## FLORENCE TUCKEY

### SAVED BROTHER'S LIFE

#### LAD PLACED IN DANGEROUS POSITION WHEN CLOTHES CAUGHT IN ENGINE

John E. Tuckey, aged 13, started the 4 1/2 horse power gasoline engine at the Tuckey farm Tuesday, and while he was oiling it, his clothes became caught and shut off the governors and John went around on the fly wheel. His clothes were torn in shreds and his body was bruised all over. Florence, his 16 year old sister, saw the lad's predicament and rushed to his assistance. She placed her arm between his body and the fly wheel and pulled the boy to safety.

It remains a mystery how John escaped without more serious injury. It is probable that the lad would have been killed had his plucky sister not been near at the time.

Mr. and Mrs. Tuckey were at Cassville at the time of the accident.

## FILLED MILK IS

### OUTLAWED IN STATE

Michigan Anti-Filled Milk Law Pushed by Bureau Effective August 31.

From a dairy and health standpoint one of the most important laws passed during the recent session of the Michigan Legislature was the bill to prevent the manufacture and sale of filled milk within the state.

Along with the other new laws passed by the recent session of the Legislature, the anti-filled milk bill will go into effect August 31, that date being 90 days after the final adjournment.

Filled milk is manufactured by taking the butterfat, which is worth approximately fifty cents per pound, from whole milk, and substituting coconut oil worth from six to ten cents per pound. This proves a very profitable business for the manufacturer. To show the extent that this was hurting the dairy industry, one has but to consider that last year eighty-six million pounds were produced in this country.

The health aspect of this measure is also important, for when an authority like Dr. McCollum of John Hopkins University states that a child fed a few weeks on it will develop the rickets, we can see how serious it is, and filled milk has been sold in this state in many places to persons who did not realize what they were purchasing, as well as those that did.

The enactment of this law which was championed by the Farm Bureau will go a long way towards protecting the dairymen of this state, and preventing the sale of this product which is so injurious to public health and a fraud upon the public.

Passage of the filled-milk bill at the recent session is regarded as being extremely timely as reports reached State Farm Bureau officials that concerns manufacturing this product which had been outlawed in other states were preparing to ship their equipment to Michigan.

This piece of legislation was prepared jointly by the State Farm Bureau and the Commissioner of the Bureau of Dairying of the State Department of Agriculture, and had the active support of the State and County Farm Bureaus while it was pending before the legislature.

Passage of the Michigan bill effectively puts an end to the filled-milk business in this state, due to the fact that congress recently passed the federal Voigt bill which prevented interstate shipments.

## STRANGERS ROB CASH

### REGISTER AT FAIRGROVE

Two Lure Clerk Out of Garage While Third Man Gathers \$70 from the Cash Box.

Three young men made a clean up on about \$70.00 from a business man at Fairgrove on Monday about noon. Mr. Gehrls, who operates a garage and sales room at that village, was the victim.

Making a pretense of wanting to see Mr. Gehrls, who was not in at the time, the clerk followed two of the party to the door to direct the strangers to the residence of Mr. Gehrls when the third party took advantage of the situation and rifled the cash register and gathered up what he could find and beat it to an automobile when all three skidded without leaving an address. They are still going as no arrests have been reported.

John McPhail of Detroit was in town last week visiting at the home of his sister, Mrs. W. A. Walker.

## CECIL BROWN ENGAGED AS PUBLIC WORKS SUPT.

Cecil Brown, who assumed management of the municipal power plant about two weeks ago, seems to be the man of the hour in the local lighting situation. He gave fine service last week despite the fact that the additional current needed at the fair grounds must have been very taxing to a man in new surroundings.

The council appreciated his efficient service and aptitude for the position and at a special meeting Friday evening welcomed genial "Skin" as superintendent of public works. Agreements were entered into covering two years and it is believed by officials that his experience has been of a type to fit him for developing new lines of service when the village equipment is connected to the high line supply. Mr. Brown is a former employee of the village, having served in a minor position in the plant a number of years ago.

## ENJOYS PLEASANT TRIP TO BEAUTIFUL ALASKA

Miss Lena Gallagher Returned to Her Home Here Sunday from the West.

Miss Lena Gallagher, who taught last year in Seattle, Washington, returned to her home here Sunday after enjoying a very pleasant trip to Alaska. "The Jefferson" of the Alaska Steamship Line took a course in and about the islands up as far as Skagway. Miss Gallagher discovered, after a meeting on the boat at which each passenger told what state he came from, that Chief Engineer Miller was a Michigan man. Later he came to her and asked what part of the state she claimed as home, and when he learned it was Cass City, he told her that he was from Lapeer and had often visited Cass City.

The trip by railroad was very pleasant and led to Lake Bennett at the head of the Yukon river. Although no settlement is now found there, once upon a time Rex Beach and Robert W. Service lived in a thriving town at this site and received many inspirations for their novels and poems respectively. The trail of '98 may also be viewed at this place.

Miss Gallagher stated that Alaska is a beautiful region and is really quite moderate in climate along the coast line, the only distasteful thing being the very long days in summer and the continual night in winter.

As it happened, the Harding party was just returning from the Alaska trip and had stopped at Vancouver when the "Jefferson" passed the port. Miss Gallagher said that everyone at every stop along the trip could not say enough in favor of President and Mrs. Harding. Each person seemed to be impressed with their democratic spirit. The news of the President's death came to the "Jefferson" on the return trip by radio about two hours after it occurred, deeply affecting the passengers of the boat representing all the states of the union.

## UNIONVILLE GIRL PHOTOGRAPHS PRES. AND MRS. HARDING IN ALASKA

Miss Henrietta Walker, daughter of H. F. Walker, publisher of the Unionville Crescent, writes her parents under date of July 17 from Nenana, Alaska, as follows:

"The presidential party was here Sunday. I secured a splendid collection of pictures, close up of the President and Mrs. Harding, and of the gathering of the 'old-timers' before the President arrived. I have a regular movie collection of the President driving the Golden Spike. These pictures should be valuable."

Miss Walker was a Nenana to take the boat to Tenana for a trip of more than a thousand miles up the Yukon, having completed the "Hike" from Seward to Fairbanks. The trip takes her to Dawson, the historical place of the gold-rush days, over the famous White Pass route and trail, to Skagway from where she will visit the beautiful Atlin Lake District of British Columbia before returning to Juneau from where she will leave for the "Outside" after having spent nearly a year and a half in that wonderful country.

## WALTERS-PEDDIE.

James Peddie, well known Elmwood township farmer, was united in marriage with Mrs. Eleanor Walters of Royal Oak at the home of the bride's parents, Mr. and Mrs. Lounsbury, on Houghton St., on Thursday, Aug. 16. The ceremony was performed at noon by Rev. A. G. Newberry, pastor of the Baptist church, in the presence of a small company of relatives. Mr. and Mrs. Peddie motored to Royal Oak and points in northern Michigan on their honeymoon trip.

Supervisor George J. Lee will represent Sanilac county before the state board of equalization at Lansing this week.

