

ARE OUR TOWNS UP TO STANDARD?

HOW MANY OF THE "TEN TESTS" DO THE VILLAGES MEET?

Questions People Ask About Our Cities before Locating with Us.

L. N. Flint, of the department of journalism, University of Kansas, presents ten tests that apply to any town, these being as follows:

1.—Attractiveness. Shall I like the town—its "atmosphere"? Does it have the beauty of features. Is it a quiet, roomy, airy, well lighted town? Does it have attractive public buildings and homes? Is it well paved? Is it clean in every sense?

2.—Healthfulness. Will my family and I have a reasonable chance to keep well in that town? How about its water supply? Its sanitary system? Its methods of milk inspection? Its hospitals? Is it without any congested district?

3.—Education. Can I educate my family and myself in that town? How about its public schools—present and future? Its institutions of higher education or of business training? Its libraries? Its lecture and concert courses? Its newspapers? Its postal facilities?

4.—People. Shall I like the people of the town? Are they "home folks" without false exclusiveness? Are they neighborly and friendly? Is the town free from factionalism? Does it have strong religious, fraternal and social organizations?

5.—Recreation. Can I have a good time in that town—I and my family? How about the theatres, museums, gymnasiums, parks, etc? Are there active agencies athletic contests, etc? Are inviting opportunities for pleasure drives afforded by well paved streets?

6.—Living. Can we live reasonably and well in that town? Are the best of modern conveniences available for its residents—electricity, gas, telephones, etc? Are the housing and shopping conditions favorable? Rents, taxes and prices fair? Hotels good? Home and truck gardens and dairy products plentiful?

7.—Accessibility. Can we go and come easily? Does the town have adequate railroad connections and train service? Street car lines? Interurban lines? Well marked automobile routes and hard surface roads?

8.—Business. Can I make good use of capital in that town? Are there banking facilities? Manufacturing interests? Up-to-date stores? Good shipping facilities? Favorable labor conditions. A prosperous farming territory? Active co-operation among business interests?

9.—Employment. Can I get a job in that town at fair pay and with good prospects for the future? Can I count on co-operation from organizations making it their business to help introduce and establish new commercial interests and to welcome new citizens?

10.—Progressiveness. Shall I find that I am in a live town having a progressive city government, active civic organizations, modern fire protection, and pull-together spirit in everything—a town with a future?

All of the towns of the Thumb of Michigan meet some of these tests—none of them meet them all. How many does your town pass?

"AGGIE" VAULTERS MADE ELEVEN FEET

J. K. Brooker and H. H. Wilson Tied in Setting a New Record.

James K. Brooker of Cass City, who entered the Michigan Agricultural College last fall, is already making a record in Aggie athletics. From Lansing comes this report regarding his activities:

"Competing in the finals of the inter-fraternity track meet in the Michigan Aggie gym last night, H. H. Wilson and J. K. Brooker tied in setting a new record for the pole vault in the Aggie-gym, both of them clearing the bar at 11 feet. The former record, 10 feet six inches, was set by Wilson last winter.

"Brooker is a freshman in the school of engineering at Michigan Aggie. Last spring he represented Cass City high in the inter-scholastic meet, winning first place in the pole vault and placing in two other events.

"For two seasons, Wilson, who is a junior, has held up the vaulting end of the Aggie track squad almost unsupported. Now, however, it is evident that he will receive some valuable support from Brooker.

"The new mark made indoors ties the record for the event in the Michigan State Intercollegiate held on the Aggie field annually. In this event, Speidel, of the Aggie squad, made 11 feet in 1919."

SECOND VILLAGE TICKET NOMINATED MONDAY

Greater Interest Promised in Election by Two Sets of Nominations in the Field.

Citizens' Caucus Nominees. President, S. F. Bigelow. Clerk, Geo. Burg. Trustees for two years, Geo. Burt, J. C. Farrell and F. A. Bigelow. Treasurer, Geo. C. Hooper. Assessor, H. L. Hunt.

There promises to be a greater interest taken in the village election in Cass City this spring owing to the nomination of two tickets. For several years, voters have contented themselves with one ticket with the result that few ballots were cast on election day.

The second caucus, known as the Citizens', was held at the council rooms Monday evening. Andrew Wilson presided as chairman, Mrs. D. N. Fritz was chosen secretary and H. M. Willis and Floyd Reid were appointed tellers.

S. F. Bigelow as village president, Geo. C. Hooper as treasurer, and Geo. Burt, J. C. Farrell and F. A. Bigelow as trustees were nominated unanimously for the offices named, the clerk of the caucus in each instance casting the ballot which placed them in nomination.

Geo. Burg was indorsed for the position of village clerk on the first ballot, securing 19 out of the 24 votes cast.

For assessor, H. L. Hunt was given 19 votes and I. W. Hall 8.

Women voters were well represented at the caucus, about half of the votes being cast by the ladies.

THUMB RACING ASSO. ORGANIZED MONDAY

Cass City, Caro, Bad Axe, Sandusky, Crosswell, No. Branch and Imlay City Represented.

Representatives from the Cass City, Caro, Bad Axe, Sandusky, Crosswell, North Branch and Imlay City farms met at Caro Monday afternoon and organized the Thumb Racing Association with John Titus of Imlay City as president and W. A. Calbeck of Caro as secretary.

The board of directors includes the following members: W. E. Allen, Bad Axe; Lester Bailey, Cass City; C. D. Golden, Crosswell; A. J. Calbeck, Caro; Ward Cornell, Imlay City; Mel Deo, North Branch and Ed. Dawson, Sandusky.

The organization of the association has for its object the establishing of a racing circuit which would assure each of the seven farms in the Thumb district first class races. Fair dates for the fairs represented occur regularly each week for seven weeks. The promoters of the society believe more and better entries would be available if the owners of race horses knew they would have continuous racing for such a length of time.

Seven directors representing the seven farms will govern the races and there will be an official judge at all races.

The association plans for at least two harness and one running race each day, with purses for the harness races to have a \$250 minimum.

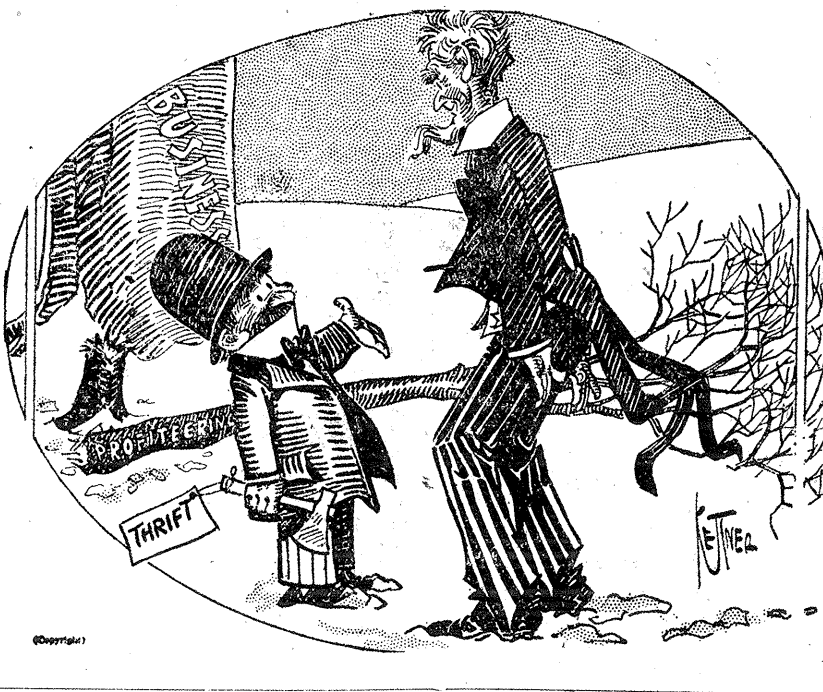

THREE NEWLY APPOINTED RURAL ROUTE CARRIERS

Beginning March first the patrons of three Harbor Beach rural routes will have their mail delivered by newly appointed carriers. George O'Mara will be carrier on route five; Frank Lester was formerly the mail man on this route. Charles Kleinknecht becomes carrier of route two on which Thomas Hickens delivered mail for many years. Fred Ramage takes William Mitchell's place on route one. The newly appointed carriers are World War veterans. Their selection was made following an examination taken by them and others for the position of carriers, at Bad Axe last fall.—Times.

