

SURE CURE FOR H. C. EPIDEMIC

TOO MANY FARMERS DRAWN FROM COUNTRY BY BIG INDUSTRIES.

Statistics on Shortage of Labor in Rural Districts of Country Are Startling.

"A back to the farm" movement is the only sure cure for the "high costs" epidemic that is disturbing the whole country and unless it begins soon on an extensive scale foodstuffs are apt to qualify as a luxury, Roland Morrill of Benton Harbor, president of the Michigan State Farm Bureau, says. Mr. Morrill has been gathering statistics on the shortage of labor in the rural districts of the country and his summary is startling. Too many farmers are being drawn from the country by big industries for the nation's good, he points out.

Mr. Morrill says, "The problem of a daily supply of good food is important to the successful operation of any or all industry. The country cannot get by quite so easily as suggested by a worthy Detroit lady who in a recent ladies' club meeting called to kill 'high cost' eggs and butter" remarked that she saw no reason to waste time discussing the farmer as all present brought their butter and eggs of the grocer.

"But attention must be focused on the farmer. A canvass of Iowa shows a shortage of farm hands for this spring of more than 50,000 men which means that Iowa must drop not less than 500,000 people off her feeding list. It appears that the 10 principal middle western states will show a shortage this spring of half a million farm hands; and that the country-wide shortage will be between 1,000,000 and 1,500,000, which means the cutting off of supplies for between 15,000,000 and 20,000,000 consumers. Of course these figures are approximate. A good season will not produce such drastic conditions. On the other hand, adverse weather conditions will make the situation more alarming.

"And this shortage will not be faced first by the farmer, who by the rules of the life game must provide for the sustenance of his own family before providing for others. Statistics show that the average farmer can market only 35 per cent of his products after feeding his own family, but that he can market about 90 per cent of products produced by his employes. In other words, if there are 20,000,000 farm owners in the country who support at home 55,000,000 people, they can do so without employes and can supply about 20,000,000 others or possibly 75,000,000 in all with food and clothing materials. Food and clothing supplies and materials for the other inhabitants of this country must be produced by hired labor on the farm.

"Just at present there is a lot of fool propaganda going the rounds about farmers going on strike. That word 'strike' is a obnoxious to the average farmer as a rattlesnake and the idea is pure bunk. The farmer knows his place and will fill it as a good citizen, but his power to save the nation from hunger and worse is limited to the industrial support of those who must depend on him for their existence, a matter which in the present crazy industrial rush is being overlooked.

There must be a readjustment of labor. Ten years ago the automobile, the phonograph, the player piano and the movies would have been classed as luxuries; now they are called essentials. In manufacture, sale and maintenance these industries now employ one-third of the labor of the country. This labor is of the highest class drawn from other industries who in turn replenished their forces from the farms. The farmers have no reserves to fall back on. The war has virtually stopped immigration.

"The situation is just this—a 'back to the farm' move must start quickly or thousands of people in this country are going to go hungry. And this move must be started in the cities. The remedy for the conditions we are facing today lies in the hands of big industries, and also their employes. The demand for men from the country must cease and the continuing strikes for higher wages and shorter hours must stop. Otherwise the cost of living will be a game with the sky as the limit."

PRETTY HOME WEDDING

Ethythe E. Mead and E. Clare Keating Married Tuesday.

A pretty home wedding was quietly solemnized at the home of Mr. and Mrs. A. D. Mead on So. Seeger St. Tuesday when their daughter, Miss Ethythe E. Mead, was united in marriage to E. Clare Keating of Detroit.

The wedding ceremony was performed by Rev. A. H. Butzbach at high noon in the presence of only the immediate relatives and friends. The couple were unattended, the ring service being used.

The bride was charming in a gown of French blue georgette crepe and satin, with a bodice embroidered in gold and delft blue and wore a corsage of Ophelia roses. The groom wore the conventional blue serge.

After the ceremony a three course dinner was served in the dining room where the color scheme of pink and white was carried out by sweet peas and carnations.

Mr. and Mrs. Keating left on the afternoon train for Detroit where they will be at home to their many friends at 666 Dickerson Ave. after March 1st.

ARGYLE TOWNSHIP LOSES PIONEER SETTLER

Andrew McLachlan Active in Lumbering and Pioneer Activities in the Sixties.

Andrew McLachlan, a pioneer settler of Argyle township, passed away at his home in Argyle on Friday, Feb. 20, at the age of 75 years. Funeral services were held at the home and interment was made in the family lot in Elkland cemetery.

Andrew McLachlan was born Dec. 24, 1844, in West Williams, Middlesex county, Ont., and came to Argyle township (then Marion township) in 1861. At that time there was only one other family in that section that of Jacob Seeler, who had moved in the fall of 1860.

Mr. McLachlan with his brothers made many long trips carrying flour on their backs from Forestville and Minden and hauling supplies on a jumper from Vassar and Saginaw. When a boy he worked on a farm where Bay City stands today. In the early days, he was foreman for Avery Heirs in the woods and on the river where they often drove logs to Saginaw. After the timber was all cut he looked after their lands and sold all they owned in the Thumb district.

About 1878, he was married to Mary Ann Lowe of Cumber. To this union two boys were born, Alex, now of Cass City and Archie of Argyle. About August, 1884, Mrs. McLachlan died. In 1890, he married Mattie Robb of Crosswell and to this union was born Mary E. McLachlan, who resides at home. His second wife died Oct. 16, 1912.

Mr. McLachlan was postmaster at Argyle almost continually since the office was established, his father being the first postmaster. He also held nearly all township offices at some time or other. He had the first brick chimney in Argyle and also the first stove, which he bought in Saginaw with butter and eggs and hauled home on a jumper in 1869.

In about 1888 he started a general store and implement business in Argyle in the building that is now owned by Mrs. Umphrey and about 1890 he built the store where he has been located ever since.

Mr. McLachlan is survived by one sister, Mrs. Mary A. Wheeler, of Shabbona and five brothers, J. B. McLachlan of Toronto, Ont., Donald McLachlan of Vancouver, B. C., Alex P. McLachlan of Los Angeles, Calif., L. A. McLachlan of Garwood, Texas, and Dr. N. L. McLachlan of Finley, Ohio; two sons, Alex of Cass City and Archie J. of Argyle, one daughter, Mary E. of Argyle, and five grandchildren.

Those from a distance who attended the funeral were Mrs. Harry Lagden of Bay City and Mrs. Edd. Crook of Flint.

