

GROESBECK LEADS IN GOVERNOR RACE

SANSON, HILL HOOVER AND HICKS SUCCESSFUL IN TUSCOLA CONTESTS.

Speaker Read Defeats Senator Scully for Lieutenant Governor Nomination.

Alex J. Groesbeck's plurality for the Republican nomination for governor was 18,000 Wednesday evening after 1,959 precincts out of 2,453 in the state had reported. It is probable that final totals will give the attorney-general a lead of 20,000 over Milo D. Campbell of Coldwater, his nearest rival.

Returns Wednesday night, with 500 precincts in the state missing, gave the following figures: Groesbeck, 78,779; Campbell, 61,242; Mott, 49,173; Leland, 23,205; Martindale, 21,797; Dickinson, 18,590; Hamilton, 17,390; Glasgow, 14,659; Earle, 8,966.

Speaker Thos. Read of the last house of representatives, was an easy winner over State Senator Scully for the lieutenant governor nomination, having an early lead of 70,000.

Tuscola County. Republicans nominated the following county ticket Tuesday:

Representative, Wm. C. Sanson. Judge of probate, Oscar D. Hill. Sheriff, Wm. M. Morris. County clerk, Guy Hill. County treasurer, Mrs. Burdeen Hoover.

Register of deeds, Henry W. Beecher. Prosecuting attorney, H. H. Smith. Circuit court commissioner, Jas. D. Brooker.

Surveyor, Warren N. Leonard. County drain commissioner, Wm. B. Hicks.

Chas. O. Blinn was defeated by Dr. Johnson of Postoria for the nomination for state senator in the 21st district on the Republican ticket.

In the governor contest, Campbell secured 62, the highest number cast in Elkland township for this office. Earle was given 58, Mott 38, Martindale 27, Hamilton 21, Dickinson and Leland each 10, Groesbeck 9, and Glasgow 6. Wm. Morris, sheriff candidate, secured 223, the largest vote cast in Elkland for any candidate on the Republican ticket.

Republicans cast 248 ballots, Democrats 16 and Prohibitionists 2 at the primary in Elkland township. Republicans selected the following delegates to attend the county convention: B. F. Benkelman, W. A. Lamb, J. A. Caldwell, H. F. Lenzner, A. D. Gillies, J. D. Brooker, H. L. Hunt, Wm. Morris and J. D. Tuckey.

