

TWO \$5,000 DAMAGE SUITS ARE FILED

STANLEY TURNER, MERCHANT, AND LEO WALKER, FARMER, ARE DEFENDANTS.

Looking for Car Thieves, Ellington Man Shoots into Rear of Cass City Man's Coupe.

Damage suits have been filed by Earl Kehoe and Wm. Ward of Cass City by their attorney, H. H. Smith of Caro, against Stanley Turner, merchant of Ellington Corners, and Leo Walker, a farmer of that vicinity, claiming damages at \$5,000 in each case arising from the result of the attempt to stop a Ford car by Turner and Walker at Ellington Corners last Thursday night when notice from the sheriff's office was phoned to the effect that a Ford car had been stolen at Caro and was headed in that direction.

It appears that Mr. Turner and Mr. Walker attempted to halt the first Ford that made its appearance, but the occupants of said car, Wm. Ward, who was driving, Earl Kehoe and Roy Milne, did not intend to be stopped. Mr. Ward stepped on the accelerator, and disregarding some rails which had been placed across the highway and waving lanterns, made a dash through the line of obstructions and never halted until Cass City was reached. Falling to make the Ford halt by the ordinary signals, some one of the party attempted to stop the occupants with a gun which was fired from the rear, the charge splintering the rear window of the coupe and one or two of the shots lodging in Kehoe's chin. The back of the car was heavily peppered with shot from the gun.

Messrs. Ward and Kehoe claim that they thought they were being attacked by hold-up men so many of whom have been operating on touring parties over the state, and as they had no intention of being relieved of their money, they made the automobile do its high-speed act over the highway. They also point out the fact that it was a Ford touring car which had been stolen and the marksman should have been able to recognize that they were driving an enclosed car before he fired the shot.

The Ford touring car which was reported stolen belonged to County Drain Commissioner Hicks. It was found the next morning on the streets of Caro and probably had not left that village.

BONUS PAYMENTS MAY BE STARTED BEFORE AUG. 1

General Bersey to Have Charge of Classification of Claim Certificates.

If tentative plans in connection with the payment of bonuses to ex-service men and women of Michigan are carried out, the work of receiving, filing and classifying applications for compensation will be completed before August 1. Payments may be started shortly after the middle of July, at the earliest, or by the middle of August at the latest.

Adjutant General Bersey, who will have complete charge of the distribution and classification of claim certificates, has been asked by Governor Groesbeck "to clean up the work by the end of July." According to the adjutant general, the assignment can be carried out despite the fact that approximately 200,000 applications for compensation are expected.

As an aid to expedient disposition of claims the adjutant general's department has requested that war veterans refrain from writing letters of inquiry in regard to the bonus payment. As soon as the enabling act has been passed in the special May session of the legislature, certificate blanks will be mailed to every city, county or village clerk, to every mayor of a city and president of a village and to every American Legion post. If any other agencies believe they can assist in the distribution, Col. Bersey said, they will be furnished with blanks. The procedure in the case of applicants will be simple. After procuring a certificate blank from one of the distributing points the ex-service man will be required to fill it out and swear to the truth of its information. It is probable that the blank will contain requests for general information as well as a printed prototype of a discharge record, to be filled out by the applicant. The certificate, after being properly filled out and notarized, will be mailed to the adjutant general who, after certifying to its accuracy as compared with records in his office, will transmit it, or the information contained in it, to the auditor general. The auditor general will

then be authorized to draw a warrant on the state treasury for the amount specified.

Adjutant General Bersey bases his belief that the task of distributing and receiving applications can be completed by the end of July, on the expediency with which the work of classifying and filing draft records was accomplished.

MARRIAGE LICENSES.

Floyd Chisholm, 26, Melvin; Helen Haigler, 19, Melvin.

Edward Waldorff, 34, Yale; Iva E. Mitchell, 24, Yale.

William D. Wilcox, 46, Kingston; Mary Stickle, 35, Kingston.

Lawson M. Stenger, 22, Owendale; Phoebe Strickland, 21, Deford.

Joseph Nichols, 28, Akron; Rosie Ceaser, 24, Akron.

William Sheffield, 22, Silverwood; Anna Brink, 35, Kingston.

FRUIT BELT SUFFERS HEAVY LOSSES IN STORM

Growers Report Thousands of Dollars Damage to Fruit in Michigan.

Reports from many sections of Michigan say that Saturday and Sunday's snow storm was the worst for April in many years. The storm apparently entered the state in the southwest corner, sweeping across to Oakland county, leveling telephone and telegraph poles and spreading northward on both sides of the state. Field crops are not believed to have been harmed.

Sunday night's freeze, the third since Easter, did thousands of dollars damage to fruit in the vicinity of Grand Rapids, according to reports received Monday from growers. All the growers expressed the belief that the frost was disastrous to early cherries and plums in bloom and that many of the buds of other fruit may have been seriously injured.

While berries and apples escaped in Berrien county, fruit growers are of the opinion that cherries, grapes, peaches, pears and other tree fruits suffered severely in that county.

THUMB COUNTIES HAVE 120 STUDENTS AT U. OF M.

Sanilac Sends 51, Tuscola 36 and Huron 33 to Ann Arbor.

Of the 9,401 students enrolled in the University of Michigan last year, 5,793 came from the state of Michigan. But three counties in the state, Manitowish, Roscommon and Osceola, failed to send representatives.

Keweenaw and Montmorency counties each sent one representative, while the largest representation was sent by Wayne county, which sent 1,621 students, with Washtenaw county second with 892 students, and Kent county third, with 295 students.

Tuscola county with 16 high schools has 36 students enrolled in the university. Sanilac county with 15 high schools has 51 students and Huron county with 13 high schools has 33 students enrolled at Ann Arbor.

PICK NORWAY PINE TO REPRESENT MICHIGAN

A Norway or red pine is to stand as Michigan's representative in a grove of trees from all the states in the country, which is being established in Exhibition Park, Los Angeles, California. Each state's most typical tree is being planted in the national grove, the Norway pine having been picked to represent Michigan after careful consideration of the state's list of native trees.

An eight year old pine, about four feet high, has been shipped to the coast from the forestry nurseries of the Michigan Agricultural College, and will take its place among the other proud state representatives.

BROOKS FLETCHER LECTURES AT CASS CITY TUESDAY

Brooks Fletcher, who lectures at Cass City next Tuesday, April 26, has a national reputation as the platform's foremost dramatic orator. For years, Redpath has advertised and booked Brooks Fletcher more than 200 nights a year, from coast to coast, as "The Outstanding Dramatic Orator of America."

More than one million people in the United States and Canada have paid to hear Brooks Fletcher again and again. He goes back to the same towns year after year. He fills more return dates than any other orator on the platform at the present time.

Don't miss this lecture, the last and best number of this season's lecture course.—Adv.

HEALTH CLINIC HERE MAY 6

STATE TRAVELING HEALTH CLINIC ASSIGNED TO TUSCOLA COUNTY.

Detection of Remedial Physical Defects Is Stressed in Children's Unit.

Cass City, Vassar and Caro have been selected by the Michigan department of health as "clinic towns" for the holding of general health clinics during the first week in May, the state traveling health clinic being assigned to Vassar for May 2 and 3, Caro May 4 and 5 and Cass City May 6.

Village presidents have offered the use of town halls for clinic rooms to the Tuscola County Red Cross which is co-operating with the department of health in making arrangements for the informal "health week."

Both children and adults will be given thorough physical examinations in the respective units of the clinic, specialists being in charge of the diagnostic work. Trained nurses assist the clinicians. In the adult unit of the traveling clinic emphasis is laid upon early examination of the pre-tuberculous, and those suspected of having tuberculosis in incipient stages. Detection of remedial physical defects, such as diseased tonsils, adenoids, defective vision and hearing, and poor teeth is stressed in the children's unit.

With the time for closing of schools near at hand Dr. R. M. Olin, state health commissioner, is urging general physical examination of all school children suspected of being "below par" physically, in order that all defects may be corrected during the approaching vacation season.

In addition to the routine examinations the traveling clinic devotes special periods each day to the examination of former service men.

PROFITABLE CONVENTION Fifty to 60 Delegates Present at Flint Presbytery.

Between 50 and 60 delegates were present at the Flint Presbytery which convened at the Presbyterian church Monday and Tuesday.

Monday afternoon at three o'clock, there was a conference on Alma College campaign, addressed by Rev. Dr. Barkley, of Detroit. At the evening service the retiring moderator, Rev. Mr. Charlton, of Port Huron, preached the sermon, from Isaiah 53:2. "He hath no form nor comeliness; and when we shall see him there is no beauty that we should desire him." The Rev. Mr. Brashear, of Marlette, was chosen moderator.

Tuesday was taken up mostly with business. The Ladies' Aid gave a banquet, to the visitors and local ministers and their wives at six o'clock. After the supper, the evening service was addressed by Rev. R. M. Crissman, Rev. G. B. Crawford, and Rev. Wm. B. Shirey, which concluded a very profitable convention.

HIGH COST OF DOING AWAY WITH RODENTS

Huron Co. Treas. Pays Out \$255.78 in Bounties for Destructive Animals, etc.

It costs Huron county considerable money to get rid of destructive animals, rodents, etc., or at least to try to get rid of them. In one week of last month, from March 7 to 15 the county treasurer paid out \$255.78 as follows: Rats \$156.80; sparrows, \$77.98; woodchucks, \$11.50; owls, \$3.50; hawks, 50c; weasels, \$4.00; crows, \$1.50. Under the state law dead rats bring 10 cents, sparrows, 2 cents; woodchucks, 50 cents; hawks, 50 cents.

The above was a fairly good week for bounties, but a call on assistant county clerk Munford reveals the fact that last week topped the record and shows that the boy and his gun have been more than busy. For the six days ending last Saturday night there was paid out in wild life bounties \$660.44 as follows: crows, \$223; rats, \$2.00; hawks, \$128.50; woodchucks \$42; owls, \$22; weasels, \$10; sparrows, \$14.94.

BUREAU TO ATTACK DISCRIMINATORY RATE

Georgia has made application to the Central Freight Association for another reduction in peach and potato rates to St. Louis, Indianapolis, Chicago, Buffalo and Pittsburgh and intermediate points, says the farm

bureau traffic department, pointing out that Georgia shippers are now enjoying third class rates on peaches, whereas Michigan shippers are paying first class rates. The proposed reduction would make Georgia rates on peaches about fifth class, a great discrimination against Michigan shippers. Georgia potato growers also enjoy a very low commodity rate on potatoes. Michigan shippers pay fifth class rates. The farm bureau traffic department will very likely appeal against the proposed rate reduction for Georgia, joining hands with representatives of other northern shippers of produce.

REV. POHLY RETURNED AS PASTOR OF LOCAL CHURCH

Twenty Men Licensed to Preach at Annual Conference Held at Sebawaing Last Week.

The fifty-seventh annual session of the Michigan Conference of the Evangelical association, with its preliminary society meetings convened in the Sebawaing church April 11 to 17. Bishop G. Heinmiller, D. D. of Cleveland, Ohio, presided over the conference with efficient leadership. The presiding elders were stationed as follows:

Detroit District, W. H. Watson. Flint District, G. Knechtel. Grand Rapids District, H. I. Voelker.

St. Joseph District, W. C. Swenk. The following men were stationed on Flint district, G. Knechtel P. E.: Bay City, W. Kotesky.

Beaverton, J. D. Clement. Brown City, A. Ostroth. Capac, B. Mohr.

Cass City, F. L. Pohly. Chesaning, Guy Baldwin. Coleman, L. E. Manore.

Elkton, H. C. Heise. Flint, 1st church, C. C. Gibson. Flint, Kearsley Park, L. Willoughby.

Gladwin, Wm. Warrilow. Greenwood, W. F. Boettcher. Imlay City, F. H. Bailey.

Kilmanagh, C. E. Kotesky. Mount Pleasant, E. F. Bailey. Oregon, F. J. Kirm.

Owendale, C. A. Sanders. Owosso, Chas. Rodesiler and C. Trueschel.

Pigeon, D. F. Binder. Saginaw, L. Polmanteer. Sebawaing, C. W. Lyman.

Shower, John Kirm. Eighteen or 20 young men were licensed to preach and five received their ordination on Sunday afternoon. Over \$5,000.00 missionary money was pledged for the Michigan conference during the coming year.

C. G. Kaatz, four years at Sebawaing, goes to Pontiac Calvary church. C. W. Lyman, successful pastor of six years at Petoskey comes to Sebawaing.

N. J. Swearingin of Kansas conference takes work at Bentor Harbor, Mich. Spent several years with Petoskey Evangelistic party.

H. W. Link of Lansing is going into evangelistic field. Conference will meet next April in Monroe.

JURORS FOR MAY TERM.

The following is the list of jurors drawn for the May term of circuit court in Tuscola county:

Akron—Howard Black. Almer—Herbert Kramer. Arbelia—Charles Hunt.

