## HIGH SCHOOL BOY LOSES LEFT ARM

ROBT. ADAMS BADLY INJURED  
WHILE DUCK HUNTING AT  
CASEVILLE.

Live Decoy, Flying from Boat, Pulls  
Trigger of Automatic. Shots  
Nearly Sever Arm.

Robt. Adams, 18 year old son of Mr. and Mrs. Robert Adams, sr., of Caseville, who is attending the Cass City high school, was shot in the left arm by an automatic gun Saturday morning, inflicting injuries so serious that the arm had to be amputated.

The young man was duck hunting near his home at Caseville. He was using live ducks as decoys and one of them flew from the boat in which the young man had started on his hunting trip. The string attached to this decoy caught in the trigger of the gun as the bird left the boat. Robert received all the shots in his left arm, nearly severing that member. He was taken to the hospital at Bad Axe where the arm was amputated.

The young man is a graduate of the Caseville schools, but as that institution is not on the university list, he started this fall to finish his high school course at Cass City, with the intention of attending college later. He is making his home with Mr. and Mrs. A. H. Higgins during his residence at Cass City.

## RESIDENT OF ELKLAND OVER A HALF CENTURY

John A. Karr, Upright and Conscientious Citizen, Laid to Rest Monday.

John A. Karr, for 52 years a resident of Elkland township, passed away at his farm home northwest of Cass City on Saturday, Oct. 19, at the age of 71 years.

He was born in the Township of Whitby, Ont., on May 26, 1847. When a young man in 1864, he went to New York state where he was employed two years. Feeling there were better opportunities in a new country, he came to Michigan, settling in Elkland township.

On Oct. 23, 1870, he was united in marriage with Miss Mary Jane Downs and five years later they settled on the farm in Elkland township which has since been their home.

Truly they knew the hardships of a pioneer life, but faithfully they pulled together and hewed for themselves not only a good home but a competency for the declining days. Seven children were born to them, three having preceded the father in death. Remaining with the mother are three daughters and one son, Mrs. Walter Mark, Mrs. Bert Knight, Mrs. Frank Reid and Stanley Karr, all of Elkland. He also leaves five brothers and three sisters, George, Henry and William Karr, all of Elkland township, Edward Karr of Caseville, Mrs. Ann Bird, of Elkland, and Misses Adaline and Edna Karr and Moses Karr, all of California, and nine grandchildren.

John A. Karr was an honest, upright, conscientious, Christian man for whom no one had to apologize. He gave to his children and grandchildren a splendid heritage and he will be missed in every walk in life.

Funeral services were held in the Bethel M. E. church of which he was a member on Monday afternoon and were largely attended. Rev. J. D. Young, the pastor, officiated. Interment was made in Elkland cemetery.

### NOVESTA TWP. PIONEER

Michael Race Passed Away after  
Many Months of Suffering.

Michael Race, one of the early settlers of Novesta township, died Saturday, Oct. 19, from hardening of the arteries. He has not been well the past two years and since May has been an intense sufferer from his infirmities.

He was born on April 30, 1851, and went from Germany to Fisherville, Ont., with his parents. In 1880 he married Miss Margaret Paul and the same year they came to Michigan, purchasing the land in Novesta township which has since been the scene of their activities. The trials of the pioneer and his hardships were experienced by Mr. and Mrs. Race, but by diligent work, they transformed the wilderness to productive acres and built themselves a comfortable home and surroundings.

Funeral services were held at the home Tuesday afternoon. Rev. S. Corny, pastor of the Evangelical church of which Mr. Race has been a member for 25 years, officiated. Besides his wife, he leaves two daughters, Miss Mary and Mrs. Walter Anthes, both of Novesta, one son, John

Race of Pontiac, six grandchildren and three brothers, Henry Race of Ontario, John of Saginaw and Adam of Chesaning.

Those from a distance in attendance at the funeral were John Race, sr., of Saginaw, Mr. and Mrs. Lee Vincent and Mrs. Mary Vincent, all of Appleton, Mr. and Mrs. John Sovey of Pontiac and Adam Race, Mrs. Mazek and Mr. and Mrs. Peter Race, all of Chesaning, and Mr. and Mrs. John Race and daughter of Pontiac.

## ISSUE RULES ON ARMY GIFTS

POSTMASTER EXPLAINS MAILING REGULATIONS FOR XMAS PRESENTS.

Must Not Exceed Certain Limits in Either Weight or Dimensions.

Postmaster J. M. Dodge desires the public to know that the regulations for sending Christmas presents to soldiers in France, in the navy and in Russia are distinct and separate and must be carried out according to the letter if the presents are to arrive on time.

Parcels for the boys in the American Expeditionary force in Siberia and Russia, where many from Michigan have been sent, are limited to seven pounds and must not be larger than 84 inches in combined length and girth. Packages for those in Siberia must be mailed by October 25 if it is intended to have them reach their destination by Christmas.

