

OUTRAGEOUS PRICES FOR SYNDICATED SIRES

COUNTY AGENT FINDS ANIMALS ARE OF THE PLAINEST BREEDING.

Plenty of Them Can Be Secured in Canada at \$150 to \$200 Each.

(From Co. Farm Bureau).

A Shorthorn breeding association is being syndicated in several parts of Tuscola county and several men have been induced to take stock in it. It consists in the placing of pedigreed sires with a farmer, the services of which are to be available to several other partners in the purchase price, the sire to be replaced by another after two years.

The proposition looks very good on the face of it, but the prices at which these animals are sold are simply outrageous, especially if the reports we are getting, that they are purchased for \$100 to \$200 in Canada, are true.

This matter is being investigated and more definite information will be given relative to it as quickly as possible. In the meantime, it would seem advisable to go a little slow before putting your money into it.

Later—Alex MacVittie, county agricultural agent, left for Canada a few days ago to secure more definite information regarding the syndicated sires and finds the reports are true. The animals, he says in a telegram from Lansing, are of the plainest breeding and are looked upon as inferior stock from that standpoint by the best breeders. Such sires are being purchased in Ontario at the present time at from \$150 to \$200. Plenty of them can be obtained at reasonable prices.

HURON AND SANILAC CENSUS FIGURES GIVEN

Little Change Is Noted in Population Figures in the Past Ten Years.

Census figures covering Huron and Sanilac counties have been made public. Very little change is noted in population figures for the past ten years.

Population of Bad Axe is given as 2,140, this place being the largest in Huron county, with Harbor Beach, whose population is 1,927, second and Sebewing third with 1,446. Other Huron county census figures announced today are: Caseville, 885; Elkton, 500; Kinde, 420; Owendale, 274; Pigeon, 780; Port Austin, 410; Port Hope, 353, and Ubyly, 455.

Crosswell is the banner Sanilac county town, as far as census figures go, the 1920 population being given as 1,678. Other Sanilac towns are given as follows: Applegate, 177; Brown City, 827; Carsonville, 536; Decker-ville, 782; Forestville, 140; Lexington, 378; Marlette, 969; Melvin, 169; Minden City, 283; Peck, 341; Port Sanilac, 135, and Sandusky, 1,228.

HURON TEACHERS' WAGES AVERAGE \$105

School Commissioner W. H. Sparling says that 45 rural schools of Huron county that he has heard from are paying their teachers an average of \$105 per month. The wages run from \$70 to \$150.

The commissioner reports a shortage of 35 teachers for the rural schools of the county up to date with 40 schools to hear from. These 35 schools haven't even had an application from any teacher.

EDWARD A. KNIGHT

Funeral Held Tuesday Afternoon Was Largely Attended.

Edward A. Knight passed away at his home in Grant township on Sunday, July 25, after an illness with peritonitis. Funeral services were held at the Robert Knight farm home in Elkland township Tuesday afternoon. Rev. O. R. Grattan, pastor of the Bethel M. E. church of which Mr. Knight was a member, officiated at the service. Interment was made in Elkland cemetery and members of Cass City Lodge, I. O. O. F., conducted the Odd Fellow ritualistic service at the grave. The esteem in which Mr. Knight was held in his home community was evidenced by the large number in attendance at the funeral, about 100 automobiles being in the funeral procession.

Edward Alfred Knight was born in Peel county, Ont., on March 30, 1881, and came to Michigan in September 1885. He was united in marriage with Miss Adeline Durfy on May 22, 1907, and they made their home in

Grant township where Mr. Knight was engaged in farming.

Besides his companion, he leaves four small children, his aged father, three sisters, Mrs. Mable Hoshal of Detroit, and Mrs. Duncan Battle and Mrs. Jas. Nesbitt of Cass City, and two brothers, Robert Knight of Cass City and Morris Knight of Seattle, Wash. His mother and one sister preceded him in death.

Friends from out of town in attendance at the funeral were Jas. Durfee of Onaway, Mr. and Mrs. Jas. Nash of Pontiac, David Knight, sr., John Hudson, David Knight, jr., and John Bracken and their families, all of Marlette, Claud Rose and family of Caro, Mrs. C. Durfee, Miss Mary Durfee and Mrs. H. Knapp, all of Bad Axe.

SAFETY FIRST FOR BABIES OF MICHIGAN

Tuscola Lost 98 Babies in Every Thousand Born in That County Last Year.

How safe is your county to be born in? Ask your local health officer.

Every county and every large city knows where it stood last summer for the state health department has sent out comparisons showing how many babies per thousand living births died in 1919. Among counties the highest record for baby safety was won by Baraga and the lowest by Montmorency where the baby death rate (165 in 1000 births) was over four times that of Baraga (40 in 1000).

Into four sections of the state the best and poorest records for counties were as follows:
Upper Peninsula—best, Baraga; poorest, Luce.
Northern (lower peninsula)—best, Alcona; poorest, Montmorency.
Central—best, Isabella; poorest, Midland.
Southern—best, Cass; poorest, Ingham.

Our county, Tuscola, lost 98 in 1000, our section (the central counties) lost 85 in 1000.
First, second and third places among the cities fall to Manistee, Traverse City and Battle Creek. Port Huron has the highest death rate with Lansing following as close second. Detroit, with its million population, is 12th from the top, ten places ahead of Alpena with a population of 11,001.

