## VOLUNTARY PLAN ADOPTED IN ELKLAND

ALL PERSONS ARE TO VOLUNTEER BOND SUBSCRIPTIONS SEPT. 30 OR OCT 1 OR 2.

Elkland Township's Quota of Fourth Liberty Loan Is Approximately \$63,500.

The Fourth Liberty Bond campaign opens in Elkland township next Monday, Sept. 30, and on that date and the two days following, Tuesday and Wednesday, Oct. 1 and 2, the Township War Committee will receive subscriptions from every person in the township who is financially able to make investments in bonds. The committee will have headquarters in the west half of the P. S. McGregory block, (the store formerly occupied by the Geo. C. Hooper grocery) and will be ready to receive subscriptions on all of these three days from 9:00 a. m. to 10:00 p. m. Notices bearing this information together with the quota assigned each person in the township will be placed in the mail today.

The township workers have chosen this voluntary plan of subscription because of the large amount of time which will be saved. Every real, 100 per cent American—and the Chronicle believes all the people of Elkland township will be so listed—will be among those who appear before the committee next Monday, Tuesday or Wednesday and place their subscriptions for the Fourth Liberty Loan. Elkland's quota is approximately \$63,500. Let Elkland township go "over the top" by voluntary subscriptions on the three days set for this purpose next week!

We people of Elkland have something more to do besides proudly waving our flags as our boys go to the front. We've got to help pay for keeping them at the front. They are making the supreme sacrifice. We are only required to make a sacrifice in money. Hold on, a bit! Is it a sacrifice to buy a government bond? Not a bit of it. The only sacrifice is in using the money that you have or the money that you can get in the next few months to buy a bond, the best in the world, and which will pay you good interest on your investment.

Is there a man, woman or child in Elkland township who would not willingly go to bed hungry every night if it should be necessary in order that the boys who are fighting our battles 3,000 miles from home might have plenty to eat?

Fortunately it is not necessary for any of us to go hungry ourselves, but it is necessary for us to see that the boys in khaki do not go hungry. Uncle Sam must have money to buy food for the soldiers and that is why Elkland is asked to buy at least \$63,500 worth of bonds of the Fourth Liberty loan. There is a whole lot of satisfaction in the thought that Elkland, by subscribing only its minimum quota of the loan, will provide food for 147,675 soldiers for a whole day or figured in another way, it will keep 406 soldiers well fed for an entire year. These figures are based upon the government estimate of 43 cents a day as the cost of feeding a soldier in the American expeditionary forces in France.

If Elkland should fail to subscribe its minimum quota of \$63,500 of this loan, some other community would have to do more than its share or some of the boys in France might go hungry. But Elkland will do its share and more. We cannot fail if we think for a minute every time we sit down at the dinner table in our comfortable homes of the boys—our own boys—who are fighting and dying for us and for the safety of our homes.

Put your dollars in khaki! Buy Liberty Bonds.

"Come across" or the Kaiser will.

### SLACKER'S SPACE.

This space has been secured by the War Board Vigilance Committee and is under the control of said committee during the war, and the publisher of this paper is not responsible for advertisements which may from time to time appear in this space.

The committee wishes to say that any person who refuses to support this Government by supporting its war activities, such as Liberty Loans and Red Cross funds to the extent of his financial ability will have his name and address published in this space free of charge. Watch and read the names and addresses of the disloyal who will not support this Nation in time of need.

### SEES SIX MEN ENTER THE BUDDHIST PRIESTHOOD

Rev. Spafford Kelsey Tells of Different Points of View Held by the Siamese.

Bangkok, July 23, 1918. Editor of Cass City Chronicle: As you desired something more about Siam for the Chronicle, I thought the following ceremony might be of interest.

Last Saturday I saw six men enter the Buddhist priesthood. The ceremony began at noon. The procession marched about half a mile along the main street of Bangkok to the Buddhist temple and at the head of the procession was a band composed mostly of drums and horns. With the band was a clown who went through a great variety of antics. Next came the six young men who were about to become priests. They rode on horseback and were dressed in the regular white jacket and bloomer like panung, the common Siamese dress both for men and women. Over the whole body was a gown of mosquito netting with an elaborate gilt colored sash over the chest. Huge red and green umbrellas were carried by attendants as a mark of respect to the future priests and partly to shield the young men from the intense heat of the mid-day tropical sun. After the priests came a large number of women and girls carrying gifts to the priests. As priests are unmarried and do not board but run a bachelor's establishment, most of the gifts were for housekeeping. Sheets of yellow cloth to make the robe which priests always wear were perhaps the most common gifts. These sheets of yellow cloth were artistically arranged in beautiful boxes of beadwork covered with artificial flowers. Among other gifts were sandals, umbrellas, all kinds of dishes, mats which take the place of chairs as the Siamese usually sit on the floor, betel nut sets, pillows, and huge rice bowls.

### A FEW PEACH STONES MAY SAVE A SOLDIER'S LIFE

People Should Thoroughly Dry Shells and Pits in the Sun or Over a Furnace.

To save the lives and health of our men from German poison gas a certain form of carbon is necessary.

The best form of carbon for this purpose is made from cocoanut shells of which at present there is an acute shortage. The most satisfactory substitutes for cocoanut are:

Peach stones, apricot pits, prune pits, plum pits, olive pits, date seeds, cherry pits, Brazil nut shells, shells of hickory nuts, walnut and butternuts.

People should thoroughly dry shells and pits in the sun or over a furnace. M. F. Rittenhouse has offered to supervise the collection of these pits and shells and will attend to shipping them to the proper authorities. Pits and shells in the various neighborhoods should be gathered at a central place in each neighborhood and Mr. Rittenhouse informed and he will send a truck to make collections.

Mr. Rittenhouse also suggests the collection of old rubber, auto tires, etc. and its sale for the benefit of the Red Cross. He offers his services in this movement. Anyone having anything of this nature to donate to the Red Cross may leave same at the Hires Co.'s store room in the Opera House block and same will be packed and shipped and the proceeds turned over to the local Red Cross.

### THE THUMB HONOR ROLL.

Capt. Harold Lester Kratz, Forestville, wounded, degree undetermined. Loren Joseph Brady, Unionville, killed in action.

Harry A. Leslie, Decker, wounded. G. A. McRae, Argyle, killed in action (Canadian army).

A man who won't lend is the Kaiser's friend.