Presents for men in the navy are limited to 20 pounds, with the limit in size 84 inches. The charges for the first pound are seven cents and four cents for each additional pound is charged. Besides the name of addressee and name of vessel, station or naval base, the parcels must be directed in care of "Supply Officer, Fleet Supply Base, Bush Terminal Station, Twenty-ninth Street and Third Avenue, Brooklyn, N. Y."

Gifts for soldiers in France are limited to three pounds in weight, with a size limit of 3 by 4 by 9 inches, must be packed in official Red Cross cartons and must bear the official address label, furnished by the soldier from overseas. Cartons will be supplied and parcels accepted from October 25 to November 15 inclusive.

Christmas presents for the boys in the navy and in Siberia and Russia must be packed so that they may readily be examined.

All packages to soldiers in France are inspected and mailed through the local Red Cross.

For gifts to soldiers the Red Cross suggests: Hard candies, gum, hard chocolate wrapped in tinfoil, combination knife with small tools, wrist watch, fountain pen, new tooth brush, tooth paste, toilet soap, shaving soap, talcum powder, folding paper pad and envelopes, silver pencil, picture of the baby, hard mints, candied ginger, salted nuts if fresh and specially well wrapped, cigarettes and pipes and smoking tobacco.

Is there anything which cannot be sent? Yes. The postal authorities will not permit any liquids or liquidable articles, any devices which might ignite or explode (no matches or cigarette lighters), no poison or articles containing poison, and no articles so packed that they might damage or harm other packages.

The Red Cross also reminds you that the soldier can get his knitted articles from the Red Cross over there so it is not necessary to send these unless one specially desires to do so.

### IT PAYS TO STAY AT HOME.

Dr. F. L. Morris, local health officer, points out the wisdom of refraining from travelling at this particular time. He says:

"We have been very fortunate so far in regards to the epidemic of influenza. There are reported in the village only two cases of influenza, Mr. and Mrs. Russel Rogers. Mrs. Rogers was visiting at Almont, at Geo. C. Rogers', who have the disease in their home and she was the first to be taken sick.

"As has been said before, it is infectious by direct contact and if we do not run into it, we stand 99 chances of not getting it. So we will ask you again, be patriotic and stay at home. There are several cases in the country and it has been deemed wise not to open the windows at the post office on Saturday night and please do not congregate there or any place else."

## CAN NOW BUY SUGAR TWICE A MONTH

NEW BUYING SCHEDULE PRACTICALLY SAVES 200,000,000 POUNDS.

No More Canning Sugar Available in Michigan Is New Order of Food Administration.

W. J. Spears, county food administrator, says the card system has been a success in Tuscola county and will be continued for some time to come. Mr. Spears has prepared a five-months sugar card similar to that used during the last few months. Retailers who are not supplied with cards may secure them at his office same as before. No change is made except housewives may procure a half month's allotment at one time.

Under the latest sugar sale ruling the Food Administration now allows Michigan grocers to sell to housewives and other consumers in two sales their monthly allotment of two pounds of sugar per person per household; that is, the housewife may purchase any time between the first and the fifteenth of the month, one-half her legal monthly allowance of sugar and again any time between the sixteenth and the thirtieth of the month may purchase the balance of the family's monthly ration. This rule supersedes the old two and five pound sales rule and the subsequent week's supply sales rule. It operates as a direct easement to the grocers to whom the item of labor, weighing and wrapping has in the aggregate been very considerable.

Approximately 200,000,000 pounds of sugar will be saved by the ruling. Many people were unconsciously breaking the regulation regarding the distribution of sugar by purchasing their sugar on the basis of one-half pound per capita per week. On the new basis of four weeks to the month there would be only forty-eight weeks to the year, or three hundred and thirty-six days. This leaves twenty-nine days or practically another month during which sugar has been consumed on a basis of two pounds per capita. With a population of 100,000,000 people this represents an annual saving of 200,000,000 pounds.

All County Food Administrators received telegrams Saturday advising them to discontinue issuing canning certificates at the close of business on Saturday, October 19th, but in order to take care of those certificates which were issued on Friday and Saturday the instructions permit the merchants to sell sugar on all outstanding certificates Monday and Tuesday, October 21 and 22, but no sugar can be sold by any Michigan retailer after October 22nd on any canning certificates no matter when issued.

## CORP. ORTON SPENCER BACK IN THE U. S. A.

Receives Injuries in France and Is Now a Patient in a New York Hospital.

Mr. and Mrs. Jacob Spencer received a letter Saturday from Corporal Orton W. Spencer, one of their three sons who are in the service. All have been overseas and Mr. and Mrs. Spencer were surprised to find that Orton's letter of Saturday was dated at New York City. He had been injured in France which necessitated the removal of a portion of the skull and he was sent to the New York hospital to have a silver plate inserted.

He cautioned his parents not to worry as he was all right and said he expected to be home within a few days, but a later letter carried the information that it might be two or three weeks before he would complete his journey to his home here.

### KEEP HOME LETTERS COMING

Base Hospital, Camp Pike, Ark., Oct. 18, 1918.

Mr. H. F. Lenzner, Cass City, Mich.

