

## COMMUNITY HONORS SOLDIER DEAD

### DECORATION DAY CELEBRATED IN A FITTING MANNER MONDAY.

Rev. Young Spoke Eloquenty of  
Heroism Shown by Our  
Soldiers.

Tribute to departed heroes who made the supreme sacrifice for our country's cause was paid by a large concourse of citizens of this community Monday afternoon.

The day was an ideal one in every respect. Business streets were lined with flags and bunting and many availed themselves of the opportunity to pay tribute to the war heroes.

At two o'clock, H. L. Pinney called the assemblage to order from the balcony of the Sheridan Building where the speakers, members of the G. A. R., representatives of the American Legion, and the Cass City Band were seated. The band opened the program with selections, after which Rev. Dunk of the Baptist church, offered prayer.

A very impressive part of the program was the presentation of a flag to the Adams-Seeger Post of the American Legion. A. G. Houghton, a G. A. R. veteran, made the presentation and spoke eloquently of the deeds of the Boys of '61 and of the valor of the lads in khaki in the World War. Through 77 years of age, Mr. Houghton's voice carried exceedingly well and those on the outskirts of the crowd had no difficulty in hearing him. M. B. Auten received the flag for the American Legion and in appropriate words acknowledged the debt which all owed to G. A. R. members.

Following the singing of "America" by the audience, Rev. J. D. Young of Milford, a former pastor of the local M. E. church, arose to give the address of the day. As he advanced to the rail of the balcony, he was greeted by loud applause and the sounding of many auto horns. The demonstration attested to the gentleman's popularity with his many friends in this community.

Mr. Young gave a spirited address. He referred feelingly to the men who fought in the Civil War. Their halting tread and thinning ranks are a melancholy reminder of their early hardships. In glowing terms, he spoke of the deeds of the young soldiers and sailors in the recent war. All the defenders of our country in all its wars deserve all the honors a grateful nation can bestow upon them. The Chronicle is disappointed in not being able to secure a complete synopsis of this splendid address.

Following the address, the procession was formed for the march to Elkland cemetery. Led by the Cass City Band and members of Adams-Seeger Post in uniform under command of Wm. Ward, autos conveying members of the G. A. R. and their wives and daughters, and citizens followed in line.

Rev. O. R. Gattan, pastor of the M. E. church, gave a short address at the Monument to the Unknown Dead, paying tribute to the brave heroes who laid down their lives for their country. A salute was fired by the American Legion and taps by Bugler John Rogers concluded the ceremonies of a Decoration Day which will linger long in the memories of the people of this community.

Officers elected to superintend the Decoration Day exercises in 1921 are: President, H. L. Pinney; vice president, L. I. Wood; secretary, J. A. Sandham; treasurer, M. F. Rittenhouse.

### POLITICAL ANNOUNCEMENT.

To the Electors of Tuscola County: I wish at this time and in this manner to express to you my feelings of gratitude and appreciation for making it possible for me to work and earn a livelihood.

The manner in which the duties of Register of Deeds have been transacted during my incumbency, I will leave to those best qualified to judge, namely those who have had business to transact with the office. As the time for which I was elected is fast drawing to a close and as so many have urged me to be a candidate for reelection, that I have decided and leave my candidacy in your hands and I will be pleased to accept your decision and trust I may continue to serve you in the best and only manner possible for me to do so.

With kindest regards,  
—Adv. HENRY W. BEECHER.

Mr. and Mrs. H. F. Brueggeman and daughter, Arlie Isabel came Saturday from Philadelphia to visit at the Geo. Kolb home. Miss Iva Kolb, who has been their guest in Philadelphia, accompanied them to her home in Cass City.

### JOHN WELLS DEMISE

Remains Taken to Bothwell, Ont., for  
Interment.

John Wells died at the home of his son, Cyrus Wells of Kingston township, Sunday, May 30, 1920, at 12:20 noon, after an illness of one week's duration.

He was born in England March 8, 1832. At the age of four years, he came to London, Ontario, with his parents. In that vicinity he grew to manhood.

In 1858 he married Elizabeth McKay and to this union were born seven children, all of whom are living at this date, three daughters and three sons living in the western states.

His aged partner died Feb. 14, 1917, at the age of 85 years at Bothwell, Ont., where they had lived the last 30 years. They had lived together 59 years until the time of her death which was the first break in the family. Since then he has lived with his son.

The funeral was held at the house June 1. The remains were taken to the Bothwell cemetery where they will be laid beside his wife.

### SINGLE MEN VICTORS IN MONDAY'S GAME

Marrieds Start Out Well, but Proved  
Too Old to Keep Up  
the Pace.

The Married and Single men's game Monday afternoon drew out the largest base ball crowd of the season, and despite the rustiness of the players, it proved to be an evenly matched game, with errors predominating.

It looked like an easy time for the Beneditors for the first few rounds, the old timers rolling up three scores in the first inning and two in the third. Knapp led the hitting, making two bags on a long drive which would have meant a home run for "Al" 30 years ago.

Both Burke and Graham pitched well, the former pulling himself out of a bad hole in the third inning when it looked as though the Singles were bound to get one or two runs.

The Unmarrieds failed to score until the fifth inning when they secured two. In the next period, they added another run and in the seventh, Keating stated the balloon sailing with a two-base hit. The Singles added three in this inning, enough to put them ahead of their older opponents.

With the advice of players and rooters on the side line, Dr. Redwine and H. L. Pinney accomplished the difficult task of umpiring the game.

The score:  
1 2 3 4 5 6 7—R  
Marrieds . . . 3 0 2 0 0 0 0—5  
Singles . . . 0 0 0 0 2 1 3—6

Manager Rittenhouse of the Married bunch says he and Manager McGillvray of the Single aggregation are arranging for another contest.

### NEW P. O. HOURS

Post Office Will Open Earlier and  
Close Earlier.

Postmaster Dodge announces that the post office at Cass City will open an hour earlier each morning, commencing next Monday.

The office will be opened at 7:00 a. m. Eastern Standard time and will close on the arrival of the night mail which reaches the post office shortly after nine o'clock, Eastern time. This night mail will not be distributed until the following morning.

The change in time will permit the deposit of mail in the post office until nine o'clock in the evening and also allow a short period in the morning for the mailing of letters and packages which are to go south on the morning train. The change from Central to Eastern time will make possible an earlier start of carriers on their routes, a fact business men, who make delivery of sales by the rural route, should keep in mind.

