

GRAVEL COMPANIES START SHIPPING SOON

TUSCOLA CO. STARTED PLANT'S MACHINERY GOING LAST SATURDAY.

Cass City Sand and Gravel Co. Will Be Ready to Operate Within a Week.

The two local sand and gravel companies which were organized here last fall...

The Tuscola Sand and Gravel Co. started their machinery Saturday, and Tuesday had one of their bins three-quarters full...

The Cass City Sand and Gravel Co. have the installation of the plant nearly completed and expect to be ready for operations within a week...

Both plants are built along similar lines. Steam furnishes the power for operating the drag lines and complete screening, washing and loading machinery has been installed at both places.

Both companies expected to commence operations earlier in the season, but unexpected delays have retarded the work and the start is made from four to six weeks later than was anticipated this spring.

NESTLE'S PICNIC AND FIELD DAY FOR FARMERS

August 11 Promises To Be One of the Biggest Days That Cass City Has Ever Seen.

On August 11 the Nestle's Food Company's local condensary will give a reception, picnic and field day to the local patrons...

There will be no expense spared to make this day one of the biggest here in some time. There will be games and sports of all kinds. There will be speakers (prominent officials of the Nestle's Food Company, New York, the State Agricultural college and your county agricultural agent) and exhibitions of very timely interest to the farmers.

There will be a ball game between the farmers and the employees and business men which promises to be a good one. The tug-o-war between the farmers of the north and south and the farmers of the east and west, and the two winners matching for the honors, is going to be one of the best sports of the day.

The Nestle's Food Co. throughout the day will serve ice cream, coffee, lemonade and cakes free to those invited. The noon meal, we expect the farmers to make a basket picnic.

The regular milk haulers are invited to trim their trucks or wagons the best they can, using any material they care to.

are invited. You will all be welcome. Come and help us make it a day that will never be forgotten.

MARK EMERSON LOWE.

Mark Emerson Lowe, the youngest son of Mr. and Mrs. John Lowe, died July 2, 1920, age fourteen years, five months, and fourteen days.

He had been ill with spinal trouble for several months, when two weeks ago he became very much worse, and nothing could be done to relieve his suffering.

He leaves to mourn, father and mother, three brothers, John, E. Amos and Charles, two sisters, Edna and Nora.

Services were held in the Austin Baptist church Sunday morning, Rev. Willerton and Rev. Bally officiating. Interment was made in the Austin cemetery.

EXPECT MIDWAY TO BE MORE THAN FULL

Secretary Crandell Booking Many Concessions for Next Month's Exhibition.

H. T. Crandell, secretary of the fair, was in Grand Rapids Saturday where he secured contracts from the Arlington Carnival Co. to appear at the Cass City Fair Aug. 17 to 20.

Secretary Crandell says that concessions are coming in early and in great numbers for next month's exhibition.

At this date, he holds contracts which represent a greater sum than the entire amount contracted for last season. Only four weeks remain before the fair, but in that time a great many more concessions will be signed up for space on the midway.

RELATIVES SURPRISE E. W. KEATING ON 64TH BIRTHDAY

Friends from Detroit, Bad Axe and Greenleaf Hold Family Reunion Here.

On Monday, July 12, E. W. Keating celebrated his 64th birthday with a surprise party and family reunion. While Mr. Keating was busily engaged with his daily activities, the relatives and friends gathered at his home, announcing that they had come to help him celebrate the day.

At noon, the guests numbering 30 sat down to a table loaded with "goodies" and having for the centerpiece a large birthday cake with the word, "Father," written upon it with fancy candies. The afternoon was spent in visiting and having a jolly good time.

The guests from out of town were Mr. and Mrs. G. A. Bond and daughter, Vanessa, and son, Kenneth, Katherine Appel, and Mr. and Mrs. H. F. Keating and son, Edward, all of Detroit, Mr. and Mrs. John Pearce and family, Mr. and Mrs. Alex Black and family, Mr. and Mrs. James Pearce, Mrs. Nancy Fulton and Mrs. William Howard, all of Bad Axe, and Mr. and Mrs. Dugald Brown and son, Gillies, of Greenleaf.

BURGLAR ALARM INSTALLED

Exchange Bank Adds New Appliance to Protect Depositors' Funds.

The installation of a Grand Rapids safety burglar alarm system has just been completed at the Exchange Bank of E. H. Pinney & Son, thereby making another addition to the protection of the bank.

This system depends on its own power supply and is in no way connected with the municipal plant. While the system has proven a great preventative of daylight robberies, it is also a protection from night work by safe blowers. It is impossible to drill into any of the metal parts of the vault without making a contact electrically which sets the alarm gong at work and keeps it going until the connection is broken. Employees forced into the safe and locked in by robbers can make the connection and start the alarm from the inside of the vault.

PRIZES FOR BEST DRESSED WINDOWS ON AUGUST 11

Nestle's Food Co. will offer three prizes to Cass City merchants for the three best dressed windows containing Nestle's Every Day Evaporated Milk on Aug. 11, the day of the company's big picnic.

Local business places will close from noon to six o'clock on picnic day.

COAL IS NOT A PRICE QUESTION

BEING ABLE TO GET IT IS THE BIG PROBLEM THESE DAYS.

City Plant Is Down to Three-Day Supply; Two Cars Are on Way.

Coal of almost any kind is not a question of price but rather a question of obtaining, according to local dealers who are worrying along with their customers whose supply of heat units is decidedly limited at the present time and the present condition is not alone to be combatted. Every indication points to the prevailing scarcity during the fall and winter months and dealers who are watching the coal horizon are of the opinion that there is little relief in sight. Prices cannot decline. They are bound to advance with the prospective increase in freight rates and the poor consumer is face to face with bituminous coal near the \$14 or \$15 mark this fall.