Dear Sir: Received the Chronicle O. K. It sure did look good to me even though I haven't been away long.

Please tell the home folks not to forget to write to the boys who are away. Never mind whether the boys write often or not. Just keep the home letters coming. It may mean more than any one at home can guess. And I want to tell you that "our boys" are the finest ever. I'm proud of them.

## TUSCOLA COUNTY BUYS LIBERTY BOND QUOTA

Vigilance Committee Did Active and Successful Work, Finishing Sunday at 2:00 a. m.

A. D. Gallery, chairman of the Fourth Liberty Loan drive, finds it impossible to give the exact amount subscribed in the county, but says without a doubt the county has reached its quota.

The Vigilance committee did active and successful work during the week finishing Sunday morning at two o'clock. In nearly every case the individual has been glad to take his quota. In several cases it was largely increased, and only in a very few cases it was but slightly reduced.

It was the desire of the Vigilance committee to publish the names of all that can and will not buy bonds and space was reserved in every paper in the county, called a "Slacker List." It is thought that very few names will be placed in this list.

### HISER FAMILY REUNION

38th Wedding Anniversary of Mr. and Mrs. H. T. Hiser Celebrated.

The home of Mr. and Mrs. H. T. Hiser of Elmwood was the scene of a happy gathering Monday, Oct. 21, when their entire family was present to celebrate the 38th wedding anniversary of Mr. and Mrs. Hiser.

A bountiful pot luck dinner was served at one o'clock, a special feature of the table decorations being a large cake decorated with a flag in honor of the times and red and white candles, one to represent each member of the family, 24 in number. It had been ten years since the family had all been together.

Mr. and Mrs. Hiser were presented with a set of gold trimmed colonial style dishes and in the afternoon the entire family motored to Cass City and made Photographer J. Maier a short call which was the means of securing a family picture. All report a good time.

Those present at the Hiser home were Mr. and Mrs. T. J. Hiser of Lincoln, Mich., Mr. and Mrs. Doc Hiser and daughters, Dolores and Irma, of Wahjamega, Floyd of Bay City, Mr. and Mrs. Orson Hiser and children, Nellie, Clayton and Clinton, of Ellington, Mr. and Mrs. Calvin Hiser and son, Sirley, and Miss Clair, at home.

## TUSCOLA WAR RELIEF QUOTA IS \$33,000

7 ORGANIZATIONS HAVE BEEN ACCREDITED BY NATIONAL WAR BOARD.

Fred Striffler Is County Chairman and Mrs. Knapp Has Charge of Women's Work in Campaign.

On the morning of Monday, Nov. 11, the United War Work Campaign, the greatest Nation-Wide drive for War Relief Funds ever staged in this country, will open in every city, town, village, hamlet and township in America. Not hundreds, thousands, tens of thousands or hundreds of thousands of dollars will be solicited from the people, but hundreds of millions will be asked.

The United War Work Campaign was instituted at the request of President Wilson. The funds to be raised comprise the budgets of the seven great organizations which are working for the comforts of the boys, in this country and overseas, fighting for the great cause of "World's Democracy." These seven organizations, the Y. M. C. A., Y. W. C. A., K. of C., Salvation Army, Jewish Welfare Board, American Library Association and the War Camp Community Service, have been officially accredited by the National War Board and are receiving its supports in the drive.

In Michigan, the Michigan Patriotic Fund was created by the governor to handle the drive in this state. Michigan will be asked to give approximately \$10,000,000 for the support of her boys who have answered the call to the colors.

Tuscola county's quota is \$33,000.00 and Fred Striffler of Caro has been appointed county chairman. The campaign extends from Nov. 11 to 19 and county headquarters will be established in the Edmunds House at Caro.

Mrs. A. J. Knapp of Cass City has been appointed chairman of the women's work in this campaign and Eldred Charles, secretary of the county Y. M. C. A., is chairman of the Victory Boys. The Victory Boys is the name of the boys' "earn and give" division of the United War Work Campaign and the opportunity comes to every boy between 14 and 20 years of backing our American and Allied fighters.

Every effort should be made to make it clear that a real sacrifice is necessary. However, each boy should be urged to pledge only what he fully expects to earn and give. No boy should be allowed to secure gifts for any part of his pledge. He may utilize his savings provided they represent his own savings. The definite goal is the securing of 1,000,000 boys each to "earn" and actually "give" at least \$5.00. Boys who "pay the hard price" is the real goal.

The chief aim of the "Victory Boys" effort is the development of boys in intelligent, sacrificial investment of their lives in behalf of the "great cause." The appeal is to earn and give.

## Several Letters from "Our Boys" Overseas

The following paragraphs regarding hospital work are taken from letters to his wife by Lieut. I. D. McCoy, proprietor of the Pleasant Home Hospital at Cass City, who enlisted in the Medical Reserve Corps last summer.

Sunday night, Sept. 22.  
Did you get the letter with my four-leaf clover? Well, I've had my good luck. Last Thursday night we got orders to get ready to move right away and out of our sanitary train six officers and 80 men were selected and we entrained. We came to a hospital and were immediately put to work. It is what they call a camp hospital. The afternoon we came 600 were brought in from a sector of the front and we worked 24 hours steady with just a stop for lunches.