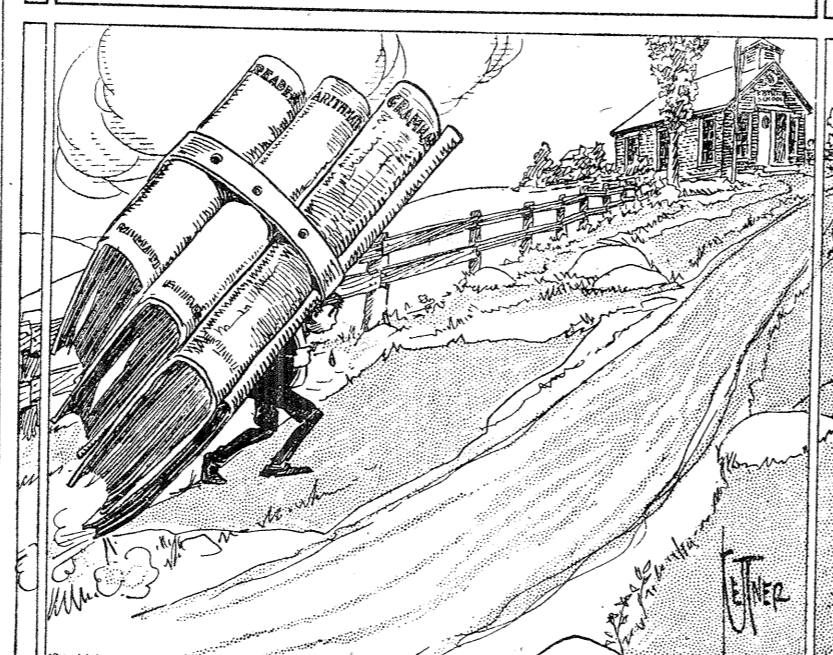

### 304 RECEIVED EIGHTH GRADE DIPLOMAS IN SANILAC CO.

Eleven Successful Pupils Were 11  
Years of Age; 58 Were Perfect Spellers.

Four hundred sixty-three pupils of Sanilac county's public schools wrote on the 8th grade examinations recently and of this number 304 were awarded diplomas. Eleven of these were but 11 years of age. Fifty-eight of the 304 successful writers were perfect spellers.

Those who passed at the age of 11 years were Leonard McLean, Snover; Carl Mehler, Carsonville; Lillian Nicol, McGregor; Fern Mater, McGregor; Genevieve Potts, Forestville; Harry B. Wentworth, Decker; Velma E. Peters, Sandusky; Edna Jackson,

### CHICAGO SCHOOL TO ASSIST AGRICULTURISTS

Herald and Examiner Has Opened  
Bureau to Provide Farmers  
with Help.

Realizing that the food problem today is even more serious than it was during the recent war, and that unless we have more production, particularly along agricultural lines, the people of this country will face domestic bread lines, The Chicago Herald and Examiner has opened a bureau in the Hearst Building, in Chicago, that will co-operate with the various school and agricultural authorities, and place on farms, during the coming summer, as many school boys of 16 years of age and over as is possible to obtain. In addition, the bureau will conduct a vigorous campaign to immediately provide farmers with experienced help.

The bureau's plan of action is similar in many respects to the plan worked out three years ago by Dudley Grant Hays, director of school extension of the Board of Education. At that time over 700 Chicago school boys spent the greater part of the summer on farms, in twenty-nine states and three Canadian provinces. At that time the problem was to produce food for the peoples in foreign countries. The boys were too young to go to war, but they were not too young to do their "bit" at home, that we might be in a position to send large consignments of food to Europe.

The need for boys, and men, too, to do their "bit" is just as urgent today. We are not recruiting soldiers to fight a foreign enemy, but are preparing to fight a domestic enemy—hunger. Those interested in the farm bureau idea are advised that free information may be obtained direct from the Herald and Examiner's Farm Bureau, 336 W. Madison St., Chicago.

### 16 INNINGS NECESSARY TO DECIDE CONTEST

Cass City Met First Defeat in  
County Series at Millington  
Monday.

Cass City high school met the first defeat of the season in the county series on Decoration Day when Millington was declared the winner of a 16-inning game on the Millington grounds. The score stood 3-2.

The game was scoreless until the eighth period when Bigelow made a home run for Cass City. In the ninth, Millington evened the score and in the 12th inning each team added another. In the last half of the 16th, Millington succeeded in landing the winning tally.

Millington's pitcher is credited with 36 fan-outs and Harris, the local twirler, with 17.

### C. W. MCPHAIL NOW INTERESTED IN 18 BANKS

C. W. McPhail, who first entered the banking business as the founder of the Cass City Bank in 1882, has greatly expanded his interests in banking until now he is owner or partner in 18 banks in Michigan, of all of which he is president.

The latest addition to Mr. McPhail's string of banks is the Luther Exchange Bank at Luther. Negotiations for its transfer have been in progress for some time. Associated with Mr. McPhail in the ownership of this bank is Robt. J. Smith of Baldwin. These two gentlemen have been associated as partners in the banking business for 16 years. Mr. McPhail's residence is at Ludington.

### AMERICA NOW LAND OF HOPE TO ALL NATIONS

Nation Is Great Which Recognizes  
Principle of Stewardship, Says  
Rev. Butzbach.

The M. E. church held a large audience at the union meeting Sunday evening, who gathered at the annual Memorial service. Special musical numbers were given by Mrs. L. O. Hoxie, the choir and a male quartet of Messrs. Hoxie, Fleming, Atwell and Bigelow.

Rev. A. H. Butzbach, pastor of the Evangelical church, preached the sermon, choosing as his subject, "American Ideals." He said in part as follows:

"Memorial Day is a sacred and distinctive institution of the United States of America. On this day we honor those who have rendered sacrificial service so that we may enjoy the heritage which is ours today. Any nation that fails to honor its heroes is facing swift decadence.

"We honor our soldiers most and best when we cherish and promote their ideals. Our flag stands for certain ideals: a free ballot, universal education, freedom of speech, freedom of the press, and freedom of conscience. In defense of these the patriotic citizens of today like unto the patriots of the past are willing to sacrifice their lives if need be.

"But our soldiers did not strive only to maintain the liberty and national progress attained; they had before them the vision of a better country. It was a sad day if our patriotism should die out and we cease to desire the improvement of our country; of education that the morals, the system of industry, the system of jurisprudence, the spiritual condition—all are good enough, let them alone. That was a tragic waning of patriotism, a calamity.

"National progress has always been from East to West. From Persia to Greece, from Greece to Rome, from Rome to England, from England to New England, from New England to the Pacific coast. There is nothing same purpose, and a portion that west of North America. If you travel

### SANILAC HOLDS AMERICAN RECORD

FARM BUREAU MEMBERSHIP  
OF 3100 ORGANIZED AT  
SANDUSKY.

A. C. Nixon, D. A. C. Manager, Fatally Injured in Auto Accident at Vassar.

America's largest county farm bureau, with a membership of more than 3,100 was organized at Sandusky Thursday. The meeting was attended by nearly 1000 farmers and the crowd in the circuit court rooms where the morning and afternoon sessions were held was the largest ever seen in the building. Sanilac Co. takes the lead in county farm bureau membership in the United States, passing its nearest competitor, Iroquois county, Illinois, which has a membership of 2845. Chas. Martin was elected president of the Sanilac bureau, and Bert Mortimer vice president. The following are members of the executive committee: For two year term, John Hamilton, Evergreen township, Bert Teeple, Delaware township, and John Bingle, Sanilac township; one year term, Phillip O'Connell, Custer township, John W. Goodwin, Elmer township, and Ezra Taylor, Buel township. The committee will appoint a secretary-treasurer and business manager.