Operators have had a great demand for their coal and they are apparently taking advantage of the opportunity to sell the product of their mines at a high figure. Cass City dealers have probably been more fortunate than the majority of retailers in this section of Michigan in securing shipments the past few months. The price of bituminous coal here has been around \$10.00 the past few weeks, but the supply has been limited. The price at some other points in this section has been about \$3.00 higher, it is reported, when any was available. A local dealer received a quotation from an Ohio concern the other day for coal at \$9.40 per ton at the mine which with freight rate added would make the coal cost the dealer around \$12.25 delivered here.

The municipal light and water plant had a three-day supply on hand yesterday morning. Two cars are on the way and hopes are entertained one or both will arrive before the present supply is exhausted.

The situation is not confined to Cass City and the Thumb, but all of Michigan is apparently suffering from lack of coal and prospects are not cheerful for cheerful fires in many Michigan homes this winter.

TELEPHONE SERVICE COST ON THE INCLINE

Thumb Companies Applying and Being Granted Increased Rates by Commission.

The cost of telephone service is on the incline, the companies being forced to raise rates to meet their increasing expenses. The Consolidated Telephone Co. at its exchanges at Bad Axe, Uby, Snover and Sandusky, has been granted the following increased rates by the Michigan Public Utilities Commission: Business telephone, one-party, per year, \$30; two-party, \$24. Residence telephone, one party, \$21; three and four-party lines \$18 and \$17 respectively. Farm residence phones range from \$18 to \$21 depending on the distance from the central office.

The Valley Home Telephone Co. has made application for an increased rate for its Caro exchange. The proposed one-party business rate is \$36, one-party residence \$27, four-party residence \$21, farm residence from \$21 to \$28 per year. These rates average approximately 100 per cent more than the present rates of the Cass City Telephone Co.

The Public Utilities Commission authorizes that the following additional charges may be made: \$3.50 for installing telephone; \$3.00 for moving telephone from one location to another on same premises; \$1.50 to cover directory, account, circuit and switchboard expenses in cases where service is established by the use of instruments already in place on the subscriber's premises.

CENTURY LOAF MOLDER ADDED TO BAKERY

Earl Heller believes in up-to-date equipment and the past week has installed a Century loaf molder in Heller's Bakery. This is driven by an electric motor and has a capacity of 3,000 loaves per hour. During the first operations of the machine, the force weighed up and ran 330 loaves thru the machine in 15 minutes and this speed will increase as the operators become better acquainted with the machine. Not only is the work done faster by this machine, but it insures a more uniform product.

The speed of the Century molder somewhat exceeds that of mother's hand method.

Mrs. Roy Burt, who has been visiting with George Finkle and family, returned to her home in Port Huron Tuesday.

Mr. and Mrs. G. A. Bond and family and Miss Katherine Apfel of Detroit spent Sunday and Monday at the home of E. W. Keating.

Mr. and Mrs. Earl Heller and son, Clifton, were entertained Saturday and Sunday by Mr. and Mrs. James Schwaderer at Crescent Beach.

Mr. and Mrs. E. A. Geitgey, who have spent the past three months in Detroit, returned to Cass City Friday night and will make their home here again.

Mrs. Julia Gay, who has been visiting with her sisters, Mrs. Henry Herr and Mrs. M. J. McGilvray, returned to her home in Philadelphia, Wednesday.

Mrs. W. E. Rogers and son, Warren, and daughter, Lillian, of Trenton came Wednesday to spend their vacation at the homes of A. D. Mead and Charles Rogers.

Mr. and Mrs. Barney Turner, Mrs. Iley Bailey of Caro and Mr. and Mrs. George Leach and Thomas Leach of Saginaw were entertained at the Fred Smith home Sunday.

Mr. and Mrs. O. W. Nique and daughter, Eleanor, of Decker spent Sunday at the home of J. H. Striffler. Miss Eleanor remained to spend the week with her grandparents.

Dr. and Mrs. Livingston and three children, Mrs. Albert Myron and Mrs. Stocking, all of Detroit, expect to come here tomorrow to spend a few days at the Donald Livingston home.

Edward and Fred Maier and Miss Laura Maier motored to Detroit Sunday. Miss Maier will visit at the home of Mr. and Mrs. Roy Goldie for some time. The others returned Sunday evening.

Earl Gowen, who is recovering from an attack of typhoid fever, was up town last Thursday for the first time in several weeks. The tussle with the disease left the victim 22 pounds lighter in weight.

While learning to ride a bicycle, Kenneth Bullock fell in front of the truck driven by Harold Murphy. The boy's face was badly cut so that it was necessary to take three stitches. No serious injuries resulted.

The dining room of Harry Young has been enhanced in beauty by some excellent free hand work. At the top of the wall panels have been painted clusters of fruit, each panel being devoted to one variety. James McKenzie is the artist.

Randall Spurgeon and Cameron Wallace and the Misses Aletha and Lila Spurgeon and Marian and Catherine Wallace motored Sunday to Orion. Randall Spurgeon and Cameron Wallace returned Sunday evening. The girls will visit at the home of D. Losey for two weeks.

Mrs. I. B. Auten and Mrs. C. W. McKenzie gave a porch party Thursday afternoon in honor of Mrs. M. B. Auten. Those in attendance from out of town were Mrs. John E. Seeley, Miss Alice Seeley, Alene Wiley and the Misses Ruby and Mabel Taggett, all of Caro.

Some special work is being done in the local plant of the Nestle's Food Co. under the supervision of Geo. Stoer, travelling mechanic, and Gus Benemer, steam fitter. Both gentlemen are from Reedburg, Wis. Mr. Olson, traveling engineer of the Nestle's Co., visited the plant Friday.

The union Sunday evening out-door services are attracting large audiences. Rev. Cookson opened the series July 4 with an eloquent patriotic address and last Sunday evening Rev. Dunk gave his audience a splendid sermon. These union services will continue during the summer months.