INCREASE LIGHT RATES.

Electric light rates have been increased by the common council of Deckerville from 10 to 12 cents per kilowatt.

"I Did It With My Little Hatchet"

BOY STRUCK BY AUTO DIES INSTANTLY

Accident Occurred Just a Short Distance from Child's Home Near Deckerville.

Freddie, the seven-year-old son of Mr. and Mrs. Tony Yost of Wheatland township, was instantly killed about six o'clock Wednesday evening when he was hit by an automobile driven by Arthur Smith of Urban. The accident occurred on the county road four miles west, two miles north and a mile and a half west of Deckerville, a few rods from the child's home. The auto hit the child in the head, fracturing the skull, and passed over his body. A large pool of blood which ran from the little fellow's ear filled the wagon track and ran over into the ditch. Dr. D. C. McLean was called immediately and pronounced death instantaneous.

There were four people in the car, Arthur Smith, driver, Earl Daeoe, Melvin Laming and Mrs. Roy Kroetch. They were on their way home from Deckerville where the men had attended the horse sale during the afternoon. Freddie and his elder brother, Tony, aged 11, had been to a neighbor's, John Wilder's a short distance away, for milk and had just started for home when the accident occurred. A terrific wind was blowing from the west, making it impossible for the children to hear the approaching car.

After striking the boy, the car came to a stop several rods up the road, and the occupants, looking back, saw the child lying in the road. They proceeded on to the home of Joseph Phillips, where they got out and one of the men went to call a doctor. Mr. Smith started and ran back to where the child lay and picked him up in his arms and started to carry him up the road. The mother, who had been informed of the accident by the older boy, met Mr. Smith and took the child from his arms. A little further up the road Mr. Phillips met her and carried the lifeless form to the home. Smith was fairly distracted by the accident and the whole neighborhood was in a state of excitement. The occupants of the car state that they were not running over 15 miles an hour while the boy Tony says they were running fast.—Deckerville Recorder.

NEW STATE BANK OPENS MARCH 3

Frederick J. Affeldt, jr., of Lansing, state bank examiner, is in Cass City making the preliminary examination of the Exchange Bank of E. H. Pinney & Son, previous to the change of that institution to the Pinney State Bank.

The opening of Cass City's first state bank will occur next Thursday, March 3. A page advertisement announcing the opening of the bank under state supervision is printed on page five.

NEW GARAGE FIRM.

Alex Henry, Robt. Agar, jr., and Clifton Champion have formed a business firm and are purchasing the garage business of James Doerr. They will take over the business on March 7. The three new proprietors have had several years' experience in the garage industry and should make an excellent combination. Mr. Doerr is undecided regarding his future activities.

D. & H. TIME CHANGE.

The D. & H. train from Cass City to Bad Axe leaves an hour later than formerly. The train leaves Cass City at 12:30 p. m. instead of 11:30 a. m.

officiated and interment was in the family lot at Elkland cemetery.

Those from a distance in attendance at the funeral were Amos Bond of Detroit, Miss Minnie Dawson, Joshua Dawson, John Dawson of Marlette, Paul Davison and Mr. and Mrs. Park Biglow of Detroit and Miss Minnie Bradshaw of Pontiac.

GREENLEAF FARM BUREAU NOTES.

Gifford Patch of Washington, D. C., will address two meetings in Greenleaf Friday, Feb. 25. He will be at Greenleaf town hall at 1:30 p. m. and Gleaner Hall at Old Greenleaf at 7:30 p. m. Mr. Patch will explain in detail the principles of co-operative marketing and the elevator exchange. A large attendance is requested.

MOONSHINER FINED AND IMPRISONED

Albert Hill Pleaded Guilty in Circuit Court at Caro Wednesday.

Albert Hill of Greenleaf township pleaded guilty to the charge of running a still before Judge Beach in circuit court at Caro Wednesday and was sentenced to pay a fine of \$200 and to imprisonment in the county jail for 60 days.

Hill was arrested by Village Marshal Herr and Special Policeman Kosanke Saturday evening at Cass City on a charge of violating the prohibition law. A jug with 1 1/4 gallons of home brew was taken from his automobile parked on Main St. Sunday, he was taken to Caro by C. O. Blinn, an inspector of the Food and Drug Dept. He acknowledged his guilt to Sheriff Morris and Inspector Blinn.

COUNTY UNIT PLAN FOR ROAD WORK IS FAVORED

Amendment to Highway Law Proposed; Governor Gets First Bill; Plan Censorship for Movies.

With the prospect that the federal government will spend \$6,000,000 in Michigan during the next year on highway construction, the house committee on roads and bridges has taken action to systematize the state's highway construction methods.

The first step in this direction is in the form of an amendment to the state highway act which deprives counties of the right to dissolve themselves into township units for the purpose of road building. The amendment has been reported out of the committee with the recommendation that it be passed.

"When the state and federal governments are spending vast sums for highway construction, the county is the smallest unit in the state which can function efficiently for road building purposes," said Rep. Charles Evans, chairman of the committee on roads and bridges.

"It is manifestly unfair to permit one small township to block the work of a road across a county by refusing to co-operate with its neighbors. That has been the experience, however, when townships built their own roads. The system has never been successful and after one or two years' try out the counties which went to the township system have returned to the larger unit."

Michigan is now entitled to \$3,000,000 in federal aid for highway construction and if a bill now before congress goes through will receive an additional \$3,000,000.

LEGION TEAM WINS ONE, LOSES TWO

FLINT TEAM ARE STRONGEST OPPONENTS OF THE SEASON.

High School Divided Honors with Brown City and Won from Kingston Quintette.

The American Legion team had two crimps put in a long list of victories the past week when they were defeated by both Owendale and Flint. They were successful in one contest—that with Caro Tuesday evening.

The local team lost their first game of the season to Owendale last Thursday by one point. It was the swiftest game ever played on the Owendale floor. The score stood 3-3 at the end of the first half and three times during the second period the score was tied. The final score stood 14-15.

Tuesday evening, Caro was defeated by the American Legion team 28-32. The visitors, who were easily trimmed by the locals in a previous game, showed improvement in Tuesday's contest. Gowen of Cass City starred as a basket thrower, securing 23 points during the game.

Wednesday evening the locals went on the local floor against by far the strongest quintette they have met this season, that of the Parkland Presbyterian church of Flint.

The city team is composed of expert basketweavers. One played on Purdue University last season, three were members of the Chevrolet team of Flint, one from the Y. M. C. A. team and others from the Buick. H. O. Hillaker, who was born in Cass City a little over 20 years ago, is the manager. The team has been averaging three games a week this winter.

Although outclassed and outweighed the local players put up a strong fight for honors and were complimented by their opponents for their clean playing and grim determination in a losing contest. The first period score stood 25-7 and the final score 46-22 in Flint's favor. The line-up:

FLINT CASS CITY
Snyder F Boyne
Knerr F Gowen
Hameline C Champion
Carpenter G Craft
Morse G Yakes
Substitutes—Flint, L. Campbell, C. Lafave; Cass City, Van Horn, Ward, Referee, N. J. McGillyray.

Flint plays Crosswell, Sandusky and Deckerville the latter part of this week.

High School Games.

The local high school teams were victorious in two of the three games played Friday evening. The Brown City boys put up a hard fight and at the end of the first half the score was a tie but in the last half the local team picked up and succeeded in winning by a score of 35-11. In the Brown City girls' team, the local girls met their match, and though they played a fast game, were defeated by a score of 16 to 12. The same night the boys' second team went to Kingston where they were victors by a 26-6 score. Cass City outplayed and outweighed their opponents. The local line-up: Center, Higgins; forwards, Hunt and McConkey; stationary guard, Gallagher; running guard, Patterson and Striffler.

N. MORRISON BUYS BLACK-SMITH SHOP INTEREST

Norman Morrison of Cass City and H. A. Pierce of Bad Axe have purchased the blacksmithing business and equipment of Scott & Hargreaves at Harbor Beach and will take possession about March 15. The shop has an up-to-date equipment, all of its machinery being motor driven.

POSTMASTER EXAMINATION FOR DEFORD OFFICE.