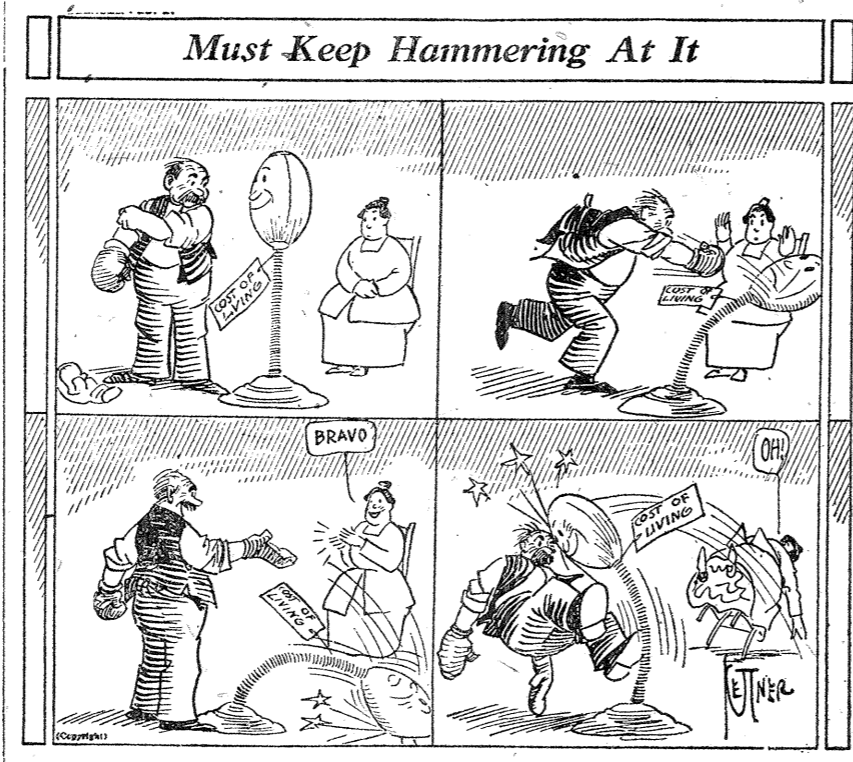

CASS CITY DIVIDES HONORS WITH BROWN CITY

Cass City Boys Put Up Clever Teamwork and Trim Opponents 68-22.

Cass City high school divided basketball honors with the Brown City school at the latter place Tuesday evening when the local boys' team were victors in a 68-22 contest and the Cass City girls lost to Brown City in a 35-12 game.

The Cass City boys took the lead at the beginning of the contest and had chalked up eight points before their opponents found a basket. While the locals had the advantage over Brown City, the latter team put up stiff competition and made the game a fast and clean one. A roomy hall gave Cass City the chance for some clever teamwork and they improved the opportunity. A good crowd is reported and the locals found their opponents good sportsmen and were given fine treatment. Gowen and Jones played forward, Brooker center, and A. Champion and Craft guards.

Cass City girls found the Brown City team strong opponents who took the long end of the 35-12 score in a good fast game. The local team were

handicapped by lack of practice during the two weeks' vacation, but expect to gain the victory when Brown City plays here March 12.

Line-up—Dunlap, J. C.; Ohls, R. C.; Benkelman and Ewing, F.; R. Marshall and Gordon, G.

Cass City plays at Pigeon this (Friday) evening.

HARBOR BEACH CASHIER BOUND OVER FOR TRIAL

Henry Binkle, Held on Charge of Defaulting, Waives Examination.

Henry Binkle, formerly cashier of the Harbor Beach bank, in whose accounts bank examiners of the state banking department found a shortage approximating \$70,000, waived preliminary examination when he was arraigned in Justice court at Bad Axe Tuesday afternoon. He was bound over to circuit court for trial. Bond was fixed at \$10,000 and Binkle was released when his bond was signed by Charles Goldman and William Harward, Sand Beach township farmers.

Binkle's arrest was the result of discoveries by Bank Examiner Green of shortages in the bank's account, alleged to have been made by Binkle for forging entries and juggling bank balances. Directors of the bank immediately announced that cash covering the shortage had been deposited by them and that they stood ready to make good any shortage up to half a million dollars. In addition to the \$70,000 deposited to cover the shortage the directors announced that \$50,000 had been placed at the disposal of the state banking department to guarantee the soundness of the institution.—Times-Herald.

COMING FARM SALES.

Four auction sales are advertised in the Chronicle to be held next week.

Two are scheduled for next Tuesday. P. W. Stone will have an all-day sale at his farm 1 1/2 miles east of Elmwood Corners with R. N. McCullough as auctioneer. E. A. Cones will have an auction 3 miles east of Almer cemetery with L. S. McEldowney as auctioneer.

Thomas Tescho will have a farm sale 1 mile east and 1/2 mile north of Cass City on Wednesday, March 3. R. N. McCullough, auctioneer.

Ray Martin found it necessary because of sickness to postpone his sale advertised a few weeks ago. It will be held on the Martin farm 3 1/2 miles east of Gagetown on next Thursday, Mar. 4. R. N. McCullough will cry the sale.

All of these sales are advertised in detail on page 6.

Next week Jonathan Whale of Kingston township will advertise a sale to be held on Friday, March 12.

McLEAN-McINTYRE.

Miss Jessie McLean and J. H. McIntyre were united in marriage at the McIntyre farm home near Argyle Wednesday evening at eight o'clock by Rev. Austin of the Argyle M. E. church. The ring service was used and only the members of the immediate families were present. After the ceremony a dainty wedding luncheon was served to twelve by Miss Jennie McIntyre, sister of the groom. The out of town guests were Miss Jane McKichan of Detroit and R. B. McIntyre of Centralia, Wash. Mr. and Mrs. McIntyre will make their home on the McLean farm near Argyle.

PLAN STATE-WIDE FARM ACCOUNTING

Grange and Agricultural College Co- operate to Push Campaign in Cost of Production Work.

A state-wide campaign to secure definite information on farm production costs by means of accounting work has been launched by the co-operation of the Michigan State Grange and the Michigan Agricultural College.

Farm account books are to be distributed among grange members of the state, and these books, when returned with full year records, will furnish a basis for reliable figures on production costs. The data furnished by individual farmers is to be considered as strictly confidential, and no names will be given out in any reports.

Summaries of the individual records, will furnish a basis for reliable figures on production costs. The data furnished by individual farmers is to be considered as strictly confidential, and no names will be given out in any reports.

Summaries of the individual records will be made by the Farm Management Demonstrator at the college, who will send out reports of the general results on behalf of the grange and the college.

A crops supplement, by means of which farmers will be able to get at cost of production figures on individual farm crops, has been included with the farm accounting books which are being distributed, and is expected to provide valuable statistics for the work.

