## ANNUAL WOOD BEE AT OAK BLUFF

MEN SHED COATS AND WORKED  
IN CLEANING UP THE  
RESORT.

Eighty-five Sat Down to Delicious  
Dinner and Enjoyed Literary  
and Musical Program.

The colony of resorters at Oak Bluff, consisting principally of Cass City and Pontiac people are ever alert to improvement at the resort. Some years ago, the Cass City Summer Home club was organized and there has been much enthusiasm shown over the ideal bathing beach and building sites at the Bluff. A dock has long been wished for and this summer a 228-ft. dock reaching out to where the larger boats can come in to it has been built; also a cement walk the entire length of the cottage row.

Aug. 8th was planned as a "Wood Bee"—the men to clean up the beach and the ladies to furnish the dinner. Thursday night brought a high wind and lower temperature and it was feared that Friday would be a disagreeable day, but not so. At an early hour was seen the promise of a bright day by the sun peeping thru the oak boughs, and in a short time most of the men had shed their coats and some rolled up their sleeves. Old trees were felled, the beach combed of debris and rushes pulled from the overgrowth near the shore.

At noon eighty-five sat down to a delicious dinner of all the toothsome and savory dishes that brain could conceive, which had been prepared by the ladies. E. G. Newton, of Pontiac, president of the Summer Home club and who has spent eight summers at Oak Bluff, acting as toastmaster, opened the program with community singing of "America" and "Keep the Home Fires Burning." Cassius Wood, recently returned from Y. M. C. A. work in France, gave an interesting talk on "The Manners and Customs of the French People." Miss Ethel Wager, in her pleasing manner, sang "Mickey" to Pathe accompaniment. C. R. Townsend responded to the toast of "When a Man's a Man," and in his jovial way rivalled Burns in his original quotation.

In the absence of M. B. Auten, Toastmaster Newton called on C. W. McKenzie for the toast of "Oak Bluff of the Past," who responded with tales of twenty years ago when Oak Bluff as a resort was in its infancy and many were the yarns he spun about several of the Cass City campers. Miss Hazel Mead, accompanied by Prof. Smith of Detroit at the organ, sang "Six Full Fathom of Men" in her usual charming way and in response to a hearty encore sang Carrie Jacobs-Bond's "God Remembers When the World Forgets." Mrs. Sanford, one of the pioneer resorters, responded to the toast of "Oak Bluffers That Have Gone On" and in loving words paid tribute to the memory of J. D. Crosby, Mr. and Mrs. Lamb of Imlay City and others who were well known to the resorters.

Miss Amber Everts, a guest at the Perry cottage, gave two readings, in finished style and was heartily applauded. Toastmaster Newton gave some very pointed and helpful remarks on "Oak Bluff of the Present" and told of the summer's improvements and others that were needed, among them a lighting system. Miss Florence Gwinn of Caseville sang "Daddy, Mother and Me," accompanying herself on the guitar and was applauded again and again, responding with one of the old-time songs, "Way Down in Old Kentucky."

Mrs. A. H. Higgins, chairman of the day's committee, told some clever jokes on resorters of the younger set, and Mrs. A. J. Knapp responded to "Oak Bluff of the Future" and in her able manner portrayed what she hoped to see brought to pass at Caseville. The program was concluded by singing "The Star Spangled Banner," Prof. Smith presiding at the organ, after which a peanut hunt was enjoyed by all and races and various stunts passed the afternoon hours all too quickly.

The table favors were unique place-cards of birch bark, telling each one to "Be Sharp, Be Flat and Be Natural" and carrying out this advice alone was due to the success of the day. The day's favors were white and red crepe clown caps distributed in baskets by two shy, dainty little maidens, Shirley Sanford and Katherine Wager.

Much praise is due to the committee of Mrs. A. H. Higgins, chairman, Mrs. E. G. Newton and Mrs. L. I. Wood in their untiring efforts for the success of this occasion. The Club hopes to make this an annual event and thus to keep up the enthusiasm at Oak Bluff.

## CASS CITY DOCTOR WEDS CARO YOUNG LADY

Mildred L. Brown Given in Marriage  
to Dr. Pearl Fleming at Caro  
Tuesday Evening.

On Tuesday evening, August 12, wedding bells rang merrily at the home of Mr. and Mrs. Robt. Brown on Pearl street, Caro, when their second daughter, Mildred L., was given in marriage by her father to Dr. Pearl E. Fleming of Cass City. Mrs. Walter Baker of Detroit, sister of the groom, sang "Oh, Promise Me" as the bridal party took their places before a bank of ferns and pink gladiolas, under a white wedding bell trimmed with smilax. The full ring service was read by Dr. Frederick Lendrum of the First M. E. church in the presence of 50 friends and relatives.

The bride wore white georgette and carried a shower bouquet of white roses. Miss Retta Brown, sister of the bride, was maid of honor. She wore peach bloom georgette and carried white sweet peas. Dr. Morgan MacIlmurray of Caseville, a college classmate of the groom, was best man. The bride's mother wore grey satin, ornamented with beads. The bride's table had a center basket of pink roses and smilax. A dainty two-course luncheon was served, the guests using individual trays. The gifts were many, beautiful and costly.

Dr. Fleming is a young man of sterling worth and recently graduated from the Chicago Veterinary College. Mrs. Fleming is widely known and highly esteemed throughout Tuscola county, having lived here all her life. She is a graduate of the Caro High School and the Tuscola County Normal. She was deputy county clerk under her father, is a member of Kedron Chapter, O. E. S., an active worker in the M. E. church, and a teacher of fine ability.

Dr. and Mrs. Fleming left Wednesday morning on a motor trip to Detroit and other points after which they will be at home to their friends in Cass City.

After congratulations, Mrs. Grace Harris of Watrousville favored the company with two beautiful solos.

Guests from out of town were Mr. and Mrs. Arthur Brown and Mrs. Walter Baker of Detroit, Mr. and Mrs. T. Colwell and Mr. and Mrs. John Holcomb and little daughter of Cass City, Mr. and Mrs. C. E. Mudge, Mr. and Mrs. Joe Towle and Mr. and Mrs. John Towle of Shabbona.

### EDWIN KARR DEMISE

Funeral Held at Masonic Hall Sunday Afternoon.

Two cousins of the late Edwin Karr, Rev. Norman Karr of Marlette and Rev. Manley Karr of North Branch, conducted the funeral service of Mr. Karr at the Masonic hall at Cass City Sunday afternoon. Interment was made in Elkland cemetery.

Edwin Karr, who was known by the nickname of "Doc" by many of his friends, was born in Niagara county, New York, on April 14, 1865. In 1868, his parents moved to Michigan, settling near Cass City. Mr. Karr spent the greater part of his life in Tuscola and Huron counties and was united in marriage to Miss Minnie Larab. Two children were born to this union. Mrs. Karr and one child preceded the husband and father in death.

Mr. Karr has been engaged in the real estate business in late years and was a member of the Masonic fraternity at Caseville. His death occurred in Bay City Thursday, August 7. Besides one son, Merrill, he leaves four brothers, George, Henry and Wm. Karr of Cass City and Mose Karr of Deer Island, Oregon, and three sisters, Miss Addie Karr of Bakersfield, Calif., Miss Edna Karr of Los Angeles, Calif., and Mrs. Ann Bird of Cass City.

## PLEASANT HOME HOSPITAL REOPENED

NEW SUPT. JUST RETURNED  
FROM OVERSEAS WON CITATION FOR BRAVERY.

Doctors of Community Celebrated  
Re-opening by Dinner and Smoker  
Thursday Evening.

Miss Mae Perrine, R. N., arrived in Cass City from Emlenton, Pa., Wednesday evening to fill the position as superintendent of Pleasant Home Hospital. Miss Perrine is a graduate of the Allegheny General Hospital at Pittsburgh and has had a large experience in both hospital and private work. She has recently arrived from overseas where she spent 18 months in the medical service. She was with the Evacuation Hospital No. 4 and while with that organization received a citation for bravery under shell fire. The particular incident was the bombing of the hospital by a Hun aviator and Miss Perrine during the bombardment stayed by and rendered aid to the newly injured men, a large number being German wounded. For this she received her citation. Later on Miss Perrine was located at Coblenz, Germany, about 20 miles from where Dr. McCoy, proprietor of the hospital, was located while in the medical service. The interior of the hospital has been redecorated and everything is in ship-shape. The Detroit service man for the Wappler Electrical Co. will be here the latter part of the week to inspect and adjust the X-ray machine. A new high pressure steam sterilizer has been added to the operating room equipment and a new electrical motor apparatus for giving warm, vaporized anaesthesia is being installed. By this method only about one-third of the amount of ether is used as with the old drop method and in addition a vacuum is created by means of which all mucus is removed from the mouth and throat. This new method practically does away with the nausea and other discomfort of an anaesthetic.

A dinner and smoker was held in the hospital last evening at six o'clock celebrating the opening of the institution. All the doctors of Cass City and the surrounding towns were invited.

Miss Vera Schell, R. N., superintendent of the Samaritan Hospital in Bay City, has been in Cass City the last few days assisting Dr. McCoy in getting the hospital ready for reopening.

### OBEY CONTRACTS PLEA TO TEACHERS

Thomas E. Johnson, state superintendent of public instruction, urges all teachers to abide by their contracts, regardless of any increases in salary which may result for the coming year unless it is mutually agreed to by the local boards of education.

"The department of public instruction realizes keenly that teachers are underpaid and as a class should have a very material increase in salaries, but when they are obligated by existing contracts we must take the stand that to discountenance them would be unethical," said Mr. Johnson.

"Besides that, they are expected the same as other persons to live up to the full measure of their written agreements."