The United States Civil Service Commission has announced an examination to be held at Caro, on Mar. 26, 1921, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at Deford and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$470 for the last fiscal year.

High School.
Rev. Pohly conducted chapel exercises Tuesday morning. He gave an interesting account of Washington's life.

Mrs. Knapp was a visitor last Tuesday.

A list of 400 common words will be used as a basis of a spelling contest in the Junior and Senior High. This contest will be held sometime in Mar.

The debating teams of the high school closed a successful year with outside teams. The last debate was held at Caro last week. At present the teams are lacking about \$25 and in order to secure that amount a debate will be given in the assembly room of the H. S. Wednesday evening, Mar. 2. If you want to help the team and at the same time hear something worth while, come out next Wednesday evening.

Last Friday evening, the girls' B-B team were defeated on their own floor by the Brown City team. The boys, however, evened things up when they won a complete victory over the Brown City boys. At the end of the first half the score was a tie, but in the last half our boys easily outplayed the Brown City boys. The final score being 11 to 35.

On the same evening, the second team played the Kingston first H. S. team, winning from Kingston, the score being 28 to 6.

COUNTY UNIT PLAN FOR ROAD WORK IS FAVORED

Continued from first page.

additional \$3,000,000, all of which would be available for road work for the year beginning July 1, 1921.

The first bill passed by the 1921 Legislature was sent to the Governor by the senate last week before adjournment of both houses to allow the Legislators to attend the Republican state convention at Detroit. It authorizes the calling of a spring primary in Ingham county to nominate a circuit judge.

The bill providing for a state administrative board, recently passed by the senate, passed the house by unanimous vote. It carried, however, two minor amendments and must be returned to the senate for its approval. The bill for centralizing all state auditing in the auditor-general's department, previously passed by the senate, was also passed by the house.

ASK MOVIE CENSORSHIP.

In the senate a bill proposing state censorship of motion picture films and advertising by a state board at Lansing, was introduced by Senator John W. Smith, Port Huron. The board would be headed by the superintendent of public instruction who would be authorized to employ one inspector at \$1,800 a year, and one stenographer.

The board would not approve films which, in its opinion, were sacrilegious, obscene, indecent, immoral, or tending to suggest false ideals or incite crime. All advertising matter for films would also have to be submitted to the board for approval.

A fee of \$1 for each 1,000 feet of film would be collected by the board, except in the case of educational films for schools or churches, when the fee would be reduced to 25 cents. A fine of \$25 to \$100, or 90 days in jail, is provided for violators.

Establishment of one library each township or city is proposed in a joint resolution introduced by Senator H. A. Penny, Saginaw, which asks for a constitutional amendment to be voted on at the April election.

The amendment would also abolish the practice of diverting money received as fines in penal cases to library uses.

Senator Bolt's concurrent resolution calling upon congress to hasten passage of a soldier's bonus measure was adopted by the house under a suspension of the rules.

WOULD TAX SECURITIES.

Repeal of the tax exemption on foreign securities held in Michigan and the imposition of an ad valorem tax on this class of property will bring the state revenue in excess of \$2,000,000 annually, Rep. George Lord, chairman of the general taxation committee, told the house members, speaking for his bill to repeal the exemption.

Rep. Lord declared that the present registration fee of one half of one per cent gives the state only \$17,000 a year and that the tax is collected but once during the life of such securities which average 15 years.

Increase in the percentage of its assessed valuation which a city may spend for the purchase, improvement and extension of public utilities is provided in a bill introduced by Rep. Edward S. Ramsey, Lansing. His amendment to the present law will increase the limit from 8 to 10 per cent of assessed valuation.

Declaring that a duty on Canadian lumber will work an untold hardship on home owners and tend to provoke retaliatory measures by our northern neighbor, Rep. Arlie Hopkins, has introduced a resolution calling on Congress to refrain from placing a duty on lumber imported from Canada.

It sets forth that there is no need for a protective tariff as American lumber is produced cheaper than any other in the world.

BUYERS FOR STATE HOUSE.

With several prospective purchasers reported to be clamoring for an opportunity to bid on the old state house building and site, the board of auditors suggested to Governor Groesbeck that an act of the legislature was all that is needed to bring about \$300,000 into the state treasury.

The old building could be used until the new state office building is completed.

A. N. Farmer, executive secretary of the Michigan Community Council commission, testified before the joint committee investigating the commission that the offices of the organization had been burglarized three times and that a number of the records had been stolen. He submitted a statement showing that the \$2,165,924.33 patriotic fund had been disbursed in ten items but that he could not state what disposition was made of the money by the organizations to which it was turned over. There is now, he testified a balance of \$166,000 in a Grand Rapids bank and about \$51,000 in a Detroit bank.

State supervision of all private, parochial and denominational schools of Michigan is provided for in a measure prepared by the attorney-general's department and which will have the support of Governor Groesbeck and his administrative board when it is presented in the legislature. It is understood that the bill has been approved by the institutions affected.

Under the terms of the bill, all teachers in private and parochial schools are required to hold a certificate of qualification, and are given until 1923 to qualify for the issuance of such certificate. These schools would then come under the supervision of the superintendent of public instruction.

INCOME TAX FAVORED

Assertions that many Michigan farmers will be forced to abandon their farms unless taxes are reduced are contained in proposals presented to Governor Groesbeck and the tax committee of both houses by a special committee representing farm organizations. Legislation providing for a state income tax is urged in the proposal, which calls for a joint resolution providing for a constitutional amendment to be submitted at the April election.

An income tax, members of the farm organization committee say, would spread tax burdens more equitably and reduce the levy on real property. Members of the committee are: N. P. Hull, president of the state grange insurance; A. B. Cook, master of the state grange; Fred Smith of the state farm bureau; I. R. Waterbury of the Michigan Farmer; and Mrs. Dora Stockman of the state board of agriculture.

Investigation of alleged unlawful lobbying among members of the legislature was begun early in the week. The committee consists of Representatives Thomas D. Meggison, chairman, George Lord, Detroit, John Holland, Bessemer, Frank B. Aldrich, Long Point, and William Ewing, Marquette.

FOR BETTER HEALTH

Presentation of a physician's certificate showing a clean bill of health will be required of all couples making application for marriage licenses in Michigan, if the bill introduced in the house by Rep. Fred Dunn, Highland Park, is enacted into law. The bill also provides that a period of 10 days must elapse between the time application is made and the issuance of the license.

County health officers, to perform the same functions for counties that city health officers now perform for their communities, is the provision of a bill introduced by Rep. Edw. G. Read, Kalamazoo. The measure provides for the appointment by the board of supervisors of licensed physicians at a salary of \$4,000 per year, half to be paid by the county and half by the state.

The designation of party affiliations to the election officials and enrollment accordingly, is called for in a bill introduced by Senator Arthur E. Wood, Detroit. It also requires voters to give notice 10 days before a primary election of their intention to change parties. This is the second election reform measure introduced by Senator Wood, the other providing for election of party delegates to conventions.

STATE BUILDING FUNDS

The committee on appropriations reported out a bill authorizing a sum of not exceeding \$1,140,000 for the completion of the state office building. This will bring the total cost of the structure to \$3,000,000.

The dog law obtained by the farmers after a long fight during the 1919 session would be nullified by a bill introduced by Senator Wood which forbids the killing of licensed dogs by any one except police officers unless the dogs were caught in the act of attacking animals or persons. The present law permits any person to kill a dog running at large after nightfall or found beyond the control of its owner.

Senator Albert J. Engel, Lake City, introduced a bill to prevent fire insurance companies from cancelling any policy or refusing to pay damages after a fire because of breach of any conditions in the policy, so long as the breach did not injure the company or the injury did not occur during the breach.

CLEANED FROM THE EXCHANGES

DUCKED THE MAYOR AT BRICK YARD POND

It is some job being mayor of Crosswell, and the varieties of situations into which the chief executive can get himself are without number. Mayor Graham pulled a new one on Monday that for a minute made him feel like chucking his job and retiring to private life. It seems that Charlie Tupper lives down near the old brick yard pond and for some time has been complaining of the smell arising from the dumping of flax refuse into the pond. He asked the mayor down to see for himself and the two walked out on the ice to a pile of the refuse that Charlie said smelled particularly loud. Just as the pair reached the pile the ice gave way and both went into the water up to their waists. It was cold all right and wet all right, but Mr. Graham says he could have stood both conditions had the water been sweet smelling and clean. He was convinced in a remarkably short time that the flax leavings were prolific after being water soaked for a few weeks, and if anyone has any doubt of the fact he has his clothes with which to prove the proposition. The mayor is sure that the nuisance should be abated, but declares that the next investigation will have to be under the personal supervision of the health officer.—Crosswell Jeff.

