as pastor of the First church and Bethel church.

The local churches have prospered under the leadership of Mr. Young and during his two year pastorate 88 new members have been added to the church roll. During the year just closed, besides fully meeting the local expenses of the society, \$800.00 have been raised for benevolences and \$660.00 for the superannuated ministers' fund. The Sunday school is also progressing well and is well financed, having \$100.00 in its treasury.

LOCAL ITEMS.

Fred Maier was a business caller in Bay City Wednesday.

Everett, the little son of Wm. Monroe, swallowed an ink-tablet on Wednesday morning. A doctor was summoned immediately, thus preventing any serious results.

Miss Ione Striffler has accepted a position as saleslady in the drug store of her brother-in-law, Robt. H. Orr, of Pigeon. She expects to commence her work there next week.

Mr. and Mrs. George Bartley and family motored to Uby Monday, Mr. Bartley returning the same day. Mrs. Bartley and three little daughters are visiting at the Jos. Pettinger residence.

Misses Virginia and Helen Wilsey left on Monday for Oxford, Ohio, where they will attend Western College. Chas. Wilsey and son, Stuart, accompanied them as far as Detroit, returning Wednesday.

Mrs. Edward Pinney has been appointed chairman of Elkland township for the women's county organization for the fourth Liberty Loan drive. She asks the co-operation of every woman to urge the purchase of bonds and make the drive a big success in this community.

Mr. and Mrs. George Bond and little son of Detroit motored to Cass City Monday and are visiting with Mrs. Bond's parents, Mr. and Mrs. E. W. Keating, and other relatives in this community. Mr. Bond expects to return to Detroit Monday and his family will visit here for a longer time.

Miss Vera Schell, who has been the nurse in charge of the Pleasant Home hospital here for several years and who has had much to do in building up the fine reputation of this institution, left on Saturday for Detroit where she expects to receive her call for Red Cross work.

Miss Laverne Gamble, daughter of Mrs. Emma Gamble, both of whom formerly resided in Cass City, is at the Walter Reed hospital at Washington, D. C., to await a call for overseas service. Miss Gamble, until recently, has been employed as visiting nurse for the city of Piqua, Ohio.

M. E. Ernest L. Schwaderer of Tours, France, in a note to the Chronicle says: "At Tours everyone in the offices is working pretty hard as everything connected with the A. E. F. seems to double up every month or at any rate increase very largely. There is no loafing on the job. France is fair but the U. S. A. is the only place for us."

VOLUNTEER PLAN SUGGESTED FOR DRIVE

TOWNSHIP WORKERS ARE TO CHOOSE METHODS OF SECURING SUBSCRIPTIONS.

War Board Makes Arrangements for "Slacker Space" in County's Newspapers.

The way of the slacker will be a tough one in Tuscola county in the Fourth Liberty Loan and future campaigns for funds for war activities. This was the sentiment expressed at a meeting of war workers from the several townships of the county which was held at Caro Monday evening.

A motion for the appointment of a vigilance committee by the County War Board met with approval from the audience and the suggestion that each Township War Board make arrangements with newspapers published in their territory for a "Slacker Space" in their columns for the use of the County War Board was adopted. In this space, it is intended to publish the names of all those who are financially able to buy bonds and support war activities and refuse to do so.

The quota for each township in the Fourth Liberty Loan campaign created considerable discussion and it was finally decided that each township send a delegate to act on a committee which would determine the percentage which should be assigned to each township. A. D. Gallery, chairman of the county campaign, who presided at the meeting, named Thursday morning, Sept. 19, and the court house at Caro as the time and place for this equalization committee to meet. Edward Pinney represents Elkland township on this committee.

Mr. Squires of Detroit, an expert on Liberty Loan campaigns, made several good suggestions for the coming campaign. One of them was the volunteer system of securing subscriptions which worked very successfully in Ingham county. "Why should one patriot spend his time in soliciting subscriptions from another patriot?" was the question Ingham county workers asked each other. So they appointed volunteer days and each person was asked to make his subscription at certain places within each township or precinct on these days while those who neglected to do so were interviewed at a later date. Ingham county went over the 100 per cent mark on the first volunteer day. This plan looked good to many when it was suggested Monday evening, but its adoption was left to the several townships to decide for themselves.

Mrs. M. L. Ryan, chairman of the Women's Committee in the Liberty Loan campaign, stated that the work of her committee was purely educational and would be done through the county chairman and chairmen in each township and school district. It was planned to visit every home in the county and inform women why their husbands should purchase bonds. Eighty per cent of the women carry the pocketbook and she was sure they would do their part and determine what sacrifices should be made in the home to enable their families to make Liberty Loan investments.

In spite of the rainy weather, the meeting was well attended, all but four townships being represented. Novesta and Elkland were both well represented, the latter sending 20 of its township workers.

SOLDIER BOYS' LETTERS

"The French people are sure glad the way we are doing. They were glad to see us a year ago but now they know we are going to save them. They don't make any more noise but look at us with a look and aching which would make us feel as if we were cheating in this big game if we did not do our best," writes Jacob Anthes, who is entering his second year's service in France, to his father, Martin Anthes, of Cass City. "It is wonderful how much they look for us to do. I have seen fine old gentlemen take off their hats every time we pass them and I have seen French soldiers with one leg gone try to stand up and shake hands with us when I was at Aix Les Bains. "I always carried cigarettes for the wounded French soldiers and I never gave anything in my life that did me so much good. They can't get tobacco at all and they have smoked since

babyhood. When I left my room at the hotel I went by a lot of them on cots and chairs and it made a young man feel small to see them without legs and arms but still looking at us and trying to let us know that they knew we would fix it all up in time. The week there put more pep in me than anything else. It gave me a new idea of war. We meet the best of France here and they have given all. "I got some candy at the Y and went to the park and gave it to the little kids. They sure were glad to get it as candy cannot be gotten here that is candy as we like it. One little girl about four years old became quite in love with me—or the candy—and played with the other little boys and girls but kept coming to me. I gave her the bag and she gave some to all the other little kids, then run over to a French Cap with his right leg off and gave him the sack to keep. He came over to thank me and a French lady who could talk some English came over and helped us out some. The kids all play with rubber balls and they like to play with us. It's fun to see four or five big U. S. boys playing with a little French girl seven or eight and it's hard to tell which has the most fun.

