

PASSED 335 BILLS DURING SESSION

CHIEF ACCOMPLISHMENT OF THE SESSION WAS DEFINITE STAND AGAINST TAX-EXEMPT BONDS AND SECURITIES.

(By WILLIAM LEE CALNON.)

More public attention having been directed to battles over legislative bills that did not get through the mill in the 1923 regular session than to those which did, it may come as a surprise to know that the state has 335 new laws, or will have when they all take effect 90 days after the sine die adjournment on May 31.

Failure of the 2-cent gasoline tax bill and the subsequent defeat by "gas bloc" bitter-enders of the weight tax bill for motor cars, designed to substitute for it, leaves the state highway department short of funds for continued road development.

Failure to pass any reapportionment bill affecting senate and house seats, despite the constitutional mandate that this be done by the 1923 legislature, may result in the legislators being called back in special session later in the year. The gasoline tax-weight tax battle might be resumed again at such a session if the governor calls the matter up.

The senate buried in committee the income tax bill passed by the house despite the referendum vote against such a tax last November. The effort to reapportion primary school funds also failed.

Perhaps the chief accomplishment of the 1923 legislature was the taking of a definite stand against tax-exempt bonds and securities.

Of the 335 acts adopted by the legislators 154 originated in the senate and 181 in the house. Following is a digest of the bills that became session acts:

HOUSE ENROLLED ACTS

- 1—(McDonald) Amends act making it a misdemeanor to throw missiles at passenger trains so as to add motor vehicles, locomotives, freight trains and cabooses.
- 2—(Richards) Abolishes endowment committee at Albion College and gives control of endowment funds to college trustees.
- 3—(J. E. Watson) Adds farm loan bonds issued by federal land banks to list of securities in which state savings banks may invest.

REV. B. J. BAXTER IS TAKEN BY DEATH

Had Exemplified a Most Useful Life in the Service of His Master.

Rev. B. J. Baxter, a former pastor of the Presbyterian church at Cass City and known to many local people, passed away at his home in Durand, Mich., on Friday, May 4. The following sketch of Mr. Baxter's life is taken from the Durand Express:

"Rev. B. J. Baxter, revered, respected and loved by all who were fortunate in having his acquaintance, died at his home in Durand Friday evening, May 4, at 6:15 o'clock. Anæmia had a part in the breaking down in health of this grand man, and for the last few weeks he was confined to his bed. The end came peacefully after a day of unconsciousness, and the spirit of the departed soul joined his Father, leaving in the expression of the face of the mortal remains contentment and sweet rest.

"A short service was held at the home Monday afternoon, Rev. Ziegler, rector of St. John's Episcopal church, reading the burial service. Friends of the family gathered for this service. On Tuesday morning in the church here, at the same hour the funeral service was being held in Lexington, Rev. Ziegler conducted a requiem for the repose of the departed soul. The remains were taken to Lexington on the early train Tuesday morning, the funeral party going from Pt. Huron to that town by auto. Service was held in the Episcopal church in Lexington, conducted by Rev. J. Munday, of Port Huron.

"The Rev. Mr. Baxter was born in Leicestershire, England, Feb. 2, 1853. He was educated for the ministry and served in several parishes in the old country and the states. For nearly forty-five years he lead an active life, loving his work and faithfully discharging it. Leaving the Nonconformist church and entering the Anglican Communion in 1899 he served St. Paul's church in Port Huron for nearly five years, and then accepted a call to Nebraska. Rev. Baxter was urged to return to Michigan and accepted work in the Church of the Good Shepherd, Lexington, where for nearly six years he was its faithful priest.

"In 1914 St. John's Episcopal church of Durand called him to the rectorship where he served with loving interest until 1918, when ill health over-

took him and he had to retire from active work, much to his sorrow.

"Rev. Baxter was a Mason, a Royal Arch Mason and a Knight Templar. He was prelate of Lexington Commandery and in this work attained a state-wide reputation.

"A widow and four grown-up children survive him, being William C. of Holly; H. D. G., of Portland, Ore.; Elsie N. of Durand, and Albert E. of Memphis."

ARKANSAS CLUB BOYS BUY MICHIGAN CALVES

A carload of Michigan dairy calves, selected from the high producing, tested herds of Allegan, Jackson, and Kalamazoo counties, is on its way to Arkansas to start members of boys and girls clubs in the southern state on successful calf club projects, according to a report just received here from R. H. Addy, M. A. C. extension specialist in dairying.

Jersey bulls shipped to Arkansas from this state several years ago have proved their ability to raise the production ability of the herds they head, and the result is that Arkansas is now turning to Michivan calf club stock.

Animals from herds where careful production records had been kept through cow test association work, and where the herds were accredited as tuberculin free, were the only ones considered by the southern buyers in their hunt for the high type of calves demanded.

BAPTIST GIRLS HONOR MOTHERS WITH BANQUET

Ladies Pleased with Their Daughters' Cooking and Fine Program Presented.

The girls of the Baptist church and Sunday school served a three-course dinner to the mothers of the church and congregation Friday, May 11. The girls showed their appreciation of mother love by the fine supper and the artistically decorated banquet hall. Fresh bowers and red and white crepe paper added a touch of spring to the occasion.

After the dinner, unusual ability was displayed in the excellent program presented. A welcoming toast was given by Miss Mary Newberry which was responded to by Mrs. James McKenzie. Miss Helen Turner told of the origin of Mothers' Day and Miss Nila Burt delivered a very clever humorous reading, "Rock Me To Sleep Mother" was given by Miss Mary Yakes while several other short poems and quotations were given by other daughters. The program was concluded by singing "Home Sweet Home" and everyone went home happier and better because of the gathering.

The mothers were pleased with their daughters' cooking and the girls were very glad to see nearly all the mothers present with their appetites and they all declare it a big success.

MASONIC PICNIC ASSOCIATION ORGANIZED

A meeting of representatives from the several Masonic lodges of Huron county was held recently at Bad Axe and a Masonic Picnic Association organized.

It was decided to hold the picnic this year at Caseville and the time will be the third or fourth week in July. The date will be announced later.

The officers elected for the association are:

President—S. H. Cochran, Caseville. Secretary—Jas. L. Burgess, Bad Axe.

Treasurer—A. H. Wellock, Harbor Beach.

Plans were made for a baseball game between the east and the west sides of the county. Ed. Johnson of Harbor Beach, will head the eastern team, while Harold Paul, Pigeon will captain the other nine.

STOLEN FLOWER QUEEN.

A Child's Midsummer Night's Dream on Friday, June 1.

Will you kindly turn back, good people, to the days of your youth—yes to your childhood and recall the tense moments of delight and fascination when you were held spell-bound by your favorite fairy story. You were seemingly transported to another world. Just such a scene is going to be staged right here in Cass City, on the school lawn, by the children of the grades.

The operetta will be given early in the evening, beginning at seven o'clock while the natural light is still good. It is understood that if the weather should not be favorable, it will be postponed, but be sure and save your quarter.