Columbia—Fred Schwartz, Chas. Eckfeld.

Dayton—Emmerson Kilmer. Denmark—Henry Oldenburg.

Elkland—James Tuckey. Ellington—Marshall Rayman.

Elmwood—William Beardsley. Fairgrove—Ben McLaughlin.

Fremont—Frank Harbin. Gifford—Fred Colpean.

Indianfields—S. E. Nowland. Juniata—Lot Wilder.

Kingston—Albert Deniloff. Koylton—Marshall Siple.

Millington—James McKenzie. Novesta—George Martin.

Tuscola—L. D. Haines. Vassar—C. W. Worden.

Watertown—Roy Kinney. Wells—Stephen Randall.

Wisner—Louis Carson.

AUTO LICENSE RUSH

Huron Treasurer Has Issued 3,680 Tags Since Jan. 1.

County Treasurer Donaldson of Sanilac county has been busy for 10 days writing out automobile licenses. Since the first of the year after the initial rush things have been quiet until a few days ago. There are now 3,500 licensed cars in the county.

Up to noon on April 13, County Treasurer Fred Radson of Huron county reported that he had issued 3,680 auto license tags since Jan. 1 and that they are still going out at the rate of 25 to 30 per day. The total for Huron county will probably exceed 4,000 this year.

MAY 20 SET AS SPECIAL SESSION DATE

SOLDIERS' BONUS LEGISLATION WILL BE ENACTED AT THAT TIME.

Both Houses Rushing Work; Three Hundred Legislative Bills Still Pending.

With the date of business adjournment of Michigan legislative session set definitely for April 29 the final rush of bills in both houses is under way and daily calendars of pending bills have grown to enormous size. Committees worked overtime to report out all measures that they are not willing to see remain in pigeonholes. As a result the end of the period when a bill still had a chance of passage found an approximate total of 300 measures pending before the two houses, nearly all of them listed for discussion in committee of the whole. At that stage there were fewer than 80 enrolled session acts that had reached the governor's office after passing both houses.

Many of the 300 pending bills are bound to be lost in the shuffle in the final days of work, much of the time of which will be taken up with three main lines of action. These are appropriations, utilities and the new departmental bills. The appropriation bills have to go through and there are dozens of them pending. The utilities bills are numerous and practically every one of them involves a determined fight, with the fate of all of them very problematical.

The only one of these bills on which either house had acted before the big final rush was on in earnest was the Gaspie bill to fix interurban rates of fare on the basis of earning per mile of road operated. The bill revamps the existing Smith law and makes special provision for the maintaining of franchise agreements. The house adopted this measure by a vote of 79 to 11 after a stormy debate and sent it over to the senate.

Legislation to put into effect the soldiers' bonus payments voted for by the people of the state in the election April 4 will go over to a special session to be called by Gov. Groesbeck for May 20, the day after the final adjournment of the present regular session is had. This was decided upon as the safest and quickest means of assuring the validity of the bonds to be issued by the state and to get the bonus money into the hands of the veterans. No action could be taken until after May 4, when the constitutional amendment takes effect. Pending the passage of the necessary legislation on page seven.

BAKE SALE.

The ladies of the Evangelical church will have a bake sale at Ricker & Krahling's meat market on Saturday afternoon, April 23rd.—Adv.

CLEAN STREETS AND ALLEYS ARE A CITY'S BEST ADVERTISEMENT

The streets and alleys need cleaning. Perhaps we have become so accustomed to seeing them littered with refuse and accumulations of dirt that we do not realize how dirty they are. If they were once thoroughly cleaned we would see the difference. Strangers from other cities, where clean streets and alleys are normal, notice the difference and comment upon it when they get home. That is not good advertising for any town. If cleanliness of the person is next to godliness, surely cleanliness of a city is next to prosperity. It is easy for a visitor to believe that if the city is clean it is also prosperous. He will go home and say so, and that is the best kind of advertising.

No town ever suffered in the eyes of strangers or got a bad reputation from having clean streets, bordered with shade trees well trimmed and cared for, with yards and houses bearing the evidence of being well kept and newly painted. Such a city is like the refreshing ocean breeze to the traveler who has gone from one dirty city to another until he has almost lost his anticipation of finding cleanliness and beauty in a municipality. The impression that clean streets make upon such a visitor will make him talk about it wherever he travels.

Streets are not all that should be kept clean. The visitor does not get much opportunity to see the alleys, but that is no reason why they should be permitted to be dirty and unsanitary. The public health is an even higher consideration than a reputation for cleanliness and beauty. No matter what the city government may do toward keeping the city clean, experience shows that it does not succeed. It cannot succeed alone.

Gradually refuse accumulates almost everywhere. There is only one way to make a complete cleanup and that is for the citizens to unite and do the job themselves, with official aid, of course. Then there is only one way to keep the city clean—and that is through the citizens themselves.

Here is where a clean-up and paint-up campaign comes in. It sets the people to work all over the city, each around his own home and in his own neighborhood. It gets results that can be had in no other way. After such a campaign is through a city is actually clean, far different from its former condition, no matter how clean the people imagined it to be before the campaign, for clean streets and alleys actually can be secured when all the people get on the job together and at the same time. Every organization, very club, every neighborhood association, should be united in one great and practical effort to create such a state of cleanliness and then they should determine to preserve that condition, keeping it up. The town that keeps everlastingly clean also keeps everlastingly growing. What the town needs is some of the strong, growing pains produced by shovels, rakes, brooms, water, dump carts and scrub and paint brushes.

SCARCITY OF WHISKEY.

A North Branch farmer recently lost a fine Holstein heifer and offered as a reward for its return a good drink of whiskey. The next day 12 heifers were brought in.—Pigeon Progress.

Advertise it in the Chronicle.

IN JUSTICE COURT.

Rencie Lloyd of Gageton, was arrested and brought before Justice Arnold at Caro on Tuesday, on the complaint of his wife, a bride of about three months, for non-support and desertion. He pleaded guilty and was required to give bonds for the proper support of his wife or serve 30 days in jail. Not offering a proper bond, he was committed to the county jail until such a bond is furnished.

James McCann, Joe Smith and Thomas Clare were arraigned before Justice Brown at Caro on Tuesday charged with being drunk and disorderly pleaded guilty, were given the choice of \$10.00 fine each or 30 days in "Hotel Morris." They chose the latter, and were sentenced accordingly.

ADVISES PARENTS TO HAVE CHILDREN EXAMINED

In Order that Correctable Physical Conditions May Be Remedied During Summer Vacation.

If little Willie or Susie have been failing in their school work, or merely passing "by the skin of their teeth" in some subjects, let the family physician give them a thorough physical examination, advise officials of the Michigan department of health.

General physical examinations of school children, between now and the end of the school year, are urged by the public health authorities in order that dangerous remedial defects, and correctable physical conditions may be remedied during the summer vacation. Such a procedure, it is pointed out, will improve the health of communities and help raise next year's class ratings for Willie and Susie.

"Scarlet fever, diphtheria and other diseases have been unusually prevalent in nearly every part of the state; many children have lost time from school on account of sickness which may have left marks affecting the health of those that apparently recovered; and the lowered physical resistance of thousands of children has rendered them peculiarly susceptible to tuberculosis," contends Dr. R. M. Olin, commissioner of health.

"These circumstances, together with the fact that a large percentage of children are working under avoidable handicaps of bad throats, vision, hearing, and teeth", says Dr. Olin, "would indicate that parents should have their children carefully examined."

MOTORCYCLE COP FOR TUSCOLA COUNTY

At a meeting of the county road commissioners last week, Hugh Putnam was appointed motorcycle policeman who will have as one of his duties the bringing of speeders before the county's magistrates.

The opinion of members of the board is that speeding is not only a great danger to travelers but it causes an unnecessary wear on the roads.

CASS CITY CHRONICLE. Published Weekly. The Tri-County Chronicle and Cass City Enterprise consolidated Apr. 20, 1906.

Subscription Price Payable in Advance. One year \$2.00 Six months 1.00 Three months .50 Foreign subscriptions, \$2.50 per year.

Advertising rates made known on application. Entered as second class matter Apr. 27, 1906, at the post office at Cass City, Michigan, under the Act of Congress of March 3, 1879.

DEFORD.

Sugar beet seed has come. Geo. McArthur owns a new sedan. E. Lamkin has moved to Ypsilanti. R. D. Lewis suffers with an inflamed optic.

Mrs. Warner Kelley of Detroit visits in this locality. Wm. Gage is remodeling the interior of his garage. Edward Bonner of Ann Arbor called here past week.

Mr. Shaw has just returned from a visit at Decker and Snover. Mrs. Croop is having some repairs done on the floor of her store.

DEFORD.

Lots of house cleaning going on. Miss Effie Cauer bought a piano last week. George McArthur is driving a new Ford sedan.

R. Kennedy is expected home in the near future. Bert Lamkins is in our midst again for a short time.

Ernie Barns has hired out to Wm. Gage in the garage. Forest Day called in Saginaw on Saturday, returning Sunday.

Dr. Merriman made a business trip to Detroit last week Tuesday. Mr. and Mrs. Wm. Gage called in Kingston on Wednesday of last week.

Mrs. N. Kelley of Detroit returned home on Sunday accompanied by her cousin, Neil. Mrs. Nellie Kelley from Highland Park visited last week with her cousin, N. R. Kennedy.

Mrs. D. Croop is having her store remodeled. Billy McCracken and Mr. Wentworth are doing the work. Mr. and Mrs. Harry Gray returned from their wedding trip on Tuesday night.

Mrs. C. L. Gage made a business trip to Port Huron on Wednesday, returning Friday evening. Norman Gillies and Robt. Philips called in Cass City on Wednesday of last week to join the Orangeman lodge.

Mrs. Roy Colwell has gone to her new home down near Metamora where Roy is employed in building state road.

Mrs. Wm. Balch and brother, Ame, and Mr. and Mrs. E. Webster and mother called on their sick aunt Wednesday of last week at Armada. A deputy of the Lady Macabees was in town the fore part of last week.

Harry Tushingham has returned to his home in Toronto after a prolonged visit here with his uncle, Thos. Chard.

A. McKenney, Lawson and Hamilton are getting their machinery in readiness at the McPherson pit for graveling the two miles north of Decker.

Angus McClennan is taking treatments at Battle Creek from Christian Scientist experts in hopes of relief for his rheumatism. Mr. McClennan is a helpless invalid from this malady. We hope he gets relief.

KNOW THAT YOUR SEED CORN WILL GROW

By P. G. Holden, Field Director, Agricultural Extension Dept., International Harvester Company. The long growing season for corn in 1920 caused the most of us to believe that the corn, when harvested, was fully matured, well dried out and in good condition for seed.

But recent tests show that the corn did not dry thoroughly and it is likely that the vitality of much of the corn we have saved for seed is low. For this reason it is very important that every ear of seed corn should be tested before it is planted next spring.

Spur seed is one of the chief causes of a poor stand and a poor stand means a small yield. There is nothing else that will do so much to increase the yield of corn on every farm as the making of a germination test of six or eight kernels from each ear to be used as seed and discarding those ears high show weak or sickly roots or stem sprouts.

The most common mistake is to conclude that we can judge the germinating power of seed corn by looking at it and that it does not need testing. A few days spent during March in selecting and testing our seed corn may be worth more to us at harvest time than a whole year's hard work.

It is nothing more nor less than good business for us to know that the seed we put into the ground is healthy seed and that it will grow. And the only way we can tell good seed is by testing it. One man in two days can test enough corn to plant 40 acres of ground. Testing will not cost to exceed 10 cents an acre.

Yet, because it is "too much bother" to test corn, we pick out 600 ears, look at them, guess that they will grow, and plant them. As a consequence, more than 12 acres out of every 40 planted to corn in the average Corn Belt state produce nothing.

By testing we get rid of the dead, weak, disease-infected and mouldy ears. Testing does not hurt the corn. It requires but little time and that at a season of the year when we have little to do. By testing we have everything to gain, and nothing to lose.

There are several methods of testing corn but the limitations of this article will not permit of a description of any of them. Any county agent, any agricultural college, or any good farmer will be glad to tell his neighbor how to test seed corn.

After the corn has been tested, sorted, shelled and graded for the planter and the bad kernels removed, it should be placed in half-bushel sacks and hung up in a dry place. We should put in a sack separate from the rest, the seed from the best 100 ears. When planting, we should use the seed from these "best 100 ears" on one side of the field and pick our seed corn from these rows next year.

If we have no good seed corn we should buy from our neighbors or some one in the community. We should not import seed corn from outside our immediate vicinity. Thousands of individual ear tests prove that home grown seed will yield on an average from eight to 20 bushels of corn more to the acre than will imported seed. The best plan is to grow our own seed and test every ear intended for planting.