The objects of the project, as summarized by C. H. Graves, farm management demonstrator at M. A. C., are as follows:

1. To determine the financial returns of representative types of farming.
2. To discover the features of the business that have the greatest effect in raising or lowering farm profits.
3. To determine the practices of the different farmers in producing the principal crops at the lowest cost per unit.
4. To furnish reliable and up-to-date data to send out to the farmers of the state through the organized forces of the Grange and the College.

MRS. ALTON MARKS

Community Saddened by Death of Young Lady.

The community is saddened by the untimely death of Mrs. Alton Marks of Elkland township and her demise has brought the bitter cup of sorrow to the lips of friends and relatives.

Mrs. Marks was a victim of influenza and she was ill but a week with the disease, passing away Monday morning at her home north of Cass City. Funeral services were held Tuesday, Feb. 24, at four o'clock, Rev. Dunk officiating and interment made in Elkland cemetery.

Ruby Watson was born July 25, 1897, at Wickware, Sanilac county. She graduated from the Cass City high school in 1918, attended the Ypsilanti normal school that summer and taught the Holybrook school for a short time. On Dec. 24, 1918, she was united in marriage with Alton Marks and since that time has resided on a farm north of Cass City.

Besides her husband, she leaves her father, Jas. Watson, and one brother, Verr, and a host of sorrowing relatives and friends.

The railroad workers who demand the right to tie up the country's business any time, of course expect the farmer to keep supplying food to them regularly whether he can make a living or not.

PASSING OF OLD RESIDENT OF CASS CITY

John Krapf Came to Cass City in the Early Sixties.

John Krapf, who has been in ill health for several months, passed away Tuesday evening, Feb. 24, after an operation to relieve an obstruction of the bowels. Mr. Krapf underwent an operation the previous Saturday for abscess of the stomach. He stood the operation well considering his weakened condition and was getting along nicely until Tuesday when the bowel trouble developed.

John Krapf is among the early comers to Tuscola county. He was born near Milwaukee, Wis., on Jan. 10, 1861. When he was about two years of age, the family moved to Michigan, settling at Watrousville. About a year later they came to Cass City, settling on a farm 1 1/2 miles northwest of town.

On Oct. 15, 1885, Mr. Krapf was united in marriage with Evelyn Fisher, and after a residence of 12 years on an Elkland township farm, they moved to Pittsfield, Mass., where they resided nine years, returning again to Cass City. Mrs. Krapf died last July.

He was a man of energy and industry, and though of a retiring disposition, he won many friends during his residence here. As a citizen, he was always obliging and true to any trust he assumed. Mr. Krapf was a member of the Methodist church.

He is survived by three daughters, Miss Dora Krapf and Mrs. Walter Milligan, both of Cass City, and Mrs. Preston Allen of Detroit; two brothers, G. E. Krapf of Cass City and Wm. Krapf of Hornesville, Mo.; and four sisters, Mrs. J. J. Gallagher and Mrs. D. C. Elliott of Cass City, Mrs. Cummings of Stealing and Mrs. Hills of Hornesville, Mo.

Funeral services will be held at the residence Saturday at 2:30 p. m.

MICHIGAN NEAR TOP WITH FOUR CROPS

Ranks First in White Beans and Sec- ond in U. S. with Beets, Rye, Beans, Potatoes.

Michigan ranked second in the United States in the production of sugar beets, rye, beans and potatoes for 1919, according to announcement made by Verne H. Church, field agent of the Michigan Co-operative Crop Reporting bureau.

In the production of white beans the Wolverine state was first and produced 59 per cent of all the white beans raised in this country.

In the production of other crops Michigan was seventeenth in corn, fourteenth in oats, fourth in buckwheat, tenth in barley and winter wheat, third in cloverseed, twelfth in hay, sixth in apples and seventh in pears.

LOCAL SURGEON TO ATTEND MAYO CLINICS

Dr. I. D. McCoy will leave next Monday to spend two weeks in perfecting himself in his chosen profession. The first week he will attend the Mayo Clinics at Rochester, Minn. The second week will be spent in special tutoring in surgical work in the Laboratory of Surgical Technique at Chicago.

BEET GROWERS' MEETING.

Farmers and beet growers of Tuscola county and the Thumb will hold a meeting in the K. P. hall in Caro on Saturday, March 6, commencing at 10:00 a. m. and continue throughout the day. John C. Ketchum, who has just returned from a national convention of beet growers at Washington, D. C., C. E. Ackerman of Durand and A. M. Berridge of Greenville will give addresses.

MANY ISSUES UP BEFORE VOTERS

MEMBERS OF LOWER HOUSE WILL BE PICKED AT NO- VEMBER POLLS.

Four Constitutional Amendments Are Certain to Be Placed on the Ballot.

Michigan voters in addition to balloting on presidential electors next November will elect 13 members of the lower house of congress and a complete state ticket. Besides a governor, lieutenant-governor and other state executive officials, 32 state senators and 100 state representatives and the various county officers will be chosen. No senatorial election is scheduled.

Candidates for the legislature, governor, lieutenant-governor, congress and county offices will be nominated in the general primary to be held August 31. The time limit for these offices expires July 31, and all aspirants for places on the primary ballot are required to file before that date affidavit showing their party affiliations. Candidates for other state executive offices and members of certain state boards will be nominated by the party conventions to be held within 40 days after the primary.

Four constitutional amendments are certain to be placed on the ballot in November, and some others are possible. Whether prohibition will become an issue again depends upon the supreme court. Validity of the legislature's ratification of the federal prohibition amendment has been attacked by the wet advocates on the ground that a referendum is required for such ratification. Should the supreme court uphold this contention, petitions filed by the Michigan State Hotelmen's association will place the question on the ballot.

The four proposed amendments certain of submission are:

To empower the legislature to fix salaries of the secretary of state, the state treasurer and the auditor-general.

To extend the provision of the absent voters' law to include persons engaged in teaching in public schools and the immediate families of members of the legislature.

To give the legislature power to limit working hours of women and children.

To authorize municipalities through legislative sanction to condemn more land than is needed in acquiring parks, boulevards and streets.

Petitions also have been filed with the secretary of state seeking a referendum on a proposal that all children between the ages of five and sixteen be compelled to attend the public schools. The movement is aimed at parochial schools.

One other amendment which may get a place on the ballot is the "home rule" measure, which seeks to visit in municipalities the power to determine franchise rights of public utilities doing business within their boundaries.

ALBERT E. DEMEROST

Well Known Argyle Young Man a Victim of Pneumonia.