### THUMB FACING SUGAR FAMINE SAYS WHOLESALER

That there are not more than two carloads of sugar in Port Huron, and that the entire Thumb section faces a sugar famine for next few weeks, is statement made by James McCaren of Clark & McCaren Friday. Mr. McCaren has returned from Philadelphia, where he was unsuccessful in securing a supply for his wholesale concern. He states food commission will undoubtedly have to reinstate former sugar rules. He says shortage is nation-wide.

### J. D. TUCKEY ADDS TO HOLSTEIN HERD

J. D. Tuckey has purchased six choice head of Holstein cows from the thoroughbred herd of Wallace Gilbert of Greenleaf township. This addition to Mr. Tuckey's herd brings the total number of his cows to 30.

## JOHN HOOKS WAS FATALLY WOUNDED

FARMER SHOT FRIDAY BY AN  
AUSTRIAN BEET  
WORKER.

Tragedy Took Place on the Clare  
Stafford Farm in Brookfield  
Township.

John Hooks, aged 27, was fatally shot by Frank Horynak, an Austrian beet weeder of about the same age, on Friday and died at Bad Axe hospital Saturday afternoon. The shooting took place on the Clare Stafford farm in Brookfield township which Mr. Hooks had rented.

The two men had traded hats about a month ago and Horynak, who was employed in the beet fields on the Hooks farms, became dissatisfied with his bargain and Friday morning demanded his first hat back. Hooks was busily engaged in repairing a plow and informed him that he was too busy that morning to bother to exchange headgear again and asked the beet weeder to go away and leave him alone. The Austrian promptly pulled out a revolver and shot the man through a lung.

Mr. Hooks went about 40 rods to the home of his father-in-law after being wounded and shortly after he was hurried to the hospital at Bad Axe where he passed away the following afternoon.

Horynak has not been apprehended. It is believed by some that he is still hiding in the swamp near Mud Lake. The swamp is being searched, but so far no clues have been found. The man was not known very well, except among the Hungarians, and authorities are experiencing difficulty in securing a description of him.

### Hooks a Well Respected Farmer.

John Hooks was the eldest son of Mr. and Mrs. Thos. Hooks of Brookfield township, and was born Oct. 28, 1891. On December 19, 1911, he was united in marriage with Miss Moshier, and they made their home on the Archie Gillies homestead. This farm was sold recently and Mr. Hooks rented the Clare Stafford farm and this season was working both places. He was a hard-working and highly respected young man and a member of the M. P. church in Brookfield. The tragedy has created much sorrow in the community.

Funeral services were held Wednesday afternoon at the M. P. church. Deceased is survived by his wife and four small children, Lucile, Morris, Blanch and Phyllis, his parents and three sisters and one brother.

## AUTOMOBILE TURNS OVER INTO DEEP DREDGE CUT

Mrs. Dora Houghton and Mrs. James  
Are Seriously Injured Near  
Brown City.

While returning to their home at Brown City after a visit at Caro Mrs. Dora Houghton and mother, Mrs. James, former residents of Caro, received injuries which may prove fatal. Mrs. Houghton and mother accompanied by Mr. and Mrs. Younglove and daughter, left Caro Sunday evening for their homeward trip, Mrs. Houghton driving the car. When about a mile from Brown City near a deep dredge cut and about to pass another car Mrs. Houghton became nervous and the machine turned over into the dredge cut and then made another turn.

### PATRIOTIC LECTURES AT CASS CITY AUG. 28-29.

Dr. Eli J. Forsythe, evangelist and lecturer, is scheduled to give two patriotic lectures at the First Methodist church at Cass City on the evenings of Aug. 28 and 29. "Making America American" and "The Vengeance of the Flag" are the subjects of his addresses. His message bristles with a red-blooded Americanism that comes from a man of deep study and from whose home four stalwart young men of the Forsythe name bore arms in France. No admission fee is charged, but a silver collection is taken.

### LIBRARY NOTICE.

On account of the fair the library will be open on Wednesday evening from 7 to 8 o'clock next week instead of the regular afternoon hours. Mrs. James Tennant, Librarian.

### HURON COUNTY BASE BALL LEAGUE STANDING

	W.	L.	P.C.
Port Austin	5	1	.833
Bad Axe	5	2	.714
Elkton	4	3	.571
Ubyly	3	3	.500
Kinde	3	5	.375
Harbor Beach	1	6	.143

### Results of Past Week.

Aug. 7—Ubyly 6; Elkton 4.  
Aug. 8—Port Austin 9; Bad Axe 5.  
Aug. 11—Kinde 6; Elkton 5.

Features of last week's play in the Huron County League were the double defeat of Elkton at the hands of Ubyly and Kinde, and the return to the Ubyly team of "Mike" Flannery. Ubyly will have to be reckoned with from now on. Kinde has also been greatly strengthened by the return of Reuben Frank and Floyd Jeffries.

## ECONOMIC PHASES OF THE LEAGUE OF NATIONS

Chicago Banker Says League Is  
Only Hope for Keeping World  
out of Turmoil.

The Evangelical Assembly at Bay Shore Park, Sebawaing, is attracting a large number of people and the sessions are reported very successful. The Assembly concludes its sessions next Sunday evening.

On Sunday, August 10, over 800 attended the Sunday school session and at the afternoon session, J. J. Arnold, vice president of the First National Bank of Chicago, gave an interesting address on the "Economic Phase of the League of Nations." In speaking on the subject, Mr. Arnold said that there are at least three kinds of Democracy. 1. Political Democracy, or government by the voice and vote of the people. 2. Social Democracy, or equal rights for all, recognizing no titles of nobility or favored classes. 3. International Democracy, or a wholesome solicitude for the welfare of all other nations besides one's own.

A league of nations is the only hope now for keeping the world from a hopeless turmoil. The form of the one proposed is not quite satisfactory, because it does not include all the nations; but only a number of powerful ones laying conditions under which others may enter. It is similar to the "Holy Alliance" of history, with this difference that the latter was a league of powerful monarchies formed for the purpose of safeguarding autocracy, while this league has the avowed purpose of safeguarding and promoting democracy and good will.

Co-operation is the key to the solution of the present problems. As the Federal Reserve Banks were a powerful factor in winning the war, so co-operation in an international control of all raw materials, especially those so necessary in war, can be utilized to insure peace by cutting off supplies from any nation using them for making war, and providing them only for purposes of peace. He quoted this sentence from one of Pres. Wilson's speeches: "When peace will become as handsome as war, then there will be no more war." Which means that when we put as much enthusiasm, intelligence, co-operation and co-ordination into the works of peace that we put into the time of war, then war will not occur.

### SCHWADERER-SMITH

A quiet wedding was celebrated at the home of Mr. and Mrs. Christian Schwaderer on Garfield ave, Wednesday August 13, when their youngest daughter, Leola Beatrice, was united in marriage with Earle Spurgeon Smith of New Greenleaf. Rev. J. D. Young performed the ceremony at high noon using the ring service. The guests included the members of the immediate families only. Following the service a delicious wedding dinner was enjoyed.

The bride was dressed in a pretty gown of white satin and georgette and carried a bouquet of white sweet peas and rose buds. The home was beautifully decorated with ferns and white asters. Miss Lillian Rogers was maid of honor and Glenn Smith of Shabbona, a nephew of the groom, was best man.

Mr. and Mrs. Smith left on the afternoon train for a wedding trip to Detroit, Buffalo, Niagara Falls and various points in Canada. They will be at home to their friends Sept. 15 at New Greenleaf where Mr. Smith is manager of the elevator of the Cass City Grain Co.

## BLUE RIBBON FAIR AT CASS CITY NEXT WEEK

BALL GAMES, HORSE RACES,  
AND SPECIAL ATTRACTIONS ARE FEATURES.

Varied Amusement Program Arranged to Please All Classes of Visitors.

President Cooper, Secretary Crandell and other officials and directors of the Cass City Fair are enthusiastically at work on arrangements for the fair next week and point to many indications of the success of their efforts in the fair which will be held Aug. 19 to 22 inclusive. There will be something doing all the time and old neighbors and friends will have an opportunity of getting together once more in an informal, friendly way.

No other local event arouses such wide-spread interest as the good old, reliable Cass City Fair with its extensive exhibits of farm products, live stock, etc., its speed program, its classy ball games, and its special attractions which combine an exhibition of the highest character with an amusement enterprise worth going many miles to see.

### Ball Games at the Fair.

Base ball will be welcomed as a feature of the fair next Thursday and Friday by admirers of the national game. On Thursday, Caro will cross bats with Cass City and Friday the local team will compete for honors with Bay Port.

### The Race Program.

Lester Bailey, superintendent of races, anticipates booking a large number of horses in the several events next week. Horsemen have assured him that next week will round up a long string of racers which will develop in strong competition for the purses offered in the speed department. The following is the program:

Wednesday, Aug. 20—  
Farmers' trot or pace, horses driven by farmer owners, 1/2 mile heats, purse .....\$75.00  
2:30 trot or pace, purse.....\$200.00  
Thursday, Aug. 21—  
Named trot, purse .....\$150.00  
2:25 pace, purse .....\$200.00  
Friday, Aug. 22—  
Free-for-all trot or pace, purse \$200.00  
Consolation (named by superintendent), purse .....\$150.00

### Special Free Attractions.

The special attractions promise to be unusually good for this year's fair. The Four Roeders produce remarkable feats on a suspended stage of wires, bars and ropes. Alvin Bros. perform difficult stunts in an extraordinary perch and hand to hand act. Sam Munro, the Juvenile Harry Lauder, and Alice Dunbar, a clever comedienne, will demand many a laugh. And music—there'll be a plenty with the Henderson Juvenile Pipe Band from London and the Cass City Band both on the job.

### Regarding Exhibits.

As noted in the Chronicle last week, there will be large exhibits in the live stock departments and several breeders have entered their entire herds of prize cattle, horses and hogs. In addition to the list published last week may be added the names of Inwood Bros. of Romeo and Rush Bros. of Almont, both Duroc swine breeders.