"The people here take us in heart and soul. Their homes are none to good for us. Of 1,000 U. S. S. there I never saw one drunk and there was liquor everywhere. But the place has the influence that keeps you straight. The Y. M. C. A. is everywhere and trying to make things nice for us. They have told the French that we are not only fighters but that we can and will be gentlemen and we sure were. The send-off they gave us showed that we were liked by all. They stood on both sides of the street with hats off and tossed flowers and kisses to us. There were some who would have left the line and stayed another week if they could.

"That march to the train was the first time I really had the feeling that if I stayed two more years in France and shovelled one-half over on the other; walked in the mud up to my knees and soaked up more rain than

GOVERNMENT INSTALLMENT PLAN FOR 4TH LIBERTY LOAN

May Be Paid in Four Payments Following Initial Payment of Ten Per Cent.

Bad news for the Liberty Loan dodger is contained in the latest Liberty Loan bulletin. The initial payment is changed from five per cent to ten per cent. The man that has paid his initial five per cent heretofore, and then permitted his patriotism to run into his boots, forgetting all further payments and content to stand the loss of the first payment, will now face double the loss if he repeats his former tricks.

The so-called government installment plan payments in the Fourth Liberty Loan campaign will be as follows:

With subscription—10 per cent.
November 21—20 per cent.
December 19—20 per cent.
January 16—20 per cent.
January 30—30 per cent.

Interest on the bonds will be payable April 15 and October 15 of each year, at 4 1/2 per cent. The bonds will be dated October 14, 1918, and full payment may be made with subscription, or on Oct. 14, if desired.

FARMER KILLED BY FALL FROM BARN

Justus Faupel, a farmer living two miles and a half southeast of Elkton, received injuries Saturday afternoon which caused his death late Tuesday afternoon, Sept. 10. Mr. Faupel was drawing in beans when the ropes became entangled. While trying to adjust them he lost his balance and fell from the peak of the barn to the floor.

Drs. Herrington and Monroe were both summoned but held little hope for his recovery. He leaves a wife, eight children, an aged mother, four brothers, two sisters and a host of friends to mourn his untimely death.

"OVER THE TOP" AGAIN.

"Over the Top" was played at the Pastime two days in July to "standing room only." It is by the request of those that could not get to see the picture at that time and by those who want to see it again that Manager Middleton has arranged for repeat performances next Friday and Saturday, Sept. 27 and 28.

A CALL FOR WOMEN NURSES

COM. ON NURSE RECRUITING AT PASTIME THEATRE NEXT MONDAY EVENING.

Will Be Glad to Meet Every Young Woman Who May Be Included in Call.

Within the next week every young woman between the ages of 19 and 35 will have the opportunity of enlisting in the service of her country. The American woman can not be drafted but that fact does not free her from her obligation and duty to her country. If you are between the ages of 19 and 35, you are in the call that your Government has made to the American woman. If you are between these ages and have a high school education then answer this call by enlisting in the army school of nursing. If you have but an 8th grade education or an incomplete high school course, then answer the call by enlisting in the Civilian School of Nursing.

Next Monday evening at the Pastime Theater at 7:30, the Committee on Nurse Recruiting will be glad to meet every young woman included in this call, at which time the movement will be explained and recruits enrolled. It is your duty to come as much as it is your duty to buy Government bonds and War Savings Stamps. Don't be a slacker.

What a Nurse Can Do for Her Country.

There is one form of national service for women which seems more nearly the equivalent of the Army and Navy service and training than any other. Not only does it provide a direct outlet for patriotic impulses, but it is also probably the most vital and satisfying form of service which any woman can render in critical times such as these. It is the work of the nurse.

She stands side by side with the fighting forces in the first line of defense, and out of the fearful waste and havoc of war she saves numberless, precious lives. She helps to protect our men from the scourge of disease, which is often more deadly than bullets.

She greatly mitigates the suffering and horror of war hospitals and helps to keep alive the faltering courage and spirit of wounded and battered men. In all these ways she actually multiplies the fighting resources of her country and helps to stop the exhausting drain of its precious lifeblood.

But her work does not end here. Back of the fighting line is the great body of industrial laborers and food producers and other workers whose services are just as essential to the successful issue of the war as the work of the sailors on the high seas and the soldiers in the trenches of France.

Here also life must be made safe and health must be conserved, particularly the lives and health of the children, who are the future strength of the nation. A large part of this work of conserving and protecting human life falls on nurses.

In hospitals, the tenements, in schools and in factories, in crowded cities, and in lonely pioneer settlements this army of women is fighting incessantly a relentless battle with disease and death, a struggle which is just as important, though less spectacular, than the work on the firing line in France.

Just as in the Medical Corps, the Engineering Corps, the Flying Corps, and every other branch of Army and Navy service, the country is searching out and training the best experts that can be found, so for this highly responsible and highly skilled branch of scientific service, which means life or death for many thousands of our fellow countrymen, we must not be satisfied with anything less than the best skill the country can supply.

It was in connection with this service that President Wilson recently made the significant statement that "this is no war for amateurs."

Recognizing this, the Red Cross in this country is enrolling for nursing service in the Army and Navy only trained graduate nurses, over 22,000 of whom are already enrolled, and about 11,500 of whom have already been assigned to duty.

This means that we must have ample reserves of trained nurses—many thousands more—ready for the years ahead, as well as for the present

need, both in foreign and home service. This is what the Student Nurses' Reserve offers to young women. The recruiting campaign conducted by the Woman's Committee, Council of National Defense began on Monday, August 5. Enlist at the nearest recruiting station.