Gaylord Blankley of Toledo spent from Saturday until Tuesday at the home of S. Champion. Mrs. Gaylord Brown and daughter, Thelma, Mr. and Mrs. W. W. Blankley and daughter, Virginia, and A. J. Blankley, who have been visiting with Mr. and Mrs. Champion, returned to their home in Toledo Tuesday. Mr. and Mrs. Champion entertained their company Sunday in Bay Port.

Thursday afternoon 44 members and guests of the Presbyterian missionary society met at the home of Mrs. F. E. Kelsey. The meeting was in the form of a pot-luck supper in honor of Mrs. Kelsey, the retiring president, who leaves next month for her new home in Caro. After supper Mrs. G. H. Burke, in a few well chosen words, presented her with a beautiful leather case filled with writing material, as a small token of love in which Mrs. Kelsey is held by the society's members.

District deputy president, Mrs. B. F. Benkelman, installed the following officers of Venus Rebekah Lodge Friday evening: Past Grand, Anna Pettit; N. G., Mrs. S. Champion; V. G., Elizabeth Doerr; R. G., Mrs. Margaret Levagood; R. S. V. G., Mrs. Levi Delong; L. S. V. G., Eleanor Bigelow; I. G., Mrs. B. Gage; O. G., D. G. Wright; Capt., Mrs. Jas. Tennant.

SCHOOL TAX NEARLY DOUBLED

TEACHERS' INCREASED WAGES ACCOUNT LARGELY FOR BIG JUMP.

G. A. Tindale and Mrs. Edward Pinney Were Elected Trustees at Annual Meeting.

School taxes in School Dist. No. 5 frl., Elkland will be nearly 100 per cent higher this fall than in 1919 because of the increased cost of school maintenance. Last year's voted tax was \$8,500.00. At the annual school meeting Monday evening, the board of education's recommendation that \$16,000.00 be raised by direct tax was adopted by the tax payers.

The estimated expenditures for the coming year were announced by the board as follows: Teachers' salaries \$18,400.00; Officers' and janitor's salaries 1280.00; Fuel 1200.00; Light and water 50.00; Library fund 50.00; General expenses 1240.00.

Last year's expenditures were \$17,163.97. The greatly increased tax rate is largely due to the increased amount paid for teachers' salaries, that item jumping from \$11,920.50 to \$18,400.00.

Thirty-eight votes were cast for trustee. G. A. Tindale was elected to serve one year, he securing 34 of the votes cast on the first ballot. Mrs. Edward Pinney was elected trustee for a three year term. She received 24 votes and Dr. I. A. Fritz 11 for this office.

A detailed report of the receipts and expenditures of the district for the past year is printed on another page.

PLANING MILL HAD FIRE LOSS THURSDAY

Fire at the planing mill of The Farm Produce Co. destroyed a portion of the roof of the building yesterday noon. Fortunately the side walls of the mill are of cement. Had they been constructed of wood, the plant would probably have been completely destroyed.

The blaze started in the boiler room. Alex McLaughlan, foreman at the mill, says there had been no fire in the boiler for several days. He thinks spontaneous combustion is the cause of the blaze.

Wants Business Men and Business Farmers to Unite Their Brains, Energies and Resources

Communication.

From what I can gather of the mental workings of thinking people of Cass City and vicinity who have been in and talked to me, it seems to me that there are some things we should sit down and reason out together, heart to heart fashion, as in the good old days in America. If you will permit me space in your valued paper I would like to frankly, yet in the kindest spirit for the welfare and progressive development of our splendid community, discuss some of the very pertinent questions that now confront us and which just now occupy the thought of so many of our people. In some matters it pays to make haste slowly and at times it is far better to be wise than sorry.

I take it that it is the desire of everybody in these parts, as it certainly is my desire, to so unite our efforts and aims, in our upward striving, as to accomplish the greatest good for the greatest number, and to make Cass City and its splendid surrounding farms the best and most prosperous community on earth in which to live.

Because of certain remarks I made at the Nestle's Food Company banquet held a short time ago in Saginaw I have been accused of opposing the idea of co-operation. On the contrary I am decidedly in favor of real co-operation that has for its object a constructive upbuilding policy.

I then said and I repeat it here that if it is true, as I have heard it repeatedly rumored, that many have agreed to take stock in the proposed local co-operative grocery and meat market actuated by a spirit hostile to the business interests of Cass City, that it is my opinion a movement so conceived is foredoomed to failure.

As I see it, the day has passed, never to return in this country, when any attempt to array one class against another can succeed, and it ought to fail. The old idea, "Me and my wife, my son and his wife, we four and no more," is an exploded doctrine. The business fabric that we have built up in America is delicately interwoven; there may be some unnecessary cogs in it, but generally speaking we are interdependent each upon the other.

THOUGHT PRICE TOO LOW.

Two buyers of mercantile stocks called at the store of Daniel Croop at Deford Friday and wanted to buy the stock in a lump sum. When Mr. Croop named a price of \$3,200, they accepted the proposition and paid a small portion of the amount to bind the bargain and began selling goods that afternoon and evening. Before morning, Mrs. Croop became convinced that the price of \$3,200 was too low, and having been given a bill of sale of the stock some years ago, she decided to contest Friday's sale and locked the doors against the buyers of the previous day. They in turn put a lock on the outside of the building.

Securing counsel from a Caro attorney, Mrs. Croop was advised to have the stock inventoried and S. A. Striffler, B. J. Dailey and L. H. Wood went down from Cass City the first of the week to do that work. The inventory showed a stock valued at nearly twice the lump sum price which was named last Friday.

HOSPITAL NOTES.

John Henderson entered the hospital Monday night and Tuesday was operated for amputation of the left leg just below the knee. Considering his age of 79, he is doing very nicely.

Roderick, son of Mr. and Mrs. Neil Kennedy, and Beatrice Koepfgen were operated for tonsils and adenoids Tuesday.