Floral hall, besides its fine displays of fancy work, pictures, etc., will show the latest merchandise of business houses, depicting late styles and desirable wares. Among those who have engaged space are Zerkie Bros., T. L. Tibbals, T. & M. Quality Store, A. H. Higgins, N. Bigelow & Sons, Cass City Lumber & Coal Co., Mrs. Myrtle McLellan and W. H. Ganscil. The large tractor exhibit promises to interest all progressive farmers. It will include the following machines, the Fordson, LaCrosse, Cleveland, Caterpillar, Samson, Moline, Case and International.

John J. Campbell of Pigeon has been appointed Census Supervisor of the Seventh District which comprises the counties of Huron, Lapeer, Macomb, St. Clair, Sanilac, and Tuscola.

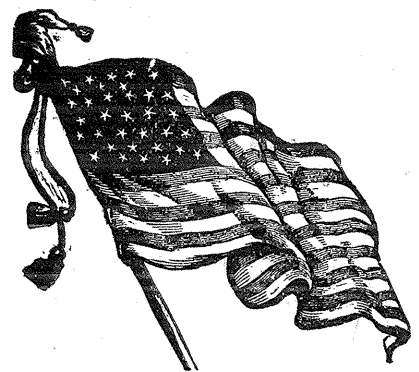

An automobile is alleged to have gotten drunk at Harbor Beach last week and performed great stunts. It jumped two sidewalks, climbed an electric light pole and attempted to bump a house from its foundations. The latter was too great an undertaking and it was as docile as a lamb when the marshal took it in charge. A bottle of whiskey not all consumed was discovered within it.

**PEERING INTO THE FUTURE.**

(Charlotte Republican).

In an attempt to peer twenty years into the future and without the slightest desire to alarm, we can see political questions supplemented by economic problems of the most serious type. Tariffs, leagues of nations and sundry issues will be toys for high school debaters compared to the economic problems facing the people of this country, at least a part of it, in the not very distant future. It is going to be a question of food—the plain, nourishing food that keeps body and soul together. The price is not going to be so vital as the question of production, if food isn't produced it cannot be consumed. This is the crux of the situation. The cities, especially the industrial centers, are filling up with labor, the bulk of which is from the farms, young men attracted by the high wages and anxious to throw off the routine drudgery of farm work. This young artisan dismisses entirely the great and growing independence of farm ownership, not only the sweetest kind of individual independence, but above all that, a positive assurance of life itself from the fertility of the very soil he scorns when he leaves it for the dirt and grime of the shop and the thrice daily discipline of a time clock or a factory whistle. There can be only one result—the farm is furnishing the big percentage of this new labor moving into the cities. These new arrivals immediately become consumers at the direct expense of an already reduced production element.

This shift from country to city is going on all the time, thousands of farm lads who serve in the war will never return to the farm and incidentally this idea of the government giving our soldiers a parcel of unimproved land is a colossal joke. Fifty per cent would regard the proffer as an insult, while forty per cent of the balance would abandon the proposition in five years flat broke. This offer to the city man looks like a great piece of federal philanthropy, but boiled down it is largely political bunk. Anyone with a modicum of intelligence can readily understand this order of things cannot go on forever without serious results. The old-time tariff orators told us supply and demand always regulate and control prices (except where they are made by a trust) and the demand is growing daily while the supply is diminishing in exactly the same proportion. Some claim it will readjust itself;

that when the farm crops reach a point where their production will pay the factory man better wages he will desert the shop and return to the old farm and help out the weary farmer, who has broken his health trying to keep up with the unequal struggle. Any boy who by environment or inclination is a farmer can, in our opinion, make himself comfortably well to do in the next ten years by farming for himself. Modern day farming does not require a bit more industry or application to business than is demanded from shop labor today and the difference between the two employments, at the end of this speculative ten years, is the present day comparison between the Packard and the Ford with a few picture shows, for extra measure thrown in on the side of the Ford. In other words there is no comparison, present and future prospects considered.

We volunteer the prediction that the 1920 federal census will show a gradual population slump in all the big agricultural counties of the state. The conditions we are bringing to your attention have barely been noticeable, but totaled up, even today, the question takes on a decidedly ominous hue. Now add twenty years of constantly decreasing production and correspondingly increasing consumption of food supply and you will have something to think over. The government has no greater problem confronting it than to fathom, through subsidy or other legislation, the great question of where our workers are going to get their bread, to say nothing of butter, which long ago passed out of view from the workmen's table. It is a battle against hunger that we're facing in America.

**NOVESTA.**

Mr. and Mrs. Geo. Aplin and grandchildren, Arthur and Maxine Elliott, of Bay City are visiting at the home of John Wooly.

Mrs. Arthur Flynn and son, Paul, are visiting friends in Columbiaville.

Wm. Paul is visiting friends in Saginaw.

Miss Laura Wooly returned Friday after a two weeks' visit with friends in Bay City.

Mr. and Mrs. Robert Jacoby visited at the home of D. McLarty Sunday. Stanley Warner and family spent Sunday in Caro.

Robert Warner and family visited at the home of Lewis Holtz Sunday.

Mrs. Robert Campbell is visiting friends at Clifford this week.

The ice cream social at Robert Warner's was well attended and \$42.10 were realized.

Hamilton McPhail left for Detroit on Tuesday.

The Deford Farmers' Club picnic held in the grove on Ora Delong's farm Tuesday, Aug. 12, was a success as there was a large crowd of people there. The table fairly groaned with the good things to eat and everyone seemed to do ample justice to the good things. After dinner there were two ball games. The first one was played by the North River boys and the White Creek Stars, the North Side winning. The score was 6 to 5. Then the winners played the married men. The latter trimmed the former to the tune of 8 to 0. Everybody seemed to be out for a good time.

**BEAULEY.**

Mr. and Mrs. Thos. Jarvis and Mrs. Frank Martin returned from Canada Saturday and report having the time of their lives at the home coming. It lasted four days and they met many they had not seen since their childhood days. Mrs. D. McDonald is spending the week with her son, Wellington, and family in Detroit.

Mr. and Mrs. George Bennett and children and Mr. and Mrs. Amos Hoffman of Peck spent Sunday in Beaulieu and attended church.

Mr. and Mrs. Marvin Moore, Mr. and Mrs. Philip Moore and John Moore visited Mr. and Mrs. Claude Hinman of Unionville Sunday. Mrs. Marvin Moore remained for a week's visit.

Mr. and Mrs. Malcolm Crawford, Mr. and Mrs. Joseph Crawford, Bower Connell and son, Max, and Mrs. L. Connell attended the camp meeting at Sebawaing Sunday.

A union Sunday school picnic is being planned by the schools of Owendale, Gagetown and Beaulieu to be held at Bay Port Aug. 19.

Mr. and Mrs. Twilton Heron are having their house painted. They had it all remodeled a few months ago and now they will have one of the nicest modern farm homes in our community.

Our community was shocked Friday when the sad news came that John Hooks of Brookfield had been shot by one of his beet family. Our sympathy goes to his wife and family in this bereavement.

A number from here are planning on going to the Erskine picnic Wednesday.

Mrs. Claude Martin returned home Friday after spending four weeks at her parental home.

**CARNEGIE, NOTED FINANCIER, DEAD**

LAIRD OF SKIBO "DIES AT HIS SUMMER HOME AFTER THREE DAY ILLNESS.

**FAMOUS FOR BENEFACTIONS**

Considered It Disgraceful For Man to Die Rich, Yet Left Estate of Hundreds of Millions.

Lenox, Mass.—Andrew Carnegie, steel magnate and philanthropist died at his Lenox summer home, "Shadow Brook," August 11. He was ill less than three days, of bronchial pneumonia. So sudden was his death that his daughter, Mrs. Roswell Miller, was unable to get to her father's bedside before he died. His wife and private secretary were with him at the end.

Mr. Carnegie had spent most of the summer at Lenox, coming here late in May and up to a few weeks ago, enjoyed himself in almost daily fishing trips, and in riding about his grounds.

Mr. Carnegie leaves his widow, who was Miss Louise Whitfield of New York, and his daughter, Margaret, who married last April, Ensign Roswell Miller, New York.

Mr. Carnegie was the holder of numerous honors and decorations bestowed upon him by rulers and peoples over all the world. He received as a result of his benefactions abroad the freedom of 54 cities in Great Britain and Ireland. Altogether he endowed 3,000 municipal libraries in the United States in addition to his other numerous philanthropic enterprises.

**Carnegie's Life in Brief.**

Born Nov. 25, 1835, in Dunfermline, Scotland, of poor but thrifty parents.

Emigrated with family early in 1843 to Allegheny, Pa.

Worked in linen mill at 20 cents a day.

At 13 became telegraph messenger. Promoted to operator and clerk at \$35 a month.

At 16, father died, became support of family.

Mortgaged home to invest \$500 in 12 per cent stock.

Borrowed money to finance sleeping car invention. Realized \$10,000.

At 26, during Civil war, made director of government railways and telegraphs.

At 30, shared in \$1,000,000 on \$40,000 investment in oil.

Forseeing demand for iron bridges, formed company and made big profits.

In 1886 brought Bessemer steel process from England, adopted it in his mills and riches began to pour in.

In 1888 married Louisa Whitefield of New York.

In 1901 sold steel holdings to U. S. Steel Corporation for \$420,000,000.

At 65 declared it disgraceful to keep on piling up idle millions and started unprecedented philanthropic campaign.

Between 1901 and 1918 gave away \$350,695,653.

Died Aug. 11, 1919, a rich man despite his benefactions.

**FOOD SURPLUS CUTS PRICES**

Government Says Retail Costs Have Been Reduced.

Washington.—Retail food merchants are beginning to feel the effects of the distribution of surplus foodstuffs by the war department, it was indicated when the department announced officially that prices on certain foods were being readjusted "to make them accord with reductions which have occurred (since August 8, in the retail market on similar commodities of like grade."