This is not a money making proposition but as there will be certain expenses connected with it for costumes, etc., a nominal charge of 25c will be made. All children below eighth grade admitted free.

FARM WORK HAS BEEN RETARDED

ALL LIVE STOCK SLIGHTLY BELOW AVERAGE CONDITION BUT IN GOOD STATE OF HEALTH.

If there is any truth in the old saying that "A poor beginning makes a good ending" the farmers of Michigan should harvest bountiful crops this year. Practically no farm work was possible in the northern half of the state during April because of a heavy covering of snow that disappeared just at the close of the month. This vast area of snow and the heavy ice in the lakes delayed the arrival of warm weather in the southern counties and freezing temperatures occurred throughout the state up to the end of the month. This fact, together with an almost entire absence of rainfall during the last half of the month, admitted of only slight growth of meadows and pastures and retarded the advancement of wheat and rye, according to the May report issued by L. Whitney Watkins, Commissioner of Agriculture, and Verne H. Church, Agricultural Statistician, U. S. Bureau of Agricultural Economics. Spring seeding made good progress after the 20th of April.

The principal damage to winter wheat was due to ice covering low, flat places. This leaves bare spots in many fields with a thrifty growth around them. The absolute abandonment of entire fields will be very small, being estimated at 4.5 per cent. This leaves 968,000 acres to be harvested which, at the prevailing condition of 80 per cent, would produce 15,488,000 bushels if no further change took place. The condition one year ago was 84 per cent and the ten-year average, 82 per cent. The condition in the northern half of the state is better as there was but little destroyed by ice.

The condition of 1912 is considerably Turn to page 8.

MRS. WM. CRAWFORD WAS NOVESTA PIONEER

Long Illness Terminated in Death at Home of Her Son on May 11.

From Kingston-Novesta Town Line correspondent.

Mrs. William Crawford, a pioneer of Novesta township, after a long illness, passed away Friday morning, May 11, at the home of her son, Clayton Crawford.

Mary Eliza Barber was born in St. Clair county, Oct. 25, 1847. In 1868, she was married to William H. Crawford and soon after moved to Novesta township. To this union three children were born, Frank of Pontiac, Clayton of Novesta and Mrs. Reginald Courliss, who preceded her mother in death three years ago last February. Mr. Crawford passed away Dec. 14, 1914. Besides her two sons, she leaves 14 grandchildren, one great grandchild, two sisters, Mrs. Marshall Snover of Novesta and Mrs. Eleanor Weston of Detroit, and a host of friends.

It will be remembered that Mr. and Mrs. Crawford were one of the families who suffered a great loss of property through the terrible cyclone of June 5, 1905, when all of their buildings with contents were swept away in a very few moments. Mrs. Crawford's poor health dates back to that time. She was a good Christian, a kind and helpful friend and neighbor, loved by all who knew her. Friends extend sympathy to the family in their bereavement.

The funeral took place at the home Monday afternoon conducted by Rev. Willerton. The remains were laid to rest in Novesta cemetery. Those from a distance who attended the funeral were Mrs. Weston and daughter, Mrs. E. Hulet of Detroit, Frank Clark and Mrs. Wm. Cheney and two daughters of Yale.

E. W. JONES SELLS HIS GENERAL STORE

Will Move to Flint Next Month to Accept Position with Baking Company.

After 14 successful years in business in Cass City, E. W. Jones has disposed of his stock of general merchandise to G. C. Folkert of Wheeler, Michigan. Mr. Jones gives up possession on June 1 when inventory of the stock will be made.

Mr. Folkert and his mother are well experienced in merchandising lines, having conducted a store at Wheeler for 12 years. They have leased the entire business block of Mr. Jones and will make their home

in the residence rooms over the store.

Mr. Jones, previous to coming to Cass City in 1909, was employed by a small baking company in Flint. This company, now known as the Tri-State Baking Co., has grown into a big institution with branches in Detroit, Toledo, Jackson, Battle Creek and other cities. On a recent visit to Flint, Mr. Jones was invited by his former employers to join their organization. After considering for a few days the attractive offer which came to him unsolicited, Mr. Jones decided to accept, believing that the future held bright prospects with this growing institution. With characteristic energy, he at once became busy to dispose of his holdings here. Within a few weeks, he had the business sold and his block rented and he anticipates an early sale of his fine residence property. Mr. and Mrs. Jones and children expect to move to Flint as soon as school closes.

Mr. Jones has been a live wire in business and community activities since coming to Cass City 14 years ago. He has been secretary of the board of education for several years, has served as village trustee and is a member of the board of directors of the Cass City State Bank. Mrs. Jones has been prominent in club and social activities. Both she and Mr. Jones are active members of the M. E. church. Mrs. Jones is a prominent worker in the ladies' aid, missionary society and Sunday school, while her husband has served nearly 10 years as Sunday school superintendent and for many years as chairman of the board of stewards.

W. C. T. U. CONVENTION AT DEFORD MAY 24-25

Mrs. Matie Jones, State Speaker, Will Give Address; Medal Contest on Friday Evening.

The 41st annual convention of the Tuscola County Woman's Christian Temperance Union will be held at Deford on Thursday and Friday, May 24 and 25, commencing at 1:30 p. m. of Thursday. The address of welcome will be given by Mrs. Walter Hubbard of Deford and the response by Mrs. W. W. Edwards of Cass City.

Mrs. Matie Jones of Detroit, state speaker, will give an address the first evening and a medal contest will take place on Friday evening. A number of good papers will be given during the convention and good music has been provided for during the entire time. A good attendance is desired.

PIG CLUB ORGANIZATION NEARLY COMPLETED

The organization of a "pig club" is nearly completed by the Pinney State Bank and several boys and girls from 8 to 15 years of age residing in the Cass City community are enrolled as members. Pigs of the O. I. C. breed are selected by a committee of the M. A. C. Extension Dept., County Farm Bureau, county agriculturalist and agricultural department of the local high school and are sold to contestants at a price not to exceed \$15. Payment may be made by note for pigs. A public drawing for pigs will be held early in June and prizes will be awarded to successful club contestants based on 40 per cent standing of pigs in showing, 40 per cent efficiency of feeding and handling and 20 per cent on story of achievement.

Today and tomorrow are the last days to enroll in the club and young folks who wish to enter the contest should file their applications by Saturday night, May 19.

ROBT. COULTER WAS EVERGREEN TWP. PIONEER

Robert Coulter, one of Evergreen township's pioneer residents, passed away at his home Thursday noon, May 10, after an illness of five weeks' duration.

Mr. Coulter moved to his home in Evergreen from Canada in the spring of 1881, where he has since resided, having passed through all the experiences of pioneer life.

