

## MEMORIAL SERVICE HERE THIS AFTERNOON

ARRANGEMENTS MADE FOR OBSERVANCE OF NATIONAL DAY OF MOURNING.

Local Business Places Will Close This Afternoon from Three to Five O'clock.

Cass City's memorial service for the late President Harding whose tragic end shocked the nation and the world Thursday night, Aug. 2, will be held this (Friday) afternoon at the Baptist church. The service commences at three o'clock with F. A. Bigelow, village president presiding. Music for the service will be in charge of Mrs. Bigelow. The following is the program in part:

Scripture reading and invocation, Rev. Ira W. Cargo.

"A Tribute to Our Late Commander," M. B. Auten, representing the American Legion.

"The Citizen; His Vocation," H. F. Lenzer.

"The Christian Statesman," Rev. W. W. Edwards.

Benediction, Rev. A. G. Newberry.

Arrangements for Cass City's observance of the national day of mourning, proclaimed by President Calvin Coolidge in honor of the dead leader, were made Wednesday evening by Rev. A. G. Newberry, Rev. I. W. Cargo, Mrs. A. A. Ricker and H. D. Schiedel, the committee appointed for this purpose by the council in regular session Monday.

All business men in Cass City have agreed to close their stores and business places this (Friday) afternoon between the hours of three to five o'clock.

Death Came Thursday.

In the early hours of Thursday evening, Aug. 2, at San Francisco, after a day which had brought renewed hope of recovery, death came suddenly and struck down Warren G. Harding with a stroke of cerebral apoplexy.

The end came instantaneously and without even a second of warning at 7:30 o'clock. There was no time to summon additional physicians, no time to call the members of his official family and no time for medical skill to exercise its knowledge. It was all over in the twinkling of an eye, and it left a nation and the world shocked and in grief.

Mrs. Harding, the constant companion of her distinguished husband was faithful to the end. She was reading to him a few moments before 7:30 when she noticed a shudder run through the frame of the man she loved, encouraged in adversity and praised in success. Before she could arise from her chair, Mr. Harding collapsed in his bed, and she rushed to

## W. N. STRAUBE BUYS FLINT ELECTRICAL BUSINESS

Has Been Efficient Superintendent of Municipal Plant Here for 22 Years.

Wm. N. Straube, who resigned from his position as superintendent of the municipal electric light and water-works plant at Cass City recently, has purchased the electric supply store and contracting business of the Lyrela Electric Co. at Flint. He went to that city the first of the week to complete the inventory of the company's stock. Mr. Straube has for several years contemplated entering the electrical supply business for himself, and when the opportunity presented itself to acquire the Flint proposition, it looked so attractive in that growing city that he was not long deciding to make the venture.

Mr. Straube has been in the employ of Cass City as electrician for about 22 years. He has proved to be a valuable superintendent and has made practically all of the purchases of material as well as supervising the plant. Rarely, if ever, has a municipal plant in a small town been run with so little interruption of service. Combining brawn with brain, Mr. Straube has never considered his job that of supervision alone, but has always been willing to work as hard as any village employe at the mechanical end of the business.

Cecil Brown of Detroit is entering into negotiations with the council for the position left vacant by Mr. Straube. Mr. Brown graduated from the Cass City high school in 1913 and for a time was employed in the light plant here. Since that time, he has been employed as electrician in Detroit and comes to the council well recommended. He has been employed to assume Mr. Straube's duties until after the fair next week when definite decision will be made by village officers and Mr. Brown regarding his future activities at the plant.

## TUSCOLA COUNTY SHORT HORN BREEDERS TO VISIT HURON COUNTY.

The Tuscola County Shorthorn Breeders' Association has arranged to visit several Shorthorn herds in Huron County on Saturday, August 11th.

The following schedule has been arranged: Those from southern part of county meet at Court House square Caro, in time to leave at 9:00 a. m. Arrive at herd of David Murphy & Sons, 5 miles north and 1½ miles east of Cass City, at 9:45, where those from northern part will meet. Then the herds of John Piper & Son, 2 miles east of Bad Axe, and S. H. Pangborn's will be visited. At the Pangborn farm, talks and demonstrations by V. A. Freeman from M. A. C. and others will be held and a basket lunch will be eaten. After the noon meeting the herds of Carr Bros., west of Bad Axe, Clyde Schupe 4 miles east of Elkton, Henry Kellerman 1 mile east of Elkton, and probably others will be visited.

The Tuscola breeders invite all who are interested to go with them on this trip.

## FIVE "MOONSHINE" ARRESTS IN TUSCOLA

Sheriff Colling and Deputies Find Equipment and Product in Past Week.

Six arrests have been made within the past week by Sheriff Colling and Deputies Putnam and Austin, of persons charged with violations of the prohibition law.

Carleton Berry of Almer township and Joe Secora of Ellington township were both arrested by Sheriff Colling and deputies on Saturday, Aug. 4, charged with making moonshine whiskey. Both men were arraigned in Justice Brown's court and waived examination and were bound over to the circuit court. Both were released on \$500.00 bonds to appear at the October term. A complete still was found at Joe's place of residence which appears to have been used by both families alternately. About two gallons of the finished product and a barrel of mash were confiscated at Berry's home.

Officers found a 30-gallon still, 12 gallons of liquor and 11 barrels of mash at the home of Peter Perry of Arbel township Wednesday. William Fox of Vassar and Tom Smutac of Ellington township were arrested on charges of selling and having intoxicating liquor in their possession. All three were bound over to the circuit court.

Rudolph Hoffman of Unionville was arrested on a charge of being drunk and having liquor in his possession.

## TWO CHARGED WITH LIQUOR LAW VIOLATIONS

With the arrests Saturday night and Monday of John Formiski, 27, Buel township farmer, and Raymond Guca, 30, also a farmer in Buel township for violations of the liquor law, Sanilac county sheriff's officers believe they have succeeded in breaking up an alleged ring of foreign-born moonshiners who have been operating unmolested in the southeastern part of the county the past year.

Both men when arraigned before John Hyslop, justice of the peace at Sandusky Monday afternoon, admitted having liquor in their possession but both vigorously denied having it for the purpose of selling. The two men were held for \$500 bond which each was unable to furnish and remanded to jail to await hearing before Circuit Judge Watson Beach who will be here Aug. 23. Arrests of these two men for violations of the liquor law bring the total of recent arrests to three, Camiel De Clerk, another Buel township farmer having been arrested two weeks ago. He is now out on \$1,000 bond to await trial at the September term of circuit court.

In a statement Wednesday, John Bradford, under-sheriff, said: "With the arrests of these three men I believe we have succeeded in effectually breaking up the ring of moonshiners in that portion of the county. We knew right along that they had been operating but we couldn't get anything on them. No one was willing to make a complaint. But we've got them at last and we're going to get more of them."

John King, deputy sheriff of Crosswell, Dick Neldburg, deputy sheriff, and Hugh Graham, deputy sheriff, both of Sandusky, were responsible for the two recent arrests

## ELLINGTON MAN JAILED ON CRIMINAL CHARGE

Harrison Lilly Confessed Criminal Assault on Little Girl before Justice Brown.

Harrison Lilly, 35, of Ellington township is charged with a dastardly crime against a nine year old girl and is now a prisoner at the county jail. Complaint was made by Mrs. Eva Kepus, mother of the child, before Justice Robt. Brown, on Saturday night, Aug. 4. Mrs. Kepus with her two children, one a girl about nine years old and a boy about a year older, reside in Detroit with her husband, who is engaged in the produce business in that city. They were spending a few weeks' vacation on a farm owned by them but occupied by some friends in Ellington, five miles east of Caro. Mrs. Kepus was called to Detroit for a few days and left the children with her friends on the farm until her return. While she was in Detroit, some trouble arose between the Kepus children and those of the friends who were occupying the Kepus farm and the Kepus children were sent to a neighboring family by the name of Williams, with whom the children were well acquainted. While there, Harrison Lilly, a son of Mrs. Williams by a former marriage, committed a criminal assault on the little girl, according to her story to her mother when she returned.

Lilly was arrested Monday morning by Sheriff Colling and arraigned before Justice Brown where he confessed his guilt and waived examination and was bound over to circuit court.

## QUIETLY MARRIED FRIDAY MORNING

Rev. Pohly Officiates at Ceremony Which United Miss Laura Striffler and A. S. Lawther.

Miss Laura Striffler, daughter of Mr. and Mrs. J. H. Striffler, was united in marriage with Mr. Alex S. Lawther of Flint, very quietly at the Evangelical parsonage Friday morning by Rev. F. L. Pohly. After the ceremony was performed the couple left for Ludington where they will spend a week's honeymoon. Mr. and Mrs. Lawther will reside in Flint where Mr. Lawther is employed as machinist at the Buick factory.

Miss Striffler graduated from our local high school and completed her college course at Mt. Pleasant where she met Mr. Lawther. Since then she has taught in the public schools of Deckerville, Yale, Cadillac, and Saginaw.

Mr. Lawther served in the navy during the war soon after taking up his present position at the Buick factory.

Dr. and Mrs. J. R. McPherson and son, Mrs. B. J. McKillop and Miss Edythe Bandeen of Duart, Ontario visited at the Wm. Crandell home from Tuesday until Thursday.

## FARMERS' CLUB MEMBERS ENJOY HOLIDAY

Another milestone is passed, another year gone by and again through the bountiful hospitality of Mr. and Mrs. A. J. Knapp, the Riverside-Novesta club enjoyed a glorious outing at Oak Bluff Thursday. The weather was threatening for a few hours but the day closed with an ideal afternoon. Owing to the time of harvest, several were obliged to remain for threshers, but some 38 did full justice to the ample refreshments and entered wholeheartedly into the play spirit which our beloved hostess seems to enthrall everyone to.

All returned at a late hour with a feeling of rest and the thought of this old world being, after all, a jolly place to live in. May we be spared to meet again in like manner.—A Guest.