Albert E. Demerost, who spent his boyhood days in Argyle where he attended school and grew to manhood, passed away in a Detroit hospital on Friday, Feb. 20, at the age of 23 years. He had been ill with pneumonia for two weeks. Funeral services were held at the home of his grandmother, Mrs. Neil McPhail, in Argyle township Sunday, Rev. Paul Allured of Uby officiating, and interment was made in Elkland cemetery.

Following his return from France where he was a member of the 85th Division, Mr. Demerost entered the employ of the Burroughs Adding Machine Co. and he continued in their employ up to the time of his demise. Mr. Demerost had a large circle of friends who find it hard and particularly sad to give up one whose influence among men has shown that he was so well calculated to spread abroad the blessed influence of godly living. He was an enthusiastic Christian Endeavor worker and a member of the Masonic fraternity.

Floral tributes at the funeral were numerous and beautiful and attested to the love and respect in which the young man was held by his friends and acquaintances. Those from the Burroughs Co. and its employees are worthy of special mention.

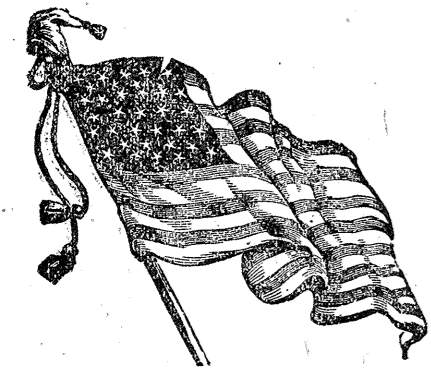

Mr. Demerost is survived by his mother, Mrs. Flora Demerost, of Detroit, his grandmother, Mrs. McPhail, and several uncles and aunts.

SCIENTIFIC FARMING PAYS.

The county farm agent for Muskegon County, Oklahoma, shows that corn grown in that county by farm demonstrators averaged 52 1/2 bushels per acre, as against 20 bushels for the whole county.
Cotton grown by the demonstrators yielded 1085 pounds per acre, as against an average of 350 for the county.
Such figures can be duplicated and paralleled anywhere, on any kind of a crop. It would seem as if it would pay any farmer to take a considerable share of his time off for a year or two, and learn the methods by which the expert farmers get these results.

BIRD LIFE IN WINTER.

The winter months now closing have been of extreme severity in all Northern latitudes. Birds from far Arctic regions have been driven to more temperate climes for relief. Those that ordinarily winter in the United States must have fared hard. The people have long been urged to feed the birds in winter, by placing bones, suet, and other supplies in available locations. Many kind hearted people do so, but the provencher thus afforded does not go very far.
The preservation of the birds is worth many millions of dollars to this state. Feeding these feathered wanderers during the winter should not be regarded as a mere act of good nature and humanity, but an essential policy in conserving the agricultural resources of the whole nation.

INDUSTRIAL SUSPICION.

There will never be efficient industrial production where employers and employes are mutually jealous and suspicious of each other. Where such hostile feelings exist, production will be below standard, and the returns of a business less than they might be.
The way to remove such suspicion, is for some means to be found for employer and employes to confer together regularly about their mutual interests. The employer who holds his workers at arms' length, and never tells them anything about his business, is getting out of date and will not be able to compete under conditions as they are now shaping themselves.
When a corporation becomes so large that it cannot maintain intimate personal relations with its help, it disarms much suspicion, and refutes many lies, by frankly publishing its financial reports, showing how much money it makes, and what salaries it pays its managers. It might just as well publish these facts, as usually it gets credit for making double as much as it does.

VOCATIONAL TRAINING.

A few years ago anyone who advocated "vocational" training in schools was considered a faddist. The majority of people did not then know what the word meant. In a few schools where they set up forges and other simple equipment, the idea was laughed to scorn by so-called "practical" people.
Yet this idea of vocational training is rapidly spreading over the country. Young men are taking courses in such trades as automobile repairing, plumbing, machinists' work, tool making, electricity, drafting, pattern making, etc. Young women are studying domestic science, millinery, dressmaking, and other crafts. In the country towns the young people study agricultural methods.
Some people say it is not the business of the school to teach these trades, which they can learn when they begin to work. Yet those that have this training will succeed so much better, that towns not having these facilities will be forced to add them, unless they want their students to fall behind.
The young man without trade education is likely to have to do one thing over and over again, so he never gets a general knowledge of his trade. The one with the vocational

education knows his work thoroughly, he has higher standards, and he knows how to accomplish the most in the least time.
Business interests are strongly in favor of this form of school work. They know it will add to their taxes. But it will give them more efficient producers and help them build up bigger businesses.
The town or state that provides agricultural instruction in rural schools will turn out more successful farmers than the one that doesn't. A state that lags behind blocks the way to its own agricultural progress.

THEY KNOW BETTER.

Sometimes you hear a Hillsboro man or woman say, when an item in the paper is mentioned, "Oh, you can't believe anything you see in the newspaper." And yet they'll rush to the newspaper office, all out of breath, to tell the editor when he makes a mistake. If it is true that you can't believe what you see in the paper then why is there any need in howling about mistakes it may make.
The fact of the business is every man and woman knows very well that for the number of things printed the newspaper makes very few mistakes. If a man or woman tried to repeat as many different items in one week wouldn't there be a mess of mistakes and wouldn't they have a pretty time trying to straighten them out and get them in truthful form? The newspaper man, generally speaking, is sincere when he prints a news item. Even if something turns out differently from the way he would like to have it he still has to give the correct version of it in his paper. He prints the news as it is told him, and yet he must stand responsible for mistakes the party who told the story may have made. But the newspaper man is a pretty fair judge of humanity—and he tries never to make the same mistake twice.
He's honest about what he prints, too, and his hand is not always out. Which recalls that a great New York politician once said: "If I could have bought newspaper men as easily as I bought members of the legislature I would have been all right. But the most of the newspaper men would refuse money when they didn't have enough to get them a decent meal."
—Dispatch, Hillsboro, O.

Civilization in Korea.

History for many years B. C. tells us that the people of Korea were among the highest in genuine civilization. About the year 1597 a general by the name of Li built the first iron fleet, composed of wooden circular vessels with iron plates on top, studded with iron teeth. Because of the prosperity of the Korean nation, Japan was extremely jealous, and had therefore brought 700 boats in battle array. However, Li, with his 50 boats, succeeded in inflicting a disastrous defeat upon the Japanese.

Dwarf Tree Nearly 200 Years Old.

A species of Greenland fir, believed by scientists to be nearly two hundred years old, is growing on the Shenk farm in Bullfrog valley, near Hummelstown, Pa. The unique tree is less than two feet high, but its branches have a spread of 15 feet and a circumference of about 60 feet. It resembles a collection of shrubs, and is one of the largest specimens known.