### UNCLE SAM: "NOW, ALL TOGETHER!"

### 101 BABIES EXAMINED BY COMMITTEE "BABY WEEK"

Only Four Children Were Found Who Were in Poor Health.

One hundred one babies were examined during "baby week" last Wednesday, Thursday and Friday and out of that number only four were found who were not apparently healthy and free from serious defect. The committee in charge are very grateful to Mrs. J. T. Redwine, graduate nurse, for her efficient help in examining the children and to Mrs. I. D. McCoy for her kindness in giving the use of the hospital which was a very convenient place for this purpose. Mrs. L. E. Aldrich, Dr. I. A. Fritz, Dr. F. L. Morris and Dr. J. T. Redwine gave addresses and answered questions which were very helpful to the mothers.

The following babies were enrolled: Below one year—George Everest Moore, Eunice Schell, Earl Lewis Reed, Millicent Graham, Evelyn Tye, Harland Kenneth Charter, Edsel Connell, Alfred Goodall, Reinhold Thiel, Theda Fay Bardwell, Ruth Wright, Louis Goff, Lewis Wright, Stanley Allen Walters, Frank Morris, Gordon Hoffman, Leo Lawrence Linck, Wesley Charter, Helen Sharrard, Marion Milligan, Ellis Mellette, Ralph Churchill, Kenneth Russell, Phyllis McComb, Florence Dailey.

One year or over—Lawrence Hartwick, Lena May Anthes, Loran W. Ward, Alvina O'Camb, Eva May Johnson, Robt. Gordon, Ira Dean McCoy, Franklin Wright, Harold Gingrich, Pauline Dodge, Georgia Withey, Phyllis O'Rourke, Carlos Vader, Irene Hendrick, Lucile Butler, Ruth Schenck, Howard Straube, Evelyn Milligan, Geraldine DeHaven, Lorraine Hoffman, Harold Churchill, Frank Mellette, Thos. Hennessey, Angus Davenport.

Two years or over—Thelma Brooks, Beatrice Vader, Faith A. Donaldson, Laurence Bartle, Florence Russell, Lucile Goodall, Doris Klinkman, Gerald Hoffman, Ferris A. Kercher, Marjorie Doerr, B. J. Perry, Harvey Dellinger, Rosella Tye, Ruth Hendrick, Leland Blades, Frances Seed, Kenneth Gulick, Paul Butler, Lewis Wilson, Marcella McCaslin, Johanna Sandham.

Three years or over—Elsie McComb, Fern Augusta Karr, Elizabeth Knight, Edna Wright, Donald Talmadge, Irene Russell, Lucile Thane, Marion Gordon, Lucile Wilson, Florence Schenck, Leslie Karr, Goldie Josephine Delong, Lavina Lockwood, Janet Nash, Ivan Tracey.

Four years or over—Geo. Allen O'Camb, Deloris Sandham, Donald Schenck, Willow Goff, Clarence Dodge, Carl J. Schell, Maxine Karr, Jacob Thiel, Harold Perry, Manton Perry, Phyllis Lenzner, Audrey Bliss, James Milligan.

Five years and over—Geraldine Gingrich, Elizabeth Seed, Clinton Tracey.

LETTER FROM JOHN W. HIGGINS

His Two Sons Are Now First Class Pharmacist Mates.

Great Falls, Mont., Sept. 20, 1918.

Mr. H. Lenzner, Cass City, Mich. Dear Sir—Am enclosing herewith check for \$1.50 to pay for the Chronicle up to July, 1919. Our daughter, Mrs. C. F. Frysigg, has another little daughter, born here in the Deaconess Hospital, Sept. 5. The baby weighed 7½ lbs., and they have named her Helen Irene. They are living at Sunburst, Montana. We are looking for Everett and Nelson home on a furlough any day now.

They are still in the Naval Hospital in New Orleans but have finished the course and are now First Class Pharmacist Mates which ranks with Top Sergeant of the army. They say they are awfully busy but hope soon to be sent overseas or else aboard a transport. They were each sent to Washington, D. C., on official trips not long ago and while here they saw the Hicks family, the first familiar faces they had seen since they left Great Falls a year ago last June.

There is not much building going on here. Most of the carpenters have left here to work in the shipyards on the coast. I am working on the new junior high school building which is costing \$150,000.00.

Very truly,  
J. W. HIGGINS.

### ANNUAL MEETING OF TUSCOLA CO. RED CROSS

The annual meeting of the Tuscola County Chapter of the American Red Cross will be held in the court room at Caro, on Wednesday, October 9, at two o'clock for the purpose of electing eight directors and for such other business as may come before the meeting.

At the close of this meeting, the directors will convene to elect the chapter officers.

H. P. BUSH, Chairman.  
W. C. SANSON, Secretary.

### FARMERS AND FARM LABORERS AND THE DRAFT

Special Care to Be Taken to Defer Agricultural Workers.

A. MacVittie, County Agricultural Agent of Tuscola Co., has secured the following information regarding farmers and farm labor under the new draft, from the U. S. Department of Agriculture and because of its great importance has requested its publication in the newspapers of the county.

Washington, D. C.—Under the rules of the War Department for executing the new draft law, special provision is made for informing the district boards in regard to farm-labor requirements in order that necessary food production may be maintained, says a statement issued by the department of Agriculture. The statement continues:

In the new draft the district boards are charged with the duty of putting into deferred classes those persons who are more likely to further the war by remaining in civilian occupations than by entering the Army. Accordingly, three advisers are to be selected for each district board—one for agriculture, one for labor, and one for other occupations. The agricultural adviser will be appointed by the board upon the recommendation of the secretary of Agriculture. The advisers are not members of the board but may, when invited, attend its meetings.

The duties of the agricultural adviser will be to furnish to the board facts relative to farm-labor requirements, not only of his own district, but of the whole country. He should be the repository of all facts having relation to the deferment of agricultural workers, whether these be necessary farm laborers, managers or operators. He will be expected to advise the district boards as to a shortage or surplus of necessary farm workers for any given district, as well as for the entire nation. Such information will be supplied to the advisers by the Department of Agriculture. This will make it possible to have necessary workers transferred from districts in which they may not be necessary to other districts in which they are sorely needed.