## ITEMS OF INTEREST OF THUMB POINTS

Gleanings from Chronicle's Exchanges Representing Three Counties.

Last week saw the completion of the contract whereby James C. Juhl severed his connections with the well known firm, The Marlette Mercantile Co., by the transfer of his interests to William F. Wallis of Caro.

Charles Corbushley, one of the pioneer business men of Sandusky, who established what is now the Corbushley general store forty-five years ago or longer, celebrated his seventy-fifth birthday anniversary Wednesday.

The barn and contents on the Geo. Houck farm, 3 miles northwest of Heamans, was consumed by fire. About 40 tons of hay were destroyed and the loss is estimated at \$5,000—partially insured. The fire was caused by children playing with matches.

At a meeting of the village council of Carsenville recently, by a vote of 4 to 1 it was decided that property owners should pay 60 per cent of the paving tax and the village the balance. This applies on the pavement being laid in that village this summer.

The Peck chautauqua closed Thursday evening with the presentation of "A Pair of Sixes" by the Princess Players before an audience that taxed the capacity of the tent. Although there is a deficit of about \$100 this year, a contract for a chautauqua next year was signed by the business men on Friday morning.

Fire of unknown origin in the general store of Moses Kahn of Pigeon, Sunday morning caused damage of about \$10,000. Of this \$8,000 is covered by insurance. The frame building was discovered in flames about two o'clock Sunday morning and had gained such headway that the firemen turned their attention to the adjoining buildings.

Fire, thought to have been caused by sparks from a passing railroad locomotive, completely destroyed a 40 by 60 barn and an adjoining building on the farm of Edward Olsowie, three miles west of Minden City Wednesday afternoon. The loss is party covered by insurance. This season's hay crop, which was stored in the barn, was a total loss, but livestock and farm machinery were taken to safety.

Stewart Alfred McLaughlin, the seven year old son of Melvin McLaughlin of Koylton township, was terribly injured Monday morning and grave fears are entertained for his recovery. The lad stood in the grain in front of the binder unnoticed by the driver. When the binder started, both of the unfortunate little fellow's feet were cruelly cut and lacerated by the swiftly running knives before the binder was stopped.

The change from home made to Edison made electricity was effected at Crosswell July 29 without the knowledge of many patrons of the plant. It took but a few minutes and the break in the current did not inconvenience anyone. The new juice is a little stronger in voltage than that supplied by the old plant and will in all probability prove very satisfactory.

Work on the new \$25,000 office building of the firm of Herrington, Mordon & Herrington, physicians and surgeons at Bad Axe, was begun last week. The new building will be located on Hanselman street just south of the postoffice. It will be 30 feet wide by 80 feet long. The floor will be taken up by the offices of the doctors and the second floor will be used for bachelor apartments. Each suite will contain a sitting room, bed room and bath.

## NEW ROUTE OPENED.

A new route from Detroit to Bad Axe, Pointe aux Barques and Harbor Beach has just been marked with black and yellow signs by the Detroit Automobile Club. The route, which runs through Rochester, Lakeville, Marlette and Greenleaf is a combination of state and improved county roads and demonstrates the wisdom of building county roads which, by connecting with main roads, develop new trunk lines of traffic.

## 34TH ANNUAL FAIR AND HOME COMING

SPLENDID LINE OF SPECIAL ATTRACTIONS, RACES AND BALL GAMES.

Fireworks Will Be a Stellar Feature at the Cass City Fair Next Week.

Next week comes the first of the Thumb of Michigan fairs—that at Cass City which opens next Tuesday, Aug. 14 and closes on August 17. Secretary D. W. Benkelman and the other officers are enthusiastically at work on the arrangements for the coming exposition and many indications point to the success of their efforts in making the 1923 fair the best ever.

The premium list will be fund complete, with liberal premiums, and should draw together a fine exhibition of live stock, as well as nice displays from field, garden, orchard and the home. It is the wish of the fair officers to place a premium list in the hands of every family interested in Tuscola, Huron and Sanilac counties and those who have not received one by mail, may secure a copy by addressing the secretary, D. W. Benkelman, at Cass City. With the Thumb of Michigan a leader in the state in agricultural and natural resources, this territory is capable of producing particularly fine showings of live stock and agricultural products. Officers are anxious that exhibitors make entries early and for this reason entry clerks will be "on the job" at the Chronicle office next Monday, the day preceding the opening of the fair, to receive the entries.

Willis Campbell, teacher of agriculture in the local schools, has practically completed arrangements for a poultry demonstration at the Cass City fair in charge of J. B. Forman, poultry expert at M. A. C. Mr. Campbell is enthusiastic over the demonstration which he believes will be of great value to poultry breeders.

The amusement features at the fair provide fine programs of entertainment for the four days. Horse races in both running and harness events will occupy their usual prominence with four races for Wednesday and Friday. Ball games have been arranged as follows: Tuesday, Caro vs. Cass City; Wednesday, Akron vs. Vassar; Friday, Fairgrove vs. Cass City. Special free attractions include the Original Three Kniwaws, unusually skillful Japanese equilibrist and experts in acrobatics; double comedy barrel kicking, contortion and water spinning; Happy Harrison and her animals in a real one-ring circus, with baboons, ponies, dogs and the "unridable mule"; the Wilhats, cycling experts, creating endless hilarity and laughs a-plenty with odd and freakish wheels and the "Krazy Kar," a screaming travesty on the trials and tribulations of the modern automobile; Uncle Josh, Aunt Samantha and Pork Chops, "just natural folks."

A stellar feature of the night shows will be the fireworks features with 50 spectacles each night. Several set pieces showing animated cartoons such as "Andy Gump Fishing," "The Fighting Roosters," "Queen of the Surf," "The Midnight Prowler" and others will amuse the thousands of night visitors.

Band concerts will be given each afternoon and evening by the Bad Axe Band. The Midway will be crowded with rides, merry-go-round, ferris wheel, seaplane, whip, Venetian swings and shows brought here by the Mulholland Greater Shows.

Slightly more than \$50 was lost by the Sanilac county posts of the American Legion at their fourth annual picnic which was held at Lexington park Aug. 2, it was stated by Legion officers here Wednesday. Unfavorable weather and rain in every portion of Sanilac county except Lexington township were given as the reason for the loss. Insurance amounting to \$500 against rain which was secured by Legion officials the night before the picnic was not paid because less than two tenths of an inch of rain fell at Lexington during the day. Officers of the Legion said that they had hoped to add to the Sanilac county fund for the Otter Lake Children's Billet with the proceeds of the picnic but in order to meet the deficit, it will be necessary for each Legion post in the county to subscribe funds.

## RAIN INTERFERED WITH LEGION PICNIC

Slightly more than \$50 was lost by the Sanilac county posts of the American Legion at their fourth annual picnic which was held at Lexington park Aug. 2, it was stated by Legion officers here Wednesday. **CASS CITY HAPPENINGS TWENTY-FIVE YEARS AGO**  
Items from the Cass City Enterprise of Aug. 11, 1898.  
Miss Pitcher, who has been teaching school in St. Clair county, is spending her vacation with her parents here.  
Mrs. C. J. Freeman, while returning home Sunday evening, was thrown from her buggy and sustained slight injury. The buggy was broken also.  
Miss Hattie Wood spent Sunday and a portion of the week with friends at Oak Bluff.  
Miss Mattie Higgins has returned from visiting friends at Owosso, Saginaw and Toledo, Ohio.  
Mrs. Clara Patterson is going to Saginaw Monday to be instructed in ladies' tailoring. She will be away about ten days.  
Saturday being the birthday of Mrs. F. Klump, about forty of her friends tendered her a surprise party in the evening and a very pleasant time was spent by all.  
John Profit exhibited an eel yesterday morning which he caught Tuesday evening in the East River, measuring two feet five inches and weighing over two pounds.  
The team of Wm. Foe, from east of town, ran away in front of Bigelow and Sons' Tuesday and after making a circuit of some of the side streets started for home. They were stopped about a mile east of town.  
The Baptist Sunday school enjoyed a picnic at the East river yesterday. Plenty of rigs were provided to take those who wished to go and they were not a few. The day was pleasant and not only the children had a good time but those who were more advanced in years who accompanied them.  
Miss Belle Wallace, who has spent two years in the training school for deaconesses at Washington, D. C., and is visiting friends here before taking up her work along that line in Chicago, gave a very interesting talk during the Sunday evening service at the M. E. church giving a clear insight into the excellent work that is being done by those who give themselves to it.  
C. W. Heller, of our roller mills, informs us that even with the increased capacity (80 barrels per day) the output is scarcely sufficient to supply the demand. Last week's run turned out the full capacity of 480 barrels, but the previous week ran above and made the 500 mark. The increasing demand is easily understood when the excellent quality of the various brands of flour is taken into consideration.

**GOOD NEWS**  
Many Cass City Readers Have Heard It and Profited Thereby.  
"Good news travels fast," and the many bad back sufferers in Cass City are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:  
Mrs. E. A. Geitgey, Fourth St., Cass City, says: "Three boxes of Doan's Kidney Pills put my kidneys in good shape and cured me of a lame, aching back. I have never been bothered since. There is certainly something wonderful about a remedy that will rid a person of such backache as I had. It was a dull, nagging ache in the small of my back. Doan's regulated my kidneys and the spells and all other troubles left."  
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Geitgey had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.—Advertisement 1

**High Hat Turned Into Handbag.**  
At a London social function the other day one of the women guests carried a bag which was generally remarked upon. The material looked like black velvet, but had a remarkable sheen. The owner explained she had made the bag herself out of her husband's old top hat, from which she had peeled the beaver. Ivory mounts completed the scheme.