YOUNG MAN HAS SLEEPING SICKNESS

Wallace Adams, a popular citizen of Lamotte township, second son of Mr. and Mrs. Alex Adams of that township, is the victim of sleeping

sickness, this peculiar disease which is baffling the medical profession as to its origin and means of treatment. A week ago last Sunday, while home from Snover, where he is employed in a local garage, he complained to his mother as not feeling well, feeling unusually tired and inclined to be sleepy. However, Monday morning he returned to work but gradually grew worse and was taken to his home last Friday. Sunday a specialist was called in and pronounced it sleeping sickness.—Marlette Leader.

BORDEN CONDENSARY RESUMES WORK MAR. 1

The Borden Condensary at Sandusky will resume operations and start buying milk the first of March. With the resumption of operations in the manufacturing of the milk, a force of between 25 and 30 men will be employed, and it is expected that a full force will be working in a few months. The plant closed down November 6 of last year, because of the conditions of the condensed milk market.

WALLACE & MORLEY CO. TO BUILD NEW STORE

It is reported that the Wallace & Morley Co., will build a new store building at Bay Port during the coming summer and while the plans are not completed yet, it is said that the new building will be one of the largest and most modern in the county.

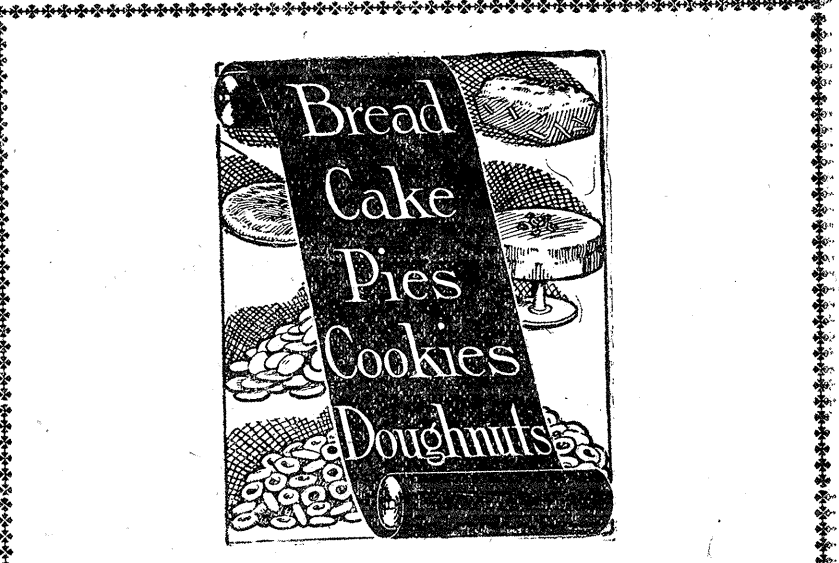

It is also reported that the Wallace interests are making the preliminary arrangements for the erection of a sand brick plant at Bay Port.

TRACK MEET AT BAD AXE JUNE 3

Representatives of the high schools of the various towns of Huron county, who were in attendance at the teachers meeting at Sebawaing Saturday, met and made preliminary arrangements for the annual track meet. Officers elected for this year were: Pres., G. H. Mills, of Bad Axe; and Supt. A. S. Sadler of Pigeon as secretary-treasurer.

It was decided that the track meet should be held at Bad Axe Friday, June 3. All the events have not been decided upon but will be selected by the officers soon.

Some people are inclined to be very critical of our public officials, but it doesn't always produce the best results. Men are men the world over, and they are inclined to exhibit a stubborn streak when some other fellow takes it into his head to administer a kick. A quiet talk face to face is readily understood by both parties, and if there are any differences of opinion, there is an opportunity to come to an amicable understanding. When we see anything in this town that isn't just as it should be, it is our right as citizens to point it out to our officials, but the officials have an equal right to expect that we will talk to them instead of about them. It is the better way.

Bill Flory says a Bellevue man broke his neck this week. The man had a lame back and his wife unlocked her medicine chest, brought forth a bottle of alcohol and gave his back a good bath with it. And the man broke his neck trying to lick it off.—Well, we had nearly the same thing happen to us the other night at the movies. Sat behind a big fat man, who wiggled and wiggled. And we would get a position where we could see past his right ear and get some idea of what was being shown on the screen, and just as sure as something interesting was about to happen he would wiggle over and shut off the view. Darn him. We've had a lame neck ever since. And no alcohol to rub on it, either.—"Fike" in the Nashville News.

SPRING STYLES

A fascinating showing of the new ideas in Suits, Wraps, Dresses, Coats, Skirts and Blouses. Women, eager for the first authentic information regarding the modes for spring, will find inspiration in our great display of quality garments and accessories. Your careful comparison will be more convincing as to the splendid values than any statement we might make.

Coats priced from \$8.50 and up.

This was a surprise to us as well as it will be to you, that you can buy a lady's up-to-date spring coat for \$8.50.

These coats are not made of shoddy material nor by some unreliable firm, but are made by the two best and most reliable manufactories in this country, the Conde and Redfern, whose garments you are familiar with.

The New Spring Suits

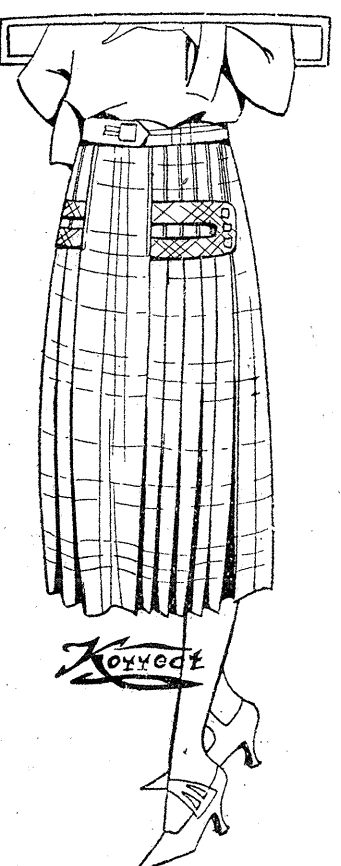

are made up in the various styles. Some are on straight lines; others ripple at the sides, with flat hanging fronts and backs. Cape backs, attractively trimmed or embroidered, are quite numerous.

No matter what your preference of material or style may be, you're sure to find a garment in this display that will please you immensely.

Priced from \$19.50 and up.

Quality and Style go hand in hand in these skirts

In these skirts for spring an equal consideration of style and quality is assured; they represent the very finest efforts of master tailors. We invite you to inspect this beautiful display of the new styles for spring.

Silk and Wool Frocks for Early Spring

New frocks which depict spring fashions are now in demand especially those of wool and silk in becoming afternoon styles. These are exceptional values in materials of tricotine, crepe meteor and rich taffeta with braided, beaded and embroidered trimmings. Priced from \$15.00 and up.

Exquisite Blouses

ATTRACTIVELY PRICED—Simplicity of design, liveliness of colors, and remarkably low prices make this showing of spring blouses unusual, indeed.

Bed Blankets at One-half Price

Any bed blanket in our store will be sold at just 1/2 of its regular price.

THAT OLE LINE O' GUFF ABOUT "HELPING OUT TH' PAPER" AINT BEIN' PULLED MUCH ANY MORE! FOLKS TAKE THIS PAPER BECUZ THEY LIKE IT 'N BIZNESS MEN ADVERTISE IN IT BECUZ IT PAYS THEM, NOT JEST TO BE GOOD FELLERS!

The Malthusian Doctrine. This was a theory held by Rev. T. R. Malthus, who was born in 1768 and died in 1834. He held that population tends to multiply faster than its means of subsistence can be made to do, and that when this occurs, the lower or weaker classes must suffer from lack of food; that unless an increase of population be checked by prudential restraint poverty is inevitable, and that the multiplying of the population will be checked by poverty, vice or some other cause of suffering.