Investigations conducted over a period of several years by various agricultural colleges and by the U. S. Department of Agriculture have proven beyond doubt that rot diseases of the corn root, the stalk and the ear have been one of the chief causes of thin stands, of large numbers of weak and stunted plants; of stalks that are down, or leaning, or broken; of barrenness and nubbins; of chaffy, immature ears; of reduced yields.

Fertile. "Yes, sir, we got two ice crops last winter." "That so? What kind of water did you plant?"

Notice of Hearing Claims Before Court.—State of Michigan, The Probate Court for the County of Tuscola.

In the Matter of the Estate of Charles M. Delling, Deceased. Notice is hereby given that four months from the 1st day of April A. D. 1921, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court at the probate office in the village of Caro in said county, on or before the 1st day of August A. D. 1921, and that said claims will be heard by said court on Monday the 1st day of August A. D. 1921, at ten o'clock in the forenoon.

Dated April 1st A. D. 1921. O. D. HILL, Judge of Probate. (Copy) 4-8-3

Order for Publication—Final Administration Account.—State of Michigan, The Probate Court for the County of Tuscola.

At a session of said Court, held at the Probate in the Village of Caro in said County, on the 2nd day of April A. D. 1921.

Present, Hon. O. D. Hill, Judge of Probate. In the Matter of the Estate of Stanley Karr, Deceased. Susie M. Karr having filed in said court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It Is Ordered, That the 2nd day of May A. D. 1921, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition;

It Is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Cass City Chronicle a newspaper printed and circulated in said county.

O. D. HILL, Judge of Probate. A true copy. O. D. HILL, Judge of Probate. 4-8-3

State of Michigan, Banking Department. Office of the Commissioner.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that the Pinney State Bank, in the Village of Cass City, in the County of Tuscola, State of Michigan, has complied with all the provisions of the General Banking law of the State of Michigan required to be complied with before a corporation shall be authorized to commence the business of banking.

Now, therefore, I, Frank W. Merrick, Commissioner of the State Banking department, do hereby certify that the Pinney State Bank, in the Village of Cass City, in the County of Tuscola and State of Michigan, is authorized to commence the business of Banking as provided in section seven of the General Banking law of the State of Michigan.

In testimony whereof, witness my hand and Seal of Office at Lansing, this first day of March, 1921. F. W. MERRICK, Commissioner of the Banking Department. No. 671 3-18-6

Order for Publication—Probate of Will.—State of Michigan, The Probate Court for the County of Tuscola

At a session of said Court, held at the Probate Office in the Village of Caro in said County, on the 12th day of April A. D. 1921.

Present, Hon. O. D. Hill, Judge of Probate. In the Matter of the Estate of Emily Orr, Deceased.

Morton H. Orr, having filed his petition, praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased and that administration of said estate be granted to Morton H. Orr, the executor named in said will, or some other suitable person.

It Is Ordered, That the 9th day of May A. D. 1921 at ten a. m., at said Probate Office is hereby appointed for hearing said petition. It Is Further Ordered, That public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Cass City Chronicle a newspaper printed and circulated in said county.

O. D. HILL, Judge of Probate. A true copy. O. D. HILL, Judge of Probate. 4-15-3

Order for Publication—Appointment of Administrator.—State of Michigan, The Probate Court for the County of Tuscola.

At a session of said Court, held at the Probate Office in the Village of Caro in said County, on the 9th day of April A. D. 1921.

Present: Hon. O. D. Hill, Judge of Probate. In the Matter of the Estate of Samuel Cole, Deceased.

Emily E. Wright having filed in said court her petition praying that the administration of said estate be granted to John A. Cole or to some other suitable person,

It Is Ordered, That the 9th day of May A. D. 1921, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition;

It Is Further Ordered, That public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Cass City Chronicle a newspaper printed and circulated in said county. O. D. HILL, Judge of Probate. A true copy. O. D. HILL, Judge of Probate. 4-15-3

A Family Affair

In reviewing our new accounts we often notice the name of a person whose husband or wife has opened an account a short time before.

This always pleases us for we have a savings book for each member of every family and we are glad to see one member of a family pass the good word to another.

If you are not one of the hundreds who now hold a savings-book of this strong bank, call today for the book we have set aside for you.

SHABBONA.

Mrs. John D. Jones still continues very ill.

Mr. and Mrs. Peter Kritzman were in Marlette Monday.

The diphtheria patients at the home of Geo. Yeo are all getting better.

Mrs. Esther Cridland of Laing was the guest of Miss Anna Mitchell Saturday and Sunday.

Mr. and Mrs. Wm. Langenburg of Argyle spent Sunday at the home of the latter's sister, Mrs. John D. Jones.

Mr. and Mrs. Wm. Phetteplace and family, who have resided near Kearns for the last five years, returned Friday and will make their home in this vicinity again.

Hugh Phillips is on the sick list. Saturday was a real winter day for cold and a snow storm.

The ladies are busy housecleaning and caring for early chicks. Not a very large attendance at church Sunday. It was stormy.

Otis Montgomery was a caller in town Saturday on his way to Hemans. George Yeo's children, who have been sick with diphtheria are on the gain.

The recent cold weather has stopped the farmers from oat seeding.

Arlene Meredith spent the weekend with her cousin, Mrs. Josh Sharrard, of Hay Creek.

KINGSTON-NOVESTA TOWN LINE.

A number of the farmers had their oats in before the storm. Lloyd Osburn and Clarence Vorhes are getting up a buzz-pile.

Kieth Retherford is spending a few days with relatives at Caro. Robert Barbour of Owosso was in the vicinity last week tuning pianos.

Benj. Bowman of Pontiac visited over Sunday at the home of W. O. Coleman.

Ed. Bonner of the University of Michigan, spent a few days of last week at Howard Retherford's and at the home of Geo. Martin.

Mr. and Mrs. Charles Kelley and little son spent Sunday at the home of W. O. Coleman. Mrs. Kelley and son remaining for a few days' visit.

NOKO.

John Hamilton drives a new Dort car.

Mrs. Edward Raduchel is on the sick list at present.

A. A. Shaw of Deford was a visitor at Thos. McPherson's last week for a few days.

Harry Collins' infant child was buried in the Johnston cemetery Sunday forenoon. D. G. Cook has returned to Ft. Huron after spending a couple of weeks here at his farm. Thos. Colwell and family of Cass City and Alvah Palmateer were Sunday visitors at Claud Shaw's.

Enlightenment

"Is this speech-making four of yours a campaign of education?" "I don't know how it strikes the audiences," replied Senator Sorghum "but I must admit that I am learning a few things."

Grease Spots.
If you have the misfortune to spill grease upon your kitchen floor, let it cool, scrape up all you can, then pour a few drops of alcohol on the spot, wipe it off and add a few more drops, enough to cover the spot. Let this remain a short time, then wipe the spot with a clean cloth.

Common Sense Greatest Gift.
Notwithstanding all our admiration for genius, and our longing for gifts, for talents, there is no endowment so envious as sound common sense. It may not soar into the heavens, nor fathom the deeps, nor achieve earth's wonderful successes, but it is the balance wheel of life.

The SAMSON Model M Tractor

When you buy your tractor you want heavy draft horsepower, both for the drawbar and belt, but at the right price in first cost and upkeep cost as well. This is what the designers, engineers, and producers had in mind when they developed the Samson Model M. You want a tractor that will take the place of and perform the duty of a barn-full of expensive horses without costing you a small fortune to buy or a big part of your crop to maintain. That's exactly the kind of a tractor you get in the Samson Model M.

The Samson Model M is the last word in modern tractor construction. It is not like the average I-beam and channel-steel frame tractor that weighs so much it takes a large per cent of its own power for self-propulsion—it is a coupled power unit all by itself from radiator to rear wheels. Every working part is enclosed and protected against dust, mud, or rain.

The even distribution of weight, compact design, and low center of gravity give to the Samson perfect traction, great stability and insures its hugging the ground under all conditions.

It has no lost motion for it is built and lubricated throughout like a high priced automobile, insuring great efficiency, ease of operation, maximum length of life and service, and the price is right.

PRICE FULLY EQUIPPED—\$1060.00.

Delivered to the user.

WHAT WE READ IN THE PAPER 25 YEARS AGO

Items Taken from the First Page of the Cass City Enterprise.

From the Issue of Apr. 17, 1896.

A consignment of plows was sent this week from the Cass City foundry to L. C. Truax of Bad Axe.

Misses Jennie McArthur, Belle Walmsley and Jessie Crosby are home from the State Normal at Ypsilanti.

The Pingree Club now has over 100 members. The next meeting will be at the town hall on Monday evening, Apr. 20.

W. J. Albertson expects to begin work at the creamery this season about May 1.

A full force of bean pickers are at work this week at Frutchey, Ale & McGeorge's elevators.

A creamery outfit arrived here this week for Joel M. Jones, to be placed in operation upon his farm at Holbrook. Only the product of his own cows will be utilized this season.

On Monday morning, as John Hawkins and some of his family were coming to town from Novesta, his 14-year-old son in some way fell from the wagon in such a position that one of the front wheels passed over his head and one arm. The result was a scalp wound from one temple around the back of his head and almost reaching the other temple.

Following is the program for the N. E. L. S. for Apr. 20: Roll call; singing; recitation, Mable Wilkinson; dialogue, Muma Bros; violin solo, John Ross; reading, Neil Blair; parody, Grace Karr; song, Jas. McKenzie; original poem, Maggie Blair; song, Avery Lee; recitation, Blanche Young; essay, Sherman Lee; Elkland Growler, J. Marshall; recess; music; debate—"Resolved, that liquor has caused more distress and misery than war." Affirmative, A. Marshall, Levi Muma, Avery Lee and Neil Blair. Negative—Miss J. Watson, W. Muma, A. Boulton and Miss M. Wilkinson.

Members of the council in 1896 were E. B. Landon, president; and W. J. Campbell, J. H. Striffler, Martin Dew, A. A. McKenzie, C. W. Heller and J. D. Crosby, trustees. At its Apr. 13th meeting, Wm. Jeffery was appointed poundmaster; Jas. Ramsey, street commissioner and fire warden; James Reagh, village marshal; E. B. Landon, health officer; A. A. McKenzie, president pro tem.

Among those who were granted teachers' certificates at the regular examination held in Caro Mar. 26 and 27 were the following. Third grade—Effe Milliken, Kingston; Wm. C. Rufus, Kingston; Wilbert Revenaugh, Cass City; Maude C. Treadgold, Cass City; Dolph Blakely, Gagetown; Harry B. Outwater, Cass City; Nelson A. Perry, Cass City; Ella L. Reid, Kingston; Hattie Wheeler, Gagetown; Belle Schell, Cass City; Edith Wilkinson, Cass City. Second grade—Cora G. Snider, Kingston. First grade—Eldon W. Clark, Deford.

SCHOOL NOTES

Kathryn Cridland and Helen Craig, reporters.

Kindergarten.

Clark McCaslin is sick with appendicitis. John Day is absent on account of the mumps.

First Grade.

The first grade are preparing a window garden, daffodils, tulips, butterfies and blue birds furnish the material.

Third Grade.

The third grade are making scrap-books of an original design in which they are putting all the pictures they can find pertaining to a week. They are also writing paragraphs about the same and pasting them in their books.

Next week they will continue the same and talk about a fire, the mill, and an automobile.

The nature study class are studying signs of spring—the wind, rain, flowers, trees, germination of seeds, birds, butterflies and moths.

Several new pupils have entered the third grade making a present enrollment of thirty-seven.

Fourth Grade.

Mrs. Sandham visited the fourth grade Friday morning.

Fern Benkelman and Doris Bliss are absent this week on account of the mumps.

For the past two weeks the boys and girls have been having spell-downs Friday afternoon. Two weeks ago seven girls were standing when the last boy was spelled down, but last week just one girl was standing when the last boy took his seat. Harriet Tindale succeeded both weeks in spelling down her classmates. Next Friday they will have another spell-down for which the boys are working hard, as they are determined to win this time.

The fourth grade have begun to study their new supplementary readers.

High School.

During the last week we have been especially favored by two interesting talks given before the Junior and Senior High pupils. Last Friday Pro-

fessor Henderson talked to us on "How to Study." This subject is of vital interest to the students and many have been inspired by the same. On Monday morning Dr. Barclay spoke on the subject of "Seeing Things." Many were surprised to know that they saw things but at the same time did not see them.

Tuesday morning an unusual event happened in the Senior High, there being only one person absent and no one tardy. This is the record of the year thus far.

The sophomores finished the "Tale of Two Cities" by Chas. Dickens this week.

Alma McInnis, Roy Harris and Anna Patch were visitors in High school this week.

The eighth grade agriculture class have been illustrating the use of the Babcock tester by testing samples of milk brought by the pupils.