A. C. Nixon, 58, general manager of the Detroit Athletic Club, died in a Saginaw hospital at four o'clock Tuesday morning of injuries received Monday night when the automobile in which he and three other men were riding went into a ditch near Vassar. His three companions received only minor hurts. Nixon's throat was cut by glass from the windshield, the left jugular vein being completely severed. One of the other occupants of the car stopped the profuse bleeding with mud from the roadside where the automobile lay, thus prolonging Nixon's life until after he had reached the hospital.

Nearly every town in the Thumb was represented at a meeting of the Thumb Hotel Association held at the Hotel Morrow last Friday. The purpose of the meeting was to raise the rates for both meals and lodging. The new rates will go into effect June 1st, and mean a boost of 50c per day, or \$3.50. Lodging and breakfast will be \$2.00; supper, lodging and breakfast, \$3.00 and either breakfast or dinner, 75c. Over 40 were present at the meeting.—Bad Axe Tribune.

Tuscola county will receive the sum of \$20,524.35 as its share of the automobile license money for the year which will be turned over to the county road commissioners for the improvement of highways. The other half goes into the state fund for the same purpose, and a portion that half will help pay state reward for like purposes.—Advertiser.

### Opportunity Knocks at Cass City's Doors; All Join Forces and Boost

Communication.  
Attention! Farmers and people of Cass City. That elusive lady, Opportunity, is knocking at our door. Knocking right now at the door of Cass City more urgently than she has ever done before and are we going to bid her enter or will she pass us forever? Listen! As never before the farmers in this community are organized and awake and best of all, restless. This is shown by the commendable campaign which has been put across and the good leadership shown in the effort to start a Co-operative store and meat market.

Now it is not my intention to belittle this enterprise but why not do something big for our town and ourselves? Under the best possible management the remuneration from the store will be small. You must have a highly salaried man as your buyer and manager—you have to contend with a big stock and a fluctuating market and you have also your general overhead expenses. There is not a shade of doubt but what you will all save some money—I will save money for I'm the largest buyer of retail groceries in Cass City, but I want to see our town and community become prosperous. Instead of three or four empty stores and one big community store why not have our three or four small stores and the community store just the same a little later as the town grows. I'm going to tell you how. Never before in the history of our town is the time so ripe for a sugar factory—and one owned by the farmers and people of this community. Why? Why, there are many reasons. So many that I'm going to corral, bunch and itemize them and then you can look at them and think each one over individually.

Reason No. 1.—For the first time our farmers are really organized.  
No. 2.—The present trouble and discontent that is existent between the farmers and the Sugar Trust.  
No. 3.—Increased demand for sugar. Statistics show that a great deal more candies, soft drinks, etc., are being consumed by American people since the country went dry than before—and that requires more sugar.  
No. 4.—We are geographically well located. Farmers in the areas around Pigeon, Gageton, Bad Axe and to the south will invest with us and they'll get their bees to us.  
No. 5.—The perfectly evident prosperity the condensary has brought to us.  
No. 6.—We have the cash.  
No. 7.—We have the "pep". You men who have started the co-operative store have shown us that. Look at our farmers' elevator and the dividends it has paid. We can do just as much with a locally owned and operated sugar factory. Ask our banks what the milk factory has done for us. As soon as prices and labor are stabilized there will be at least a dozen new houses built in Cass City. I know of farmers who have put \$100.00 in the co-operative store who can put from \$2,000 to \$5,000 in a sugar factory. You'll have to raise \$750,000 and I'll bet my hat the people of Cass City will raise \$100,000. I have interviewed several men of moderate means who said they would each put in \$1,000 if they had to borrow it. I already know where I can borrow \$1,000.00—Come on Cass City—Come on you farmers, let's embrace the lady I spoke of before she gets away.  
In these columns next week more definite figures such as sugar factory profits, acreage statistics, etc., will appear.  
Let's get busy and boost.

Mr. and Mrs. Fred Hallock made a business trip to Bad Axe one day last week.  
Mrs. L. B. Deming, Mrs. A. Maxwell, Misses Eulah, Margaret and Jean Maxwell of Caro, visited at E. A. Livingston home Wednesday.  
Mr. and Mrs. Elmer Butler and Mr. and Mrs. Edward Ames visited friends in Caro Sunday.  
Mr. and Mrs. A. L. Ewald of Pontiac visited at J. F. Evans and Wm. Ewald home the first of the week.  
Miss Fern Seely of Ypsilanti spent a few days with her parents, Mr. and Mrs. Chas. Seeley.  
Mrs. D. McKellar and daughter, Jennie, of Lexington visited at H. McKellar's home this week.  
Mr. and Mrs. P. Livingston and

Mr. and Mrs. C. Hiser visited at T. Lonsbury's home in Cass City Sunday.  
Mr. and Mrs. Wm. Simmons visited friends in Caro Sunday.  
Mr. and Mrs. Wm. Ewald and family and Mr. and Mrs. A. L. Ewald at Pontiac visited at the Geo. Seeley home Sunday.  
Mr. and Mrs. Chas. Rando visited relatives in Saginaw Sunday.

**DEFORD.**

The mind would dead that cannot look around and feel that the closing days of the month of May is touched with the sublime. "All nature pleases." But then comes the sad thought that mankind alone is vile.  
Mr. and Mrs. Titus of Pontiac came Saturday to spend a day at Deford. Mrs. Titus is a daughter of Mrs. N. B. Daugherty.  
Ernest Roberts and Clarence Russell of Pontiac wheeled up Saturday to spend a day in our burg, where the ice cream has the flavor that brings a smile to young and old.  
Samuel Sherk is erecting a new garage.  
The new purchasers have moved onto the Amos Webster farm.  
Big Bob Jacoby painted his ice house two weeks ago and we failed to notice it till a few days ago.  
Ralph Lewis is out on crutches.  
Mrs. Minerva Lewis went to Kingston Saturday to spend Decoration Day and visit with her daughter, Mrs. Koppelberger.  
Fruit of all kinds in abundance—except the fruit of love.  
News from Detroit informs us that a 10 lb. baby girl came to the home of Mr. and Mrs. Howard Patch May 24. Mrs. Patch was formerly Hazel Chatfield of Kingston township. The babe's name will be Margaret June—called June so as to keep the atmosphere in her locality mild at all seasons of the year.  
The sign "No Gas" on Johnson's pump in front of his hardware makes the young blood with his "Tin Lizzie" turn away and weep.  
Mrs. Tracy Crosby is on the sick list. Pleurisy or something is the cause of her illness.  
Frank Crawford came by auto from Pontiac with his family to spend the closing days of May in this locality.  
Mr. and Mrs. John McCaughney of Pontiac were in this locality Saturday and Sunday. They came by auto.  
Mr. and Mrs. John Retherford went to Detroit and other points in that locality, the closing days of the month.