Robt. Coulter was born in the county Cavin, Ireland, in 1835 and in the year 1863, on Nov. 11, he was united in marriage with Mary Cragg of Greenbank, Ontario. To this union 13 children were born, nine of whom with the aged mother survive, Miss Barbara at home, Mrs. John Wells and Mrs. O. A. Ferguson of Deckerville, Mrs. Wm. Mitchell, Mrs. T. F. Wells and William Coulter of Shabbona, John Coulter, Mrs. F. Perry and Mrs. F. Hovey of Pontiac. They were all in attendance at the funeral which was held at the home on Sunday, May 13.

Mr. Coulter was a kind and loving husband and father and a friend to everyone. He was always willing to lend a helping hand in every time of need. He was converted some 30 years ago and has since faithfully served his Maker.

His aged wife and family have the sympathy of all in their bereavement.

WILL ENFORCE THE DOG LAW

SHERIFF AND PROSECUTING ATTORNEY STATE THAT LAW WILL BE ENFORCED; PROVISIONS OF THIS LAW.

The public in general is probably not familiar with the provisions of the so-called "Dog Law of 1919", as amended, particularly because it has not been enforced heretofore. The sheriff and prosecuting attorney of Tuscola county have announced that the law will be enforced this year, and it is therefore advisable that the public should be informed of its provisions.

Act 339 of the Public Acts of 1919 makes it unlawful for any person to own any unlicensed dog four months old or over, or to own any dog four months old and over that does not at all times wear a collar with the metal license tag attached, except when engaged in lawful hunting accompanied by its owner or custodian. The penalty for such violation is a fine not exceeding \$100 or imprisonment in the county jail not exceeding three months, or both such fine and imprisonment. The act also requires the sheriff to kill all such unlicensed dogs.

On or before Jan. 10 of each year, the owner is required to secure a license for the ensuing year. The fees are as follows: male dog, \$3; female, \$6; unsexed, \$2. He may secure his license from the township treasurer up until the time such treasurer makes his annual settlement with the county treasurer. After that time, the license must be obtained from the county treasurer.

The supervisor of each township in taking his assessment is required to make a list of all dogs in his township which is turned over to the county treasurer on or before June 1. On June 15, the county treasurer makes a comparison of the records of the dog licensed in the county with the lists provided by each supervisor, and from those records makes a list of the owners of unlicensed dogs in the county. Copies of this list are furnished to the sheriff and prosecuting attorney whose duty it then becomes to begin proceedings against the delinquent owners and to kill such unlicensed dogs. This action will be taken immediately after June 15. Therefore, any owner of an unlicensed dog who wishes to escape prosecution, or who desires to prevent the killing of his dog, should pay his license at once.

SEED FIRST IN JAVELIN AT KALAMAZOO MEET

Local Athlete Also Won Third Place in Pole Vault at State Interscholastic.

Donald Seed, Kenneth Higgins and Jno. Goodall represented Cass City in the State Interscholastic track meet held at Kalamazoo Saturday, May 12. The meet was divided into two classes, the A and B. All towns of 20,000 population and under were included in Class B while Class A embraced all cities of larger population. Although Cass City athletes could only enter Class B, they found the competition strong.

John Goodall failed to place in the mile for a new record was set—four minutes and forty-four seconds. Kenneth Higgins, in the half mile, led over thirty runners until the last two hundred yards, when he was forced into seventh place.

Donald Seed won first in the javelin throw, making 140 feet, 7 inches. He also won third place in the pole vault, vaulting to a greater height than did the contestants in Class A. and sixth place in the discus.

Considering the training and practice that the boys have had the results are very pleasing. The next track meet, Uby vs. Cass City will be held here today (Friday).

JOHN H. McPHAIL DIED SUDDENLY MAY 9

John H. McPhail, who was born at Wickware and who is well known here, passed away suddenly at his home at 7432 12th St., Detroit, Wednesday evening, May 9, at the age of 29 years, death being due to cerebral hemorrhages.

Apparently in the best of health, the deceased left for his duties with the M. H. & L. Trucking Company, of which he was a business partner, Tuesday morning only to be returned shortly, sadly stricken.

The services were held Saturday at the late residence at 2:00 p. m. Rev. Irwin Bradford, well known in Cass City, conducted a very comforting service for the family and friends of the deceased, who was one of his esteemed friends.

Interment was in the Woodmere

cemetery under the auspices of Friendship Lodge, F. & A. M., of which the deceased was a member, Worshipful Master Harley Keating officiating.

During the war the deceased served 18 months overseas with the Motor Transport Corps.

The many expressions of sympathy and beautiful floral offerings were but an outward tribute of his honesty, kindness and esteem. All who knew him loved him and respected him.

He leaves to mourn his memory, his wife, Nellie E. of Detroit; his mother, Mrs. A. Heberton of Pontiac; five sisters, Mrs. C. W. Henenway, Mrs. Wm. H. Campbell, Mrs. E. J. Roark, and Margarette McPhail of Detroit, and Mrs. Mary M. Moore of Cass City; one brother, Angus McPhail of Flint; many other relatives and friends.

True lover and husband, beloved son, brother and valued friend, rest in peace.

MRS. FRUTCHEY DIED IN SAGINAW MONDAY

Remains Were Brought Here for Burial; Funeral Service Was Held Thursday Afternoon.

Mrs. Amuel Frutchey, for 31 years a highly respected and well known resident of Cass City, passed away at St. Mary's hospital at Saginaw on Monday afternoon, May 14, at two o'clock, following an operation a few weeks previous. She was 72 years of age.

The remains were brought to the home of Mr. and Mrs. Ernest Schwadener at Cass City on Tuesday and funeral services were held there Thursday afternoon conducted by Rev. W. W. Edwards. Interment was made in Elkland cemetery.

Lydia Sarah Ettinger was born in Mt. Bethel, Pa., on Nov. 7, 1850. In that state in 1869, she was united in marriage with Amuel Frutchey. They came to Michigan in 1877 settling at Troy. A few years later, they moved to a farm near Deford, later coming to Cass City where they resided until November 1921 when they went to live in Saginaw.

Besides her husband, she leaves three children, Joseph Frutchey of Saginaw, Mrs. A. Nettleton of Cass City and Herbert Frutchey of Gaines, Mich.; three grandchildren; one sister, Mrs. Elmira Stackhouse of Pennsylvania; and four brothers, Amos and Jacob Ettinger of Pennsylvania, John Ettinger of Detroit and Alex Ettinger of Mt. Pleasant, Mich.

PREFERENCE DUE THE ESTABLISHED DEALER

That those established in business should be given preference over itinerants always has been considered good judgment. In addition to paying taxes and helping support home institutions, the permanently established individual always is ever at hand to hear complaints, adjust any differences or correct possible errors. It is deemed sound policy and only fair to both prospective buyer and seller to give the established dealer an opportunity to show his goods, quote prices and enter into competition with the peddler who comes and then leaves, having no local interest and no local responsibility.

PROF. HAMILTON WILL GIVE MEMORIAL ADDRESS

Arrangements Nearing Completion for Observance of Memorial Day Here at Cass City.