## FAIRGROVE GRAIN FIELDS FILMED

### U. S. DEPT. OF AGRICULTURE REPRESENTATIVES TOOK PICTURES MONDAY.

#### U. S. DEPT. OF AGRICULTURE REPRESENTATIVES TOOK PICTURES MONDAY.

The heavy yielding grain fields of Fairgrove township, Tuscola county, will be shown in the "movie" films sent out by the U. S. Department of Agriculture, representatives of which were in Fairgrove township Monday securing pictures of the fields of certified grains which are grown quite extensively in that section of Tuscola county. A picture of the Fairgrove elevator was also secured by the Agricultural Department representatives.

H. C. Rather of the Michigan Crop Improvement Association gave a short talk to farmers of that community Monday in which he stated that Tuscola farmers might feel quite proud that the U. S. Department of Agriculture recognizes Michigan as a leader of grain states producing certified seed.

Last year Tuscola produced practically all the Worthy oats and Wisconsin Pedigree barley that was certified in the state. While there is a small acreage this year, it will produce about the same percentage as in former years. This seed has to pass both field and bin inspection before being certified or registered and gives the farmers of the state an excellent opportunity to get seed well adapted, practically free from disease, insects and noxious weeds.

This year Tuscola county will have around forty inspections in barley, oats, robust beans and Pickett corn. Inspections were made on barley and oats in July for the following men: John Copland, A. E. Goodall and Fred Schwaderer of Cass City, Frank Baker of Vassar, Herman Walt, Reese, and the following from Fairgrove: Henry Lane, W. R. Kirk, Fritz Monte, Joe Davis, Jas. Davidson, Reid Kirk, W. S. Bell, Jim Kirk, Rob Davis, Otto Monte, Ed. Coler, Jim Scott and Thos. Scott.

Out of 30 men in Tuscola county who had certified grain this season only one failed to pass field inspection.

## GRANTED TEACHERS' CERTIFICATES IN SANILAC

Forty-nine Candidates Write in County and Thirty-nine Are Successful.

The following will receive certificates as a result of the examination held August 9, 10 and 11 in Sanilac county: Hazel Hewett, Deckerville; Edna Evens, Deckerville; Mae Dunlap, Decker; Irene Pomella, Snover; Mabel Kenney, Crosswell; Chas. Cleland, Deckerville; Emerson Moran, Crosswell; Benj. Jackson, Carsonville; Mae Fairman, Carsonville; Susie Grice, Tyre; John Quinn, Pt. Sanilac; Nina Boyd, Decker; Jas. Galbraith, Crosswell; Annabel Smith, Brown City; Mabel McVittie, Deckerville; Olive Cook, Decker; Thos. O'Shea, Tyre; Lametta McLean, Melvin; Jas. O'Connor, Carsonville; Lily Grabenstein, Deckerville.

First Year Third Grades.

Vernon VanCamp, Crosswell; Leota Hewett, Deckerville; Marie Garety, Cass City; Ora Anderson, Crosswell; Flossie Merchant, Cass City; Verna Kenney, Crosswell; Jasiel Weyeneth, Deckerville; Margaret Uttsch, Crosswell; Bernice Cummings, Brown City; Verna Moyer, Brown City; Beatrice Ferriby, Crosswell; Winifred Groh, Brown City; Nora Regan, Yale.

Second Year Thirds.

Laura Anger, Melvin.

Third Year Thirds.

Bertha Brown, Carsonville; Alice Snyder, Sandusky; Bernice Ramsey, Brown City.

Second Grade Renewals.

Agnes Johnson, Carsonville; Gladah England, Marlette.

There were 49 candidates and 39 received certificates.

## BETTER FEED BRINGS ADDED DAIRY PROFIT

Kalamazoo Man Increases Net Profit 53 Per Cent by Better Feeding Practices.

A large number of the dairy herds in Michigan are not fed so that they can produce as much as they are capable of, according to the dairy extension department at the Michigan Agricultural College. Better feeding practices, in most cases, will result in an increase in profit that will more than offset the increase in feed costs.

The case of the Standley Jersey herd at Kalamazoo is cited by M. A. C. Bal-

zer, dairy extension specialist at M. A. C., as one of the best examples to be found in last year's records. This herd of 100 cows fed the Kalamazoo cow testing association in 1922 with an average of 7,507 pounds of milk and 434 pounds of fat per cow. The 1921 average of the herd was 5,224 pounds of milk and 310 pounds of fat per cow.

The cost of feed in 1922 was \$59.20 per cow; the cost of feed in 1921 was \$85.42 per cow; showing that each animal was better fed to the extent of \$26.22.

The average net profit over feed cost in 1921 as \$95.26. The average net profit over feed cost in 1922 was \$146.07. This shows that the \$26.22 worth of extra feed that was given each cow brought back \$50.81 extra profit as well as returning the extra feed cost.

Figure on a percentage basis, the net increase in profit, due to better feeding, was 53 per cent. Besides paying for the extra feed, the net gain on the herd in 1922 over 1921 was \$457.29. "The case of the Standley herd holds true with a good share of the other dairy herds in the state" says Mr. Baltzer. "These cows were but waiting to get a chance to do their best. Dairymen will find that it is a good business investment to put more feed into their cows when they will increase the profits 53 per cent besides paying for the extra feed."

## SAY POISONOUS LIQUOR CAUSED MAN'S DEATH

Jury Rendered Verdict on Death of Beet Worker Near Caro.

Frank Aliknick, a Polish beet worker, aged 40 years, died at the Olin farm 1 1/2 miles north of Caro Monday afternoon under circumstances which led county officers to hold an inquest.

Those summoned for the examination returned the verdict that death was caused by drinking poisonous liquor.

Aliknick came from Fairgrove where he was employed in the beet fields to visit Steve Ulan, a friend similarly employed in the beet fields on the Olin farm in Almer township. It is said he came there under the influence of liquor. A Caro physician was called Monday forenoon to attend the sick man. Aliknick died about four o'clock that afternoon.

The man had \$25.00 in the bank and friends raised money to aid in paying his funeral expenses. Aliknick was single and had no relatives in this part of the state.

## ERNEST GOODALL WINS FIRST IN PIG CLUB

Considerable interest was taken last week in the fine exhibit of the Pinney State Bank Pig club at the Cass City Fair. All 15 of the pigs owned by members of the club were shown.

Ernest Goodall was awarded first prize; Arlan Hartwick, 2nd; Mabel Crandell, 3rd; Florence Tuckey, 4th; Watson Spaven, 5th; Ronald Reagh, 6th; Pearl Rockwell, 7th. Prizes ranged from \$10.00 and a life membership in the Chester White Association valued at \$10.00 for first place to \$4.00 cash prize for the 7th place. Harold McGrath, Geo. Gulick, Lorena Quick, Lloyd Ball, A. J. Ferguson, Keith McConkey, Andrew Schwegler, and Kenneth Dodge, all club members each received a \$3.00 cash prize. In addition to the cash prizes, several club members received merchandise prizes from local business houses for certain points made in the contest.

The awarding of the prizes was based on the following schedule: 40 per cent on standing of pigs in showing, 40 per cent on efficiency of feeding and handling, and 20 per cent on story of achievement.

Four of the best pigs will be exhibited at the state fair at Detroit where they will be in competition with Michigan's best swine.