The adviser may also concern himself with individual cases that come before the district board. He will have the right, under certain conditions, to examine the questionnaires and other records in the files of the local board for the purpose of ascertaining whether persons entitled to deferred classification have actually claimed it. In case he finds the names of such registrants he may file for them a claim for deferred classification with the district board, which, in turn, may require the local board to certify the questionnaire and record of any such registrants for consideration. Reasonable time will be given for the purpose of obtaining information and supplying the affidavits required. If a local board determines to consider a case for deferred classification because a registrant is engaged in a necessary occupation, notwithstanding no claim for deferred classification on that

### HAVE YOU DONE YOUR DUTY?

Several Patriotic Young Women in Cass City.

The meeting held Monday evening in the interest of the recruiting of student nurses brought encouraging results. The work was outlined by members of the committee with the generous help of Mrs. J. T. Redwine and Rev. Barker. After the meeting three young women of the community made known their desire to enroll in the student nurse reserve.

The committee has as yet been unable to reach the majority of the eligible young women of this community put hope to complete the work during the coming week. If you desire to enroll, do not wait to be asked; come to the committee and make your request for enrollment blanks. The members of the committee are Mrs. F. A. Bigelow, Mrs. W. D. Riggs, Mrs. Dora Fritz, Mrs. I. D. McCoy, Mrs. G. H. Burke, Miss Elizabeth Miller, and Miss Mary Burt. Don't let some one else do your share. Stand up for your country when she needs you, for she'll always stand up for you.

## RUSSELL GILLIES VICTIM OF PNEUMONIA

NAVY RECRUIT PASSED AWAY MONDAY AT GREAT LAKES TRAINING STATION.

Elkland Township Pays Its First Toll in the Fight for Democracy.

Elkland township has paid its first toll in the fight for democracy. Russell Gillies, who enlisted in the navy in July, fell a victim to grip or influenza last week which disease terminated in pneumonia. His death occurred early Monday morning at Great Lakes Training Station.

His parents, Mr. and Mrs. A. D. Gillies, did not hear of his illness until Sunday afternoon and at once began preparations to go to his bedside on Monday. That morning they received the sad and unexpected news of his death. His illness was of short duration and apparently took a sudden turn for the worse on Sunday, for the previous day he dictated a hopeful letter to the Y. M. C. A. secretary to be sent to his parents. This was received here after the telegram which announced his death.

Russell Gillies was born in Cass City on May 27, 1897. He attended school here, graduating from the Cass City high school with the class of 1917 and is the third member of this class to pass away since graduation. He enlisted in the navy and left his home on July 24 to enter training at the Great Lakes Training Station. During the eight weeks he has been in training, his letters have indicated that he enjoyed his work and was cheerfully bent on an endeavor to do his best in his chosen calling. His life from early childhood has been a beautiful one and never did a son give his parents more comfort.

He was a member of the Presbyterian church and Tyler Lodge, F. & A. M. He also was affiliated with the local Home Guard company and members of that association will attend the funeral of a body.

The remains were brought to Cass City Thursday. Funeral services have been arranged for this (Friday) afternoon at two o'clock at the family residence, Rev. Barker officiating.

Relatives from a distance who came to attend the funeral are Mr. and Mrs. Blake Gillies and son, George, of Detroit and Mrs. D. J. Giles of New Jersey.

### MOYER-TROLLOPE.

A quiet wedding was solemnized at the home of Mr. and Mrs. Dugald MacNiven near Shabbona at four o'clock Tuesday afternoon, Sept. 17, when Susan Trollope, a successful Sanilac county teacher, and Lloyd Moyer of Brown City were united in marriage. The Rev. Thompson of Shabbona M. E. church officiated, the ring service being used. They were attended by Miss Irene Moyer and Newton Moyer, sister and brother of the bridegroom.

A dainty lunch was served after which the party left amid showers of confetti and rice. Mr. and Mrs. Moyer will spend their honeymoon at Niagara Falls, Rochester and other points and will be at home to their friends the second week of October, at the groom's farm near Brown City. They have the best wishes of a wide circle of friends for their future welfare and happiness.

### FLETCHER-BENKELMAN.

Miss Isabelle Fletcher, daughter of Mr. and Mrs. Archie Fletcher of Bad Axe and Harold Benkelman, elder son of Mr. and Mrs. B. F. Benkelman, were united in marriage Saturday evening, Sept. 14, by Rev. Henderson, formerly a pastor of the bride. The ceremony took place at the Presbyterian manse on Grand River avenue in Detroit. Following the ceremony the bridal couple were entertained at dinner at the Hotel Statier by Mr. and Mrs. Russell Newbold, of Philadelphia, cousins of the bride.

Mr. and Mrs. Benkelman arrived in Cass City on Tuesday after visiting with relatives and friends in Detroit and other cities.

### CLAUD STEVENSON DEAD.

Just as the Chronicle goes to press, word is received of the death of Claud Stevenson at Great Lakes Training Station. Mr. Stevenson is about 19 years of age and is the son of Mrs. Jacob Messner, who resides near Argyle. He formerly was employed in McCaslin's barber shop and enlisted in the navy during the summer. Pneumonia is said to have been the cause of his death.

### SOLDIER BOYS' LETTERS

Clarence E. Larson, Mobile Hospital No. 3, American E. F. France, and until recently the cashier of the Kingston State Bank, writes his friend, Morgan Steele, at Kingston as follows:

This is the first opportunity I have had to write you since I landed overseas, and in order to make good my promise to write you I am not going to put it off any longer.

Since landing overseas, I have been enroute practically all the time. I thought when I went from Kingston to my parental home in Manistee that I was going on some trip but now that ride would be nothing compared to some I have had over here.

I landed in England but our stay there was very brief but it surely was a pleasant stay for the people treated us splendidly. I wish you could visit England some day for when you travel through that country one sees a wonderful place. The buildings are all built of red brick and you can travel for miles without seeing any waste land. The people greeted us wherever we went and at one town I saw a large poster which read "England Welcomes You Brave American Boys." When I read that it made me feel proud to be one of the American boys in the line.

In France I find the people very pleasant and the American soldiers are warmly welcomed but instead of a smile (as the English people have) they all have sober facial expressions. When one realizes what France has gone through the past four years it is not to be wondered at that they go around looking sober. Nevertheless, they are all determined to have his war go on to a finish with nothing but complete victory to satisfy them.

I have lots of difficulty getting the French to understand me but as long as the boys are together we get along very well for we mingle with the French very little. Lots of French girls around but our American girls appeal to me a great deal more than any French girls I have seen. In fact personally I have not been with the French very much as I get disgusted when I make signs and do everything else I can think of and then find out they do not understand me.