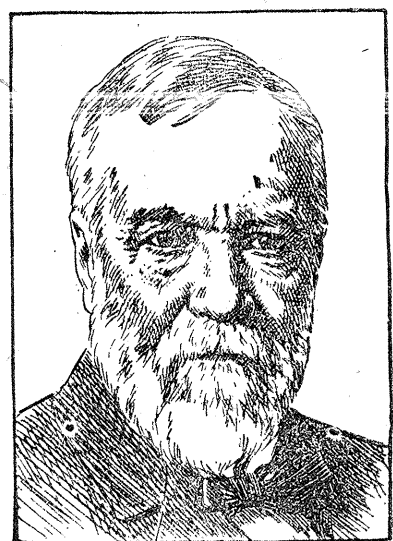

Food allotted to date for sale to the public is valued at \$83,000,000, according to official statistics. This figure is based upon the original cost, although at present commercial quotations, the total value would be much larger. In bulk, the allotments would be sufficient to give about three-quarters of a pound of bacon and 1-1/2 cans of each article to every person in the United States.

President Wilson suggestion that congress could show what can be done to control mounting prices by remedying the extortion which it has been charged was rampant in the District of Columbia resulted in the drafting of a bill by the district commissioners, in conjunction with Chairman Murdoch of the federal trade commission, which would put under license all dealers in food, fuel and wearing apparel, with the licenses revocable on proof of profiteering.

**FIND RED PLOT TO NAB LONDON**

Police Unearth Bolshevik Scheme to Set up Soviet Government.

London.—Discovery by police of a plot to set up a soviet government in London is the latest development in a series of events in Great Britain which, the government alleges, have been abetted by local and imported bolsheviks, financed in a great degree with money smuggled into the country from the bolshevist government in Russia.

To this widespread propaganda the authorities lay labor and other troubles in the empire, although they have made no definite revelations connecting the various strikes with soviet aspirations.

Half of Liverpool's police force has been on strike several days and there has been considerable rioting and several deaths. Both firemen and police in London have threatened general strikes, which have not developed. Coal mining and several other industries on the island are crippled seriously by walkouts.

Vigorous attacks have been made on the government for alleged wastefulness.

The high cost of living is a growing problem there and it has been charged the government is granting huge "prizes" to the nation's war leaders while almost ignoring the cry of the poor for food.

**"DELAY" CLAUSE ON FREIGHT**

Shippers Warned That Strike May Tie Up Shipments.

Chicago.—Practically all railroads of the Middle West have in effect orders to accept freight "subject to delay" on account of the strike of Federated Railway Shopmen.

R. H. Ashton, Regional Director of Railroads for the Northwest, issued the following statement regarding conditions governing freight: "Beginning immediately and continuing until further notice, all freight of every description in carload lots will be accepted only as subject to delay on account of the strike. All bills of lading must be indorsed: "This freight accepted subject to delay on account of the strike."

Railroad officials, however, say the embargo and the delay caused by the strike have not as yet, affected food shipments.

**RAIL STRIKERS ARE DEFIANT**

Shopmen Wire Wilson They Will Not Return to Work.

Chicago.—Representatives of the Chicago district council of the Federated Railway Shopmen's union, which called a strike August 1 in defiance of the international officers of the shop crafts unions, Saturday dominated conferences at which some of the international officers sought to have the men return to work in obedience to the wishes of President Wilson.

The council sent a telegram to the president stating that until some concession had been made the attitude of the men would be unchanged and they would remain on strike.

John D. Saunders, secretary of the council, asserted that notwithstanding the claims of the international officers and rail officials that not more than 40,000 men were on strike, no fewer than 250,000 men were out.

**31 Riot Negroes Held**

Chicago.—The grand jury investigating race riots, has asked State's Attorney Hoyne to submit evidence against white men as well as Negroes. Thus far indictments have been voted against 31 Negroes, but no white men. The grand jury fears that unless action is taken against white men the body may be charged with unfairness. States Attorney Hoyne replied that the evidence against white defendants is not yet ready for presentation.

## A Million Babies - and One Pair of Pink Cheeks

WHEN my doctor told me to give my baby Nestlé's Food because I couldn't nurse him, I said, "Have many babies been brought up on it?"

He smiled. "Right here in the United States" he said, "at this minute there are many thousands of babies keeping well and strong on Nestlé's. All over the world it's the same way—and that will give you some idea of how many babies have kept well on Nestlé's Food during the past fifty years."

And yet it wasn't all those millions of babies that convinced me. It was the pink cheeks of my own baby.

Nestlé's Milk Food is made out of pure milk, to which has been added just the right amount of cereal and of pure sugar. This is made into a white fluffy powder, which makes the curds of the milk easy to digest. You just add cold water, boil, and

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestlé's has stood the test of three generations and has today the largest sale of any baby food in the world.

## ARMY WORM IS DOING DAMAGE TO CROPS

Seems to Have Secured a Foothold in Several Townships in Sanilac County.

The army worm which raised such havoc with growing crops a few years ago has made its appearance in Wheatland, Fremont and Buel townships and several fields of grain have been stripped.

George Hewett noticed them moving on a field of oats last week and while he was on a trip to Argyle the field was literally devoured. Fortunately, the crops are too well advanced to do much harm, except the corn which is also a prey to the pest. Many farmers are complaining of their presence. Mr. Brown, teacher of agriculture in the Bad Axe schools, was in Wheatland Thursday afternoon looking over the situation and advising farmers as to the best means of combatting them. He recommends the following method: Take 50 lbs. of wheat bran, 2 lbs. arsenate of lead, powder, a half dozen oranges or lemons with peeling on, cut fine, mix this well, then add about 2 quarts of molasses, add gradually and mix well to make a dry mash. This should be sowed broadcast over the infested field or placed in the path of the worms.

In Fremont and Buel townships army worms have been found in large numbers on the farms of D. and Chas. Coon, Ed. Francis, G. W. French, Ed. Anderson, Geo. Perry and others. From a short investigation made by Prof. Martin, agriculturist of the Crosswell schools, there is a chance that they will do a great deal of damage to crops before harvest. Oats on several farms are showing the ravages of the pests and some fields will be hard hit. Corn on other farms is being eaten by them and this will cause the stalks to wither and die. Beans are not being eaten to any extent, nor are potatoes, though Mr. Martin thinks that probably these will be attacked as soon as other crops are gotten out of the way. A treatise issued by the government says that that these worms are found in some localities nearly every year, and are hard to combat as they usually do a great deal of damage before means can be employed to get rid of them. The worms thrive in low marshy grass and when a sufficient number has been formed march out into growing crops until killed off by a parasite in the form of a fly that is their natural enemy. While they are with us at all times it is only occasionally that they become troublesome.

## ELECTRIC LIGHTS ALONG COUNTRY HIGHWAYS

We expect to see electric lights strung along the country highways within a few years. Is that expecting too much? Certainly not. Many of us can remember when we took lanterns and rubbers to negotiate the home-town streets after nightfall. Now we walk on cement, and with its electric light globes up to midnight home-town is almost as light as day. The cost is not considered. We wanted them. In the country, too, there will be electric globes swinging at intervals along every pike road. Where water power is available, the current for these lights will cost almost nothing. Where it is convenient, the wires will be circuited from central lighting plants. In many cases the farmer's own private lighting plant will be used to illuminate the roadway along his land. There will be a light at every cross road, at every bridge or culvert, and at every turning. Townspeople will co-operate with farmers in maintaining these lights, and will share the cost, not only because the townspeople use the roads, but because they are interested in encouraging the fullest and most convenient travel between country and town. The ancient demand for "more light" is being supplied and the world is becoming a cheerful place.—Farm Life.

## MAD BULL ATTACKS THREE MEN IN FORD

Stock Buyer and Friends Chased from Pasture by Angry Animal.

Attacked by an angry bull in a Sanilac township pasture was the experience of George McGregor, a well known live stock buyer of McGregor Monday afternoon, who with George Bowling and Frank Loutner, drove in to a pasture to inspect some animals that were offered for sale. They were in a Ford car and were circling around the herd to view them when with a roar of anger, a big Holstein bull came at them, head down and murder in his eyes. With but little warning, the driver speeded up but not before the maddened animal hooked a horn in the rear curtain. Bowling in telling of the escapade, stated that it fairly made him sick and that the bump they got going over the dead furrows in the pasture would remain a lasting memory. Fortunately the party escaped with no injuries but shattered nerves and McGregor is not overly anxious to buy any cattle out of that particular pasture.—Sandusky Tribune.

## SPRAY THE COW.

The lowering of the milk supply in fly time is an evil from which the farmer or dairy man need suffer very little if he will spray his cows as faithfully as he does his growing plants and fruit trees.

There are many preparations suitable for these sprays, and formulas for them can be obtained from any county agent or agricultural bureau.

Stables should be kept clean and manure piles sprayed with fly eradicators to keep the flies from breeding. If in addition to this, bossy is sprayed frequently herself, she will repay these attentions to her comfort by as steady a flow of milk as is her habit when flies are few.

Another precaution against the fly nuisance is the screening of stables as carefully as house. Of course it would be impossible to keep the fly pest down to as small numbers in the stable as in the house, for manifest reasons but screening, cleanliness and spraying will do much toward it.

## IN THE GOOD OLD TIMES.

Clerk's Record of Farm Auction Held in Missouri in 1846.

The Michigan Business Farming had the following account of a farm auction held in Missouri in 1846—when the war with Mexico was on. The Kansas City Star found the record of clerk of the sale:

For his day's services the clerk received \$1, and the auctioneer, 50c. The sale was at a time when money

was extra scarce. Furs were the principal legal tender, and Mexican dollars chisled into 4 or 5 pieces, each called a "bit" or 12½ cents formed the principal cash of the country. Personal notes were given for small amounts, and following are some of the prices:

Washington Surber paid \$7.25 for a spotted heifer.