Of 83 counties, 43 had a higher rate of death than Kent and Manistee whose rate was 81 per thousand births. "With the possible exception of Detroit with its million people, not one of these 43 counties," said State Health Commissioner Olin, "can feel that it has done its full duty until it has a rate at least as low as Kent's, with Michigan's second largest city, Grand Rapids. We shall be glad to send upon request the ranking of any inquirer's county and hope for a wholesome rivalry among counties during the hot days of this summer for first place in safety for babies.

Any mother or expectant mother wishing information about the care of babies may obtain it by writing to the state health department, Lansing."

The following is a general comparison in deaths of babies per 1000 births calendar year 1919:
Whole state, 92 per thousand.
Upper Peninsula, 91 per thousand.
Northern counties, 90 per thousand.
Central Peninsula, 85 per thousand.
Southern peninsula, 94 per thousand.

THUMB NOTES.

The Farmers' Elevator Co. at Vassar has declared a five per cent dividend.

Vassar has improved its fire protection by the purchase of a new fire truck equipped with ladders, chemical attachment, pump and other paraphernalia to effective fire fighting.

The proposed raise of rates in the Vassar exchange by the Valley Home Telephone Company was deferred on the ground of insufficient evidence to warrant said raise at the hearing before the Michigan Public Utilities Commission at Lansing recently. Vassar will get a physical, through connection with the Michigan Bell Telephone Co., according to the order of the commission.

County Treasurer Rapson received this week 3,000 sets of automobile license numbers for 1921 and they are safely stored in the basement vaults of the court house. Secretary of State Vaughan has changed the system of distributing the numbers. Hereafter all car licenses can be procured from the county treasurer, which will be better than sending to Lansing for them.—Bad Axe Tribune.

A Kansas City minister found himself in the wrong destination when he reached Atwood, a railroad stop about two miles from Caro. He is connected with the Dutch Reform church and had received a telegram to address a mission festival. He had traveled two days and two nights carrying two heavy suit cases, only to learn he had about 300 miles more to travel before reaching the Dutch settlement.

BIG PROGRAM FOR AUG. 11 PICNIC

BALL GAMES, TUGS-O-WAR, HORSE RACES AND ATHLETIC EVENTS ON PROGRAM.

Detroit Aviator Will Fly; Picture Show and Dance in the Evening; All Free.

A big program has been prepared for the picnic and field day on Wednesday, Aug. 11, given for the farmers, business men and condensary employees by the Nestle's Food Co.

The morning program opens with a beauty contest in which prizes are given for the best looking people from the baby to the bald headed man. This is followed by a series of contests for ladies. Fourteen events are scheduled in which prizes are offered.

After dinner, M. B. Auten will have charge of a short program in which New York officials of the company and local business men will give addresses.

At 2:00 p. m., two games of baseball will be played and tugs-o-war held in which teams composed of farmers, business men and condensary employees will compete. These will be followed by athletic events for men and boys.

At 3:00 p. m., two trotting races are scheduled in which there are already eight entries. Later in the afternoon a farmers' hitch-up race will create lots of excitement. A Detroit aviator will fly, do aerial stunts and take passengers during the day.

Prizes are awarded each individual winner in the various contests and also each winning team. Ice cream, cake and all kinds of soft drinks will be served free throughout the day.

At 7:00 p. m., a moving picture show will be given at the Pastime Theater and at 9:30 there will be a dance at Doerr's Hall.

The company is making elaborate preparations for giving their guests an enjoyable day and good time. Detailed information regarding the several contests and other particulars regarding the program are printed on page 6.

FARM PRODUCE CO. DECLARED 7 PER CENT DIVIDEND

Stock Company Has Had a Wonderful Growth under Management of F. E. Kelsey.

The directors of The Farm Produce Co., at a meeting Monday evening, voted to declare a seven per cent dividend. The annual meeting of the company will be held Aug. 10.

F. E. Kelsey, who resigned his position as manager of the elevator department of the company, leaves this week for Caro where he has accepted a position. Geo. Burg, who has ably assisted Mr. Kelsey in the office for several years, will also leave the company this week. Mr. Burg is undecided regarding his future activities in his profession, but expects to spend several weeks in Cass City during which time he will assist in remodeling his father's residence on Pine Street.

During Mr. Kelsey's term as manager of the Farm Produce Co.'s elevators, that business has shown a wonderful growth and on a capitalization of \$20,000 has shown a profit of \$60,000 in ten years.

Within the past year, The Farm Produce Co. has purchased the lumber yard and business of the Cass City Lumber and Coal Co. and has increased its capitalization from \$20,000 to \$100,000, \$95,000 of which is paid in. H. D. Schiedel, the efficient manager of the lumber yard, was recently elected as general manager of The Farm Produce Co.'s interests. He will be assisted in the grain department by Clarence Kercher of Elkton, who expects to come to Cass City next week. Mr. Kercher has been employed as bookkeeper and assistant manager of the Wallace & Morley elevator at Elkton for several years.

SELLS NEWSPAPER IN ALTA.

A. A. P. McDowell, a former publisher of the Cass City Enterprise, has sold his newspaper at Daysland, Alta., which he established there in 1907, together with his printing plant and will go to Victoria, B. C., soon to join his family who have been residing at Victoria for some time. It is his intention to make his home in that city and continue in the printing trade. Mr. McDowell was actively connected with a number of organizations while a resident of Daysland. He served as councillor, school trustee, and fair secretary, was a member of the band, an official in the Methodist church and later in the Union church and Sunday school, and was recognized as a local preacher.