JACKIE BAND IN COUNTY.

The Jackie Band of 35 musicians and a drill squad of six from the Great Lakes Training Station will open the Liberty Loan campaign in Tuscola county next week. They are scheduled for Akron Friday afternoon, Sept. 27, at Caro from Friday at 5:30 p. m. to early Saturday morning; Vassar at 8:45 a. m. A special speaker will accompany the band.

HOME GUARDS BANQUET LT. EARL L. HELLER

This Company Has Supplied Uncle Sam with 49 of Its Members.

Since March, 1917, when the Home Guard Company was organized at Cass City, it has supplied Uncle Sam with 49 of its members to become members of his great fighting force in Europe.

The loss of none will be felt more keenly by the company than that of Lieut. Heller, who was one of the foremost in forming the organization.

At a banquet given in his honor at the town hall by the company on Tuesday evening, he was presented with a handsome wrist watch suitably inscribed and after a brief presentation speech by Capt. W. R. Kaiser and a ringing speech of acceptance by the recipient of the honor, Lt. Farrell, Lt. West, Sgt. Spittler, Sgt. Karr and Pvt. Bigelow spoke a few words of appreciation of the faithful service of Lt. Heller to the local Home Guard Company.

Lt. Heller, in company with Floyd Moore, left yesterday for Lansing where they will enter training and pursue a mechanical course at the M. A. C.

RED CROSS NOTES.

The Red Cross Sewing Society has 24 comfort kits in readiness for men who are called. Please notify Mrs. Wm. McBurney over Jones' Grocery.

We need sewing machines the worst kind of a way. Any one having a machine in good working order only will be doing more than a patriotic deed by sending same to the Red Cross sewing rooms over Auten's Bank. There are only two machines that can be used. We should have six as all the work now on hand is machine work. Notify Mrs. F. A. Bliss or Mrs. J. B. Coates.

A new drive will be made soon by all the chapters of the Red Cross throughout the United States for clothing for destitute people of France and Belgium. Every kind of durable garment for all ages and both sexes is urgently needed. In a message asking the Red Cross to undertake the work, Herbert C. Hoover, now in Europe, says millions of men, women and children are facing suffering and disease and some of them death for lack of clothing this winter. Let Cass City help them by looking over their garments and sending all they can spare when the drive begins.

Mr. and Mrs. David Law motored to Bay City Monday, Mr. Law returning the same day. Mrs. Law is spending a few days at the home of her daughter, Mrs. Chas. Allard, of Ellington.

SLACKER'S SPACE.

This space has been secured by the War Board Vigilance Committee and is under the control of said committee during the war, and the publisher of this paper is not responsible for advertisements which may from time to time appear in this space.

The committee wishes to say that any person who refuses to support this Government by supporting its war activities, such as Liberty Loans and Red Cross funds to the extent of his financial ability will have his name and address published in this space free of charge. Watch and read the names and addresses of the disloyal who will not support this Nation in time of need.

OBITUARY.

Geo. Bunker was born July 2, 1847, in Hamilton, Ont. When a small child he moved with his parents to Walsingham, Ont., in which neighborhood he lived until 34 years of age.

He was united in marriage with Rachel A. Matthews Oct. 18, 1868 and nine children were born to this union, seven of whom are living. Mr. and Mrs. Bunker and family came to Michigan in 1880 and settled near

Port Austin where Mr. Bunker was employed on a stock farm owned by J. R. Learned. They resided near Port Austin until nine years ago when Mr. Bunker purchased a farm one-half mile north of Novesta Corners.

Mr. Bunker has been in poor health for five years, gradually growing worse each year. The last year he has been a great sufferer, but never kept his bed until two weeks before he died. He longed for the time to go and prayed that God would take him. Death came on Sept. 2.

Besides his widow are six sons and one daughter, Walter of Pt. Huron, David of Flint, Arthur and Andrew of Detroit, Roy in France, Delmar and Adda at home; four brothers, John and Alex of Alpena, Robert of Wyecombe, Ont., and Purvis of Bremerton, Wash., and one sister, Mrs. Fred Bauer of Tilsonburg, Ont.

Funeral services were held at the F. W. Baptist church at Novesta, Rev. J. Willerton officiating, assisted by Rev. Austin of Deford. Interment was made in Novesta cemetery and the five sons and a nephew, Lorne Walker, acted as pall bearers.

BEAULEY.

The farewell party for Rev. and Mrs. Kady was postponed last Wednesday evening to Monday evening at the home of Mr. and Mrs. Frank Reader. Despite the rainy evening, a number came and spent a pleasant social evening. A nice buffet luncheon was served to which all did justice and best wishes and prayers were offered for Mr. and Mrs. Kady's future work. We hope we will soon see them again.

Red Cross met at Mrs. Twilton Heron's Wednesday.

John Fay and son, Manley, and Archie Stirton made a business trip to Flint Tuesday.

Mr. and Mrs. D. McDonald spent Thursday evening at the C. E. Hartsell home.

We certainly should rejoice over the advance and success our boys are making in the war and not forget to write to them each week, and don't forget to pray for them and trust that the victory will soon come. Let us each remember and do our bit. Buy thrift stamps and bonds. Help in every honorable way to win this awful war.

McHUGH.

Mrs. Haley, Al Haley and Mrs. Walker of Cass' City spent Tuesday at the Israel Hall home.

Israel Hall sold 55 bushels of choice apples to C. W. Heller last week. Mr. Heller shipped the apples to Bay City.

FRECKLES.

"Freckles," a dramatization of one of the most widely read books in the past decade, by Gene Stratton-Porter, is announced for Cass City Opera House on Saturday, Sept. 21.