And now for my luck. I am chief of the nose and throat work, am first surgical assistant and chief of Ward "A." In this ward we have the most seriously wounded or major cases and all fresh operative cases. I have charge of 54 beds. We had three operative cases today—the most interesting one was opening a boy's skull and taking a large clot off the brain. His skull was fractured by a machine gun bullet. Tomorrow we have 10 operations of which five are from my ward. Two are transplantation of tissue cases. One is a fellow who had the corner of his mouth and cheek shot away. We are going to put in new tissue which will be taken from some other part of his body.

We have all kinds of cases here from minor wounds to the most serious and we have all sorts of medical cases besides, pneumonia, measles, influenza and meningitis, so that one can study all the medical cases he wishes to. This is a brand new hospital, in fact it has been running only five

They are both highly respected young people of Shabbona where they have always resided. Their many friends join in wishing them a happy and prosperous journey through life.

## C. SEEGER FOUND GUILTY OF SEDITION

JURY ARRIVES AT SPEEDY VERDICT AT TRIAL OF ELLINGTON TWP. MAN.

Special Agent Briggs of Lansing Investigated Case and Testified at Trial.

It took the United States court jury Tuesday afternoon but 30 minutes to decide that Christian Seeger, of Tuscola county, was guilty of violating the espionage act, as relating to seditious utterances.

During the trial it was brought out that some time in September, Seeger, who was employed with other men repairing one of the roads in Tuscola county, made several seditious statements. This, with other complaints of a like character, caused the local authorities to communicate with federal officials. Special Agent Briggs, of Lansing, of the department of justice, was sent to investigate and that official testified at the trial that Seeger admitted, after considerable conversation that he had made the remarks with which he was charged.

Among other utterances, it is averred, that Seeger said that "The kaiser would win the war and rule the United States," and "The United States had no business in the war." One of the witnesses, who claims to be a constable in the township in which the defendant lives, testified that he heard Seeger say that Germany is a better country than the United States and that when asked why he did not return to Germany the defendant said that he would if he could properly dispose of his property.

Seeger testified that he was born in New York state, of German parentage, 57 years ago and that he had lived in Tuscola county during the past six years. The defendant claimed that he has had a lot of trouble with his neighbors, and that the charges contained in the indictment and of which jury found him guilty, were the result of spite. He testified that he had purchased \$500 worth of Liberty bonds of two issues and that he had contributed to the Red Cross.—Bay City Times-Tribune.

It has just been completed and was a large French school built of stone and very beautiful. There is a church in one part that has a pipe organ in it. Every instrument and equipment is brand new and the very best. You ought to see my nose and throat equipment—every instrument under the sun and all the very best.

We have a good mess and best of all a good bed to sleep on. We have 714 patients tonight. You can't imagine how fine it is to get away from the military and be a doctor once more. No more "squads right" and

## YOUNG HUNTER'S BODY IS FOUND SUNDAY

Searching Party at Millington Located Theodore Hourtient Who Had Been Reported Missing.

At Millington Sunday, when the funeral procession of Lee McComb, who died at Camp Custer of pneumonia which followed an attack of Spanish influenza, was ready to march, it was announced that Theodore Hourtient was missing since Saturday afternoon. He had gone hunting and had not returned. Request was made to the home guards and those present to assist in searching for the boy.

Parties went out in search, after the funeral, and found the body of the boy face downward, about four o'clock. He was lying about 20 feet from his gun. It is supposed he stumbled and discharged the gun, causing the fatality. The bullet struck him in the left side below the heart.

## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

But their greatest boon is the insurance of your family's health and comfort this winter. A house with storm windows and storm doors can be kept warm in the severest winter weather—it can be perfectly ventilated at all temperatures—without cold-breeding drafts.

B. J. Dailey says Saturday was the best day's business in volume of trade ever handled by his salesforce. The Fifth Red Mark Sale is still in progress and the store uses another page in today's Chronicle in announcing many of the bargains.

A. E. Boulton, weighmaster at the Michigan Sugar Co.'s weigh station here, says this season's beets are the largest, cleanest and best samples he has ever handled. Mr. Boulton has had charge of the local weigh station for the last ten years.

James Ball of Coldwater, who has been visiting relatives here, returned to his home last Friday. His brother, John Ball, sr., and Wallace Gilbert accompanied him, the former to visit in Coldwater and different points in Indiana, while Mr. Gilbert will visit at Fort Wayne, Indiana. They will return the last of this week.

W. L. Ward received the encouraging word Saturday night from his son, Lieut. Wm. Ward, that he is gaining rapidly from the severe wounds he sustained since his arrival in France. Cass City folks remember with pride that he is Lieutenant in the famous company of 250 men who went into battle and returned with ranks depleted to 44. Lieut. Ward is still in a hospital in France.