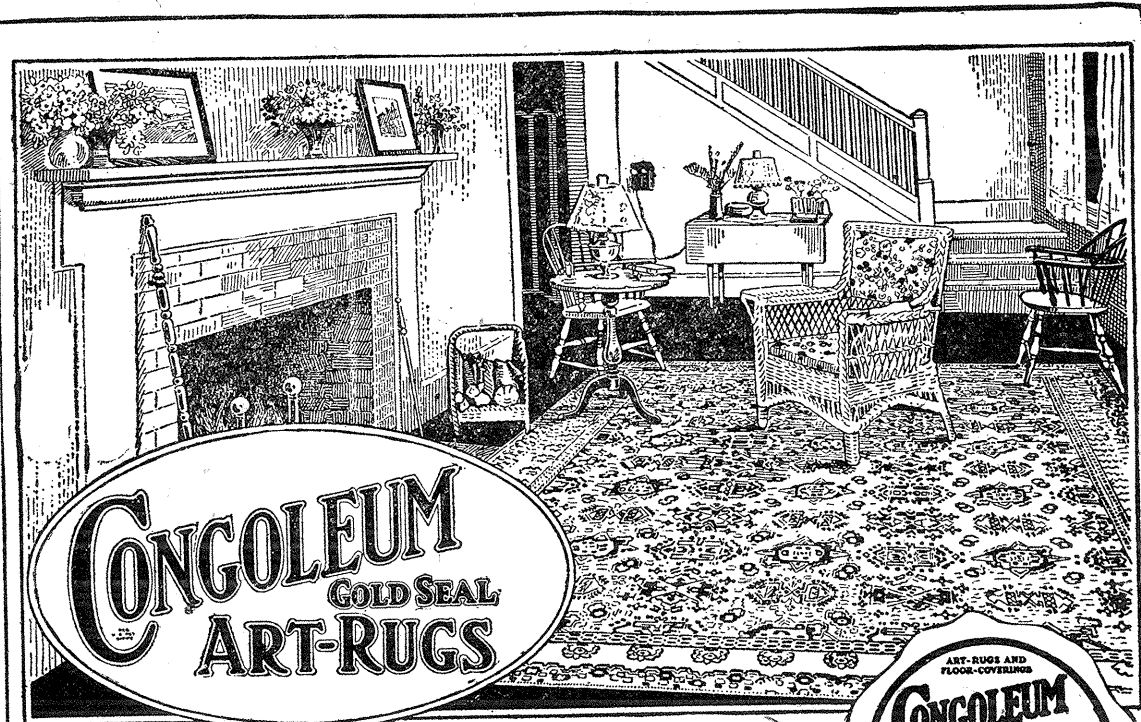

The boys will play the first baseball game of this season at Vassar Friday, April 22. We wish them success all through the season.

Last Thursday the boys' baseball team played the American Legion. The score was four to one in favor of the American Legion.

We are very glad that the young ladies are forming a baseball team. We hope they will be successful.

The botany class are testing vegetable seeds sent out by the government.

Here's News for Thrifty Housewives—

AN opportunity like this comes but seldom and deserves the attention of every intelligent housekeeper. We have just received a big shipment of the famous Congoleum Gold-Seal Art-Rugs and Floor-Coverings which we shall offer, as long as they last, at the following prices.

6x9	-----	\$ 9.00
7½x9	-----	11.00
9x10½	-----	16.00
9x12	-----	18.00

Every rug is of the famous Gold Seal quality, backed up by the double guarantee of the manufacturer and ourselves. Congoleum Gold-Seal Art-Rugs are so

practical, so sanitary and so easy to clean that they will make your housework ever so much easier. Think of it—a few minutes with a damp mop and presto! your cleaning is finished.

Congoleum Rugs lie flat without fastening, and will not curl or "kick up" at the edges. Come in and see these Art-Rugs right away, while the selection is complete and there are so many beautiful patterns from which to make your choice. Many of the designs are new this season and have not been shown here before.

MONDAY, APRIL 25.

Mary Pickford in

"POLLYANNA"

For benefit of Cass City High School Athletic Association. Tickets for sale by all scholars. Buy one and encourage the Athletic Asso.

"Pollyanna" is a story of unusual sweetness and charm. MARY PICKFORD in the title role will teach you to play "the glad game." She will teach you how to bring sunshine into your life and the lives of others. The picture is one that everybody should see, because of its picturization of a beautiful character and the lessons taught by the child's philosophy of "Gladness."

MARY PICKFORD as "Pollyanna," in her first independently produced production for United Artists Corporation, is the daintiest, dearest little maid that has ever been screened. She takes her place in the hearts of the members of all families. The story has so much humor and pathos that besides being fascinating it is wholesome, fresh and refreshingly natural.

MATINEE AT 3:30—Children below 7th grade, 15c; adults, 20c. EVENING AT 7:45 SHARP—Adults 30c; children 20c.

LOCAL NEWS

Winnifred Schwaderer and John Day are victims of the mumps.

Paul Fritz returned Monday from a week's stay in Lansing and Flint.

Mr. and Mrs. Clark Freeman of Gageton were guests at the F. A. Bliss home Tuesday.

A. A. Hitchcock of Detroit transacted business in Cass City the latter part of last week.

Mr. and Mrs. Roy Colwell of Metamora spent Sunday with the former's parents, Mr. and Mrs. Thos. Colwell.

S. Champion was in Lansing last week and attended a session of the legislature in the interest of poster advertising.

Mrs. C. L. Stoner of Flint, who has been visiting at the home of her parents, Mr. and Mrs. E. P. Smith, returned to her home Tuesday.

John Morrison of Rockford, Mich., spent Sunday and Monday with his mother, Mrs. Duncan Morrison, and visited with old-time friends in Cass City.

Mrs. Louisa Schwegler and Mrs. M. M. Schwegler left Wednesday for Puslinch, Ont., where they will be the guests of the former's daughter, Mrs. C. W. Gregor, for a few weeks.

Mr. and Mrs. Andrew Wilson and grandson, Bernard Wilson, left Tuesday afternoon for Pontiac to visit their daughter, Iva, and son, Tom, for a few days. They expect to return by auto on Friday.

Miss Alma McInnes of Ann Arbor spent from Thursday to Sunday with Cass City friends. Miss Kathryn Cridland entertained several young ladies in honor of Miss McInnes Friday evening, at the Cridland home.

The Live Wire Class of the Evangelical Sunday school is among the contributors of the Near East Relief, having paid \$5.00 to the Chronicle for this cause, which has been forwarded to Louis Wean, treasurer of the fund in Tuscola county.

Mr. and Mrs. C. H. Seeley returned Friday from Kimmissee, Florida, where they spent the winter months. They made the journey south last fall and north this spring by automobile. The latter trip was made in a leisurely manner in just a month's time.

Mr. and Mrs. Seeley spent a day and a half at the national capital and stopped off at smaller towns farther south for brief stays.

John McRae, who has been spending several weeks with his parents, Mr. and Mrs. Christopher McRae, left Friday afternoon and his brother, Colton, Saturday afternoon to spend Sunday in Detroit. Colton left Detroit the first of the week to resume his studies at the university at Ann Arbor, while John went to Lorraine, Ohio, where he boarded the freighter, Thos. F. Cole, on which he will sail the lakes during the coming season.

John G. Stirton came from Los Angeles, California, Monday and spent the day with his son, Archie, and daughter, Mrs. R. N. McCullough at Cass City before going to his farm home at Grassmere, Huron county.

Mr. Stirton has spent five months with his son, James W. Stirton, who has a lucrative picture enlarging business in Los Angeles. Mr. Stirton was much pleased with the western city and California's climate.

A farmer told the editor of the Sebawaing Blade recently that he sold a cow hide for the staggering sum of 85 cents. He complained that it was not worth while any more to skin a critter. The incident reminds Editor Muellerweiss of the fellow who bought a pig for \$5 in the fall. It cost him \$5 to feed it during the winter and in the spring he sold it for \$10. "Of course," the man said, "I didn't make any money in the transaction, but I had the use of the pig all winter."

Next Tuesday, April 26, will be "Efficiency Day" of the Woman's Study club when the following program will be given at their meeting in Oddfellow hall: "Current Events," Mrs. P. A. Schenck; "The Value of Home Economics in Life Efficiency," Mrs. McNamee; "The Economical Independence of Women," Mrs. G. C. Hooper; Reading, "Miranda on Wages"; Discussion, "The Mother as a Teacher of Domestic Science," Mrs. Jas. Tennant and Mrs. I. A. Fritz. Response, Quotation from Edgar Guest.

An eminent school authority of Indiana has the following to say of consolidated schools of his state: "The consolidated schools have brought about a higher appreciation of work in advance of the eighth grade. Families are now represented which were never before represented in high school. Children are no longer discussing the question of stopping at the eighth grade, because they have in their own communities an institution of higher learning. Under the plan 48 per cent of the children graduating from the eighth grade entered high school. Under the new plan 91 per cent entered high school."

Mrs. Phillips of Port Huron spent a few days at the W. A. Lamb home. James Nesbitt suffered with an attack of blood poisoning the first of the week and is still quite ill.

Arthur Stuart is the name of a little lad who came Sunday morning to gladden the home of Mr. and Mrs. Arthur C. Atwell.

Mr. and Mrs. H. Curran and children and Mrs. Joe Schubach, all of Caseville, were guests at the Earl Heller home Tuesday.

Guy Lamb and two children of Saginaw visited at the home of his parents, Mr. and Mrs. W. A. Lamb several days last week.

Chas. Donnelly is laying the foundation for a new residence on the north side of Garfield Ave., between Leach and West streets.

Carpenters have placed a new roof on the M. E. parsonage and painters are engaged in spreading the paint on the exterior of the residence of the pastor, Rv. Wm. Richards.

The Watson Real Estate Agency reports the sale of the A. D. Mead residence property on Seeger St. south to John Wooley of Kingston. The consideration was \$3,000.

Eleven lady friends of Mrs. W. A. Lamb surprised her last Thursday afternoon, the occasion being her birthday. Refreshments were served and all enjoyed a very pleasant afternoon.

H. D. Schiedel is entertaining his mother, Mrs. Susan Schiedel, and his sister, Mrs. Milo Fleming, both of Petoskey, who came the latter part of the week to spend several days with their son and brother.

Workmen are engaged in making extensive improvements in the J. D. Brooker residence on Oak street. New oak floors laid on the first floor and the placing of French doors are among the improvements contemplated.

Alva Palmateer returned to Pontiac after spending two weeks with his brother, Israel Palmateer, and his sister, Mrs. Thos. Colwell, and other relatives in this community. Mr. Palmateer is employed as an attendant in the state hospital at Pontiac.

Frank Bliss, David Tyo, Thomas Keenoy and J. G. Emerson motored to Bad Axe Monday to attend a Catholic convention, held at the K. C. hall at Bad Axe, which had for its object the formation of an educational bureau for the education of emigrants.

W. D. Henderson, for 15 years professor of physics at the University of Michigan, gave a very strong and instructive lecture before the Parent-Teachers' Association Friday evening on the subject, "Dollars and Sense in Education." The lecture was given at the M. E. church and attracted a large audience.

Forty members of Tyler Lodge, F. & A. M., were guests of Mt. Moriah Lodge at Caro Wednesday evening at an excellent fish supper. The local degree team exemplified the third degree in the evening. Cass City Masons returned home about midnight and were much pleased with the hospitality of the Caro brethren.

Fortunately, Cass City's streets are not always judged by the section of roadway east of the Grand Trunk station which becomes an embryo lake after every rainfall. First impressions are often hard to eradicate and it would help strangers arriving by railroad to form a much better initial opinion of the town if this nuisance were eliminated. We have a mighty fine appearing town, but it may be improved in a few places and this is one of them.

A local citizen was passing through Elmwood Corners Tuesday night when he noticed an automobile tire by the roadside. "Whoa, Henry!" he cried, as he brought the machine to a standstill. "Guess I may as well pick it up and take it home," he remarked to his companions as he reached down for the tire. He carried it about a foot when he discovered it fastened by a heavy wire to a near-by telephone pole. Now he wonders how many others stopped their machines, got out, tried to carry the tire away and let it fall again the same as he did Tuesday night.

Lester Bailey, supt. of races of the Cass City Fair attended a meeting of the Thumb Racing Assn. at Port Huron Apr. 12. At this meeting, it was decided that classes be as near uniform as possible and at each meet to have a 2:16 and 2:24 pace and 2:19 trot; that entries close the Tuesday preceding the week of the races; that all harness races be five to enter, three to start, three in five system, ending at the finish of the fifth heat; that running races be two in three; that each member secure a starting judge. The next meeting will be held at Port Huron not later than May 20.