From literary standards there have been few greater nature stories written. That it has been marvelously popular is attested by the fact that over five million persons have read it. When one has read a story there is always a desire to see it played; to see the characters in real life, and this is undoubtedly the most important reason for the success of "Freckles" as a song play. During its trial performance it drew record-breaking audiences, and with unanimous acclaim the prophecy went forth that its success as a song play would equal its unqualified success as a novel. On regular tour this season, with a complete scenic equipment and a strong company of artists and singers it is playing to capacity audiences everywhere.—Adv.

The WEEK'S DOINGS

Elias McKim left on Monday for Detroit.

Miss Nina Marshall spent Sunday in Kingston.

Roy Harris and William McInnis were in Caro Friday to be examined by the county board.

Miss Florence Striffler spent the week-end at the home of her sister, Mrs. Robt. Orr, of Pigeon.

Miss Myrtle Mead returned on Wednesday to Detroit where she is nursing at the Detroit Sanatorium.

Mr. and Mrs. Philip Muck and daughter, Madeline, and Miss Emma Muck were callers in town last Thursday.

Mr. and Mrs. C. W. McKenzie and daughters, Margaret and Jean, left Thursday morning for their home in Kalamazoo.

Roy Striffler and Benoni Hutchinson visited in Bay City Friday. Mr. Hutchinson went on to Lansing, returning home Saturday.

Mrs. M. Fournier and son, Kenneth, expect to leave Friday for Midland where they will visit Mrs. Fournier's sister, Mrs. John Sieudenmuth.

D. F. Schiele and daughters, Miss Gertrude Schiele, and Mrs. Melvin Herford, attended the funeral of Justus Faupel at Elkton on Monday.

Thos. Welsh and daughter, Miss Edith, and Mr. and Mrs. Thos. Welsh, jr., of Toledo, Ohio, came Tuesday to visit Mr. and Mrs. Asa J. Root and other relatives.

Mr. and Mrs. Andrew Schmidt and daughter, Evelyn, have gone to Buffalo where they will make their home. Mr. Schmidt is employed in the government shipyards of that city.

Mr. and Mrs. Matt Barwick and two sons, George and John, and Miss Avah Califf of Detroit spent the week-end visiting the first named's sisters, Mrs. Jno. Gordon and Mrs. A. Cuddy, east of town, returning home Monday. The trip was made by auto.

Robt. McKenzie and Corp. James Doerr are in the same regiment stationed at Quantico, Va., and Albert Whitfield, also at Cass City, came from Paris Island and joined the boys at Quantico last week. "We have some good times together and it seems like old times to have the boys here," writes Jim Doerr.

Wm. Ball, jr., tells of meeting a Hollander in Jackson while returning to Camp Custer recently. He insisted on treating the boys to ice cream, and before leaving the soldiers in the group, he handed each one of them a dollar. The Hollander said the Americans were the greatest people on earth in his opinion and were so happy when their country called them. He gave them his address and promised to answer all their letters and also told the boys to see his relatives in Holland if the opportunity offered.

Mrs. Margaret Livingston of DeFord was a Cass City caller Tuesday.

Mrs. Russell Herriman and two sons, Harold and Nathaniel, of Elkton spent last week at the home of Mrs. Herriman's mother, Mrs. Catherine Fournier.

Housewives who have been in the habit of having their telephone moved every time they clean house will make less changes in this respect since the government has assumed control of the telephone lines. The Cass City Telephone Co. has received the following notice which relates to this subject: "Postmaster Gen. Burleson on Sept. 14 directed all telephone companies to make a flat rate of \$3.00 for moving a subscribers' telephone set from one location to another within the same premises. This order amends regulations made on August 18 on which the charge was to be paid upon actual cost of labor and material."

Village Marshal Kaiser has received the following description of Helen Anderson, who has been missing from her home at 449 Mullet St., Detroit, since Aug. 29: "Helen Anderson, age 12 years November 1917; apparent age 16 or 17 years. Description: 5 feet 6 inches, about 125 pounds, very well built, good figure, very dark brown hair, nearly black, large brown eyes, near-sighted. Wore silk dress shirred around waist with fawn color, and large white collar, grey kid shoes, black stockings. Complexion sallow. Wore gold ring set with pale-blue stone, also gold ring with blue stone, small black straw hat with yellow ribbon, large yellow bow in front. Has mole on back of neck, vaccination scar on left arm. Teeth large and in good condition. Tonsils and adenoids have been removed. Wears hair combed back loose and over ears. Carried a package containing white crepe de Chine waist with large collar trimmed with lace, and green plaid skirt with large blue and double stripe, and black sateen apron."

Keep Out the Cold and Save Coal.

EVERYONE wants to save coal this winter. It's needed to win the war—and it's high in price. The easiest way to save coal, is to keep out the cold and keep in the heat with

Storm Windows and Storm Doors

And this saving in coal means a big "profit" to every householder. Houses protected by storm windows and storm doors require from one-third to one-half less coal.

You can easily figure what that means to you in dollars and cents. The saving in coal will pay for the storm windows and storm doors in one or two seasons.

And in addition they increase the comfort and healthfulness of your house by eliminating cold floor drafts, by permitting perfect ventilation and by making it possible to keep warm in the severest Winter weather.

See us now and have a comfortable house all Winter.

THE JEWISH LEGION.

Awaken, O Jerusalem,
Thou city of the king!
The Lord God of Israel
Has wrought a wondrous thing;
A byword and a mocking
Through centuries of shame,
He comes to raise thee from the dust
And build again thy name.
Jerusalem, Jerusalem,
Lift up thy head and see
The mother may forget her child,
But God remembers thee!

The swords of many nations
Have made of thee a prey,
The feet of many strangers
Have worn thy stones away;
But harken, O Jerusalem,
And hear a joyful sound—
The tread of Jewish warriors
On their ancestral ground!

Arise and sing, Jerusalem,
Who art no longer dumb;
O citadel of David,
The sons of David come!
—Don Marquis' column,
N. Y. Evening Sun.

