YOUR COLD GROWS WORSE.

Does This Ever Happen To You?
Sniff—Sniff—Sniff—your cold grows worse and worse, your temperature goes up, your head begins to ache, you have no appetite, your power of resistance grows weaker, your smiles cease, you lose interest in everything, you go to bed and the doctor comes. He feels your pulse, takes your temperature, and immediately orders a nurse. He comes again and sends you off to a hospital. Weeks roll by and you are carefully nursed back to health.
Besides your suffering you have lost your time, you have had to pay your doctor, nurse, druggist and hospital bills, all because you neglected that apparently slight cold.
Don't do it again. Take no more chances.
Get of us a box of Rexall Laxative Aspirin (U. D. Co.) Cold Tablets today. Take them according to directions the moment the first symptoms appear and you will obtain relief. We guarantee them.

CLEANED FROM THE EXCHANGES

HARBOR BEACH—During the coming week a temporary hospital of eight beds will be opened in what will ultimately be the nurses' home. This opening is made necessary to take care of a number of cases of local physicians that cannot be delayed until the new hospital opens. It must be understood that in no manner is this temporary hospital connected with what will be the Harbor Beach hospital, and it must be made plain that no cases other than those now arranged for can be taken into this hospital. Enough cases are now booked to keep every bed filled until the regular opening.

PT. AUSTIN—The annual meeting of the Mayes Bros. Tool Mfg. Co., was held in the K. of C. hall Tuesday evening, election of officers took place and it was then voted to float \$15,000 in bonds. The following are the officers for this year: President, Frank Kinch; vice president, George S. Farrer; general manager, John Mayes; secretary-treasurer, Harold S. Farrer; general manager, John Mayes, S. J. Wallace and Frank Kinch.

CROSSWELL—Frustration of what appeared to be plans for robbery of the State bank here has been reported by village marshal Flynn to the authorities. Flynn declares that he discovered an automobile in the alley between the state bank and Jackson's store at 3 o'clock Sunday morning, and that the two men were standing on the steps at the north side of the bank. The men were using a pocket flashlight and were acting in a manner to arouse the marshal's suspicions. When they discovered that they had been observed, the men ran to the automobile and drove away. Flynn sent several shots after the car, attempting to puncture a tire of the machine, but without any apparent effect.

LEXINGTON—Clare Dawson, the Lexington youth who plead guilty to the charge of attempted rape in circuit court last week, was sentenced by Judge Beach to serve five to ten years in Ionia state reformatory with a recommendation from the court that he be kept there until he improves mentally. He was taken to Ionia the last of the week.

SANDUSKY—A new electric pump has been installed at the Sandusky power house with a maximum capacity of pumping 600 gallons of water per minute. For the past four years the State Fire Marshal has insisted that the city install another pump because of fire protection. Sandusky has been the only town that has been getting along with one pump.

MARLETTE—R. M. Riley, of the Marlette Creamery, has taken over the butter factories at Snover and Shabbona, that have been idle and will put them into operation this spring.

CROSSWELL—There is just enough pea silage going away from the canning factory these days to give Crosswell some of the smells that were supposed to be confined to Mt. Clemens. The stuff smells to heaven yet the cattle like it and will leave good clean hay to eat it.—Jeff.

BAD AXE—If Gov. Grosbeck follows out his proposed policy in the way of cutting out state officials, there should be a big boost in the population of Bad Axe and Huron county, when the boys come home.

BAD AXE—What is said to be the largest charter membership class for the Ladies' Loyal Orange Lodge in the U. S. was organized and initiated in Bad Axe Tuesday night. The class numbered 53. State Grand Worthy Mistress, Mrs. May Sartwell, of Flint; State Grand Secretary, Mrs. Gertrude Cronk, of Port Huron and State Grand Conductress, Mrs. Jennie Eagling, of Pontiac were here to do the work.