## BEARDED BALL TOSSERS AT BAD AXE FAIR

Featuring Wednesday's Bad Axe Fair, Aug. 29, will be King Ben's famous base ball team of Benton Harbor, Mich. They are touring the U. S. under the management of Francis Thorpe, manager of the long haired colony during the enforced absence of King Benjamin. The team has been drawing immense crowds in New York, Brooklyn, Detroit and elsewhere. It is in great demand and was secured for Bad Axe with considerable difficulty and only upon payment of a goodly sum of cash. This will be a free attraction for the fair.

The opposing team will be an all star aggregation picked from Huron, Sanilac and Tuscola counties.

The bearded Benjaminite giants are playing a grade of ball that compares with the best amateurs in the country or better.

Mr. and Mrs. Geo. Kolb entertained Mr. and Mrs. Frank Mott of Detroit and Mrs. Rose Dawn of Caro on Sunday.

## 34TH ANNUAL FAIR A SUCCESSFUL ONE

### BIG CROWDS ENJOY THE FINE ENTERTAINMENT AT THE CASS CITY FAIR.

#### Very well! Fine! A great success!

The unanimity of opinion of the thousands in attendance at the Cass City Fair is shown in the above expressions which are a few of the many favorable comments heard in praise of the 34th annual exposition which closed here Friday evening.

The weather for the four days was very favorable and the large crowds in attendance appeared well satisfied with the programs as presented each day.

The special free attractions were pronounced skillful performances with just enough comedy to keep the crowds good-natured. The night shows were well attended and the fireworks proved to be, as in former years, a strong drawing card and greatly appreciated by patrons of the fair. The Bad Axe band furnished good music each afternoon and evening.

The exhibits varied in extent, some exceeding those of previous years while others proved less extensive. In the live stock department, the showing of swine was unusually large and the exhibit of horses brought out many fine specimens. The agricultural hall exhibits were hampered of course by an early date, but it is believed that the showing could have been made considerably better by fair patrons.

The race program attracted more fast horses than have been on the track in years with the result that the races appeared better than ever before. Those of Wednesday and Thursday proved especially good. The results:

## SANILAC STOCKMEN ADD FINE SPECIMENS TO HERDS

D. T. Knight Writes of Four Who Attended Shorthorn Sale in Ohio.

D. T. Knight, prominent stockman of Sanilac county, tells of his visit with other Sanilac stockmen at a big Shorthorn sale in Ohio, in a letter to the Chronicle from Marlette, under date of August 20. Mr. Knight says:

"During the week of August 8, 9 and 10, was held the dispersal sale of Shorthorn cattle of Carpenter & Ross of Mansfield, Ohio, where nearly 300 head of high class, registered cattle were sold in a three-day sale which was held at the farm in a large sale pavilion.

This firm is one of the most widely known firms, breeding and importing high class cattle in America, so this sale was to be more than a passing event.

Fred Willis of Snover, Albert Leslie of Decker, Bruce Wheeler of Snover and myself motored down to the sale. We went by way of Toledo and Bowling Green, passing through a most beautiful country where there were well kept farms and homes and arrived at Mansfield at 8:30 in the evening before the sale, where we found good accommodations.

We got up early in the morning and drove out to the farm to inspect the cattle before the sale started. We found the cattle were located on six different farms that composed an acreage of 1640 acres. All the show cattle were housed in ample barns, also the older and younger bulls. It was well worth one's trip just to inspect the wonderful lot of cattle.

Perhaps, I might mention why this firm was disposing of such a valuable lot of cattle. Mr. Carpenter was the senior member of the firm and was the one who financed such a large un-

## FARM BUILDINGS DESTROYED BY FIRE

Thrashing Time Brings Epidemic of Fire Losses to Farmers in Thumb District.

Thrashing time has brought an epidemic of fire to farm buildings in the Thumb district.

Fire thought to have been started by a spark from a thrashing engine caused the loss of farm property valued at \$1,300 and a separator worth about \$800 on the farm of Angus O'Henley, Grant township Saturday. The thrasher was the property of John McIntyre. It is thought that a faulty screen over the stack of the steam engine permitted sparks to escape. Workmen were unable to move farm equipment nearby before the flames were upon them. A barn, oats, wheat and hay were included in the damage. Insurance of \$900 was held on the barn.

All the buildings with contents on W. J. Rapson's farm, northwest of Bad Axe, were wiped out by a disastrous fire on Wednesday of last week. The place is known as the Laird farm, three miles west and two miles north of town. The fire caught from a spark from a thrashing engine which was burning cedar wood fuel. The fire spread so quickly in the straw mow that the man in it, George Murdock, had to jump for his life and in doing so was seriously injured. At first his leg and arm were reported broken but the doctor later found this was not true. The fire quickly spread from the barn to the house, garage and tile silo. All were destroyed with only a portion of the house contents saved. In the barn were 900 bushels of threshed oats and 30 tons of hay. Mr. Rapson's total loss is estimated at \$8,000 with about \$4,000 insurance in the Farmers' Mutual. The thrashing outfit was saved.

About noon last Thursday, fire destroyed the barn, implement shed, chicken coop and hog house on the farm of Chris Ebert, one mile east and two miles north of Pigeon. Besides the buildings one horse, a calf and a sow with 11 small pigs were burned. Nearly all his machinery was also destroyed. The barn contained about 1400 bushels of grain, 12 or 15 tons of hay and a quantity of beans. The buildings were considered among the best in the community. It is estimated that the loss will be about \$10,000, partially covered by insurance.

## WHEAT'S VALUE MORE THAN DOLLAR TO HEN

Wheat fed to the chickens is worth considerably more to the farmer than wheat sold at the present market price, according to C. M. Ferguson, poultry specialist at the Michigan Agricultural College.

Whole wheat may be substituted for corn in both the scratch feed and dry mash, says Mr. Ferguson, who has modified the rations being fed at the M. A. C. poultry plants. An excellent scratch feed that is being used at the college, is made of three parts wheat and one part corn, in place of equal parts of wheat and corn.

But the largest saving in substitution, he says, comes in grinding the wheat, and substituting whole wheat in the dry mash for the bran and middlings usually fed. The old formula for the standard dry mash was equal parts of bran, middlings, corn meal, ground oats, and meat scraps.

The new formula, now being fed at the college poultry plants, and recommended to all farmers with a dollar a bushel wheat on their hands, is: two parts of ground whole wheat, and one part each of corn meal, ground oats, and meat scrap.

The whole wheat increases the feeding value or the mash, and it is a well known fact that the feeding of wheat increases the egg production. Each hundredweight of wheat used saves buying that much bran and middlings. With middlings at \$40.00 per ton, wheat has a substitution value of more than \$1.00 per bushel for poultry feed.