[The capture of Jerusalem by the British forces has enabled the Anglo-Palestine Bank to resume its operations. The Zionist Organization of America has forwarded to it \$400,000 to meet immediate obligations. The British military staff has invited it to open branches in Jaffa and other parts of Palestine and has commissioned it with the task of buying supplies for the army.]

used to be a big price--

THERE was a day when \$20 was considered a high price for a suit of clothes. Now it's the lowest price that you can afford to pay—the lowest price that will buy all-wool, well made, serviceable suits. All of which leads us to say that our showings of clothes at \$20—as well as at \$25, \$30 and \$35—are the best procurable in Cass City.

SHOES The J & M CLOTHING QUALITY STORE CASS CITY

"Hello!"
"Yes' This is 86-- Jones' Grocery"

"Did you say Tea?"

"Sure, we have just received a shipment of SHIELD'S FANCY TEA in the bulk, and it's a 'cracker-jack'—the very best tea you ever 'stewed.' Just try a pound and they couldn't pull you away from it with a Ford Tractor."

"A loaf of bread?" "No, this isn't 'Thumb Bread.' This is BETSY ROSS BREAD and believe me, Betsy is 'some girl.' This bread is made under the New Regulations."

"Was there anything else?"

"Say! We just received 189 pounds of the BEST HONEY A BEE EVER MADE—nice, white honey in the comb." "Alright, we'll send you a card of this honey."

"Did you say Dairy Butter?" "No, we haven't any Dairy Butter, but we have a WHITE OLEO IN 1-LB. PRINTS. This is a cocoanut Oleomargarine and guaranteed to be one of the best grades of Oleo on the market. It's 35c a pound."

"Yes, we have a full assortment of COOKIES." "Alright, we'll send you a few of each."

"And just a moment. Say, we have a few of those BARGAINS IN FANCY CHINA left yet. Yes, you had better come down soon as they are sure going fast."

"SOMETHING FOR A XMAS PRESENT?"

"Well, our holiday line is in, and we are just unpacking them; in fact, one of the clerks is down in the bottom of a big packing case, throwing out goods by the armful right now, and we'll have these goods checked up in a day or so. "Well, they may be higher later, so it would be well to look them over as soon as possible. Of course we have the most complete line of Holiday Goods this year that we ever handled, but if we haven't got what you want, we will try and get it for you."

"You said you would be in Wednesday evening?" "Alright. Goodbye!"

RATIONING OF GAS IS NOT FEASIBLE

Garfield Declares Suggested Plan Cannot Be Put into Effect.

State Fuel Administrator Prudden received the following telegram Wednesday from Federal Fuel Administrator Garfield:

"The United States fuel administration finds that in regard to the conservation of gasoline many may have understood that the plan of not driving pleasure automobiles on Sundays was an order, instead of a request. It has been suggested that the result to be sought might better be gained by a card system, or some other method of rationing gasoline. The answer to this, is that in the time it would take to inaugurate a card system of rationing, the shortage should be overcome, particularly if there is heed to the calls of conservation with regard to waste, leaks and the running of motors when not actually in operation. There is further answer to that from European experience. The machinery of administering a rationing system to three or four million automobile users is so large and so extremely expensive that it should not be undertaken until the need is extremely great.

"The request for no Sunday driving was limited to the territory east of the Mississippi because the great bulk of the country's gasoline is obtained in the mid-continent fields—in Kansas, Oklahoma, Texas and Louisiana—while all oil and gasoline sent to the war zone is shipped from our Atlantic seaboard, and transportation is saved by conservation in the east. "People have asked whether they should use their cars for church going; the answer, according to the fuel administration, that where church can be reached reasonably in another way, the automobile should not be used, and that after all, the conscience of each citizen will be his best guide."

DEFORD.

James Bruce, sr., is in very poor health.

Wm. Parks, sr., had a slight stroke Sunday but is much better at this writing.

Mr. and Mrs. Ernest Roberts and son, Raymond, accompanied by their father, Geo. Roberts, and Benj. Gage spent the week-end in Saginaw.

Edward Spencer was agreeably surprised Sunday, it being his birthday, when over 50 of his relatives gathered at his home and enjoyed a pot luck dinner. He received a number of useful presents. Those from a distance were Mrs. Wm. Howey and son, Albert, and Sandie Howey and two children and Mr. and Mrs. Ray Wiltsie and four children, all of Clifford, Mrs. Floyd Castle and two children of North Branch, Mr. and Mrs. Ellis Spencer and daughter, Deloris, of Fairgrove, Mr. and Mrs. Ransom Spencer of Detroit and Mr. and Mrs. Bert Curtis and four children, Mr. and Mrs. J. Wells Spencer and three children, Mr. and Mrs. Neil Kennedy and son, Roderick, Mrs. Theron Spencer, Mrs. Geo. Spencer and son, Alvah, Mrs. Floyd Franklin and son, Beryl, Mr. and Mrs. Neil Bailey and daughter, Eva, and Mr. and Mrs. Harvey Palmateer and daughter, Mabel, of Deford.

Mrs. Geo. Coulter and baby visited the first of the week with her aunt, Mrs. Wm. McCartney.

The McArthur drain is nearly completed with an extra good ditch.

Mrs. Geo. McCallum returned to her home at Pontiac after spending two weeks with her daughter, Mrs. Wm. Kilgore.

Grain threshing, hay pressing and silo filling are making our community a busy one.

Amos Webster and John McArthur have the bridges in and dirt leveled on the corner one mile north of Deford on the McArthur drain.

Rev. Austin is attending conference at Detroit this week.

At the house carnival at the John Dickson home in Novesta township this (Friday) evening, all ladies are requested to bring pies. These will be auctioned and proceeds will go towards the rest room fund.