Mr. and Mrs. Angus McGillivray felt highly favored Sunday evening when an auto load of relatives drove up to their door. They were Dougald, Angus and Neil McEachin from Hibbing, Minn., and Mr. and Mrs. John McDonald and daughter of Bay City. Mrs. John McDonald is an only sister of these men from Minnesota and they make the trip once a year to visit her and two brothers in Uby. They were on their journey from Uby to Bay City and took in our town by the way.

Mrs. (Dr.) Clark of Caro is very ill at her home with influenza. Owing to the scarcity of nurses and being a next door neighbor to the Wm. Moore family, Mrs. Clark was prevailed upon to go to Ann Arbor in the capacity of nurse, to care for the son of Mr. and Mrs. Moore, who was confined there in a hospital. The day following Mrs. Clark's arrival in Ann Arbor the young man died. Shortly after her return home, it was found she had contracted the disease.

Dugald Duncanson of Ann Arbor, who enlisted in the Ordinance Dept., on May 6th, is now stationed at Fort Sill, Okla. Immediately after his entrance into the service, he was sent to Camp Hancock, Ga., where he received three months of special training in ordinance supply work. At the completion of the course, he was transferred to Fort Sill where he has been doing ordinance depot work. Eighteen men from the depot were given an opportunity to take an examination for Officers' Training Camp and seven were chosen, Dugald being one of them.

"Hello John!" said a caller at the cider mill the other day as John Muntz stepped out from his work in the engine room. Looking up the aforesaid caller noted John Krapf, attired in an oiled suit assisting the juice to fly from the press. Both Johns cheerily returned the salutation. A moment later John Caldwell, the proprietor of the institution, appeared with book in hand to enter up the gallonage due from the last highly satisfied patron. Another "Hello John!" greeted his arrival. So in a few days when we stand knocking elbows pleasantly with the "wets" and the "drys" lined up about that busiest of busy places, we'll just yell once "Hello John" and we've properly saluted the whole busy cider making crew.

Mr. and Mrs. Howard Lauderbach visited at the home of Jas. W. Campbell near Caro from Thursday to Saturday.

Dr. and Mrs. A. N. Treadgold and daughter, Mrs. E. S. Leavenworth, were entertained at one o'clock dinner Tuesday at the home of Dr. I. A. Fritz.

Miss Lura DeWitt wears a very unique piece of jewelry in the form of a ring. This ring is made from a German silver coin and was sent to Miss DeWitt from a cousin in France.

Mr. and Mrs. Smith Hutchinson motored to Lansing the first of the week where their son, Benoni, is very ill with influenza. Benoni is enlisted in the Student Army Training Corps.

Mrs. McCoy received word that her husband, Lieut. I. D. McCoy, has had a very serious attack of influenza since his arrival in France. The letter also stated that he has fully recovered.

Born to Mr. and Mrs. Vern Page of Brown Junction, Mich., on Oct. 19, a baby boy of 11½ pounds. He will answer to the name of Lewellyn Walla. Mrs. Page is better known here as Miss Rachel Brown.

Miss Aura Muntz, only daughter of Mr. and Mrs. Andrew Muntz, and Steve Tescho were married at Caro on Thursday, Oct. 3, by Rev. F. A. Lendrum, pastor of the M. E. church there. Mr. and Mrs. Tescho are making their home in Caro.

The local health authorities have requested that Postmaster Dodge discontinue the general delivery of mail Saturday nights to guard against the influenza epidemic. Mr. Dodge has decided to comply with this request and the general delivery window will be closed at 6:30 p. m., the same as other evenings during the week.

Dr. Wm. Morris had a little accident Monday while taking an ordinary trip about town in his auto in company

with two or three other gentlemen. The machine struck some small obstacle in the street in such a manner as to overturn it, thereby leaving its passengers upon the ground. Mr. Morris sustained two broken ribs in the accident.

Mr. and Mrs. P. A. Koepfgen received letters Saturday night from their two sons in the aviation service in France. Both stated they were in good health and Leslie adds, "We gave them a good one the other day," indicating that he had recently participated in an encounter with the Germans and the Yanks came out the better men as usual.

FACTS AND FICTION.

Experiences of Cass City Citizens Are Easily Proven to be Facts.

The most superficial investigation will prove that the following statement from a resident of Cass City is true. Read it and compare evidence from Cass City people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Cass City endorse Doan's Kidney Pills.

Burt Gowan, retired business man, Pine & West Sts., says: "I am ready to vouch for Doan's Kidney Pills any time, for I know from experience that they are a good kidney medicine. My back caused me considerable misery and at times sharp catches caught me in my back. It only took one box of Doan's Kidney Pills to remove the trouble. When I need a kidney medicine now, I take Doan's Kidney Pills, for I know they are reliable."

Price 60, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gowan had. Foster-Milburn Co., Buffalo, N. Y.—Adv. 1.

## Pictures From Home.

Just listen to this from a letter from a young soldier to a friend in America.

"And often I must take in my hand the pictures from home. I look at them all, one after the other and they speak to me. Then I am once more at home—I listen, and I live again."