"It is reported," says the Pigeon Progress, "that the morning train south and the night train north on the P., O. & N. is to be cut off during the summer months. This will leave just one train each way a day." The Progress' informant probably based his story on a rumor which was prevalent in railroad circles and which was started for the obvious reason of worrying a "brakie" about losing his job. A telegram to the train dispatcher Tuesday brought back the information that there was no good foundation for the story. R. A. McNamee, the local G. T. agent, says that train service will be augmented instead of curtailed very soon on the P., O. and N. branch. Freight service will be bettered and a train will haul from eight to 14 cars of gravel daily from the railroad's pit at Cass City.

Members of the S. Champion Posters Adv. Co., Carl Martin and John Walmesley went to Alma Wednesday where they are erecting billboards this week.

Members of the Rebekah Lodge surprised Mrs. A. A. Ricker at her home Monday evening, to help celebrate her birthday. A pot luck supper was enjoyed.

Mrs. Harriet Decker, who has been keeping house for Mrs. J. N. Dorman, returned to her home in Mayville Thursday where she expects to remain because of ill health.

Mrs. Benj. Foster of Brown City and Mrs. H. P. MacMillan of Ann Arbor and Mrs. B. R. Walker and daughter, Zella, fo Marlette visited at the T. L. Tibbals home Thursday of last week.

R. A. Lutz writes the Chronicle from Haines City, Florida, "I am feeling fine again. Have been out of the hospital four weeks and have gained 15 pounds. Give my regards to all the boys."

Mr. and Mrs. G. A. Striffler, Mrs. Wm. Paul and the Misses Alma Mark and Alta McArthur were visitors at Saginaw Tuesday. Mr. Striffler attended the Implement Men's convention and banquet at the Elks' club, while the women attended the Passing Show given at the auditorium.

H. P. Orr and H. H. Smith, attorneys of Caro, appeared before J. D. Brooker, circuit court commissioner, in the interest of their clients in an action of summary proceedings to dispossess tenant. The disagreeing parties were residents of the Caro community.

Brooks Fletcher, who will deliver a lecture at the opera house next Tuesday evening as the last number of the lecture course, will speak to pupils at the high school building next Tuesday afternoon. Parents are invited to come and hear Mr. Fletcher at the school.

Roy Striffler, who is attending Northwestern College at Naperville, Ill., has been elected by a faculty committee as one of two assistant editors of The College Chronicle, a weekly magazine representing the college and student body. The honor came to the successful candidates after an extended tryout in which articles assigned by the editor were submitted and judged by a faculty committee. Mr. Striffler is a member of the Class of '23.

A miscellaneous shower was given in honor of Miss Hazel Mead at the home of Miss Marie Martin of West Main St. Thursday. The evening was spent in playing games, music and mock wedding after which the guests were ushered into the beautifully decorated dining room. The table center consisted of a wonderfully constructed miniature altar around which were kewpies. Each guest found her place at the table by a place card containing a verse appropriate to her particular character. Miss Mead was the recipient of many pretty and useful gifts.

Two organizations of the M. E. church gave pre-nuptial showers this week in honor of Miss Hazel Mead. Tuesday evening, 15 young ladies of her Sunday school class gathered at the Mead home where a luncheon was served preceded by a number of games. A mock wedding added to the gaiety of the party. Monday evening, members of the church choir gave a pot luck supper at the A. H. Higgins home. Miss Mead has long been a great help in the musical activities of the church. Monday was also the 27th wedding anniversary of Mr. and Mrs. Higgins. Miss Mead was made the recipient of many beautiful and useful gifts from members of the choir and of her Sunday school class.

NEW AGRICULTURAL COURSES AT M. A. C.

Addition of several new courses in the agricultural section at M. A. C. has been announced by Dean R. S. Shaw, head of the division. The new work, adapted to meet changed conditions in the agriculture of the country, is said to enlarge and broaden the field of study at the state school materially.

Courses adapted to practical dairy farming are among those added to the curriculum. One of these will train men in judging dairy cattle and will develop student teams to represent the college and state at future national dairy shows. Others cover dairy barn management, market milk production, and other phases of the industry.

Work which will train students in selection of beef cattle is also being started under the animal husbandry department.

HOSPITAL NOTES.

Mrs. Vie Warner entered the hospital last Saturday and underwent a serious operation the same day. She is doing as well as can be expected.

Mrs. Lewis Maharg entered the hospital Sunday and underwent a serious operation Monday morning. She is recovering slowly.

Mrs. Frank Severn of Elkton entered the hospital Tuesday and underwent an operation that day. She is getting along nicely.

Arthur Anthes entered the hospital Wednesday evening and was operated for appendicitis and complications Thursday morning.

Mrs. Matilda Dake of Kingston, Mrs. Alfred Pugh of Bad Axe, Mrs. Geo. Kirton and George Yackel of Pigeon are still patients at the hospital and are doing nicely.

LOCAL DRUGGIST HAS EXCITING EXPERIENCE

Yesterday morning on opening his store, G. H. Burke was startled by a commotion in his patent medicine department. Father John was trying to make a date with Lydia Pinkham, to which St. Jacob objected. St. Jacob tried to get the Zymole Trokeys to knock the Pine Tar out of Father John. They refused, so he finally induced Navann's Little Mexicans to do the job. After they had Musteroled him considerably they left him bleeding and sore. Along came Mrs. Winslow, who gave him several applications of her Soothing Syrup. He promptly recovered and said that he was going to publish this affair in Duffy's Annual and Peruna him.

102,000 ORDERS ARE UNFILLED BY FORD

Henry Ford again expressed an optimistic view of the industrial outlook, Tuesday.

"We were never in better position than we are right now," he said.

The statement was in connection with announcement by the Ford Motor company of continued gains in sales and production. Unfilled orders on the company's books today total 102,000, it was announced. This represents an increase of 13,618 over figures given for the month of March.

Fire Test for Carpets.

An old way of testing carpets to see if it is a true Persian product is in vogue in Persia. A piece of red-hot charcoal is dropped upon it, which leaves a round singed spot. If the carpet is of the first quality the singed wool can be brushed off with the hand without leaving a trace of the burn discernible.

DAILEY NEWS.

We are offering a heavy blue chambray work shirt finished 42, 46 and 48 inches wide, 34 in. long, faced sleeves, double stitched all over for this week at eighty-five cents.

Men's unionalls, blue or khaki, a very heavy 240 weight cloth, double stitched and faced at two dollars and ninety-eight cents.

J. C. C. corsets, absolutely no better corset on the market today, all sizes. All corsets reduced one dollar each.

Fancy dress voiles, former seventy-five and one dollar voiles, small pieces all reduced to twenty-five cents a yard.

Genuine Cook's linoleum rugs, sizes 6x9 and 9x12, nothing better for dining room or kitchen, prices reasonable.

Men's work shoes are my stronghold. I can please you and fit you, at a very low price.

Call and see that twenty per cent stockings for children.

A great big box of kisses at Dailey's for ten cents.

Children's gingham dresses, sizes from 5 to 10 years. A winner at ninety-eight cents.

Overalls for boys, ninety-eight cents.

The Dailey news of last week sold two one hundred piece dinner sets at twenty-five fifty and thirty-seven fifty.

The Dailey news of last week sold last Saturday thirty pairs of men's overalls at one dollar and forty-eight cents.

Watch the News.
B. J. DAILEY.

ATTENTION Business Men

Is your system of bookkeeping adequate to furnish you the knowledge you should have of your business?

Will it enable you to compile an income tax report properly?

In the majority of cases the system of books you are now using could be revised so that, without any additional work, it would give you much valuable information, likewise give you all details necessary for income tax purposes. If you are interested, call for Mr. Parsons at the Hotel Montague, Caro, and he will gladly go into the matter with you.

MARY PICKFORD'S FIRST "BIG FOUR" PICTURE

"Pollyanna," the Wonderful Glad Story to be Shown at the Pastime Theater.

When the United Artists Corporation was formed, the aim of the four stars—Mary Pickford, Charlie Chaplin, Douglas Fairbanks and D. W. Griffith—was to establish a medium through which to convey bigger and finer photoplays to the motion picture public. Under this plan three pictures have

already been released—two by Douglas Fairbanks and one by D. W. Griffith. Now comes Mary Pickford with "Pollyanna," her first "Big Four" offering, and the fourth film to be handled by the United Artists since the organization's birth, which will be shown at the Pastime Theater on Monday, April 25.

Because this is her first production under the new arrangement of individual release, every effort has been put forth by Miss Pickford to make "Pollyanna" a bigger and better picture than anything she has ever done before. Work was begun by the little star

on September 11 and the production was not complete until the middle of December. Neither expense nor time was spared in the attempt to make "Pollyanna" one hundred per cent perfect.

"Pollyanna" is produced here for the benefit of the High School Athletic Association.

Hair and Heaven.

"Hair is not happiness," declare the members of the Baldhead club of New York, who no doubt find comfort in the fact that heaven is described as a place where there is "no parting."—Passing Show London.

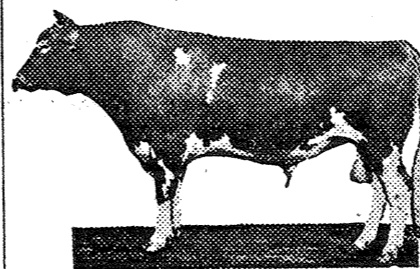

DAIRY POINTS

BULL ASSOCIATIONS GAINING

In Count-Up for Last Fiscal Year an Increase of 57 Per Cent Is Noted—More in South.

In the count-up of bull associations for the last fiscal year made by the dairy division of the United States Department of Agriculture, associations are found all over the country. There are now 123, where there were only 78 the year before. This is an increase of 57 per cent. Thirty of the 48 states in the union are on the list. Associations are not equally numerous in all states, however, for four—Alabama, Pennsylvania, Mississippi

and South Carolina—furnish nearly half of the total. The number of associations found in each of these four states is as follows: Alabama, 7; Pennsylvania, 21; Mississippi, 11; and South Carolina, 17. Three of these leading states are in the cotton belt. Dairying is comparatively new in that part of the country, and the men going into the business are building on the right foundations from the start. One of the important foundations of effective and lucrative dairying is co-operation, and the extension work carried on by the dairy division and by the various state agricultural colleges has been the means of introducing efficient methods at the outset wherever dairying is taken up in the South.

A Bull Should Be Selected to Improve the Dairy Qualities of the Herd He Is to Head.

Pennsylvania is an old-established dairy state, but has taken to the bull-association idea in a remarkable manner, and has in fact the largest number of all.

and South Carolina—furnish nearly half of the total. The number of associations found in each of these four states is as follows: Alabama, 7; Pennsylvania, 21; Mississippi, 11; and South Carolina, 17. Three of these leading states are in the cotton belt. Dairying is comparatively new in that part of the country, and the men going into the business are building on the right foundations from the start. One of the important foundations of effective and lucrative dairying is co-operation, and the extension work carried on by the dairy division and by the various state agricultural colleges has been the means of introducing efficient methods at the outset wherever dairying is taken up in the South.

MOLASSES FOR DAIRY STOCK

Especially Valuable Where Cows Are Not Permitted to Exercise—Replaces Green Feed.

One of the helps of the livestock feeder which is being used more generally every day is the crude, or low grade, molasses from a sugar mill. The value of the feed has been found to be not only in the actual nutrition content, as indicated by the analysis, but because of its quality—not exactly succulency, but akin to that—which makes it an appetizer. Especially is it valuable where the cows are not permitted to run on pasture or where they are not permitted to exercise. The molasses acts both as a digester and tonic and takes the place of green feed which tends to keep the cows healthy and increases all their normal functions, such as the milk producing powers. Then, too, dairy cows which are confined in small areas often lose their appetites, and when they do milk production naturally drops off. By adding a little molasses to the ration they will regain their appetites and besides eat more than they did without the molasses, which of course increases their milk production.

LIBERAL FEEDING URGED

Dairy extensionists and authorities at University farm, St. Paul, Minn., are agreed that a policy of liberal feeding with dairy cattle is profitable and should be pursued wherever circumstances make it possible. The importance of adequate feeding has been shown time and time again. In one instance which may now be cited, feeding costs were increased in a year from \$53 per cow to \$83, but the income from each cow increased from \$129 to \$218 in the same interim, so that for an extra expenditure of \$30 profits were increased \$89 per cow.

WINTER ATTENTION TO MILK

Unusual Care Should be Exercised in Washing All Tin Utensils Used in Dairy.

The winter care of milk calls for unusual care in washing all tin things used. In summer it is easier to keep clean; we have the sunshine to help—the world's greatest purifier. So much the more reason why we should place extra stress on using hot water and soap, with good pure cold water for rinsing.

HAVE GOOD PUREBREDS ONLY

Pedigrees Don't Amount to Much Unless Daughters Are Better Than Their Dams.

No stock-raiser should be satisfied until he has the services of purebred sires for his farm; not merely a purebred, but a productive purebred. Pedigrees don't amount to anything unless a sire can produce daughters better than their dams.

JOHN BLACKMORE

Remains Brought Here for Burial from North Dakota.