We must have moisture soon or the winter wheat and hay crops will be a failure in these parts.  
Yes, the mile of state road south of the schoolhouse will go through this season.  
The cement wall 16x18 is laid for the addition to the barber shop building.  
Loda Kennedy is painting his stoop and front of his dwelling.  
Our streets are too narrow to stand a team and double wagon across them and leave room for other vehicles to pass in safety. Please hitch on a slant. Any other letter in the alphabet has a right to as much room in this world as "I".  
We met Charles Henderson who returned from Pontiac lately. He looks well and appears normal in every respect.  
All on the north side of the street have their sun shades up. This past week made them get there.  
Mrs. Huffman of Mio, Osceola county, was a caller at Joseph Hack's the past week. She will be remembered as Maggie Vance.  
Mrs. Clarence Russell of Pontiac and two children are visiting at the parental home—Joseph Hack's.  
The R. R. agent's domicile is at a standstill since R. D. Lewis fell, but Ralph has so far improved that he can put his toes to the floor.  
We were all pleased to read in Detroit papers of the good fortune of a Novesta born boy, John Hamilton, son of Nicholas Hamilton, deceased. He is now assistant prosecuting attorney of Wayne county. He must be a brilliant young "sprig of Blackstone" for a man that can fill that place in Wayne county is no "snowler."

Henry Cure's household goods are here. Three months on the way from Kansas to Michigan. A lively young lad can lead a cow faster than the railroad makes it, since the men were cut short of liquor.  
A little son came to brighten the home of Mr. and Mrs. Kenneth McRae recently.  
A large number of our citizens attended Memorial Day exercises Monday.  
Donald Tennant returned from a business trip to Detroit last week.  
Christopher McRae, a highly respected citizen of this place, passed away Thursday evening, May 27, aged 85 years. Mr. McRae was ill one week and suffered intensely from a complication of diseases, incidental to old age. The funeral was held Thursday at his late residence, Rev. Allured of the Presbyterian church officiating. Interment was made in Elkland cemetery. Mr. McRae is survived by his widow, four sons, F. McRae of

Canada, D. McRae of Detroit, Kenneth and Archie of Greenleaf; two daughters, Mrs. McLean of Canada and Miss Mary McRae of Detroit. A son, Alexander, and daughter, Mrs. Dammker, preceded him in death several years ago. Several grandchildren and many other relatives also survive. The sympathy of the whole community is extended to the relatives in their bereavement.  
**CENTRAL GREENLEAF.**  
Mae Jones returned home Monday from Detroit for a few days' visit with her parents, Mr. and Mrs. Morrison Jones.  
Mr. and Mrs. Elis Thomas and Mr. and Mrs. Thomas Hartwick and children of Pinconning spent the weekend with George Seeger's.  
The Baptist Ladies' Aid met with Mrs. Avery Jones Thursday, June 3. Misses Ida and Clara and William Vogel, Mrs. Fred McCaslin and daughter, Ella, and Vernita McCaslin motored to Unionville and Bay City Sunday.  
Mrs. Joe Miljure and Dortha spent the latter part of last week in Detroit.

**WICKWARE.**

(Late for last week).  
Fred Bowman of Pontiac came Saturday to spend a few days with relatives here.  
Joe Lapeer has purchased the Nevill farm. Fred Nevill and his mother have moved to Cass City.  
J. Gibbons, Mr. and Mrs. Fred Hopson and son, Frederick, Mr. and Mrs. Clarence Heth and daughter, Lillian, of Birmingham spent Sunday with their sister, Mrs. Homer Johnson.  
Leland Nicol is plowing with his tractor for Mr. Striffler on the county line.  
Mrs. Wm. Fulcher entertained company from Port Huron over Sunday.  
Miss Sara Robinson closed a successful term of school last Thursday, treating her pupils with ice cream and cake.

**ELMWOOD.**

Little Jennie Morse is sick with pleural pneumonia.  
Mrs. E. McKellar and daughter and Mrs. Norman Morrison, of Lexington are visiting relatives here this week.  
Mr. and Mrs. George Youmans and Wesley Dunn motored to Pigeon and Bay Port Friday.  
Mr. and Mrs. H. W. Youmans, Jud Morse and John Kennedy were Gagetown callers Saturday.  
Miss Leona Kennedy has accepted a position as clerk in the co-operative store in Gagetown.  
She who was Miss Edith Evans and her husband, Arthur Ewald, of Pontiac are visiting at their parental homes this week.  
Mr. and Mrs. Wm. Abar of Detroit visited friends here last week. Bill, who has passed the three score and ten mark, is still hale and hearty and is getting six beans per day driving truck team in the city.  
Crops are looking fine considering the dry weather. Most of the corn is up and farmers are busy planting beans and praying for rain.

Foley's Honey and Tar is the best known and most successful family cough medicine on the market and the following letter is positively true and genuine:

Says "It Acts Like Magic"

Gilbert Fleming, 3011 Burling Ave. Los Angeles, Cal., writes: "I have much pleasure in testifying to the very great benefit my family and I have derived from the use of Foley's Honey and Tar. It positively acts like magic, and to my mind there is nothing on the market that can compare with it. Whenever there are any of our household suffering from heavy colds or bad coughs or hoarseness, we at once get a bottle from our local drug store, and after one or two doses obtain instant relief. Your company deserves great credit for such a valuable production and from our own experience we cannot do otherwise but recommend it to our friends and, this we willingly do and will continue to do so."

**Foley's Honey and Tar COMPOUND**

CLEARs THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and cools the raw, inflamed surfaces with a healing, soothing medicine.

Coughs that "hang on" after the grip or "flu" are relieved by **Foley's Honey and Tar.**

**Building Your Character**

The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you monetary returns from your investment but it returns a dividend in good reputation.

**\$400,000,000.00**

Is a lot of money for a country boy to control. Yet that is said to be the resources of the great Continental and Commercial Bank of Chicago with its allied institutions of which George M. Reynolds, who was raised on a farm, is President.

His first venture was as janitor in an Iowa country bank, then a bookkeeper; all the time he studied and worked hard, believing "that in life, as on the farm, you reap what you sow."

Such enterprise did he exhibit, such ability did he develop, and so CAREFULLY DID HE SAVE HIS MONEY that on his 21st birthday two clear-sighted friends backed him in his desire to seek out larger worlds to conquer.

It is industry and thrift such as Young Reynolds developed in himself that this bank wants to encourage among its young customers. To that end we pay 4 per cent interest on deposits that remain three months or longer and a dollar, if need be, will start the account.

**For Every Farm Home**

there is a **HOOSIER SYSTEM** of just the right size to care for all water supply requirements

EVERY farm home-owner may enjoy the benefits which are derived from a supply of running water—under pressure. Water is needed so often throughout the day for so many household needs, and to be obliged to depend upon a hand pump is inconvenient. With a **HOOSIER SYSTEM** installed in your home you can have a supply of running water in the kitchen, a modern bath room, on the lawn for sprinkling, and at the barn for watering stock and washing vehicles.

A **HOOSIER SYSTEM** is easily installed, simple to operate, and the upkeep is negligible. It also requires but the least amount of personal attention.