**EDITOR HARDING'S CODE OF ETHICS**

The following Code of Ethics was written by President Harding, as editor of The Marion Star, and was strictly enforced by him on the members of his staff:  
"Remember, there are two sides to every question. Get them both.  
"Be truthful. Get the facts. Mistakes are inevitable, but strive for accuracy. I would rather have one story exactly right than a hundred half wrong.  
"Be decent, be fair, be generous.  
"Boast, don't knock.  
"There's good in everybody. Bring out the good and never needlessly hurt the feelings of anybody.  
"In reporting a political gathering, give the facts. Tell the story as it is, not as you would like to have it. Treat all parties alike. If there is any politics to be played we will play it in our editorial columns.  
"Treat all religious matters reverently.  
"If it can possibly be avoided, never bring ignominy to an innocent man, woman or child in telling of the misdeeds or misfortunes of a relative. Don't wait to be asked, but do it without the asking, and above all be clean and never let a dirty word or suggestive story get into type.  
"I want this paper so conducted that it can go into any home with destroying the innocence of any child."

**WHY NOT CRAMTON FOR U. S. SENATOR?**

(Deckerly Recorder).  
While the people of the state of Michigan are casting about for a candidate to oppose Senator Couzens at the next senatorial election they should not overlook Representative Louis C. Cramton of the seventh congressional district.  
Congressman Cramton has always stood behind the prohibition movement and can be depended upon to stand by the large majority of the electorate who voted in favor of statewide prohibition in Michigan.  
Besides the congressman has had, or will have had, 12 years' experience in legislative halls at Washington which should give him an advantage over any other candidate who has been mentioned as a possible successor to Mr. Couzens.

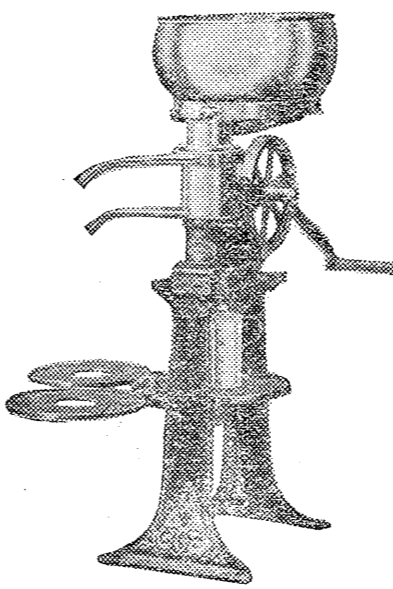

**ISN'T AMERICA AWFUL?**

As the radicals at Chicago said, this is a country of oppression and tyranny and the marvelous thing is that several thousands of Europeans are trying to get into it without polite regard to the toes of the immigration agents. It will be the duty, of course, of the radicals to tell their brothers what a fearful mistake they are making, and no doubt they will get around to it when they get back from the summer resorts.—Newark (N. J.) Star.

**Exterminating Ants in House.**  
This formula is recommended by the government for exterminating black and red ants, and sometimes succeeds where others fail: Boll together water and sugar and borax, making a syrup. Put the syrup in shallow dishes and place where the ants can get to it. They will eat the syrup and leave.

**Valuable American Trees.**  
Among our most useful and valuable trees are the white oak and the red oak, which produce a brown-colored hardwood of remarkable durability, says the School Book of Forestry. The white oak is the monarch of the forest, as it lives very long and is larger and stronger than the majority of its associates.

**OUR POLICY**

We aim at all times to encourage better live-stock and better results for farmers through combining scientific feeding and tillage of the soil with the practical knowledge they may have acquired through years of experience as farmers.

It was to encourage this idea that we started the Boys' and Girls' Pig Club. Somehow we have a feeling that the time and money we have spent and will spend on this proposition is worth while.

We are sending four of the best pigs in the club to the State Fair at Detroit. Time will tell how these pigs rank with other pigs in the state. We are all feeling quite optimistic.

We would like an expression from the fathers and mothers and boys and girls of the community as to whether they consider this work worth while, also if they are willing to back us up on anything we may put on along this line from time to time.

Tell us either verbally or by letter what you think of it. We need your encouragement and co-operation.

News From Home

Going away to school? Well, you certainly want to get a copy of each issue of the Chronicle. Then you can keep in close touch with everything that's happening in the old town nearly as well as though you were here.

Letters from home help, but they don't give all the news like the Chronicle does. Drop in and subscribe before it slips from your mind.

the week at the Fred Seeley home. John and Fred Morris of Cass City took some lessons in horse-back riding this week at the E. A. Livingston farm.

We would like to correct an item which was in the Chronicle last week concerning the number of tons of hay that burned in I. K. Reid's barn. It should have read forty-five tons instead of five tons.

Miss Beatrice Conger of Bay Port is a guest of her uncle, J. F. Evans, this week.

Mr. and Mrs. Arthur L. Ewald and two children of Pontiac arrived Wednesday to spend some time visiting relatives here.

Mr. and Mrs. C. Bingham and family spent Sunday at the A. Summers' home in Cass City.

A few of Marian Livingston's friends helped her celebrate her 12th birthday Monday. The afternoon was spent in games and all enjoyed a good time. A luncheon was served of sandwiches, pickles, cakes and ice cream.

Mr. and Mrs. J. McGrath and family, Mrs. Chas. Randall and sons, and Mr. and Mrs. Gillman were entertained at the John McGrath, sr., home in Cass City Sunday.

E. A. Livingston is rejoicing over the arrival of twins which came Sunday. They are of the Hereford breed. Howard Evans is driving a new Ford runabout he just recently purchased.

CASS CITY HAPPENINGS TWENTY-FIVE YEARS AGO

Items from the Cass City Enterprise of Aug. 25, 1898.

Louis I. Wood of Port Huron is enjoying a week's vacation at his home here.

Don C. Fenn of Leavenworth, Kansas, is the guest of Rev. James W. Fenn and family.

A new walk has been laid in front of the Bolton residence, corner of Houghton and Leach streets.

The barns of Wm. Banister near Holbrook were destroyed by fire Tuesday night during the electrical storm. The loss was quite heavy with no insurance.

Dugald Monroe has resigned his clerkship with J. S. McArthur and is taking up the study of drugs with A. Bond.

Mr. and Mrs. C. D. Striffler, their son, Stanley, and Mrs. W. F. Bockstedt and two sons returned Monday from Flint, making the drive in one day. Eugene Bockstedt will return today on his wheel.

The bicycle which was stolen from beside the Sheridan House last week, was found Saturday evening in a stable at the west end of town in a rather delapidated condition. No clue has been secured as to the guilty party.

Henry Holtz, who lives on the town-line between Novesta and Kingston townships, has passed the sixtieth milestone of his life. There's nothing singular about that but it is strange to note that he has recently cut three double teeth and the indications are that more are on their way.

Our schools will open for the fall term next Monday. Let every urchin take notice and be present promptly on the first day. Janitor Travis has everything in apple-pie order and the floors have received a coating of dust proof oil.

cider mill and evaporator and the manager, Messrs. Schenck and Benkelman, have had difficulty in keeping up with the rush, notwithstanding the fact that the recent improvements made in the plant give them increased facilities. The jelly mill and apple butter department are now in the addition which was added at the rear and a platform at the east side is used for discharging the refuse. A friction pulley and hoist also facilitate the handling of the barreled product.

There's Nothing Complicated About this Spreader

One big reason why the John Deere Spreader gives highly satisfactory service at low cost for repairs is its simplicity. It has no chains, no clutches, and only about half the parts necessary on the ordinary spreader. It gives extra years of service.