NATIONAL WOOL POOL PLANNED

GROWERS AIM TO ELIMINATE MIDDLEMEN, HOWARD ADVISES MICHIGAN.

Claim Is Made That Much Money Is Saved by Prevention of Glut in the Market.

Development of a wool pooling system similar to that established in Michigan and other mid-western states this year, on a scale that will embrace practically all of the large wool producing states in the country, thereby enabling farmers virtually to eliminate middlemen and deal directly with manufacturers, is part of the American Farm Bureau Federation program, as announced by President J. R. Howard at a meeting of representatives of mid-western state farm bureaus at Lansing Tuesday.

It is claimed that in the states where such pooling arrangements are effective this year, that hundreds of thousands of dollars have been saved farmers by the fact that machinery was available to prevent a glut in the market. Most state pools held their wool when prices slumped.

Extensive application of the merits of the "truth in fabric" bill which provides for the compulsory labeling by manufacturers of the percentage of shoddy in cloth, also is proposed. This bill is now before congress.

It was announced that the national federation is assisting in the launching of state membership campaigns in Texas, Arkansas, New Jersey and Vermont similar to that which obtained more than 75,000 members in Michigan in less than one year.

MRS. GROVER W. KEYS.

Died at Home of Parents in Grant Township Friday.

Mrs. Grover W. Keys died at the home of her parents, Mr. and Mrs. John Barnes, in Grant township Friday morning, July 23, after suffering patiently for a six months' period.

Mary Elizabeth Barnes was born in Grant township in 1893 and lived the greater part of her life in this community. She attended high school at Cass City and later graduated from the Ferris Institute. For three years she was employed by the Cass City Telephone Co. and later was engaged for a like period in similar work in Detroit.

On May 1, 1919, she was united in marriage with Grover W. Keys at Detroit. They resided three months in Winnipeg when they returned to Detroit where they continued to reside until six weeks ago when Mrs. Keys' ill health made it advisable for them to come to her parents' home in Grant.

Mrs. Keys was a member of the Trinity Reformed church at Detroit and the pastor, Rev. Frederick Bald, officiated at the funeral service held at the Barnes home Monday afternoon at 1:30. Interment was made in Elkland cemetery.

Mrs. Keys leaves her husband and infant daughter, Susan Jane, her parents, one brother, Andy Barnes of Grant, and three sisters, Mrs. Wm. Brenner of Virginia, Minn., Mrs. Leo Hopps of Detroit and Miss Lulu Barnes of Plymouth.

Those from a distance in attendance at the funeral besides members of the immediate family were Mr. and Mrs. L. Bates of Kalamazoo, Mr. and Mrs. Ephraim Main and Mrs. Wm. Main of Pontiac, Mrs. Swales of Brown City, Mrs. Martha Vallance of Detroit, Ira Jamerson of Tustin, Mich., and Mr. and Mrs. Fred Leepla of Ubyly.

LOCAL ITEMS

Miss Henrietta Robb of Marengo, Ill., is the guest of Miss Ruth Benkelman this week.

Mrs. John A. Caldwell entertained the Royal Neighbors at her home Tuesday evening.

A. C. Atwell, Earl Smith and Joseph Frutche spent from Monday until Wednesday in Battle Creek attending a hay dealers' convention.

Wm. Monroe has accepted a position with an automobile manufacturing company in Pontiac and he and his family left for their new home in that city Tuesday.

Mrs. Earl DeLowe of New York City, who has been visiting Mrs. J. T. Redwine, left for her home Tuesday. Mrs. Redwine accompanied her as far as Buffalo where Mrs. Redwine will visit this week with friends.

The Live Wire Class of the Evangelical S. S. held its monthly meeting at the Harve Klinkman home Tuesday evening. After the business session, a program was given in which Rev. and Mrs. Butzbach contributed a duet sung in the Chinese language, Edward Schwieger and Clark Helwig gave readings and the male chorus sang selections. A pot luck supper was served.

Geo. West and family expect to leave today for a trip to Ontario. They will visit at Rodney and attend the home-coming at Highgate. The Wests started last season in taking a week's outing during the summer, and following the custom established then, the blacksmith shop of West & Son will be closed for the coming week while the proprietors are enjoying a well-earned vacation.

J. P. Howe of Los Angeles, California, was in Cass City the first of the week renewing old friendships and visiting with his former business partner, N. Bigelow. Howe & Bigelow were associated in the hardware business here for seven years and both gentlemen proved congenial partners and hold each other in high esteem. Mr. Howe left Cass City business life to engage in gold mining in California and still owns a mine at Randsburg in that state.

Tuesday evening, officers of Cass City Lodge, I. O. O. F., were installed as follows: N. G., A. H. Higgins; V. G., C. E. Robinson; Sec., S. Champion; R. S., N. G. T. Tennant; L. S., N. G., P. E. Fleming; R. S. V. G., Wesley Webber; L. S., N. G., B. F. Benkelman; Warden, Wm. Schwaderer; Conductor, J. C. Corkins; O. G., Mason Wright; I. G., Wm. Day; R. S., A. H. Kinnaird; L. S., S., Clarence Burt. The installation service was in charge of Geo. West, recently appointed district deputy assisted by the following staff: Alex Henry, D. G. Wright, James Tennant and J. C. Corkins.