We think the prices in the U. S. are high but you ought to buy a few articles here and then you would think the Americans were actually selling below cost. Boys pay 60c for a can of salmon and I personally paid 36c for a bar of shaving soap. Everything is about 2 to 3 times as expensive here than in the states.

You will notice I am now in Paris. To say the least Paris is a long ways from Kingston. This is a wonderful city and it has been my good fortune to visit several of the city's most won-

derful and famous buildings. The city, though not as large, is even more beautiful by far than New York City. I have now been permanently assigned. I am with a mobile hospital unit, and as the word mobile implies, we move from place to place always keeping up near the front looking after American soldiers. I believe this work is going to be very interesting and it will take us right where the bullets are whizzing and where the important war news items come from. When I get back to Kingston I hope to be able to go all through the war several times with my friends who did not get such a golden opportunity to visit the front as some of us are going to have. I really think we should be envied for we are having great sport over here and every day we see wonderful sights. I would not give a great deal for my experiences, and when I get back I shall deem the time I had to leave my work as well spent. By the time you get this letter I will be out of Paris and up near the front.

Our food is good and I am feeling great. We sleep any old place but from now I think we will have it better. Can sleep on a cement floor and kid myself into the idea that it is soft.

From Fred Fournier.

Dearest Mother and all at home:

I have arrived safe and had a very nice trip. Saw some fine country. England is a very nice country, but 1,000 years behind the time. France is a wonderful country, flowers wherever you look. The people in France are very nice. It seems so funny to hear them talk French. They use the Yanks fine here. The crops are good here. The potatoes are the best I ever saw. I suppose Mike is awful busy now. I wish you would send my address to Marie and Anna. We don't have much time to write so very often.

All the boys are going to learn to talk French and I am to, so when I get back I will be able to talk French a streak. Well dear mother, I hope this letter finds you in the best of health and that you are getting along fine. I am feeling fine, so don't worry for I will be all right. Give my love to all and tell Mike to write often for I will be very glad to hear from home.

With love,

Your son,  
FRED J. FOURNIER,  
Co. I, 338 Inf., A. E. F., via N. Y.

From Lyle E. Zapfe.

France, Aug. 12, 1918.

My Dear Father and Mother:

Well, I will write a few lines to let you know how I am at this time. I am feeling fine. I have been in the hospital for twelve days. I was wounded on the first day of August, hit with a German artillery shell which struck the right thigh. My wound is coming along finely. The Americans have been making some big drives and it came our time to go over the top. There were a lot wounded, but the Germans had to go back. Ha, ha! They have been driven back a long ways this summer.

Well, it is getting a little tiresome lying in bed so long. It will be two or three weeks yet, or maybe longer, before I will be able to get around again.

Well, pa, how are you getting along with your work? Is Floyd in Camp Custer yet? We have been moving around for the last month and I have not had any mail at all. It has been a long time since I have written home.

Well, I hope this will find you all well and feeling fine as this leaves me feeling fine once again. I guess I will ring off for this time and will write again soon. So mother, don't worry about me in the least for I am all right. So pray for me and my prayers are for you all. Write soon. From your loving boy,

### NOVESTA.

Lynn Union, W. C. T. U., will hold an "Equal Franchise" meeting with Mrs. Wm. Kelley as leader at the home of Mrs. Henry Stone on Wednesday, Oct. 2. A full attendance is desired.

In spite of the rainy weather Friday evening the house carnival at the John Dickson home was well attended. Ernest Reagh proved himself a first rate auctioneer and was surrounded by a crowd of liberal bidders. The ladies hoped to realize \$15.00 which they had planned to devote to the rest room proposition. They were happily surprised to find the receipts of the evening totalled \$55.00, nearly four times the amount set. Pies were all sold above the dollar mark. One brought in \$2.60.

### RESCUE.

Mr. and Mrs. Harvey Britt and son, Edward, visited at Charles Britt's in East Grant Sunday.

A number from around here were callers in Owendale Saturday afternoon and attended the sale of William Barr.

Frank Britt is erecting a new silo these days.

Miss Elsie Quant returned home Thursday evening after working for some time at Alonzo Swick's in Oliver.

### WEST BROOKFIELD.

Everybody will start sugar beets next week, around these parts. Here's hoping for better weather or else progress will be slow.

Well, everybody will have to begin to prepare for the Fourth Liberty loan in order to help win the war as we all want to see the war come to an end, and save all the boys' lives that are possible.

Everybody around these parts are making cider and apple butter to help save the sugar. Let's all be patriotic instead of one or two—the more, the merrier.

Not much news at present as everybody around here are trying to obey the laws and not run cars on Sunday, and save all the gasoline that they can. Horses and buggies are the order of the day.

Questionnaires are coming in fast and everyone is having them filled as fast as possible. So take it all around everybody is quite patriotic around here. We are glad to see our country help out in times of trouble.

### NOKO.

O. A. Atkins is erecting a new stave silo.

Gaylord Kerbyson has purchased the Henry Hammond forty acres.

This vicinity was well represented at the Snover fair and all report a good time.

## Coal—One of Our Mightiest Weapons.

Coal—common, every-day, hard, black coal will help win or lose this war for us. Coal keeps every cog and gear of our national defense machinery moving. From the manufacture of the smallest shell to the transportation of our troops to European soil, it plays a large and vital part.

Because it is so necessary, this valuable fuel is being demanded in larger quantities than ever before and with this increased demand comes a call for more cars, more engines to transport this coal to the places where it is needed. And the demand for increased transportation facilities is taxing the already over-worked railroads beyond their capacity.

### Morgan Cold Weather PROTECTION

Something must be done to relieve the situation. Avoid coal waste in the home. It is a never-questioned fact that from one-third to one-half the coal used in heating a home is wasted. This saving of waste means less coal need be transported and consequently this will release the railroad cars for other work.

Cutting down the amount of coal used in the home does not mean that it should be kept cold and below normal temperature. That would be false economy for it might prove detrimental to the health of the occupants. From one-third to one-half less coal need be used in each home if each piece of coal is made to deliver its full quota of heat.

We are installing in many homes a coal-saving system that pays for itself in one or two seasons. Ask us about Morgan Cold Weather Protection. We have a little booklet explaining how it works.