JOHN DEERE SPREADER The Spreader with the Beater on the Axle

The beater-on-the-axle construction has made it possible to produce so simple and so durable a manure spreader. This feature is patented—no other spreader can use it. Its driving gears are entirely enclosed—they operate in oil within a dust-proof case—they will wear for years.

In looking at the John Deere Spreader, be sure to note that all of the main working parts are mounted on the rear axle, where they can't get out of line to cause binding, heavy draft and breakage.

The John Deere is a low-down, easy-loading spreader. It's only thirty-six inches to the top of the box. You can see where every forkful goes. High lifting of manure, the hardest part of loading, is done away with.

This machine spreads all kinds of manure evenly; bunching is prevented by the revolving rake—another patented feature.

We can also furnish a straw-spreading attachment for the John Deere Spreader which makes it a perfect two-in-one machine.

There is no machine we sell that we recommend more highly. Come in and let us show it to you.

Rich and Creamy M & B ICE CREAM is built all the way through to suit a man's taste. Smooth as velvet, rich and flavory because it is made from pure cream, and with just the right amount of flavoring to fit your taste. Added variety may be had by pouring over it a generous portion of your choice of Pure Fruit Flavors. Drop in on your way home and take some of this good Cream with you. The family all like it. A. BACKACHE IS A WARNING

Cass City People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Read Cass City testimony.

Mrs. D. Tyo, Fourth St., Cass City, says: "Several years ago I used Doan's Kidney Pills and they relieved me of a distressing backache and put my kidneys in good shape. I was troubled with a dull ache in the small of my back and with my kidneys being weak and acting irregularly, but after I had used Doan's Kidney Pills, those symptoms were gone and they haven't returned."

The congregation decided to have him return for a Sunday as soon as the broken-up conditions due to the vacationing time are over.

Every little while we read a newspaper account of a man, woman, family or party in a buggy being struck by an auto and killed or injured. The buggy had no lights and the oncoming motorist could not see it until it was too late. Anyone driving any kind of a vehicle, gasoline-driven or horse-drawn, without lights is talking his life in his hands. In Michigan there is a law requiring lights on all vehicles and it would be safer for drivers of buggies and wagons to comply with it.

Cass City people who were callers in Caro Saturday evening found the town in unusual activity. A large crowd was drawn to the place to see the Service Progress Special of the New York Central railroad. The latter proved very educational, displaying many interesting things, among others the first locomotive and coach that ever ran on the New York Central line; also the locomotive holding the world's record for speed, running 112 1/2 miles per hour. This travelling museum remained in Caro from seven until ten.

When Calvin Coolidge, sr., was on his way to Washington to assume the office of president, his son, Calvin Coolidge, jr., aged 14, was hoeing tobacco in a sunny field near Hatfield, Mass. One shrewdly suspects that Calvin, jr. will not throw up his farm job, either, and go to loaf about the national capital this summer. Here is a lesson that many sons and fathers might take to heart in these times. There are too many boys today who think it is degrading to do manual work. They favor father's hiring the lawn cut, the snow shoveled and the ashes carried out, while they drive the limousine or "shoot golf." A little more Coolidgeism of this sort would not do a bit of harm.

Gillman and two daughters of Detroit. Mr. and Mrs. Cowan remained to spend the week at the McGrath home.

The members of the Junior League of the M. E. church disguised as hobos, ladies of the court, etc., met on the church lawn Thursday afternoon. The varied costumes caused nearly as much fun as the high school Soda-Busters' Day and could certainly be appreciated by all passers-by. After an afternoon of rollicking gaiety, the youngsters were ready for the appetizing refreshments and when every crumb had disappeared, they sorrowfully left the place of merry-making.

About 100 gathered at the Putnam hall at Caro Friday night by invitation of a Ku Klux Klan organizer to receive preliminary information regarding the "Hooded Knights of the Invisible Empire." Among the invited ones were a half dozen or more from the Cass City community. Organizers for this society have been busy of late in Sanilac county. A meeting was held at Sandusky last week and more than fifty it is reported, listened to a klan speaker outline the purposes of the organization.

Dr. Littlejohn of Port Huron, newly appointed district superintendent of the Port Huron district in which Cass City is included, conducted the fourth quarterly conference of the M. E. church here Tuesday evening. A good number attended the meeting and a unanimous vote to request the return of the Rev. I. W. Cargo for the coming year was carried. Dr. I. A. Fritz was elected lay representative to conference which will be held, beginning Sept. 9, at the Central church Detroit, and James Profit of the Bethel church was chosen as alternate.

The guessing contest at the poultry department at the fair grounds last week caused nearly 500 to stop and deposit their guess in the box in front of a S. C. Buff Leghorn that was given away to the person coming the nearest to the number of eggs this hen laid last year. The guesses ranged from 0 to 367. The first mentioned did not speak very well for the trap nested strain G. W. Landon is handling, but the last showed that some one thought the flock was at its best. Miss Tillie Willerton was the lucky one, and her guess of 154 eggs was the exact record. At this date, it is not known whether the winner will start in the poultry business or not.

Miss Leone Heller of Bad Axe spent this week at the home of Mrs. Chas. Wright.

The Misses Marguerite and Gertrude McKay visited at the home of Miss Zelta Travis southeast of town a few days last week.

Gleanings from Chronicle's Exchanges Representing the Three Counties.

Only four out of 385 voters in city of Yale Monday voted against selling the municipal lighting plant to the Detroit Edison Co., and granting a 30 year franchise to operate in the city of Yale. The Detroit people will pay the city the sum of \$30,000 for the light equipment and Yale keeps the boilers and pumps. This means that the central plant is still the property of the city and the power lines and equipment pass to the hands of the new owners.

The main street of Imlay City will be paved with asphalt on a concrete base. The original contract called for bids for concrete, but residents of the village went before State Highway Commissioner Rogers at Lansing with a request for changing it to asphalt which the commissioner granted. The additional cost will be about \$11,000.

Two small girls in widely separated parts of Sanilac county climbed trees one day last week. Later in the day they met in a doctor's office in Sandusky, with a broken arm apiece. They were Kathryn McElhinney of Elk, and Ruth Mater of Applegate.

Because the Sanilac county courthouse is considered one of the most modern buildings of its kind in the state, a committee of nine Genesee county men were in Sandusky to inspect the building and to obtain suggestions for the new county building to be erected in Flint in 1924 to replace the one recently destroyed by fire.

Dr. and Mrs. J. D. McHerron of Caro were victims of an auto accident Sunday morning within two miles of Vassar, while on their way to Flint, when their new Jewett sedan collided with a truck. A field of corn on the corner obscured the sight of the drivers and the vehicles met at the intersection of the highways. Mrs. McHerron was driving slowly, and when she saw the approaching truck coming full speed she cried out a warning. Dr. McHerron reached down and grabbed the emergency brake and as he was straightening up the car and truck met, throwing his head against the windshield. He received several cuts about the face from the broken glass.