Richard Johnson gave a note for \$2 for a spotted yearling steer.

John D. Smith bought a red heifer for \$2.37½.

A note for 28c was given by Charles Foreman for crock.

Andrew Mote gave his note for 37½ cents for a doubletree.

Nathaniel Richardson paid 37½ cents in cash for a hammer.

Wm. Griffin bought 40 first-choice pork hogs for \$40.55.

Sarah Smith paid \$2 for a side-saddle.

Wm. Faulkner gave his note for "two bits for a stew pan in good order."

Henry C. Grubs gave \$1.30 for a

bee stand, while C. P. Davis gave a dollar note signed by himself, for a pig.

John D. Smith bought 5 acres of corn and stock feed for \$3.75.

David Kincade bought a bucket for 41 cents and gave his note.

Benjamin Elsea gave his note for 12½ cents for a pair of horse shoes.

Ben Robuck purchased "a saddle, bridle and martingale" for 10 cents and gave his note for them.

## BULL BREAKS LEG OF ARGYLE FARMER

John Bell, living two miles south and mile west of Argyle, was attacked by a two-year-old bull in the field Monday. The animal struck Bell in

the back, knocking him down and tramping on him. Mr. Bell had one limb broken at the ankle and suffered several bruises.

## Self-Conquest.

Patience and gentleness are not easy virtues when one is troubled within and buffeted without by the day's trials and demands. There are many times when the taking of a city might mean less to the individual soldier concerned than the conquest of his own spirit and tongue. There are tense days when a carping or unjust word falls on the spirit like a lighted match on tinder; wherefore we should be the more careful to store no tinder for ourselves, and toss no lighted matches at our fellows.

# Buy Your Fordson Tractor Now

Now is the logical and safe time to buy your Fordson Tractor. Farm tractor manufacturers know that more machines will be wanted during this coming year than can be supplied. This is particularly true in regard to the Fordson. Its popularity has created a demand that makes it certain that some farm owners, desirous of obtaining the Fordson, must be disappointed.

Get your order in early. Make sure of getting the Fordson on your farm quickly so that you may become thoroughly familiar with its operation and be able to use it to the best advantage right at the beginning of your Spring work.

## The Fordson Is All That You Expected

The Fordson is all that you expected. Simple to operate, compact, strong, light (weights only 2700 pounds), powerful, economical (operating on kerosene), long lived—it has upheld the Ford name among 25,000 owners.

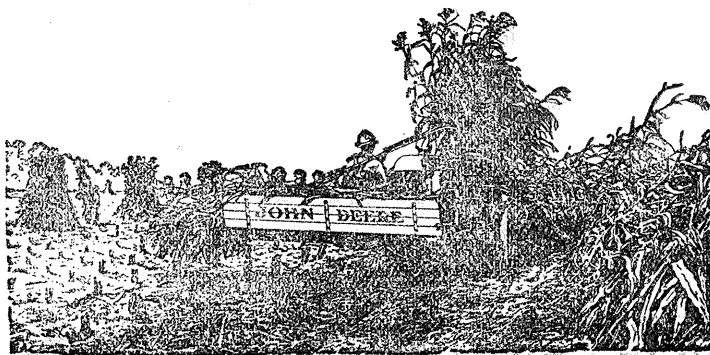

You can depend on it to handle two 14-in. bottoms in any soil. And on the belt you won't find a better power outfit. Delivering between 20 and 22 horsepower at the pulley, it will run your grain separator, hay baler, ensilage cutter—will, in short, handle all the belt jobs you have to do within its rating.

And remember that behind the Fordson is Fordson Service—the expert help and advice that our tractor experts will give you on request—the stocks, parts and repairs that we keep ready for immediate delivery to your farm when you telephone. No waiting for slow mails or express service.

Write us to come and see you—or drop in and see the Fordson.

Built to meet actual farming conditions on Mr. Ford's farm—proved under every existing condition throughout the country.

## Make Corn Harvesting Easy For Man and Horses

Operating the John Deere Corn Binder, the Binder with the power carrier and Quick Turn Tongue Truck, is driving the horses chiefly.

No effort is required to dump the bundles, simply press the foot trip lever—the power carrier, which is always in receiving position, does the rest. The bundles are delivered clear of the horses' path—the horses do not tramp on the bundles, knock off ears and break the tie strings. Practically all of the loose leaves are delivered with the bundles—not scattered over the field and wasted.

The Quick Turn Tongue Truck relieves the horses of all the pole whip and neck weight—makes turning at the end as easy as when hitched to a wagon. It keeps the binder running straight—does away with sluing on side hills because the axle is flexibly mounted, allowing the truck to conform to uneven ground conditions.

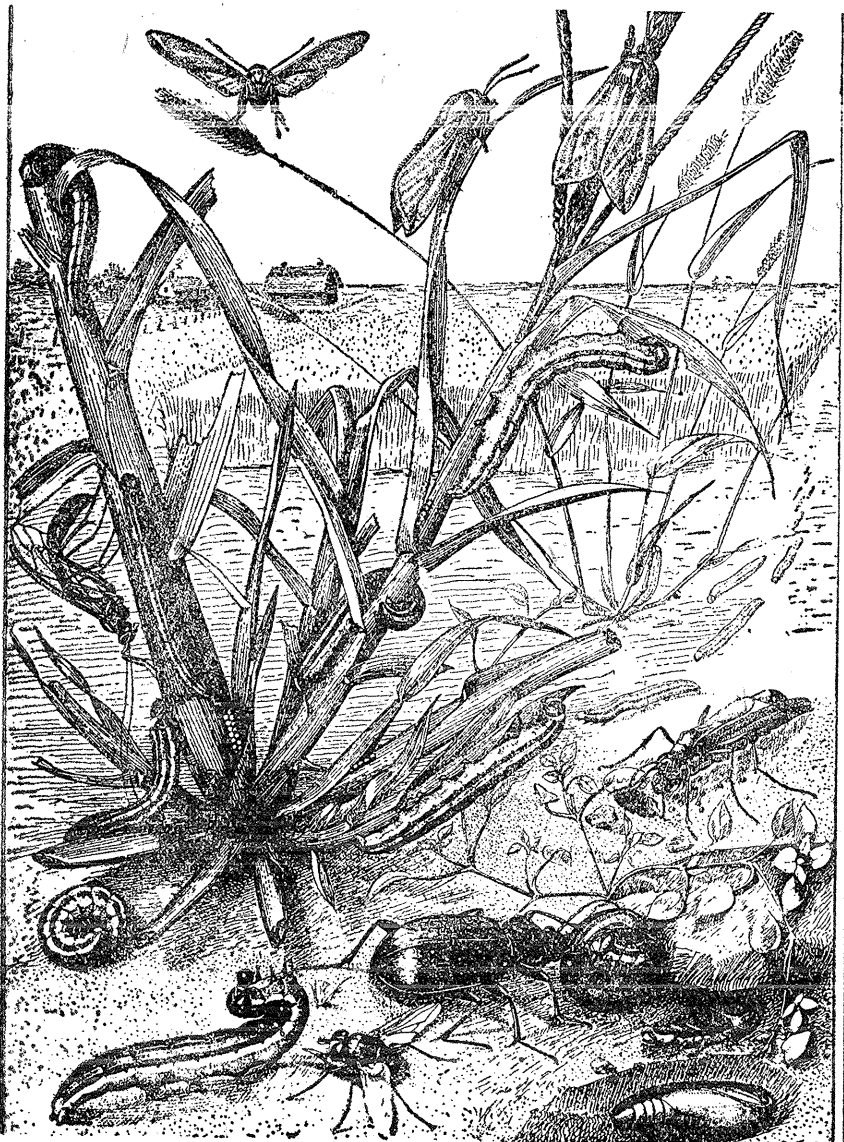

We want you to come in and see this better binder—We want to show many other points about it that combined with the above make the John Deere the best binder investment you can make.

Come in the first chance you get and give us an opportunity to show you the best corn binder on the market.

## FARMERS MUST GUARD THROUGH SUMMER SEASON AGAINST ARMY WORM INVASION

The Army Worm and Some of Its Insect Enemies. Parent or Moth, Upper Right-Hand Corner; Full-Grown Larva, Lower Left-Hand Corner; Eggs on Plant Stems; Pupa in Soil, Lower Right-Hand Corner; Other Insects Are Beetles and Wasps, Parasites of Army Worm.

(Prepared by the United States Department of Agriculture.)

The army worm has cut a wide swath this year in the vicinities of Dallas and Fort Worth, Tex. Strenuous efforts to prevent its spread have been made, and absence of other reports gives ground for the hope that it may not appear elsewhere this summer, but United States department of agriculture entomologists urge all farmers in all states east of the Rocky mountains to remain on the watch for the pest until cool weather comes next autumn.

There are usually three generations of caterpillars—the form in which the pest greatly damages crops by feeding upon them—in a year, but seldom or never are there two successive outbreaks in any one locality. The insects usually appear in the fields very suddenly, and it seems certain that the moths—the parents of the caterpillars—at times fly in great numbers for many miles, in the direction of the prevailing winds, and alight in a body to deposit their eggs at some place favorable to the development of their offspring. This fact accounts for the appearance of the army worm in regions far removed from any known source of infestation.

### How to Identify Worm.

The full-grown army worm is a nearly naked, smooth, striped caterpillar, about one and one-half inch long. Its general color is usually greenish, and the stripes, one along each side and a broad one down the center of the back, are dark and often nearly black. The stripe along the back usually has a fine, light-colored broken stripe running down its center. The color of the body between the dark stripes varies from greenish to reddish brown. The head is greenish brown, speckled with black.