The **HOOSIER SYSTEM** shown is for shallow well pumping, and electrically operated. The automatic controller maintains ample working pressure in tank at all times without the need for personal attention. Pump has a capacity of 250 gallons of water an hour, pumping against a pressure of 50 lbs. The tank is coated inside with Hoosier Anti-Rust Enamel, which prevents rust and corrosion. No chance for water contamination where the Hoosier Tank is used, and for this reason it is your interest to see that your water supply system is a Hoosier.

This is a compact and serviceable water supply system of sufficient capacity to care for almost any home.

WHY Men of Medicine Oppose Euthanasia

Although attempted suicide is a felony punishable with severe penalties these are rarely inflicted, coroners' juries being inclined to assume that trouble or pain had driven the sufferer temporarily insane. And many persons hold that under certain circumstances a person has a right to die, a right to demand that his physician give him a lethal dose of poison that will end his sufferings with a painless death, called euthanasia. But a doctor who lent himself to such an arrangement would be committing murder under the law, and the grossest of malpractice, that would at least result in his expulsion from the profession. Those who argue for euthanasia would have the law and the rules of the medical societies changed to permit what they would call this work of mercy. Physicians, however, do not desire to have any such responsibility thrust upon them. It is all very well to talk of "hopeless" cases, but no experienced doctor dares call any case "hopeless," for all who have had a large practice can recall cases that have seemed utterly hopeless suddenly take a turn for the better and recover. In the words of the Lancet (London), "the medical profession would disclaim anything approaching infallibility." "While there is life there is hope" is an old proverb that the medical man has to justify by providing examples of its application. Nor would the doctor care to share the responsibility with any one else. Is the patient to be the judge? Must the sufferer's wife or other relatives be consulted? How about the insurance companies that hold policies on his life? Then there are the many possibilities of complications after death. Suppose, for instance, a question were to be raised as to whether the condition of the patient justified the legal murder, as it very well might be. This would scarcely make for the peace of mind of the responsible physician. This summary of the Lancet's argument leaves out of consideration all the religious and ethical principles that are involved.

AIDED BROTHERS IN FIELD

How Women in Civil War Times Went About Their Activities in Work of Mercy.

The activities of women in war work recalls the work of the women during the Civil war in a little village of New York, William H. Shelton, in a reminiscent article in Century, says: "Our village had a decided opinion about the war, and when the ladies who had played battlesore and shuttlecock wanted to do their bit in a Red Cross way they selected the little red cannon house as the scene of their activity. The yellow gun carriage, with its double trail, was wheeled out upon the grass, its brass gun actually pointing south, with the round iron balls hard by in the portable chest, to make way for tables and chairs. Here at fixed intervals the ladies met to make havelocks and pick lint. For the first they brought good cotton drilling, and for the soft lint they scraped the oldest sheets and pillowcases of fine linen from their grandmothers' wedding chests."

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

Toledo Fights Wood Alcohol. Toledo—With seven dead within two weeks, the police have opened a crusade against dealers in wood alcohol and other poisonous drinks. Prisoner Is Discharged. Milwaukee—Frank Williams admitted that he had been drunk. "But your Honor, I had just cause," he pleaded. "I was celebrating because I found a house to live in." Coin to Commemorate Pilgrims. Washington—The bill authorizing coinage of a special 50-cent piece to commemorate the 300th anniversary of the landing of the Pilgrims, was signed by President Wilson. 750 Papers Are Forced To Quit. Chicago—Several hundred daily and weekly newspapers were forced to suspend publication in the last year by the shortage of print paper, editors declared at the final conference of the Inland Daily Press association. Calls War Criminals To Court. Berlin—The German war criminals, on the list recently presented to the government by the Allies, have been summoned by the Chief Imperial Republic Prosecutor to appear before the Supreme Court at Leipzig between June 7 and June 20. Fix 30 Billions Due To Allies. Paris—It is understood in official circles here that the Anglo-French conference at Hythe decided that the sum total which Germany should pay as reparation would be fixed at 120,000,000,000 marks gold, or approximately \$30,000,000,000. Sustains Beer Bill Veto. Boston—The State Senate refused to pass over the governor's veto the bill fixing the alcoholic content of beer at not over 2.75 per cent. The vote was: Yes, 14; no, 22. Before the measure went to the governor, the Senate was recorded 28 to 6 in its favor. Postage Raise Delay Urged. Washington—Sound public policy requires the postponement for one year of the scheduled two annual increases in second class mail rates, the house postoffice committee declared in reporting formally the bill extending existing rates until June 30, 1921. Deserter Surrenders After Two Years. Chillicothe, O.—After nearly two years of hiding in the caves in Hocking Valley, near Adelphia, Ohio, in the fear that he would face a firing squad if discovered, Carl Amerine, 24, a deserter from the 84th division, gave himself up to military authorities at Camp Sheridan, near here. Arm Broken; Married Just the Same. Grand Rapids—Although he had received a fracture of the arm through a fall down stairs at his home, Charles Romulda proceeded on his way to the county clerk's office for a license to marry Hazel Buckmaster, 16. They were married at once. Then Romulda hurried to a physician to have his arm set. No Sugar For Us, Say 500 Men. East Palestine, O.—Five hundred employees of a tire and rubber company here have signed an agreement not to use sugar in their coffee or tea until the prevailing high price of the sweetening commodity declines. The agreement is said to be the first of a number in an attack against the high cost of living. German Throne To Be Auctioned. New York—The Imperial German throne is to be sold here at auction. Household effects of former Kaiser William, the former kaiserin and other members of the German imperial family, seized from the imperial palace of Berlin and Munich for unpaid bills after the emperor had abdicated also will be sold under the hammer here. Offers Farmhands \$25 Week, Board. Morristown, N. J.—The highest wages probably ever offered in this section of the country for an ordinary farm hand appears in an advertisement of a local farmer, who will give \$25 a week and board and a day off each week. Farmers are desperate on account of their inability to secure help, which is far more scarce than during the war. War Offenders Convictions Upheld. Washington—Conviction of Daniel O'Connell, lawyer, and five other residents of San Francisco, for violating the selective service and espionage acts, was upheld today by the supreme court. All the defendants were members of an organization known as "American patriots," which they claimed was formed for the purpose of testing the constitutionality of the selective service act. France's War Loss Is Heavy. Paris—What is perhaps the first concise and comprehensive statement of France's war losses has just been made by Capt. Andre Tardieu, former French high commission in the United States. In describing what he calls the "balance sheet" of France, Capt. Tardieu states that during the five years of the war 8,000,000 men were mobilized, of whom 1,400,000 were killed, 800,000 maimed and 300,000 wounded. France thus lost 57 per cent of her men under 32 years of age.