Arrangements are nearing completion for the proper observance of Memorial Day at Cass City. A union service of all churches will be held at the Evangelical church on Sunday evening, May 27, and Rev. A. G. Newberry of the Baptist church will deliver the sermon.

Prof. Roy Hamilton of Alma college will deliver the Memorial Day address at the opera house on Wednesday afternoon, May 30, which will be followed by a short service at Elkland cemetery.

Vehicles will be at the command of old soldiers and others who desire to attend the Sunday service and also that on May 30.

Those willing to contribute flowers to decorate graves of soldiers and those who will assist in securing them are requested to notify a member of the following committee: Mrs. J. M. Dodge, H. W. Holmes, Mrs. Walter Schell and Mrs. G. A. Striffler.

Those who will furnish automobiles for this occasion are requested to notify Mrs. G. A. Tindale.

Michigan Happenings

One of the last bills to pass the Legislature before adjournment was the American Legion's bill providing for an appropriation of not more than \$25,000 each of the next two years for the equipment of the Legion's home at Otter Lake, in Lapeer county, for orphaned children of former service men. The home, which was damaged by fire last week, and which was first reported to be a total loss, was valued at more than \$60,000 and is a gift to Michigan's war orphans from the counties of Lapeer and Tuscola, and the seventh district of the Michigan Legion.

Albion's new \$150,000 addition to the high school was dedicated at the high school auditorium. Exercises began in the afternoon, when the children of the grades inspected the building, and a health pageant was given under the direction of Miss Roberta Foote, school nurse. The speakers in the dedication program were George E. Dean, president of the school board, and Robert W. Baldwin, member of the board. The new building will accommodate 575 pupils.

The Last Chance

The filing of applications for the entry of boys and girls in our pig club closes Saturday night, May 19.

Call us by 'phone for particulars and we'll be glad to give you any information. Also sign your boy or girl, age 8 to 15, up in the club.

Help us encourage your boys and girls in their farm life and work by getting them enlisted in this progressive club movement.

With your co-operation we shall bring the local school agricultural agent, the county agricultural agent and the head of the extension department of the M. A. C. right to your own farm to co-operate with your boys and girls.

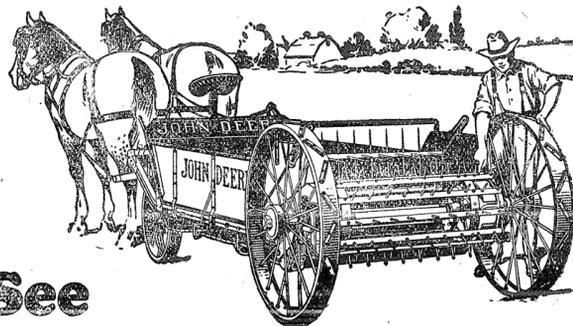

Remember we are open Saturday evening from 7.30 to 9:00 until further notice.

See That Beater!

It's mounted on the axle—that's why the John Deere is easier on you, easier on your horses, does better work and lasts longer.

JOHN DEERE SPREADER

The patented beater construction gives you these distinctive advantages:

1. A box 6 to 10 inches lower than others—much easier to load.
2. High drive wheels—4 to 8 inches higher than others—gives extra traction—extra power. Load moves back to beater on rollers—saves the horses.
3. The simplest spreader built—no clutches, no chains, no adjustments for you to make—reduces repair bills—the spreader lasts years longer.
4. Beater close to ground—does not throw manure high in air—winds do not cause drifting of manure—does better work. Patented revolving rake prevents bunching.

Come in and see this better spreader—there are many other features on it we want to show you.

Drapery Week AT ZEMKE'S

As housecleaning and redecorating is at hand, we have set aside this week for our Curtain Week. To fully realize what a wonderful assortment we have to choose from, you will have to see our window display.

We feel that we have accomplished a very important task by being able to offer to our customers this high grade merchandise in a town of this size.

It is a well recognized fact by every good housewife that the Quaker Lace Co. is rated for its superiority in styles and the wonderful service that their merchandise renders. We have this Quaker Lace quality in plain edge or fringe in yard materials; likewise in the ready made curtain.

One of the newest in ready made curtains is the panel curtains. These are made principally for one to a window but can be used two to the window as well.

We will be pleased to show you the newest creations whether you are ready to buy or not. New cretonnes for extra over drape in wide range of patterns. Prices range from 25 cents and up.

WINDOW SHADES AND CURTAIN RODS

for redecorating purposes. Remember we carry the best single or double curtain rod made and it costs more than the cheaper grade.

Mr. Lang is the grandson of Mr. and Mrs. James Greenleaf and lived in Cass City previous to his preparation for work in the mission fields in China. The average person has enough human kindness in his soul to shun going out and deliberately injuring another. No one who slyly repeats a damaging story realizes that he is contributing to the brutal assassination of character. Many people who would ordinarily give one a boost instead of a kick, will whisper a tale of gossip without proof, without understanding the circumstances and without a reasonable basis of truth. In the matter of poisonous gossip, people should get out the Golden Rule, dust it off and try to follow it. Mr. and Mrs. G. W. Landon entertained 15 guests at dinner on Mothers' Day in honor of their mother, Mrs. Hugh McColl. The gathering came as a complete surprise to the guest of honor. The day was also the birth anniversary of Mrs. McColl's son, D. H. The guests included Mrs. Crissie Giesel, Mr. and Mrs. E. F. Kreiman, the Misses Vera and Ola Kreiman, and J. A. Ippel, all of Saginaw, Mr. and Mrs. R. A. Rich, Mr. and Mrs. Hugh Rich, Miss Mable Rich and A. Davis, all of Decker-ville, and Mr. and Mrs. D. H. McColl and Hugh McColl of Greenleaf.