As you walk along the streets of Cass City any evening you probably notice the absence of many faces which a year ago were quite familiar. Many of them—bright, ambitious, smiling young chaps—have quit the pursuits of civil life to don the armor of the soldier to help fight the battle for liberty and humanity. A number of them have already crossed the Atlantic and some of them are, no doubt, at this very moment in the front-line trenches or helping drive the Teuton forces back. Their smiles, we hope, have not disappeared but grim determination has steered their hearts to do their bit to wipe the last vestige of "kultur" and Prussian militarism from the face of the earth. You and I want to bring these boys—every one of them safely back home. We want them back again as a part of our daily life, even if we cannot boast of a service flag in the window, denoting a vacant chair at the table. But before we can expect to see them again we must see that they are properly fed, clothed and furnished with the guns and ammunition to accomplish the task they have set out to do. Elkland's quota for the Fourth Liberty Loan is approximately \$63,500. Here's an opportunity for every person in the township to do his duty.

The more bonds you buy the fewer boys will die.

J. C. Corkins was a business caller in Caro Tuesday.

A. L. Johnson of Detroit was a caller in town Monday.

Mrs. A. J. Knapp was a caller in Bay City Wednesday.

Miss Margaret Nicol spent Sunday at her home in Cumber.

### TO COMPLY WITH GOVERNMENT ORDER

According to the late government order for the conservation of the paper supply, all newspapers are instructed to discontinue subscriptions not paid in advance. Many subscribers who are excellent pay, merely overlook subscription payments and therefore thoughtlessly become in arrears. We don't want to stop copies going to people who really want the Chronicle continued, and therefore urge all to renew promptly. People generally appreciate the need of complying with the government order without delay and will assist us by remitting at once. Many have done so during the past week.

### LOCAL ITEMS.

Alfred Farrel left on Monday for Ann Arbor.

Miss Frances Middleton has been sick for several days.

Clarence Burt and Ernest Marks were in Detroit the first of the week.

Roy Stone of Camp Custer was a guest Sunday at the T. L. Tibbals home.

Leland Higgins, William Walters and Roy Harris left Thursday for Ann Arbor.

Neil McCallum and Colan Campbell, both of Greenleaf, spent Sunday with relatives here.

Samuel Champion left Saturday for Traverse City to attend the funeral of his nephew, Robt. McLaughlin, seven year old son of Mr. and Mrs. Roy McLaughlin of Traverse City. The boy was almost instantly killed Thursday by an elevator in a store in his home town. The lad tried to board the elevator after it had been set in motion but was caught and decapitated.

"We have a fine camp here and the best accommodations," writes Lawrence Copland from Souther Field, Americus, Ga., in remitting for his Chronicle subscription, "but the south doesn't appeal to me like the north. Have plenty of good rides that make life worth living and relieve the sensation of getting up every morning at 4:30. Hope to go across very soon because I am afraid the other fellows will have it over with before long and I hate to miss the fun. Can't live without the Chronicle."

Mr. and Mrs. Levi DeLong left Wednesday to attend the funeral of James Newell of Yale. Mr. Newell was 86 years of age and was one of the pioneers of St. Clair county, having settled there in the year of 1865. His wife died three years ago. Two sons, George, in the west and William on the old homestead, and two daughters, Mrs. J. Williams of Yale and Mrs. W. McKay of Detroit, and two grandsons, James Newell of Ann Arbor and Russel Newell of Yale, survive besides other relatives and friends.

### REGARDING GASLESS SUNDAYS

Justice Cragg reports with only a few exceptions those listed for driving autos on gasless Sunday, September 28th, have given reasonable excuse and paid one dollar each. \$8.00 have been turned over to the Cass City Red Cross. Some preferring to pay to their home Red Cross, have sent receipts to show they had paid the same. Everybody must have noticed the scarcity of cars upon the public streets of Cass City on Sundays since that date. Some seemed to be offended because of the method taken to file a protest against unnecessary use of gas. Almost every town of importance has adopted some plan to remind indifferent auto owners to observe gasless Sunday. Our method may not have been the wisest yet it was one of many that brought results.

ISAAC CRAIG.

### WOMAN'S STUDY CLUB.

The Woman's Study Club started its 11th year's work Monday afternoon at the home of Mrs. A. J. Knapp. Preceding the program an informal reception was held during which tea and wafers were served by the program committee. In an opening talk, Mrs. Knapp, in behalf of the program committee, welcomed the club to the year's study of South America and miscellaneous subjects. A humorous reading by Mrs. Schell was much enjoyed. The first lecture by the instructor, Miss Beryl Koepfgen, on "The Two Americas and the Relation of South America to Europe" promises an interesting and instructive year. The president, Mrs. Edward Pinney, made a strong plea for the co-operation of the club in the Fourth Liberty Loan drive. Mrs. Dora Fritz was elected treasurer to fill the vacancy caused by the resignation of Mrs. J. W. Hamblin. The club voted to turn the receipts of the lecture course above expenses to the Red Cross work as was done last year. Several former members were reinstated. The subject of roll call was "Service—Your Idea of It." The meeting ended with a pretty piano solo by Miss Alexandra McKenzie.

### THUMB NOTES.

Miss Florence Helen Wixson, daughter of Mr. and Mrs. W. S. Wixson of Caro, has been appointed laboratory technician at the base hospital at Fort Sam Houston, San Antonio, Texas, and was notified to report for duty Sept. 25. At the expense of the village and township, a service board has been

erected on the vacant property at the corner of Huron and Saginaw streets on which will be enrolled the names of all North Branch boys, either from town or country, who have been called to the colors.—No. Branch Gazette.

Mr. and Mrs. William H. Brady of Unionville received official notice of the death of their son, Loren, in France who was killed by a bomb from an aeroplane while at duty at a hospital. Young Brady was a member of the hospital corps.

Six Tuscola county boys scored high honors at the state fair in Detroit in the Michigan Boys' and Girls' judging contest. The boys took part in the contest under the supervision of county agent McVittie. They are: Harry Rohlf, of Akron; Charles Schulte, Fairgrove; Harold Montgomery, and S. E. Murphy of Gilford; Harlan Hobart of Gagetown; and Harold Stewart of Wells. Messrs. Rohlf, Schulte and Hobart scored fourth place in the senior team for boys over 16 years of age, Montgomery, Murphy and Stewart, as a junior team scored second place. Harold Stewart won second place for individual high scores in the junior class, which was for boys under 16 years. The senior class judged live classes of stock, dairy cattle, beef cattle, hogs, sheep and horses while the junior class had the choice of any three out of five. Each class of stock was judged on a comparative basis and consisted of from three to six animals.