Metropolitan Jealousy. It is characteristic of New York that it has to have a name of its own for that part of the Hudson which washes the shores of Manhattan. Doughty old Hendrick Hudson's name would seem an appropriate one for any river, and that part of it which lies between the Battery and The Bronx is not north of anything in particular, except possibly New Jersey or Florida; none the less New York calls it the North river, apparently unwilling to share even a name with "upstate."

Clean Your Combs. Instead of washing combs, clean them by brushing and pulling a piece of cotton through the teeth, always hanging it as it gets soiled, then rub with a clean cloth.

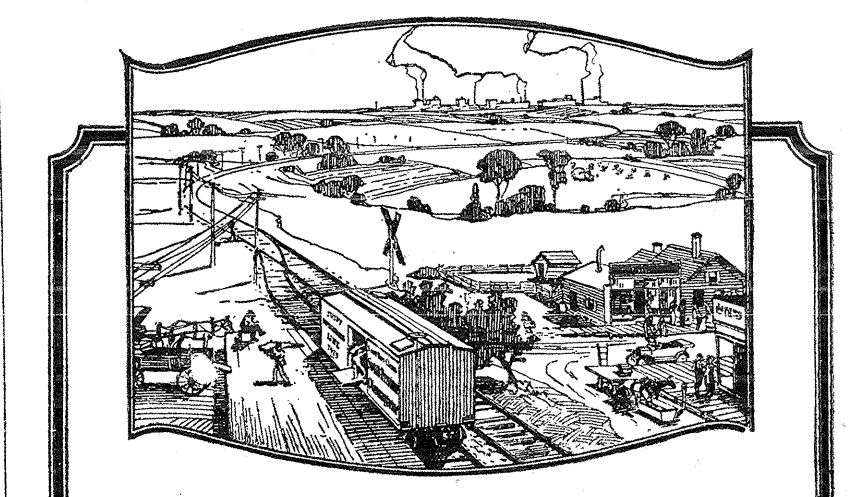

Catching Turtle. A curious mode of catching turtle is practiced in the West Indies. It consists in attaching a ring and a line to the tail of a species of suckerfish known as the remora. The live fish is then thrown overboard, and immediately makes for the first turtle it catches, to which it attaches itself very firmly by means of a sucking apparatus arranged on the top of the head. Once attached to the turtle, so firm is its grip that the fishermen on drawing the line brings home both turtle and the sucker.

It Pays to Keep Cheerful. The good physiological effects of cheerfulness and confidence are ascribed to the fact that emotional conditions, such as fear, worry, etc., excite internal bodily reactions and accelerate the secretion of harmful products, which inflame already pathological conditions of the vital organs.

Bell Note Bird. A remarkable piping bird is known as the bell-bird. Four species are known of which two are pure, glossy white; one is brownish with a white head and neck, and one is white with black wings. Its call is like the note, clear and melodious, of a beautiful bell. Sometimes it utters only one note, then rests. When several of these birds call and answer, the effect is beautiful. The bell-birds, which belong to the chatterer family, are found in Central America south to Brazil.

She Had Grown Old. Frederick's mother was showing him a picture just sent from his cousin, a young woman whom he had not seen since she was a young girl. "Why, mother," exclaimed Frederick, "Cousin Elizabeth is old enough to wear hairpins, isn't she?"

You Can't Eat Meat 100 Miles Away. Preparing meat is only a part of Swift & Company's usefulness. The finest meat in the world wouldn't do you any good one hundred miles away from your table. Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities. To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you. Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house. Salesmen find out in advance what is wanted by the dealers in every town. They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week. Swift & Company operates a large number of car routes like this, from four-teen distributing plants. This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other. Swift & Company, U. S. A.

'Cant-Sag' Gates are cheaper than home-made wood gates and last five times as long. Stock can't twist them out of shape; can't make them sag nor break them down. The steels last forever and the boards last five times as long as in any all-wood gate. There are no nails to rust off, no wood joints to rot. They are the finest looking gates you can own. Come in and See Them—let us prove to you all these claims. We sell complete gates all made up and ready to hang, or just the Gate Steels, which include 8 angle steel uprights, double truss triangle brace, hinges, lag screws, bolts, washers and even a lighting socket wrench; also direction sheet showing how to assemble the gates, so you can build them yourself and save money. Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

Mortgage Sale.

Default having been made in the conditions of a certain mortgage made by William Retzlaff and Arthur Grover to The People's Loan and Investment Company of Pontiac, Michigan, a corporation, dated the eighteenth day of June A. D. 1908, and recorded in the office of the Register of Deeds for the County of Tuscola and State of Michigan, on the 25th day of June A. D. 1908, in Liber 121 of Mortgages, on page 112, on which mortgage there is claimed to be due at the date of this notice, for principal, interest and taxes, the sum of six hundred thirty-seven and 82/100 dollars, and an attorney's fee of thirty-five and no/100 dollars, as provided for in said mortgage and by law and in suit or proceeding at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on the 24th day of October, A. D. 1918 at one o'clock in the afternoon, the undersigned will, at the front door of the Court House in the Village of Caro, that being the place where the Circuit Court for the County of Tuscola is held, sell at Public Auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with seven per cent interest, and all legal costs, together with said attorney's fee, to-wit: Lots four and five of block three of the original plat of the village of Kingston, formerly called the Village of Newberry, including all buildings thereon, engine, boiler, flour mill machinery and fixtures in the mill thereon, situate in Tuscola County, Michigan.

Dated July 16, 1918.

officer of the American Expeditionary Forces in Siberia. Captain Hoffman was graduated from West Point Aug. 30, 1917, as a member of the 1918 class which was graduated nine months early. He is one of the youngest captains in the regular army, just having reached his twenty-second birthday.

