Please be explicit when writing to have the address of your Chronicle changed—state where you had last been receiving it and the place you wish to have it changed to. Sometimes it is very confusing where there are hundreds of names to go over, and unless we know your former address we are at a loss to know where to look for it. An idea of what publishers are up against in address changes is given by the North Branch Gazette when a subscriber wrote that paper as follows: "Please change my address as we have moved from the place where we now live."

BEST TIME TO DROP CALVES

Question Best Decided by Farm Conditions, Considering Feed Supply, Pasturage, Etc.

The best time to have calves dropped is debatable. Some farmers prefer to have them dropped in late February, in March, or early in April, while others prefer September or October. This question is decided by the farm conditions, taking into consideration feed supply, pasturage, equipment and labor. When calves are dropped in the spring they require less close attention and labor during the first winter and less pasture during the first summer, since cows and calves run together, while the cows may be wintered more cheaply by using a greater quantity of coarse roughage.

However, if calves are born in the fall, the cows are in better condition at calving time; they give more milk for a longer period; the calves make better use of the grass during their first summer; they escape flies and heat while small, and may be weaned just before calving time. Fall calves should not be weaned until they are put on grass in the spring. No matter what system is used, all the calves should be dropped within a period of 60 days to give as much uniformity as possible to the calf crop.

Will Grow in Tree.

One of the first flowers to greet us in the spring and one that blooms along into early summer, is the dainty Giant or Great chickweed, says the American Forestry Magazine. One cannot pass this species of chickweed without noticing its pretty white flowers. Sometimes the seeds of this plant will find their way into some crotch of a tree. Then we have the pleasure of seeing a fine specimen flourishing quite a distance up from terra firma, and often doing better than those on the ground.

Whole Duty of Poets.

It is necessary to pretend that England is a green and pleasant land; at present, you need not say that America is pleasant, you can make it infernal; but you must make out that it is big, that it is new, that it contains the germs of a colossal growth. And beneath this there is commonplace and conventionality.—T. S. Elliot, in the Dial.

Mystical Properties of Gems.

In a volume on the mystical properties of gems are given the birth stones as follows: January, garnet; February, amethyst; March, bloodstone; April, diamond; May, emerald; June, agate; July, ruby; August, sardonyx; September, sapphire; October, opal; November, topaz; December, turquoise. Among the ancients there were many beliefs concerning the mystical properties of gems in curing diseases and in bringing good or evil to the wearer. Certain of these fantastic beliefs persist in some places to the present day.

The Record for Bullseyes.

The most remarkable shooting at a target performance is that of Colonel Gibbs at Bitley, who on July 23, 1908, fired 57 shots dead on the bull without a break. The range was 900 yards.

The Sturdevant Aerator

Will Save 35% Gasoline and Give Your Car More Power and Pep

Read what the Users Say

I am thoroughly satisfied with the "aerator" on my Ford. On Aug. 10, 1922, I drained all the gas out of the tank and carburator and put in one gallon. I drove 29 1/2 miles over gravel roads. My car has more pep and power with it on than without it. H. E. DICKINSON.

In a test, straight away course, I made 28 miles to the gallon and make my mail route on 1 1/4 gallons, including all stops. FRANK HALL.

In a test without aerator, with aerator, I made 26 1/2 miles per gallon. ALBERT ROHRBACH.

With the gas saver sold by Jas. Brackenbury, have made twenty-seven miles on a gallon average. E. H. WOOD.

In a trip to Detroit and return with aerator, I used eight gallons of gas; without the aerator, I used twelve gallons in a previous trip over same route. J. K. BROOKER.

I am a user of an aerator which I purchased from J. W. Brackenbury and have made several tests with same. I have made 30 1/2 miles on mail route, with 91 stops, on 1 1/4 gallons. J. C. CORKINS.

I am using one of the aerators sold by J. W. Brackenbury. I consider this a gas saver, besides my car has more "pep." ROY M. TAYLOR.

The Dog and the Cat.

Dogs, like horses, remember the sound of the language of their masters, and even after many years in a foreign land can remember the meaning of sentences. Cats seem incapable of comprehending the human tongue.

Bible Thoughts for This Week

Sunday.
BEGIN THE DAY RIGHT:—Cause me to hear thy loving kindness in the morning; for in thee do I trust; cause me to know the way wherein I should walk; for I lift up my soul unto thee.—Psalm 143: 8.