**COMMON SENSE SAYS: SAVE!**

The only way for the average man to accumulate a fortune is to start saving in a modest way and then make his money work for him. It has earning power that is too valuable to lose by laying the money away or carrying it with you. Any wealthy man will tell you that the use you make of your money is far more important than the amount you earn.

**New Fall Ready-to-wear**

Garments as well as Yard Goods Now on Display

The new fall goods have been coming in for some time. We can now show you a very complete line of everything. With all the Fairs coming on presently, you will want a new garment of some kind for the occasion. We have just the class of merchandise you want, and at prices that are as low as possible. For it is the policy of this store to sell a greater quantity of merchandise at a lower percentage of profit, instead of selling a smaller quantity at a greater profit. If you will come in and get our prices while attending our Cass City Fair, you will see for yourself that our above statement is true.

**New Fall Coats**

A better selected stock of coats has never been shown by us. The materials are all of the newest weaves, made up in the most stylish way possible with and without fur collars and cuffs.

If you are not as yet ready to make your purchase, come in anyway and we will be glad to show you the new line. If you find a coat you like we will gladly hang it aside for you, until you are ready for it.

**New Dresses for Early Fall**

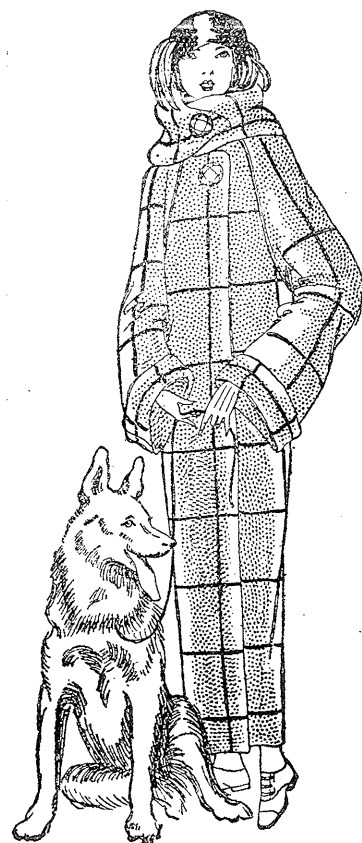

We are just in receipt of several large shipments of early fall dresses, very moderately priced.

**New Fall Sweaters**

Just the kind you want while out riding these cool evenings. These sweaters are very serviceable and appropriate for this time of year.

**New Fall Skirts**

In full display.

**New Dress Materials**

If you are intending to do your own dress-making, it behooves you to see our wonderful new line of yard materials for fall.

All the newest materials on the market are here for you to select from, and a better, more up-to-date assortment of dress trimmings cannot be found outside of the largest cities.

**Clean Up on Sweaters**

We still have a few sweaters which we are closing out at \$1.69, \$1.98, \$2.49. These are wonderful garments for the cool evenings, during Fair time, and at these prices you cannot afford to do without one.

**Special Offer for the Ladies**

at our booth on the Fair Grounds during the Cass City Fair Week. We will make any lady a present of a ten dollar gold piece, who will buy a \$50.00 coat or more out of our booth; and a \$5.00 gold piece for any lady who buys a dress or coat under \$40.00.

These are all 1923 fall garments, and out of our regular stock.

**Summer Coats at Close Out Prices**

It will pay you to look over these values, for every coat is the greatest value you have ever seen. Prices ranging from \$2.98 to \$33.98.

The All Star Giants base ball team, who stage a continual ball game every day of the week on Houghton Street and never stop, apparently, except for periods to allow cars the right of way, are very sorrowful over the near departure of one of their members who has had a very high batting average. To show their appreciation of Glenford Straube's untiring efforts to make the team what it is today, the prominent fans and players of the famous nine met on Tuesday evening to give a party in honor of the departing member. They made the party a success by thoroughly enjoying themselves as only boys can.

Some of the friends of Chas. Day made an unexpected call at his home Friday night and Charles was host at an unusual chicken feast. Shortly after their arrival, J. H. Holcomb confided to Mr. Day that George Bergen had two nice hens in the back of his car and what a joke it would be to cook the chickens and have a feed at Bergen's expense. Charles fell in readily with the idea and the two left the house stealthily, found the chickens and carried them down the lane. As Charles decapitated the hens, he remarked what nice plump birds they were and how closely they resembled some Plymouth Rocks he had in his flock. Mr. Bergen appeared a little peeved when it was announced that the feed was being served at his expense, but by the time the feast was prepared by the ladies, the loss of the chickens did not seem to have effected his appetite and when the guests prepared to leave and Mr. Day wanted Mr. Bergen to wait until he went to the poultry house and presented him with two chickens to replace the ones used in the feast, Mr. Bergen refused to listen to the proposition. The next day Mr. Day learned that the guests had "planted" two hens from the Day flock in the Bergen car just before the coming scheme was unfolded so

Mr. and Mrs. George Cridland and daughter, Kathryn, expect to meet Mrs. Louis Smith of Detroit, at Monday City Saturday. Mrs. Smith will remain in town for a short visit.

Miss Pheobe McKee of Shabbona, who attended and graduated from the local high school, underwent an operation for appendicitis last Wednesday and is recovering quite rapidly now.

The Ladies' Aid of the Evangelical church held an all-day meeting in the basement of their church Tuesday. Quilting was the order of the day and a pot-luck dinner was enjoyed at noon.

Mr. and Mrs. Stanley Fike and daughter, Charlotte, accompanied by Mr. and Mrs. Frank Geister of Decker, left Thursday to spend several days with friends in Onaway and other northern points.

Mrs. M. L. Billings and daughter, Beatrice, have returned to their home in Adrian after spending several weeks in town. They were accompanied as far as Detroit by Mrs. George Martin, who will remain there for a short time visiting relatives.

Mrs. John S. Ball and children, Elmer, Virginia, Sadie and Wallie of Wickware, and Miss Anna Palmer motored to Saginaw Saturday where Mrs. Ball and son, Elmer, left for Grand Rapids where they will visit Mrs. Palmer's relatives for a few weeks.

Mrs. A. D. Gillies entertained at seven o'clock dinner on Wednesday evening as her guests: Dr. and Mrs. J. R. McPherson, Mrs. B. J. McKillop, Miss Edythe Bandeen of Duart, Ontario, Mr. and Mrs. William Crandell and daughter, Marie, and Archie Murphy.

Mrs. H. D. Schiedel was hostess of the Mothers' Club at their August meeting Friday afternoon. During the business session it was decided to send a box of clothing and a sum of money to the children's home at St. Joseph. Light refreshments were served.

Art club members and their families enjoyed a pot luck picnic supper on the lawn of the farm home of Mr. and Mrs. Joseph Benkelman last Thursday evening. Twenty-two were present. Pitching quoits was enjoyed by the men. The next meeting of the club will be held at the J. H. Bohnsack home.

Mr. and Mrs. Clayton McKellar of Marine City spent last week at the home of Mr. M's sister, Mrs. Ed. Schwaderer. Mr. and Mrs. Schwaderer and family left Sunday for Marine City to spend a few days with Mrs. Schwaderer's parents, Mr. and Mrs. D. McKellar, and at the Clayton McKellar home.

A fair on a miniature scale was conducted Saturday by Glenford Straube, Lewis Pinney, Chas. McKenzie and five boy companions at the Straube barn. Special attractions were featured and "hot dogs," popcorn, etc., were sold to those attending. The eight promoters each realized 42 cents as a reward for their efforts.

George A. Bond, treasurer of the Detroit camp of The Gideons, the Christian Commercial Travelers Association of America, reports that his society has placed over 1,200 Bibles in hotels in Detroit. The Gideons expect to go to the Thumb next month and arrange for placing Bibles in the hotels of Tuscola, Huron and Sanilac counties.

The Parrott Creamery is making some alterations in their plant to provide room for some added equipment and a cement floor will replace the wood floor in the front section of the building. A churn of 750-pound capacity has recently been placed in the factory. This is five times the capacity of the churn which has been in use in times past.

At a meeting of stockholders of the Cass City Co-operative Mercantile Co. held Aug. 1, Jas. Wilson, Smith Hutchinson, A. E. Goodall, S. G. Benkelman and J. C. Corkins were elected members of the board of directors. The proposition of establishing a new meat market was freely discussed. The matter was finally left to the judgment of the directors. Officers of the company were elected by the directors as follows: President, A. E. Goodall; secretary, J. C. Corkins; treasurer, S. G. Benkelman.

**Nation Pays Last Tribute.**

Under the vast dome of the Capitol with low spoken prayer and the tender words of old hymns, Warren G. Harding, 29th president of the United States, was given into God's keeping at noon Wednesday by the men of high place in the nation, who had served with him in the short years of his leadership for the glory of the flag. The religious ceremony at Washington took but 20 minutes, after which the great doors were opened for the waiting thousands outside to pass slowly by the casket on which the sorrow of the nation and the world poured out.

The burial will be made this afternoon at Marion, Ohio, the small Ohio city which Warren G. Harding made known around the world because there from poor and humble surroundings he struggled upward until the American people awarded him the highest gift and paid him the greatest honor within their power to bestow.

Simplicity will characterize the last rites at Marion where President Harding was loved by "the home folks."

**KLAN HOLDS FIRST MEETING IN LAPEER COUNTY**

Ku Klux Klan Solicitors Gather 20 Business Men in Old Garage for "Feeling Out" Meeting.

(Lapeer Clarion).

Squatted on the cold cement floor lining the brick wall, in a dim, ill-lighted vacant garage next to Hugh McCarty's barber shop, 20 prominent Lapeer business men intently listened to two vibrant Ku Klux Klan speakers behind guarded doors.

The meeting was the outcome of the work of the Klan organizers who had been slyly stirring up "sentiment" and making invitations to such a gathering as this. Beginning Friday afternoon, the Klansmen worked among Lapeer business men. "If you receive an invitation to a Ku Klux Klan meeting, would you go?" a city official was asked. "I might the first time, I'd try anything once," he replied. He didn't get an invitation. The Klan makes sure of its members first.