Mrs. John Sandham, Billy Noble of Detroit and Elsie Burnett of Deford were operated for removal of tonsils Wednesday.

Mrs. Chas. Colby of Uby entered the hospital last Tuesday and was operated for removal of glands from the neck. She went home Sunday.

Louisa Erard, daughter of Mr. and Mrs. John Erard of Argyle, entered the hospital last Tuesday and was operated for appendicitis. She was able to go to her home Monday.

Mrs. James Souden and Mrs. Mary Price entered the hospital Tuesday, July 6, and Wednesday both underwent serious operations. They are doing nicely.

Mrs. John Schweiss of Caseville entered the hospital Sunday, July 11, and underwent an operation that day. She is doing nicely.

Mrs. Lloyd Reagh and Mrs. John Depner, the latter of Caseville, entered Sunday, July 11, and Monday underwent serious operations. Mrs. Depner is in a very critical condition.

S. W. Striffler has purchased the Robt. McMinn residence property on Seeger St. Mr. and Mrs. McMinn expect to move to Ann Arbor next month. Their son, William, is a student at the U. of M.

It seems to me that a lack of understanding of each other, to some extent, exists between the business men of Cass City and the farmers who trade here, a condition that may be broadening instead of growing less, and the reason for this is not blamable entirely to the farmers either.

On my occasional trips back to Cass City from the West to visit my family here, in years gone by, I have called attention, among other things, to the need of a rest room and comfort station in Cass City. The idea was always commended but fell on deaf ears, except with the women living in the country, some of whom took the trouble to write me their approval of the idea.

I once read a synopsis of an address made by a noted Western preacher before some 1,500 members of a Business Men's Club in Buffalo, N. Y., in which, for some shortcoming he considered them guilty of, he told them "they were contemptible and content."

He thus coined an expression that I think exactly fits the Cass City Business men's past attitude toward this very important matter of a rest room. There doubtless are other shortcomings that might be mentioned, but for the purpose of this letter this one thing is sufficient.

Men, you have but yourselves to blame, if this great lack is resented by farmers' wives and if their husbands purpose an establishment of their own to remedy it. Heretofore, I could talk only as a visitor; but now I am one of you and I demand to be heard. In being heard no one need doubt that I and the interests I represent are willing to do our full part, either in taxes or otherwise, in righting this long neglected wrong. When this is remedied let us address ourselves to other needed reforms.

Now to return to the first thought. I am first, last and all the time for co-operation. By this I mean, a union of the brains, energies and resources of the Cass City business men and business farmers of this entire section. I am for organizing say, The Tri-Coun-

GETTING TOGETHER.

H. L. Pinney, in a communication in the Chronicle this week, advocates a better understanding between the farmers and the business men of this community and suggests a mass meeting for the formation of a community organization.

The formation of a community improvement society which includes all classes of citizens has proved to be a wonderful advantage to many communities.

"We're all together up here," says Whitehall, Montana. "We're alive. We're on our toes. We're growing. We're as healthy as the alfalfa in our own Jefferson Valley."

The committees investigate, report and recommend. Decision is left to Council of Commissioners. Provision...

as important as fertilizing their farms, and where merchants are actively improving their service all the time, just come to Whitehall."

Farmers, merchants, miners and professional men united in forming this organization. Every citizen of the town of Whitehall and of Jefferson Valley and tributary territory for miles around Whitehall is eligible for membership, regardless of the line of work in which he is engaged.

A committee of farmers, merchants and miners drew up the club's constitution, section 1 of which reads as follows:

"The objects of the Jefferson Valley Club are to acquire, preserve and disseminate valuable information and statistics concerning the Jefferson Valley and the State of Montana; to promote the commerce, industrial and public community interests of Jefferson Valley through legislation or otherwise; to adjust controversies and misunderstandings; to establish and maintain uniformity in commercial usages; to promote just and equitable principles of trade; to establish a friendly feeling and spirit of cooperation between the different branches of trade; to maintain a system of credits; to create and maintain various departments relative to agriculture, stock-raising, industries, mining, merchandizing, etc., and various other branches of community interests when deemed advisable; to provide and furnish a place of meeting and community center, and, generally, to do all things deemed best by the members of the said Jefferson Valley Club."

Seven commissioners, elected by the members, direct the club's activities. Four of these commissioners are farmers. The others are miners and merchants.

Standing committees, appointed by the Council of Commissioners for a period of one year, are held responsible for the promotion of the following community interests: Athletics, agricultural extension, county fair, agricultural marketing, beet factory, potato bureau, arbitration, railroads and transportation, tourists' park, auditing and finance, farmers' rest room and community house, mining, public charities, alfalfa and alfalfa mill, good roads, membership, publicity, conventions, excursions, legislation and municipal governments, entertainment (band, glee club, etc.), city plan and civic welfare, labor bureau, game and fish.

The committees investigate, report and recommend. Decision is left to Council of Commissioners. Provision...

however, is made for a referendum on petition of fifteen members. Whatever is decided by the votes of the membership in the referendum is promptly executed by the Council of Commissioners.

The Jefferson Valley Club is a co-operative body, organized on the basis that is sure to bring beneficial results. It is of, by and for the entire community. And the good thing about it is that thousands of other communities can say with Whitehall, "We're all together here."

Preciousness of Rarity.

We not infrequently hear the first kiss of love very highly spoken of, but a great deal may be said also for the good-by kiss of a wife's relative.—Ohio State Journal.

Ten Golden Maxims

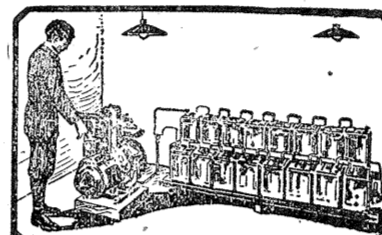

- 1. Honor the Chief. There must be a head to everything. 2. Have confidence in yourself, and make yourself fit. 3. Harmonize your work. Let sunshine radiate and penetrate. 4. Handle the hardest job first each day. Easy ones are pleasures. 5. Do not be afraid of criticism—criticize yourself often. 6. Be glad and rejoice in the other fellow's success—study his methods. 7. Do not be misled by dislikes. Acid ruins the finest fabric. 8. Be enthusiastic—it is contagious. 9. Do not have the notion that success means simply money making. 10. Be fair and do at least one decent act every day in the year.