Reversing the usual procedure of jail breakers, two Sanilac county youths Saturday night broke into the county jail here and escaped with four revolvers, three gallon jugs and a quart bottle of moonshine and synthetic alcoholic drinks held as evidence. Wilbert Davis, 18, son of Perry Davis of Moore township and John Durvant, 18, of Peck, whose parents are living in Detroit, were the culprits held early this week for the theft. Their arrest followed the confession of young Davis to his father, who informed the sheriff and returned three gallons of the spoils. The youths were released after severe reprimands from the sheriff and deputies, and will be kept under the surveillance of county authorities.

**NOVESTA.**

Fred Palmateer and children, Mr. and Mrs. Julius Wentworth, Mr. and Mrs. Wm. Patch, jr., and Ben Wentworth and children spent Sunday at Lake Pleasant.

**THESE EDITORS ARE TRUTHFUL**

Recent fish stories, printed in the Harbor Beach Times, the wolf pack story in the Cass City Chronicle and the story about the eagle which tried to carry off a 70-pound boy near Uby which found its way into type in the Bad Axe Tribune, prompted Dave Hubbel of the Crosswell Jeffersonian to hand the editors of these papers a fine compliment by saying in his last issue that "a common every-day liar has no chance in this company." Dave is wrong, however. The veracity of these three editors is so well known in these parts that, personally, we believe everything they print, even to Brother Mizener's fish stories.—Sebewaing Blade.

**Japanese Proverb**

Buy land that slopes toward the center, and marry a girl whose mother is good.

**Friday.**

**THE GOLDEN RULE.**—As ye would that men should do to you, do ye also to them.—Luke 6:31.

**Saturday.**

**HAVE THE MIND OF CHRIST.**—Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Philippians 2:5, 3.

**BOOKS UNDER THE RECESSED WINDOW**

A most convenient place for a few favorite books is this little nook under a recessed window. The easy chair and the good light for reading make a very inviting corner. The chair is covered with haircloth, a very durable new material, in any solid color, such as blue or taupe. The draperies are of a neutral grayish shade with checks embroidered in bright colors. A brilliantly colored half-round cushion is used in the window seat.

**Must Have Constancy.**

Without constancy there is neither love, friendship, nor virtue in the world.—Addison

## DEFORD NEWS

"I love the very storms of my native country,  
I frown not at want and misery  
If Switzerland is only free."  
—Wm. Tell.

To keep a faithful friendship with a friend is one of the most noble works of life.

Wm. Barthell remodels a part of the house lately purchased from Mrs. McCain.

Complaints that filled the air for a time around the milk plant are now serene. The checks came Saturday and the workers drew their silver with a smile.

The Sharp house on section 3, Kingston, is nearing completion. Plastering is already done.

If early frosts don't come, now that we have moisture, we will have stuff enough to eat and to spare.

The fair is too early in the season for a farmer's fair in Michigan. Farm products are not in condition to show in August. If 'tis going to be a farmer's fair, it should be month later regardless of weather.

Dates innumerable for school opening here have been set. All of them wrong. Now we give correct date if the teachers are alive and well. School commences Sept. 4th. We dare wager silver on the date. Best to plead silence on the mixup.

Amuel Frutchey of Saginaw and Frank Terry of Alpena were in town Saturday. Both were interested in the place, having known it from infancy.

The rain Saturday afternoon came in good time and was badly needed.

Mr. and Mrs. Peter Bell have returned after a two weeks' visit in vicinity of Birmingham and other parts of Oakland county.

If you look with the eye of understanding, you will read the word "Death" written on the hard boiled egg.

Margaret, little daughter of Mr. and Mrs. Robert Jacoby, has her tonsils removed.

Don Nutt hurt his loin in the woods last spring and he suffers the effects yet even unto the dragging of one foot.

Old Mr. Stewart is in rather poor health.

Thursday the town was desolate. Of course, there were a few aged ones and the dogs. The other residents had been called to the fair at city of the Cass.

Corn ripens without ears because of drought.

Barber shop open every day after the 28th.

Our minister attended the Romeo camp meeting.

Mrs. Jane Stevenson was here past week preparing her house on the farm so place can be rented.

Morley Palmateer and wife of Inlay City spent past week at the farm one mile east. Morley is able to be around but has no use for hard knocks, nor will he have for some time.

The writer was deputy sheriff of this burg while fair was under motion at Cass City and didn't allow any trouble for the week.

When we read in fair book \$20.00 for best display of collecting farm produce to Farmers' Club, we thought of Town Line southeast of here when it set up its booth eight years ago, and would not have feared to compete with the "Hanging Gardens of Damascus." But they had gentle minded piety then and sang the hymn "We must work for the promised reward and strive for the crown we're to wear."

Mr. and Mrs. Robert Brown from east of Cass City visited home of R. D. Lewis Sunday.

They tell us we live in a progressive age, but think you there are exceptions to all rules. Let us cite a case. In days of old, liquors were carried in leather bottles. Now these flying machines that pass over which we are told transfer medicine from Canada to delicate resorters northeast of us, if they had leather receptacles could drop

us aged Defordites a stimulant while passing o'er, but a glass container is a risky vessel to drop in a land of stone.

Mr. and Mrs. Bohm spent Sunday at Flint.

Mr. and Mrs. E. A. Patterson and Mr. and Mrs. John McArthur were at Deckerville Sunday. They were at home of John Wells and saw the son who figured in the aeroplane accident a short time ago. He is now on the way to recovery.

William Cooper died at his home here on Sunday, Aug. 19th, after a lingering illness of nearly six months. Deceased was in his 80th year.

Mr. and Mrs. A. L. Bruce and Mr. and Mrs. W. A. Bruce spent Sunday at home of E. R. Bruce.

Mr. and Mrs. Wm Wilson and Mr. and Mrs. Clark of Saginaw called at Elmer Bruce's Friday.

Mr. and Mrs. W. A. Lamb of Cass City were callers at home of Elmer Bruce's on Sunday.

Mrs. Alice Curtis is grading pickles at the cupe station.

Howard Myres of Saginaw visits here for a few days.

Mrs. Jennie Pratt and her mother of Detroit, who has been visiting at home of Grover Pratt, have gone to their home in Detroit.

Mrs. Bessie Holt of Rochester came last Thursday to visit Mrs. S. Sherk and other friends for a week.

Mrs. Samuel Sherk reached the 50th mile stone in life on the 16th of Aug. Friends put their heads together and gave her a genuine surprise. She was decoyed to her father, C. J. Malcolm, and when she returned home found 28 aged girls in charge of the domicile. They had ice cream and cake on the scene and Mrs. (Dr.) Merriman had made a birth-cake. Although she can count at times, she just then turned her head into a joke holiday so that all might feel young, and put only sixteen candles on the article, so that "Jen" could call herself "sweet sixteen" for the hour. They presented Mrs. Sherk with a beautiful crepe kimono.

Mr. and Mrs. Elmer Bruce spent past week at Saginaw, where Elmer has his eye operated on. He showed the optic to three specialists before he concluded to have the growth removed. It is apparently coming all right, but he must go back next Friday—for it will take some time to know all is well.

No frost here Monday morning to do harm but close to it.