"When an army of these worms is at work in a field," says one of the publications of the department of agriculture, which are not given to exaggeration or to seeking after melodramatic effects, "the clumping of their jaws is plainly to be heard as they greedily devour every blade in sight. In this stage the army worm frequently consumes all of the food supply near the place where it has developed from the eggs. When such is the case the caterpillars mass together and crawl away in a body in search of other food. It is this habit which has gained for the insect the popular name of 'army worm.'"

### Killing Worms in Furrows.

It is the massing together of the caterpillars which gives to the farmer the chance of destroying them in great numbers. Furrows or ditches are plowed or dug completely around the infested area, or directly across the path of the advancing horde. In attempting to cross such ditches the worms fall into them, and can easily be destroyed by crushing them with a log dragged back and forth through the ditch or furrow. If shallow post holes are sunk in the bottom of the ditch at intervals of about 20 feet, the worms will crawl along the ditch bottoms and fall into the holes, where they may be destroyed by crushing or other means. If the subsoil is of such a nature that water penetrates it but slowly, the post holes may be partially filled with water, with a layer of coal oil or petroleum on the top of it. The oil kills the worms immediately.

### Other Control Measures.

Watchfulness and quick action on the part of farmers are essential in all the control measures, which include, in addition to the ditching method, the following:

In case of a general invasion, give the ground a light cultivation, if possible, after the caterpillars have gone

## LOSS FROM ARMY WORMS

In the eastern states alone, United States department of agriculture entomologists believe, many millions of dollars' worth of grain and forage crops has disappeared down the throats of army worms in the past 30 years.

The army worm feeds by preference upon grasses, both wild and cultivated; next, upon the grasslike grains, such as millet, which suffer severely in outbreaks. Wheat in its unripe stages, corn, oats, and rye seem to be preferred in the order named. Alfalfa has suffered injury in the southwestern states. Clover is occasionally attacked.

into the ground to change to the next stage, the pupa. This will kill many of the pupae.

Spray infested grass or other vegetation not intended for forage purposes with a mixture of 1 pound of paris green to 50 gallons of water. Do not use the sprayed grass or vegetation for forage.

Spray growing grasses and other forage crops intended for use at a considerably later date with a solution of 1 pound of arsenate of lead (powder form) in 50 gallons of water, or 2 pounds of arsenate of lead (paste form) in 50 gallons of water.

When corn is infested, spray with one of the following mixtures: Arsenate of lead (powder form) 2 pounds, or 4 pounds of the paste form, in 50 gallons of water; or 1 pound of paris green and 2 pounds of freshly slaked lime in 50 gallons of water.

Scatter poisoned bait broadcast over infested fields. Take 50 pounds of bran and mix thoroughly with it either 1 pound of paris green or crude arsenic, then add 2 gallons of low-grade molasses diluted with from 3 to 4 gallons of water, and 6 finely chopped lemons. This is especially recommended for fields containing mixtures of grass and cowpeas, cowpeas and sorghum, or fields in which grass has been consumed by the caterpillars.

Do not pasture stock in fields where the grass or other crops have been sprayed with a poison mixture until after heavy rains have fallen, and not before three weeks after the application of the insecticides.

## GENERAL FARM NOTES

The weeds are still with us.

The straw spreader has come to stay.

A harrowing after a rain keeps the moisture in the soil.

Cabbage requires frequent cultivation for best results.

Sweet clover is taking the country—a fine thing for the country.

Tomatoes and other vine crops should be tied to their supports early.

A good windbreak is a great factor in the success of the orchard or garden. The repeated failure of many orchards may be laid to the lack of protection from the winds of summer as well as winter.

## The School Facilities of Cass City Offer Special Inducements for Non-Resident Students

### The Grades

Each of the elementary grades is under a teacher who is an expert in the work of that grade. See to it that your son or daughter completes at least an eighth grade course.

### The High School

A complete, easy working reference library, expert instruction, fine laboratory equipment, a direct supervision and interest in each student makes Cass City High School the best in the Thumb.

The High School offers courses in English, Latin, French, History, and Science.

Graduation from Cass City High School admits to the University of Michigan and all colleges and universities of neighboring states.

Cass City's moral tone is such as to make it a most desirable place to send your boy or girl to school. Both school buildings have been thoroughly cleaned during the summer vacation and are in a sanitary and healthful condition.

The office at the High School will be open Friday and Saturday, Aug. 29 and 30, for consultation with the superintendent.

E. W. JONES, Secretary Board of Education.

### Tuition Rates

The tuition for non-resident students is \$30.00 of which \$25.00 is from the district from which the student comes, providing they have made application for it. This is payable \$12.50 in September and \$12.50 in January and the student or parent will not be required to pay the other \$5.00 until May or such time that the amount from the district is used up. This is according to instruction from State Supt. of Public Instruction. We would appreciate it if the districts would be prompt in paying their apportionments. We need it in meeting the expenses of the school.

I. A. FRITZ, Treasurer.

## LOCAL ITEMS.

#### INFORMATION REGARDING BOUNTY ON NOXIOUS BIRDS AND ANIMALS.

On and after the 14th day of August, 1919, the Township Clerk of each township can issue certificates for bounty on crows, hawks, owls, weasels and woodchucks.

The bounty on each, except crows, is 50 cents. On crows 25 cents. DO NOT send any of the above by mail and expect the bounty on same. They MUST be taken in person to your Township Clerk.

Applications for bounty on wolves, lynx, wildcats and foxes must be made to the County Clerk.

Take to your Clerk the head only of bird or animal but be sure that the scalp or skin, including the ears, is on the head. In the case of animals, the skin, including ears, of the head or entire pelt is sufficient. Where it is desired to preserve the pelt for sale or for use, the bounty may be secured by having the ears marked with punch holes, which does not injure the pelt for sale.

All kinds of owls and hawks are NOT considered as noxious and it is unlawful to kill those which are not noxious.

The Great Horned Owl is the only owl which the law recognizes as being noxious. All other kinds and especially the Screech owl, are considered of great benefit on account of the thousands of mice caught by them.

The Cooper's hawk and the Sharp Shinned hawk are the kind of hawks specified by law as noxious, (the Red Tailed hawk should be included), and although there are, perhaps, very few persons who are able to pick out these particular hawks, yet it is certain that it does not include the large Marsh hawk of bluish-gray color on back and nearly white on under side of body and wings, which is so often seen flying low over fields and whose prey is mice and grasshoppers.

Get all of the bad ones you can boys, but do not expect the bounty on the others, and remember, you are violating the law if you kill them.

I am causing this to be published because, judging from the hundreds of inquiries received, this bounty law is not generally understood and I trust this will make it clear to every one.

F. W. BOWLES, County Clerk.

#### FARMERS' SONS AND DAUGHTERS SHOULD HAVE A BUSINESS EDUCATION

When our grandparents, and even our parents, were boys and girls, about all the education necessary for successful farming was 'Readin', Writin', and Rithmatic'. All the machinery necessary was a plow, scythe, cradle and jumper. Today it is different. Now we have the latest in tractors, binders, threshers and automobiles—in fact there is a machine for every operation on the farm. Real manual labor alone is no longer the most important and most profitable requirement of a successful farmer. IT IS GOOD BUSINESS MANAGEMENT along with hard work THAT COUNTS. Some people are inclined to think that farming is not a business—but it is—the most important business—without which all other business would collapse. Some people think that farmers' sons and daughters do not require a business education—but if it is the most important that all boys and girls on the farm should have a business education. Those who do are invariably the leading men and women in their community, are the officials of the township and county, officers of the various organizations in the locality, etc. Parents should give their sons and daughters a course in a good business college. There is no better equipped and up to date school than The Port Huron Business College. It is nearer to you than any other good school. Write for free information about their courses, etc. to P. R. Stringer, Prin. Port Huron Business College.—Adv. 8-15-3

## Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life - long experience, and right purpose of the men who compose the organization and of those who direct it.

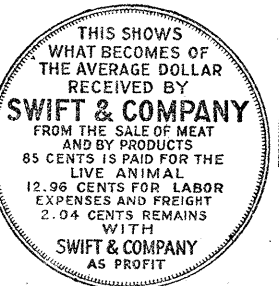

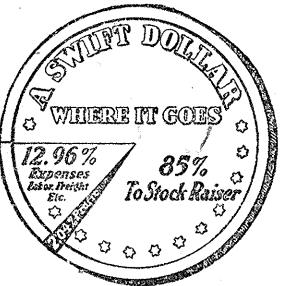

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

Let us send you a Swift "Dollar." It will interest you.

DEFORD.

Mr. and Mrs. Mark Smith are visiting here for a time. Mark has been in Northern Russia and is pleased to be back in Michigan. Like all other boys who were sent to that God-forsaken country, he would like to know the reason why.

Word comes from Royal Oak that Leo Benedict is on the mend.

After eighteen years' residence in Deford, Mr. and Mrs. George Roberts have gone to make their home on West Fort St., Detroit.

Mrs. Geo. McArthur is recovering from the measles.

Brother Clark and Bro. Granger have each purchased new wagons.

Mr. and Mrs. Patrick visited R. D. Lewis the past week. Mrs. Patrick is a niece of R. D.

Some of the wells went awry at Deford last week so that it sent many to the rock well of an old gray head. He welcomed them, saying "plenty of water, but if the sucker plays out, and leather keeps climbing, all hands will have to chip in. One man can't stand the 'shot.'"

The last one of a team that Robert O. Curtis had for nearly thirty years is gone.

"Daisy" Day has found water for John Moshier on his farm two miles east of here at a depth of 120 feet.

Bean picking seems to be very attractive here for the women folks.

Mrs. Wm. Ashly returned Thursday after a visit in Oakland county.

Mrs. Minerva Lewis is home from an extended visit in the locality of Kingston village.

R. E. Johnson is moving into the McCain house.

On the evening of the 5th, many met at the home of A. L. Bruce to say a collective good-bye to Mr. and Mrs. George Roberts, who are going to make their home in Detroit.