### BACK THE BOYS WITH BONDS

Our Hearts and Souls and Money Must Help Win This War.

BY GERALDINE FARRAR, Famous Operatic Star.

At a theater the other day a box party was given in honor of half a dozen heroes disabled while fighting for that victory at the battle of Chateau Thierry. Some were without arms and others without legs; others so badly injured by the deadly poisons of the Germans they probably will not live more than a year. But from every one of them came a strange spirit of spiritual gladness. They held their heads erect and smiled as though to say, "It was fine to have done what we did."

And the rest of us in the audience—who were safe and whole and well—something tugged at our hearts and brought stinging tears to our eyes. What have the most actively patriotic of us done to compare with them?

We are past the time of mere logical calculations. Our hearts and souls, as well as our minds and bodies are in the struggle. And we are winning. winning, winning! Every day brings tidings of new victories. But remember, we have yet to strike the final decisive blow. And without money we cannot do it.

### The First "Will."

Four eastern slaves and the right to dwell in his house "without allowing her to be put forth on the ground by any person" was the legacy of Utah, the Egyptian, to his wife, Sheftu, the woman of Gesah, who is called Teta, the daughter of Sat Sepdu. It was drawn 1,000 years ago, and is regarded by authorities as the first will ever made.

### Tell of Rain's Approach.

Distinctness of distant sounds, such as the whistle of locomotives several miles away, etc., is a sign that portends almost to a certainty the approach of rain. Haymakers heed it particularly.

### AMERICANS FROM ALL LANDS HELP LOAN

Folk Songs, Dances and Sports in Gala Effort of Foreign Division of Four Liberty Loan.

"The Star-Spangled Banner" sung in English by a chorus of more than thirty persons, none of whom are of the same nationality and most of whom are foreign-born; the "roll call of nations," directed by the only simon-pure American, an Indian; nationalistic demonstrations of the history, sports, art and industries of the peoples of every corner of the world; unique displays of the quaint customs and habits of many races differing widely in almost every way; these and many other striking features have been taken into themselves by the woman's council of the fourth Liberty loan organization as part of their share in raising the billions for the fourth loan. To handle this work committees of foreign-speaking women have been formed in every state, county and other subdivision. The loan opens September 28 and continues until October 19.

According to Felix J. Streyckmans, federal reserve director of the foreign language division, and Mrs. Constantine Howard, executive secretary of the woman's council, some idea of the stupendous task which the women of the foreign division have set out for themselves can be gained from the fact that virtually all that the members of their choruses and other participants in the pageants which are to be given have in common is that they are all Americans now.

In placing before the public the "roll call of nations," every nationality in each district, state, county, city and town will be asked to designate one person to represent that nation in the dress of his or her native land. They will also be asked to sing their native airs or relate some of the folk lore of the country which they or their ancestors left. Native dances, sports and games will also be on the program.

The food question being one of the most important before the world today, the women of the foreign-language division believe that there is much to be learned from a conservation and economic standpoint from the foods used and methods of preparation employed in the kitchens of the foreign-speaking woman. To this end every nationality represented in a community is to prepare a food exhibit to show English-speaking Americans how they can save to help win the war.

That the all-American choruses, roll calls, pageants and exhibits shall have proper artistic setting, the woman's council has secured the services of Pierre Nuytens, celebrated Chicago artist, as consulting director of the council. Nuytens will also be chairman of the council's committee on production of spectacles.

"There is no greater force toward the final welding of the American soul than by bringing together for patriotic purposes the foreign-speaking persons of the country," says Mrs. Howard.

### HERE'S THE COST OF JUST A LITTLE BATTLE

Liberty Bonds Furnish Munitions and Supplies That Win Battles and Save Lives of Fighters.

French naval statisticians have carefully figured out the cost of a modest little naval battle. The sea fight at Jutland in 1916, when the Germans thought to prove the inferiority of the British war fleet, supplies plenty of material for such computations. The battle in the Skagerak lasted 45 minutes.

It cost England and Germany combined \$300,000,000. Each minute of fighting cost \$6,666,666.

We have some new war financing in the fourth Liberty loan. The United States wants to borrow enough money to carry on the fighting. All our preparations up to the present time have been cared for by the first, second and third loans. The fourth is the "Fighting loan."

The fourth loan may seem large when stated in terms of billions. The amount is not large when considered in terms of fighting. Just to illustrate: At the rate of expenditure shown during the naval battle of Jutland the United States wants to borrow on the fourth Liberty bonds enough to support only 16 hours and 40 minutes of fighting.

The question is, will you be one of 25,000,000 loyal Americans to "put up" your ratable share of fighting the Germans for 16 hours and 40 minutes? Will you lend the government your trivial pro rata?

It is a small thing to ask. Let's look into the arithmetic of it. Your personal share of the national wealth ..... \$2,140.00 Your personal share in the national annual income ..... 740.00 That is to say, you get a "dividend" of about 35 per cent on your "pro rata" of the national wealth.

You are asked to be one of 25,000,000 loyal Americans who will consent to lend about a third of that "dividend" to help fight the German for 16 hours and 40 minutes.

The United States isn't "passing the hat." The United States isn't asking anybody for a "hand-out." No more is the government asking you to "stand for a touch." Just the reverse of that.

The government asks to borrow one-third of the "velvet" that comes in to your bank account annually as your "dividend" from the business operations that are possible only because the United States protects your life and property on land and sea. And in evidence of its borrowing the government merely takes the kind of money you have in your pocket and gives you another kind of money as security for the loan.

To make it clearer: The United States issues "promises-to-pay-on-demand"—without interest—and that's the kind of money you have in your purse. When you lend that kind of money to the government you receive as security Liberty bonds, which are United States "promises-to-pay-at-maturity"—with interest. In other words, you only swap one kind of money for another kind that is better—\$4.25 better on each \$100.

However, the upshot of the matter is this:

We are fighting a war—and it is a real, bona fide war, without any "stage business" or imitation. It is known (on the authority of President Wilson) that the war is to a finish—no "draw," "stalemate" or "tie down." It may run into a cost as heavy as \$6,666,000 a minute if it gets to the scale of the little battle of Jutland. The United States must be ready for anything and everything.

Therefore you and everybody else must lend the government every free dollar that has been saved or can be saved as we go along. We must take all the fourth Liberty bonds that we possibly can pay for.

### CAPT. KIDD WAS A HOARDER

Hoarding Money and Hiding It Does Nobody Any Good—Buy Bonds.