New potatoes started in this burg at \$2.00 per bushel for a time, then fell to three cents per pound, then dropped to \$1.00 per bushel, and now 75c per bu. Perchance the rains will force them down to 50 cents which is an honest price. There let price remain.

"O, The anguish of that thought that we can never atone to our dead for the stunted affection we gave them, for the light answers we returned to their plaints or their pleadings, for the little reverence we showed to that sacred human soul that lived so close to us and spent the best of their life in our welfare."

Mrs. C. W. Hubbard, who has been visiting her son and other relatives and friends the past five weeks, has returned to the upper peninsula. We will miss her presence among us.

Mr. and Mrs. Geo. McArthur and Mr. and Mrs. Henry Sweet and two daughters, Bernice and Hazel, attended the 25th annual reunion of the Mahaffy-Potter families which was held eight miles southeast of Marlette on Saturday, August 18. There was an attendance of 178 relatives; also Rev. Mr. Taylor, pastor of the Presbyterian church of that place, and wife were present. A very pleasant time was had. Dinner was served in a tent, after which a short program was given by the children, and ice cream and cake was served at six o'clock. The meeting was closed by singing "God Be With You 'Till We Meet Again."

Mr. and Mrs. E. L. Patterson and Mr. and Mrs. Geo. McArthur spent Sunday at the home of John Wells of near Deckerville. Homer Wells, the victim of the aeroplane accident a few weeks ago, is improving nicely from his injuries, and expects soon to be able to work again.

## Deford Church Notes.

The S. S. board meeting was held at the home of Howard Malcolm Tuesday evening, a profitable evening was spent.

The funeral services of William Cooper were held in the church at 2:30 o'clock Tuesday, Rev. W. Hubbard officiating.

The ladies' aid served supper in the hall Wednesday. They serve supper every third Wednesday in each month. The weekly prayer meeting was held

this week at the home of Rolland Bruce. Unless otherwise announced it will be at the home of John MacArthur next week. Let us have a large attendance.

The W. F. M. S. met at the home of Mrs. Chas. Kilgore Thursday afternoon. We do enjoy this work. We are greatly helped and God is blessing our efforts in many ways. The subject of tithing was part of our study and every one is determined to do his part. Official board meeting at the parson-

age Friday night.

The proceeds of the ice cream social given by the Upstreamers Class netted about \$10.00. We thank you all.

# The Truth About Gasoline Prices

**T**HE Standard Oil Company (Indiana) has announced an immediate reduction in the price of gasoline of 6.6c per gallon applicable throughout the entire territory in which it does business.

It asserts that the retail prices thus made are below the cost of production and distribution.

The Governor of the State of South Dakota, buying distress gasoline below cost of production, and charging against the State no adequate cost of distribution, is selling gasoline to the public in the State of South Dakota at 16c per gallon.

The Standard Oil Company (Indiana), operating on its established policy that the customers who purchase its goods should never be compelled to pay a higher price than that fixed and maintained by any competitor, quality and service being duly considered, has met this price.

Other State Executives and Officers of municipalities, with entire propriety, have suggested that any prices made in South Dakota be made applicable in their States. Competitors in other states and communities over the territory, also buying distress gasoline below cost of production, have also cut the prices hitherto established and maintained, in substantial amounts.

In establishing the above price, the Standard Oil Company (Indiana) is not endeavoring to injure any of its competitors in any way.

It deprecates the stand taken by some of its competitors that the Standard Oil Company (Indiana) is endeavoring, by reason of meeting these cuts in price and these demands for lower prices, to put its competitors out of business.

The Standard Oil Company (Indiana) does not wish to put any competitor out of business because it feels that competitors are necessary to the successful conduct of its business. It will welcome a change of attitude on the part of all parties concerned resulting in a reasonable price for gasoline which will enable not only it but all of its competitors to enjoy a reasonable profit.

It recognizes that the majority of its competitors are fine business men, entitled to the fairest treatment both by the public and by this Company.

The present situation is an exact parallel to one where the butcher, the grocer, the druggist, the dry goods and shoe merchants and every other retailer would be forced to sell at less than the wares cost.

How long would it last? What would a condition like this do to all of us—if it persisted and spread?

We want no monopoly—seek none. We want your trade—but only on the basis of quality and service—not as the result of impossible prices.

We want competition—you want us to have it. It makes the scales of business balance.

These are not idle words. They mean just what they say.

**MICHIGAN STATE FAIR**

NATION'S GREATEST FAIR

### Michigan Happenings

The cornerstone of the new board of commerce building at Saginaw, was laid by the Masonic Grand Lodge of Michigan. The building, when finished, is intended to house all the varied community activities that a board of commerce implies. The impressive ceremonies of the Masonic cornerstone ritual, presided over by Grand Master Charles A. Durand, of Flint, were carried out in full form. President George H. Boyd, told something of the objects of the organization in undertaking the construction of the building.

Completion of concrete highways between Ann Arbor and Detroit and between Grand Rapids and Grand Haven, has been approved by the state administration board. Contracts were let for the stretch of road between Ann Arbor and Ypsilanti needed to connect up the concrete on M-53, while other contracts were let for connecting bits of road near Marne on M-16, supplying the parts of the road between Grand Haven and Grand Rapids not finished or under contract at the present time.

The purchase of a second steamer for the state ferry service across the Straits of Mackinac was authorized by the State Administrative Board. A report submitted to the board showed that the boat now in service coast about \$25,000 and is averaging about \$500 a day receipts, although its rates are far lower than those formerly in force. It is the idea of Gov. Grosbeck and other board members to ultimately make the ferry service free, as part of the state highway system.

Michigan has 125,000 acres of land devoted to the culture of sugar beets, as against 45,000 acres in Ohio and 10,000 acres in Indiana. So much was developed in the report of F. R. Hathaway, of Detroit, secretary-treasurer of the Michigan Sugar Beet association and an officer of the Ohio organization, as he offered it to the Trans-Michigan-Ohio-Indiana Shippers' convention at the Board of Commerce, Detroit.

Eugene Miller, arrested several weeks ago on a charge of attempting to wreck a passenger train on the Pennsylvania lines near Manton, pleaded guilty to the charge and was sentenced by Judge Fred S. Lamb to from 15 to 25 years in Marquette prison. Miller, at the time of his arrest, claimed he wanted revenge for having been thrown off a freight train some time previous.

A net profit of more than \$18,000 is shown in the final report of the State fuel administration, completed by Administrator W. W. Potter. The administration was given a drawing account of \$500,000 and \$15,000 for expenses. It turned back \$533,723. The fuel administration was created by a special act of the Legislature to function during the coal shortage last winter.

The order of Harugari concluded its convention at Alpena, by choosing Marshall, for the convention in 1924. The following officers were elected: Oscar Ehrman, Kalamazoo, president; Max Kramer, Detroit, vice-president; Paul Richter, Lansing, deputy; Ernest Wilms, Detroit, secretary; Mrs. Ottilie Moew, Detroit, and John Eibler, Ann Arbor, trustees.

Two girl scouts, Evelyn Vander Weghe and Beatrice Pilotte, both 13 years old, of the Rainbow troop Escanaba, saved their companion, Hazel Cole, 12 years old, from drowning in Lake Michigan. They will be awarded special scout medals for their bravery. The Cole girl ventured out into the lake beyond the others and stepped into a deep hole.