We hear of measles northeast of town.

The home of John Slack near Novesta Corners where the pioneers were to meet Aug. 20 is burned, but the meeting will be held somewhere in the locality. So come out and "Hail the pioneer both near and afar, Who follows an evil or fortunate star, And crave for him the blessing of that Infinite hand, Whose care o'er the breadth of a world can expand."

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person. For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

MICHIGAN STATE FAIR DETROIT

SEVENTIETH ANNUAL FAIR AUGUST-29 SEPT-7 1919

America's Foremost EXPOSITION

Acknowledged the Acme in State Fairs

The Michigan State Fair holds first place among the fairs of the nation. In 1918 more than 500,000 visitors were entertained during ten days. In 1919 preparations are being made to take care of twice this number. This year the Fair Management is giving \$75,000 in premium money. Extra streets have been laid out to take care of the concessions. Additional buildings are required to house the exhibits. No such interest has ever before been demonstrated by the residents of the state as they are showing this year. This institution of the people has no peer. Such intensive support has been accorded the Fair that the management has been put to a test in exploring the markets of the world to secure the attractions demanded.

No public spirited citizen interested in the welfare and progress of Michigan can afford to miss this great educational and entertaining

"It's Jazz As Is!"

LT. JIM EUROPE "The Jazz King" and his famous 369th U. S. Infantry "Hell Fighters" Band are now making records exclusively for Pathe.

ONLY on Pathe records can you hear the music that put pep into our boys "over there," who put pep into the fight and settled it.

Hear the lively jazz and syncopated rhythm of this great band, the moaning trombones, the shrieking clarinets and the tinkling triangles. When you listen to this wonderful music you'll understand why the country is jazz-mad.

Lt. Noble Sissle, the finest colored tenor in America, and Creighton Thompson, popular colored baritone, two of the band's favorite soloists, are singing the latest ballads and song hits; the Singing Serenaders; the Hell Fighters' Double Quartet harmonize real Southern jubilee songs. You can now have this wonderful music in your home every evening.

Grand Rapids—District Attorney Myron P. Walker has announced seven arrests on information charging misbranding and incorrect weights of foodstuffs. A warrant has also been issued for a neighbor alleged offender.

Marshall—Deputy Sheriff R. S. Scott arrested a speeding auto full of Illinois folk, ordering them to drive to the jail, while he stood on the running board. As he stepped on the ground on reaching the jail the car shot off at high speed.

Pontiac—Because of the badly decomposed condition of the body found in a patch of woods, near the Twelve-mile road in Royal Oak township Sunday afternoon, Under-sheriff Mack Hunt ordered it buried Monday. The body was not identified. The victim was about 30 years old, and an empty vial labeled carbolic acid found nearby is believed to indicate suicide.

Bay City—Bay City council Monday night declined to recede from its position in refusing to allow the street railway company to raise fares to 6 cents, a demand which has caused the lines to be tied up with a strike since last Wednesday. Major L. G. Beckwith, on behalf of a citizens' committee, presented an amendment to the franchise similar to that granted in Saginaw, but the council ignored it.

Kalamazoo, Mich. — Kalamazoo's death mystery, the identity of the "woman in silks," whose mangled body was found Saturday morning along the Michigan Central railway tracks a mile and a half west of the city and the cause of her tragic end, still baffled the police Monday. More than 200 persons viewed the body without being able to give the slightest help to the officers in clearing up the case.

Ann Arbor—At the closing session of the order of Harugari, held here, Lansing was picked as the meeting place of the order in 1920. William Nonemann, of Mars hall, formerly deputy vice president, was named president; John Mayer, of Ann Arbor, was elected deputy vice president; Oscar Erman, of Kalamazoo, grand overseer; Carl Bauer and Charles Hausher, both of Detroit, were retained in their former positions, that of grand secretary and treasury respectively.

Muskegon—Coincident with the opening of the third training school period at Camp Roosevelt, on Mona Lake, near here Monday, came the announcement from Washington that Secretary of War Baker will personally visit and inspect the camp late this month. The system of training at Camp Roosevelt is said to be in line with Secretary Baker's own ideas. His decision to visit the camp was on recommendation of Major V. R. Bell, inspector of training camps.

Detroit—Attired in the full regalia of his office, Grand Master George Harland, of the I. O. O. F., Grand Lodge, of Michigan, attended the centennial outing of the Detroit and Windsor lodges, of the order, at Bob-Lo Wednesday, in a flying boat of the Universal Aviation company. The boat was in charge of Pilot Harold J. Brown, a former ensign in the Naval aviation service. Arriving at Bob-Lo, Mr. Harland flew over the excursion boats, and over the island where the Odd Fellows were gathered.

Lansing, Mich.—After an all-day's session, the advisory highway board, meeting with State Highway Commissioner Frank F. Rogers, outlined and adopted a program which distributes over the state the additional 500 miles of trunk lines authorized by an act passed at the extra session of the legislature last June. While the plan is not ready for publication, Chief Deputy Commissioner Carr states that the 500 miles was divided into about 36 different stretches of highway, scattered throughout the state.

Grand Rapids—Red Arrow veterans, members of the 126th Infantry made merry at Jenison Park, at their first annual reunion.

Lansing—Reimbursement to the extent of \$29,856.76 is asked of the Michigan War Preparedness board by the University of Michigan Union, for losses attributed to equipping its building at the school for use of soldiers.

Grand Rapids—Holland consumers will pay a \$1.50 gas rate in the future as a result of the order of Judge Sessions dissolving a temporary injunction restraining the Holland Gas Co. from increasing the gas rate from \$1.25 to \$1.50.

Marshall—Fifteen minutes after he had been arrested for speeding and ordered to appear in court, former Lieut. Ivan Solomon, telephoned the sheriff, declaring two men had held him up on the outskirts of Marshall, robbing him of \$20 and a watch.

Petoskey—Dr. Charles J. Gray, who was captain in the Regulars, United States Army of Occupation, was again honored with a promotion July 29, having been officially notified of his promotion to major in the dental section of the Dental Reserve Corps.

Caro—Caro's water has been condemned as impure by the state health officer, Dr. L. M. Ryan, and the Caro Waterworks company, when a sample of hydrant water used for drinking purposes on the coaches of the Michigan Central railroad was submitted by Inspector Orr for analysis.

Battle Creek—Driving from Jackson to Gull Lake, Mrs. Robert Pack, Kalamazoo, was killed and Mrs. Roy Gentels, Detroit, badly hurt, when their auto skidded and hit a tree on the Marshall road near Battle Creek. Their husbands, in another auto, reached them about 15 minutes after the accident.

Lansing—Proposal of the Michigan State Telephone company, the citizens and a few others represented at the conference held here with the Michigan League of Municipalities, that temporary telephone rates, pending the same as asked for in petitions filed last January, was the only definite move made at the hearing.

Lansing — State Representative Bernie E. Brower, of Jackson, did seven days work as an attorney retained by the state fire marshal in the Wise arson case at Jackson, and now, because he is a member of the legislature, the legality of his \$155 claim for such services is being questioned by the board of state auditors.

Muskegon, Mich.—Urging Chief of Police Peter Hanson and Sheriff Carl A. Stauffer to make every effort to learn the identity of the mob leaders who led street car riots here Prosecuting Attorney Christian A. Broek, just returned from a vacation trip, took charge of investigations which he promises will bring scores of prosecutions.

Battle Creek—William Bliss, when his house was condemned as unfit for human habitation, moved into his barn. Health authorities condemned the barn as having no plumbing facilities, so Bliss made arrangements with neighbors to use their bath tubs. A third complaint has now been issued against him, ordering him to get out of the barn.

Grand Rapids—In a bill for divorce filed in superior court, Nora Manning says that she was forced to repay her husband, Ernest Manning, from the proceeds of washings, the cost of the burial of one of their children who died recently. He wanted it buried in potter's field, she states. Manning resides in Cassopolis. Cruelty and non-support are alleged.

Saginaw—Saginaw is preparing for a big municipal patriotic celebration September 24, of the one hundredth anniversary of the signing here of the treaty between Gen. Lewis Cass and the Chippewa tribes, which gave to the United States Government the entire territory now included in the Saginaw Valley and for many miles northwest along the Huron shore.

Lansing, Mich.—It is useless for automobile drivers to write to the state department inquiring why their licenses have not been received by them, for the local postoffice with its normal force, cannot begin to handle daily the thousands of such mail parcels deposited for delivery. The post-office is behind about 80,000 licenses, the total number mailed being 165,000.

Battle Creek—All men recruited for the army in Michigan hereafter will be sent to Camp Custer for training, Lieutenant Colonel A. M. Pardee announced Monday. Colonel Philipson, representative of the war department at Washington, made an inspection of camp, arranging for the reception of recruits. It is also possible that recruits from Wisconsin will also be housed here, though at present much Wisconsin territory has been assigned to Camp Grant.

Owosso—The Michigan Railway company has offered to tear up its line between Owosso and Corunna and abandon the service, to permit Owosso to have the street. The company says it is out of the question for it to pay its share of the paying cost, which would be \$60,000, as the line is a losing proposition. It also says that if it continues the line, the city would have to loan it money to lower its tracks to the new street grade, which would cost \$13,000. The commission has made no answer to the proposal.

UNUSUAL HAPPENINGS  
AND OTHER BRIEF NEWS

Carnegie Gifts Total \$350,695,653.  
Washington—Andrew Carnegie had given away \$350,695,653 up to June 1, 1918, a compilation of his benefactions prepared by Carnegie Endowment for International Peace shows.

Archangel Reported Taken.  
Stockholm.—The Social Demokraten reports that Archangel is in the hands of the Bolsheviks, who, it says, have succeeded in cutting the connections between the Murman and Archangel coasts.