AN ANNOUNCEMENT AND AN INVITATION OLD BANK OPENING NEW

The stage is set. Upon Thursday, March 3rd, the Exchange Bank of E. H. Pinney & Son will formally begin doing business as the Pinney State Bank.

Upon that day during banking hours, we will hold a reception in our bank and this is an invitation to you, your family and friends to be present. There will be a cordial welcome to all.

Our capital stock is fifty thousand dollars. The bank's many depositors will now enjoy the benefit of State supervision and will secure the advantages of a board of directors composed of persons of business experience.

Your attention is called to the names of the officers and directors below. Besides these some twenty representative farmers and other business men have become stockholders in the bank.

The Pinney State Bank has assumed all liabilities of the Exchange Bank and will continue the same policy of management which has gained so large a measure of business success for the bank in its thirty-five years of operation.

Savings Department

The Pinney State Bank will introduce a feature that will be new to bank patrons in Cass City. A standard savings book will be given to each depositor opening a savings account of One Dollar or more. Twice in each year interest at 4% will be added to each account and the depositor will thus receive compound interest on the deposits.

Special Inducement to Save

The wealth of a community is largely determined by the extent to which its people save their money. This bank wants to encourage thrift in every legitimate way it can and is offering a special inducement to every one starting a savings account on our opening day. If you do not receive one of our letters explaining this offer, call at the bank and we will tell you about it.

Present depositors will at their convenience present their pass-books and certificates of deposit to be exchanged for new ones of the Pinney State Bank.

Remember the date, Thursday, March 3rd

Tell your friends and neighbors.

DEFORD.

Wm. Courliss of Deford Heights is rapidly improving in health at present writing.

Mrs. Stewart has nearly gained her normal health again.

Elder Wilberton, Baptist minister, of Novesta Corners is calling on old acquaintances in our burg.

Mr. and Mrs. Andrew Tyrell and daughter, Agnes, of Snovers spent last Saturday with Mr. and Mrs. C. J. Malcolm.

The shades of evening had fallen. Two aged dames went calling. A short cut—entangled them in the wire barrier, 'till they roused the settlement with protest and laughter.

Mr. and Mrs. Simkins of Tyre spent Sunday with the R. D. Lewis family.

Mr. and Mrs. LaValley of Caro Sundayed with the Robert Jacoby family.

Kinspeople from Deckerville called on Dr. Merriman's people Sunday.

Word comes from Detroit that old Mr. Lorenzo Gage is still very feeble.

Mr. and Mrs. R. E. Johnson spent Sunday at the Art Flynn home in Novesta.

The Bemis Bentley family are all in good health again.

Mr. and Mrs. Edward Wilson of Oakland, Ont., visited the latter's sister, Mrs. C. J. Malcolm, the past week. They also visited their sister, Mrs. Chas. Lawrence, at Grand Rapids, Mich.

Mrs. Samuel Sherk suffered an attack of pleurisy the past week.

Miss Ella Roberts of Calumet, U.

P., was a visitor at the Neil Kennedy home this week.

Neil Kennedy attended the road builders convention at Ann Arbor the past week.

The canvassers for acreage in sugar beets are working. Will give results in the future.

Herb Lambkin lost a horse last week. The animal in some way became entangled in the stall.

The weather report sets our coldest part of winter this week. We can stand it without suffering.

The Able Koppkeberger family of Kingston visited at the R. D. Lewis home over Sunday.

Mrs. A. L. Bruce of Richmond visits a week at the home of Elmer Bruce.

Mrs. R. E. Johnson improves so well that she gained 3½ lbs. in weight the past week.

Every one of our presidents has been made to suffer by bad tempers when they went out of office.

Mr. and Mrs. Adams of Ellington were Deford callers the past week. Everybody glad to see them.

Why fellow correspondent of Deford, not a part of the business building has yet fallen. 'Tis like all great ventures, "slow but sure."

Our icemen have heads on them and harvested the crop early, covered it over and sleep now.

Everybody in the wood business as if they expected to stay here many years.

The busy fingers that have picked the beans now take a rest. The beans have not come to the elevators, and every school knows the reason why.

Some youths of our burg went to Novesta Corners "fandango" evening of the 18th.

Wm. McCracken cuts brush on his new purchase where Samuel Powell, naturalist, once propagated the rustic hare.

The stranger from Pontiac has moved into the William Pierce farm northwest of here.

Our hard cold patients report recovery.

R. E. Johnson was in Detroit fore part of past week.

Jack Irving is four miles west of here with his sawing machine, cutting timber and boards for Cokealene. 'Tis said Jack does fine work.

The ladies' aid met Wednesday, the 16th, at Society Hall. Gathered in \$12.00.

The news that went out two weeks ago about a still near Deford was properly named for it was kept so still that we could hear nothing of it right here in the settlement—not even get a sniff of their breaths.

The state authority on seed in New York state says that small potatoes are better for seed than large ones. That rule may hold good in New York state but we rise to declare that it won't hold good in neither Michigan nor Ireland.

Merchant Crosby still favors his side. He can't take a long breath without pain.

Thomas O'Rourke is spending a few days in this locality.

The story of Santa Claus serves its purpose well. The story of George Washington and his hatchet is a moral lesson for our youths. Why try to destroy them? Let them live.

Some who came from Oakland county and read in Pontiac papers of church troubles at "Council Corners" may not locate the spot. Think—5 miles north of Royal Oak and 3 miles east of Birmingham and you are on the ground. It earned its name more than 70 years ago. Just south of the corners was the log cabin school where the people met to worship—all who went home north, east, west, talked long at the cross roads before parting, hence the name. Years passed and when the electric road went through an aged one recalled the name and the stop was set down as "Council Corners." The writer re-

members when there was preaching in the schoolhouse and it did them good. They went on foot. The men wore cow hide boots and the women calfskin shoes and clothed to keep warm and could always tell the text. They looked not for split hair theology. They were simply good. "Their goodness was their piety—their tenderness was their religion."

Revival meetings will start Sunday afternoon, Feb. 27, and continue every evening. All are invited.

Mr. and Mrs. Edward Ames made a business trip to Caro one day this week.

Mrs. Ezra Kelly visited Mrs. P. Livingston one day last week.

Mrs. Wm. Simmons and children visited her sister, Mrs. Fred Seeley, one day the latter part of the week.

Ina Linck, Edward Linck and Miss Bartle of Brown City visited the former's uncle and aunt, Mr. and Mrs. Wm. J. Martus, the latter part of last week.

Ira Evans left Tuesday to visit at the Arthur Ewald home in Pontiac.

Mr. and Mrs. Alvin Summers and Mr. and Mrs. Frank Hall, all of Cass City, visited at the Colon Bingham home Sunday.

Alvin Gracey is visiting in Detroit and Pontiac.

Mr. and Mrs. Park Bigelow of Detroit attended the funeral of Frank Bond Tuesday.

Mr. and Mrs. Cuddie of Bay City spent Saturday and Sunday at W. Sutherland's. Mrs. Sutherland accompanied them to their home, returning Monday.

Leland Nicol and Erwin Baker have purchased the garage at Shabbona and expect to move their families to that town in the near future.

Erwin Baker made a trip to Pontiac Friday, returning Monday.

A large number attended Frank Bond's funeral Tuesday. Mr. Bond will be greatly missed by the entire community.

Earl Hartwick went to Bad Axe Tuesday for an X-ray picture of his side.

Vern Watson is still a patient at the Bad Axe hospital. We hope to hear of his recovery soon.

ELKLAND-ELMWOOD TOWN LINE.

Geo. Seeley has purchased a Reo.

Mrs. Perry Livingston visited her mother, Mrs. T. Lounsbury, in Cass City one day this week.

Mr. and Mrs. Chas. Beach visited at Edward Ames home Sunday.

The pupils of Hillside school gathered Saturday at the home of Fred Seeley to celebrate Hollis Seedy's 9th birthday. A lunch was served and all enjoyed the day.

Perry Livingston made a business trip to Caro one day last week.

WICKWARE.

Mrs. Wm. Merchant and son, Frank, of Cass City spent Sunday with Mrs. Walter Gracey.

Lumber Back to Normal

Lumber has reached a price level where its value bears the true and proper proportion to the value of the products you farmers raise and sell. In other words, lumber prices today are consistent with prices on farm products.