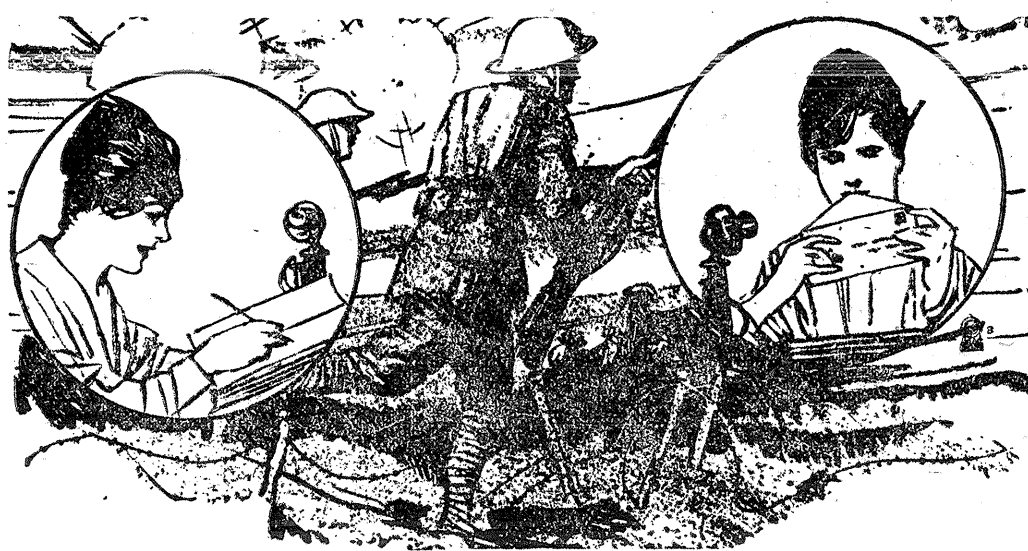

A distressing and serious auto accident occurred in Unionville Saturday evening about 7:00 o'clock. Ray Vaughn was crossing the street in front of his home followed by his little four year old daughter, Elinore. Mr. Thompson, manager of the mine boarding house, and wife, were driving in from the south and gave a signal of his approach. The child had cleared the street but the blowing of the horn probably confused her and she turned into the track. The machine was being driven at a lively speed and struck the child and dragged or pushed her about four rods. She was just tall enough to be struck in the head by the fender which cut a gash in the scalp about eight inches long. The skull was crushed back of the left ear, her right eye was badly injured, the right cheek terribly scratched by the rough gravel of the road, her shoulders, chest and arms bruised. When picked up by her father she was supposed to be dead. The word was quickly transferred to town. Dr. Campbell and Dr. Warner with Ernest Luther and Arthur Gaul assisted the doctor and by nine o'clock the little sufferer was dressed ready for her bed and for hours was constantly watched by Miss Mabel Brady. The accident was doubly distressing because of the very recent illness of Mr. Vaughn with typhoid fever from which he is slowly recovering strength and the shock and nervous strain was painful to behold. The mother is an invalid and her grief was beyond control. Sympathetic women kindly administered to her and did everything possible to alleviate her distress. Mr. and Mrs. Thompson felt terrible over the occurrence and in their sympathy and sorrow did what they could. He summoned a physician and nurse from Bay City. The physician came in the morning, and after examining the little sufferer gave the encouraging report that no scars would be left on her face and her sight would not be injured. The long scalp wound will be covered by the hair when it grows out again. Her entire head was shaved or hair cut close to the head. She appeared brighter Wednesday evening and it is sincerely hoped no complications will develop or any serious results occur. The family have the deep sympathy of all.—Crescent.

New Words Will Be Retained.

When the United States opened an official postal service through the air words were coined to meet this new departure. These met with such favor with the postal officials that they are used officially in the postal service. These words, which appeared on the day the new service was inaugurated, are "postplane," "planepost" and "planeposted."

How Can Our Young Women Do Their Bit?

Through Commercial Training and Commercial Service

While the wives and mothers of our soldiers are giving unstintingly of their time to Red Cross Work, there are other avenues of service, equally important in this hour of need, which are particularly open to our GIRLS AND YOUNG WOMEN.

We refer to COMMERCIAL SERVICE in the offices of retail and wholesale establishments, factories, banks, etc.

To render such service EFFICIENTLY demands SPECIAL TRAINING.

Young people of either sex who have completed their common or high school education can render their country no more patriotic service than by fitting themselves to take up the work of the men who have joined or will soon join our fighting forces.

Such branches of Business Training as STENOGRAPHY, TYPEWRITING, BOOKKEEPING, ACCOUNTING, BURROUGHS CALCULATING MACHINE and similar subjects, insure young people SPLENDID POSITIONS with our great business houses, factories, banks and stores.

Taking up this work, enables you to DO YOUR BIT in capacities of

GREATEST benefit to your country and to yourself.

Many young women throughout the country—who never gave business training a thought, possibly having no need to earn their own living—are now enrolling in the Business Institute.

They see the PRACTICAL as well as the PATRIOTIC side of this important question. They consider thorough business training and experience as an ACCOMPLISHMENT and ASSET which will always qualify them to earn their own living single-handed should they for any reason again find it necessary to do so in the future.

Parents and their young sons and daughters should take up the question of business training at once.

All the branches that qualify young men and women for commercial service are taught at The Business Institute by a highly capable staff of instructors.

Students may enroll at any time. Classes in both day and evening sessions enable you to complete a course quickly. Electric fans used freely. A personal interest taken in each student.

Meeting place—In front of vacant building first door west of Ford Garage.

Grub—One-fourth pound of meat, three potatoes, four slices of bread without butter, two roasting ears of corn, salt.

Equipment—Axes, jack knives, cups. No other cooking utensils.

Sealed orders as to direction and method of hiking will be issued before starting. Be sure, Scouts, to get in on this.

THE AUTOMOBILES AND CHURCH-GOING

The United Brethren conference meeting recently at Winona Lake, Ind., wrote the fuel administrator as to the use of automobiles in going to church on Sunday.

The administrator did not even wait to write but wired at once that the regulation covering the use of automobiles was never intended in any way to interfere with church-going.