"Oh, if they only knew the pleasure they bring us, these pictures from home, there would not be one remaining in America."

### M. A. C. TO WELCOME CLASS OF FARMERETTES

Will Open Courses In Farm Management Poultry and Dairying Monday, for Women.

M. A. C.'s first class of "farmerettes" is expected to enter the college next Monday, Oct. 28, and with its coming a further advance in agricultural education will have been made. Heretofore the agricultural courses at the college have been almost exclusively for men, but the work commencing Monday will be for women. The entering fair folk will be permitted to take up the study of farm management, dairying, poultry husbandry, or any of a number of other subjects. While adopted as a war-time measure to interest women in farming, the courses are expected to be retained permanently. The work will be offered in the form of a short course of a few weeks, and while the first classes will meet on Oct. 29, women will be permitted to enroll all week.

The sixteen-weeks short course for men will commence on Oct. 29, while a school for men who wish to learn how to operate and repair tractors will commence on Nov. 25 and continue until Dec. 21. Special winter short courses for men and boys which will run eight weeks, will be started in January.

### CARELESS STORING DESTROYS SEED CORN

M. A. C. Points out Necessity for Keeping Supply in Proper Place.

Attention is being called by the department of farm crops of M. A. C. to the necessity this fall for careful storing of seed corn. Much of the already small supply is likely to be lost if it is improperly put away, the farm crops men declare.

"In tests conducted by the college," the farm crops men point out, "the loss in seed corn stored in the shock was 86 per cent; in the granary 55 per cent; in the barn 43 per cent; in the furnace room 33 per cent, and in the attic only 27 per cent." In other words, if seed corn is stored in a well ventilated room, where the temperature does not drop too low or rise too high, more of it will germinate when planted than will be the case with corn stored under less favorable conditions.

### WHO SACRIFICES MORE?

We understand that one tight-fisted citizen when solicited for 75 cents to help defray the expense of the Liberty Loan advertising in this county charged that the local newspapers had combined to "get the money." No, brother, the newspaper men do not need your tainted lucre. One Montcalm county publisher, operating a one-man shop, too, during the past year has donated over \$1,000 worth of space to the cause of the government and through sacrifice has bought bonds and War Savings Certificates besides and still there are men mean enough and low enough to charge that such men are not "doing their bit." No other class of business has been more generous than the newspapers. Hanging is too good for those who strive to belittle the patriotic efforts of the country newspapers.—Howard City Record.

The first charge of dynamite as the explosive is now known was prepared in 1898.

### Walking Skeletons Saved.

"If the people of the United States could see the sight I saw two nights ago of a trainload of returned Italian prisoners just arriving from Austria via Switzerland, they would curse the Kaiser, Germany, Austria and the whole miserable bunch." So Paul J. Thompson, Minneapolis attorney now doing Y. M. C. A. work in Rome, writes to his former partner, Maurice Hessian. "These returned troops were walking skeletons, the expression gone from their faces. Some were so weak they had to be carried on stretchers. Well, thank heaven! help will come for successive trainloads through the United War Work Campaign."

### Not Very Complimentary.

Milton's mother was asking each member of the family which view of the sailor boy they preferred her to keep for them. One said she would like a side view, another a front view, and, when Milton's turn came, he, thinking he ought to say something different, earnestly requested a back view.

## DEFORD SOLDIER BOY

Dies of Bronchial Pneumonia in Western Camp.

Clark A. Silverthorn left Deford Mar. 12 with his father, Chas. Silverthorn, for Idaho. One month later he enlisted in the Medical Corps and was a faithful worker for his country until Sept. 13 when he had an operation for acute appendicitis. He stood the operation finely and just as he was able to be out of bed bronchial pneumonia set in and resulted in death Oct. 10. After a military procession

of his company at Fort Stevens, Oregon, his body and flowers from the Medical Corps and Honor Guard girls were shipped in charge of an attendant Oct. 11. The body arrived in Deford Wednesday, Oct. 16, in excellent condition after such a period of time. The funeral was held at his home on Thursday, Oct. 17, Myron E. Lepper of Saginaw, a Christian Scientist, officiating. Mr. Cummings of Caro sang two very effective solos. He was born in Deford Feb. 25, 1899, and lived in Canada the first five years, after which he returned to Michigan and attending school, grad-

uating from high school in 1915. He is survived by his father, mother, two brothers, Howard of Pontiac and Harold of Pt. Huron, and two sisters, Mrs. Louis Sherwood and Mrs. Clare Smith, both of Pontiac, also Miss Gladys Balch, whom he had planned for a companion through life after the end of the war. The remains were taken to Novesta cemetery.

Out of town friends at the funeral were an aunt and uncle, Mr. and Mrs. A. Redhead from Teeterville, Ont., Mrs. J. W. McCain and Mrs. J. E. Pugh of Pontiac, Mr. and Mrs. F. B. McCain of Oxford, Mr. and Mrs. Fred Wilcox and daughter, Mrs. H. Young, of Pt. Huron and Mrs. E. Jeneraux of Pontiac.