A short time after completing the Ford garage in 1918, Tindale purchased, from one of our reliable home merchants, some articles amounting to \$32.07. Time went by and we sold this merchant a car. "Well," he said when it came time to settle, "I'll bring my bill in and we'll settle up."
Tindale said he didn't know that we owed him anything. I said I didn't either. So we waited and he presented a bill for \$32.07 for our account running nearly two years. Ashton said he supposed we paid that but the merchant said he thought not. We always pay by check so reverted to our cancelled checks and in a few minutes produced a check dated "May 21, 1918" for \$32.07 with the merchant's name endorsing it on the back and "Account in full to date" written on the face.
"Well sir," he said, "I don't know how it happened to get by."
We knew it was nothing more or less than an error in neglecting to credit us, one that may occur any time. Does it pay us to carry a bank account?
This same experience may come to you. It has broken up many a business friendship.
You are invited to open an account with the CASS CITY BANK and gain this protection against paying twice for the same article.

Lalley Light and Power

Takes the Place of Man-Power on the Farm

Lalley Light labor-saving is so positive, that owner after owner figures that the electric power really takes the place of farm help. And they are right. It does enable the same help to do more; or less help to do the same work.

For example, Alfred Olson, Fullerton, Neb., writes that he and his wife take care of 320 acres, acrely all farm land, and keep 80 head of cattle and 125 aogs.
"If it were not for Lalley Light and electric power," says Mr. Olson, "we would have to keep a hired man."
"If every farm home and outbuilding were equipped with electric light and power there would be a great saving of time and labor and less fire trouble."
Louis Rolfe, Seattle Wash., finds that Lalley actually saves man power in its various scopes of usefulness.
"With the present scarcity of labor," writes Theo. Scnierbaum, Wentzville, Mo., "we could not possibly get along without the Lalley. We figure that it actually saves about half of one person's time."
What Lalley Light will save for one farmer, it will save for any farmer who makes full use of its electric light and power.

Had Aged Some—Mr. Enos Simmons went to Cass City one day last week. On learning the leaving train was four hours late, he decided to walk home and arrived at 10:45. The next day he was convinced that he was not as young as he used to be.

Death of Edw. Gallagher—The very sad news of the death of Edward Gallagher, son of Mr. and Mrs. Robt. Gallagher of Cass City, caused a silence of sadness in our community Monday evening. All day his loved ones had watched by his bedside for just a ray of hope. He leaves a wife, Mrs. Lena High Gallagher, and two small children, his parents and several sisters and brothers. Sometimes it is hard to understand why a young man should be cut off in the vigor of life, then we hear a divine echo, "It was the Master's will." Mr. Gallagher was an excellent young man, of about 23 years of age. His little family has the sympathy of us all.

MICHELIN Twelve Tire Tests No. 1 WEIGHT ONE of the best ways to judge a tire is to weigh it. Of course, weight might be due to many factors that do not improve quality. But once assured that only quality-giving materials are used, weight is an excellent guide to durability. In selecting tires, therefore, have us weigh the different makes you are considering. When you make this test you will find an astonishing difference in tires. For instance, five popular non-skids (34 x 4 size) weigh as follows: Michelin 26 lbs., Second Tire 25 lbs., Third Tire 23 1/4 lbs., Fourth Tire 22 lbs., Fifth Tire 21 1/2 lbs. Considering all non-skids made, Michelin Universals weigh 12 to 15 per cent more than the average, the percentage varying with size of tire. This extra weight means that you have a right to expect extra mileage from MICHELINS. Doerr Sales and Service Garage

Power Washing For The Home Without Electricity HAVE you thought you couldn't get a power clothes washer because there is no electricity in your house? Then see how Maytag—pioneer washing machine builder—has produced a machine for the thousands of women just like you. Here is the Maytag Multi-Motor Washer, a machine of the same unquestionable quality that has made the name Maytag nationally famous. This washer is operated by a powerful little gasoline engine perfected in the Maytag laboratories which is a part of the machine. With this gasoline power washer you can do your washing anywhere. In the kitchen or in the basement, in the yard or on the porch in summer. It gives you all the advantages of the finest electric washer, no matter where you live. Put the machine where it suits you best. Put in the water, soap and soiled clothes; give the starting wheel a flip with your foot. That's all the work there is to your wash day. Any woman can do it. The Maytag Multi-Motor Washer handles biggest washes with remarkable speed. Cleanses heavy blankets or delicate pieces perfectly. Has the wonderful Maytag Reversible Wringer—a power wringer; adjustable to three positions. Handles all wringing without moving the machine. You simply feed the clothes into it. It only costs a few cents, for gasoline, to handle a big wash. The machine itself is not expensive. Any woman can operate it. It is safe—all moving parts covered. It will last a life time and save money for you. It is the only machine on the market with a self contained gasoline motor. It's a thing you need. Why wear yourself out when this convenience is at hand. OBITUARY.

Death loved a shining mark when it entered the home of Edward Dewey in Novesta township and claimed the wife and mother on Tuesday afternoon, Feb. 17, from complications following influenza.

Maggie Tanner was born in Elkland township July 5, 1886, and attended the district school and the Gageton high. Seventeen years ago, she was united in marriage to Edward E. Dewey of Novesta. To this union were born five children, Harold, Arnold, Roy, Martin and Vernita, who with the sorrowing father are left to mourn the loss of a kind and loving wife and mother. She leaves also her mother, Mrs. Elizabeth Tanner, and sister, Mrs. Geo. Brown, of Pontiac.

Prayer services were held at the home Thursday afternoon at two o'clock and the body placed in a vault in Elkland cemetery. To the bereaved family the sympathy of the entire community is extended in this their hour of sorrow.

Elsie May Clendenny.

Elsie May Clendenny, an attendant at the Wahjamega hospital, died Friday at the Pleasant Home Hospital, here. She was 19 years of age and was very critically ill with appendicitis when she was brought here to undergo an operation, but due to her serious condition she was unable to recover from the operation.

Her work in the Wahjamega hospital is very highly spoken of and among the floral tributes was a beautiful bouquet of lilies and sweet peas from that institution. She is survived by one sister, Mrs. Frank Simpkins, of Greenleaf and two brothers, Ray and Ralph of Harbor Beach and her fiancée, Mr. Cook, of Caro. Her marriage was to have taken place Wednesday, Feb. 18.

The funeral services were held at the chapel at Elkland cemetery Tuesday afternoon at 2:00 p. m., Rev. A. H. Butzbach officiating.