Another Royal Suggestion MUFFINS and POPOVERS From the NEW ROYAL COOK BOOK. BREAKFAST is too often eaten as a duty rather than a joy. The success of the day may depend upon the spirit of breakfast. The Royal Educational Department presents some breakfast dishes that will send the children to school with a hip hip hurrah and his majesty man to his daily duties with the "up and doing" feeling which knows no discouragement. Muffins: 2 cups flour, 3 teaspoons Royal Baking Powder, 1 tablespoon sugar, 1/2 teaspoon salt, 1 cup milk, 2 eggs, 1 tablespoon shortening. Sift together flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tins and put two tablespoons of batter into each. Bake in hot oven 20 to 25 minutes. Eggless Muffins: 2 cups flour, 4 teaspoons Royal Baking Powder, 2 tablespoons sugar, 1/2 teaspoon salt, 1 cup milk, 2 tablespoons shortening. Mix and sift dry ingredients, add milk and melted shortening and beat until smooth. Bake in greased muffin tins in hot oven 20 to 25 minutes. Corn Muffins: 3/4 cup corn meal, 1 1/4 cups flour, 4 teaspoons Royal Baking Powder, 1/2 teaspoon salt, 2 tablespoons sugar, 1 cup milk, 2 tablespoons shortening, 1 egg. Sift together corn meal, flour, baking powder, salt and sugar; add milk, melted shortening and well-beaten egg; mix well. Grease muffin tins and drop two tablespoons of mixture into each. Bake about 35 minutes in hot oven. Popovers: 2 cups flour, 1/2 teaspoon salt, 2 eggs, 2 cups milk. Sift together flour and salt. Make a well in flour, break eggs into well, add milk and stir until smooth. Pour into hot greased gem pans and bake 35 to 35 minutes in a very hot oven. If taken out of oven too soon they will fall. Unique Belgian Sport. Sand-boat racing is a sport enjoyed by Belgians and visitors along the sand dunes of La Panne. The boats are so named because they are sailed on the shore. A small frame is spread on four wheels and on the cross bars of the frame is set a good sized mus and sail. This wheeled craft is guided by a rope, as boys steer a boat sledge or a small wheel. In a good breeze the boats make 15 to 20 miles an hour. The sand sailor can tack or turn his craft around just as easily as if he were sailing on water. To Have and Not to Hold. An employee of the Century company was behind the counter one day when a roughly dressed man entered and asked if any stories were wanted. The stranger had the appearance of having just come off an emigrant ship. Anything he cared to leave would be handed to the editors, the clerk told him. The man turned and walked out; the Century company had lost Robert Louis Stevenson.—William W. Ellsworth, "A Golden Age of Authors."

That it is necessary to go farther than Detroit to keep one's marriage a secret was demonstrated to a popular Cass City couple Wednesday evening when a company of their friends let them know the secret was out by making them the center of attraction of an impromptu auto parade, the car of the newly-weds being easily distinguished by an attachment of tin cans and bells. The news came out when one of their friends found the marriage license notice in a Detroit daily. The marriage occurred Friday at Detroit and the newly weds, a Lyle Koepfgen, a progressive Elkland township farmer, and Miss Ersel Wallace, daughter of Mr. and Mrs. A. J. Wallace. Both young people have always lived in this community and a host of friends are extending to them best wishes.

## HENS SOON TO LAY THE YEAR AROUND

Direct Marketing Possible When Egg Production Covers All Season, Says M. A. C. Expert

Abundant production of eggs during the fall and winter months, as well as in the spring and summer, is a possibility in the not far distant future, according to Professor C. H. Burgess, poultry specialist at the Michigan Agricultural College. Selection of better hens, and proper care and feeding are increasing egg production on Michigan farms and distributing it more evenly over the entire year.

Direct marketing by the producer, avoiding cold storage and the middleman, will be possibilities when hens take up their year-round laying. This would mean a higher price to the farmer, and at the same time a lower cost to the city consumer.

"In the past, practically all of our heavy egg production has come in the spring and summer," says Professor Burgess. "This has made it necessary to use cold storage in carrying eggs over for the slack periods in the fall and winter, at which time the demand is just about as great as it is in the spring. Under this indirect system, the cost of marketing has often been greater than the actual cost of production, with the result that egg prices are 'sky high' at times.

"Fortunately the fall and winter production of eggs is fast increasing in Michigan. Culling of farm flocks which is being done by the extension division of the agricultural college is putting a better grade of hens on the farm—hens that produce more eggs and spread their laying out over the year more evenly. Improved housing and feeding practices are also playing their part in this increase."

Community marketing will be the next step after year-round production comes, and this will solve the question of profits on farm poultry.

## DEPUTY SHERIFF HUMES FOILS PAROLE BREAKER

Willie A. Hawley, 22 years of age, who broke parole at Martinez, California, was captured Friday by Deputy Sheriff Humes at his grandmother's home at Vassar, where he intended to stay over night. He was immediately taken to Caro and put under lock and key to await the arrival of R. B. Veale, sheriff of Contra Costa county, Martinez, Cal., who will take the prisoner back with him. Young Hawley is implicated with stealing an automobile and is facing a charge of grand larceny.—Vassar Pioneer.

## STRIKES VEIN OF FINE COAL.

While drilling a well on the property of Edward F. Krauss at Sebe-waig, George Collier struck a deposit of coal. The vein is between three and four feet thick and is of an exceptional quality. There is a vein of rock from two to three feet thick over the coal, which leads Mr. Collier to believe the coal deposit may be quite extensive.—Blade.

## COUNTY EIGHTH GRADE EXERCISES ON JUNE 11

The Tuscola county eighth grade exercises will be held at the M. E. church at Caro at 10:30 a. m. on Friday, June 11. Over 300 eighth grade graduates are expected to be present to receive diplomas from the board of examiners. A. N. Cody, superintendent of Flint schools, will give the class address. Graduates are urged to be on the courthouse square at ten o'clock where they will form in line.

## THUMB NOTES.

Last Tuesday afternoon while playing ball on the school grounds, Frederick Eilber had the misfortune of meeting with the painful accident of breaking his leg in rather a peculiar manner. Frederick was catching, Kenneth King pitching, a foul ball was struck and both catcher and pitcher made an effort to capture the ball and in some manner their legs got twisted with the result that Fred-

erick is now out of the game, and will be missed greatly by his schoolmates, who are indeed sorry for his misfortune.—Ubyly Courier.

Beginning with the end of the fiscal year, June 30, the Harbor Beach post office will be advanced to the rate of a second class office.

John J. Campbell of Pigeon was elected at the Democratic state convention at Grand Rapids to go as a delegate to the Democratic national convention which will be held at San Francisco.

Nineteen year-old Edward Brudick, son of Mr. and Mrs. August Brudick of Minden, killed himself Tuesday afternoon by blowing the top of his head off with a shotgun, while he was supposed to be shooting at birds in the woods near his farm home. A handkerchief and stick tied to the hammer of the gun showed that the boy apparently had placed the muzzle of the gun at his head and pulled the trigger with his foot.

Corra Adella, the little three year old daughter of Mr. and Mrs. Will

Courter, living south of Imlay City, had a narrow escape from drowning last Friday afternoon. With some other children she was playing along the river near Foster Road. She got too near the edge and the bank caved in, precipitating the child into the stream. The electric car, due at Imlay at 4:10, was passing and Conductor Alvin Pearsol happened to hear the children scream and stopped his car. The motorman, L. H. Palmer, plunged into the water and caught the little girl just as she was going under. She was unconscious but soon revived and is none the worse for her experience.—Times.