DELCO-LIGHT

\$395

See me about the new model—the 1-2 Kilowatt—which is now added to the family of Delco-Light products—making a fine of farm light and power plants that meets varied needs, large or small.

And the price is \$395, f. o. b. Dayton, Ohio.

The 1-2 Kilowatt is a smaller size Delco-Light plant, designed for installation where the use of electric light and power is not too heavy, such as in farm homes, summer camps and motor boats. The 1-2 Kilowatt plant with a large battery can be used for pumping water, ironing clothes and operating churns, separators and other power devices.

Like the 3-4, 1 and 3 Kilowatt Delco-Light plants—the 1-2 Kilowatt has the famous valve-in-the-head engine. It is air cooled, runs on kerosene, and is furnished with a thick plate long-lived Delco-Light battery.

We also have a 1-Kilowatt Plant with a pulley for running a line shaft.

Building Your Character

The name of the bank with which you do, business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you monetary returns from your investment but it returns a dividend in good reputation.

Make This Bank Your Best Servant.

Mr. and Mrs. Charles Beardsley of Pontiac spent over the Fourth with the latter's parents, Mr. and Mrs. Wm. Burse. The Old Way Was Cheaper. The good old days of the rheumatism are gone. He no longer totes a raw potato in his pocket. He goes to his doctor, his doctor sends him to the tonsil expert, the tonsil expert sends him to the X-ray expert, the X-ray expert sends him to the dentist, and the dentist returns him to the doctor, and the doctor sends him to the drug store it's the life, boys.—Houston Post. Odors of Plants. The odors of plants reside in different parts of them—sometimes in the roots, as in the iris and violet; the leaves in mint and thyme, the stem or wood in cedar and sandal, the flower in the roses and violets, the seeds in the tonquin bean and caraway, the bark in cinnamon, etc.—Brooklyn Eagle. An Old Settler. A mammoth's skull and tusk found at Denham, England, are said by Sir Ray Lankester to be 70,000 years old.

A big-scale road test on 3,200 tubes. How Firestone puts the miles in — and then proves it — not at YOUR expense. Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis. And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind. No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly — improvements and developments are arrived at. By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite. Firestone Tubes

IN LOVING MEMORY of our dear mother, Mary H. Chambers, who passed away one year ago on July 19, 1919.

She bid no one a last farewell
She said good-bye to none,
The Heavenly gates were opened
A loving voice said, "Come,"
And with farewell unspoken
She gently entered home.
Earth seems just another place
Without the smile of mother's face.
Sleep on, dear mother, and take your rest,
For God hath called when He thought best.
Her Children.

CARD OF THANKS—We wish to express our sincere thanks to the many friends for their loving deeds of kindness during Mark's illness and death, and for the beautiful flowers; also choir and Rev. Willerton and Rev. Bally for their many words of kindness. Mr. and Mrs. Jno. Lowe and Family.

Dear father and dear mother
Do no longer weep for me,
God saw fit to take me from you,
Though I loved with you to be.

Now my dear loving mother,
Do not weep for me I pray,
Let us hope to meet each other
Where all tears are wiped away.
Now my sisters and my brothers
Let us live that we may be
In the glorious resurrection
An unbroken family.

We all miss you, Mark, our darling
And have shed most bitter tears,
But we hope to meet and greet you
In the reign—a thousand years.

Friends and neighbors do all miss you
Your sweet gain is our sad loss;
We are in this world of sorrow,
Death's sad river yet to cross.

"The Way of a Man With a Maid"

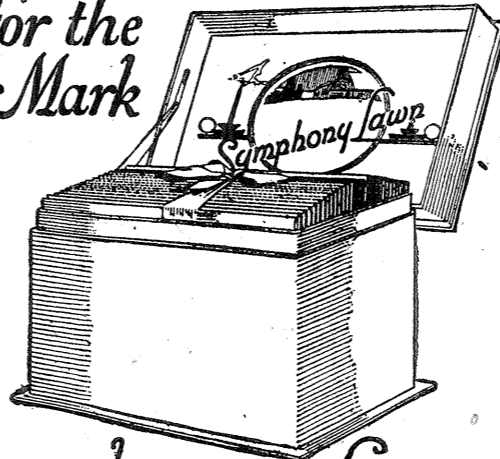

The story deals with Arthur McArney, a notions clerk who has a hard time of it living the life of a man about town on a salary of \$21 a week. He meets Elsa Owenson, a pretty stenographer, and, of course, loves her. His rival is Sankey, a wealthy broker, whose prodigality makes McArney look like a piker in Elsa's eyes.

See what happens when Mac gets a raise to \$4,000.00 a year in salary. Washburn is funny and there are many hearty laughs in this picture. Children 20c; Adults 30c.

THIS YEAR'S WAY

In years gone by bottled milk and cream were used by everybody. But the up-to-date way is Nestlé's Every Day. It is making bottled milk old-fashioned because it's so convenient, so economical, so much richer than bottled milk; and so safe and reliably pure because it's sterilized. Up-to-date people use Every Day Milk for cooking, baking, in coffee, on cereals and for all milk and cream purposes. Your grocer knows.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

III

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it more than anyone else. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

IV

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

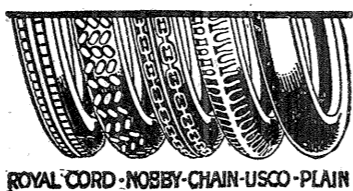

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheel—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

DEFORD.