CATTLE AND HOG PRICES HIT HARD

Cattle and hog prices were hit hard at Buffalo last Monday. The Buffalo Daily Live Stock Record of Feb. 23 says:

"Cattle supply today reached around 130 loads, ten loads of which were holdovers from last week. Included was around 25 to 30 loads of shipping cattle. Market in this end of the deal was the worst that has ever been witnessed for a long time back. Few shipping steers had changed hand up to 11 o'clock and when they did start to move it was at prices that looked 50 to 75 cents and in some cases as much as a dollar under a week ago. Top today was \$14.25 and others ranged on down to \$11.50.

"Hog receipts were considerably larger than generally expected. Fresh supply reached around 75 loads. With the holdovers there were 110 cars or approximately 17,600 head. As a result of the big supply prices were hit hard. The drop from last week's close figured from 25 to 75 cents. The real top for the day was \$15.25. Bulk of the yorkers and desirable mixed grades sold at \$15.00. Some of the heavy mixed order sold at \$14.50 and prices ranged on down to \$14.00 for heavies."

MEANS-ANDERSON COMPANY HERE NEXT WEDNESDAY

Miss Edna Means, of the Means-Anderson Entertainment Company, an organization of three splendid American girls which is to appear here on the Lyceum course next Wednesday evening, is one of the few women on the Lyceum platform who

can lay claim to the successful use of grease paints and wigs in giving impersonations. She is said to have achieved remarkable success in her male impersonations.

But Miss Means must not be considered the whole entertainment. Miss Eve Anderson, violinist, is a remarkable entertainer. Her striking personality and splendid artistry never fail to captivate her audiences.

Miss Sellers, pianist, is also possessed of great talent.

The Means-Anderson Company are one of the standard Lyceum attractions of today. They were secured for the Lyceum course here through the Redpath Bureau and the Redpath management endorses them in the highest terms.

Zemke's Spring Opening

We extend a cordial invitation to every one, to visit this store and see our great collection of beautiful spring goods.

It is our policy to carry a large stock on hand, and yet not have duplicates of any one garment. We believe in giving a lady the privilege of taking her time to select a garment, and trying it on in her own size and not have to guess what it would be like in her size. One very important feature in buying from a large stock is this, you may take a garment home, and if you should change your mind and would like to exchange for some other garment you have the privilege of doing so.

Our spring line is larger and better than ever; up to your standard of the most for the least. Remember that these suits and coats emanate from the houses of big values.

We are here showing two of the Most Up-to-date Suits on the Market.

What is more dressy and also more practical than a nice navy blue tailored suit? The suit to the left is made up a little fancy, in NAVY BLUE tricotine, which is the predominating color this spring.

Coats

Coats never were as appealing to the lady as they are this spring. Notice the lines in the above coat.

You will find the most up-to-date coats at Zemke's in the following cloths:—Serge, Tricotine, Polo, Velour, Bolivia Mixtures, and prices from \$22.50 and up.

Kodaks

A picture worth taking is worth remembering. With an Eastman Autographic Kodak, one may "write it on the film" at the time of taking. Not only is the name "Kodak" patented, but also the autographic feature.

When you buy an Eastman, you KNOW it is a "Kodak."

The smallest Kodak is the Vest Pocket Autographic Kodak, which takes a picture, 1 5/8x2 1/2 in., and sells for \$9.49.

The largest Pocket Kodak, the 3A, takes a picture 3 1/4x5 1/2 in. It is a good size for landscape views and also for speed work. This size with special Anastigmat lens sells for \$64.00.

MRS. JOHN SPITTLER

Remains of Former Resident Brought
Here for Burial.

The remains of Mrs. John Spittler were brought to Cass City from Dutton, Ont., Tuesday and the following morning funeral services were conducted at the home of Mr. and Mrs. A. T. Crafts by Rev. A. H. Butzbach. Interment was made in the Seeley cemetery, west of town.

Sarah Ann Willey was born in August, 1838. Her early life was spent in Ontario and about 56 years ago she was married to John Spittler. For several years they lived in Iowa, later moving to a farm near Cass City. Nine years ago Mr. Spittler passed away and last June her adopted son, Alvah Carrier Spittler, also died. After his death Mrs. Spittler went to Dutton, Ont., where she made her home with her brother, Scott Willey, until her death on Feb. 20.

She leaves to mourn her departure three sisters, Mrs. Christina Mullens of Delaware, Ont., Mrs. Mary Dobie and Mrs. Robina Bride, both of Dutton, and four brothers, Lot Willey of Athabaska, Alta., Scott Willey of Dutton, Ont., Ray Willey of Glenora, Ont., and Orton Willey of Maryland, besides other relatives and friends.

SCHOOL NOTES.

Everyone seems glad to be back at work again, for study brings us pleasure as well as vacation.

We are planning to make up the work lost during vacation by taking longer lessons.

Mary Holtz is absent from high school and is very ill with pneumonia.

The temperature of the students are being taken throughout the grades and high school to avoid the "flu" as much as possible.

Both the boys and girls basket ball teams went to Brown City Tuesday to play the locals of that place.

Roy Severance has obtained a leave of absence from high school, and is taking a tractor course at the M. A. C.

"Tag" day is proving very successful to the Athletic Association.

The agriculture class is taking up the study on "Rotation of Crops."

A set of slides are expected from the Agriculture Experiment Station, Washington, D. C., on the study of leguminous plants, and another set on the pruning of old orchards. These are for the benefit of the Agriculture class.

The Junior Class will hold a box social at the high school Monday evening, March 1, after the session of the Parent-Teachers' Association.

Grades.

The eighth grade arithmetic are studying promissory notes.

Miss Colwell went to Ortonville Thursday and Mrs. Neil McLarty has been taking her place.

The seventh grade arithmetic are studying commercial and trade discount.

The pipes bursted in the junior high and nearly flooded the floor.

The seventh grade grammar are analyzing sentences in objective complements.

Several are absent from the junior high this week.

The sixth grade have been making drawings of the heart showing the system of circulation.

Mary Wright and Evelyn Sabourin are absent from the sixth grade, due to sickness.

The sixth grade are enjoying patriotic songs and pictures this week.

The fifth grade has nearly a full attendance this week.

The history and language work of the fifth grade this week consists of stories of Washington and Lincoln.

Winnifred Woolman and Owen Loveley entered the fourth grade this week.

The third and fourth grades are making booklets for the month of February.

Sixteen are absent from the first grade this week.

CHURCH NEWS.

Greenleaf Presbyterian—Paul J. Allured, Minister. Service on Sunday, at 3:00 p. m.