Mrs. A. Doerr, Mrs. Jas. Doerr and Mrs. Herman Doerr gave a porch party Thursday evening in honor of Mrs. H. F. Keating. Subdued lights thru-out the rooms gave a very charming effect. There were about 20 guests present who were old friends of Mrs. Keating, formerly Miss Stella Doerr. The evening was spent in games, music and stunts. A delicious three-course buffet lunch of Waldorf salad and saltines, assorted sandwiches and coffee, pineapple sherbet and cakes were served.

Supt. L. O. Hoxie returned to his work at Bay City Tuesday morning. Mr. Hoxie is in the employ of the Fuller Brush Co. with which firm he has been connected for the past four or five summers as a state manager, training large classes of young men in salesmanship. The Fuller Brush Company is a large concern situated at Hartford, Conn., with distributing stations thru-out the United States, and doing several million dollars worth of business yearly. Mr. Hoxie is one of their high ranking salesmen. He has a standing offer from this company as one of their branch managers at a splendid salary, with promise of continued advancement, whenever he can be persuaded to give up his chosen work as a schoolman. He says, however, that he loves his work and prefers to remain a schoolman by profession for the present, and spend his vacation with Fuller brushes.

ENTERTAINMENT

FEATURES UNUSUAL

SPLENDID LINE OF ATTRACTIONS AND RACES AT CASS CITY FAIR.

Superb Pyrotecnic Display Will Feature the Evening Entertainment at the Fair.

With a splendid line of special free attractions, a superb display of fireworks and exciting horse racing, the Cass City Fair promises unusual entertainment features for the 1920 exhibition on August 17, 18, 19 and 20—a trifle more than two weeks away. Midway, a popular thoroughfare on the grounds, promises to be crowded from stem to stern, the demand for space never having been greater than this season. The Arlington Carnival Co. will bring to Cass City an ocean wave, ferris wheel, merry-go-round, five-in-one show, illusion show, animal circus and 25 concessions.

While exhibiting his herd of O. I. C. swine at the biggest fairs of the nation last fall, H. T. Crandell, secretary of the Cass City Fair, saw many of the best special attractions on the platform, and having this unusual opportunity, he was in a position to pick some extra good numbers for his own fair and he says he has them without question. The Ishikawa Four are extraordinary equilibristas and are four of the cleverest artists ever sent to this continent from Japan. The Six Hussar Girls give delightful concerts in saxophone and trombone sextettes and give selections of sufficient variety and novelty to make up on entire program of unusual interest. The Bluchs are dispensers of acrobatic joy and entertain with two distinct laughing acts.

The Jap troupe comes here from Regina, Sask., and later goes to the big fairs at Toledo, Columbus, Indianapolis and Trenton, N. J. The Hussar Girls have engagements at Columbus, Indianapolis, Louisville, Nashville and Memphis state fairs after appearing at Cass City.

A big entertainment feature next month is the fireworks program. Each night a regular program of 38 numbers is given which is augmented with special feature numbers which are different each evening. On Aug. 18 the big numbers are the "Battle of Chateau-Thierry" and the "American Flag." On the following evening, "The Hunter's Dream of Jungle Land" and "The Last Rose of Summer," and on Aug. 20 "A Trip to Mother Goose Land" and "The American Legion Emblem" will be fireworks features.

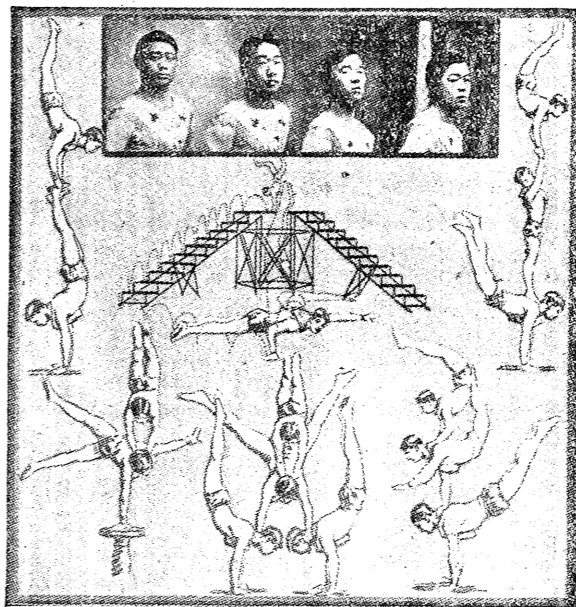

Lester Bailey, supt. of the speed department, is planning some strong races during the three afternoons of the exhibition. Purses have been made more liberal this season and this feature promises to hold its popularity with the big crowds.

A newly revised premium list in which many new articles have been added in the way of exhibits and in which prizes have been increased, will influence an extensive and attractive display of live stock, produce, fruit and fancywork.

In Division F, Agricultural Hall, prizes are much more attractive to children under 12. Exhibitors of that age will have their premiums increased 50 per cent over the amounts offered as prizes in the premium list.

The Pigeon Chautauqua this year was a success in every way. The program was good and the receipts took care of all expenses. Twenty-five signers were pledged for a Chautauqua for next year. The outlook for chautauqua support next year is better than ever before.

Junia township is taking the lead in an attempt to secure the adoption of the plan of consolidated schools now strongly recommended by school men. It is proposed to consolidate several school districts of the township, and create in Watrousville a course of full twelve grades.

PAYING THE PRICE

Experience is the most costly thing in the world. No man can get very far in life without acquiring some of it. Ofttimes it is paid for by others but the most valuable kind is what a man pays for himself.

An honest man who is making a success of his job is a valuable man to tie to—the kind you can afford to back with your dollars if he gives you a chance.