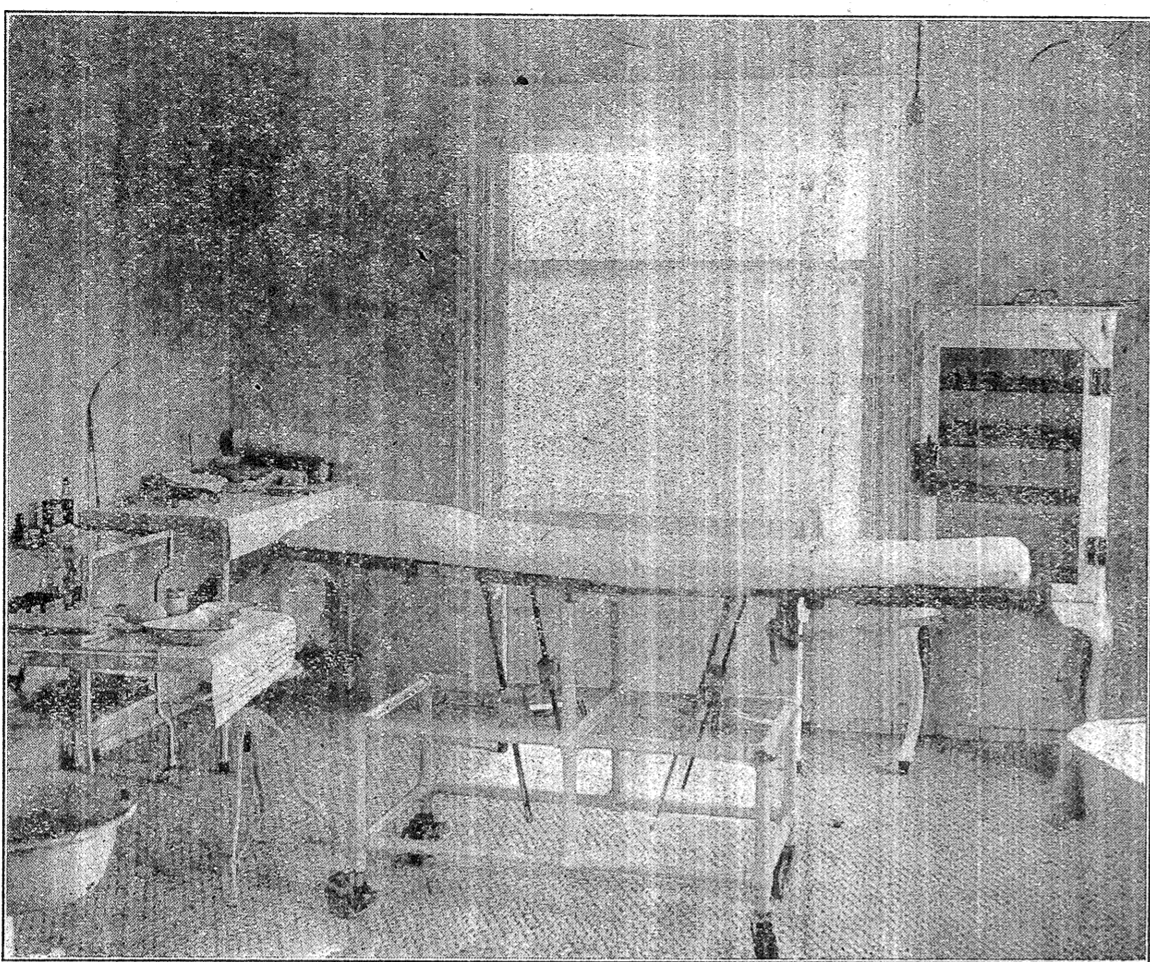

James Osborn, Orville Harris, E. N. Hart, Wm. Moulton and John Vincent were selected by Kingston Republicans as delegates to attend the county convention. Campbell led the candidates for governor with 41 votes and Mott came second with 29. Koylton township gave Campbell 43 votes for governor, Mott 30 and Martindale 18.

A light vote was polled in Elmwood—Republicans 192, Democrats 9. Campbell led in the governor race with 52, Groesbeck 38, Mott 30, Hamilton 17, Martindale 10.

Sanilac County Contests.

The eight cornered contest for the Republican nomination for sheriff in Sanilac was conceded to Chas. McGuinness of Crosswell Wednesday by a plurality estimated at 150.

UNIFORM COUNTY ACCOUNTING SYSTEM

Will Be Installed Soon as Every County in State Must Adopt System.

The uniform accounting system for counties will be installed in all counties in the near future. Under the state law this adoption is compulsory and is required in each county.

It is claimed that the new system has all the best accounting features and will result in a big saving to the county in audits, etc., beside the advantage of knowing at any minute of the day the exact status of every fund in the county. It is said the system will be a big time saver and future county officers will have little to worry about. The bulk of the bookkeeping will be done as formerly by the county clerk and county treasurer although every county officer is required to keep a record of his fees.

The establishment of this system was placed in the auditor general's department and when once installed the county has the advantage of knowing the several funds are right up to the minute. Hereafter the state will examine the county books, the same as banks are examined.

The new system will naturally involve much more work. The books for the new system will cost the county over \$2,000.

FALL FROM THIRD STORY TO CEMENT DRIVEWAY

Creighton Cathcart Broke Wrist and Sprained Both Ankles in Fall Sunday.

Creighton Cathcart broke one wrist, sprained the other and both ankles besides receiving many bruises when he fell from the third floor of the condensary plant to the cement driveway by the side of the building on Sunday. He is improving as rapidly as can be expected.

While his injuries are severe, he was fortunate that the fall of 22 feet to the hard cement floor did not result fatally.

AMENDMENTS FOR NOVEMBER

November Election Will See Number of Changes for Constitution.

Notwithstanding the fact that the "school amendment" and the "home rule amendment" may be left off the official ballot this fall, the voters at the November election will have four amendments to vote.

One amendment is designed to empower the legislature to fix the compensation of the secretary of state, the state treasurer and the auditor general. It now appears that this will be submitted to a referendum. The salaries of these officers are now limited to \$2500 a year. It is the consensus of opinion around the state house that these officials are now underpaid, with the cost of living at the present level. Strange as it may seem in all these departments the deputies are now paid more than the heads. For those second in command \$3,000 is paid. Officials have found it impossible to find competent deputies who will act for an amount less than that. The governor and attorney general each receive \$5,000, while the superintendent of public instruction receives \$4,000. There is some agitation in state circles to increase the salary of the last named official to \$10,000.

The second amendment affects the naturalization of male inhabitants and their wives. It also aims to extend the privilege afforded to absent voters to include any person engaged in teaching in any public school in the state, and the immediate family of any member of the legislature during any session of that general assembly.

Article V of the constitution would be amended to empower the legislature to enact such laws relative to hours and conditions under which women as well as men and children can be employed.

The last amendment is intended to change Article XIII and would empower the legislature to authorize municipalities of the state to condemn and take the fee to more land than is needed for acquiring, opening and widening parks, boulevards, public places, streets, alleys or for any public use, and to issue bonds therefor.

PORT AUSTIN PITCHER SETS RECORD

Does Not Allow Single Ublly Runner to First in Seven Innings.

Yaroch, pitching for Port Austin against Ublly in the Huron County League last week, set some new pitching records for the organization. Yaroch did not allow an Ublly runner to reach first base until the eighth inning, yielded but one hit, gave no passes, permitted no base runner to reach third base, only one to reach second base—that one in the ninth inning—and but two to reach first base. Yaroch had exactly 27 batters face him, the two baserunners being immediately doubled.