The meeting started a few minutes after nine o'clock and did not break up until eleven thirty. The Klan speakers merely outlined the work of the Klan, its principles and aims, and a fiery defense of all. Both voiced anti-Catholic, anti-negro, and anti-alien sentiment.

In an interview, Sheriff John Conley and Prosecutor G. W. DesJardins stated that as long as the Klan obeyed the law they would be afforded the same treatment and protection that any law abiding organization is entitled to and would not be molested. Any disobedience of the law will be promptly dealt with.

**LOCALS DROP TWO GAMES IN WEEK**

Fairgrove leaguers won their first game of the season Friday when they defeated Cass City's team on the local diamond. The visitors distinguished themselves in this contest by executing the first triple play of 1923 in the Tuscola league. In the fifth inning, Phetteplace was put out on a fly catch. Copland, a runner at second and Maynard, runner at third, were found too far from the sacks directly after the catch.

**2,400-Years-Old Loaf.**

An Assyrian loaf more than 2,400 years old has been discovered by a French explorer. It is supposed to have been baked in 560 B. C. and was in excellent condition when found. The loaf is bun-shaped and was wrapped in a cloth in a tightly sealed sarcophagus.

**MANY SOURCES CONTRIBUTE STYLES FOR EVENING WRAPS**

IT IS difficult to generalize about the present styles in evening wraps. They are so varied. Individual taste has the widest freedom in the choice of these garments and one may indulge a fancy that is attracted by an India shawl, worn in the manner of a cape, or by a genuine mandarin coat, or choose any one of several silhouettes or any one, or two, of many materials, to make them.

The fancy for wraps to match dresses worn under them has grown beyond the limit of the tailored mode and is much in evidence in evening wraps. In these, capes of black crepe or satin, are lined with crepe or other material like the dress, or the material of the dress is otherwise introduced into the wrap. An example is shown in the illustration, revealing a cape made of brocade and plain black satin combined, and lined with plain crepe

in a light color. It is finished at the neck with a band of fur. The straight short-sleeved evening dress is of the same brocade as the upper part of the cape, which can, of course, be worn with other gowns.

Heavy black crepe is a favored material for evening wraps. Capes of it are shown made in two sections, the lower one very full and the upper one richly embroidered in colors. Voluminous collars are often of fur. Straight coats of taffeta, covered with embroidery, and flaring coats bordered with platings of wide ribbon are among the new offerings for this season.

# DAIRY BARN HAS UNUSUAL FEATURES

### Attractive Building Houses 35 Cows and Their Feed.

### MANY PREFER GOTHIC ROOF

Barn is of frame construction with concrete floor and foundation—Labor-Saving Equipment Provided for.

By WILLIAM A. RADFORD  
Mr. William A. Radford will answer questions and give advice FREE OF COST on all subjects pertaining to the subject of building work on the farm, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1827 Prairie avenue, Chicago, Ill., and only inclose two-cent stamp for reply.

Dairymen who erect modern barns to house their herds and the feed for the animals also want attractive looking buildings. Good buildings add to the value of the farm and there is no reason why beauty should not be combined with utility.

Outside of their roof lines and the materials of which they are constructed dairy barns are very much alike. Whatever materials are used in the buildings the two types of roofs—gambrel and gothic—are suitable. Some prefer one and some the other. Adherents of the gambrel roof argue

underneath doors to the loft above. The tackle carries the hay to the loft where it is carried on a track to different parts of the mow.

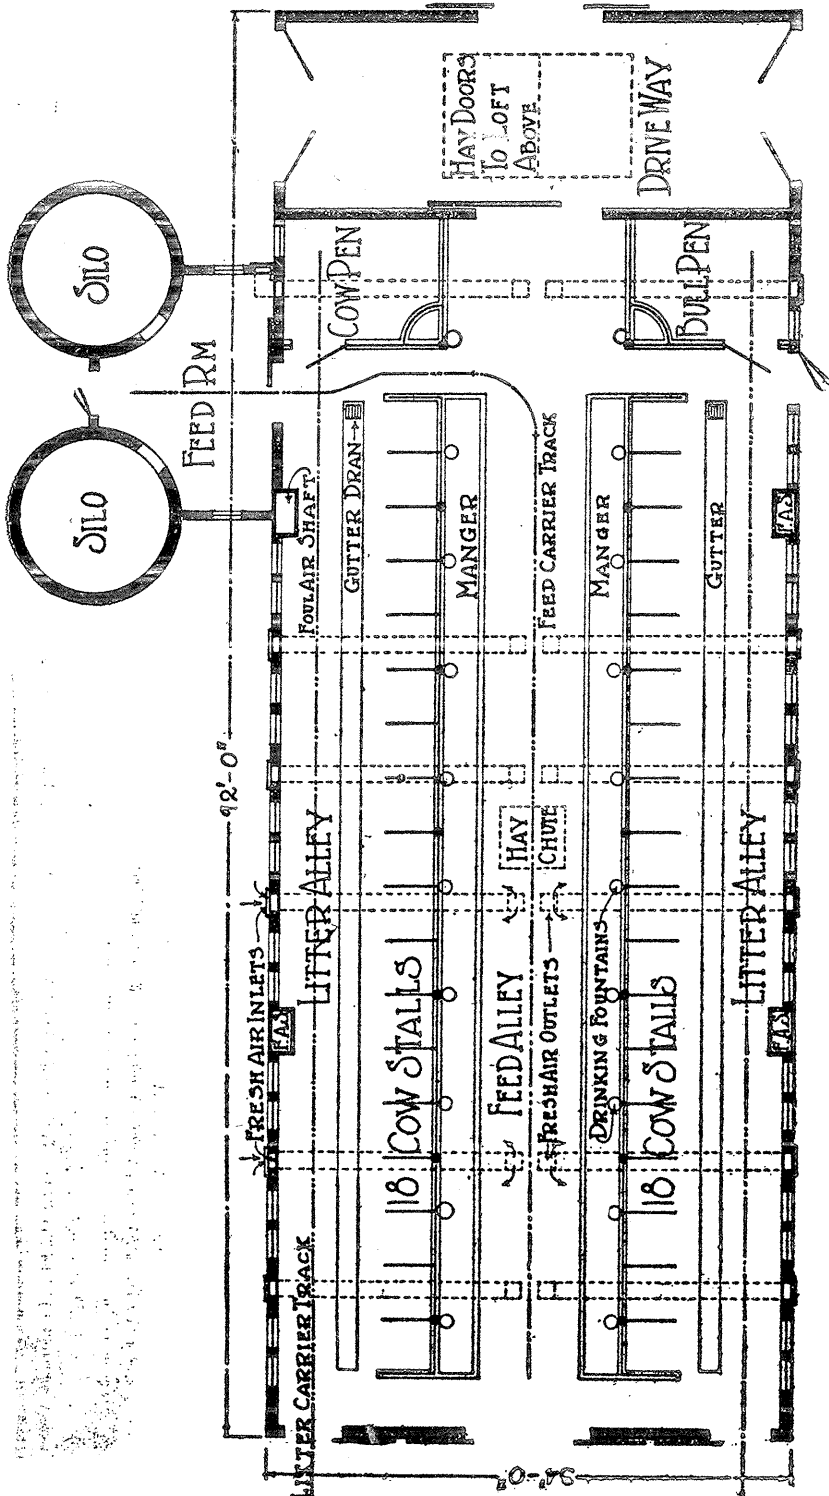

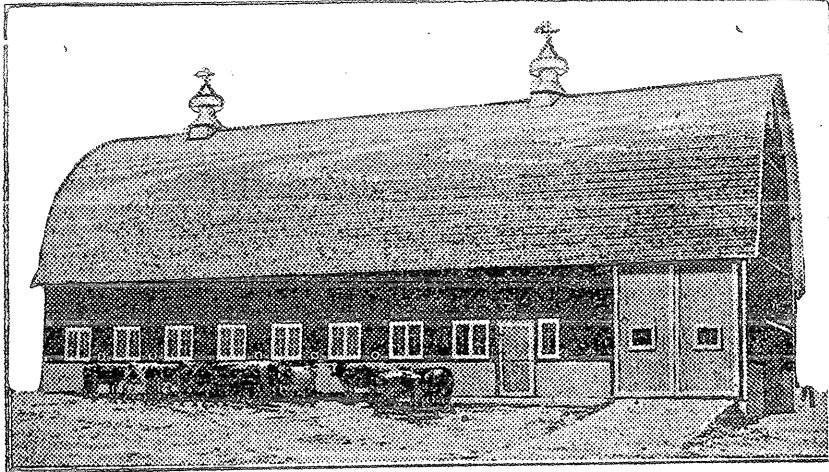

The cow stalls are arranged so that the animals face a central alley or driveway which extends from double sliding doors at either end of the building. The stall partitions are of steel, set into the concrete, while the manger is built in when the floor is laid. Metal manger partitions may be installed.

At every other stall head there is shown on the plan an individual drinking cup, which is accessible to two cows. This, of course, is connected to the pressure water system and supplies the animals with a constant supply of fresh water. Drinking cups, tests have shown, increase the milk flow considerably, some cases having been noted where the increase was 25 per cent.

At the rear of the stalls and along the walls are litter alleys, over which is a carrier track. The litter carrier is run along the track and the litter carried to the pile or shed outside. This makes the work of cleaning the stable comparatively easy. The carrier track also runs over the feeding alley and to the feed room between the two silos at the rear of the barn.

The stable is ventilated by the suction method, the foul air chutes being connected with the suction ventilators on the roof. Fresh air intakes admit the pure air. Constant circulation maintains an even temperature and eliminates moisture that accumulates on the ceiling, especially during cold weather, when a ventilating system is not used.