PORT AUSTIN—Married while running away from the great forest fire which swept "The Thumb" 40 years ago, Mr. and Mrs. C. A. Hempstead of Northville are now returning to make their home here, having purchased the residence of D. J. McDonald, next to the home of Mrs. S. J. Wallace, a sister of Mrs. Hempstead. Mr. Hempstead has been a commercial traveler for years and while in this section on a trip 40 years ago, stopped to see his bride-to-be and fled with her from the fire to Grindstone City. They found a refuge in the home of Rev. Mr. Kay, pastor of the Presbyterian church. The wedding was set for December but the knot was tied on that September day and they have ever since resided elsewhere. Mrs. Hempstead was here Saturday to close the deal for the McDonald home, which is to be occupied at once.—Herald.

ELMER—Otto Prang, well-known farmer of Elmer township, suffered a \$12,000 fire early Wednesday morning caused from the back-fire of a gasoline engine. The engine was being started to run the cream separator when it back-fired, and the clothing of Norman Prang caught fire. While extinguishing the fire from his clothes, the flames gained such headway in the engine room that within a short time the two large barns were all ablaze. Neighbors were quickly called to the scene by telephone and within a short time 100 were there fighting fire and kept it from spreading to the granary and other buildings. The stock was all released from the building, but eighteen tons of baled hay, and 35 tons of loose hay besides feed grinders, separators, and other tools were lost. The loss is estimated at \$12,000 with \$2,000 insurance.—Republican.

DECKERVILLE—Mr. and Mrs. John C. Fritch celebrated their golden wedding anniversary on Tuesday afternoon, the celebration being in the form of a surprise arranged and given by the various members of the family. The M. E. church parlors had been hired for the occasion and was very tastefully decorated in gold and white and evergreens. When all things were ready, the bridal couple were escorted to the church where the many relatives and a few old friends had gathered.

SANDUSKY—Miss Delma Hart, bookkeeper at E. Brown & Sons' garage, was overcome by gas and fell on the sidewalk, face downward, severely bruising her face last Thursday afternoon. She was confined to her home until Tuesday. In the storage room of the garage nine new Ford cars were running to "limber" them up; the gasoline fumes permeated through the garage into the office. Miss Hart began to feel drowsy and stepped outside of the garage for fresh air, when she fell to the sidewalk in an unconscious condition.—Republican.

SANDUSKY—George McCarty of Forester, was hailed into court before Justice Dawson by Truant Officer Mrs. J. W. Musselman. McCarty was charged with not sending his children to school. He was given his choice of \$16.45 cost and fine or 30 days in the jail. He tried the jail for half-day and then decided he had better pay up. The case of Godfrey Damreau, of Elk, who is not sending his children to school, is now being considered, with action withheld.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

Announcement

Since 1888 we have been serving this community with dependable hardware and have worked hard enough to have made a barrel of money. We have gone through a panic or two and we are still afloat but the barrel of money is still to be made.

Whatever else may account for our failure to corner the aforementioned barrel, we are sure if you could see our ledgers for the past 32 years you would conclude with us that selling goods for credit has lost more than we could afford in long postponed settlements, disputed items and a few dead beats.

The credit plan also has cost us customers whom we have accommodated for years for accounts of large amount, and with whom after our forbearance has been exhausted, a demand for settlement has resulted in broken business relations and many unkind sentiments expressed to us and the neighbors by the parties who had for years presumed upon our good nature.

We cannot recall ever having a serious break with a cash customer as the transaction is completed while the price and the need for the goods are in the mind of the customer. A credit customer often forgets items which he bought, forgets the price, forgets that he sent a neighbor for the goods, and forgets that the adding of an item every week for a year soon makes a big account.

We have suffered some from customers speculating with money rightly due us, that is holding for weeks or months produce which was not selling at a satisfactory figure, and neglecting an account because money in the bank and bearing interest would forfeit a small interest payment if drawn before a certain date.

These facts, the market conditions in hardware and metals, and the tendency for wholesalers and manufacturers to shorten credit terms or to urge settlement by acceptances (which are virtually notes), prompt us to make the following announcement.

With no feeling of resentment toward any but with confidence that we can better serve you, at closer profits, on and after Feb. 1st, 1921, purchases from our stock must be paid for in cash or equivalent, or by bankable notes at current interest rate.

Thanking our many friends for their loyalty and forbearance through all the past years, we are

Sincerely,
N. BIGELOW & SONS.