Acid Threat Works On Girl.  
Astoria, Ore.—Dispensing with the time-honored revolver generally used in such adventures, a lone bandit held up Miss Helen Callahan, cashier of a movie theater, using acid instead. A threat to disfigure the cashier for life made her give him all the money in sight, and he fled with \$140.

Army Cost Placed At \$900,000,000.  
Washington.—An army of 510,000 regulars and a system of compulsory military training as proposed in the war department's bill establishing a permanent peace time military policy would cost the nation \$900,000,000 a year. This estimate was given to the senate military committee by Gen. March, chief of staff.

State Women, 105 Years Old, Dies.  
Adrian, Mich.—Mrs. Sarah Wastell, aged 105, one of the oldest residents in the state, died at her home in Clinton a few days ago. Mrs. Wastell was widely known and prominent in local affairs practically up to the time of her death. Illness prevented her voting at the last election, but she had been able to ride downtown, to register.

Wedding By Telephone.  
Denver.—A transcontinental marriage was performed by long distance telephone, when Mrs. Marie J. West, in Denver, was wedded to James A. Horne, a Denver inventor, in New York. The Rev. O. Elizabeth Anderson officiated here. A friend serving as best man, became the proxy bridegroom, placing the ring on the bride's finger.

Leaps to His Death.  
Los Angeles.—Charles McGwire, suspected in the dynamiting of Oscar Lawler's home, when being questioned by Thomas Lee Woolwine, district attorney, in the latter's office, leaped to death from the eleventh floor of the Hall of Records. McGwire denied knowledge of the blast, but when Mr. Woolwine left the office for a moment he leaped from the window.

Chicago Car Fare Up.  
Chicago.—Increases from 5 to 7 cents on surface lines and from 6 to 8 cents on the elevated railroads, have been granted the companies by the Illinois Public Utilities Commission. After a four-day strike last week, car men obtained an increase to 65 cents an hour on surface lines and 67 cents on the elevated roads, with an eight-hour day and other benefits.

Kolchak Forces Being Beaten.  
Washington—Complete collapse of the Kolchak movement in Siberia is forecast in reports reaching Washington. Kolchak forces have fallen back almost 200 miles from their former advanced lines. Failure of the Allied and associated governments to get adequate supplies to Admiral Kolchak, the advisers say, had compelled him to retreat steadily before the greatly superior bolshevist forces.

Actors Being Sued for \$500,000.  
New York.—Suits for \$500,000 for damages alleged to have resulted from the strike called by the Actors' Equity association, have been filed by the Winter Garden company in the United States District court here against nearly 300 of the country's most prominent stage and screen stars. The complaint, which charges the actors with conspiracy, follows the general line of the famous Danbury Hatters' case.

Auto Stalls On Tracks, 4 Escape.  
Marshall, Mich.—Miss May Sturat, Miss Ethel Prior and Claude Essenhauer, narrowly escaped death when the latter's automobile, crashed into the Michigan Central gates at the Marshall avenue crossing. This stalled the engine directly on the track, with a fast westbound freight train only 50 feet distant. All jumped over the back of the automobile just as the train struck it and escaped injury but the automobile was carried 100 yards and demolished.

New Altitude Record.  
Mt. Clemens, Mich.—Lieutenant Harry Ormsby established an altitude record for Selfridge field when he ascended to 18,300 feet, with Sergeant Charles Wood as a passenger. Although there was practically no wind below 8,000 feet, the fliers encountered a 30-mile head wind, and freezing temperature, at the maximum height of their flight. The new air mark, which es believed to excel all others in the state, was made in a DeHaviland airplane.

## Color of Pure Copper.

The work of a Swiss investigator suggests that absolutely pure copper may have a light gray color like that of most other metals, since it is found that copper which has been ten times distilled in vacuo has only a pale rose color, while the yellow color of gold becomes much lighter under similar treatments.

## TWO NEW PARKS ARE DONATED TO HURON CO.

The Parks Are Located on the Shore at Caseville and Bay Port.

Within the past week the people of Huron county have been enriched by the gift of two new lakeside parks. One of the parks was donated to the county by the Saginaw Fish Co., through the influence of Rep. Robert Wallace. It is an 18 acre plot on the shore with a 70 rod frontage in the village of Caseville. This property has many fine pine and oak shade trees and contains a base ball park. The other park was given to the county by W. H. Wallace. It is a tract of fifteen acres at Bay Port, adjoining to the west the resort grounds there; it has a lake frontage of 100 rods with a perfect bathing beach and is a natural grove. It will be an ideal place for outings. Good roads lead to both of the parks.

The park committee of the board of Supervisors inspected these parks and met at Caseville the first of the week and accepted the gifts for the county. While at Caseville they were guests at dinner of Sam Cochran at the Caseville Hotel.

Through the generosity of some of its citizens Huron county now has three public parks the two mentioned above and one at Port Hope which was donated by the Stafford Estate and which is now being improved with new roads. The park will be planted with trees and shrubbery in accordance with a landscape gardener's plan.—Harbor Beach Times.

## BOTTLED IN BOND COLD TEA IS SOLD FOR WHISKEY

Cold tea bottled in bond is now for sale in Michigan, according to State Food and Drug Commissioner Fred L. Woodworth, and erstwhile bottleleggers are reaping a handsome profit by working the old game on unsuspecting tipplers.

Put up in whiskey bottles with attractive labels with a portion of the government seal still intact, the vendors of cold tea have obtained ten and twelve dollars per quart for their concoction. One of Commissioner Woodworth's inspectors bought a bottle of the stuff as evidence thinking it was whiskey.

## MRS. H. J. BRYAN.

Mrs. Herbert J. Bryan passed away at her home in Detroit on her 35th birthday, on Aug. 10. Funeral services were held in Detroit Tuesday and the remains were brought to Cass City where the second service was held at the M. E. church on Wednesday afternoon. Interment was made in Elkland cemetery.

Ethel Leslie was born in Evergreen township on Aug. 10, 1934. When she was nine years of age, the family moved to Canada where they resided a few years, afterwards returning to Sanilac county and later moving to Cass City and then to Detroit. She was united in marriage June 5, 1912, with Herbert J. Bryan. She leaves her husband, a little son, Leslie John, who was two hours old at the time of his mother's death, her mother, Mrs. John Leslie, two sisters, Gertrude and Olive, and one brother, Leon, all of Detroit. Mrs. Bryan was a loving daughter and wife and the family have the sincere sympathy of many friends in Detroit and this community in their sorrow.

## KENNETH SUTTON.

Kenneth, 10 year old son of Mr. and Mrs. Edward Sutton of Novesta township, passed away Friday, Aug. 8, after several months of severe suffering. The little lad had an attack of influenza several months ago. He never recovered and other disabilities followed his first illness. He underwent several operations, but medical skill was unsuccessful, and for some time the little fellow's friends had little hope for his recovery.

Funeral services were held Sunday afternoon, Rev. Thompson officiating. Kenneth was born Apr. 7, 1909 and leaves his parents, two sisters, Mildred and Minnie, and one brother, Harold.

## MRS. D. McKICHAN DEAD.

Mrs. D. MacKichan, a resident of Austin township for 30 years, died at her home near Cumber Wednesday morning, Aug. 13, at the age of 68 years. Funeral services will be held Saturday at twelve o'clock at the Cumber church.

Because motorists failed to detour when they came upon a sign advising them to do so, the Oakland road commissioners at Pontiac sprinkled tacks liberally inside the section to be avoided.

## About the Materials

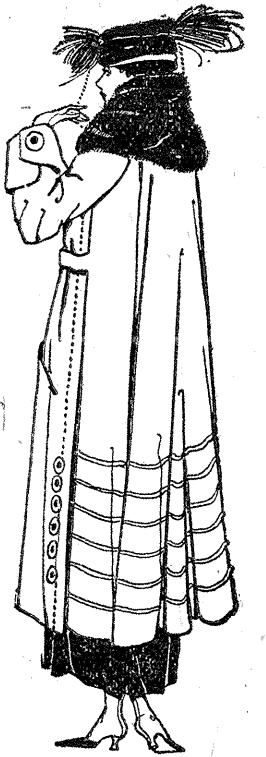

The materials used too are of interest—here you will see, in Coats—Wool Vellour, Pussyfoot, Heather Mixtures, Polo Cloth, Tweeds, Silvertone, Tinseltone, Pomerey, Plumett, Frost Glow, Chameleon and Kersey—and in Suits—Suede Cloth, Silvertone, Gaberdine, Tricotine, Vellour Checks, Heather Mixtures and Serge.

Coats too come in for admiration in both straight, full belted and loose back, front belted styles—the "snuggle collars" bid for particular notice and offer a "comfy" feeling you can't resist and one mustn't forget the pretty fancy linings so many of them present.

## SHERIFF AND DEPUTY CHASE WHITE-CLAD MAN

Sheriff Morris and Deputy Hutchinson were called to a farm house near Ellington Sunday evening to care for a young man who was acting queerly. Upon arrival they found him trying to enter an empty house.

After arrival at the county jail, leaving the auto, he made a getaway, jumping fences and leaping across ditches, with officers in pursuit, shooting a revolver, which did not cause him to let up but encouraged him to

run faster. He was finally caught near the depot as he was hiding near some lumber. He wore a white suit and owing to this he was more easily located.

He is now at the county jail. Word was received from Sanilac county that he escaped from the Lapeer home, where he will be returned.

Richard Mason, age 14 years, had to have one of his limbs amputated as the result of a gun wound. Richard and his brother, Pearce, were out on

a hunting trip, and while going through the bushes the gun, which was carried by Pearce, was accidentally discharged. The charge struck Richard in the knee, blowing off the kneecap and completely shattering the bone. The attending physicians tried to save the limb without amputating it as the boy begged for them not to do it. As it was impossible not to amputate the operation was performed last Tuesday.