The remains of John Blackmore, a former resident of Cass City, were brought here from Jamestown, North Dakota, Monday morning. Funeral services were held at the Baptist church Tuesday afternoon, Rev. A. G. Newberry officiating, and interment was made in Elkland county.

John Blackmore was born in Greenleaf township, Sanilac county, on Oct. 12, 1864. He was united in marriage with Miss Elizabeth Ross on March 8, 1892, and to this union four children were born. Mr. Blackmore was engaged in the harness business in Uby for several years. Later the family moved to a farm three miles east of Cass City and in 1900 to the village. About four years later, Mr. Blackmore left Cass City to work in the lumber woods. In late years, he conducted a harness business at Fargo, N. D. His death was due to intestinal obstruction and occurred at Jamestown, North Dakota, on Wednesday, April 13.

Besides his wife, Mrs. Elizabeth Blackmore, and three children, Mrs. Walter Rowston and Miss Leila Blackmore of Pontiac and Alton Blackmore of Marion, Ind., who were in attendance at the funeral, he leaves another daughter, Mrs. Norman Tank of Pontiac; also two sisters, Mrs. Geo. P. Dodge and Mrs. E. Bearup, of Cass City and two brothers, William Blackmore in Africa and David Blackmore, who resides in the west.

ISAAC THANE DIES SUDDENLY

Isaac Thane passed away April 16, 1921, at the age of 75 years, nine months, seven days. He was born in Canada July 9, 1845, and when only a boy came with his parents to Tuscola county and settled in Ellington. Later he married Catharine Address and to this union were born ten children, eight of whom are living, five sons and three daughters, Nicholas of Pontiac, John of Cass City, Adelbert of Sanilac, Isaac J., and Archie of Ellington, Mrs. Robert Albrant of Almer, Mrs. Fred Dodge and Mrs. Miles Dodge of Elmwood. He has twenty-four grandchildren and four great grandchildren, one brother, John Thane of Caro, and one sister, Mrs. Eliza Whitney of Hillsdale county. He was a faithful member of the M. P. church for forty years. He leaves a host of friends to mourn his loss. His five sons and one grandson acted as pallbearers. Mr. and Mrs. Fred Owen, cousins from Bentley, attended the funeral, which was held at the Sunshine church of which he was a member, Rev. Clark officiating. Burial in Ellington cemetery.

MRS. JENNIE OSBORNE.

Mrs. Jennie Osborne, for the past 11 years a resident of Cass City, passed away Sunday, April 17, at the age of 74 years and three months. Dec. 15, 1919, Mrs. Osborne suffered a paralytic stroke, and has since been confined to her bed. She was a very patient sufferer, always trying to be bright and cheerful. In 1885 she united with the M. E. church and her beautiful Christian faith was a source

of great comfort to her during her long illness.

She has always been a kind and loving mother, and leaves to mourn her loss three sons and two daughters by a former marriage—Edward Wilkinson of Chicago, Robt. and John Wilkinson of Baroda, Mrs. Adah Miller, of Cass City and Mrs. Rose Allen of Whitty, Ont.; also 13 grandchildren and 10 great grandchildren.

The funeral was held Wednesday afternoon with Rev. Richards of the M. E. church officiating. It being Mrs. Osborne's request the remains were carried by her three sons and grandsons to their final resting place in Elkland cemetery beside that of Mr. Osborne, who preceded her in death six years ago.

Besides the immediate relatives, she leaves a large number of friends who feel very keenly the loss of a very kind and consoling friend.

DEATH OF DAVID ROSS

Funeral Held Tuesday Afternoon Was Largely Attended.

David Ross passed away at his home in Cass City Saturday morning following an operation performed a few days before. Funeral services held at the Presbyterian church on Tuesday afternoon were largely attended. Rev. W. W. Edwards officiated and interment was made in Elkland cemetery.

David Ross was born Mar. 6, 1840, in Wick, Scotland. At the age of 19, he came with his parents to Riversdale, Ont. He made the voyage in a sailboat, taking three weeks to cross the ocean. Later he purchased a farm at Cargill, Ont., and at the age of 32 he married Margaret Forsyth. To this union 12 children were born, eight girls and four boys. Six daughters and one son survive.

In 1891 he brought his family to Cass City, where he has since resided. Mr. and Mrs. Ross united with the Presbyterian church soon after their marriage.

Relatives and friends from a distance in attendance at the funeral were Mr. and Mrs. C. D. Timerson of Pontiac, Mr. and Mrs. F. A. Russo and Fred Russo of Detroit, Mrs. Wm. Campbell of Toledo, Glen Eno of Pontiac, Mr. and Mrs. Delbert Osterlander and family of Bach and Wilber McCullough of Owendale.

Notice of Hearing Claims before Court—State of Michigan, The Probate Court for the County of Tuscola. In the Matter of the Estate of

Finlay Ross, Deceased.

Notice is hereby given that four months from the 15th day of April A. D. 1921, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the Village of Caro in said county, on or before the 15th day of August A. D. 1921, and that said claims will be heard by said court on Monday the 15th day of August A. D. 1921, at ten o'clock in the forenoon.

Dated April 15th, A. D. 1921.

THREE PRESIDENTS ASK AID FOR CHINA

Harding, Wilson and Taft Appeal to Americans to Help Stricken Millions of Sister Republic.

The President and two ex-Presidents of the United States have joined, for the first time in the history of the country, in an appeal for a philanthropic enterprise. President Harding, ex-President Wilson and ex-President Taft are all in the forefront of the movement to send aid from America to the famine victims of China.

One of President Harding's first official acts after his inauguration, taken when he had been in the White House less than two weeks, was to renew the appeal made by his predecessor in behalf of America's sister republic in the East. President Harding said in part:

"At this, the earliest practicable moment in my administration, I desire to add my own to the many appeals which have been issued heretofore in behalf of the starving people of a large section of China. * * *

"The picture of China's distress is so tragic that I am moved, therefore, to renew the appeal heretofore made and to express the hope that the American people will continue to contribute to this humanitarian cause as generously as they possibly can."

In appointing the American committee for China Famine Fund, with his own immediate predecessor in the White House, ex-President Taft, as one of the members, and Thomas W. Lamont of New York, as chairman, President Wilson said in his proclamation:

"Not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

LIFE SAVING STAMPS HELP FAMINE VICTIMS

Each "Mercy" Sticker Purchased for Three Cents Provides Food for One Day for a Chinese.

Sales of "Life Saving Stamps" by the American Committee for China Famine Fund for the benefit of China famine victims have reached a total of thousands of dollars at the end of the first month, and already the money is actually saving lives in China. Orders during the first month aggregated more than 10,000,000 stamps, which will mean—at the rate of 3 cents for each stamp—\$300,000 for the Chinese when the complete returns have been made. The stamps are intended to secure a multitude of small contributions from persons who will not have an opportunity to contribute in other ways. The campaign for China is the greatest single philanthropic effort now before the American people.

Every state in the Union is now co-operating in the life saving stamp sales, and special committees are at work in more than 2,000 cities throughout the country. The circulation of the stamps is being effected by sales organizations composed of officers of the Woman's Foreign Missionary Societies, assisted by commercial organizations, schools, churches, Boy and Girl Scout Camps, Y. M. and Y. W. Christian Associations, fraternal lodges, hotel associations, boards of education and other volunteers interested in the movement to extend a helping hand to a sister republic in distress.

House to house canvassing for the sale of the stamps—which are intended to be placed on the backs of letters and packages—has proved the most effective method in the smaller communities. In the big cities the stamps have been sold to business houses, which are using them on their outgoing mail and packages. A nominal quota of ten stamps for every adult has been set by the committee, but in many centers this already has been passed. If unable to obtain stamps through a local committee write China Famine Fund Committee, Bible House, New York.

BUY CHINA LIFE SAVING STAMPS

If each person buys ten stamps at a cost of 30 cents, this community will go over its stamp quota. Stamps can be secured from the local China Famine Fund Committee or directly from China Famine Fund, Bible House, New York City.

GAGETOWN.

R. J. Willis is ill with tonsillitis. Chas. Beckett is back in school. Mrs. C. P. Hunter is among our sick.

Mrs. Geo. Williams is among our sick folks.

R. J. Willis is recovering from a severe cold.

Mrs. S. Calley did shopping in Caro Tuesday.

DeVillo Burton in Bad Axe hospital is improving nicely.

Miss Cora Clara spent the weekend with friends in Pigeon.

Mrs. Lloyd of Caro is the guest of Mr. and Mrs. Clarence Lloyd.

Fred Palmer transacted business in town several days this week.

Frank Carson of Caro was in this vicinity last week buying hay.

John Carolan is building a porch on his recently purchased residence.

The class in botany had a ramble in the woods Wednesday for specimens.

Mrs. Anna Wilson visited last week with her son, Wm. Wilson, in Brookfield.

Mrs. Devillo Burton visited her husband, who is in Hubbard hospital, last Tuesday.

Miss Margaret Burleigh spent Sunday with her sister, Mrs. Libkuman, in Elkton.

Miss Watson came from Detroit Monday to visit her parents, Mr. and Mrs. Jas. Watson.

Miles Kehoe has purchased of Jas. Humphrey the property known as the old printing office.

Miss Edith E. Miller spent Sunday, Monday and Tuesday with her sister, Mrs. May, in Pontiac.

Mrs. Gertrude Burton-Williams of Harbor Beach is in the hospital at that place for an operation.

Messrs. W. J. Sugnet, F. D. Hemerick, M. P. Freeman, G. W. Purdy and Bridie Walsh did shopping in Saginaw Thursday last week.

Mr. and Mrs. Williams of Detroit announce the arrival of a baby girl. Mrs. Thos. McDonald left Wednesday to see the little granddaughter.

John Fournier has opened an ice cream parlor one door south of his grocery store. A roomy, airy and neat place to meet your friends.

Thressa Phelan with her trombone, Arelia Ryan, violin and Vanetta Ryan, pianist, furnish music at the public school entertainment Friday afternoon.

L. C. Purdy and son, Preston, and Miss M. Babcock motored from Orlando, Florida, by way of Washington, D. C., and arrived here Sunday afternoon.

Mr. and Mrs. Chas. Morris, Mrs. Libkuman and Mrs. Campbell of Elkton and Mr. Eddy of Bay City were visitors at Gifford Chapter Tuesday last week.

Gifford Chapter gave a party in honor of W. Laurie, a new member. The program was very fine. Little Miss Barbara Maynard gave a little dance and song. Other numbers were piano solos by Carolyn Purdy and Genevieve Willis and vocal solo by Mrs. N. C. Maynard. A banquet followed in which 45 partook.

NOVESTA.

Some have sown oats and others are glad they have not.

The young winter of Saturday and Sunday has thrown farming activities into low gear again.

The League of Neighbors met on Friday evening at the home of Mr. and Mrs. Jesse Soule. Many new faces appeared because of the different territory taken in. The evening's entertainment consisted of recitations, songs, dialogues, instrumental music and the young people had their games. There were some 75 people present and a general good time enjoyed by all. A vote was taken on the proposition to meet every four weeks through the busy season and carried. The place of next meeting was not decided upon but will be announced in a later issue of the Chronicle.

CHARLES
SCHOEN

SANILAC CO. FARM BUREAU

Some of the farmers of Sanilac county are interested in forming breed associations for their respective breeds. John D. Martin of the County Farm Bureau is anxious to co-operate with all men so interested and he states as far as cattle are concerned, there seem to be two groups of farmers. One interested in pure bred Holsteins and the other in shorthorns.

In order to hurry this work along and to be able to get in touch with the different men interested, he is asking that you send your name and the breed which you are interested in to the Sanilac County Farm Bureau office.

As soon as he gets this information and the work on the farms will permit calling a meeting, he will arrange for a separate meeting for the different breeds to form an association and he will also provide some outside speaker who is interested in your particular breed.

ELLINGTON AND NOVESTA

Norman Gillis went to Buffalo Friday on business.

Miss Pearl Phillips visited friends in Decker last week.

Harry Tallmadge made a trip to Gladwin on Monday.

Mr. and Mrs. Frank Putnam of Elmwood visited Sunday at A. H. Collison's.

Barber Gass of Lapeer visited Thursday and Friday of last week at A. Wanner's.

Mr. and Mrs. Amasa Anthes and children were guests at the Elmer Webster home Sunday.

Little Lila and Leslie Jones of Elmwood spent last week with their grandparents, Mr. and Mrs. A. F. Jones.

Mr. and Mrs. Roy Hulbert of Dryden are spending the week at the C. W. Hulbert and the Charles Tallmadge homes.

Mrs. John Clark of Deford is caring for her daughter, Mrs. Delbert Martin, who has been very ill for the past week but is some improved at this writing.

GREENLEAF.

Nice weather again after the snow storm.

Illness is reported at the home of Ed. Wright.