Business men who have fallen for good schemes (on paper) brought to them by inexperienced men, no matter how honest, have usually lost their money. There is no getting around it, THE PRICE MUST BE PAID. Wise is that man who either confines his investments to lines in which he is experienced or follows the lead of those in whom he has confidence. This bank is by no means "all-wise" but along financial lines we have had some experience and are glad to have you consult with us at any time.

Straight talk on Cream Separators by

G. A. STRIFFLER

Cass City, Mich.

COST—is what you put into a cream separator.

VALUE—is what you take out of your cream separator.

Value in a cream separator depends upon the amount and the quality of service to be got out of it.

Because it lasts fifteen to twenty years, the De Laval is the most economical cream separator to buy. Considering its cleaner skimming, easier running, greater capacity and less cost for repairs, the price of the "cheapest" machine on the market is exorbitant in comparison.

With present high butter-fat prices and the scarcity of labor this is truer today than ever before.

Building Your Character

The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you monetary returns from your investment but it returns a dividend in good reputation.

LOCAL ITEMS.

Emma Bears has returned home after a two weeks' visit in Saginaw. Mrs. H. P. Mellus and Mrs. H. R. Buys of Detroit are visiting friends here for a few days.

Mrs. George Hubble of Imlay City is visiting this week with relatives here. Mr. and Mrs. Robert Gallagher and family spent Sunday with Mr. and Mrs. Frank Seuryneck in Gagetown.

Miss Ida Carson of Flint is visiting with friends here this week.

Leslie Dillon of Colwood is visiting this week at the Robert Gallagher home.

Mrs. S. E. Ward of Caro is visiting this week with her daughter, Mrs. G. C. Hooper.

Mr. and Mrs. I. Waidley were Sunday guests at the home of John Leishman in Elmwood.

Mrs. Benj. Guinther is spending this week with her daughter, Miss Alie Guinther, in Flint.

Mr. and Mrs. H. T. Crandell and children and Miss Lura De Witt were Sunday visitors in Saginaw.

Erwein Zemke, who has been ill for the past week, has recovered and is able to be at his work again.

Clinton Helwig is spending this week at the home of Chris Murphy and George Barrett in Sandusky.

The census bureau gives Cass City and Sandusky, the county seat of Sanilac, exactly the same figures as to population. Both towns are credited with 1,228.

Mr. and Mrs. Mason Wilson and little daughter, Lucile, spent Sunday in Silverwood. They were accompanied home by Miss Dolly Wilson, who will spend the week here.

Mrs. T. L. Tibbals and children and Miss Helen Bowman were guests of Mrs. Tibbals' sister, Mrs. B. Walker, in Bay Port Tuesday. Truman Tibbals will spend the rest of the week there.

Gordon, the little son of Mr. and Mrs. Walter Hyatt of Flint, died very suddenly early Sunday morning at the home of Paul Auslander. Funeral services were held Tuesday afternoon and burial in the Vassar cemetery.

Mr. and Mrs. T. L. Tibbals and family motored to Saginaw Sunday. They were accompanied home by Miss Belva Tibbals, who has been visiting there, and her cousin, Miss Helen Bowman, who will spend the week at the Tibbals home.

Miss Kate Baxter of Turner, Mich., spent from Friday until Monday at the homes of Malcolm Ferguson and Mrs. Sarah McLaughlin. Mrs. McLaughlin and Donald accompanied her home and will visit there for some time.

Mrs. Elizabeth Pinney, sons Horace, Louis and Frederick, and Creighton Cathcart motored to Mt. Clemens Saturday where Mrs. Pinney and Horace and Louis will visit with relatives. The others drove on to Detroit, returning home Sunday.

Harry Vickers, who left Cass City this spring to commence farming 1/2 mile east of Snover, had the misfortune to break his left leg below the knee last week under peculiar circumstances. Mr. Vickers was leading a horse from the field and had just lowered a set of bars and as the entrance was mucky, the animal floundered and kicked one of the bars which struck Mr. Vickers on the leg causing the fracture. The accident comes at a very inconvenient time. He is on a large farm and has about 25 acres of hay yet to cut, several acres of wheat to harvest, besides other work.

In a Moral Rut?

If you live by yourself and mingle socially with no one, you soon get into a social rut.

The churches of this town are here to help you out of both social and moral ruts. They provide Christian fellowship and offer the only solution for sin—the gospel of Jesus Christ.

Religion is the only thing any of us will take beyond the grave. Don't wait until the doctor gives up hope before deciding to be a Christian. Make your life and that of your neighbors brighter by living Christianity now.

Keep in mind the Sunday morning services in all the churches at 10:30.

Warning to Farmers

Farmer Friends, do not be induced into investing your money in cheap Fertilizers for they are dear at any price. The Independent Fertilizers are offered to you for \$2 to \$3 per ton less than my goods cost me and why, simply because our fertilizers have a rich blood and bone filler which makes a fertilizer that will not harden and also a fertilizer of which the whole ton will enrich the soil and produce better crops than the inferior brands offered you at a cheaper price.

I sell all fertilizers at \$1 per ton above cost price and guarantee every ton to give better results than any rock filler fertilizer on the market. Why spend your money on fertilizer of which you know nothing about when I can sell you your fertilizer which has been tested and used and proven to be a leader for 50 years? Place your order with me for

Swift's or Homestead Fertilizer

Both of which are strictly blood and bone filler fertilizers, and try a sack or two of Royster's or Independent Fertilizers in the same field and if my fertilizer fails to give the best results according to your money invested then I will gladly refund your money. Remember I guarantee results or money refunded. Mr. Farmer, isn't that fair?