There's nothing mysterious about it—just the old law of supply and demand—and a willingness on our part to play fair with our customer friends by reducing our prices to a point where you can afford to buy.

Right now your problem may be a barn, a shed or other building necessary to help you do your work better, more quickly or more economically. Or it may mean a new home, or repairing and remodeling the old one.

Bring your problem to us. Let us show you the facts. We have many plans and suggestions, some of which you can probably use, and our friendly counsel and assistance won't obligate you in any way.

Come in the first convenient day and let's talk it over.

Fertilizer Fertilizer

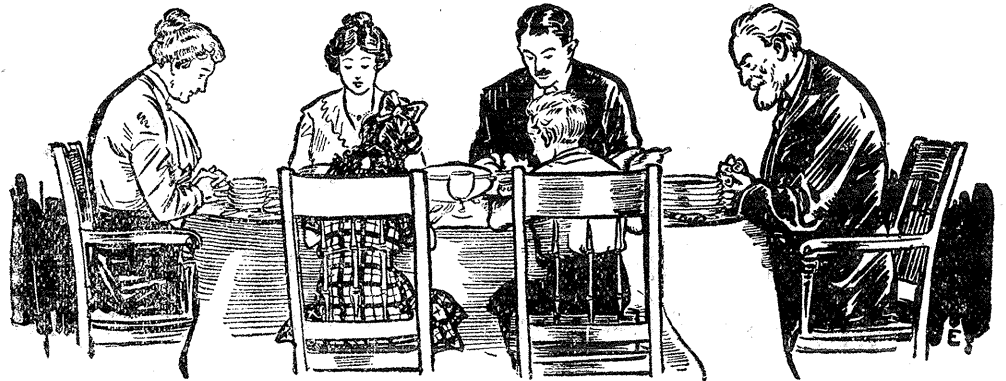

The financial strength of our country to a great extent rests upon the production and yield of farm products. The greater the yield the better assurance we have for prosperity. Therefore, we consider that an investment in good fertilizer will aid in each farmer's success.

Royster's Fertilizers make bigger yields on fewer acres with lower costs and better yields

It behooves everyone interested in fertilizers to get our prices on grades needed. We have stock in transit and will be pleased to make a price off the car that will be a saving to the purchaser.

The Soul of the Grange

"Within Grange halls I have witnessed all the problems of life worked out: Acquaintance ripen into courtship and marriage, the next generation appear and be accepted into the order, old age give way to youth and then pass to the Great Husbandman. I have seen bitterness turned to forgiveness under the careful hand of peacemakers. Always the influence has been one to create a bond of friendship."

—From THE COUNTRY GENTLEMAN of May 15th, 1920.

The soul of the Grange is manifest in the farm home. It holds that the highest achievement is a life well lived; that the foundation for such a life is the home.

The better-living influences of the Grange radiate throughout the community. They are back of our county agents, of the demonstration work, of our schools. Friendship and well being spun within Grange halls are woven throughout the whole fabric of our country life.

In this age of faltering faith there is need for strong leadership. This the Grange offers. You need its sound counsel, its friendly associations. It needs your support.

THE COUNTRY GENTLEMAN gives credit to the Grange for its wholesome and helpful work; that is the kind of work this great weekly itself is doing. It helps to build a contented and prosperous farm life. Each week's issue is filled with cheering stories and inspiring editorials. It fits right into the home and is a welcome weekly visitor.

Michigan News Tersely Told

St. Louis—The Gratiot Foundry Co. here started operations on a two months' order from Uta's.

Flint—Of the 107 cases on the criminal docket of the circuit court here, 51 are for violation of the prohibition laws.

Grand Rapids—Impressive funeral services were held for George E. Ellis, city commissioner and former mayor.

Richmond—The three-year-old daughter of Mrs. Joseph Oatke was fatally scalded by falling into a tub of boiling water.

Battle Creek—A Battle Creek minister has found that in January, 1920, he had five weddings to every funeral, while the ratio was reversed this year.

Munising—Foster Construction Co. of Milwaukee, was awarded the contract for building a \$300,000 high school here to replace the one recently burned.

Muskegon—Muskegon County farmers and the Muskegon chamber of Commerce have asked the city commission to establish a public market in this city.

East Lansing—Development of boys' and girls' club work in Michigan, both in membership and activity, is shown in a report compiled by R. A. Turner, state club leader.

Holland—The King property, fronting on Black lake and valued at \$10,000, was presented to the city of Holland by Mrs. George E. Kollen, for a park as a memorial for her husband.

Grand Rapids—A new salary schedule for teachers providing for a maximum of \$2,000 for grade teachers and \$2,500 for high school teachers has been approved by the board of education.

Albion—Dr. G. E. Arnold, osteopath, was appointed by city council as health officer, it is said, because medical men here had agreed to refuse the position unless the present salary was doubled.

Port Huron—The sale of the majestic theater here to the Butterfield interests is announced, making this the thirty-eighth playhouse in Michigan to come under the control of this combination.

Grand Rapids—Captain Harold O. Gurney, formerly of the army medical corps, returned here from Camp Lewis, Wash., to face a charge of embezzling \$2,000 from six surgeons, has confessed officers say.

Flint—Three boys of school age were rounded up by police detectives and admitted entering and robbing an east side residence. One of the lads was armed with a huge revolver which he said he stole from his father.

Dowagiac—During the firemen's annual ball, at which many fire fighters were present from neighboring cities, a fire started in the business section. The visitors, manning the fire fighting apparatus, put out the blaze and returned to the dance.

Manistee—When the police raided the soft drink parlor of Charles Snyder and found a jug containing liquor, Snyder's wife broke the jug with a hammer before the officers could get it out of the store. She was arrested with her husband.

Ann Arbor—The resignation of D. V. C. Vaughan, dean of the medical school of the University of Michigan, was announced to take effect June 30, when he will have rounded out 30 years as dean of the school and 45 years as professor in that school.

Saginaw—Saginaw's municipal water works system earned a net profit of \$93,500 in 1920 after retiring nearly \$100,000 of water works bonds, according to the annual report of Robert F. Johnson, commissioner of the department of light, water and sewers.

Grand Rapids—An ordinance providing for the repeal of increased power rates granted the Consumers Power Co. last September is being prepared to be presented to the city commission. The new rates are said to have resulted in a 30 per cent increase in the company's revenue.

Port Huron—John A. Endlich, a baker, has filed his answer to the suit brought by the county asking that an alleged agreement between bakers to maintain bread prices be dissolved. Endlich's answer is that no illegal agreement exists. Since the suit was filed bread prices have been reduced.

Bay City—Michigan sugar manufacturers have withdrawn their product temporarily from the market, due, it is said, to the fact that the present price does not cover the cost of manufacturing. Local wholesalers are curtailing their sales of sugar to the retailers and have advanced the price to \$8.90 for Michigan beet and \$9 for cane.

Battle Creek—The marital affairs of Walter S. Butterfield, owner of a number of Michigan vaudeville and moving picture theaters, and Caroline McCord Butterfield, his wife, will not be aired in public. A property settlement has been concluded in the pending divorce proceedings and it is expected a decree will be granted soon by a court order. Butterfield started the suit recently, charging serious indiscretions and naming Captain Paul Hyde Davies, former opera star and during the war morale officer at Camp Custer.

Cadillac—The price of eggs dropped from 70 to 25 cents a dozen in two weeks.

Saginaw—The Chamber of Commerce endorsed the open shop policy in Saginaw.

St. Clair—A chamber of commerce is being organized here with a membership of 50.

Grand Rapids—The Grand Rapids Carpenters' union voluntarily reduced its wage scale from \$1 to 85 cents an hour.

Muskegon—An explosion of a still, while he was preparing some moonshine, made Joseph Policht and his family of 7 homeless.

Albion—The enrollment of Albion college at the beginning of the second semester is 457, assuring a total attendance of more than 600 for the year.

Grand Rapids—Mr. and Mrs. Ben Jones, former postmaster at Belmont, have been named superintendent and matron of Kent County Detention Hospital.

Pontiac—Henry Newman, convicted thief, has been captured in Sundance, Wyo., after a search of several years. Extradition papers will be sought to bring him back here.