Michigan Hens Lead in Egg Laying Test White Leghorns Setting Pace at Half Way Point of M. A. C. International. Michigan pens hold all honor places at the end of the first half year of the International Egg Laying contest being held at the Michigan Agricultural College. State birds not only top each section but actually hold the first four places in every breed—a clean sweep for Michigan entries. The White Leghorns have come up from behind in recent weeks, and now hold top honors among the different breeds, the first three Leghorn pens standing ahead of any pen of other breed. Warm weather during April resulted in increased production among all pens, according to E. C. Foreman, head of the M. A. C. poultry department and general manager of the contest, with the result that the first half of the year's run closed on May 1 with the birds just reaching their best production. Leading pens in the contest are closely grouped, with the exception of the first place birds. The ten White Leghorns performing under the colors of E. E. Shaw, of South Haven, boast a six-months' mark of 1,120 eggs, for high honors. LEGION MAKES GOOD AT FUN FEATURES Roy Bricker, post commander, says that members of the Adams-Seeger Post, American Legion, are developing into a real live bunch. Last year, Mr. Bricker found difficulty in getting the boys to take hold on any proposition. This year they work with a vim. Last week, the post put on a minstrel show that went across big and in two nights they made \$244.00. A few weeks ago, from a picture show, they realized \$78.00, and a little earlier a basket ball game between the fats and leans netted them \$41.75. Committee worked neergetically on all three propositions and to them is credited the successful outcome. The Legion is planning on a base ball game this season in which the world will be challenged. Among the material in the Legion ranks that looks good for the encounter, the following names have been mentioned: Brooks, Lawrence Copland, Clifton Champion, N. C. Maynard, R. D. Keating, Harold Dickinson, D. W. Benkelman and Roy Bricker. SPRAY DOLLAR EARNS BIG POTATO INTEREST With an increased yield of eighty bushels of potatoes the acre as a result of treating the seed with corrosive sublimate, Clint Lehman, of Mason County, holds a near-record for cheap potato production in the state last year, according to county agricultural agent, K. H. Bemis. It cost Lehman about a dollar an acre to treat his seed and at this rate the eighty bushel yield increase cost but little more than a cent a bushel, plus, of course, the small amount of time required in the process. Lehman planted five bushels of certified seed last spring, half of which was treated with corrosive sublimate to prevent the Black Scurf disease. The quarter acre which was not treated yielded 37 bushels; the quarter acre which was treated yielded 58 bushels—at the rate of more than 80 bushels increase to the acre. This Mason county farmer, at least, will treat all his seed potatoes this year. HERE AND THERE AROUND THE THUMB Ruby, eight year old daughter of Mr. and Mrs. William Priestly, living near Akron was awarded \$2,000 damages in the Tuscola county circuit court by the jury for injuries received in an automobile accident. The child was riding home from practicing for Christmas exercises in a buggy which was struck by an auto truck driven by John Mayant and Charles Smith. It was alleged there were no lights on the truck and that the girl's leg was broken as a result. The defendants failed to appear to contest the case. The Board of County Road Commissioners of Huron have options on two gravel pits, one near Harbor Beach and the other in Grnat township. After testing these two pits and if it is found the expected amount of gravel is there the commission no doubt will buy the pits. The commission feels that in the next few years the value of these pits will increase several times their present value and that a good time to buy is now. The Loren Bates Trio, a musical organization of Chicago will spend two weeks rehearsing at Pigeon in preparation for their eastern tour. Miss Leitha Schriber, Pigeon, is a member of the trio. This will be her fourth year with the organization. Loren Bates has been in Pigeon several months and a third member, Miss Blanche Raymond, arrived Friday. They will leave about May 30. The largest sheep raiser in Huron county is Frank Kinch, of Grindstone City. He now has 400 spring lambs. Ten tons of calcium chloride has been purchased by Harbor Beach for the purpose of sprinkling on the gravel streets. It arrived Wednesday and will be put on as a dust destroyer in a few days. A petition is being circulated

among Uby business men to have a half holiday, the same as the most of other towns throughout the state, on Thursday afternoon during July and August. If a majority are in favor a holiday will be declared. Uby will support an independent base ball team outside the Huron county league, members and friends of the Uby nine have decided. Sandusky has a new mayor, following a meeting of the city council Thursday night, in which George W. Dafeo was elected to fill the vacancy caused by the resignation of Kenneth McKenzie. G. Kledeis, single and 41 years of age, took his life by hanging Sunday morning on the farm of Chas. Rickett, two miles north and two miles west of Sandusky. He was a Bohemian beet weeder. Kledeis had been in ill health for a long time and despondency is given as the reason for his act. CASS CITY MARKETS. Cass City, Mich., May 17, 1923. Kindergarten.

We had great sport at recess Tuesday when Mr. Kaiser helped us put up our bird houses. The one brought by Thelma Newstead resembled a Japanese house very much, and was very artistic.

We have nearly finished our hand chart.

Several were absent Wednesday on account of the rain.

First, Second and Third Grades.

News is very scarce this week in our rooms. We will try and have some by next week.

Fourth Grade.

Ernest Ox is our new pupil.

We are studying the New England section in geography.

Our weekly spell down was won by Maynard La Forge's group. This makes both sides tied. Two more spelling contests will determine to whose group, the party will be given.

Fifth Grade.

We are finishing our work in fractions this week preparatory to taking our review of the year's work.

We are glad that we are American citizens when we study about the people of Asia and how they live.

The scope pictures which we are using in connection with our geography work are enjoyed by all.

Sixth Grade.

For arithmetic we are drawing diagrams on two scales.

We are reviewing poems that we learned at the first of the year, such as "The Daffodils" and "The Village Blacksmith."

Junior High.

We are prepared for the county examinations, which are to be held Thursday and Friday of this week.

Our attendance has not been as good this month.

We were planning on cleaning the schoolhouse on Wednesday but could not on account of the rain.

High School.

Lila Warner, Jessie Kirton and Myrtle Hegler were visitors this week.

The sophomores held their roast at the schoolhouse Tuesday evening instead of at the river.

Mr. Barnes, registrar of the Mt. Pleasant Normal, gave a very interesting talk concerning education, its practicality and essentiality, last Friday.

On Friday, May 18, Uby and Cass City will battle for track honors.

Miss Jackson in French class: "Give the principal parts of dire, (which is pronounced in English, dear), Burton." Burton: "Oh! - - Dear."

Chemistry class is beginning the study of Qualitative Analysis, which will be the leading experiment the remainder of the semester.

The Problems of Democracy class had a very interesting debate Tuesday on the protective tariff. Four boys dared to stand the class in the debate, taking the negative side. Good points were brought out on both sides.

The Lambda Sigma society are planning on having a candy sale Friday.

The plane geometry classes have been trying their luck in the New York Regent examinations to see how they stand.

The algebra 9 classes are taking up square root.

We had a mock fire last week. This was done so that the building might be vacated more quickly.

A representative from the state police came Tuesday to inspect our building.

Music.

The Wicked Weed King says that unless we find the Flower Queen within one day, he comes to rule over us. So we are making a thorough search, but two Fairy Messengers have returned, bringing south wind and its butterflies, north wind with Jack Frost and the snow flakes. All report bad news. The Flower Queen is not to be found in either realm.

But Johnny-Jump-Up says "If you really root out trouble you will find it's just a bubble, and a bubble's never trouble if you are sane."

CHURCH CALENDAR

Baptist—Regular services will be held here Sunday. Preaching at 10:30 a. m. and 7:30 p. m. Sunday school at 12:00. B. Y. P. U. at 6:30 p. m.

Methodist Episcopal Church—Ira W. Cargo, pastor. Sunday, May 20—Class meeting 10:00, morning worship 10:30 with sermon "The Great Dynamic," Sunday school 12:00, Junior League 7:00, evening service 7:30 with illustrated sermon on "The Philippines." Every one most cordially invited to attend these services of the church.

Presbyterian—Services on Sabbath conducted by the pastor. Morning worship at 10:30. Sermon theme: "The Method of Jesus." He did not come to save souls, but to save men. He was always busy but never in a hurry, and never feverish for results. John, the Baptist, had some misgivings about the method of Jesus. Have we any today?