I give you until Dec. 1st for cash and any reasonable time thereafter with interest after Dec. 1st. I ask no money on delivery of goods. I will also have fertilizer on hand for late fall use. Phone me for prices and I guarantee satisfaction.

FACTS WORTH REMEMBERING

Independent Quality is what the farmer wants. Organic Nitrogen exceeds in value the Nitrate and Ammonical. Don't forget that our Alkaline Neutralizer neutralizes instead of hardening. Also remember that Independent quality contains a Potash derived from ground Tobacco stems. Tobacco stems are a dynamic plant food. Tobacco is nature's greatest remedial agent against plant lice, cut, wire and wet worms. Independent—complete fertilizers—do not get hard. Because of this they drill perfectly and do not corrode the drill. Don't forget that they do not leach away and starve the plants nor burn in hot weather.

MURDER CASE GIVES STATE POLICE CHANCE

SUCCESS IN CONVICTING KILLER OF J. STANLEY BROWN HAS PROVED EFFICIENCY OF FORCE

In the solving of the mystery surrounding the murder of J. Stanley Brown near Mt. Clemens the State Police did an excellent service to the state of Michigan. It was the first case of the kind to be assigned to this force, and it resulted in a way to reflect credit upon the organization and upon the men directly active in the solution of the problem.

However, the fact that one mysterious murder has been followed up relentlessly by the State Police is ground not only for present congratulation but for constructive achievement. It is a demonstration that a further effort should be made to provide means for avenging such crimes in the future. The methods of the detectives have become scientific and require specially trained men and the proper apparatus.

Our Michigan State Police deserve practical encouragement to the end that they may be of even greater service to the state.

FLINT MAN TELLS WHY STATE NEEDS TROOPERS

SAYS OPPONENTS OF CONSTABULARY ARE SAME INDIVIDUALS WHO OPPOSE ALL PROGRESS.

"I find that the class of people who oppose the State Police are the same class who knocked the good roads legislation and all other steps for real advancement," writes D. L. Trofford, 770 Leith street, Flint, in a communication which he recently sent to the editor of the Flint Journal. The letter was printed in several newspapers in southern Michigan, and is as follows:

"There seems to be an impression with the public that the State Police are not worth the price. A statement from Lansing tells how many banks have been free from robbery all the booze they have taken and about \$58,000 in fines, but no one seems to care to give them credit for the greatest good they have done. We are all wondering where we are going to get any timber in a few years. The northern part of the state has thousands of acres of cut-over land. Some of it has been cut for twenty years. When a tract of young trees gets a start of twenty years it means a great deal to the future timber supply of the state. Not a year goes by without a lot of the cut-over land being burned over. I am located in the south part of Grand Traverse county at Interlocken, and in our forest fires last year Captain Cook and his little company of State Police saved an enormous amount of timber which twenty years from now will be valued in millions instead of thousands. I find that the class of people who oppose the State Police are the same class who knocked the good roads legislation and all other steps for real advancement. I will be very glad to defend the State Police appropriation in open debate before any club or other organization.—D. L. Trofford."

STATE POLICE CAPTURE PERPETRATOR OF ASSAULT

After scouring the country for two days in search of the assailant of an eleven-year-old school girl, Troopers Frank Stevenson and Archie Wesley of the Michigan State Police detachment of Grand Rapids, arrested Edward J. Pickett, 56, at the Michigan Soldiers' Home.

The attack, according to Capt. G. Stroppe, in command of the State Police patrol, was most brutal. It is said that Pickett met the little girl as she was on her way to school and dragged her more than 600 feet to the shores of Soft Water Lake. Pickett disappeared, and after he had left her the girl went to a neighboring farm house and told her story, giving a description of the man. Pickett was identified by the girl after his arrest by the State Police.

BOOTLEGGERS NABBED BY STATE TROOPERS

A few days ago Trooper Lynn Shrader secured a search warrant for John Chumcich and Nick Trelog's place, one mile off the Seven Mile road on the Elm road. Trooper Shrader took with him Troopers Scribner and Burch and Deputy Sheriff Springer. They found no one at home when they arrived, but forced an entrance and discovered two complete "stills" and about half of another one, 250 gallons of raisin mash, 15 gallons of "moonshine" and two auto loads of jugs, boilers, coils, kegs and other utensils. They left the stuff in the house, and then hid to await the return of the owners. After several hours the men showed up and were placed under arrest by Trooper Shrader and Deputy Sheriff Springer. All of the paraphernalia was taken to the State Police post. Chumcich and Trelog were arraigned before Justice Phoebe Patterson, pleaded guilty and were bound over to the circuit court with bail fixed at \$500 each. They were taken to the county jail.

THUMB NOTES.

The publisher of The Tribune has been appointed a Michigan member of the national committee to notify Governor Coolidge that the latter was nominated at Chicago as the Republican candidate for vice president of the United States. The publisher of The Tribune greatly appreciates the honor of this appointment, but he has heard, indirectly, that Gov. Coolidge already knows, through some round about way, that he was nominated at Chicago, therefore the publisher of The Tribune will not go to Northampton, Mass., to tell Gov. Coolidge that he was nominated at Chicago, though if print paper didn't cost so much and railroad fare wasn't so high he would go to Northampton anyway and call Gov. Coolidge to one side and gently break the news to him about that Chicago convention. It would be interesting to see how the governor would act when he heard the news, officially.—Bad Axe Tribune.