Pleasant Home Hospital Installs \$2,200 Operating and Sterilizing Rooms

Pleasant Home Hospital closes its year by the installation of \$2,200 operating and sterilizing rooms. Both rooms are floored with white tile and the walls and woodwork finished in white enamel. The water supply is controlled by foot pedals and everything is finished with a view of the highest possible amount of cleanliness and asepsis and light. The sterilizing units are all heated with electricity, thus eliminating smoke, odor and gas. Every physician who has seen the new rooms has made complimentary remarks about the workmanship and the owner takes this opportunity to thank the men for their efforts and what they accomplished.

Although a small hospital these new rooms together with the X-Ray equipment places the Cass City Hospital in the front ranks so far as efficiency is concerned. There are but two hospitals in this section of Michigan (outside of Detroit) which have their own complete X-Ray equipments, Mercy Hospital of Bay City and our own. Pleasant Home Hospital is the only one in the state outside Detroit which has complete electric sterilization units. The public is at any time welcome to come and see these things by inquiring for the head nurse.

The hospital was re-opened on the return of its owner from overseas Aug. 15, 1919, and during the year up to Aug. 15, 1920, there were 201 operations with results as follows:

Table with columns: Operations, Cases, Deaths, Results. Rows include: Appendicitis, Tonsils and adenoids, Hernias, Goiter, Abdominal abscess due to ruptured appendix from delayed operation, Mastoiditis (operation), Amputations, Tubercular glands of neck, Bone plating, Ruptured tubal pregnancy, Cancerous tumor of hip (removal of), Gall stones, Duodenal ulcer, Have lip, Submucous resections, Tracheloraphies, Curettements, Hysterectomies, Removal of eye, Removal of stone from bladder, Oophorectomies and salpingectomies, Minor operations.

Totals . . . 201 10. Two hundred one (201) cases and ten (10) deaths or approximately 4.9 per cent fatalities seems large but we

must consider the nature of the cases and cause of fatalities.

The three deaths out of the six abdominal abscesses following appendicitis, are, for that trouble a low percentage. All three were overwhelmed by absorption of toxic products resulting from peritonitis.

The one death in the amputation cases was a case of blood poisoning in which the arm was amputated at the shoulder as a last resort. This was a hopeless case several days before entry to the hospital.

The two deaths following the gall stone operations died as a result of their operations. One died of acute dilatation of the stomach and the other of shock and cardiac insufficiency.

The duodenal ulcer death was due to peritonitis. This was an emergency operation for a ruptured bowel.

The one death following currentment was due to blood poisoning. This patient died a few hours after being admitted to the hospital.

The death following the operation for removal of the eye was due to diabetes, quite some time after the operation.

The last death was due to Bright's disease. The point in explaining the death factor in these cases is to show that none were from infection, anaesthesia, surgical shock or lack of surgical and hospital care.

During the last year the hospital has paid \$5926.77 for groceries, nursing and other help and with the exception of what little money the outside nurses have taken away this has all been distributed among the business concerns of Cass City. Our total cash receipts were \$5536.56 so that one may readily see all improvements are made from private funds.

The hospital appreciates the earnest co-operation it has had from the local doctors and also from the doctors in surrounding towns. We also appreciate the confidence and co-operation the public has shown us and we think we see in the near future a larger and better hospital as well as a larger and better town.

RESOLUTIONS OF RESPECT.

"There is only a curtain between us, Between the beyond and the here; They whom we call dead have not left us, Nay, they were never so near."

In memory of Brother Daniel Croop who died August 28, 1920.

"Leaves have their time to fall, and flowers to wither at the north wind's cold blast, but thou, oh Death! hath all seasons for thine own."

Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward, the white stone with the new name written thereon.

And Whereas, the all-wise and merciful Master of the universe has called from labor to refreshments our beloved and respected brother, and he having been a true and faithful member of our beloved Order, therefore be it

Resolved, That Tyler Lodge, No. 317, F. & A. M. of Cass City, Mich., in testimony of her loss, be draped in mourning for thirty days, and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

Wm. G. HURLEY, ALEX HENRY, H. F. LENZNER, Committee.

Default having been made in the payment of money due for interest on a certain mortgage dated the 8th day of December, A. D. 1915, made and executed by Arza Lounsbury and May Lounsbury to John J. Benninger and recorded in the Register of Deeds' office for Tuscola County, Michigan in Liber 139 of Mortgages on Page 507 on December 10th, 1915, and on January 23rd, 1919, said mortgage was by written assignment duly assigned by said John Benninger to Edward Pinney, now deceased. Said assignment having been duly recorded in the Register of Deeds' office aforesaid in Liber 116 of Mortgages on Page 350, on the 6th of February, 1919. That by reason of said default in the payment of interest due on and secured by said mortgage the whole sum secured by said mortgage has become due and payable and is hereby declared to be due according to the terms and conditions of said mortgage. That the sum claimed to be due on said mortgage at the date of this notice is Two Thousand Three Hundred Twenty Dollars and Seventy-eight Cents (\$2,320.78).