Sabbath School at 11:45. Classes for all. Evening preaching at 7:30 p. m. Good singing. Special music by young people's chorus. Short address. Theme: "The story that never grows

old." We heartily welcome strangers and visitors to share in the services with us.

WM. W. EDWARDS, Pastor.

Evangelical—Bible school at 10:00 a. m.—Classes and a welcome for all. Preaching services at 11:00 a. m. and 7:30 p. m. Junior and Senior Leagues at 6:45 p. m.

Prayer meeting every Thursday night at 7:30 followed by choir rehearsal.

Church attendance will help you to become better citizens, therefore "Go-to-church." It is our happy privilege to return to you as your servant another year. May we not make this the greatest year ever, for Christ in this community.

F. L. POHLY.

MEMORIAL DAY PROCLAMATION

Governor Alex Groesbeck, in his Memorial Day proclamation, says:

"Lee's surrender to Grant at Appomattox marked the close of the Civil War which had cost this country millions of treasure and many, many thousands of precious lives. Three years later Memorial Day was instituted to honor the memory of the brave men who had given their lives in the Union cause.

"A generation passed and America again found herself in arms, not to put down rebellion but to establish the liberties and maintain the rights of a young sister republic.

"Less than a score of years saw the outbreak of the great world conflict and, while at first it seemed that we might be able to keep out of it as the war progressed it became more and more evident that the fruits of liberty so dear to the heart of every American, were seriously menaced and that to insure our national independence we must take our place by the side of those who were battling for the freedom of the world. We all know the story. We know how splendidly on land and sea our gallant soldiers, sailors and marines upheld the honor of the American name.

"Memorial Day is for the men who took part in all these wars, but our first thought will be for the gray-haired veterans, that fast thinning blue line whose step is growing feebler year by year; and in this thoughtfulness for the old soldier none will join more heartily than the younger veterans of more recent wars.

"Therefore, in order that we may pay a tribute of respect and affection to the surviving veterans of the Civil War, the Spanish American War, and the Great World War, and do honor to the memory of their fallen comrades, I hereby sincerely urge that Wednesday, May 30, 1923, be fittingly observed as Memorial Day; and I earnestly appeal to the people of Michigan for hearty cooperation in plans for the observance of the day in their respective communities.

"On Memorial Day flags should be displayed at half-staff until noon and then hoisted to the top of the staff."

MEETING OF COUNTY FEDERATION OF CLUBS

The following program has been prepared for a meeting to be held at the Odd Fellow hall in Caro next Monday afternoon, May 21, at 1:30 for the purpose of completing the organization of the Federation of Women's Clubs of Tuscola county:

Community singing led by Mrs. A. J. Calbeck of Caro.
Greetings, Mrs. A. J. Knapp, president of district, Cass City.
Paper, "Church Union," Mrs. J. M. Dodge, Cass City.
Music, Vassar club.
Address, Mrs. Alvord, past president of State Federation.

Farmers' clubs as well as literary clubs are invited to participate. Refreshments will be served at the close of the meeting.

Luncheon will be served at Hotel Montague at twelve o'clock noon. Those wishing to attend the luncheon from this vicinity are requested to notify Mrs. I. A. Fritz, Cass City, or Mrs. J. W. Braun, Caro.

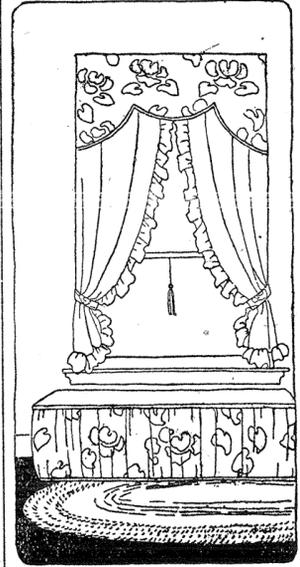

BILL BOOSTER SAYS

LISTEN, FRIENDS! ROADS FROM ALL OVER THE WORLD LEAD INTO OUR TOWN! CUSTOMERS AND HOME-SEEKERS WILL JAM THESE ROADS IF WE'RE SMART ENOUGH TO ATTRACT THEM! ARE WE? I'LL SAY WE ARE! LET'S GO!

ADD CHEER TO THE EXTRA ATTIC ROOM

An extra room in the attic, which is used for a sewing room and occasionally for a sleeping room, was made ever so cheerful by a happy combination of ruffled curtains with a cretonne valance and tie-backs. A gray cretonne printed with large roses is used and the skirt box under this window is covered with plain gray combined with the flowered material. Gray braided rugs are used on the floor and several cast-off chairs from the living room with slip covers of cretonne give a homey look.

Chinese Great Wall.

The massive pile of masonry known as the great Chinese wall, which maintains a uniform direction hardly a single mile, is not a structural unit as generally supposed, but was built in pieces during different ages. The last effort to keep the wall in repair was in the beginning of the Ching dynasty.

Much-Translated Hymn.

One musical authority asserts that Martin Luther's noted hymn, "A Mighty Fortress Is Our God," has been translated into 32 languages in Europe, 32 in Africa, 23 in Asia, seven in Malaysia and Oceania, and six in the western hemisphere.

Inevitable.

"Sooner or later, son," said Uncle Eben, "you's liable to have chillun of yoh own an' be wonderin' why dey don' take yoh advice, same as you didn' take yoh father's."—Washington Star.

Lines to Be Remembered.

The heart sometimes grows jealous of itself, and is fearful of being glad. We check the signs of returning joyfulness; we keep about us the signs of woe. This must not be. Every impulse toward returning happiness is of God.—George Dawson.

Country and Town.

God made the country, and man made the town.—What wonder, then, that health and virtue should most abound, and least be threatened in the fields and groves.—Cowper.

Thought for the Day.

HOW

POWER-DRIVEN SWEEPER CLEARS RAILROAD TRACK—A power-driven track sweeper, now in successful use on the Pennsylvania railroad, is described in the Scientific American. It sweeps up and loads into cars the ashes, cinders and coaldust which rapidly foul the track in the mountain sections of the road where pusher locomotives are used. We read, says the Literary Digest:

"The traffic here is heavy and in climbing the grades the locomotives necessarily are worked at high pressure. The heavy exhausts from the smokestack throw out into the atmosphere a certain amount of fine material which falls on the tracks; coal is shaken from the tenders or from coal cars, and there is a gradual accumulation of material that is necessarily inseparable from the operation of lines over which a very heavy traffic is carried. The power-driven sweeper has proved to be a great success; it operates at an average speed of about four miles an hour, and the track is thoroughly cleaned. Not only does the new device do a good job, but the tests to date have shown that the cost of sweeping is approximately one-half of what it normally would be if done with hand labor.

"The sweeper is used chiefly on the pusher grades of the Pennsylvania main line through the Allegheny mountains. There are about 102 miles of track that require cleaning from four to six times every year. Primarily, this cleaning up is necessary to keep the signals working properly; also maintain the track in such condition that a proper inspection of the rail fastenings can be made periodically, and to prevent the ballast from becoming badly fouled.