The building is well constructed and is weather and practically air tight. It is so designed that it will keep the

that there is more room in the hay mow—others hold the contrary. As a matter of fact there is no material difference in the capacities of either.

Shown in the illustration is a good example of the gothic roof barn. The graceful roof lines of the gothic are what make it popular and as fewer of them are erected than of the other type, it is more unusual, and consequently more attention arresting.

This barn is of frame construction with a concrete floor and foundation, the walls of the latter extending up about four feet. The building is 92 feet long and 34 feet wide. It contains stall room for 35 cows, a cow pen and a bull pen. How the interior of the stable is arranged and the equipment it should contain are shown on the floor plan.

An unusual feature of this barn is the driveway through one end. Double doors on either side admit the wagon with the load of hay, which is driven

animals warm in winter so that the feed will go into milk rather than into body heat.

The barn is designed so that it will be a modern milk factory. It is of a size that eliminates waste space, and the owner gets full value for his money. The equipment mentioned makes the work of caring for the animals more efficient.

Little Sunshine in England.

The records at Greenwich showed that London and adjacent territory had only six minutes of sunshine in seven consecutive days last November, says Scientific American. The terrible results of this loss of sunshine through fog and smoke are clearly reflected in the rise of the London death rate during the period to 13.3 per 1,000. One day of dense fog cost Londoners nearly \$5,000,000 in extra lighting, loss of wages, cost of delay, extra transportation and extra laundries.

## Printed Silk Is Used to Decorate This Hat

Printed silk swatches this little cloche of soft beige felt and matches the embroidery of black and white that trims the beige frock. It is a late French fashion.

## Curtains and Floors Suggest Simplicity

Curtains for the summer cottage should be of simple materials, depending upon the general style of the furnishings. For the rustic cabin, burlap in natural color or in blue or green has some advantages. For the gay cabin, cretonne, figured calico, striped linen or figured sateen may be selected. Unbleached cotton in the natural color or dyed is another popular fabric that may be adapted to many uses. Curtains made of it are easily kept fresh and crisp. White materials such as dotted swiss and cross-barred dimity have the merit of simplicity, but they need frequent trips to the laundry. For the beach cottage materials having much dressing should be avoided as when the fog rolls in it renders them limp and unlovely.

Painted walls are best. Next to these are those in the natural wood, oiled or stained. Papered walls are totally unsuited to the real cabin or informal cottage. If some wall covering is considered necessary, burlap is perhaps the best, for it preserves the informal character essential. Burlap-covered walls may be painted or varnished or both and thus rendered dust resisting.

Floor coverings should not be heavy or warm looking. Linoleum, grass rugs, those made of woven rushlike fiber, those India druggets that are so wear-resisting, reversible linen rugs and the Klimark fiber rugs that are light in weight, reversible and have good colors and patterns are all ready for the seeker after the best and most suitable.

Bare floors painted or stained are cool and sanitary, but comfort dictates the use of some small rugs even if the larger ones are rejected. A beach cottage that has been newly built and furnished this season has linoleum on every floor in the house. Linoleum comes in such good colors and patterns that its suitability for many rooms is now being recognized.

## Organdie Is Dainty for Evening Frocks

To the daintiness and charm of an organdie frock is now added a certain sophisticated smartness. For this reason, no doubt, this type of dress is found in a collection of models designed for evening wear.

Formerly organdie was reserved for daytime frocks, but in this new phase it is so cleverly handled that it is appropriate for dances as well as for informal dinners. When organdie is used for this purpose, it is glorified by the most exquisite hand embroidery, often done in metal thread, and by insertion and edging of real lace or embroidered net. To emphasize the beauty of this handwork the dress is mounted over a slip of contrasting color. Sometimes the slip is taffeta, then again it is satin, and quite as often it is chiffon or georgette.

Nothing is lovelier for bridesmaids' dresses than models which reveal the delightful possibilities of pastel-tinted taffetas and organdies. One of the most beautiful frocks seen at a recent wedding was of French blue taffeta with an overdress of cream organdie. This had a wide border around the skirt of hand-embroidered net, the pattern continuing upward to form a decorative border on the silk.

And so elaborate but unusually attractive is the organdie on a foundation of black satin, narrow and slim in line. Over this is a frock of sheerest white organdie, tight as to waist and with a wide, full skirt open in front. The broad cavalier collar is caught together with grosgrain ribbon in a deep shade of rose color and ribbon also forms the quaint little sash which has long loops and ends in back as well as in front. It is the simplest kind of a frock, but its charm is undeniable. It is a model which could easily be copied in other color schemes.

To Wash Black Laces.  
Wash black lace in a solution of vinegar and water, rinse in coffee, and from while still damp with a piece of flannel laid over it. This process will renovate it like nothing else.

## COLORING NEWS.

A certain Michigan daily is notorious for its habit of coloring news to conform with the ideas of its owner. This owner is anti-prohibitionist. Consequently every news story about the liquor question must be so written as to shake the reader's faith in prohibition and make him believe that the whole country is turning to light wines and beer. If one preacher or one senator denounces prohibition the story is given a score head and the choicest position in the paper, but if a hundred preachers and senators uphold it, that fact is concealed as much as possible. It must be apparent to thousands of readers of that newspaper that it is carrying on a systematic campaign to break down respect for the 18th amendment and bring about its repeal or modification. But what about the thousands of others who do not read between the lines and are therefore easy victims of this sort of deception?—Lapeer Clarion.

## ADVANCING OFFICERS STEP BY STEP

Down in Massachusetts they do what many lodges do in electing their officers. They start a man in a lower office and advance him each year one step toward the highest office. In Massachusetts, where the gubernatorial term is four years, they elect a man lieutenant governor with the distinct understanding that he will go on to the governorship. In this way the lieutenant governor gets four years of training for the governorship before he becomes governor. This rule is not set aside without very good reason. Not a bad idea. No constitutional requirement is needed, but in Massachusetts the lieutenant governor fills a much larger place in public life than does that official in Michigan.—Grand Rapids Chronicle.

## EVOLUTION OF STEAM ENGINE SHOWN BY MODELS ON "SERVICE-PROGRESS SPECIAL"

From an old silhouette of the De Witt-Clinton taken in 1831. This was the first train to operate in New York State and, mounted on flat cars, is exhibited on the Service-Progress Special tour of Michigan.

The "Service-Progress Special," of the New York Central Lines, which is a transportation museum with the DeWitt-Clinton Train of 1831, Engine "999," the Warther Working Engine Models, several cars of railroad exhibits and moving pictures started on its trip through Ohio, New York, Pennsylvania, Indiana, Michigan and Illinois from Cleveland June 18th. Thousands have visited the train in New York, Pennsylvania and Ohio. In Michigan sixty-eight stops will be made commencing at Monroe August 15th.

By the end of October the "Service-Progress Special" will have toured 12,000 miles of the New York Central Lines System.

The train is being operated upon requests made to President A. H. Smith, of the New York Central Lines, by Master S. J. Lowell, of the National Grange and President O. E. Bradfute, of the American Farm Bureau Federation, that authentic facts on transportation be placed before the agricultural population of the United States.

President Smith, in pursuance of his long established practice of discussing questions of railroad policy openly and frankly with the public, acquiesced and at once ordered the Agricultural Department of the New York Central Lines to organize the "Service-Progress Special."

One feature to make the "Special" the greatest railroad exhibition train ever operated is five reels of moving pictures illustrating the interdependence of the railroads and the farmers. These pictures are from scenarios written by Charles Frederick Carter, author of "When Railroads Were New." They show the handling of farm products and will be thrown on a large screen at night stops.

Locomotive engineers and railroad officials who have seen the Warther Working Engine Models, which are hand-made of wood, ivory and bone and which form an important part of the motive power exhibit, have pronounced these models to be the greatest miniature engines ever made.

These models are the product of 20 years' work on the part of Ernest Warther, of Dover, Ohio, who is now with the train to explain his work, and are on public exhibition for the first time.

One coach is all devoted to exhibits showing the relation of agriculture and railroading.

Not the least interesting of the exhibits is one special car devoted to the increased cost of Federal, State and local government in this country. This exhibit is called "Mrs. Jarley's Tax Works," in which the growth of taxation is portrayed by many models.

The New Studebaker Special-Six Touring Car

Before you buy any car, see the **STUDEBAKER 1924 MODELS**

Studebaker presents its complete line of 1924 models, announced a week ago, with the conviction that they will increase the prestige of the name Studebaker which, for 71 years, has stood for the best in transportation, quality and value of product.

Into these 1924 cars are built every proved feature in design that makes for the comfort, convenience and safety of passengers, and many refinements that further enhance the value of a line of cars already highly perfected.

It is common knowledge in the steel industry that Studebaker uses only the highest grades of the finest steels. And the same is true of the electrical equipment, instruments, bearings, batteries, upholstery, finishing paints, tires and accessories used in Studebaker cars.

It is equally well known that Studebaker, with \$90,000,000 of actual net assets, including \$45,000,000 of plant facilities, is unsurpassed in ability and resources to manufacture economically and give maximum intrinsic value for a given price.

Produced under these favorable conditions, the 1924 Studebakers are distinctly the finest cars and greatest values Studebaker ever offered.

These are not careless statements. They are facts that reflect the honesty and integrity of the manufacturer and its product just as they do the truth of Studebaker advertising.

The public has placed its confidence in Studebaker by accepting these facts, supported by the performance of Studebaker cars in owners' use. That's why Studebaker sales for the past six years have increased progressively each year and sales for the first six months of 1923 of 81,880 cars broke all six months' records.

Studebaker never cheapens quality to meet competition. The name Studebaker stands for satisfaction and service.

## Michigan Happenings

Paving of 50 miles of M-16 between Lansing and Detroit next year may result from a conference between Governor Groesbeck, State Highway Commissioner Frank Rogers and S. P. Charl, a contractor. Charl presented a proposition to the state board covering all of the work of paving except supplying material. With material at present prices, members of the board said it would be possible to pave the road for about \$30,000 a mile, based on Charl's work proposal. The 50 miles would complete concrete paving between Lansing and Detroit.