Now therefore notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises in said mortgage described, at public auction, to the highest bidder, at the front door of the Court House in the Village of Caro, Tuscola County, Michigan on Monday the 8th day of November, A. D. 1920 at one o'clock in the afternoon. The said mortgaged premises are described in said mortgage substantially as follows: The Northeast quarter (1/4) of the southeast quarter (1/4) of Section fourteen (14) and all that part of the northwest quarter (1/4) of the southwest quarter (1/4) of Section thirteen (13) of Township fourteen (14) North, Range ten (10) East, all being in the Township of Elmwood, County of Tuscola and State of Michigan and containing seventy (70) acres of land more or less, which said premises will be sold as aforesaid to satisfy the amount due on said mortgage and the costs of foreclosure. Dated August 12th, 1920.

GO NO FARTHER

The Evidence Is at Your Door.

Cass City proof is what you want and the statement of this highly respected resident will banish all doubt: Fred Bardwell, farmer, W. Houghton St., Cass City, says: "I have praised Doan's Kidney Pills for the past twenty-three years and that proves what good results I have gotten from them. Heavy work sometimes brings on backache and a heavy depressing feeling in the small of my back. I have felt generally run down at such times and have been bothered quite a bit with my kidneys acting

irregularly. At those times the kidney secretions have passed often and have been highly colored and burning. Mornings when I would get up I would feel worse than before going to bed and would be tired out all day. However, I have always found great relief on using Doan's Kidney Pills. A box or two fixed me up in fine shape. They get my kidneys to acting regularly and help me in every way. I can go out to work with a happy, contented smile, free from all that kidney weakness." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 7

CASS CITY PEOPLE PREVENT APPENDICITIS
Many Cass City people are using simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka. This flushes BOTH upper and lower bowel so completely it removes all foul, accumulated poisons from alimentary canal and prevents appendicitis. Cass City Public Schools

Open Tuesday, September 7

The School Facilities of Cass City Offer Special Inducements for Non-Resident Students

The Grades

Each of the elementary grades is under a teacher who is an expert in the work of that grade. See to it that your son or daughter completes at least an eighth grade course. Music and drawing have been added to this year's course.

The High School

A complete, easy working reference library, expert instruction, fine laboratory equipment, a direct supervision and interest in each student makes Cass City High School the best in the Thumb.

The High School offers courses in English, Latin, French, History, and Science.

Graduation from Cass City High School admits to the University of Michigan and all colleges and universities of neighboring states.

Cass City's moral tone is such as to make it a most desirable place to send your boy or girl to school. Both school buildings have been thoroughly cleaned during the summer vacation and are in a sanitary and healthful condition.

The office at the High School will be open Saturday, Aug. 28, and Saturday, Sept. 4, for consultation with the superintendent.

E. W. JONES, Secretary Board of Education.

Tuition Rates

The tuition for non-resident students is \$45.00 of which \$25.00 is from the district from which the student comes, providing they have made application for it. This is payable \$12.50 in September and \$12.50 in January and the student or parent will not be required to pay the other \$20.00 until such time that the amount from the district is used up. This is according to instruction from State Supt. of Public Instruction. We would appreciate it if the districts would be prompt in paying their apportionments. We need it in meeting the expenses of the school.

G. A. TINDALE, Treasurer.

Conde Suits for Women who Discriminate

When the name Conde is mentioned in connection with women's garments, there is immediately established a feeling of security—the question of quality, style correctness and dignity may safely be dismissed.

The soft rich woolsens that lend themselves to gracious lines and tailoring are the chosen of the season. Squirrel, Mole, Nutria, French Seal or Wolf as trimmings make suits of indescribable beauty.

Prices from.....\$25.00 to \$145.00.

Sizes from.....16 to 53

Dresses

Two interesting groups disclosing new and charming style developments. The satins and taffetas are draped in graceful flowing lines; some are beaded; laces of real fineness form vestees and collars; new straight-line pleatings accentuate slim lines. The tricotines and serges show redingote and long tunic lines. Tailoring is notably good and the material used is of an excellent quality. Navy blue predominates.

Sizes from.....16 to 53
Range of prices from \$18.50 to \$75.00

New Skirts for Fall

Wonderful attractive line of skirts on display now. Graceful in appearance, handsome in material, rich in color. We show them in the new plaids and in all the new rich silk fabrics. They come to us in the accordion and knife pleat models that are finely tailored and perfect fitting.

Mr. and Mrs. Barney Turner and children, Lee and Myrl, and Mrs. Iley Bailey of Caro spent Sunday at the Fred Smith home.

Miss Vera Shaw, who has been spending the past two weeks at the home of her grandparents, Mr. and Mrs. Thos. Colwell, returned Saturday to her home at Decker.

Mr. and Mrs. John Foe and granddaughter, Clara Mae Foe, and Mr. and Mrs. Frank Foe, all of Dryden, spent Sunday at the home of John Foe's brother, W. A. Foe, and family.

The front lawn of the farm home of Mr. and Mrs. Thos. Colwell presented a pleasing appearance Sunday afternoon when about twenty of their old friends and neighbors gathered to renew old acquaintances and have a social time. They brought along baskets filled with different kinds of sandwiches, salads, pickles and assorted pies and cakes and this together with hot coffee and plenty of jokes and laughter (to aid digestion) made a pleasurable time.