Seeing the great opportunities in oil, Mr. Yoder had the foresight and judgment to invest and now has several hundred acres of oil and gas leases in Kansas and Oklahoma with several producing wells on them. He was different from the "ten men who never won and never will."

1. The hind sighted man—never sees opportunity until it is passed.

2. The backboneless man—always has to ask somebody's advice.

3. The "Only" honest man—must have the control, no one else is honest.

4. The spendthrift—never has anything to invest.

5. The suspicious man—always afraid some one will rob him.

6. The conceited man—knows where all the best things are without being told.

7. The modern Shylock—believes in nothing but the "pound of flesh" mortgage.

8. The narrow gauge man—refuses to listen to anything "out of his line."

9. The unfortunate man—has a friend who invested and lost.

10. The fool—thinks a thing worthless or it wouldn't be offered to him. These chaps never get ahead. They simply can't—they are afraid. But the world is peopled with the other kind as well.

SCHOOL NOTES

Reporters, Maxine Campbell and Aletha Seed. High School. Rev. Pohly gave a very interesting talk to the high school pupils on Tuesday morning. His theme was

"Wisdom is the principal thing, therefore get wisdom." The debate between Caro and Cass City was well attended and the debaters and instructors were greatly pleased. The decision of the judges was unanimous in favor of the affirmatives. They hope to win several other debates on their schedule. Supt.

Miller from Elkton, Supt. Vandenberg from Bad Axe and Supt. Woden from Sebawaing were judges. The basket ball games between Pigeon and Cass City were well attended. Our boys and girls both won, the girls winning with a score of 17-11 and the boys with the score of 15-9. Good playing was in evidence on both sides and the games were close. After the games Friday evening the teams enjoyed a party at Doerr's hall. Games furnished the amusement without the aid of dancing, after which lunch was served. The students are busy preparing for semester examinations. The examinations begin on Wednesday and last throughout the remainder of the week.

The courses offered to students second semester are modern geography, civics, bookkeeping and senior reviews. The class of senior reviews is taught for the purpose of preparing the students for teachers' examinations. There are about 15 enrolled in this class.

Spelling will be required by all high school students the last semester. The spelling will probably be given Thursday morning.

Prof. Greenlaw, a colored soloist, gave two splendid selections before the high school Thursday afternoon. Rev. Charles, pastor of the First Baptist church of Caro, gave a short talk.

Supt. Vandenberg of Bad Axe was a visitor at the high school last Friday afternoon.

The freshman class promises good material for the public speaking class in the future. Last Friday morning a short formal debate was held in which Helen Turner, Adrian Bixby and Edna Brackenbury upheld one side of the question, while Warren Wood, Edna Jackson and Dorothy Tindale were their opponents. The results were highly satisfactory.

The agriculture class have received a chart on poultry from the International Harvester Co. It is the most interesting one which has ever been received.

The work in health inspection under the inspection of Miss Romani will be commenced in the Cass City schools on Wednesday of this week. Undoubtedly it will take from one week to ten days to make the inspection. Each pupil will be given a thorough examination and a record kept of any defects. Wherever this work has been tried out it has proven very successful. We are glad that we have the advantage of this opportunity.

Mrs. Knapp was a pleasant caller in the high school Tuesday morning. We ask the hearty co-operation of all the parents of the community.

Fourth Grade.

Leona Davidson entered the fourth grade this week.

Third Grade.

The third grade will have penmanship which will be accompanied by the Pathe.

They are studying the sparrow, snowbird, chick-a-dee and animals of the north.

They also have finished the letters which were started Friday and went in a body after school to mail them.

Second Grade.

They are enjoying singing "Little Tin Soldiers" with the Pathe phonograph.

First Grade.

Madeline Olschove has returned to school after a brief illness.

Kindergarten.

Alvin Reid has returned to school after a siege of whooping cough.

The kindergarten are making a doll house and also furniture to go with it.

IT HAPPENED IN CASS CITY

And Is Happening to Cass City People Every Week.

The case told below is not an uncommon thing. The same occurs frequently and will continue to happen as long as folks have kidneys and overtax the kidneys.