Frank H. Sommerdyke, 35 years old, a junk dealer of Grand Rapids, whose hobby it was to follow the fire apparatus as it sped to alarms, died recently of heart disease due to the excitement of following the shrieking siren. He took up the chase as a fire truck passed his home, but suddenly fell dead. The alarm, it later was discovered, was false.

The D. U. R. is officially an outcast in River Rouge. "Get out and stay out" ordered the River Rouge council last week. The railroad was told, in a resolution introduced by Mayor Thomas Bresnahan and adopted unanimously, to remove its tracks from River Rouge's streets and to halt forever any operations within the city's limits.

From three states outside of Michigan come students who received certificates at the first commencement program ever held in the Northern State Normal school at Marquette at the close of the summer school session. Three are from Kansas and Wisconsin and one from Minnesota.

Horseshoe pitching, sack races and boat and swimming contests were among the attractions of the annual home-coming celebration of Paw Paw & Pugsley's lake last week.

Attorney General Andrew B. Dougherty, came to Menominee to examine reports of the committee appointed several years ago to investigate the disputed boundary between the states of Michigan and Wisconsin. The lands which caused the dispute between the two states include valuable tracts of iron range between the head waters of the Brule and the mouth of the Montreal river; several islands in the Menominee river, and Chambers, Washington islands, and several smaller islands in Green Bay. These islands, now supposed to be part of Wisconsin, are claimed by Michigan.

Bodies of 11 Civil War Veterans, buried in the Old Catholic Cemetery at Marquette years ago, will be moved to the special plot being maintained by the Women's Relief Corps for Veterans within the next month. It was announced here. Permission has been granted the corps by the Right Rev. P. J. Nussbaum, bishop of the Marquette Catholic Diocese, and city health officers. The bodies to be removed are the remains of veterans whose relatives are either dead or can not be located.

Detroit will be visited Aug. 25 by General John J. Pershing, it is expected, incidental to resumption of his military tour of inspection halted by the death of President Harding. According to a wire sent General George Van Horn Moseley, commanding officer at Camp Custer by Major-General Harry C. Hale, commanding officer of the sixth corps area, General Pershing will resume his trip and carry out the original schedule.

A presentation of William Tell, modernized by the substitution of rifle and tin can for bow and apple, ended fatally when Saivey Harper, 47 years old, died in Receiving hospital at Detroit. The police say Harper and Oscar Haynes, a neighbor, tried some sharp-shooting on the city dump near their homes, one holding a tin can while the other tried to send a bullet through it. Harper fell with a bullet through his head.

Mrs. J. S. Marts, of Lake Odessa, has been elected president of the United Brethren Christian Endeavor and Sunday School union, which concluded its twenty-sixth annual convention at Grand Rapids. Other officers named are: Vice-President, Rev. C. E. Zuss, of Wyoming Park; recording secretary, Mrs. Mary Babler, Sodus; corresponding secretary, Miss Gertrude Keiser, of Detroit; treasurer, Mrs. Mildred Gladstone, St. Johns.

Convicts from the Jackson state prison were at work on the Galesburg-Augusta highway helping to complete one of the last gaps in the all-paved way from Detroit to St. Louis, Mo. The prison inmates' camp was set up near the village of Augusta. The work is well under way with orders from the state highway department to rush the gap to completion this fall, if possible.

The 21st annual convention of the Michigan Letter Carriers' Association was held at Kalamazoo and one of the speakers was A. P. Lang, of Pleasantville, O., president of the national organization. Another speaker was Willis Lawrence, of Climax, Michigan's first rural carrier, who is still carrying mail after 27 years' service.

Articles of association of the Saginaw Transit company have been filed with the secretary of state, also a petition with the Public Utilities commission, asking approval of the financing of the company that is to operate Saginaw's transportation system under the franchise granted by the people at the election, June 25.

Prosecution of Michigan cantaloupe growers who sell green melons treated to look as though they are fully ripe may be started by the State, according to an announcement from the Department of Agriculture. The Department was compelled by State inspectors to destroy nearly all of two shipments which were so treated.

Ambrose Mason, 93, said to be the oldest Mason in Michigan died at his home in Hart. He was a carpenter by trade, and was actively engaged in that pursuit until past 87 years of age. He was the last surviving charter member of Wighton Lodge No. 253, F. & A. M., of Hart, which was organized in 1867.

The fifty-ninth annual reunion of the Eleventh Michigan volunteer infantry association was held at White Pigeon. The regiment was mustered in White Pigeon in September, 1862 and left the following month for the front. It was engaged in the battles of Stone River, Missionary Ridge, and Chickamauga.

Word has been received at Camp Custer by Brigadier General Moseley from sixth corps area headquarters that General Pershing will be at camp the latter part of August. It is planned to make this the greatest day in the history of Custer. It will be called Detroit day.

A building bee of at least 100 American Legion men of the eighth and tenth districts of Saginaw will join in the erection of a big bunk house at the legion camp, Higgins Lake.

### SANILAC STOCKMEN ADD FINE SPECIMENS TO HERDS

Concluded from first page. detaking. His partner, Mr. Ross was the one who knew good cattle, their ancestry and breeding, and also knew how to show and fit them and mate to produce cattle of the quality this firm had the reputation of sending forth year after year. In fact, they often had three different herds on the show circle attending the state fair. Last year they won enough prizes with their show cattle to pay all expenses of showing and also of operating their large farm of 1640 acres. Mr. Carpenter was a man who was getting up in years so wished to retire and as Mr. Ross did not have the capital to buy his partner out, they decided to have a dispersal sale.

The first day of the sale was late in starting as a lot of breeders from Kansas City were coming and they were late in arriving. However, a large number of cattle were sold at an average of nearly \$500 per head. The second day's sale started at 10:30 prompt and this was the day most of the noted bulls were sold, especially the great imported Bull Rodney who sold for \$7,600. Next came the three show bulls, Maxwilton Monarch, who has never been defeated and has been shown as a yearling up to a four year old, winning every prize and also champion and grand champion wherever shown. He was a wonderful animal and was thought by many breeders a better bull than Rodney. He sold for \$4,300. I might say that the second day's sale ended with an average on 40 bulls of \$1,000 apiece.

Well, we decided to stay the next day and see the great sale finished. I might state that the second day, they stopped at five o'clock and gave the large crowd their supper and then continued the sale up until 9:30 in the evening so that the sale could be completed in good time the next day. After each day's sale, the cattle sold were taken back to the farms where they were located and a new bunch brought in each day.

The cattle were so good in quality and uniformity that the cattle sold as well the last day as on the first day. In fact, the last cow topped the sale at \$1,600. Two hundred eighty-two head of cattle were sold at an average of \$467, making a grand total of \$131,555.

In conclusion, I might say we bought 11 head of cattle which we think will be a valuable addition to our herds, Mr. Willis getting three head, Mr. Wheeler three head, Mr. Leslie three head and myself two head—one a young bull sired by the great bull Rodney and his dam is safe in calf to the show bull, Maxwilton Monarch. In all, we got a good lot of cattle.