Rev. and Mrs. Hufton and children of St. Charles called on F. J. Nash, sr., Thursday morning on their return from Deford. They expected to be away about two weeks on their vacation but were called home in a couple of days because Mr. Hufton was called to preach the funeral sermon of the Murphy boy who was smothered in the wheat in the elevator in St. Charles.

Mr. and Mrs. W. J. Nash and children, Donald, Vincent, Jean and Richard, of St. Charles came last Sunday to visit his parents, Mr. and Mrs. F. J. Nash, sr. On Monday they went to Bad Axe to visit Alvah Nash, returning on Tuesday. Thursday they started for the Caro fair expecting to meet Mrs. Nash's brother, Ernest MacLachlin, and family of Durand, and return home that evening. Mr. Nash writes later: "We left the fair grounds at 3:40 p. m. and did not arrive at home until 11:00 p. m. Ernest broke the steel lining in his axle, making it difficult to keep the wheel on. I made two trips from north of Watrousville and took both loads to Saginaw. Ernest did not get his car to Saginaw Overland garage until six o'clock on Friday morning."

A Great Business Stock Farm Cheap

200 acres clay loam soil, over 110 acres of plow land in good state of cultivation. 20 acres of large beech and maple timber. This timber alone is worth almost half purchase price of farm. Situated 3 1/4 miles from railroad town.

Good 8-room house, basement 24x24, equipped with gasoline engine, which furnishes power for all household duties, also pumps water for house and barn. Modern dairy barn 50x86, stables for 60 head of stock, silo and plenty of out-buildings.

This farm is particularly adapted to dairy farming or the raising of live stock, having over 70 acres of pasture with plenty of water.

On account of owner's health, this farm must be sold soon. Come and look this over as it is a snap. Price \$60.00 per acre, with \$3,000.00 or more down. Might consider a small farm close to good town.

Read the Store News in the Chronicle.

ELKTON—George Niensted, 12 year old son of Charles Niensted, hotel keeper here, had three fingers blown off when a dynamite cap with which he was playing exploded. The dynamite cap had been laying around for some time and the boy took it to his bedroom and lit a match to it.

UBLY—While playing with a revolver, Julius Leminski, of Parisville, was shot through the foot by his cousin. The young man was pointing it toward the ground when it accidentally went off. The bullet entered Leminski's foot at the ankle and came out at the heel.

SANDUSKY—Henry McDonald, engaged in the transfer business at Sandusky, is in the hospital at Port Huron as the result of an accident. Mr. McDonald was repairing eave-troughs on his house when he fell approximately twelve feet to the ground lighting on his heel. The heel was crushed by the fall.

CROSWELL—The Farm Bureau of this locality have taken over their recently purchased elevator property here and commenced operations of the plant on Thursday. F. A. Bickle, of Sandusky, has been engaged to act as manager for the new firm to succeed Wm. Congdon, who has had charge of the plant for the past fifteen years.

BURNSIDE—A terrible accident occurred at the farm home of Mr. and Mrs. Leo Linck, one mile west of Burnside, Monday morning when their little son, Charles, aged 8 years, was crushed to death beneath the land roller which he was riding. The little fellow was rolling in a field adjoining that from which his father and brother, Edward, were drawing oats. The roller ran over a small stump in the field and threw the lad off, the horses immediately stopping. The father noticed the horses standing still and on going to see what was wrong, found Charles under the roller crushed to death.

SEBEWAING—Christian F. Bach, the leading citizen of Sebewaing, died at his home in that village Monday morning, August 23. He had been in usual health until nine o'clock the previous evening when he suffered a stroke. He was 65 years old and leaves a son and two married daughters. Mr. Bach was for many years a member of the firm Liken & Bach, which operated extensively in Tuscola and Huron counties in timber lands, lumbering and merchandising. He had large interests in farms in both counties, besides investments in banks in Saginaw and Bay City. He was a member of the firm Seeley, Andrews, Bach & Co. in banks at Colwood and Bach, and was a man highly esteemed by all who knew him.

VASSAR—Very good progress has been made in the building of the second unit of the Vassar Foundry Company's plant. The building is complete with the exception of the cement floor which is being laid this week. This building has 6,000 lights of glass in it which will make it easy to ventilate, give plenty of daylight and make it very desirable for working conditions. It will be equipped with the latest foundry machinery and will have two traveling cranes, capable of lifting one ton each. When this plant goes on production next month about 12 to 15 tons of iron will be cast as the daily output and about 90 men will be employed. The first unit has been operating at full swing and proving very satisfactory, producing about 5½ tons of good casts per day, and employing 70 men.—Pioneer.

BROWN CITY—The Brown City Banner, commenting on the failure of that town to secure the foundry proposition say, "It is apparent that the people of Vassar consider that if they 'let George do it' it would never become any greater in population than heretofore, so they got busy, every one and pushed with the result that they have now one unit employing both a day and night shift and a second unit nearing completion which will employ 60 additional men. It is dollars to doughnuts that Marysville and Ojibwa agents have taken enough money out of this town to build a large foundry with returns assured and with no where the element of speculation as is involved in those phantom cities to say nothing of the advance in real estate which would have more than paid for the outlay in the foundry enterprise."