Mrs. C. W. Hubbard is quite poorly at present.

It is reported that Wm. Birdsall

BISHOP ENDORSES IRISH RELIEF DRIVE

The Rt. Rev. Michael J. Gallagher, D. D., Roman Catholic Bishop of the Diocese of Detroit, has given his unqualified endorsement to the campaign which the Michigan branch of the American Committee for Relief in Ireland will carry on May 1 to May 8, inclusive, to raise this state's \$350,000 share of the national quota to feed, clothe and shelter the thousands of starving women and children of the Emerald Isle. Bishop Gallagher's letter, addressed to every Catholic in Michigan, is as follows:

Beloved Children: We have been appealed to for assistance in the campaign which the Michigan Branch of the American Committee for Relief in Ireland will conduct from May 1 to May 8, inclusive, to raise this state's \$350,000 share of the national fund which will be used to feed, clothe and shelter the thousands of suffering Irish women and children who, today, are without the necessities of life.

The Catholics of Michigan have never needed an example to actuate them in the cause of charity, either at home or abroad. The words of that great Catholic and great American citizen, His Eminence, Cardinal Gibbons, whose long and pious life only recently ended, portray the spirit of all Catholics in a cause like this. When asked for his endorsement of the nation-wide campaign which the American Committee for Relief in Ireland is conducting, His Eminence said:

"I am glad indeed that what probably will be my last appeal will be for the land of my forefathers. Give me the endorsement of this great humanitarian work and I shall sign it with both hands."

Particularly since this great campaign is to be entirely non-political and non-religious in character, will the Catholics of Michigan enter into the work without hesitation. America and Americans have never been appealed to in vain when the cause was the relief of suffering, and Michigan Catholics are good Americans.

We endorse this cause in its entirety and ask from the Catholics of our Diocese and of the whole state, the same wholehearted and unselfish endeavor they have always given to appeals for God, for Country and for Church.

Finish the Job Right

SOMETIMES we are inclined to let a job go half done—or leave it when it is almost finished. It's poor business. Finish any job you start—and finish it right. Take the matter of harrowing:

A field that has been gone over with a disk harrow and smoothed with a peg-tooth harrow usually presents a pretty good seed bed under favorable conditions. But all too often the seed bed isn't as good as it ought to be in spite of diligent disking and harrowing. Very frequently there are hard clods that are dug up by the disking which lie scattered about the field like stars in a clear, moonless sky. Each one of these lumps is a crop killer—it is taking up good air and moisture without offering any return therefor to you.

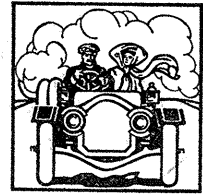

Finish the job right by crushing these hard lumps with a Dunham Cult-Packer. Not only is this implement very valuable in completing the preparation of a good seed bed by pulverizing the hard lumps and clogs dug up by harrowing, but it also prevents winter killing to a great extent. When the culti-packer is used early in the spring, it packs the soil that has been humped up by the frost, leaving wheat roots exposed to the air, thereby "replanting" this grain by packing the soil around the roots.

Come in and have a look at one of these culti-packers. We sell them.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Tonquin, Mich., writes: "I get great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."
Burke's Drug Store. L. I. Wood & Co.

For Constipation

Indigestion, Sick Headache, Biliousness, Bloating, Sour Stomach, Gas on the Stomach, Bad Breath or other conditions caused by clogged or irregular bowels, take

FOLEY CATHARTIC TABLETS

A wholesome and thoroughly cleansing physic—mild and gentle in action.

B. B. Howard, Unadilla, Ga.: "I find Foley Cathartic Tablets give me quicker relief from constipation than anything I ever tried."
Burke's Drug Store. L. I. Wood & Co

Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

GOLD MEDAL HARLEM OIL

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1896. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation

CLEANED From the EXCHANGES

PIGEON—The Pigeon council has been petitioned by 125 citizens to purchase a chemical fire engine. The village water supply is low and the need is felt for the added fire protection.

P. T. AUSTIN—The salary of the engineer at the pumping station was cut from \$50 to \$35 a month; street commissioner from \$6 to \$4 a day; day labor from \$4 to \$3 a day and team work from \$6 to \$4 a day by the council Tuesday.—News.

SANDUSKY—A successful plot on the part of court house officials, the members of the circuit jury and other friends of Judge Watson Beach had a happy termination when the Judge discovered a handsome gold watch and beautifully engraved fob on his desk at the opening of court Wednesday afternoon. The unostentatious presentation of the gift deeply touched Judge Beach, who briefly expressed his appreciation.—Tribune.

UBLY—Dr. S. A. Bradshaw of Cass City, C. O. Blinn of Caro and B. C. Birdsall of Greenleaf were transacting business in town Thursday. Messrs. Blinn and Morris of Ca-

Willard Batteries Win

They win on reputation—when you think of batteries you naturally think first of Willard. They win on quality. The most important battery improvements, including Threaded Rubber Insulation, originated with Willard.

They win in dollars-and-cents saving. No outlay for replacement of insulation if you buy the Willard Threaded Rubber Battery because Threaded Rubber Insulation outlasts the battery plates.

The Willard Threaded Rubber Battery is standard on 172 makes of cars—used for export on 2 others. Ask us about it. We're headquarters for Willard Batteries and Willard Service.

BE RID OF THAT ACHE

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor.

Mrs. George Rohrbach, W. Houghton St., Cass City, says: "Doan's Kidney Pills cured me of a very bad backache and put my kidneys in good shape. My back was sore and lame and ached continually. Sometimes I thought it would break. It felt as though there were a ton of lead pressing down on it. Sleep was impossible and added to that I was bothered with my kidneys acting too frequently. They wouldn't act freely enough however and my ankles swelled so that I couldn't wear high shoes at all. I felt tired and drowsy. The first box of Doan's Kidney Pills gave me good results so I continued taking them and after I had finished five boxes I was cured of that backache and other troubles. I felt better in every way."
Price 60, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rohrbach had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 7

ro purchased the farm of Mr. Birdsell near Greenleaf.—Courier.

DEKERVILLE—Representatives of the leading truck manufacturers of the country have been numerous in town this week endeavoring to secure orders for trucks from the Deckerville Construction Co. for use on the construction of the Deckerville-Shore Pike road. In all, about 20 salesmen were present, some of them showing models of their product.—Recorder.

CARO—Chairman Burt D. Cady, of the Republican State Central Committee, last week notified A. D. Gallery, editor of the Caro Advertiser, of his appointment as a member of the press committee of that important organization. The appointment was unsought and was a complete surprise to Mr. Gallery. His associates are Hon. Coleman C. Vaughan, who retired from the office of secretary of state last January and is publisher of the Clinton Republican in St. Johns, and James B. Haskins, editor of the Howard City Record.

BAD AXE—The second unit of the Central Power Co. plant is now being installed here. It is a Skinner Unaflo direct connected engine and dynamo of 500 horse power capacity. The first unit installed in January was a 250 horse power machine. A second new 300 h. p. combination tubular boiler is also being connected up. This will give the new plant a 400 K. W. hour capacity, sufficient to take care of Bad Axe and five other towns in the county.

DECKER—E. E. Compton of the Michigan Livestock Exchange on Apr. 12 gave a very interesting talk at Decker on the possibilities of forming a co-operate livestock commission house at Detroit. Many farmers were out and agreed to support Mr. Compton in the proposition.

CROSWELL—Fred Connor, aged 17, of Croswell, was killed in an automobile accident on the road between Port Huron and Marysville last Saturday night. Connor's neck was broken and he died within a few minutes after reaching the hospital.

Bell Holds You Spellbound.
In the temple of Chionin, at Kyoto, Japan, is a wonderful bronze bell said to weigh 100 tons; and when its mellow boom is heard the pedestrian stands still and the workman pauses to listen, the vibrations being felt over a large area. It has no tongue, but the end of a wooden beam, suspended horizontally swings against the brazen mass. There are only two larger bells in the world, that of Mindon in Burma and one at Moscow.

MAY 20 SET AS SPECIAL SESSION DATE

Continued from first page.

islation the many details of arranging for the payments and listing those entitled to them will be cared for. It is expected that the bonus distribution can be under way by July 1.

DENOUCE PRISON AFFAIR.

The special committee investigation of Marquette prison was reported on to the house in a stinging communication that recommended grand jury and court action to clear up "the dirty mess and prevent it from being covered up." Enormous losses to the state because of bad business methods which cannot be traced completely because of the failure to keep the prison books properly, and petty grafting are charged by the committee. "The whole history of the industrial operations at Marquette prison is that of gross inefficiency, money grabbing, law violation and intrigue," the report declares. Removal of local influences "by means of a central prison board of control is recommended, together with abolition of the prison revolving fund, handing the business through direct appropriations, installation of uniform accounting, and the building of a new cell block.

Another special report, made to both houses, was that of the committee which investigated the community council commission. Most of the original charges leveled at the commission when the inquiry was asked for are not even mentioned in the report. The principal criticism of the commission is because it paid over to the national community council service the sum of \$132,246, which was Michigan's quota for that service. The payment of \$75,000 to the American Legion is commended by the report as being the kind of service which the community council commission was designed to give. Other funds were used for legitimate purposes, the report says, and it adds that no criminal or dishonest conduct occurred. It recommends the abolishing of the commission, though the bill to do that passed the house a considerable time before the report was submitted.

ASK AID FOR SHIPPERS.

The house has adopted the normal school deficiency bill, against which a hard fight was made by Rep. Curtis and others because of salary raises for faculty members during the preceding two years.

The senate's corporation tax bill got by the house committee of the whole unamended in the face of a hot fight. One amendment, reducing the minimum fee for small corporations from \$50 to 5, was made in committee, but the house reversed itself when the committee arose and rejected the amendment.

Efforts to aid Michigan's lake ship-

are included in a bill to create a port district at Detroit and other lake points and in a resolution asking congress to amend the LaFollette seamen's act to remove restrictions which hamper lake trade.

The senate has killed the bill to raise the salary of the presiding circuit judge of the state \$1,000 a year. It passed the Sink bill prohibiting the scalping of amusement tickets and the Hamilton bill to compel the teaching of the constitution in all schools. It also adopted the Wood bill to compel Wayne county to elect its delegates to political conventions at primaries. In committee of the whole the senate had a battle over the plan to allow counties to issue land abstracts, but the measure went on to third reading.

INCREASE COMPENSATION.

The house has adopted the McDonald bill to increase the maximum workman's compensation from \$6,000 to \$7,000 and clearly defining what shall constitute injury under the law. It also adopted the Culver bill to allow chiropractic practitioners their own examining board. The bill to require school districts to employ school physicians and nurses was defeated by the house.

New bills continue to come in despite the lateness of the session. One that was rushed along in the house aims to provide \$4,000 for the family of Harold Anderson, state trooper killed while pursuing bandits near Novi. State troopers do not come under the compensation act. Another new bill proposes a tax of one cent a gallon on gasoline used for motor fuel.

The state tax rate is beginning to have its inning in the Michigan legislature, the various appropriation bills being the vehicle by which it may be judged. The ways and means committee of the house of representatives and the finance committee of the senate, after long and careful consideration, are reporting out the bills which carry appropriations of the state's money. The committees are doing their best to economize and are slashing the budget requests heavily. The general prediction in Lansing is that the total expenses of the state for the next two years will be reduced from thirty to forty per cent of the original estimates made last January.

\$600,000 SAVINGS EFFECTED.

Leading in the reductions—and from an unexpected source—is the secretary of state's office. Expenses of the latter have been standardized in recent years and no one looked for a decrease there, especially as the duties of the office have been vastly increased by the last two legislatures. But Secretary of State Charles J. DeLand opined that he could run his department for the next two years on just about one-half the amounts estimated to be necessary and suggested to the legislature that more than \$600,000 could be cut from his needs for 1921 and 1922. Secretary DeLand furthermore indicated that he can have the work of his department done as efficiently under the fifty per cent cost system he suggests as it could be done otherwise. The legislators, troubled by mounting costs in every direction, and inspired with a desire to reduce state expenses wherever possible, now are looking towards other state departments with an inquiring eye.

Automobile men have been frequent visitors to Lansing to register objections to the Henry bill in the senate which would require a \$3 "driveaway" tax for every new machine delivered by direct driving from the factory to the place of sale. It is estimated that more than 50,000 cars a year are delivered in this way in Michigan.

TO REPLACE CONSTABULARY.

The senate has passed Senator Forester's bill providing for a department of public safety. This is one of the new departments advocated by Gov. Groesbeck in his effort to place state business on a new basis. The safety department measure includes the establishment of a state police body to succeed the constabulary. A bill to abolish the constabulary was passed by the senate recently. Because of this fact the fate of the safety department bill was thought by some to be in jeopardy in the senate.