'Tis unkindness that makes this old world sad.
 Delbert Lamb of Detroit was a caller here the past week.
 Mrs. Minerva Lewis has returned after a brief stay in Kingston.
 Bro. Phillips is on the ground, but his family have not yet arrived.
 Mrs. Wm. McCartney's daughter is staying with her mother for a time.
 Mrs. Adams takes a two weeks' vacation in Ellington, her old neighborhood.
 Mrs. John Wesley Metcalf is at Niles, Mich., again in the interest of her eyes.
 We hope our citizens who are piscatorially inclined will remember the days of the week.
 Mrs. Maggie McCaughney of Pontiac visits at N. B. Dougherty's. She is a daughter of Mrs. "Boney."
 Mrs. Bessie Holt has sold her village property to the man who occupies the Wm. Cooper house.
 Mr. and Mrs. Hiram Wilson of Saginaw, former residents of this locality, are with us visiting old friends.
 After seven weeks of crutch velleitating, R. D. Lewis stands square on his feet and holds the pipe in normal position.
 No we did not think it but comes from authentic source. Los Angeles city covers more miles than either New York or Chicago.
 "A needle, a needle," said the modern girl, "I've heard of it. 'Tis used on the phonograph." Great raw material to take charge of a family.
 Do you ask if the numbers were great at Deford on the Fourth? Not a loaf of bread, cake, biscuit or bun in the burg at 9 p. m. That answers all.
 Mr. and Mrs. Case of Detroit came Saturday afternoon and went to Detroit Sunday evening. Mrs. Case will be better known as Mrs. Neva Chadwick.
 Many of our good women bewail the experience of picking the luscious strawberry while elevated on stilts, known as the high heel shoe of the 20th century.
 Mr. and Mrs. John Retherford have shaken the dust of Deford from their sandals. They are away on a ten days' vacation to Jackson, Lowell and Woodland in their touring sedan.
 Amos Webster made a call at Caro Saturday in the service of Mrs. Croop who wishes to drive the Hebrew children from her bazaar, who claim to have a business hold thereon. Mrs. C. was counseling a "sprig of Blackstone."
 Society Hall is painted by the Silverthorn brothers a dazzling emerald green. Apparently green is fast coming the favorite color of the town. 'Ere long our morning hymn will be, "Deford—a city famous for the wearing of the green."
 Deford has since the day of birth been a potato shipping point not to be sneezed at. Now the producers of tubers have roused from their slumbers and will get the "long price" with the middle man eliminated. They are all to become members of the celebrated Cadillac potato seling association. A meeting of farmers at the town hall here Friday considered the matter.
 There should be conditions for all that land on our shores. Let them go out into the country and till the soil where they can have pure air and pure thoughts, become producers and become world benefactors. As the eagle drives the young birds out of the nest, so our government should drive the foreigner out of the city. The city is not the place to make a good citizen out of the ignorant mind.
 Our games the Fourth were more mirth creating than surprising, making all jolly and grow fat. In horse race there were five entries, distance 80 rods—Basil Curtis won 1st, Harry Knapp 2nd. Fat man's race, seven entries—Wm. Garber won 1st, Lewis Retherford, 2nd. Free for all race—Wm. Evo won 1st, H. Severance 2nd. Broad jump—Elmer Gibbs 1st, E. Roberts. Running jump—Wm. Evo 1st, Ogle Wells 2nd. Hop, step and jump—Bert Phillips 1st and J. Benkelman 2nd. Wm. O'Dell won in horribles as most seary creature on the job. Gary Quick went up the greased pole and won the "filthy lucre." In the ball game Shabbona won from Kingston without fault or wrangling. The day tapered with music and dance at Johnson's implement house 'till the small hours and fatigue told all to go home. The day was well spent.

THUMB NOTES.