FAIR IS COLLEGE AND PLAYGROUND

MICHIGAN'S OWN EXPOSITION PEOPLE'S PROPERTY—OCCUPIES FIRST PLACE AMONG STATE FAIRS.

PROFITS GO BACK INTO PREMIUMS, IMPROVEMENTS

When the Michigan State Fair gates are thrown open to the public Sept. 3, the seventy-first annual exposition of the largest state fair in America will be under way. This statement may cause surprise among many persons in the state for there are many who do not realize that in the Michigan State Fair they have the most influential institution of its kind.

The first Michigan State Fair was held in 1849 and it has been a prominent institution ever since, although in the last 71 years its home has been in several different cities. It has been

located on the big fair grounds fronting on Woodward avenue in Detroit since 1905.

The organization of the institution which operates the fair is not completely understood among all of the people of the state and there are many persons who do not understand what the fair property actually is the property of the people of the state.

The Michigan Agricultural Society which operates the fair, was created by a special act of the legislature for the purpose of conducting the state fair. The property is vested in the society, to which any person in the state may become a member by purchasing a season ticket to the fair. Although the actual title of the fair is in the name of the society in case of usubstantment all of the assets now grown into millions, would revert back to the state.

All money taken in by the fair above actual expenses goes back into premiums and permanent improvements. It is through the surplus piled up annually that the fair property has been built up to its present state.

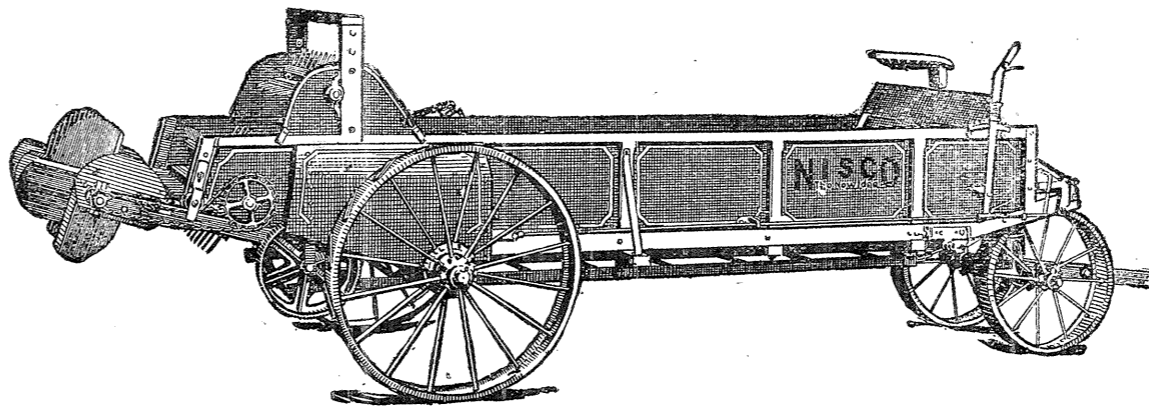

Growth of the fair did not actually start until eight years ago when modern business methods were installed and when G. W. Dickinson was made secretary manager.

When the fair was placed on the basis of a self-supporting institution, depending almost wholly on its income to meet expenses and make improvements, it was forced to adopt money making methods which in many instances were directly opposed to the fundamental purposes which it was created to serve. Any shortcomings it has had in the past, however, have been overshadowed by the great work it now is doing for the entire state.

It has become a great annual celebration for the whole state of Michigan. It is a vacation, a recreation for the people of the state. It is instructive, inspirational and entertaining. Its essential spirit is entirely foreign to the morbidly serious purpose which toiling forefathers had in view when they brought fairs into existence.

The Michigan State Fair is drawing the interest of the youth of Michigan to the farm. It has become a great university of farming and a big school for the study of many other sciences and trades. And with its opportunity for serious application to the gaining of valuable knowledge it offers entertainment and recreation to hundreds of thousands of persons each year. Last year the attendance was 750,000. This year it will reach 1,000,000 it is believed.

It is the aim of the fair association to offer something to each one of these 1,000,000 persons. The purpose of the management is to make the Michigan State Fair, owned by the people of Michigan, and institution from which all the people of Michigan can obtain something of real worth to themselves.

ORDER THAT SILO NOW

We have on hand ready for quick shipment a few Interlocking Cement Stave Silos.

