The Chronicle is in receipt of the following letter from Mrs. L. H. Huffman at the Odd Fellow Home at Toronto, Ontario:

Mr. H. F. Lenzner, c/o Cass City Chronicle, Cass City, Mich.

Dear Herb:

I note in the Chronicle that the high school is getting out an annual and that it will contain a classified list of all the alumni, giving present addresses.

This will undoubtedly be a very interesting feature of the annual to the older alumni of the high school. No doubt most of the graduates of the Cass City high school have lost track

of many, if not all of their old classmates and the annual should therefore, be of unusual interest to such persons.

I will appreciate it if you will kindly see that one of these annuals is mailed to me when they are published. I will be very glad to remit the price when you advise me what it will be.

With kindest personal regards to yourself and yours, I am
Yours very truly,

Mrs. B. F. Gemmill of Cass City is in receipt of a recent number of the Toronto Evening Telegram in which great prominence is given an article regarding Louis Alexander MacKay, her great nephew, who has won prominence in his city through being author of the poem, "Reconciliation." He is 22 years old and a student at the university in Toronto. Here is the poem:

"Forgive," they tell us, "and forget, Are they not fellow men?" Ah, how those wounds are throbbing yet That smote so deeply then! Pardon is yours, whose share was done, Yours to withhold, or give; But we, who never held a gun, How shall we dare forgive?"

bad sign. On first day of May, 1882 we had a snow that covered the ground here, and was followed by a fine summer.

As the Scotchman would express it we are in a "swother." The county is going to collect my dog tax this year. Nothing will be done 'till after June session—then if I haven't moved forward with the silver they will take me out to the "Hub" and figure out against me a "Fine bill" that won't look very fine to me, for the grand total will be huge enough to pay the last farthing of all. No dog hurt. The powers that be will assess enough "filthy lucre" to give the poor canine a lease of life and if I should be out of all kinds of money I will have to work it out with Sheriff Colling—all of which to me is a complex question. We are told sheep damage bills are in and the county officials don't feel like digging down in their own pockets and satisfying all claims. I guess I'll pay the tax on old Rover and hope for better times.