Although the city ordinance calls for a license fee of ten dollars per day, the advance agent of Kelly's show so maneuvered negotiations that City Clerk Haines issued a license for the entire week for only fifteen dollars. The city treasury is therefore short just forty-five dollars while the show people will carry away many hundreds of dollars from the community. As one alderman expressed it, "What's the use of having an ordinance and not living up to it?"—Sandusky Tribune.

SONS OF VETERANS.

A camp composed of the sons and grandsons of the Union Army, Navy and Marine Corps of 1861-65 is desirous of being formed in this locality. All sons of veterans are asked to communicate with D. J. MacNeill, Ubyly, Michigan, c/o Courier Office.

Defectives in the Orient.

There are 1,000,000 blind and at least 400,000 deaf in China. India has 500,000 blind. Nearly 5 per cent of the population of Cairo is said to be physically defective, usually blind or half blind. The natives of the African jungle, instead of being the lusty savages of imagination, are for the most part physically below par. The majority of them are malnourished and diseased and marked physical defects are common.

The Young Spurn Advice.

One peculiar thing of life is that when we grow old we cannot make the younger generation take our advice or matters of life. They say: "That may have been all right when you were young, but that was many years ago. Times have changed since then." It would be fine if we could have the younger generation start where we leave off instead of committing the same foolish mistakes that we ourselves have made, and yet it seems that this cannot be.—Dean Shalier Mathews.

Presidential Powers.

The president of the United States is by Article II, Section II of the Constitution, commander-in-chief of the army and navy and of the militia of the several states when called into the actual service of the United States. Under his general power as commander-in-chief he can order the army and navy anywhere he will, when necessary, to protect the rights of American citizens and their property, or to see that the laws are executed faithfully.

Costly Orchids.

Nearly all the orchids found in Burma can be grown with a little care and attention in private gardens. There is one exception, a sweet-smelling species called tazia by the Burmese, and which is usually brought to market in Christmas week in Rangoon. It only seems to flower in the most malarious and least frequented localities, and at a time of the year which is the tiger's mating season, and when they are most dangerous to human beings. It is in great demand by Burmese, and sells for its weight in silver.

Traveling.

To any person who has all his senses about him, a quiet walk along not more than ten or twelve miles of road a day is the most amusing of all traveling and all traveling becomes dull in exact proportion to its rapidity. Going by railroad I do not consider as traveling at all; it is merely "being sent" to a place, and very little different from becoming a parcel.—Ruskin.

Unappreciative Guest.

Ralph, three years old, was spending the day with his aunt. Thinking a custard would appeal to him, she inquired if he liked them, at which he answered: "Oh, my, yes." However upon being served it fell short of his expectations. He ate a little and passing it to his aunt said: "You can have it Aunt Myra. I am so full, and if you want some water to wash it down, here's my glass."

His Drawing Powers.

"Can you draw?" an applicant for a private tutorship was asked. "Certainly," replied the candidate; "at ten years of age I could draw cider; at twelve, a picture; at fifteen, a handcart loaded with cabbage; at sixteen, an inference; at twenty, a bill of exchange. If I were an actor I believe I could draw the largest house; but, being a teacher, I am content to draw a small salary!"

"Have faith in the moral power of America. It gave independence under Washington and freedom under Lincoln. Here, right never lost. Here, wrong never won. However powerful the forces of evil may appear, somewhere there are more powerful forces of righteousness. Courage and confidence are our heritage. Justice is our right."—Calvin Coolidge.

Control That is Important. It is easy to forget a kindness and to remember a kick. Yet controlling our recollections is almost as important as controlling our temper.—Elliot.

 MARGUERITE CLARK IN

"Out of a Clear Sky"

See Marguerite as a diminutive but self-willed Belgian maiden of high degree. Don't miss seeing Miss Clark in this delightful role. Also see Harold Lloyd in

"THE DUTIFUL DUB"

This will make you laugh. Lloyd is considered one of the funniest comedians on the screen. Children 20c; Adults 30c.

WEDNESDAY, AUGUST 4

See the 6th episode of "THE SILENT AVENGER" and 2 reels of the funniest comedy entitled

"Nymphs and Nuisances"

A comedy of novelties and pretty girls describes "Nymphs and Nuisances." The shimmying baby, the talking dog, the diving girl, the men who appear and disappear, the Irish Chinaman, and the bag of mystery are among the interesting features of this funmaker. Joe Rock selected twenty of the prettiest girls in the country for his comedy unit. Each is a perfect Venus. There are blonds, brunettes and girls with Auburn hair in this bevy of bathing Nymphs and cabaret singers. A jealous wife, eggs that turn into chickens when put through a meat grinder, an elusive steak that defies capture, milk that turns into beer, and melodies that make one do the shimmy, are a few of the big laughs in the two reels. Some of the stunts performed in this comedy would mystify Herman, Kellar and Thurston. They outmagic magic. 15 and 20c.

Firestone

Sales of this tire have increased 96% the first six months of this year, proving the balanced tire, the Firestone 3½ has accomplished what Firestone sought for it, more mileage, greater economy, greater comfort, which has been passed on to the public at low cost—most miles per dollar.