"The sweeper consists, essentially, of a rotary steel broom, built up from steel splints one-third-second inch in thickness and three-sixteenths inch in width. The broom, which is three feet in diameter and seven feet long, is so suspended under the frame of an old flat car by special hangers that it may be raised or lowered as desired. This is done through the use of an airbrake cylinder connected with the train airline. The broom turns at about 100 revolutions per minute, and it is driven from a gasoline engine mounted on the deck of the car."

IF LONG YEARS ARE DESIRED

How One May Live Considerably Over Century With the Aid of Radio-activity.

Why waste time over foolish, unimportant health regulations? Why decide to eat less, drink less or smoke less in the hope that it will prolong life and bring ease to your mind?

Make a bee line for big things, and resolve to live to one hundred and twenty-five years. It can be done!

At least, so Professor Scammell tells us, and he is the president of the Radium Society, Dover. "Wonderful and wonderful!" is the motto of the day, and, like Alice in Wonderland, we are growing used to it. Monkeys' glands are quite a back number.

The charm that works the miracle is radio-activity. If we allow ourselves to become radio-active, we will:

Live to the age of one hundred and twenty-five.

Grow fresh hair in middle life.

And, perhaps, have a third set of teeth.

The scientists are not absolutely certain about the teeth, but they are working to explode the theory that we only have two sets in this life and are hoping soon to provide us with a third. All that is necessary is to discover the exact chemical composition of the enamel.

Meanwhile, says London Answers, radio-activity will guarantee to increase our hair growth, lengthen our nails and brace up our muscular system generally.

Why Scientist Should Be Honored.

Malaria caused the downfall of the civilizations of Rome and Greece, say anthropologists at a convention of scientists in Boston. Both nations were free of malaria until it was brought in by slaves captured in battle, then spread by mosquitoes.

Smallpox germs, carried by soldiers of Cortez who were almost immunized against it, ravaged the Aztecs and weakened their military power until they were easily conquered.

The frontier guards of civilization are the laboratory scientists fighting bacteria.

How Radio Code Is Registered.

A machine that would take down telephone conversations in the absence of any one in the vicinity of the instrument was placed upon the market a number of years ago, but was not a success financially. A similar machine is now being developed to register radio code. It is quite possible physically to construct a machine that will register radio conversation. The day may be near when a whole concert can be received during the absence of the owner of a set and reproduced at his pleasure.

"BEST IN THE LONG RUN"

A Wonderful Feed

"A WONDERFUL FEED!" This was the statement made by Albert Angell, Jr., the noted poultry expert, when he made and tested Vitality Chick Starter. Angell says, "In this new feed we use buttermilk and an abundance of oatmeal and bone meal, the greatest ingredients known for making rapid growth and large frames. We can now grow more chicks on Vitality Chick Starter than any other feed I have ever known. The first four weeks tells the story of the chick's life. Grow them fast, big and plump in this time and then the rest is easy."

Albert Angell, Jr., also recommends Vitality Growing Mash from four weeks to six months in growing pullets for Fall and Winter laying. Ask for a copy of "Scientific Poultry Feeding and Management" and raise every chick.

Be sure the signature of Albert Angell, Jr., is on every sack of Vitality Chick Starter and Vitality Growing Mash, with our guarantee of absolute satisfaction when fed according to directions.

SHABBONA.

Wheatfields are looking fine in this vicinity.

S. Robinson of Greenleaf and Mrs. H. Patterson of Cass City were callers here one day last week.

Mothers' Day services were well attended Sunday morning.

The funeral of Robert Coulter was largely attended Sunday afternoon. He had been a resident here since the spring of 1881.

The seventh and eighth grade examination is being held here this week.

Mrs. E. Travis spent a few days last week with her daughter, Mrs. L. Churchill of Novesta.

Everything is looking good since the big snow storm last week. We are looking for warmer weather now.

Mrs. Frank Auslander received word last week that her brother, George Agar, of Pontiac was in very poor health. She and her brothers, Isaac, Robert and Jonathan Agar, went to see him Saturday, returning Sunday.

Frank Bliss of this place and Mrs. Emily Ann Adle of Kingston were married at the M. E. parsonage at Decker Friday evening, May 5. They will make their home on the groom's farm near here. Congratulations.

M. M. Stone and daughters, Effie and Ida, and J. Caswell of Sandusky attended the funeral of Robert Coulter Sunday.

(Delayed letter).

Merrill Martin is away at Melvin, driving a truck for T. J. Heron for the summer.

Mrs. Coulson Blair went to her home in Standish Sunday after spending a week with her parents. Mr. Crawford, who has been very ill, is improving nicely.

Mrs. Herbert Maharg entertained the W. H. M. S. Tuesday afternoon. This was the last meeting of the year and the ladies felt pretty good about the year's work.

Mrs. Bower Connell and Mrs. Joseph Crawford attended O. E. S. lodge in Cass City Wednesday evening.

We are sorry to hear that Mrs. Herbert Huff is not gaining from her recent operation as fast as her friends would like to see.

The friends of Stanley Heron are very sorry he is in very poor health, but all are wishing him a speedy recovery.

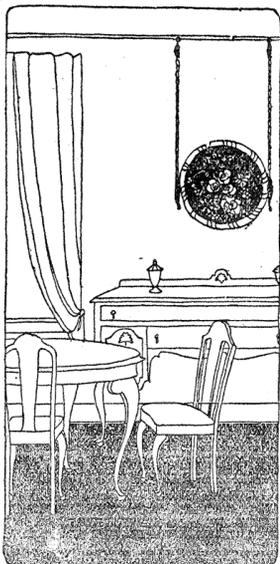

Graydon Heron, who has been employed in Detroit, has come home to spend the summer with his parents. His grandmother, Mrs. John Bowen of Lapeer City, accompanied him home and will spend a few days visiting here.

Mr. and Mrs. W. J. Moore spent Sunday in Unionville and Miss Hazel Hinman accompanied them home and is spending the week visiting relatives here.

Miss Mae Jordan, who has been in Bad Axe hospital the past two weeks, is reported as a very little better.

W. J. Moore, our hustling lightning rod man, is busy these days pulling up rods for several of our farmers.

THE DINING ROOM FURNISHED IN OAK

The use of a small amount of vivid color to relieve an otherwise neutral color scheme is one of the cleverest effects achieved by the modern decorator. Take, for example, this dining room, furnished in oak, with the new silver-gray rubbed finish. A lovely wicker tray, decorated with orange poppies on a black background hangs over the buffet. Two urns of iridescent glass, shading from pale yellow to deep orange, decorate the buffet top. The draperies are of gray shantung, lined with orange. Japanese grass cloth in a gray shade, with just a suggestion of orange, covers the walls, and a two-toned rug of gray completes the picture.