Bean threshing has commenced with a low yield reported.

Mrs. Emily Warner and son, Hazen, left Monday morning by auto for Detroit. The former will make a few weeks' visit with relatives and friends, and Hazen will work in a factory during the winter months. A fine trip is reported.

## Wickware School Notes.

Willing Workers Society met Oct. 11. Flossie Merchant was elected president and Edna Jackson secretary and treasurer. Any young people outside the school are welcome in our society to come and help us at 2:30 every Friday afternoon by paying 25c for membership. At our meeting October 18, much was accomplished and one new member was received.

We are proud to own a service flag with seven stars for seven boys who have gone to serve their country.

Several of us have improved by having this motto before us written in the colors of the rainbow: "If at first you don't succeed, try, try again."

## Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in,—and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Swift & Company, U. S. A.

SEVERAL LETTERS FROM  
"OUR BOYS" OVERSEAS.

Continued from first page.

"squads left" for me, and to get away from that chateau. I'm not complaining, but I tell you it's no fun getting up at five o'clock and getting dressed and out for Reville in ten minutes, and wading around in the mud, and worst of all, sleeping on a hard floor. I'll skip right back and do it again when I get my orders but this is a long way the best. Why can you believe it, we get hot water for baths and to shave with.

This is my first taste of real war and when I see these most terrible open wounds my heart simply pains for these grand boys and can you believe they are actually proud of their injuries and the terrible experiences they have had. I wish I could write you some of the stories they have told me but it would take too much time. I have one lad who has his hand blown off and got it this way. They had taken all the Boches out of a dugout and he was in looking for more or what he could find. He saw a watchcase lying on a shelf and as he picked it up it exploded. They have all sorts of stories of that nature. That is one way the German fights. The boys complain they couldn't kill many because they ran so. They fight mostly with machine guns till they get up close then they run.

It is actually a fact they are putting women in the front lines. I have a major, two captains and several lieutenants in my ward and one lieutenant told me one of his men clubbed a machine gunner to death and in the mixup the soldier's hat came off, so the officer made a further investigation and found it was a woman. So much for war horrors.

Monday night.

I've just had a terrific day if you want to call it that. I've been standing on my feet from 8:00 a. m. until 9:30 tonight, so I'm tired. These poor boys are certainly brave. The nurses over here are doing a wonderful work. All day long they go just as hard as they can drive and no complaining. They deserve more credit than the doctors do—and the private deserves most of all. Doctors and nurses are very scarce in France. This war is making real men and women out of a lot of people who led comparatively selfish lives back in the states.

This is a 750-bed hospital and I'm getting some valuable work here. A major is commander but he lets us strictly alone and is very busy with the paper work. The chief surgeon is a captain and a man from Mayo's clinic. He is very clever and I can learn a lot from him.

My address—Lt. Ira D. McCoy, M. C., Camp Hospital 59, A. P. O. 724, American E. F., France.

From Elmer Deneen.

Sunday, Sept. 1, 1918.

Dear Mother:

Received your letter today which found me in the best of health as usual. We have been very busy since June. You can tell that by the papers. I didn't have time to write very often. We have moved again. I am sleeping in a house, the first house in six months. I have a nice marble fireplace with a dandy little fire. It is quite cold over here nights.

Tell dad that I don't think he would enjoy a trip over here with me on the truck for you have to be a very good man and one with an extraordinary strong back for it is very rough. I am sure the sights he would see would interest him such as aeroplanes, observation balloons and big guns.

I haven't seen George or Roy yet. We do our work with a relish now since we have the Germans on the run. I shot a large 155 at the Germans the other day. Just received a letter from Roy written Aug. 21. He is all right.

ELMER.

From Joseph Dickinson.

September 28, 1918.

Dear Dad and Mother:

It is hardly the right time to be writing letters and the boat is rolling so I can hardly write, but I know you will want to hear from me as by now you have my card letting you know I have started. It is now just five minutes after three, quite early for me to be up on Sunday morning; but it's not my fault—my watch happens to be the 12-4 watch which accounts for the time I am writing.

We left at eleven o'clock Thursday morning. We were supposed to leave Tuesday at two o'clock but for some reason the time was changed to 8 o'clock Thursday morning and about ten minutes of that time we had orders to report to the commandant at as we were reported unfit for sea. Maybe we were not some mad when we heard this news and saw the rest of the convoy pull out and leave us. We thought we were doomed to stay on this side and do patrol duty, which pleased nobody. But after being inspected we received orders to join the convoy which was three hours ahead of us, and we lost no time in getting under way and overtook the convoy about three o'clock in the afternoon.

At twelve I set in my first watch as an operator at sea. We were supposed to stand only telephone watches, but on my watch I had to use both and it was my first time to work on a spark set. Although I did not get very good results it worked for me all right, and the ship I was sending to understood part what I sent. They say a fellow usually gets excited his first watch, but it did not bother me. I don't know why, but I guess I stayed so long in that there was no excitement left in me.