A new state park of 50 acres of wooded land lying along the west shore of Lake Gogebic has been added to the group of state owned parks stretching across the upper peninsula. The park at Lake Gogebic was donated to the commonwealth on provision that it would take steps to improve the land and build a highway in from the Cloverland Trail. The 80-acre tract is near the border of Ontonagon county and the Ontonagon supervisors are beginning to build another highway connecting the park with the north end of Lake Gogebic.

Appointment of Howard B. Bloomer, of Detroit, as a member of the Michigan conservation commission was announced here. Bloomer will succeed to the place on the commission last held by Professor Filbert Roth, of Ann Arbor. Bloomer has been actively interested in the park problems of Michigan for some years and has been instrumental, according to state officials, in obtaining some of the lands at present a part of the state park system.

A wheat field on the farm of Farley brothers, south of Albion, was the location for movies taken by officials of the federal government and the M. A. C. The film will be called "Better Seed, Better Crops," and will be used to boost the cause of pedigree seed for the farmers. The Farley farm was chosen because it is one of the experiment stations of the M. A. C. and serves five counties.

Emmett Dalton, the last of "The Dalton Boys," train robbers and all-around desperadoes who terrorized the Southwest 30 years ago or more, has come to Battle Creek to complete his regeneration by having surgeons remove from his body the bullets he has been carrying as souvenirs of his last stand against law and order in 1892.

Nineteen members of the 8th Michigan Infantry was all that attended their 53d annual reunion at Lansing. There are only 60 men living of the 1,200 who enlisted for the Civil War in 1861. The average age of those attending the reunion is 80 1/2 years. The oldest is William R. Collier, of Hart, who is 86.

Announcement has been made at Detroit that the Interstate Commerce commission has been asked by Pennsylvania railroad company for authority to lease the railroad and property of the Pennsylvania-Detroit railroad company for a period of 999 years.

Three thousand youths, between the ages of 16 and 24 years, from Michigan, Wisconsin and Illinois, have arrived at Camp Custer, where they will remain until September 1, receiving military training.

More than a mile of joint state, city and county paving has been opened here, affording pavement through Traverse City from every entrance. The paving is at the west approach to the city from M-22.

J. W. Sims, county agricultural agent, announced at Caro, he believes Tuscola county will repeat last year's record by leading all counties in the state in the production of certified grains.

Abolishment of the state police, an organization which has been under fire periodically since its establishment, is to be an issue at the next meeting of the Michigan legislature, state officials predicted.

Freshmen registration in the University of Michigan last week was 50 ahead of a year ago. Registrar A. G. Hall has admitted 779 first year students, as against 729 at a corresponding date in 1922.

Grand Rapids entertained about 200 delegates from Michigan lodges who came here for the annual state convention of the Ancient Order of Hibernians. It was the first time the organization was here in 30 years.

Charles J. Rouch, 81 years old, G. A. R. veteran, died at his home in Portsmouth township near Bay City, where he had resided 53 years. He was born in Syracuse, N. Y. Rouch served out two enlistments in the Civil war.

The Kent county road commission has sent an appeal to the experimental department of the Michigan Agricultural college to blast out a drain, removing a sinkhole in a Byron township road which has swallowed up a "hill and a half" of earth. The hole is located on a road which runs near Byron Center road near Grand Rapids. Its waters have bubbled away for two months and are found to contain live fish, mud turtles, muskrats and frogs. The presence of the fish is a mystery, as the nearest lake or stream is two miles distant.

Announcement of the appointment of Miss Jean Krueger as dean of home economics at Michigan Agricultural college is looked upon by the school authorities as issuance of a large and more active home economics program for the coming school year. Miss Krueger comes to the M. A. C. from the University of Wisconsin, where she has been acting dean of the home economics department. She will take her post there September 1. The new home economics building now under construction will be completed this fall.

Michigan's position in the controversy between the Chicago drainage district and lake shore states, led by Wisconsin, will be one of passive support of Wisconsin's contentions only, according to reports from reliable sources at the state capital. Recent developments have pointed to a disposition on the part of the Chicago district to meet the protesting states half way. A committee from the drainage district left for Washington to protest the water levels.

The new state auto ferry boat, Ariel, has arrived in St. Ignace and will start on the run between St. Ignace and Mackinaw City, as soon as the docks are lowered so cars can drive on the boat. The docks on both sides are two to three feet too high at present. The Ariel is in command of Captain May. She will carry 16 to 20 cars and will be able to make a round trip in less than two hours.

The annual convention of the Michigan Baptist Young Peoples' union held at Kalamazoo, was attended by about 500 delegates and visitors from every county in the state. Rev. George E. Dawkins, of Royal Oak, was elected president of the union, and Miss Alma Smith, daughter of Professor Lemuel Smith, of Kalamazoo, and herself a senior in Kalamazoo college, was chosen secretary.

After serving Uncle Sam 20 years, John A. Reisedorph, Grand Rapids letter carrier went on the retired list of postoffice employees. Postmaster General New, in announcing the veteran's change of status, wrote a personal letter to Reisedorph, expressing his appreciation of the long and faithful service and extending wishes for the fullest measure of welfare and happiness.

The Michigan State Telephone company was authorized by the Interstate commerce commission to take over the properties of the Citizens' Telephone company which operates exchanges in Grand Rapids, Kent county, and neighboring towns in Michigan and will assume outstanding bonded indebtedness.

Ionia's Chautauqua, which closed last week, was the most successful of its kind ever held there, according to the financial report. The proceeds of the last day were more than \$400, and a total of more than \$1,600 was realized during the five days. It was voted to bring the Chautauqua again next year.

The fortieth annual assembly of the national spiritualists' association opened at Frazer's Grove, near Vicksburg, and will continue in session until August 19. Hundreds of delegates and visitors, including leading spiritualist speaker and mediums of the country, are here for the camp meeting.

Clicord W. Smith, of Benton Harbor, has resigned as secretary of the shipping board to become assistant director for Brazil of the emergency fleet corporation. He will be stationed at Rio de Janeiro.

Three counties, Tuscola, Sanilac and Huron, joined in a grange rally at Harbor Beach last week. James Todd, master of the grange of Huron county, was the speaker.

The funeral of W. P. Hibbard, who died on his seventy-fifth birthday, was held last week. He had been a resident of Three Rivers for 40 years.

Plans are under way for an extension course in music to be offered by Olivet college during the coming year.

The annual meeting of the Bay View Pan-Hellenic association was held at Bay View with sorority members from Michigan, Indiana, Ohio and Illinois present. Miss Clara Kennedy, Detroit, was elected president.

Arrangements are being made for the convention of the Michigan Hay and Grain Dealers' association, to be held at Saginaw, August 21. It is expected the president of the national Hay and Grain association will be present.

## Wide Latitude in Choice of Styles

Present Modes Allow Each Woman to Dress to Suit Her Own Taste.

No fixed or absolute rules govern the fashions for the summer of 1923, writes a fashion correspondent in the New York Tribune. One has wide latitude in the choice of styles. This allows each woman to dress according to her individual taste, but supplies her with such delightful inspiration in the way of particular models that she cannot fall to be guided by it.

The very simple chemise frock in a dull shade with only a touch of a bright color is quite correct as is also the elaborately draped, tightly fitted dress which clings to the figure. The modified Second Empire silhouette is good, too, and the 1890 pert bustle style has many adherents. The skirt made subtly full by godet plaits is fashionable, and split skirts, paneled skirts and many-tiered skirts all give pleasant variety.

Printed silks, chiffons and georgettes are universally fashionable, and for afternoon frocks they often have sober dark blue as their background,

Summer Frock Made of Printed Chiffon Voile With Ribbon Cockade Trimming.

which renders them practicable. While dark blue is the favorite, bois de rose is very smart, as is also almond green, Havana brown and gray.

Bodices and sleeves are variable. In many houses the waistline has resumed its natural place. Waistbands are usually placed just above the hips. Cheruit is advancing the Greek waistline idea, which is charming in her classic models. Sleeves are as many as imagination and individual taste can conceive. The tight upper sleeve with a very full lower portion, either loose or caught to the wrist, is good. Plain, long tight sleeves, tiny lingerte sleeves and puff sleeves are to be seen, as well as dresses with no sleeves at all. The one rule is to make the sleeve individual, regardless of how it is done.

## Lighting Arrangement for Family Comfort

In the bedroom the lighting fixtures should be placed on each side of the dressing table space. If this is not possible one light should be placed in the wall just above the mirror. If the door has a mirror in it a light should be placed directly above it (on the wall). In case lights cannot be placed on each side of it as suggested for the dresser. Each side of the bed space should be provided, or, in lieu of this, baseboard sockets should be placed conveniently near so that a reading lamp may be used. In the dining room there should be, as just stated, a central chandelier with downward-facing globes (the spray arrangement is excellent) placed at such an elevation that there is no glare in the eyes of the diners.

A sleeping porch should be provided with a light at the head of the bed. In the various rooms, sockets should be provided for vacuum cleaners, electric heaters and electric irons.

**Jewelry Novelties.**  
Among new novelties in jewelry are the ribbon earrings. They are made of a long piece of narrow ribbon wound into a small cylinder shape and having pointed ends, one end being caught by the gold or silver mounting which fastens to the ear and from which the ribbon ornament hangs as a drop. One can easily match one's earrings to one's costume by using the desired color of ribbon. Picot ribbon is especially effective made into drops, as they appear to have an engraved design upon them.

**For War Party Frocks.**  
Little segments of accordion-plaited crepe de chine are to be seen on many of the party frocks for children. The plaiting is very fine, and set here and there about the neck, sleeves and hem. Hats for children sometimes have long ribbon ends hanging over one shoulder.