The president has many times stressed the value of the people assembling in the church on Sunday for public worship.

This government will never make an order interfering with the people coming together to worship God. The religious foundation is the sure and lasting basis of a nation's greatness in war and peace.

Continued from first page.

I thought ever fell in one year before, like we did last winter, then have wet clothes, wet bed, stand in the rain to eat and get it to eat standing in line at 5:30 in the morning, two hours to three before you could see who was next and see the Top Sgt. try to call the roll by candle light and two men try to keep the wind from blowing it out and it raining not again but the same old rain that fell for four or five weeks; fall over a stone and get mixed up with a good deep water hole and mud; then borrow a mess kit to eat with because I had to wait until daylight to get mine. It was great weather for boots and rain coats but they came after it froze up and started to snow. We laid rail and put in ties and road bed every day but Sunday and some Sundays too. For four weeks I never had on dry clothes or socks and we slept in our wet clothes except when I changed to keep them warm at night.

"We had to get what wood we could any way we could. There were times when us poor buck privates got what was meant for better men. Some nights when the guards were too thick on the coal pile and no wood but in the office tents, we got it. When one of us was caught we had to cut wood for a week and put it in the tent that we had borrowed it from. It was fun. My Cap. says a good soldier get what he wants but don't get caught. I was caught once since I have been here and about 20 times more or less caught but have got away so often that I think I will pass as a good soldier as that is part of my job to get anything I need to work with.

"I am feeling fine and having things pretty good for being at war. I am in camp at Marcy near Dicize and 25 miles east of Nevers. We are 80 miles west of the first camp that we came to a year ago this month. We are now wearing our two-service stripe, one year over sea. There are only 28,000 here that long and some of them have done their bit and passed on. I still have my old job but have a lot better outfit. We are working nearly 1,000 men and I have charge of all tools for them. I am getting and have a good outfit of shop tools, nearly everything but power tools and some of them but I run them by hand. We are so far behind the line that I can tell where I am.

"I have seen quite a bit of France and sure like it fine. We may go to the south coast for the winter as there are some of our men there now and we want to go. I hope we can go as it is warm all winter there. It will be 400 miles from the front, but unless you are 10 miles or nearer you don't know there is a war. I knew there was a war when we were with the English. Our men are putting up a great fight and everybody is proud of the way they are doing. We would all like to be up with them but can't as we are not able to get transferred to a company up at the front. Lots of us have tried and I have tried three times myself.

"We are living in tents and we have cots. We have a good place to swim and a Y. M. C. A. to go to. Work 6 to 7 days a week and overtime besides so when we go to bed we sleep, and when we go to eat we eat. Will say we are living very good now—lots of everything and good.

"I see by the C. C. paper that lots of the boys are here. I have written to Lt. Eugene Schwaderer and he has written me twice but I think he is up front as I have not heard from him in 15 days.

"Part of the 23rd Wagon Train was with us a few days only. Donald McRae—who died here was from C. C. I did what I could and every one else did all any one could before and after but he was gone and one more of our boys had done his bit for U. S. The worst part is that he is so far from his loved ones and that he had only what friends there were here to look after him. The boys that were with him liked him fine and they say he has been a fine clean boy and I know he will not be afraid of his trip. One here gets used to all kinds of death and never seem to think of it. We are all of one mind. We are willing to do our bit. If we are killed, all's well; if we live, so much the better.

"Love and best wishes to all my friends."

Brookwood, England,
August 19, 1918.

Dear Mother and Father:
Well, I suppose you expected to hear from me sooner but I have been quite busy the last month getting about 4,000 miles. I am feeling fine and had a very nice trip across the sea. It was two weeks after we left New York that I saw any land and the first I saw was the Highland of Scotland on the left and Ireland on the right. We landed in Liverpool and we are sta-

tioned at Brookwood just 40 miles from London. I was down to London last week and saw the sights.

Now, I don't think the war will last long the way the people talk over here and I don't want you to worry one bit about me, as I am just as safe here as in Cass City. I have just run out of ink so will finish this letter with a pencil. The people over here are very nice and about 100 years behind the people in United States. I don't know just how long we will be in England but expect to be here for some time.

I wrote Chet a letter about a week ago; I suppose he will get it before you get this one. We are not drilling as hard over here as we did in the states. I don't think we will be over here long. I would like to stay long enough to see the country over here while we are here—fine farming land. Very seldom see any automobiles over here and when you do see one, it is a Ford. The people all ride wheels. They think it is great sport. Mostly all their buildings are built of brick. Very seldom see a frame house and all the fences are built of stone.

We get plenty to eat over here, mostly mutton, and we get goat's milk to drink. It is good milk. Well, I will close for this time. I will write often and keep you posted, and don't worry as I am all O. K. With love and kisses I am your loving son.

ALBERT E. SMITH PRESENTS

OVER THE TOP

At Pastime Theater, Friday and Saturday,
September 27 and 28

WITH

Sergt. Arthur Guy Empey

[HIMSELF]

"OVER THE TOP" is the one story of life in the trenches that has touched every responsive soul in America.

Since the book was published, 250 copies have been sold during every business hour, every day. In all, more than 2,500,000 people have read it. More than 20,000,000 people have read Empey's articles in the great newspapers of the country. Many thousands have been fortunate enough to crowd their way into the limited capacity of the great halls where Empey has lectured.

Now the whole loyal citizenship of the nation can see the "Fighting Sergeant" in action, can go "over the top" with him on the Hun Hunts. The marvel of motion picture photography brings to life before your very eyes the pulsing, breathing pages of "the most widely read book of the twentieth century."

Go "OVER THE TOP" WITH EMPEY!
"Over the Top" was played at the Pastime two days in July to "standing room only." It is by the request of those who could not get to see the picture before and by those who want to see it again, that the picture is coming back to the Pastime.

Supported by Lois Meredith and James Morrison
