LOCAL CO. ACQUIRES VALUÁBLE GRAVEL LÁND

COMPANY IS INCORPORATED FOR \$100,000 WITH \$60,000 SUBSCRİBED.

Stockholders Anticipate Ready Sale for Gravel Products which Have Very High Test.

Gravel, engineers of that railroad company, were in Cass City Tuesday ing final arrangements for building Seeger of Greenleaf. a switch to the gravel pits of the Cass City Sand and Gravel Co., a newly organized corporation capitalized at \$100,000 which has recently acquired gravel lands in Novesta township.

A. Frutchey, Joseph Frutchey, Herb Frutchey, J. A. Caldwell and Ernest Schwaderer are interested in Circuit Court in Tuscola County mand is much greater than the supthe new company and \$60,000.00 in stock has been subscribed. The company expects to receive its incorporation papers from the state department this week when officers of the cempany will be elected and the organization completed.

The land purchased by the company are the farms formerly owned by Martin Anthes and Geo. Aplin. It consists of 240 acres situated just south of the Cass river and west of the tracks of the P., O. & N. division of the Grand Trunk. One hundred twenty-five acres are solid gravel going to the depth of 20 feet and the tract, it is estimated, contains 5,000,-000 to 6,000,000 cubic feet of gravel easily accessible and of unusual quality and high test. There are also large quantities of building sand and plenty of spring water for gravel

Messrs. Caldwell and Schwaderer have made a tour to different points of the state and found in every inthat companies supplying gravel products are way behind in filling their orders and that there is a heavy demand. Having gravel and sand of a very high quality, the company anticipates a ready sale for their products. The building of trunk line roads in Lapeer, Sanilac, Huron and Tuscola counties will create a big demand for road building material and the local company will undoubtedly secure a great portion of orders for gravel for construction of trunk line roads in these counties because of the short haul by railroad, and it is possible that some may be transported by trucks to the highways to be im-

Wagner, district general Mr. freight agent, on his visit here Tuesday assured members of the company that the Grand Trunk would proceed at once to secure track equipment for the switch to the company's pits. Following the laying of the switch track the Cass City Sand and Gravel Co. will install a drag line, screens, washers, loaders and other automatic plant for rapid work and expect to be crops department at the Michigan Ag- son is the best exhibit of O. IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules cach day, so as to keep im danger of other attacks.

Ask for the original imported GOLD MEDAL Haarlem Oil After you feel that you have cured yourself, continue to take one or two capsules cach day, so as to keep im danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

= Why Have = Tractor Troubles?

UBRICATING oil is inexpensive — the cost of a burned-out bearing will pay for the lubricants necessary to keep the machine in order for months. The Standard Oil Company (Indiana) manufactures three lubricating oils for tractors—

Heavy Polarine Oil Stanolind Tractor Oil Extra Heavy Polarine Oil

One of these three is the correct oil for your tractor.

Our Engineering Staff has prepared a chart showing which one will give the best results in your particular tractor. The nearest Standard Oil representative will be glad to show it to you.

Write for "Tractor Lubrication," which you will find a valuable reference book of 100 pages and we believe it will save you many days of tractor idleness with the resultant money loss.

It's free to you for the asking. Address

Four Complete Operations Every Trip Over the Field

Now that farm labor is scarce, it is to your advantage to do your work in the quickest and easiest way, especially when that method will bring even bigger crops than the old.

The planting season is always a busy one, but you will find that the work is accomplished a lot easier if you use a John Deere-Van Brunt Fertilizer Drill. This drill makes horse power and man power available for other purposes. In one trip over the field it pulverizes the soil, makes

the seed furrows, plants and covers the seed and the fertilizer. And besides, it increases the crop yield because it does better seeding.

you the patented adjustable gate force feed used on Van Brunt Grain Drills. This force feed is the construction that insures even seeding over the entire field. No seed is wasted and there are no bare spots in the field. The "Van Brunt" does first-class work in any soil capable of being seeded. It does not choke up in mud, gumbo, sticky or trashy soil.

Save extra labor and seed and increase your crop yield by buying a Van Brunt Fertilizer Drill from us.

FORDSON TRACTOR

The FORDSON TRACTOR is no longer an experiment:

There is but one model. It does not change with the seasons any more than the Ford car. When the pulley was added to the tractor it was designed so that it would fit all previous models.

This fact of uniformity in design enables the Fordson agent to put in a full line of parts without fear of them becoming obsolete. We have as complete an assortment accordingly of Fordson tractor parts as we have of Ford car parts and the public is earnestly invited to visit our show-room and inspect them.

After the demonstration at the Cass City Fair there can be no doubt as regards tractors being able to do farm work but here are three points we want you to consider in making your purchase:-

- 1. Will the tractor you are buying to-day be made a little differently next month? Will it be an entirely new model next year? NOT THE FORDSON.
- 2. Can you secure parts for that tractor next year? Can you get them the same day? YOU CAN FOR THE FORDSON.
- 3. Can you get service on your tractor? Are the dealers prepared to take care of your needs at a moment's notice? Will they continue to be so? FORDSON DEALERS MUST OR LOSE THEIR CONTRACT.

The Fordson tractor now sells for \$775 delivered at your farm

Advantages of Buying Shoes Now

Better assortment now than later in the season--in fact the best we have to show.

The very choicest of new styles for the reason that these were carefully selected several months ago when shoes were more available than now.

The lowest prices because they were bought before the big spurts of recent months. With such inducements as these set before you-there is every reason why you should stock up on shoes now.

SCHOOL SHOES THAT WILL SATISFY

We were very fortunate in buying very heavy before the last big advances-but they cannot last forever--and we are selling more children's shoes than ever before.

We urge you to take advantage of present prices. Our styles and quality will satisfy.