## Bible Thoughts for the Week

**Sunday.**  
TEACHING TRANSGRESSORS.—Restore unto me the joy of thy salvation; and uphold me with thy free spirit. Then will I teach transgressors thy ways; and sinners shall be converted unto thee.—Psalm 51:12, 13.

**Monday.**  
VALUE OF A GOOD NAME.—A good name is rather to be chosen than great riches, and loving favour rather than silver and gold.—Proverbs 22:1.

**Tuesday.**  
REAL PEACE.—Wisdom's ways are ways of pleasantness, and all her paths are peace.—Proverbs 3:17.

**Wednesday.**  
PRAYER ANSWERED.—I sought the Lord, and he heard me, and delivered me from all my fears. This poor man cried, and the Lord heard him, and saved him out of all his troubles.—Psalm 34:4, 6.

**Thursday.**  
PRIDE A PITFALL.—Pride goeth before destruction, and a haughty spirit before a fall.—Proverbs 16:18.

**Friday.**  
LIKE PRODUCES LIKE.—Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.—Galatians 6:7.

**Saturday.**  
CAN'T SERVE TWO MASTERS.—No man can serve two masters; for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon.—Matthew 6:24.

**Stray Bit of Wisdom.**  
Good nature, like a bee, collects honey from every herb. Ill nature, like a spider, sucks poison from the sweetest flower.—Anonymous.

### Kimiwas Japanese Troupe

of Unusually Skillful Equilibrists

They are demonstrators of every kind of perfect balance, especially in foot juggling. Their performance combines all the familiar feats as shown by Japs, with the difference that these performers have brought their offerings up to date, and in consequence, the value is enhanced many-fold. Among some of the feats may be mentioned, besides expertness in acrobatics, double comedy barrel kicking, which has a very funny twist, balancing of a huge tub by the feet, contortion and water spinning. A sensational element is also introduced by one man walking up a rope 110 feet in length from the ground to a high point and then sliding down the entire distance on his toes. Japanese always render a good account of themselves, their acts embracing accomplishments peculiar to the Oriental and so thoroughly well done in their painstaking and faultless manner.

### THE WILHATS

THE INTERNATIONAL CHAMPIONS OF SKILL AND LAUGHTER

THE WILHATS, THE CYCLING EXPERTS who use odd and freakish wheels, are under the exclusive direction of ROBINSON ATTRACTIONS of Chicago, from whom they have been secured as one of the Free Amusement Features for the Cass City Fair, August 14, 15, 16 and 17. This unusually brilliant coterie of artists undoubtedly present the best act of its kind in the profession. Expertness in the manipulation of bicycles, unicycles and freak wheels of every size, shape and description is displayed, and some of the most difficult stunts known to cyclists, among others being single and double giraffe wheels, are accomplished. The two men in the act create endless hilarity and laughs a-plenty with their introduction of all sorts of peculiarly constructed vehicles, but the acme of unrestrained merriment is reached when the "Krazy Kar" is introduced, for it is a screaming travesty on the trials and tribulations of the modern automobilist. This mechanical contrivance is so constructed as to cause explosions and the most peculiar gyrations all seemingly of its own free will and accord. It defies all mechanical laws in its uncontrollable action.

### Miss Happy Harrison and Her Animals

This good looking young woman was named Happy when she was some younger because of her personal perpetual good nature and smiling face. She has not changed since that time, and still deserves the name. Her group of fun making animals, including a baboon, bucking mule, ponies, dogs, and hounds, seem to be endowed with their owner's good nature, and this is easily recognized in their splendid performance. Because of that fact, and the huge enjoyment accorded the "kids" of all ages, Miss Harrison can justly claim more re-engagements than have ever been offered any Animal Act. The baboon rolls a globe, rides a bicycle, and makes himself generally and laughingly useful. The efforts to ride the "Unrideable Mule" result in a riotous demonstration of glee and laughter. The ponies and dogs are an important adjunct to the rounding out of one of the best trained Animal Acts in the country. Miss Harrison personally presents the Act, and is assisted by two competent and capable young men, who aid materially in the creation of unbounded fun.

### America's Glittering Carnival at the Cass City Greater Fair

## Dazzling Splendor in the Fair Midway Features

Mulholland's Greater Shows—A complete and high class carnival assemblage traveling in its own train of 15 regulation circus cars. An amusement enterprise equal to anything ever brought to the Thumb of Michigan. Five Rides, Merry-go-round, Sensational Whip, Novel Venetian Swings, Mammoth Ferris Wheel, and Seaplane. Six Big Shows with their countless world wonders, amusements, and fun-provoking devices. The big animal show, one of the greatest features in the big carnival. The fame of the Greater Cass City Day and Night Fair has become so widespread that the greatest of carnivals, "Mulholland's Greater Shows," has been attracted and signed to exhibit at Cass City's great fair the week of August 14-17. A midway you'll want to see the second time.

### BAND CONCERTS DAILY, AFTERNOON AND EVENING

Bangard's Marimba Orchestra will furnish the dance music at the Cass City Fair. They have played all over the United States and have been highly praised wherever they have appeared. Plenty of pep and jazz with novelties that make you enjoy dancing. Don't fail to hear the Musical Bangards at the Dance Hall, afternoon and night; something new and novel; they make dancing a pleasure.

Michigan Airways, Inc., will have an aeroplane on the grounds. Daily flights will be made. Passengers will be carried at a much reduced rate this year and the sensation of taking a trip in the air is well worth the price.

### "Uncle Josh, Aunt Samantha" and "Pork Chops" That Quaint Old Farmer Couple Just Natural Folks

#### League Ball Games

Tuesday Afternoon, Aug. 14—Cass City vs. Caro.

Wednesday Afternoon, Aug. 15—Akron vs. Vassar.

These two teams are leading the Tuscola County League and this game will practically decide the winner of the pennant.

Friday Afternoon, Aug. 17—Cass City vs. Fairgrove.

These teams when playing before the large Fair crowds always put up a good game and much interest is being shown in the schedule which has been arranged.

### Children's Day Wednesday, Aug. 15

ALL CHILDREN UNDER 12 ADMITTED FREE

Shetland Pony Race in the afternoon, besides the many free attractions, rides, and shows which will endeavor to make this one of the greatest days for the children ever seen at a county fair. Boys and girls, have your parents bring you to the Fair on Wednesday—all day.

### Liberal Premiums

Every Department will have a large number of entries and an interesting time for old and young is assured.

#### THE BOYS' AND GIRLS' PIG CLUB

One of the most interesting and outstanding features will be the exhibits of our boys and girls, and will be well worth seeing. Don't miss them.

Mr. J. M. MacLachlan of Detroit, Michigan, Canadian Government Agent, will have on display a large exhibit of

CANADIAN FARM PRODUCTS, GRAINS, SEEDS, VEGETABLES, ETC.

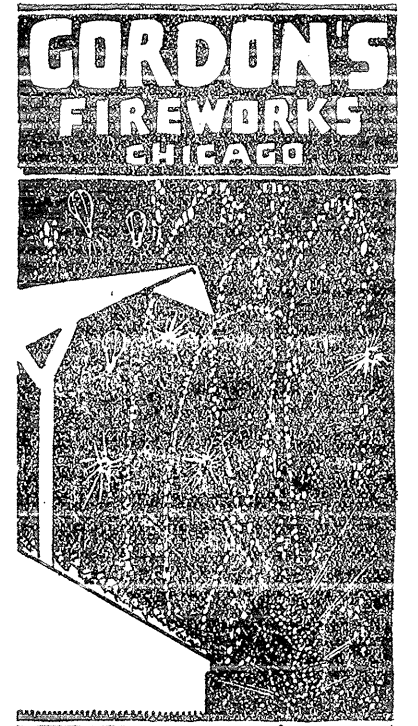

The decorating of this exhibit is done by an expert and will be shown later on only at the larger fairs of the State, including the Michigan State Fair at Detroit. Don't fail to go through the Floral Hall and see this.

### Bring Your Family

to the fair and have them spend a pleasant and profitable time viewing the many new and instructive exhibits.

## Gorgeous Fireworks Spectacle

50 Spectacles Each Night

The most fascinating of all entertainments—pyrotechnic displays—will be given this year in connection with the regular fireworks program. Thousands of people within a 50 mile radius of the fair grounds will throng there each evening of the Fair when the fireworks are set off. The pieces include some of the most marvelous ever manufactured and give assurance that an entertainment of unusual brilliance will be presented. War rockets such as were used in signalling to the armies of the Allies will be fired, giving a representation of the scenes familiar to the boys who went "over there." Star shells, such as lighted No Man's Land with an incandescent glare, will burst over the grounds, illuminating the place for a fitful moment as though it were day. Several set pieces, showing animated cartoons such as "Andy Gump Fishing," "The Fighting Roosters," etc. Each night the grand finale, "Westward Ho," will be staged, showing a battle between the Indians and our early pioneers.

**FORECLOSURE SALE.**

Default having been made in the payment of money due on a certain mortgage, bearing date the third day of March, A. D. 1911, made and executed by W. H. Anderson and Annie M. Anderson, his wife, to E. G. White and recorded in the Register of Deeds' office of the County of Tuscola, Michigan, in liber 104 of mortgages, on page 538, on the sixth day of March, A. D. 1911, that default has also been made in the payment of taxes assessed against the said mortgaged premises and secured by said mortgage and there is claimed to be due upon said mortgage at the date of this notice the sum of seven hundred fourteen dollars and five cents.

Now therefore, by reason of said defaults said mortgage will be foreclosed by a sale of the mortgaged premises described in said mortgage at the front door of the court house, in the Village of Caro, Tuscola County, Michigan, at public auction or vendue, to the highest bidder, on the twentieth day of August, A. D. 1923, at one o'clock in the afternoon. The said mortgaged premises are described in said mortgage substantially as follows, to-wit: all that certain piece or parcel of land, situated and being in the Township of Novesta, in the County of Tuscola, and state of Michigan, known and described as follows, to-wit: the Northeast Quarter of the Northeast Quarter of Section number twenty-one in Township number thirteen North, Range eleven East. The said mortgaged premises will be sold as aforesaid to satisfy the amount due on said mortgage and the costs of foreclosure.