When four o'clock came I was ready to be relieved for then I felt the worst I have felt any time out; but after treating the fish I felt better, as I was a little sea sick. But thanks to something I did not get real sick like some of the fellows, although it is my first trip, and from the way they looked I don't care to be that way. I lost my appetite for a couple of days, but have regained that now and am feeling fine, and getting to like the trip great. I wish you people could be taking it with me.

There was a little excitement today when one of the boats reported an object which looked like a sub-periscope, but it turned out to be just a piece of an old wreck. Outside of that nothing has happened, only the sea was pretty rough the first day out, and the little boats roll and pitch like the deuce. But nothing could tip them over; if they did tip they would come up right side up again just like a salt cellar.

What little time I have been out I

have found out what little I know

about seamanship, but maybe I will

learn in time.

We expect to make the

today some time. It will seem

pretty good to see land again after

four days. When we leave there,

though, it will be 12-14 days' trip be-

fore we get sight of land again, but I

don't mind it. We'll be across the oth-

er side of the pond. Well I guess I

will close for now as it is almost four

o'clock. I will try and mail this today

some time. Give my best to everybody

and tell Grandma and Granddad I will

write soon, and you write soon.

Ever your loving son,

JOE.

Address—U. S. S. C.—223

c/o Postmaster, N. Y.

From Lieut. Wm. Ward.

September 26, 1918.

Dear Parents:

Just a line to let you know that I am still in the hospital, but am all O. K., only the one small hole in my arm where the bullet came out does not seem to want to heal. It will be all right in another week, but I don't know if I will be able to go back to the line or not for my arm is quite crooked, so I can hardly write with it.

Did you get the letter Sergt. Ferner wrote to you for me? He is my platoon Sergt. and was shot through the leg, but has gone back to the line already. My chum, Hoyt Hollenshed, was killed the same time I was wounded, and it seemed to me like losing one of our own family.

There were eight of my men killed, but we got five for every one of them, and broke through the bush line at a place that had changed hands nine times. It was the Prussian Guards that we fought against and they are the best that Germany has. The 51 men that I had could just lick any two hundred of them any day in the week. We piled forty of them up in a road in about one minute and would have laid more of them away if they had been there.

Well, I will have to close but will write to you and all the folks again as soon as my arm gets better.

OF INTEREST TO  
FARM LABORERS

There is a great labor shortage among the manufacturing plants in this district. I find on this account farm laborers in many of our counties are being solicited to help out as the season's work on farm work is nearly over.

In some instances the farmer has been given deferred classification by the District Board because of his services being required on the farm. While he might be spared temporarily from the farm, he hesitates to leave for fear that he will be placed in Class 1 by the Board.

It is true that when the status of a registrant changes he is subject to reclassification. I can, however, personally see no objection to a farm laborer who can be spared without injury to the farming enterprise, temporarily assisting in some other essential work providing, of course, the owner of the farm consents and he returns to the same farm in the spring for the season's operations.

As Industrial Adviser to the District Board, I want to be satisfied in each case of the good faith of all the parties interested. I would therefore suggest that before any registrant makes a change of this kind, he take the matter up with me to save any misunderstanding.

## RED CROSS NOTES.

In response to a call from Camp Custer the following articles were sent: 37 pairs blankets, 35 quilts, 35 pillows. Some quilts, blankets, tops for quilts and \$7.00 in money were donated. About \$90 of the Red Cross funds were used to furnish this quota.

Mrs. Robt. Gallagher furnished feathers and made 25 pillows for the Red Cross and 11 of these have been sent to Custer.

The ladies of the Evangelical church furnished feathers and made nine pillows.

Mrs. I. K. Reid furnished and made eight pillows and eight white pillow slips.

Word was received by the chairman, Mrs. J. B. Cootes, at noon Thursday, to have as many blankets, pillows and quilts as possible at Caro no later than Saturday afternoon. It took some hustling—committees were appointed and by having quilting parties at the Red Cross rooms and several homes Friday, one consignment was sent in on Friday night and by 4:00 p. m. Saturday, the last load was ready and on the way to Caro. This response shows that the women of Cass City are equal to any emergency.

The Red Cross Unit of Deford sent three quilts and one pillow to be shipped with our quota for the boys at Camp Custer.

Christmas Label—When that address label for your soldier's Christmas box finally comes, take good care of it. You can't send his box without it. But don't paste it on the box. Take it to the postoffice with you, and let the inspector place it on the box after it is wrapped.

Mrs. Julia Ann Huffman, 87 years old, contributed a pair of blankets 65 years old. She spun the wool and wove the blankets herself.

## Furs

Our prices on all of our furs are far below the market of this year.

The reason for this is simple. Practically all furs that enter into January Sales are ordinarily made of pelts bought during the fur auctions just recently held. The prices at these auctions determine the cost of the finished garments. This time, instead of selling for considerably LESS than pelts bought earlier in the season, pelts brought twice and even three times as much as we paid for similar qualities earlier in the season! Pelts we bought last July for 75c each were being sold at \$2.38.

50 Men's New Style Overcoats at \$22.50. Worth \$10.00 more on each coat.