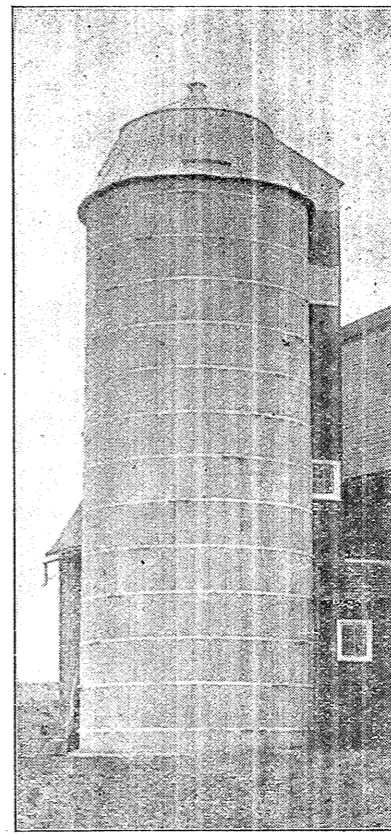

These silos were made up when cement was much cheaper than it is today. There is no hope of cement being lower in price for some time, and this means you can buy a silo cheaper now than you can next season. It also means on your saving in high price hay and from the benefits you will get from next summer's silage when the pastures dry up, that you will just about save enough extra to pay for your silo.

Our prices are lower than others and we can give you a guaranteed job, and complete it for you in time providing we get the order now. Without any obligation on your part, write me for prices on the size silo you are interested in. We will give you liberal terms.

Many of these silos have been in use near Imlay City for past 6 years and about 100 will be erected in that vicinity during 1920 which is evidence of the satisfaction they are giving.

Interlocking Cement Stave Silo Co.

Imlay City, Michigan

BUILD YOUR SILO NOW!

Before Your Corn Ripens

RIGHT NOW—before corn cutting time is one day nearer, build a silo. It will give you feed with all the milk-producing, beef-building qualities of June pastures the year around. More milk, quicker feeding, better manure—actual dollars in your pocket. It will pay for itself in one year.

Build a Tecktonius Wood Stave Silo. It makes silage right, and keeps it right. *No waiting for deliveries.* We have Tecktonius Silos here, now—and with the foundation in, you can

Build the Tecktonius in 1 or 2 Days

The vital silage making processes are absolutely dependent upon the heat generated in the silo not being allowed to escape, and the outside air not being allowed to enter.

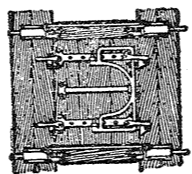

The silo must be air-tight. This is where wood proves its superiority for silos. Of all building materials, it is the very best non-conductor of heat. Held air-tight, the wood silo keeps the heat in and cold out. Here is where the Tecktonius excels all others—its patented fixtures hold the staves rigidly locked together, keeping the silo absolutely air-tight the year around.

TECKTONIUS SILO

Makes Silage Right Keeps it Right

Self-Adjusting Hoop Fastener
Its take-up spring automatically exerts a constant pull on the hoops that keep the silo air-tight regardless of stave shrinkage.

Perfecting Fitting Hinge Door
You can put it on with one hand, and have one free to hold to the ladder—locks securely at 4 corners, insuring perfect fit; swings into silo clear of door opening, allowing you to get in or out easily.

Can't Twist, Creep, Lean or Blow Over

Tried and proven—it has been the leader in wood silos for years.

Built of perfectly matched staves, the Tecktonius is kept air-tight 12 months in the year—and the staves can't buckle or warp out of shape. Its patented Self-Adjusting Spring Hoop Fasteners take up all shrinkage of the staves.

The Tecktonius can't creep, twist, lean or blow over, for it is securely bolted, and anchored, inside and out, in a rock-like concrete foundation, and tied down with staunch, steel cables.

Immediate Delivery

No waiting—we have Tecktonius Silos here ready for you—and 2 days after you take one home, you can have it up and completed.

Come in, and see how easily and quickly you can build this silo, and how much better it is than any other silo you have ever seen. See what you get before buying.

How To Keep in Good Condition Sound nerves, a clear head, good digestion, strength, endurance and general health depend upon clean blood. If the kidneys and bladder do not properly perform their functions, the blood cannot be clean and pure, the waste matter, impurities and poisonous acids that cause nervousness, rheumatic pains, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under the eyes and other weakening symptoms. WAS RELIEVED AT ONCE "I was afflicted with kidney and bladder trouble for nearly 6 years. Had one very bad spell about 5 years ago. Was confined to bed for 4 or 5 days, unable to do anything without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending your kidney pills to all who have kidney trouble." John Heath, Michigan Bar, California. FOLEY KIDNEY PILLS soothe, strengthen, heal overworked, weak and diseased kidneys and bladder. When these organs are working properly, the blood is cleansed and purified, appetite returns, good digestion follows, refreshing sleep is possible, health and strength come again. They have brought relief to thousands of men and women who thought old age was coming on before it was due. BURKE'S DRUG STORE L. I. WOOD

READY AT LAST.

At last—the doctor coughed gravely. "I am sorry to tell you," he said, looking down at the man in the bed, "that there is no doubt you are succumbing from smallpox." The patient turned on his pillow and looked up at his wife. "Julia," he said, in a faint voice, "if any of my creditors call, tell them that at last I am in a position to give them something."