Bible Thoughts for the Week

Sunday.
HOW TO ESCAPE FROM EVIL.—Because thou hast made the Lord, which is my refuge, even the Most High, thy habitation; there shall no evil befall thee, neither shall any plague come nigh thy dwelling. For he shall give his angels charge over thee, to keep thee in all thy ways.—Psalm 91:9-11.

Monday.
SHALL BE MY PEOPLE.—They shall be my people, and I will be their God, and I will give them one heart, and one way, that they may fear me forever, for the good of them, and of their children after them.—Jeremiah 32:38, 39.

Tuesday.
GUARD YOUR THOUGHTS.—Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise think of these things.—Philippians 4:8.

Wednesday.
LIBERTY.—Where the Spirit of the Lord is, there is liberty.—II Corinthians, 3:17.

Thursday.
THE APPLE OF THE EYE.—Keep me as the apple of the eye; hide me under the shadow of thy wings.—Psalm 17:8.

Friday.
DELIVERANCE AT HAND.—I will be with him in trouble; I will deliver him.—Psalm 91:15.

Saturday.
THE BEST MEDICINE.—A merry heart doeth good like a medicine; but a broken spirit drieth the bones.—Proverbs 17:22.

GOOD NEWS

Many Cass City Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the many bad back sufferers in Cass City are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. E. A. Geitgey, Fourth St., Cass City, says: "Three boxes of Doan's Kidney Pills put my kidneys in good shape and cured me of a lame, aching back. I have never been bothered since. There is certainly something wonderful about a remedy that will rid a person of such backache as I had. It was a dull, nagging ache in the small of my back. Doan's regulated my kidneys and the spells and all other troubles left."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Geitgey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement 1

Richard Lloyd Jones Says— Road Making a Day by Day Job

Every man is a road-maker. He builds the road over which he himself is to travel. If he is careless and himself stalled in the soft mud of indifference. If he be sincere and diligent he will make a highway over which he can travel far.

The Ancient Romans built, with much labor, the famous Appian Way. To do this they laid end to end great, heavy, flat stones. Time shifted the great blocks of the Appian Way; they were not laid upon a strong bed of little stones.

Many centuries later a Scotchman by the name of McAdam found a better way to build an enduring road. McAdam accepted for his road only very little stones—stones that would slip between his thumb and first finger. The little stones could shift, they could settle and as they shifted and settled the "macadam" road became firmer and better.

The life road-maker who makes surest of his future lays his road bed in daily deeds of good rather than by seeking only to lay down the large blocks of ambitious performance.

The man who gets more out of life and he who gives most to life is the man who sees the good in little things,—who learns how to use little things,—who neglects or despises no detail and who builds his life road constantly and insistently with little deeds well done. Measure the deeds of any great man and you will find his achievements have grown out of an experience of doing the small things with patience and painstaking fidelity.

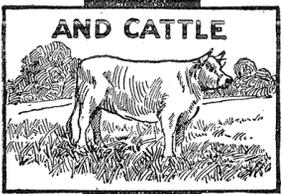

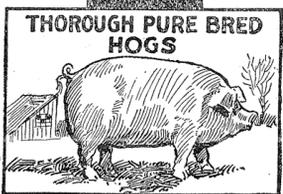

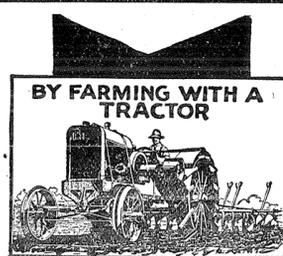

The man of moral courage does not reach his moral power by one full leap; it is a matter of road making; he acquires his moral strength step by step.

The architect who conceives the great cathedral or the monumental tower has first learned to use the T-square and the sweep; he has learned the mathematical laws that govern the stress and distribution of weight; he has built his road step by step and over it he has reached the thing of strength and beauty.

The road that is without a firm foundation is not the road of an enduring civilization. Soft clay carries no commerce. The road of least resistance is the road that retards progress,—that holds back the traveler who would use it. Each day we lay the foundation for the road we are to travel tomorrow.

Life's prizes are not gifts; they are goals; they must be won; we must build the road over which we are to pass to reach them.

FARM WITH HART PARR KEROSENE POWER

Thinking Farmers Have Thought Out the Facts

Thinking farmers agree, and market prices prove, that grain turned thru hogs and fat steers and sold "on the hoof" brings practically double the price received when sold in bulk. The same is true of grain turned thru dairy cattle in form of dairy products. Government Reports prove that on the average it takes the produce of five acres to keep a horse one year. How many hogs, steers or dairy cattle would five acres maintain for one year?

FIGURE IT OUT FOR YOURSELF

Add to your income the following savings which you can make with a

HART-PARR TRACTOR

1. Wages and keep of a hired man.
2. The keep of surplus horses.
3. Waste time resting horses in hot weather.
4. Losses from lack of belt power.
5. Crop losses from weather conditions.
6. Turning your crops thru hogs and cattle.
7. Saving your own time for other necessary work.
8. Saving your boy for the farm.

Ask Us to Explain these Savings to You

We handle the famous Hart-Parr kerosene line of Tractors in this territory and are organized to give you 100 per cent service. A Hart-Parr tractor is more than a plowing machine—it is a year around portable farm power plant.

FARM WORK HAS BEEN RETARDED

Concluded from first page.

better than wheat because of its being grown principally on light and rolling lands. The percentage of normal as reported was 87 which indicates a crop of 7,301,000 bushels. This outlook is three per cent poorer than one year ago, and two per cent less than the ten-year average. The estimated acreage is 518,000.

The acreage of hay is placed at 3,074,000, the same as that of last year, but owing to the prevailing dry, cold weather the condition is only 84 per cent, or three per cent below the average of the last ten years. Most of the new seedlings are reported as being good, but some of the old meadows are more or less injured. The present outlook is for a crop of 3,718,000 tons, although much depends upon weather conditions during the next two or three weeks. The carry-over is estimated at 16 per cent, a somewhat larger volume than usual on May 1.

The usual inquiry relative to amount of plowing done to May 1 resulted in a report of 42 per cent the same as last year and five per cent less than the ten-year average. While less spring plowing was done, a larger amount of fall plowing was accomplished. The sowing of oats and barley did not begin until about April 20, but the progress was so rapid that the work was nearly completed in the southern districts by May 1. The percentage of spring sowing and planting done by May 1 was placed at 29, the same as one year ago, and only three per cent less than the ten-year average.

The condition is estimated by reporters at 56 per cent, or 23 per cent below the average. The weather has been too cold and dry, so that only a poor start in the southern counties was made, while in the northern counties they were under snow throughout the month.

The late spring has necessitated feeding longer than usual, and as a result, live stock of all kinds is slightly below the average condition although in a generally good state of health. A special inquiry concerning spring pigs brought forth the information that the average number of pigs per litter this spring was seven and five-tenths. However, the losses have been very heavy especially during March and the first half of April. Many individual losses of from 30 to 80 per cent were reported. The cold weather was also responsible for a heavy mortality of young lambs.