**1924 Models Are the Finest Big-Sixes Studebaker Ever Built**

The enthusiasm with which the new 1924 model Studebaker cars have been received locally is an indication of the reception they have enjoyed throughout the country.

No wonder. They are emphatically the most compelling values Studebaker ever offered and the public knows that Studebaker has been a consistent leader, year after year, in the amount of intrinsic value per dollar invested.

The Big-Six Sedan and the Coupe are the finest cars that have ever borne the name Studebaker. They provide all the performance, all the comfort, and all the dependability that any car will give—at a price that smaller producers cannot approach.

Everything for which one can wish in motoring convenience, comfort and utility has been provided—even to the extra disc wheel with tire, tube and tire cover (two on Sedan); handsome nickel-plated bumpers, front and rear; large, roomy trunk; automatic gasoline signal, and many other features. There is nothing more to buy.

The prices of the Sedan and Coupe are moderate because of Studebaker's large production, vast physical and financial resources, the manufacture of all vital parts in Studebaker plants, and the accumulation of experience and prestige gained through 71 years of building quality vehicles.

# AT THE SANILAC COUNTY SEAT

Sandusky—Bids for the improvement of trunk line highways No. 27 and No. 46 will be let from the office of Ralph Ulbright, county road engineer here Thursday and it is expected that a large number of contractors from all parts of the state will be present to submit bids. Improvements of both roads was recently authorized by the state highway department and will provide Carsonville, Applegate, Crosswell and Sandusky with suitable outlets; the former two to the south, Crosswell to the north and Sandusky to the east and the lake shore. Altogether 19 miles of road will be improved to a gravel width of nine feet.

John Daniels, 16 year old Hemans youth who recently escaped from the Boys Industrial School at Lansing where he was serving a one year sentence on a charge of breaking and entering and who was captured near his home last week by Deputy Billot was returned to the state institution Saturday by Dr. McColl staff physician at the school. Judge Beach sentenced Daniels to the Lansing school some months ago. Companions of the youth who participated in the Decker robbery which led to the boy's conviction are serving sentences in the Sanilac county jail here.

Because he was drunk and struck her Mrs. Joseph Hoffman appeared before John Hyslop, justice of the peace here Monday and preferred charges of assault and battery against her husband who is a cook at the McDonald hotel in Sandusky. Hoffman was taken into custody by officers later in the day and entered a plea of guilty when confronted with the charge. He was fined \$18.50, including costs and given a suspended sentence of 90 days in the county jail upon the promise of good behavior in the future, by Justice Hyslop.

Dates for the examination of teachers for Sanilac county rural school positions during the ensuing year were announced Wednesday by William J. Musselman, county school commissioner. Examinations will be held at the county court house at Sandusky, beginning Thursday, Aug. 9, and continuing until Saturday afternoon, Aug. 11. If on account of religious differences an applicant is not desirous of writing the Saturday examination on that day the same examination can be written the preceding Wednesday, Aug. 8. More than 75 candidates are expected to write the examinations, Mr. Musselman said.

No petitions for the probate of wills or the appointments of administrators were received at the office of Grant H. Smith, probate judge of Sanilac county during the week just ended, Mr. Smith announced today. This is the first week since Mr. Smith took office that no petitions for either of the two matters have not been filed he said.

"One of the busiest days since I have taken office," was the way John Hyslop, justice of the peace here characterized the criminal court docket Monday. The following men appeared before the justice during the day and the following fines were exacted: Charles Hemans, Detroit, speeding on the Shore road Sunday, \$14.55; Floyd Jones, Detroit, speeding on the Shore road, Sunday \$16.00; James Patten, Detroit, speeding on the Shore road Saturday night, \$25; Sydney Hunt, Deckerville, failure to dim lights, \$11; Arthur King, Deckerville, speeding Sunday, \$16.75; William Randall and William Lincoln, prominent Speaker town-hill farmers were fined for illegal exchange of license plates. Because the latter two men requested their names withheld it was impossible to ascertain the amount of their fines from Justice Hyslop.

Meeting Tuesday at the Sanilac county court house the county poor commission transacted only routine business and ordered all bills for the month paid. The meeting was attended by the following commissioners: Irvine Hall, Crosswell, Frank Derby, Applegate and Dan R. Leslie of Decker.

## SANILAC FARM BUREAU HAVE 1,000 MEMBERS

When the present farm bureau membership drive is concluded, the Sanilac county farm bureau will number more than 1,000 members, John D. Martin, county agent, stated Wednesday. The membership drive began June 28 and every day since that time drivers from both the state and county organizations have been scouring the county aligning members for the local bureau. The drive will be continued until late in the fall, Mr. Martin said, in an effort to include every farmer in Sanilac county a member of the farm bureau. Membership in the organization includes also a membership in the state and national farm bureau associations, Mr. Martin said.

## Separate Blouses for Summer Wear

### Convenient Garment Satisfactorily Blends Itself With Skirt.

It is a wonder time now for the woman who must dress on nothing a year. She is given, once again, the privilege of combining separate skirts with separate blouses and once this becomes her privilege in a reasonable way then all sorts of combinations of economy, plus beauty, immediately become possible. While she had her style orders to cleave to the one-piece dress, observes a fashion writer in the New York Times, she had to be a great deal more subtle about making one dress look like two. Indeed, it was not possible to nearly so great a degree as it is with this later mode of dressing.

Now the blouse of today is so perfected and beautified that it is almost out of the blouse class—that is, as we used to conceive the blouse. It is a graceful thing of lovely lines, and its design so blends itself with the skirt that there is no feeling of waist and

Variation of Peasant Blouse, Made of White Silk, Smocked With Various Colors of Silk Threads. Also Simple Little Fold of Printed Chiffon, Which Makes Sort of Fichu Tied in Back.

skirt being separate. You buy a new blouse under the new regime and, behold, you have a new dress! After a while you see that that same blouse would take on a totally different aspect if it were to have a brand-new skirt to accompany it; and so it goes quite indefinitely until after a while you find yourself the proud possessor of a wardrobe the extent of which you had never anticipated.

You can at once see the economy of this scheme. Each separate expenditure amounts to nothing when compared to the outlay involved for a whole new gown or suit. And by the judicious placing of \$5 here and \$10 there, you can accumulate a collection of blouses and skirts that in the aggregate produces a worthy array.

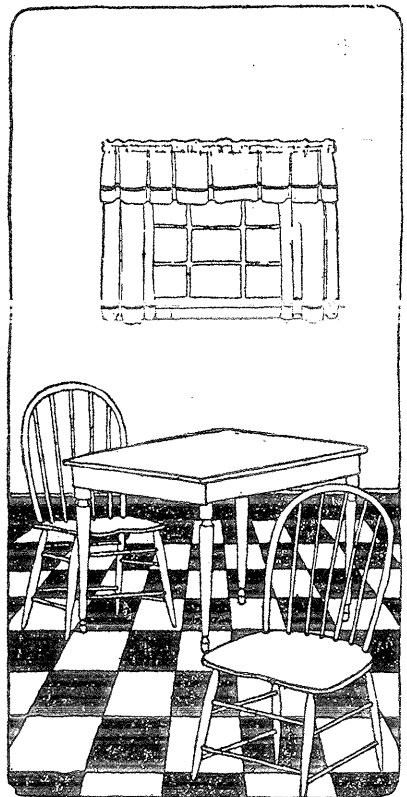

It's surprising, too, how many different sorts of figures can wear these separate waists and skirts to advantage. If they are well composed, and thoughtfully arranged, they have the happy faculty of making each new combination conform to the demands of one's figure, and the restriction of one's business or social activities.

**Skirts Are All Right.**  
Just now, of course, we are most interested in the strictly summer things. How comforting it is to know that the skirts one has are all right—that they need only thinner, gauzier blouses to make them complete for summer weather. And, again, how satisfying to realize that while a black silk skirt will last one indefinitely without cleaning, the blouses can be refreshed regularly, giving one that sense of cleanliness which is all a part of the bargain in the sort of weather we are now facing.

The printed silk blouses, of course, are holding the right of way. And why not? They have proved themselves more than satisfactory, and the brightness for which they are remarkable are so often more becoming and beautiful when confined to the space which a waist takes up rather than spread over the area of a whole dress. There are all sorts of combinations of colors, suiting the most particular tastes. But those that are combined of a color and white—blue and white, black and white, red and white, or violet and white—are the ones which carry with them the coolest effects and impressions. They are the ones that almost make you feel cool when you look at them, and certainly leave that impression on all beholders.

Most of these blouses are made rather long of waist, and about the hips they are either provided with wide belt or are left to drape naturally to the figure, being tied on either side, with sashes or streamers emerging from and being part of the material that makes up the blouse. It is this hip line which is the most important thing about the blouse of today. If that is right, then the success of the costume

## ADDS COLOR NOTE TO THE KITCHEN

The tile-patterned linoleum used in this kitchen and its breakfast corner gives the color note to the room. It may be blue and white, or black and white, or any other combination of color with white. The white muslin curtains have a narrow band of color to match that in the linoleum. The white enamel furniture is really quite practical, as it can be washed so easily.

**Remarkable Request.**  
A Welshman is responsible for this story: There are many builders in Liverpool whose native country is Wales. Some of them have a rather confused idea of the way the English language is to be used. "William Chones," said one of these adventurers in speech, "chust pass me three bricks. Two will do, wan is enough."

**Tribute to Farmers.**  
When tillage begins, other arts follow. The farmers, therefore are the founders of human civilization.—Daniel Webster.