STATE GAME LAWS FOR THIS YEAR

Continued from first page. sula sportsmen, who ask that the open season be reduced because of the rapidity with which deer are disappearing in various counties. It is proposed to make the open season from November 20 to 30. The present regulations call for a season from November 10 to 30. Following are the outlines of the various laws protecting game animals and birds this year: Rabbits and hares—Open season November 1 to March 1, inclusive. Number that may be taken is unlimited. Those legally killed may be transported and sold. Unlawful to use ferrets or other rodents in hunting. Farmers and fruit growers may use ferrets to hunt rabbits on their own lands. Otter, fish, martin and mink—Open season November 16 to February 14, inclusive. No limit on number. Raccoon—Open season October 15 to December 31, inclusive. No restrictions as to number. Muskrat—Open season December 16 to March 31, inclusive. North of range 20 north. Oct. 16 to Apr. 14, inclusive. Unlawful to destroy or disturb house or hole. Partridge—Open season, upper peninsula, Oct. 1 to Oct. 31, inclusive, except in counties closed by public domain commission. Lower peninsula, Nov. 1 to Nov. 30, inclusive. Limit, five in one day, 10 in possession at one time, 25 in season. Ducks and coots—Open season Sept. 16 to Dec. 31, inclusive. Limit, 25 in one day; 25 in possession at one time; 50 in one calendar week. Wilson and jack snipe and gallinules—Open season Sept. 16 to Dec. 31, inclusive. Limit, 15 in one day, 25 in possession at one time, 25 in one season. Geese and brant—Open season September 16 to December 31, inclusive. Limit, six in one day, 25 in one season, six in possession at one time. Black breasted and golden plover and yellow legs—Open season Sept. 16 to Dec. 15, inclusive. Limit 15 in all one day, 25 in all in possession at one time, 25 in one season. It is unlawful for a hunter to have partridge, ducks, coots, geese, brant, woodcock, rails, plover or yellow legs in his possession 30 days after the close of the open season. Due to the closed season on duck in the spring this game bird is rather plentiful this year, according to reports received from hunters. Tracing Origin of "Gob." A side-light was thrown upon the word "gob" by the Scotsman of August 4, 1890, which said that when a meeting of the coast-guard takes place the men indulge in protracted yams, a draw of the pipe, and a friendly chew. Such a session is invariably productive of a considerable amount of good-natured chatter, as well as free expectation all around, wherefrom our friends came to be known as "gob-bles" (from "gob," the mouth) in the process of time gob and gobble came to be applied to the ships manned by the gobs. Washington's Political Faith. Washington was a Federalist, and a strong party man at that, but he was unanimously elected to the presidency by the Federalists and Democrats. He was also the unanimous choice when running for re-election. John Adams was vice president under Washington and succeeded him in the presidency. There was a contest, however, in 1796 between Adams, Federalist, and Jefferson, Democrat, in which the former was the winner. Monster Sharks. Inhabiting the deep are two gigantic sharks, either one of which may reach a length of 40 feet. The basking shark is found in northern seas, occasionally straying southward to our coasts, and the whale shark seems to have its principal habitat in the Indian ocean, though stragglers have turned up as far away as the shores of Florida. One such mounted is on exhibition at Miami and will repay a visit to anyone who chances to be in that vicinity. Children and Books. It does the child no harm to make the acquaintance of books which were not written for children. In a home where great books that have inspired or amused successive generations are accessible, an active-minded child is likely at some time or other to get at them. If we want our children to fall in love with the better kind of books, let us provide them with opportunities for meeting such books without too much formality. Bees Liked Peacock Pie. It is recorded by historians of the day that Queen Elizabeth's favorite dish on festive occasions was peacock pie.—Brooklyn Eagle.

NOTICE TO FARMERS

Mr. Farmer: A rare opportunity is open, whereby, it is possible for each and every farmer to receive better returns on the sale of his grain, hay and produce; also, it is possible for him to make better purchases.

\$35,000.00

or rather 3500 shares of the The Farm Produce Co.'s stock is up for sale to the farmers in and around Cass City. Same to be sold at par—\$10.00 per share.

CO-OPERATIVE

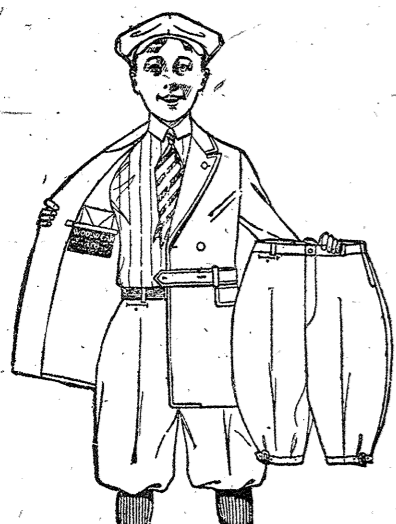

At the annual meeting of The Farm Produce Co. an expression was made that they were willing to turn to a co-operative company providing that the heavy stockholders would not be obliged to hold over fifty or more shares as they saw fit.

"No one will be obliged to sell." In order to give the directors and stockholders of the Farm Produce Co. an expression, the Directors of the Local Farm Bureau have appointed committees to solicit the farmers who are ready for a co-operative elevator, coal and lumber yard.

Here's an opportunity for Business Men and Farmers to be drawn closer together.