It takes very little ingenuity to "cache" money where the government can't find it. Captain Kidd buried a lot of his pirate "svag" somewhere along the Spanish main, where no one ever did find it—where it never did a living soul any good—never built a hospital—never alleviated human suffering—never helped along the works of civilization and humanity—just dead money; absolutely dead, like the soul of the pirate who hid it.

The brave thing now isn't hiding money.

The only thing that counts in this terrible time is service.

Service with the colors, or service backing up the fighters who have offered their lives for the righteous cause.

Hiding and hoarding money is not service. It is the opposite; it is taking money out of service. It is a species of desertion.

A deserter in the army stands up before a firing squad and pays the proper penalty.

A hoarder is a money deserter who is entitled to the same penalty.

Sometimes he is merely thoughtless. Sometimes he is just selfish.

But anyway he is doing a great wrong to the United States and a deadly wrong to the world and civilization.

The world does not need Captain Kidds. Nor does America.

But America does need 20,000,000 more Liberty Bond buyers. If you have any money stowed away out of sight bring it out and have it changed into the most useful of all forms—fourth Liberty bonds.

Possible Reason.

No. Roberta, we don't know why that card game is called "bridge," unless it is because it is principally a game of "come across."—Boston Transcript.

Catarhial Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhial deafness, and that is by a constitutional remedy. Catarhial Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surface. Hall's Catarh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhial Deafness that cannot be cured by Hall's Catarh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

SEES SIX MEN ENTER THE BUDDHIST PRIESTHOOD

Continued from first page.

we left out in the street, it came to the temple and marched several times around. I stood on a fence enclosing the temple and took many pictures and no one seemed to object. The priests next prostrated themselves before a stone pillar, going two by two. During all the ceremony their hands were clasped, and as they prostrated themselves, they repeated the Buddhist vows. Finally they entered the temple and prostrated themselves in a similar manner before a large Buddha about ten feet high. Then they sat on mats and each took a cup of tea and lighted a cigarette, and talked pleasantly with their relatives. As I happened to be the only foreigner in the temple, I also sat on the floor as I did not wish to be any more conspicuous than necessary. A Siamese gentleman brought me a cup of cold tea for refreshment.

In connection with this ceremony by which these six young men entered the priesthood, there was a series of Siamese games lasting from one o'clock until half past-two. It would have seemed almost sacrilegious to me if there had been public games to celebrate my ordination into the ministry but the Siamese have a different point of view. As far as I could judge from the faces of the six Siamese young men, they seemed to take the matter seriously.

Likewise in the ensuing games, there was a great difference between American and Siamese custom. Here, two men would march out in an arena each bearing a long pole. They would go through innumerable movements with the pole, keeping time to the music, a kind of pantomime. After the pantomime, lasting perhaps ten minutes, would come the struggle lasting only a few seconds. The winner apparently was the one who first touched his opponent's body with the pole. An American crowd would be painfully bored by the long graceful movements with the pole and would enjoy only the struggle; but the Siamese were satisfied. Swords, staves, clubs and shields were used in the same manner as the two poles.

Perhaps it might be well to describe a little the life of a priest of Buddha. Most of them enter the priesthood for a short time only, from three months to a year. They all wear the same costume, the yellow robe, and have their heads shaved. They are supported by begging. The priests usually go out before six in the morning, carrying huge bowls. It is accounted a great virtue to give to priests and the priests' bowls are filled with rice and bananas, fruit, etc., by the people. After eleven o'clock in the morning, it is a sin for a priest to eat until the next day. At any rate in this way kindness to the poor and to strangers is cultivated.

This is rather "long winded" but perhaps you can boil it down or run it in installments. Sincerely, SPAFFORD KELSEY.

THE BOYS AT THE FRONT WATCHING LIBERTY LOAN

By Lieut. George Sauvage, Fighting Priest of the French Army, Who Fought in the Trenches More Than Three Years.

France did not want war. She did everything that she could in honor do to prevent war, but war was forced upon her by Germany.

For four years France has waged this war with her whole soul and now America has come into the struggle with all her power in man and material resources.

We are now sure that we can win this war. We have for the last few months witnessed the turning of the tide in favor of the allies, but we should not, however, be led away by our recent successes.

Let the people at home understand that they, as well as the men on the fighting line, have to take their share in the struggle. This war is not a war of soldiers alone, it is a war of nations. The front is not "over there" only, it is everywhere.

The men over there are doing their share. They are giving their lives. Let the people at home understand that the only business today is to win the war.

Let nobody be deceived as to the duration of the war, or conclude from our recent successes that the end is near. We shall win. We are at a turning point. But the end is yet far away. It is my conviction—and all soldiers who have been two or three years at the front, will tell you the same thing, that this war may last two or three years more. Woe to us, if by false optimism or weakness in our determination, we should come to slacken in our efforts. Our mistakes should have to be corrected with the blood of our boys.

The boys at the front are watching this Liberty loan. They shall judge by the amount subscribed of the interest the people at home, in the state, in the county, or town are taking in their efforts and in their sacrifices. They know that when the order comes to attack it is their duty to go and to give their lives if necessary, and they are willing to do it. But they feel, too, that when the call comes from the president to the people at home to give the money necessary for the prosecution of the war, it is the duty of everyone to give all that he can and that the people at home should be willing to do it. It is their share—and how small when compared to that of the fighting man—in the struggle.

Let the men at the front know and feel that the people at home are heart and soul with them in this war; that the people at home are ready to make every effort and every sacrifice as long as will be necessary to win that complete and decisive victory which shall secure for all nations freedom and lasting peace.

SET PACE FOR YOUR NEIGHBOR.

Don't wait to see how much your neighbor is going to subscribe to the Fighting Loan, but buy bonds to the utmost limit of your ability and set the pace for him. A loan quickly subscribed will have a wonderful effect in stimulating the morale of the allied countries and allied armies, while the reverse will be the effect in Germany, whose people at last are being told that United States is fighting them to the extent of its tremendous resources.

WHOLE NATION AT WAR; NOT ONLY SOLDIERS

By C. H. Martin, Major Gen. U. S. Army, Commanding Camp Grant, Illinois.

The Fourth Liberty Loan should again forcibly remind everybody that the whole nation is in the war, and not merely the men in uniform.

We are team-mates in a mighty game; a game which has been developing for centuries. The contending teams are Autocracy and Democracy, and life is the stake for which they are playing. We are now at the very climax of that age-long struggle.