Adrian—An inspection of sheep by federal agents in the northern part of Lenawee county discovered 1,700 head with scab and measures were taken to stamp out the disease.

Battle Creek—Charles C. Green, president of the City National Bank and a former mayor, will oppose Dr. Charles W. Ryan, mayor of Battle Creek, who is seeking re-election.

Flint—The trial of Harry Alexander, former assistant cashier of the Clio State Bank, on a charge of larceny in connection with the robbery of the bank Dec. 22, has been set for March 4.

Mason—V. J. Brown, Ingham County clerk, has written a book of instruction to aliens seeking citizenship papers, the publication of which has been authorized by the board of supervisors.

Perry—The Perry Glove and Mitten company, which gives employment to about 100 persons, after a three months' shut-down, will resume operations with a full force on Monday, February 28.

Kalamazoo—Mrs. Edith Hodges has been elected president of the Kalamazoo County Lincoln Republican Club. She is the first woman, it is believed, ever elected head of a county political organization in Michigan.

Escanaba—Torval E. Strom, Delta county prosecutor, established a precedent by obtaining temporary injunctions to prevent David Jackevitch and Joseph Stanich of Gladstone from violating the prohibition law.

Ironwood—Blaze Kocevaar, 51 years old, known as "the man without an enemy," was shot and killed at the Pabst mine of the Oliver Mining Co. Robbery is believed to have been the motive, as he had \$300 in his pocket.

Muskegon—"We are willing to take the chance, believing most men honest," said Mayor Beardsley in explaining that Muskegon had taken \$10,000 in notes without interest from citizens in need as a result of the business depression.

Grand Rapids—The city refused an offer of the Grand Rapids Gas Light Co. to furnish gas for \$1.50 a 1,000 cubic feet, and the company again turned down the city's request that the rate be fixed at \$1.35. Arbitration also was refused by the company.

East Lansing—A livestock sale list, in which all farmers of Michigan can list their stock without charge, is being compiled by the extension division at M. A. C., and will be ready for distribution this month. All kinds of stock will be included in the list.

Saginaw—Gus Gherity, who was freed on a prohibition charge when it was shown that his home had been searched without a search warrant, has appealed to Judge Clarence M. Browne for an order restoring to him 40 quarts of whisky taken in the raid.

Saginaw—John Leidlein, Saginaw, was elected as president of the Valley Home Telephone company, succeeding Martin L. Debats, Bay City, who was murdered January 15 in the robbery of the Broadway branch of the Bay City Savings bank at Bay City.

Grand Rapids—Members of the staff of Blodgett Memorial hospital, affected a few weeks ago with botulinus poisoning, are said to be out of danger. Cornelius Vandereille, laundryman, has been removed to his home. Joseph Pallen, whose condition was serious, is recovering rapidly.

Kent City—The reunion of World war pals turned into a tragedy when Ernest Demmon, 25, Fife Lake, and John George Barr, 25, Detroit, drowned while fishing through the ice on Long lake. Kent Brink, 28, Kent City, whom the companions were visiting, was rescued after clinging to the ice several minutes.

Mt. Clemens—Mustard gas saved the Merchants & Savings bank at Utica a considerable sum of money. After having worked for some hours to reach the interior of the bank vault, three yeggs were forced away from their quarry by mustard gas hidden in the recesses of the vault. An investigation of the interior of the bank found it filled with the fumes of mustard gas. The first door of the vault had been blown away. The mustard gas tubes had been installed in the bank ten days before as a precaution against robbers.

WHY TOLERATE A COLD?

A cold causes much distress and suffering, impairs efficiency, exposes others and sometimes endangers life. You can avoid all this by prompt action and the expenditure of a few cents.

This Treatment Vouched For

The best treatment we know of is Rexall Laxative Aspirin (U. D. Co.) Cold Tablets, a combination containing Aspirin (U. D. Co.), Acetnillide, Aloin and Capsicum.

These ingredients are most valuable in relieving pain, reducing fever, drying up coryza, lessening inflammation, eliminating poisonous secretions, warming up the stomach and shortening duration of the disease.

You have suffered very frequently from distressing colds. You have often taken preparations that will relieve the cold a little, but usually leaves you with a headache or deranged stomach, so that you felt the remedy was worse than the disease. In Rexall Laxative Aspirin (U. D. Co.) Cold Tablets you will find a very prompt and effective treatment without any disagreeable after effects.

If a cold is not treated when the first symptoms show themselves, it will frequently develop into more serious complications. You need not dread a cold now as you used to. When you contract a cold, immediately take Rexall Laxative Aspirin (U. D. Co.) Cold Tablets and you will soon be rid of it.

Get of us a box of these Cold Tablets today. Take them according to directions the moment the first symptoms appear and you will obtain real relief.

We guarantee them.

Stiff? Sore?

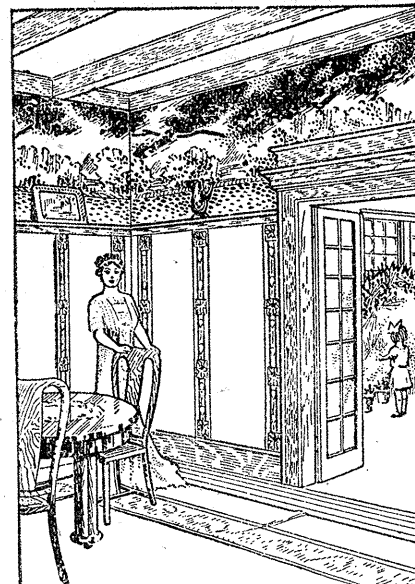

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

Wall Paper

Decorative art—like music or drawing—reaches its fullest expression in the hands of those naturally gifted in that direction.

The price you pay McKenzie for his service is simply the price you are paying for the application of skilled decorative knowledge superior to anything you can obtain elsewhere as my jobs and clients will convince, together with a superior line of Wall Paper Samples, Burlap Sanitas, etc. I am still selling RUSSEL PAINT CO'S 100 PER CENT PURE PAINTS, VARNISHES, etc., and quality considered, it will pay you to see me if in need.

LETTERS FROM PEOPLE YOU KNOW

From a Long Beach Booster.

My Dear Friend Lenzner, Please find my check for the Chronicle inclosed. Since we sold the grocery stock and fixtures, we have been building and adding to our block for business and now have four more rentals to add to our responsibilities, but we still live above the grocery which is now No. 3142 Eliot St., in our beloved Long Beach, California. Here we have all the comforts of home without the cold and snow, are four blocks from the ocean, have palm trees, pepper trees and flowers of all kinds on every side, and beautiful bungalows on each side of the 100 ft. paved street. The air is like early morning in August back there, only laden with the perfume of flowers and without the dust or smoke so noticeable at home. The sky is cloudless after 9:00 a. m.; the temperature 78 at noon and 45 at night.

Oranges and figs picked now fresh and all kinds of vegetables. Some of the beautiful flowers climb higher than the bungalows such as the fuschias, geraniums, poinsettias and calla lilies; then the huge clusters of English violets nestle down so pretty under the windows—flowers everywhere.

When you come to Long Beach you may bring your low shoes, and silk shirt, etc., and buy sunburn cream instead of frostbite and chilblain cure. No fuel bills to worry you, no snow shovels, no tap to thaw out.

Do you like fishing? Then go out in the fish boat and catch big sea fish. Do you like the allurements of the midway? Then go down to the Pike. Do you like good music? Then go to the Auditorium and hear the municipal band play any afternoon or evening, and of course, you will enjoy our scenery along the beach and look up and see Catalina Island in the distance, the Pacific fleet anchored at sea, while the old ocean rolls in at your feet and sea birds fly over your head or skim the water as the steamers ply up and down the coast. Or turn around and see the city of beautiful homes and "Old Baldy" with his snow covered peaks in the background. If you like thrills, take a trip in one of our airplanes, which go all the time over the city taking passengers.

It is no warmer in summer here; not as warm, for you have ever the cool ocean breeze. Long Beach is a summer as well as winter resort. No, there are no flies. Not a soulless city for there are 47 churches in this city of 65,000 people and they are all well attended.

You don't have to be a millionaire to live in Long Beach. I often compare our prices with what I see advertised on bargain days in E. W. Jones' adv. in the Chronicle, which compare very well, only in vegetables, of course. We are always able to get everything at right prices at our municipal market. The green peas in pod are best this time of year, often 2 lbs. for 25c; lettuce, three heads for 5c; celery 5c per bunch and always such wonderful fish so well dressed, the best at 30c per lb.