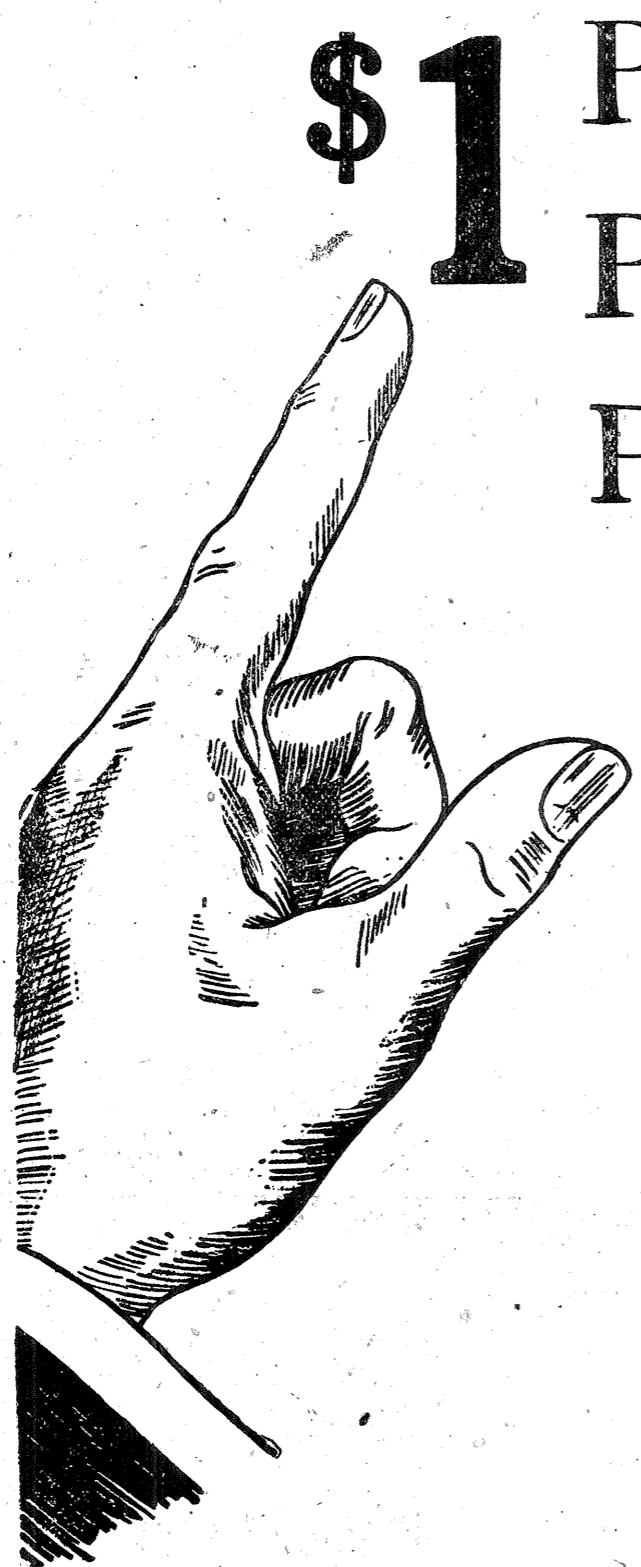

Half-day Holiday—
 The banks and other business places in Harbor Beach are closing each Thursday afternoon during the summer months.
Big Fish—
 A sturgeon over five feet long and weighing 88 pounds was caught in one of the nets of the Port Austin Fish company at Port Austin.
Odd Fellows Will Picnic—
 Sanilac County Odd Fellows will hold a basket picnic in Dawson's grove west of Sandusky on Tuesday, Aug. 3.
Close Harbor Entrance—
 Government officials have decided to close the north entrance to the harbor at Harbor Beach. The inflow of silt through that entrance and the settling of it inside the breakwater has caused the water to become shallower each year and it is to prevent this that the gap will be closed.

New Fire Fighter—
 Bad Axe has a new fire fighting apparatus recently purchased by the city council for \$2,500. It is a double tank chemical car.
Submits Proposition—
 The Bad Axe Power Co., has submitted to Pigeon's village council the following proposition, to furnish Pigeon with electricity: "It is proposed that the Pigeon Council assist the Central Power Co., in selling the necessary eight per cent stock and seven per cent bonds to build a high tension line from Bad Axe to Pigeon, after this line is constructed the Central Power Company propose to sell to the village of Pigeon primary electric current as follows, Five Thousand K. W. hrs. per month at eight cents per K. W. hr., all over Five Thousand K. W. hrs., per month six cents per K. W. hr., these prices based on eight dollar coal delivered our plant, also franchise to be granted over the streets of Pigeon for selling power."
Fatal Auto Accident—
 Bruce Patrick, 11 year old son of Russell Patrick of Wilmot, who was injured in an automobile accident at the Fourth of July celebration at Marlette, died at a Bay City hospital last Thursday morning. An operation had been performed by the specialist in the hopes that the pressure might be relieved, but the little fellow failed to respond.
Bathing Beach at Harbor—
 The bathing beach proposition which has been talked in and around Harbor Beach for several years has finally taken on real form and today the city can boast of one of the best bathing beaches on Lake Huron between Detroit and Mackinac. The beach proper is three hundred and fifty feet long. And it has a playground running back one hundred and fifty feet. A pier has been constructed which runs out into the lake three hundred feet. At the foot of the pier are located two bathing houses.

Raise Non-Resident Fee—
 The fee for non-resident students at the Crosswell school has been raised to \$50 a year.

It's up to you to get in while the getting is good. The Pathé Phonograph is likely to advance in price—we can't tell how soon—so take a tip from us and get one now. Records? That's another proposition. The Pathé Single Dollar

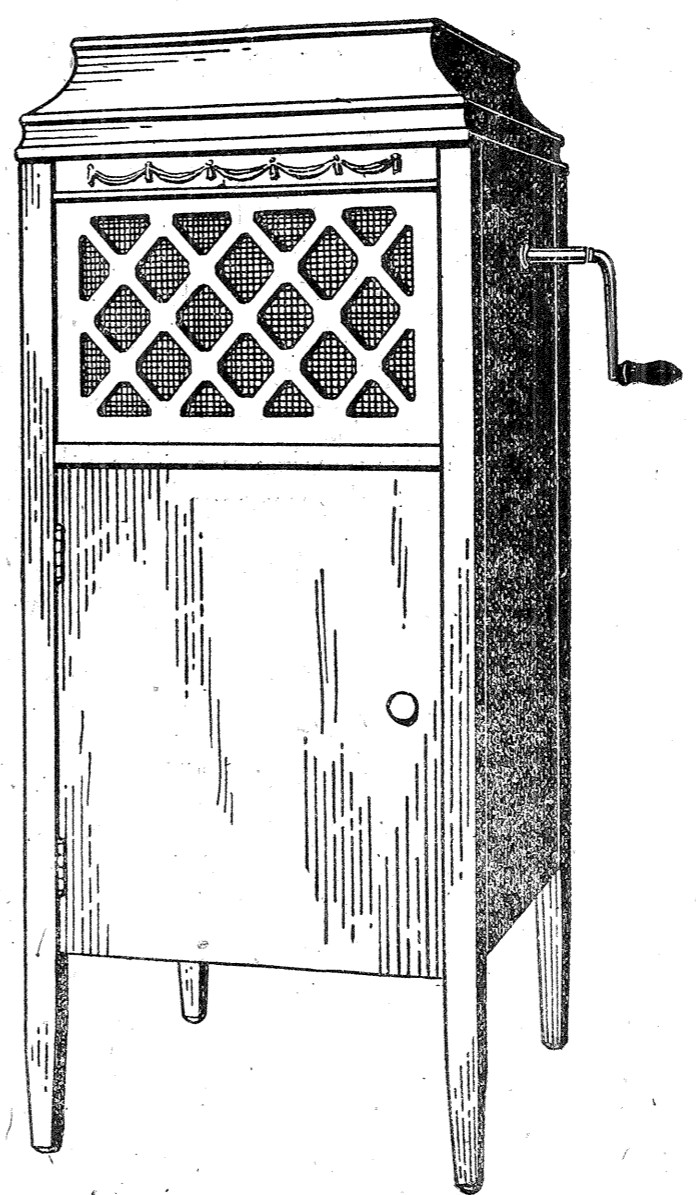

Club takes in phonographs only. Don't beat about the H. C. L. when a dollar does this. You've always wanted a good phonograph—here's your chance to get the best there is—a chance for you and a chance for 199 other lucky people.