Evangelical—The Sunday school meets at 10 o'clock. After being obliged to omit two sessions of the Sunday school it is fitting that all should rally for a rousing session Sunday morning. Let's not forget to make up the offering for the two Sundays missed. At 11 o'clock in connection with the morning worship will be the quarterly communion service. Preparatory service Saturday evening at 7:30, followed by the business meeting. The Rev. C. G. Kaatz of Sebawaing will occupy the pulpit on Saturday evening, Sunday morning and Sunday evening. The Junior and Senior Young People's Alliances meet at 6:45. The topic for the Seniors is "The Results of our Words and Deeds." Monthly business meeting of the Y. P. A. on Tuesday evening. Prayer meeting Thursday evening. Next week is the Forward Movement Church Paper week.

Wickware M. E. Church—There will be preaching service on Sunday morning at 10:30 local time. Sunday school at 11:30. Everybody come.

Presbyterian—Sabbath school will be held at the usual hour next Sunday, but there will be no preaching services.

Mennonite—Regular services will

be held Sunday—in the morning at Riverside and in the evening at Mishpah. Sunday school in the morning at both places.

M. E. Church—Welcome to the services of this friendly church. The pastor will preach both morning and evening. The class meeting, Sunday school and Epworth League at the regular hours.

CARO.

Members of the I. O. O. F. lodge here are active in abating the present epidemic of sickness and as a result a number of lives saved will be credited to the order. Tuesday the local order secured the services of Miss Gladys Colling a graduate nurse of Detroit. The nurse is making visits at homes where families are ill, giving advice to those caring for patients ill with influenza and pneumonia regarding ventilation, food and care.

The report that Mrs. Alfred Benjamin and babe were frozen to death in their home near Caro is denied. It is stated that she was recovering from influenza, was up Friday doing farm duties such as churning, gave birth to a child Saturday which was born dead and that she died of child-birth the day following.

HOSPITAL NOTES.

Mrs. S. W. Striffler and Mrs. P. S. McGregory are patients at the hospital.

Mrs. Richard Makey of Colling underwent a serious operation Thursday morning.

CANNOT BE WITHOUT IT.

Wm. Ballagh, R. R. 1, Ubly, writes: "You will find enclosed 50 cents for which I would like to have you send me the Chronicle for four months. I must say I enjoy the paper and cannot be without it."

"A SHINE IN EVERY DROP"

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop. Liquid and paste one quality; absolutely no water; no dust or grit. You get your money's worth.

Black Silk Stove Polish

Is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not dry out—it lasts ten times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois. Use Black Silk Air Drying Iron Mangle on gratings, registers, stove pipes, and automobile tire rims. Prevents rusting. Try it. Use Black Silk Metal Polish for firebricks, boiler tubes, ware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

REGISTRATION NOTICE. To the qualified electors of the township of Elkland, County of Tuscola, State of Michigan. Notice is hereby given that in conformity with Act 126, Public Acts of 1917, the undersigned township clerk, will, upon any day except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration, except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election. March 27, 1920, Last Day for General Registration for Spring Election, April 5, 1920. All electors not already registered and intending to vote at said election, should make personal application to me on or before the 27th day of March, A. D. 1920. Notice is further hereby given that I will be at my office at the Greenhouse in Cass City on Mar. 13 and Mar. 20, 1920 from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said township as shall appear and apply therefor. The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book. Registration of Absentee by Oath. If any person whose name is not registered shall offer and claim the right to vote at any election, and shall, under oath, state that he or she is a resident of such precinct and has resided in the township twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that, owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family or owing to his or her absence from the township on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof. Provision in Case of Removal to Another Precinct. Any registered and qualified voter who has removed from one election precinct of a township to another election precinct of the same township shall have the right, on any day previous to election day, on application to the township clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Such elector shall have the right to have such transfer made on election day by obtaining from the board of inspectors of election of the precinct from which he or she has removed a certificate of transfer and presenting the said certificate to the board of election inspectors of the precinct in

which he or she then resides. Women Electors. Important Notice—All women who possess the qualifications of male electors will be entitled to registration provided they make proper application to the clerk within the time limit above designated. All registration of women prior to Dec. 5, 1918, is null and void. H. L. HUNT, Township Clerk. Dated February 20, 1920. Notice of Hearing Claims Before Court—State of Michigan. The Probate Court for the County of Tuscola. In the matter of the Estate of Edward Pinney, Deceased. Notice is hereby given that four months from the 10th day of January A. D. 1920, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, in the office of the clerk, in the Village of Caro in said county, on or before the 10th day of May A. D. 1920, and that said claims will be heard by said court on Monday the 10th day of May A. D. 1920, at ten o'clock in the forenoon. Dated January 10 A. D. 1920. O. D. HILL, Judge of Probate. (Copy). 2-13-3 NOTICE OF MORTGAGE FORECLOSURE SALE. Default having been made in the conditions of a certain mortgage made by Julius Milki and Karoline Milki, his wife, and Wincyny Ociepa and Juli Ociepa, his wife, of Detroit, Michigan, to J. Ray Honeywell of the same place, dated the tenth day of December, A. D. 1918, and recorded in the office of the Register of Deeds for the county of Tuscola, and State of Michigan, on the 29th day of January, A. D. 1919, in Liber 138 of mortgages, on pages 370 and 371, which was duly assigned on December 12th, 1918, to Charles D. Thompson of Bad Axe, Michigan, by a written assignment recorded on January 29th, 1919, on page 338 in Liber 137 of mortgages, in said register's office, and the said assignee having elected to declare the principal sum and all interest immediately due as provided in said mortgage, on which mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of ten hundred seventy dollars, and an attorney's fee of fifteen dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof. Notice is hereby given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Monday, the tenth day of May, A. D. 1920, at eleven o'clock in the forenoon, the undersigned will, at the front door of the Court House in the Village of Caro that being the place where the Circuit Court for the county of Tuscola is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with six per cent interest, and all legal costs, together with said attorney's fee, to wit: The southeast quarter of the southeast quarter of section thirty-six, township thirteen north, range nine east, and the north fractional half of the northeast fractional quarter of section one, township twelve north, range nine east, Tuscola County, Michigan, constituting a single parcel of land, for a part of the purchase price of which this mortgage was given. CHARLES D. THOMPSON, Assignee X. A. Bomhower, Attorney for Assignee. Bad Axe, Mich. 2-13-13 MORTGAGE SALE. Default having been made in the payment of money secured by a mortgage executed by Jane Kiccano of Cass City, Michigan, to David Law of Cass City, Michigan, bearing date the 16th day of April 1915, and recorded in the office of the register of deeds of Tuscola County, Michigan, on April 19, 1915, in Liber 139 of Mortgages on page 225. Said mortgage was duly assigned by a written assignment by said David Law of Cass City, Michigan, to Edward W. Keating of Cass City, Michigan, on the 25th day of February 1919 and recorded in the office of register of deeds of Tuscola County, Michigan, on March 3rd, 1919, in Liber 116 of mortgages on page 351, and the whole amount said mortgage and interest being now declared due by reason of default in the payments due thereon. The amount claimed to be due under the terms and conditions of said mortgage at the date of this notice, for unpaid principal, interest and taxes is the sum of four hundred eleven dollars and eighty-two cents (\$411.82) and also an attorney's fee of fifteen dollars provided for in said mortgage and by statute, and no suit or proceedings at law have been instituted to recover the money secured by said mortgage or any part thereof. Notice is hereby given, that by virtue of a power of sale contained in said mortgage and in pursuance of the statute in such case made and provided, said mortgage will be foreclosed by sale of the premises there-in described at public auction to the highest bidder at the front door of the court house in the village of Caro, Michigan, on the 28th day of April, 1920, at 10 o'clock in the forenoon. The premises to be sold are described in said mortgage as follows: Lot fourteen (14), Block "P" of J. L. Hitchcock's Addition to the village of Cass City, Tuscola County, Michigan. Dated January 29th, 1920. EDWARD W. KEATING, Assignee of Mortgage. J. C. Corkins, Attorney for Assignee of Mortgage, Cass City, Michigan. 1-30-13