The streets are not cut up by railroads and street car lines; only the main streets suffer. The other districts are served by bus lines. The alleys back of our houses are paved and kept clean. Of course, we could have no coal ashes to carry to the alley as in Detroit, which always make an alley a horror to me. The police force have kept the city clear of the crime wave; the factories are all out in the west side. Long Beach has always been "dry," even before the rest of the U. S. went dry.

Just step aboard Polly Ann or any other fast moving train and in four days you will be in Long Beach; rest in our Pacific Park where the squirrels and pigeons eat out of your hand and the warm sun shines and the salt sea breezes blow and your only regret will be that you didn't start sooner. Your old friends, L. J. CARROLL AND WIFE.

TUSCOLA INMATE MAKES ESCAPE FROM IONIA

Sylvester Nowkouski, sentenced from Tuscola county to Ionia reformatory last September for automobile theft, escaped last week by digging his way thru the brick wall of his cell, climbed up a wall with a rope of reed smuggled from the prison chair factory. A reward of \$500 is offered for his apprehension. He is described as being 5 feet, 3 inches tall and weighing 118 pounds; fair complexion and blonde hair.

Co-Operative Elevator

Meeting will be held in the town hall

THURSDAY, MARCH 3 at 2:30 p. m.

for the purpose of discussing plans, operation and organization.

Outside speakers will be in attendance to give points of value in co-operation.

Urgently do we desire the attendance of all farmers (especially Farm Bureau Members) who are interested in "co-operative marketing."

Plan to attend.

Bring your neighbor.

The time has come when various farm organizations performing the same class of work must unite to successfully accomplish their aims.

1 Collective Purchasing—Purchases made through a central agency will eventually be a great benefit to the farmers (especially those needing encouragement and assistance).

2 Co-operative Marketing—Co-operation among producers especially is needed. Formations of Co-operative societies, elevators, etc., working through a central head will in a short course of time bring about better and more staple market prices.

3 Increased Volume of Business—Cuts down the operating cost, therefore, increasing percentages.

Loyalty

In order to bring out a better condition for the farmers and all others concerned in our community we must work together in times of depression as well as prosperity.

The success of our Co-operative Company depends upon the support of the farmers in every feature.

The debate between Cass City and Caro at Caro last Thursday evening resulted disastrously for Cass City, for Caro won. An unanimous decision of the judges. The local team which upheld the negative of the question was composed of Lillian Rogers, Ruba Marshall and Morley Smith.

James Hamilton, son of Alex Hamilton of Evergreen township, has accepted a position as salesman in the E. W. Jones grocery and will commence his duties on next Monday. James graduated from the local high school in 1915 and gained grocery experience before and after school in the Jones store at that time. He spent several months overseas and has graduated from the Cleary Business College.

Mrs. Harvey Hyde, on returning from Norge, Va., recently, brought back with her a portion of a limb of a sycamore tree that is regarded with historical interest in that section of Virginia. The tree, so the story goes, grew from a riding whip of Martha Washington. The first lady of the land riding in that vicinity stopped for lunch and stuck the riding whip she was using into the ground before entering the house. The whip was left there and eventually became the beautiful sycamore which graces the landscape near Norge.

"A NATION SAVED BY AMERICA," SAYS CLEVELAND H. DODGE

New York Business Man Describes Vast Armenian Work of Near East Relief.

Cleveland H. Dodge, New York banker and business man, director of the National City Bank, and treasurer of The Russell Sage Foundation and of the Near East Relief, declares that "a nation has been saved by American philanthropy, and the generosity of the American people through the Near East Relief, in its work for the Armenians."

"The lowest official estimate indicates that one million persons are living today who would not be alive had it not been for this relief," Mr. Dodge continued, "I have an autograph letter from Dr. H. Ohandjanian, president of the Armenian Republic, in which he writes: 'America literally saved us from starvation.'"

"Wholly aside from adults who have been saved from starvation, we today

CLEVELAND H. DODGE.

have in orphanages and elsewhere under our care 110,000 homeless, fatherless or motherless children who are absolutely dependent upon us. This is exclusive of 63 hospitals with 6,552 beds, 128 clinics, rescue homes for girls and unnumbered thousands of refugees who are being helped through our industrial relief and in other ways. "The Near East Relief has during the last four or five years commissioned and sent to the Near East more than 1,000 American relief workers, of whom 500 are still in the field, all of them working at great financial sacrifice—the standard of salary being \$50 per month and maintenance—and many of them facing great personal danger and hardship in the performance of their life-saving service. A score of them have died from typhus or other diseases more or less related to their faithfulness in the performance of relief service.

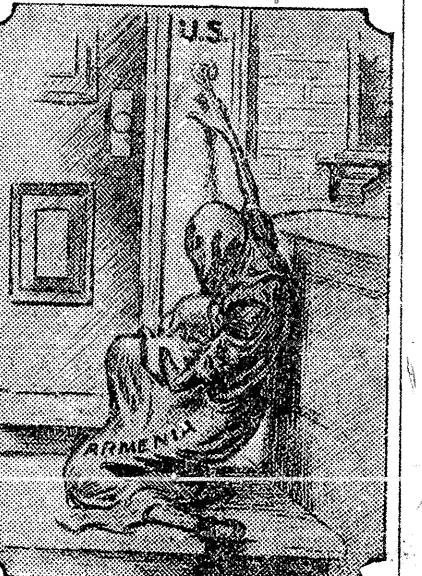

"Nor is that all. We have raised and disbursed during war times and in a war-torn area, in large measure under enemy control, more than \$41,000,000 in cash, and, including flour, Red Cross and other supplies administered by our agents, a total of cash and supplies in excess of \$50,000,000. The official reports show that on June 30, 1920, we had in orphanages 54,000 children, and that we are partially supporting outside of the orphanages 56,039 children, making a total of 110,000 boys and girls now under the care of the Near East Relief."

Mr. Dodge considers the work of the Near East Relief one of the most stupendous undertakings of disinterested philanthropy the world has ever seen.

"In countries whose population totals more than 30,000,000 souls, American idealism exemplified by the work of the Near East Relief constitutes today a torch of enlightenment and an influence for peace throughout the whole Near East," he maintains. "Our American ideal of liberty, industry and helpfulness has brought us as a people happiness, prosperity and fulfillment. Out of the fullness of this heritage we are furnishing a faithful and undaunted Christian people the brotherly aid which will enable them to reach the same fulfillment that God has given us."

"It is an achievement of which every American may well be proud."

RESOLUTIONS OF RESPECT.

The heart that once beat in unison with ours is stilled by the hand of death. The hand that was ever ready with some loving kindness for a companion in distress, lies pulseless across the bosom. His place will be vacant in our Arbor, but not in our hearts.

Whereas, the All Wise Father has removed from us, our beloved and respected companion, Frank Bond, be it

Resolved, that our hearts go out in sympathy to the bereaved friends, that we assure them that he was our companion and our friend. That we sympathize with those who love and cast the mantle of protection over those he cherished, remembering that every brotherly act—every loving kindness—is a rose of comfort to soothe the weary soul that toils from whence no traveler returns.

Resolved, that Wickware Arbor, No. 120 in testimony of her loss, be draped in mourning for 30 days and that a copy of these resolutions be sent to the family.

Healthier Livestock Better Milk

The dairyman can protect the health of his livestock, keep disease away, secure a better quality of milk, increase the value of his livestock and the size of his cream checks.

How? By disinfecting stables, pens, troughs, mangers, and livestock thoroughly with Fecto; by using Fecto to disinfect the udders of cows, the hands of milkers, milking machines, pails, cans, bottles, vats, separators, strainers, and all receptacles used in the handling and shipping of milk.

Fecto kills the germs of disease and of decay, destroys foul odors, sterilizes and purifies milk receptacles, making them sweet and clean.

Fecto is a clean, colorless, non-poisonous liquid; is ten times more powerful as a germ-destroyer than carbolic acid. Fecto is the ideal disinfectant and sterilizer for use on the farm, dairy, or creamery, because it is non-poisonous when properly diluted; because it does not leave a disagreeable odor; because it is economical.