COSTS NO MORE
 THAN THE ORDINARY
Phonograph

Model 7 is one of the most popular Pathé Models. It is supreme in design, in material and in workmanship and supreme in tone—the one big thing that really counts with any phonograph. It is mechanically right; and it plays all makes of records perfectly, bringing out every detail of every record, whether it's instrumental, operatic, vocal, band or jazz. You will never know the real enjoyment of music until you own a Pathé

Phonograph—and that might as well be now. In Model 7 Pathé Phonograph the Pathé artistic standard is faithfully typified. Mahogany or oak (Golden and fumed); all exposed parts nickel-plated; universal tone arm; Pathé perfect tone control; Pathé reproducer; sapphire ball; double-spring motor. 18" wide; 19½" deep; 41½" high. A beautiful instrument which produces beautiful music—as you want it.

WANTS BUSINESS MEN AND BUSINESS FARMERS TO UNITE BRAINS, ENERGIES AND RESOURCES

Continued from first page.

ty Business Men's Association, to include all these interests in its membership, with the farmers and Cass City men impartially represented on all working committees. I would suggest a paid secretary and have this a booster organization all the year around. Would it not be a great thing once a year to have a grand "Get-together" picnic of the men, women and children of this entire part of the country?

But I regard this co-operative store idea, if carried out, as a real economic mistake, in these serious days of reconstruction when the financial systems of the entire world are tottering in the balance. It really seems like a crime at this time to tie up \$35,000 or \$40,000 in a needless store of the sort proposed, when the money could be so much better employed in real constructive purposes.

Some of my reasons for this conclusion are:

1. I understand that the promoters do not expect it will return to its stockholders any cash dividends but will merely furnish them the vehicle for buying in car lots and thus accomplish a saving. If no profit is desired, why start it?

2. The main reason anything has been made in this line of business in Cass City is that the owners have put their minds and bodies into it 14 to 16 hours per day when necessary, for which they received no extra pay, of course. A co-operative store in charge of employees must pay for all such extras.

3. With an annual overhead expense of from \$12,000.00 to \$15,000.00, I figure that it would be a miracle if such a store could be operated without a loss, in which case its stockholders would probably pay much more for the meat and groceries they consume than they are now paying.

4. It stands to reason price slashing would be general. Such a store would force all existing stores, with a much less overhead expense, to operate at a loss and probably to fail.

But the farmer may say "that is my business, I can stand the loss." Which is very true. I contend, however, that this movement is not co-operation, except in a limited degree.

5. It is a duplication of machinery.

Many of you, but not all, already are stockholders in your elevator, which pays you large cash dividends; others of you, but not all, are in the Farm Bureau movement. All of these enterprises propose to handle stuff in car lots. How then can you avoid ruinous competition and waste through such a combination of line-ups? I can see a fine bunch of salaried jobs for numerous employees, with the farmers paying the bills, to say nothing of the damage that will result to Cass City's merchants and market, if these several conflicting enterprises get underway.

On the other hand, if real co-operation between our merchants and farmers is effected, and unitedly, say we go out after a beet sugar factory, we can put it over. Once this factory is in operation the value of farm land in this vicinity will take a jump; the cash we invest in the factory will return to us big dividends; Cass City will grow in population and improve as a market; our common wealth will be increased because of the new money this factory will bring here; and our farmers and merchants alike can then point with real pride to the part he or she had in accomplishing this grand result.

Mr. Co-operative Man, if this article meets with your approval would it not be wise to call a mass meeting of all farmers and other business men to discuss from every angle what we can best do co-operatively, organize for it in real earnest, and go out and put the thing over? Unitedly we can do it.

The foregoing, Mr. Editor, is my platform whereby we can serve one another. If carried out it will increase the contentment of farm life and make possible many other improved conditions pertaining thereto, and will build up a greater and better Cass City. Any one who can show me a better and more practical program, I am for it. Meantime, if the farmers' wives will back me up we will go after the first mentioned reform.

Respectfully,
HENRY L. PINNEY.

BEAULEY.
Prof. J. H. Oglesby of Vassar filled the pulpit here Sunday in the absence of the pastor, Rev. A. E. Tinglan, who is having a two weeks' vacation.

Miss Mildred Reader entertained nine of her little girl friends the 12th of July, it being her seventh birthday. A splendid time was had and a dainty

luncheon was served by her mother consisting of sandwiches, salad, cake and lemonade. The little friends wish that Mildred had more than one birthday a year as they had such a nice time.

The W. H. M. S. met with Mrs. T. J. Heron Tuesday afternoon. The next regular meeting will be with Mrs. C. E. Hartzell the second Tuesday in August.

Straight talk on Cream Separators by G. A. STRIFFLER Cass City, Mich.

COST—is what you put into a cream separator. VALUE—is what you take out of your cream separator.

Value in a cream separator depends upon the amount and the quality of service to be got out of it.

Because it lasts fifteen to twenty years, the De Laval is the most economical cream separator to buy. Considering its cleaner skimming, easier running, greater capacity and less cost for repairs, the price of the "cheapest" machine on the market is exorbitant in comparison.

With present high butter-fat prices and the scarcity of labor this is truer today than ever before.

We would like an opportunity to talk this over—next time you are in town

Sooner or later you will buy a