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

However, these should be taken simply as nature's warning signals that some part of the human machine is out of order. It is a mistake to resign one's self to physical torture when the cause can be removed. Tole Kidney Pills. tone up weak, inactive, sluggish kidneys and help rid the blood of poisonous waste matter that causes aches and pains in arms and legs, backache, rheumatic pains, sore muscles, stiff or swollen joints. Isaac B. Turman, Asbury Park, N. J., writes: "My back caused me a great deal of trouble for some time. I experienced sharp, shooting pains which were due to the condition of my kidneys. One bottle of Foley Kidney Pills completely relieved me. The pains left my back. I recommend Foley Kidney Pills to my friends."

Brooker 320-acre farm 1 mile south of Cass City with stock and implements to Norman McLeod, \$15,000; John Peddie's 80 acres to Neil Fletcher, \$7,000; Mrs. John Ball's house and lot to John Chatman, \$1,750; Harry Vicker's house and lot to Walter Mark, \$1,250; Will Karr's house and lot to George Cridland, \$1,800.

Rev. O. R. Grattan attended a meeting of the state cabinet of the Epworth League at Albion the first of the week. At this meeting the state cabinet was transformed into an area cabinet and its members met Bishop Henderson and his executive secretary, Dr. Kennedy. Decisions were made regarding state and area work and plans consummated for the summer institute at Albion.

D. F. Schiele returned Friday from Flint where he attended a laymen's convention as a representative of the local Evangelical church. Mr. Schiele was chosen as a lay delegate from the Flint district to attend the annual state conference of the church which will be held early in April. A. R. Meredith of Caro and Joshua Braun of Sebawaing were among the district delegates chosen to attend the conference with Mr. Schiele.

The Standard Oil Co. has taken an option on the lot on the corner of Main and Oak streets, occupied by M. Ferguson's wagon-shop. The property is now owned by the Edward Pinney Estate and in all probability the deal will be closed shortly, the transaction awaiting the approval of officers of the company. The option covers the lot not the building occupied by Mr. Ferguson. Plans of the company include the erection of a modern brick building which will house a service station.

The next meeting of the Woman's Study club will be in the form of a musical program and will be held at the home of Mrs. G. A. Striffler Monday, March 1. The subject is Poland and the following is the program: Partitions of Poland, Mrs. Benkelman; Story of Berek, the Victor of Sienkiewiecz, Mrs. Dodge; Noted Poles, Madame Mojeska, Madame Sembrich, Ignace Paderewski by Mrs. Townsend; Polish music and musicians, Mrs. Dailey. Roll call—Experiences of early housekeeping. Hostess, Mrs. G. A. Striffler.

Dr. Andrews, chief of staff of the new Highland Park City Hospital, has appointed Dr. M. M. Wickware, a former local physician, as one of his assistants. Dr. Wickware is chief of the Department of Ophthalmology and Otolaryngology. With the opening of this new institution, the hospital facilities of Detroit will be increased by 120 beds and the presence of a modern institution favorably located and fully equipped. The hospital which is located on Glendale Ave., between Lincoln Ave. and the western city limits, is far removed from the noise and dust of railroads and factories.

Miss Hazel Mead entertained the Priscilla Club Monday evening, complimenting her sister, Edythe, who is a bride of this week. A stunt of "Blowing Bubbles" afforded much amusement, each guest given a clay pipe and soap suds and from symbolized hearts on whichever one the bubbles burst determined the fate of the fair one. In the dining room a miniature railroad was cleverly constructed around the table with miniature depots bearing the name of the city where the "would-be" of each Leap-yearite resides, the guests finding their places in that manner. Refreshments of cherry frappe and a wishing cake were served. Miss Mary McIntyre drew the ring and the bride-to-be thimble. Miss Mead was presented with an electric iron by the Club of which she has been an active member.

Mr. and Mrs. Harry Nowland were given a thorough fright the other day when their little son came across Mr. Nowland's pump gun which was lying on the bed, pulled the trigger and tore a good sized hole in the wall. Two other children were in the next room, one playing directly below the range of the gun shot. Mr. Nowland had been exterminating rats in the woodshed earlier in the day and had the gun loaded and ready for one he was sure would appear shortly. While waiting patiently for Mr. Rat to come into view, Mrs. Nowland told him that it was time to go to work. He left hurriedly to be "on the job," forgetting the fact that the gun was loaded. While cleaning the bedroom, Mrs. Nowland placed the gun on the bed and she had hardly left the room before the boy's curiosity prompted him to handle the weapon. He was badly frightened when he heard the discharge. "Never again," says the father. "The boy will never have another chance to handle a gun in my home. I've hung it up high and it isn't loaded either."

seemed to have had his share here. When seven months old, he took with bronchitis, then soon after he had whooping cough and from that time, spinal meningitis. Although all efforts were made for his recovery, his spine never became strong. He has suffered many sick spells which seemed would be his last. A year ago last September, he had a spell of sickness and from that time has never walked alone. Although being so helpless, he was loved by every member of the family for his openheartedness and patience. He was always ready to divide whatever he had with his brother and sisters. After taking the influenza, he was not strong enough to overcome the disease and he passed away to be at rest. Eldon C. Bullock was born May 24, 1910, in Evergreen township and died Feb. 20, 1920. He leaves to mourn his departure a father, mother, three sisters and one brother, Hazel L., Myrtle L., Marion L., and Ferris G., who are all at home.