J. W. Murphy, retired stock man, West St., Cass City, says: "When my kidneys were weak it always affected my back and made it weak. Doan's Kidney Pills always gave me quick relief at such times. My back pained me so much that I couldn't stoop over and at those times, it was agony to move at all, because of the sharp pains that shot across my kidneys. Mornings when I got up, I felt played out, just miserable and without much ambition. The kidney secretions burned terribly and passed frequently. Blinding dizzy spells would come over me and things would whirl around before my eyes. However, Doan's Kidney Pills always came to my relief. They relieved the painful backache and put my kidneys in good shape. They took away the dizzy spells and other troubles, too."

Wheels on a track—the Cletrac way—take less power

The Cletrac for Small Farms

If your farm's small—make the Cletrac your righthand man. It speeds up every farm job, saves time and helps you make more money.

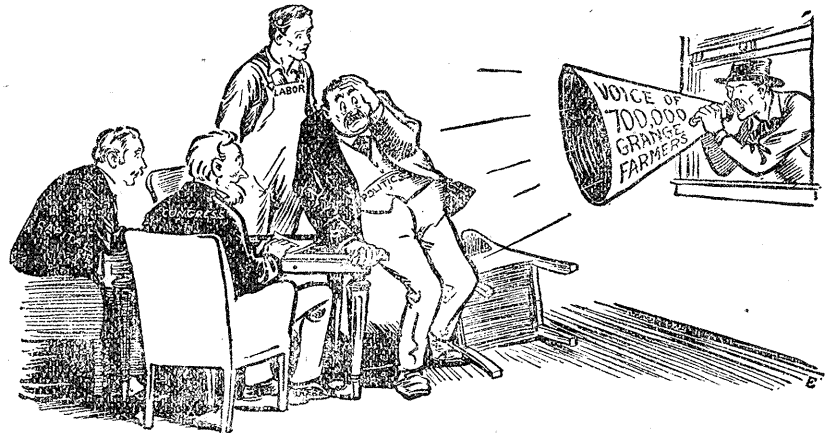

When the spring rush hits you, the Cletrac's ready. It works day and night—plows deep and fast; prepares the seed-bed in the thorough way that produces bigger crops.

And the Cletrac doesn't stop there. It's a big help in harycsting, threshing, silo-filling, clearing roads, sawing wood and hauling manure. One Cletrac, run by a boy, replaces four to eight animals and saves you their care and feed bills.

Come in and look this tractor over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

Let Your Voice Be Heard

Farmers sometimes have been hampered by ill-advised action in Washington. Congress and department heads have seemed out of touch with rural thought and deeds. Other interests have absorbed too much of the attention of national officials.

This has happened because the single farmer can seldom make his voice heard. It is time that Congress gave more heed to the great agricultural population. And when farmers' wants are expressed through a common spokesman, backed by an increasing number of farmers, Washington must listen and act.

The Grange has such a spokesman at Washington. Through him it has forestalled many moves hurtful to agriculture. Government officials know its arguments are sound and free from radicalism.

Many issues vital to the success of farming will come before the new Administration and Congress. The Grange offers you the chance to make your voice heard.

THE COUNTRY GENTLEMAN, too, maintains a Washington representative to watch after the farmers' interests. His articles will keep you in close touch with governmental activities of vital importance to farmers. And that is only one of the ways by which its national farm-news service will aid you. Every week it brings a dozen keen articles, interesting fiction, helpful editorials and enjoyable humor.

ONE DOLLAR for a year's subscription (52 issues) will buy big value in benefit and entertainment. Let our secretary forward your order—today!

No matter what anyone may claim, there is ONLY ONE SPEED at which a cream separator should be turned in order to get all the cream and cream of uniform thickness.

That's the speed plainly indicated on the crank of every separator, of whatever make. Full speed is the only assurance of full capacity and full efficiency.

Every DeLaval now has a Bell Speed-Indicator. The bell warns the operator if the separator is turned too slowly. There can be no mistake about it.

The Bell Speed-Indicator adds nothing to the price but much to the value of the

DeLaval Cream Separator

Come in and examine the machine and see how the Bell Speed-Indicator works.