## Receding Chins.

Generally speaking, a receding, weak chin is a poor sign in man and woman. It does not denote a warm nature, shows a lack of moral and mental force, and indicates that its possessor is easily discouraged. All the same, it does not do to sum up anyone from the chin alone. There may be other characteristics which counterbalance defects.

# THE TECKTONIUS SILO

The Silo With Superior Silo Fixtures--So Infinitely Better That They Have Set A New Silo Construction and Service Standard. ❧ ❧ ❧

## Your Farm Needs a Silo

Comparatively few agriculturists realize the extent to which the cultivation of hay and grain crops deplete the soil on which they are grown. It is estimated that a ton of clover requires 41 lbs. of nitrogen, 7 lbs. of phosphorus, and 44 lbs. of potash—which in other words means a usage of ten dollars worth of fertility from the soil.

A ton of wheat consumes about nine dollars worth of fertility from the soil; a ton of alfalfa about ten dollars, and a ton of corn about nine dollars.

Thus it can be seen readily that corn for silage takes less per ton from the land on which it is grown, and produces 4 to 5 times the amount of food when used as silage, than any of the other grains. This simply means that corn silage will feed two or three head of cattle on land that without a silo would feed but one.

Authorities estimate that every head of cattle returns to the soil each year about thirty-two dollars in fertilizing material.

Can you afford to deny your farm this benefit? Think it over—a silo and cattle are unquestionably the easiest and cheapest way of rebuilding your land.

### DOES YOUR SILO NEED REPAIRS?

We are prepared to furnish you with Fir Staves, Hoop Supports, Lugs, Anchors, Cable, etc.

### SILO ROOFS.

We are to quote prices on Galvanized Roofs for any kind of Silo—Wood, Solid Concrete, Cement Stave, Glazed Tile, etc.

We are also in position to cut rafters, plates etc., for a roof of wood construction. Give us the diameter—we'll do the

WOOD OR GALVANIZED STEEL ROOF. One Third Pitch or Gambrel furnished—with or without Dormer window.

INNER TOP HOOP is automatic in conjunction with outer top hoop. Another exclusive TECKTONIUS feature.

Patented June 25, 1918; Aug. 6, 1918. SELF-ADJUSTING HOOP FASTENERS. Automatic take up. No tightening or loosening of hoops by hand, as with other silos. An exclusive TECKTONIUS feature.

SELF-ADJUSTING DOOR FASTENERS. Automatic adjustment of silo at door to contraction and expansion of staves and hoops. Still another TECKTONIUS exclusive feature.

TECKTONIUS PATENTED "HINGED" DOOR. Locks each corner of door. Keeps door opening absolutely air-tight. Suspended from four points. Cannot sag, bind, or stick. Instantly removable from hinge. Door swings inside silo clear of door opening.

BOX CAR, GRAB IRON LADDER. Span Rods and Ladder Rungs project out 5 inches and 15 inches apart. Safe and convenient ladder.

DOUBLE CHECK ANCHORAGE SYSTEM. One piece cable is attached to second to top hoop at two points and engages foundation anchor iron embedded in concrete. Makes silo wind and storm proof.

# URGES U. S. TAKE ARMENIA MANDATE

ASKS CONGRESS TO ALLOW AMERICA TO BREAK RULE OF TURKS.

WOULD SEND WARSHIP, TROOPS

Leaders Are Mum On the Outcome As Message Is Read in Both Houses.

Washington.—Authority to accept for the United States a mandate over Armenia was asked of congress by President Wilson. The executive said he was conscious that he was urging "a very critical choice," but that he did so "in the earnest belief that it will be the wish of the people of the United States that this should be done."

The president's message was read in both the house and senate, but was discussed in neither. Each house referred it to its committee on foreign relations and there was no indication when either committee would take it up.

Senator Lodge, of Massachusetts, Republican leader and chairman of the senate committee, had no comment to make on the executive's recommendations. In the past, however, he has declared emphatically his opposition to a mandate.

Senator Harding, Republican, Ohio, chairman of the committee which investigated Armenian affairs, said he would never consent to taking a mandate over Armenia and added that he did not think the senate would consent.

"The foreign relations committee," he said, "was almost unanimous against a mandate, Democrats as well as Republicans opposing such a step."

Senator Harding is the author of the resolution recently adopted by the senate congratulating the Armenian people on the recognition of their independence and asking the president to send a warship and marines to Baku. President Wilson referred to this resolution in his message but senators pointed out that this measure was adopted as a substitute for one by Senator Williams, Democrat, Mississippi, proposing the mandatory for Armenia.

The president in his message, informed the senate that he had accepted the invitation of the allied supreme council that he undertake "to arbitrate the very difficult questions of the boundary between Turkey and Armenia," saying he had thought it his duty "to accept this difficult and delicate task."

Provision for mandates over former subject peoples is made in the treaty of Versailles and it is set forth that such mandates shall be executed under the league of nations, but since the United States is not a member of the league, administration officials said that if congress decided that the United States should act for Armenia the treaty provisions would be waived in this case.

## SUGAR BARONS FACING PROBE

Government Seeks to End Shortage By Sweeping Investigation.

New York.—The government will seek to obtain fair distribution of the country's sugar supply through a sweeping investigation of sugar brokers who ignore conditions of their federal licenses, Armin W. Riley, special assistant to Attorney-General Palmer, announced.

This announcement followed closely upon testimony before the joint legislative committee investigating profiteering, by Herbert Hoover, who charged the government with responsibility for the present high price of sugar because of its failure to authorize the sugar equalization board to purchase the Cuban crop last year for 6 1/2 cents a pound and upon announcement that the price of refined sugar had been increased to 22 1/2 cents—an advance of three cents within a week.

## DENIES SUGAR SHORTAGE EXISTS

Preserve Makers Will Stay Out of Market Until Price Drops.

New York.—The National Preserves and Fruit Products association announced that its members will stay out of the sugar market until the price of sugar comes down from its present high level. The association claims to represent 85 per cent of the manufacturers of the country, who make jams, jellies and preserves.

"The so-called shortage of sugar does not exist" read a statement by Marcus Blakemore, president of the association who has investigated available supplies with the help of the department of justice and representatives of the refining industry.

## Brusiloff Supreme in Russia, Report.

London.—Gen. Alexis A. Brusiloff, former commander-in-chief of Russian armies under the imperial regime and later under Kerensky, has for the time being virtually assumed the supreme authority formerly wielded in the Russian soviet government by Nikolai Lenin and other people's commissaries, according to a statement printed by the Daily Telegraph. Rumors that a military coup had been sprung at the Russian capital have been current several days.

GAGETOWN NEWS

Farm House Burned—

The small house on Angus Crawford's farm burned Sunday night. The house was occupied by a Mexican family. The mother, a very old lady living with the family, died Friday night. Her funeral was held at St. Agatha's church Monday morning.