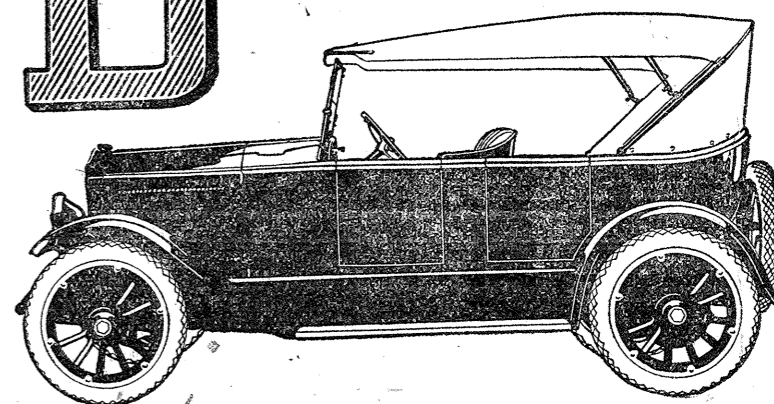

Senator Hicks has introduced a bill designed to stop any leaks in the prohibition enforcement act that might result from the recent decision of the state supreme court in regard to search and seizure. The court held that the section of the Wiley act affecting search and seizure was unconstitutional and haste was made by Senator Hicks to put in his bill giving state courts the right to issue search warrants when sufficient evidence is submitted to satisfy the judge that a warrant should issue.

AUTO TAX NETS \$4,497,723.

A most welcome piece of news to the legislature, beset with items of extra expenses, is the information from the office of Auditor General O. B. Fuller that motor vehicle licenses have produced more than a million dollars beyond the sum received in the corresponding period last year. Total amount collected this year is reported as \$4,497,723, as against \$3,468,891 in the same period last year. One half of the total receipts go back to the counties from which they were received and will be applied to highway work. The other half goes to the state highway department. Foreign owned cars paid \$4,068 in taxes in the same period, all of which goes to the state highway department.

DORT

Quality Goes Clear Through

The lines of the touring model possess a refreshingly distinctive individuality.

This is one of the family of Dort Cars that is being shown for the first time after some two years of painstaking preparation.

You will observe in this body design the subtle influence of the leading European and American body stylists but the dominating quality is distinctly Dort.

This body rests upon the husky Dort chassis whose reputation for consistently fine and thrifty performance is so well known as to need no emphasis here.

"Ma Gets it First"

The other day I ran across young Jim Jones. Jim's father, who lives not so far from town, bought a year of the National Farm Weekly from me a few weeks ago. "Well, sonny," I asked, "how does your dad like

The COUNTRY GENTLEMAN

"Hardly gets a chance to read it," was the reply. "Ma sees the R. F. D. carrier first, an' she grabs it." And when I think of the good things for women that this great service weekly prints, I really can't blame her.

Just frinstance, take next week's issue: Maids Johnson's big series on canning that we have all been looking forward to begins next week—early enough to help with the first fruits and vegetables. And John R. McMahon has a jimdandy article on modernizing the farm home. The rest of the issue is just as good—articles on the Federal Land Banks, the rice situation, increasing consumer demand, water transportation, cooperative marketing, poultry, bee keeping, pure-bred livestock. All this, along with splendid fiction, cartoons, pictures and humor, is just 1/2 of the big Country Gentleman dollar's worth that you will get if you order through me TODAY.

CHURCH NOTES.

Christian Science—Services are held every Sunday morning at 11:00.

Church of Christ—Regular Sunday service Apr. 24; Bible school at 10:30 a. m. followed by preaching and the Lord's Supper. Sermon subject: "Serving God." All are welcome.

Baptist—10:30 morning worship, subject, "What Are We Doing Abroad?" 12 m, Bible school; 6:30, B. Y. P. U. 7:30, Evening service, subject, "Is Conscience a Safe Guide?" Thursday evening, prayer and conference meeting.

Evangelical—Your pastor has been returned for another year. We are looking forward to a very busy and, we trust, a successful one. Our doors are open to all who are without a church home and we seek to interpret life in the terms of the Christian religion.

The services next Sunday will be regular. Sabbath school at 10:00 a. m., preaching services at 11:00 a. m. and 7:30 p. m., junior and senior Y. P. A. at 6:45 p. m.

Prayer meeting and choir practice will meet on Thursday night at eight o'clock.

Methodist Episcopal—Morning worship at 10:30. Sermon subject: "Capi-

tal and Labor, or Whatsoever Ye Would That Men Should Do To You, Do Ye Even So To Them." Evening worship: at 7:30 "Purity in Religious Life." Sunday school at 11:45, to which the congregation are cordially invited to stay. The men particularly to the Bible Class. Epworth League at 6:30. Prayer meetings during the week as usual.

Bethel—Afternoon service at the usual hour. Sunday school precedes the service. All are welcome.

Wm. Richards, Pastor.

Presbyterian—Services on Sabbath conducted by the pastor. At the morning worship, the ordination of Mr. Ephraim Knight as elder will take place. There will be an appropriate sermon and special music. Sunday school at 11:45 with classes suitable for all. Y. P. C. E. at 6:45 p. m. Evening preaching at 7:30 p. m. Theme: "Heaven." This will be a frank talk based upon the "Word of God." You will be helped by the influence of public worship. We welcome strangers and friends to come and share a worshipful hour with us at church Sunday.

Wm. W. Edwards, Pastor.

25 STUDENTS FROM MICHIGAN AT SCHOOL

TRAINING IN WELFARE WORK IS GIVEN BY SALVATION ARMY AT CHICAGO COLLEGE.

Every section of the country is represented in the list of students attending the Salvation Army Training College, 700 Brompton Place, Chicago, Ill. Young men and women are trained here to become specialists, not only in saving souls, but in all the branches of welfare work for which this organization is noted.

Applicants for training are passed upon by Salvation Army Advisory Boards in each community. This local administration of organization's manifold activities is one of the latest steps taken in consolidating the work.

It is predicted that the enrollment for the coming year will be doubled as a result of the new co-operation and interest. Michigan will send more than 25 students.

The college is one of the unique institutions of the country, turning out at the end of each year a group of graduates fitted especially for the arduous work of the Salvationists. Their assignments made at commencement send them frequently to the darkest corners of the world to work among the sick and lowly.

A certain amount of the \$255,000 asked by the Salvation Army in Michigan between May 9 and 17 is to be used in training Salvationists for Army work.

DEACON HAS THE TIME OF HIS LIFE

Editor Chronicle:

I am having the time of my life here in Saginaw riding on the street cars, attending lectures and operas. Last night I went to the auditorium and saw the seventy-five beauties in the "Passing Play." Jumping grasshoppers! You ought to have been there, and see them ladies kick. You'd never see no such kicking in Sorghum Center, West Virginy.

If you see Philipena or Trixie, don't mention that you heard from me. Kinder let on you think I went back to Sorghum Center, State 'o West Virginy.

Yours,

DEACON DUBBS.

Silence as a Refuge.

The mantle of silence is a great protection against unkind curiosity and unfeeling sympathy. We have a right to shield our own wounds and the faults of others within its gracious folds and sometimes it is the part of wisdom to do so. Exchange

Mental Snobs.

Some men never respect the things they are unable to understand.—Chicago News.

ELKLAND-ELMWOOD TOWN LINE.

Miss Helen O'Dell had her tonsils removed one day last week.

Mr. and Mrs. Calvin Hiser visited at P. Livingston's home Sunday.

Mr. and Mrs. Chas. Seeley, who spent the winter in Florida, returned home Friday.

Mr. and Mrs. P. Livingston were Caro callers one day last week.

The many friends of Miss Alma Slough will be glad to know she is able to take a few steps after being confined to her bed the latter part of the winter.

Mrs. Mary Davenport and son, Clyde, were Caro callers the first of the week.

I. K. Reid, Alfred Goodall and Nelson Perry left Monday morning by auto to attend a meeting of a Packing House association at Detroit in which they were interested, returning Wednesday. Fred Reid and Glen

Reid also accompanied them.

Mattie Bingham is in school again after having tonsillitis.

Chas. Seekings has his old barn torn down and is expecting to soon have a new one standing in its place.

Mrs. Ed. Ames, who had her collar bone broken and was bruised quite badly in other ways, is getting better, but is still at her father's, Chas. Beach, where she was taken after the auto accident.

DEFORD.

Mrs. L. Bartek of Detroit is the guest of her grandmother, Mrs. Mary Spencer.

Word has just been received here of the marriage of Miss Phobe McCarty to Mr. Stinger of Owendale.

Geo. McArthur and Sam Sherk were callers at the court house at Caro last week and Emery Cones made the rounds of the court house on Tuesday.

CEDAR RUN.

Mr. and Mrs. Jacob Messner returned to their home in Cass City Monday after spending a week at the Wm. Wilson home here.

Mrs. O. A. Hendrick and Mrs. Jno. Hayes are visiting relatives in Flint. A little son came to gladden the home of Mr. and Mrs. Gordon Finkbinder of Flint last Friday morning. Mrs. Finkbinder was formerly Miss Fannie Hendrick of this place.

The following guests were entertained at the Wm. Wilson home here Sunday: Mr. and Mrs. Wm. Ware and son, Leo, Mr. and Mrs. Garfield Leishman and two children and Mr. and Mrs. Jacob Messner of Cass City.

Mr. and Mrs. H. Spaulding of Caro were Sunday guests at the Theo Hendrick home.

Born to Mr. and Mrs. Wm. Spaulding a baby boy on Tuesday morning.

PINGREE.

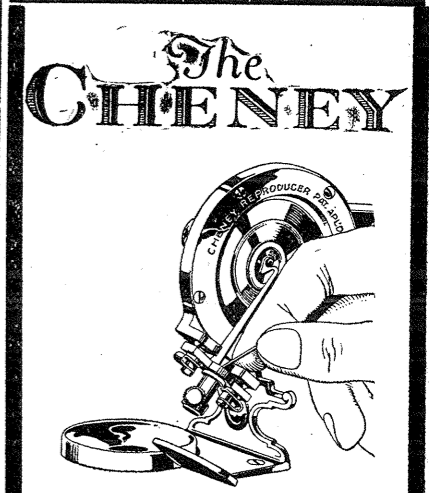

Oat seeding is progressing.

Mr. and Mrs. John Vassel of Detroit are spending a few days here on a visit at the home of Chas. Doerr. Mrs. Harold Western and two chil-

dren of Pontiac are at present visiting at the home of John Fox.

Celsa Cooke is assisting Mrs. Jos. Brown with housework.

Frank Ferguson is moving onto his farm.

Yank Kicks-In With New Drum

A certain Salvation Army corps in Michigan, has a new drum.

A tall, raw-boned American Doughboy, wearing the insignia of the Army of Occupation, lugged the drum into the place last week.

"Say, Cap," yelled the soldier, "here's a new drum. A couple of years before the war I stole one of your drums and the gang and me had a great time.

"I thought it was a pretty good joke on you birds until the war came and I went to France. Then one day some lassies came through the trenches and handed us coffee and doughnuts.

"That was the day I promised myself if I'd ever get home again I'd buy a new drum for you."

"And—here 'tis."

The Salvation Army's missing persons bureau finds thousands of missing persons in all parts of the world every year.

Unwed mothers find a haven in the Salvation Army Maternity Hospitals at Detroit and Grand Rapids.

In the slum settlements of the city the Salvation Army lassie is known as the "angel of mercy."

The Salvation Army rebuilds self-respect and manhood in its industrial homes in Michigan.

Hundreds of girls are cared for at Salvation Army Rescue and Boarding Homes every year.

CASS CITY MARKETS.

Cass City, Mich., Apr. 21, 1921.

Table with market prices for various commodities like Wheat, Oats, Rye, Buckwheat, Corn, Barley, Peas, Beans, Clover seed, Potatoes, Baled hay, Eggs, Butter, Cattle, Hogs, Calves, Geese, Broilers, Hens, Ducks, Turkeys, Hides.

"French Leave."

The familiar expression "to take French leave" arose in the early part of the Eighteenth century, through certain guests in the salons of France, not aware of the higher acts of courtesy, leaving without saying good-by to the host or hostess. The practice spread to society in other countries. Therefore, if a man left without saying good-by to his host it was said he took "French leave."

First Whites Through Grand Canyon.

On May 24, 1869, Maj. J. W. Powell and a party of explorers left Green river, Utah, in boats and passed through Marble and Grand canyons, emerging from the latter on August 29. Major Powell was later director of the United States geological survey.

Culinary Art.

Our idea of a good cook is one that puts the icing on her cake so thick that when you take a bite your nose makes a dent in it.—Ohio State Journal.

Scarred Floors--Dingy Cabinet Work Unsightly Window Sills and Doors---

Can be Made to Look Like New with Chi-Namel Varnish and Graining System

Dark floors made light and all blemishes hidden. You'll be surprised when you find HOW LITTLE it costs.