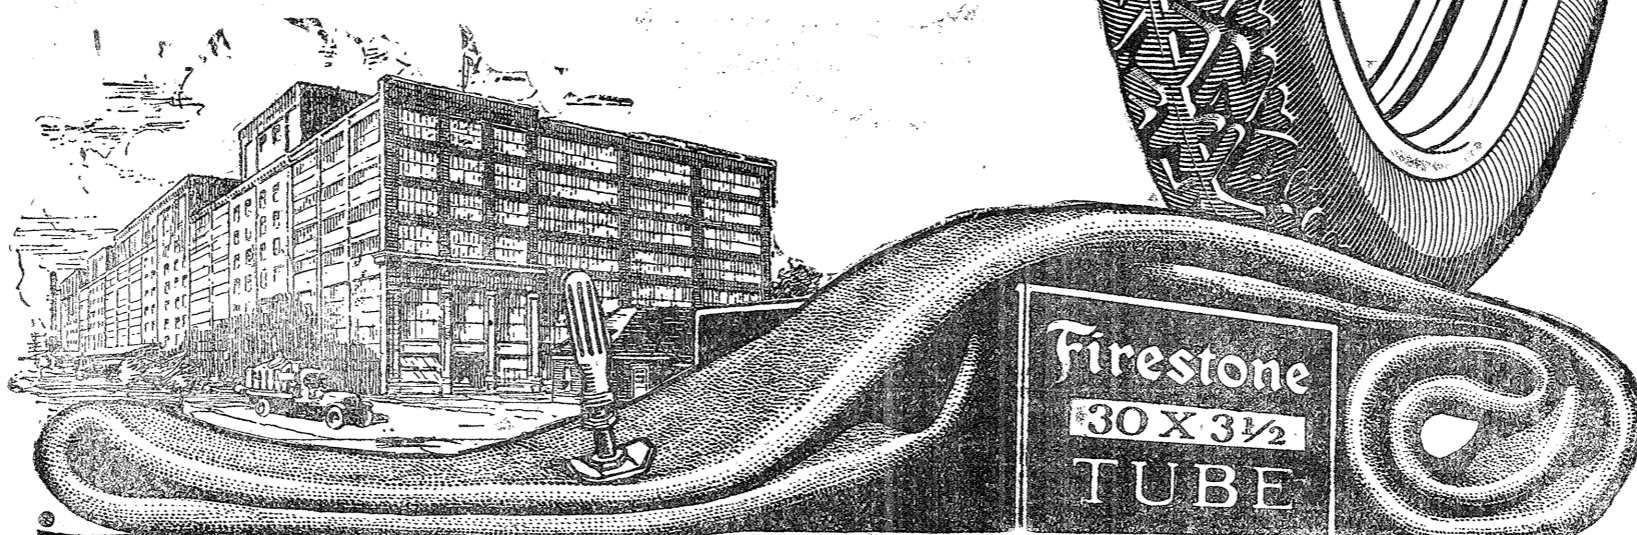

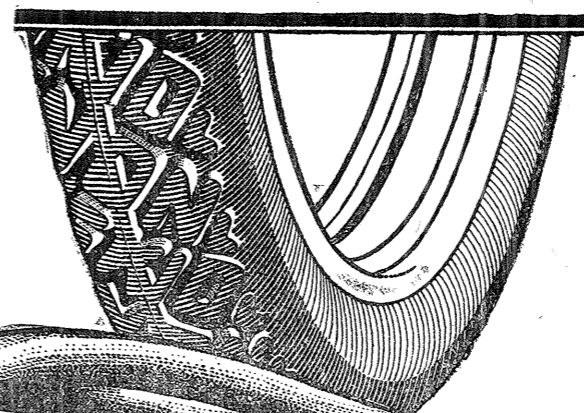

Balanced! That means to you more than mere thickness of tread, greater air capacity, more plies of fabric, greater cushioning, or the gauge of the sidewall. It means that all component parts of the Firestone 3½ are scientifically balanced by specialists who have put years of study and practice into a single purpose—to meet your demand in a small car tire. You can now have all four tires on your car give uniform service if they are Firestone.

RAISE YOUR CALF Without Whole Milk

The Mutual Method Will Show You How!

Will bring you \$35.50 estimated profit on each calf—same principle as baby foods are used.

Table comparing 'FEEDING FRESH MILK' and 'FEEDING MUTUAL COMPOUND'. Shows costs for milk, cream, and calf, and the resulting profit of \$35.50.

SOLD ON A GUARANTEE TO PLEASE OR MONEY BACK

THE MUTUAL WAY TO RAISE A CALF

We wish to call your attention to Mutual Compound, a preparation especially prepared for calves and pigs. They require proper food, the same as babies. This preparation is to take the place of mother's milk for young calves and pigs, as baby foods for babies. It replaces the whole milk after the calf is three days old. A calf requires from 8 to 12 quarts of milk a day. Figuring it at 6c a quart leaves 60c a day, this would mean \$25.20, but with one small pail and separator milk, you can get satisfactory results, or, if not satisfied, money will be refunded. This does not have to be cooked or bothered with. Just mix according to directions, (measure in the pail) with whey or skim milk. Stir up well, and where any water is added it is well to have it warm, bringing the temperature as close to blood temperature as possible, which is the temperature of mother's milk. There is no danger of indigestion or scours, and the calves like it. We guarantee that you can raise a good, fat, healthy calf on this preparation, when mixed according to directions. Why not sell the cream and the calf, and make two profits instead of a loss if it is figured the other way. You run no risk. The guarantee places the risk on us.