Crawford-Lloyd Nuptials—

Miss Mabel Crawford, eldest daughter of Mr. and Mrs. Hugh Crawford, of Brookfield and Mr. Ernal Lloyd, son of Mr. and Mrs. Clarence Lloyd of this place, were married Friday at the home of Rev. and Mrs. Morrison in Saginaw. Their wedding day was a perfect one, except threatening showers of rice and old shoes. The young people are highly respected. They will, after a short honeymoon trip, locate in Pontiac where Mr. Lloyd has a position.

Church Home Coming—

On Thursday, June 17, the congregation of the M. E. church will hold a home coming, the first in the history

of the church at this place. Invitations are issued and sent to all past pastors and to members who have moved away. Just a grand old ingathering of shepherds and their sheep who have sought other pastures. The loaves and fishes will be served to the multitude in the church on the hillside for dinner and supper. And "whosoever will may come to the feast" and partake of the spiritual and physical food that await you. A large program has been arranged for outside talent. The church has been repaired and presents a very dressed up appearance for this occasion. The word "Welcome" in its fullest extent is extended to all.

CHURCH NEWS.

Greenleaf Presbyterian—Paul J. Allured, Minister. Service on Sunday, at 8:00 p. m.

Christian Science—Services are held every Sunday morning at 11:00.

Methodist—Things are doing at the Methodist church and there is a place on the program for everyone who will take part. This is the time of year to explode that old theory of the "Summer Slump." Every individual in the community can do their part, and do it well, to make the life of the church strong and attractive. It means an effort to be sure, and so does every other worth while thing. Can the church count on YOU to postpone your lake trips long enough to pay your vows and throw your influence in the best possible channels? A hammock and a good book may offer more "comfort," but you don't go to Heaven in a rocking chair and that isn't the kind of comfort that the world is looking for after all. It pays to put your life where it will count most for yourself and others—in the long run.

Next Sunday morning the pastor will preach on the subject: "Christianity, A Life." The evening subject will be: "Are You a Person of Distinction? or Who's Who." The Sunday school is making toward the 200 mark and the Epworth is on the "home stretch." The duties

of the newly elected cabinet will be assumed on and after June first. A number are planning to attend the greatest of all young people's gatherings at Albion, the summer institute. Hundreds of the best young people meet there with the most things in common. It is a wonderful occasion of inspiration and uplift.

You are invited to these happy, hearty, helpful frank services.

Evangelical—Sunday school at ten o'clock. Morning worship at eleven o'clock. The pastor's sermon subject is "Life Work Decisions." The financial campaign of the Forward Movement of our church through the United States and Canada begins on Sunday, June 6. Let us all be prepared to make a substantial and sacrificial 5-year pledge for the work of this great movement. The Young People's Societies meet at 6:45. Evening service at 7:30. Prayer meeting on Thursday evening at 7:45.

Free Methodist—The fourth quarterly meeting of the Wilmot Cass City circuit will be held at Craft's Hall commencing Friday evening, June 4. Services as follows: Friday evening, 7:30 p. m., preaching; Saturday, 2:00 p. m. and 7:30 p. m., preaching; Sunday, 9:30 a. m., love feast followed by preaching; Sunday, 7:30 p. m., preaching. All services conducted by Rev. S. H. Porterfield, D. E. Wm. Middaugh, Pastor.

AMERICA NOW LAND OF HOPE TO ALL NATIONS

Continued from first page.

el westward on the Great Pacific you arrive at the Far East. It may be that God will work out here in this fair land of ours His mightiest movement for the good of humanity. So that it may be said of our country as Mordecai of old said to Queen Esther, "Who knows but that thou art come into the kingdom for such a time as this?"

"What makes a nation great? It is the character, the ideals, the spirit of the people. It is of strategic importance that our American ideals be implanted in youth. Just as it is difficult to become proficient in the art of Christian living unless you begin practicing in youth, so you will not become expert in the art of American citizenship unless you begin as boys and girls. Here lies one of the immeasurable powers of our public school system—inculcating the American spirit in youth.

"One element of greatness in a nation is a keen sense of justice. A distinguished citizen whose departure we all mourn has expressed it with characteristic force—a square deal—Theodore Roosevelt—a fair chance for every man, woman and child to enjoy the fruits of their own efforts.

"A great nation must produce a great truth. Palestine stands for the truth of the unity of God; Rome, the unity of law; America stands for character finding expression in democracy. Then too, that nation is great which recognizes the principle of stewardship. There is danger that in becoming a wealthy nation, we may sit surrounded with stocks and bonds and all kinds of fabulous wealth, while faith and hope and love are perishing. Patriotism is love of humanity expressing itself best thru love of your own country. America is just now the land of hope to all the nations. Shall we disappoint them, or shall we be to them a beaconlight to steer them to safety?"

"The ideals of our nation have been vindicated in the recent World War. But our greatest achievement is the destruction of the liquor traffic. Intoxicating liquor has destroyed vastly more human life than war. National victory over this scourge and plague of humanity is the supreme achievement of this generation of Americans, just as the destruction of the slave trade was the great achievement of the last generation.

"This nation is built on the self-evident truth that all men are created free and equal, and have a right to life, liberty and the pursuit of happiness. I have a right to my life, not another's; a right to my liberty, not another's liberty; a right to the pursuit of my happiness, but not at the expense or damage of another man's happiness. For the vindication of these principles, thousands of our fellow citizens have laid down their lives. Let no one think that they have died in vain. They made it possible for us to live and enjoy liberty now. Let us honor their memory and cherish that which they bequeath to us. Reverence for human life is one of the best products of Christian civilization. Wherever life is held precious and restored and redeemed when broken or soiled, there the law of Jesus Christ prevails.

"Our country's assets are the men and women, the boys and girls of our population. A nation dominated by democracy is only as good as its citizens. Democracy is liberty guaranteed by law. You can't legislate people into goodness; but a just people will make just laws. Make the tree good and the fruit will be good.

"God's plan is that Jesus Christ shall be enthroned over all the life of the world. Christianity is the only hope and security of the world. Brotherhood will become a reality when men are induced to come into the spiritual brotherhood of Jesus Christ."

A Looking Back Word. A woman always has time for reflection when she sees a mirror.—Cartoons Magazine.

H. L. McDERMOTT STILL CLINGS TO THE FAITH

Says Old Friends in Cass City and Vicinity Are Best Friends in the World.

Santa Ana, Cal., May 27. To the Cass City Chronicle:

To show my friends that I am still a believer, I wish to state that I believe Southern California to be the best place in the world to live in, but that the old friends in Cass City and vicinity are the best friends in the world.

I believe we do not need Hiram Johnson for president of the U. S. We need a booster, not a knocker. I believe in a League of all Nations, either with or without reservations.

I believe the Golden Rule should apply to nations as well as to individuals and that America should always be a leader in unselfish righteousness. Other nations will follow. I believe that Cass City does not need another meat market and grocery store, but that the farmers and merchants should pull together for the good of the whole community. I believe this is none of my business, but I like to butt in.

I would dearly love to go back there and see all my friends and hope to do so some time. I advise each and every one of you to act and demean yourselves that you may see California sometime. Don't "see Rome and die," but see California and live. Sincerely,

H. L. McDERMOTT.