Your part on the team requires a devotion and disinterested forgetfulness of self as complete and unlagging as you expect from the men in uniform. No one can do his duty on any team who measures his duty by any other standard than his entire abilities. It cannot be measured by comparisons with the performances of others.

Do not think that the front, only, is the war; the front is a part of the team. I like to think that it is a part of sufficient importance to engage your enthusiastic interest and support. The anxiety with which you wait for good news from the front is of the same variety as that which the front waits for good news from the back. Any especially good plays on any part of the team strengthens the heart of every member of the team.

It is your play now; oversubscribe this loan cheerfully and with enthusiasm. Get into the game.

Sunrise in Town and Country.

Sunrise, on the mountains or at sea, or in the rural districts, is an event worthy of attention and well rewards the early riser with its beauty and significance—but the early riser in the town or city has usually found everything untidy and must step over ash cans and dodge the sweepers and be satisfied with the sleepy grunts of workmen who are getting things into shape for the business of the day. It is anything but picturesque and most unattractive.

All She Could See.

Recently a neighbor's girl was knocked down by an automobile, but only slightly injured. Not long after the child had to go on an errand, so her mother warned her to what might happen if she wasn't careful, adding that the good Lord might not be with her this time. The child quickly answered: "The good Lord wasn't there, mamma? just the man and me."

Wasted Knowledge.

"How is Jibway getting along?" "He tells me he is having a great deal of trouble keeping a cook." "Why, I thought he married a graduate of one of the most noted schools of domestic science in the country." "So he did, but you ought to know that there are a great many people in this world who don't make any use of an education after they get it."—Birmingham Age-Herald.

THE WHITE HOUSE  
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first and are now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

FARMERS AND FARM LABORERS AND THE DRAFT

Continued from first page. ground has been made, it shall endorse the recommendation on the question-

A further duty with which the adviser is charged is to confer with employers of necessary farm workers, and to instruct them as to their right under the regulations to file a claim for deferred classification in respect of any registrant who has failed or refused to file a claim for deferred classification in his own behalf.

One important explanation is made in the new Selective Service Regulations in connection with the expression "skilled farm laborer." The questionnaire provides deferred classification for the "necessary skilled farm laborer in necessary agricultural enterprise."

The purpose in the appointing of advisers is to place men where they can do most to help win the war. These advisers will be able to help greatly the district boards to keep in agriculture the necessary workers.

This effort to keep men in industry, rather than to send them to the camps and the trenches, should not be abused so as to permit the slacker to escape military duty. The necessities for raising an army are paramount.

HIRES CO. WILL DUPLICATE EMPLOYEES' BOND PURCHASES

The Hires Condensed Milk Co. has issued the following notice to their employees at their plant at Cass City: Sept. 18, 1918. To All Employees: The splendid results that are being achieved by our fighters in France are very encouraging and we are sure that you are doing all you can to support the Government and to stand back of these boys, who are sacrificing so much for us and for the future welfare of our country and our children.

An important part of the work that we all must do is to buy Liberty Loan Bonds and we suggest that you make your plans now so that you can buy the Fourth Liberty Loan Bonds up to the very limit of your possibilities. The company purchased a very large amount of Third Liberty Loan Bonds in New York and, of course, will take their full quota of the Fourth bonds, but they feel that they should buy a liberal portion of their quota in the various communities in which their factories are located and they, therefore, will purchase from the local committee in each town in which we have a factory, an amount for the company equivalent to the combined purchases of all of our employees in that factory. This means that if the employees in our factory will subscribe for \$5,000 worth of bonds, the Company will in addition to purchasing these bonds through your local committee, purchase an additional \$5,000.00 for the Company.

You can buy your bonds either through your local bank under the regular government plan, which your banker will explain to you, or you can buy them from the company under the company plan—which is exclusively for the employees regularly on the company pay roll—of \$1.00 per week for each \$50.00 bond or \$2.00 a week for each \$100.00 bond.

RED CROSS NOTES.

Stanley, the eleven year old son of Mr. and Mrs. James Quinn, knitted a sweater for the Red Cross. The work was beautifully done and completed in less than two weeks, and Stanley was so taken up with the work, he at once started another one.

The drive for clothing for the allies is now on—all kinds of garments (no ball gowns, dancing slippers or straw hats) for all ages and both sexes are greatly needed, also quilts and blankets in good clean condition will add greatly to the comfort of these unfortunate people this winter. All merchants of Cass City have been asked to place a box or baskets in their stores where all donations may be dropped.

The Red Cross society, whose various committees sew every Tuesday, Wednesday and Friday afternoons at their rooms over Auten's Bank, were wondering how they were to get the two sewing machines made necessary by the large number of workers. The subject was brought up and I. B. Auten and Joseph Frutchey with their unflinching patriotism and generosity donated each a new White sewing machine to be used by the Red Cross as long as it will be necessary to sew for our boys at the front and the destitute children of the Allies.

The following letter from the "Children of the Frontier" Society of France shows how they appreciate the work Cass City Red Cross workers have done, and how necessary it is that more workers joint to help these destitute little ones.

September 21, 1918.

Mrs. James B. Cootes, Chairman, A R C Cass City, Michigan. My dear Mrs. Cootes: Your bags of clothing have come, and I need not tell you we were very glad indeed to get them. Please thank the Red Cross workers for their donation. Used clothing we are obliged to send to Italy, as we are not allowed to send it to France; but it is just as much needed there.

Let us know when you are ready for more work; they are asking us abroad to send them more this year than last.

Sincerely yours, HELEN C. WILSON.

The committees that sewed on children's garments on Tuesday afternoon and on convalescent gowns Wednesday afternoon were unanimous in their praise and thanks to I. B. Auten and Joseph Frutchey for the two new sewing machines which they donated to the Red Cross. More work was accomplished and all the ladies gave a vote of thanks to the patriotic gentlemen.

Mrs. James Greenleaf has pieced and sent a warm comfortable to be sent to the boys at the front. Mrs. Baxter, Mrs. Arthur Jones and Mrs. Henry Biglow have put together a very gay and cheerful comfortable that will cheer some lonely soldier boy.

Mrs. Ira Reid is making feather pillows for the boys at the front. She has been asked to be chairman of the comfort pillows, and hereafter all clippings that have been finished at the school or elsewhere, if left at Cootes' Hardware store, will be sent to Mrs. Reid, west of town.