Monday.
ETERNAL PROTECTION:—The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore.—Psalm 121: 8.

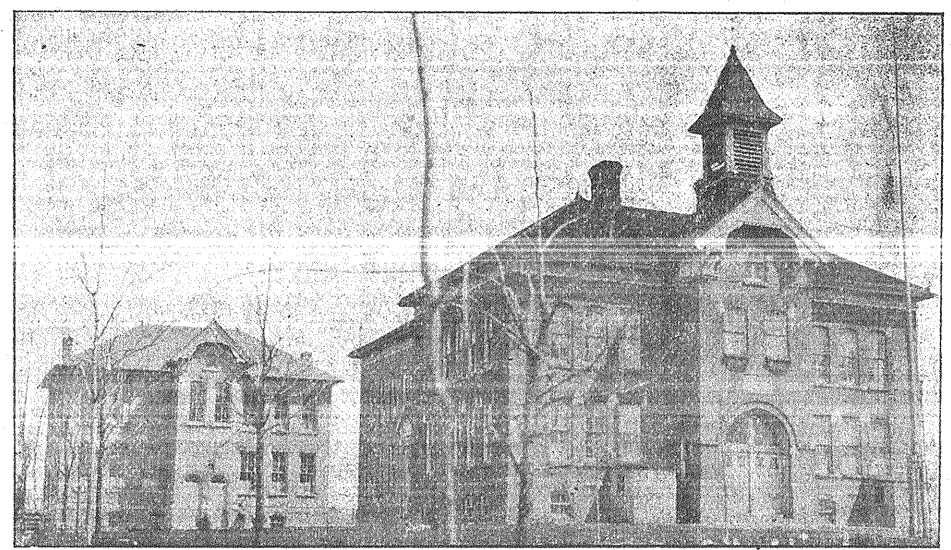

Tuesday.
KINGDOM IS WITHIN:—Neither shall they say, Lo here; or, lo there! for, behold the kingdom of God is within you.—Luke 17: 21.

Wednesday.
GOD IS GRACIOUS—Thou art a God ready to pardon, gracious and merciful, slow to anger, and of great kindness.—Nehemiah 9: 17.

Thursday.
HOW TO GAIN ALL:—Seek ye first the kingdom of God and his righteousness; and all these things shall be added unto you.—Matthew 6: 33.

Friday.
SAFE FROM ALL EVIL:—The Lord shall preserve thee from all evil: he shall preserve thy soul.—Psalm 121: 7.

Saturday.
SELF-PRAISE:—Let another man praise thee, and not thine own mouth; a stranger, and not thine own lips.—Proverbs 27: 2.

THE CASS CITY PUBLIC SCHOOLS

Open Monday, August 28

Excellent opportunities offered to the student body, especially to non-residents, by the addition of new courses.

Each instructor in the elementary grades has made a special study of her line of work.
Mental and standard tests will be given at the beginning and close of each school year for the purpose of determining those pupils who need special attention, either for personal help or for advancement.
The High School offers excellent courses in English, History, Languages, Science, and Music and Art.
Our Agricultural Dept. will be conducted under the provisions of the Smith-Hughes and Tufts Law and Willis Campbell, the agricultural instructor, has been engaged for the full 12 months.
Miss Flora Reynolds has been re-engaged to take charge of the course in Public Speaking this year.
Graduates from the Cass City High School are admitted to the University of Michigan and all colleges without examination.
A trained corps of efficient and conscientious teachers will work in harmony with each other, with the community and its authorized school officers to promote the best interests of the school.
The office at the High School will be open Saturday Aug. 26, for consultation with the superintendent. Students may classify on this date if they wish to do so.

E. W. JONES, Secretary Board of Education.

RATE OF TUITION.

Tuition for non-resident pupils in the high school will be \$60.00, all of which is paid by the district from which the student comes.
Tuition for non-resident pupils in the grades is \$25.00, to be paid by the parents.

G. A. TINDALE, Treasurer.

Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U.S. Passenger Car Tires went into effect—Royal Cords included. These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Bear in mind that these prices apply to the most complete line of quality tires in the world. Remember, too—as you read the following table—that U. S. quality has been positively maintained.
