

SCHOOL OPENS NEXT TUESDAY

THE JANITOR AND DECORATORS HAVE PLACED BUILDINGS IN FINE SHAPE.

Decorators have completed the work of improving the appearance of the rooms of the Cass City school buildings and W. R. Kaiser, janitor, has everything in fine shape for the opening of school next Tuesday. Supt. Holmes, who arrived here Saturday, is much pleased with the cleanliness and fine appearance of the buildings. The quarters equipped for teaching home economics are hard to beat. Brightness and cleanliness predominate and an up-to-date housewife would express delight with the pleasant surroundings equipped with sewing machines and sewing tables, cooking tables and stoves, convenient cabinets and large cupboards.

Six new teachers are included in the staff of 17 instructors. Miss Ellen Palm of Ludington, the new teacher of English and public speaking, taught similar subjects at Boyne City last year. She is a university graduate.

Miss Alberta Bishop of Bangor, in charge of music and art, is a graduate of those branches of study at the Valparaiso university.

Miss Margaret Horner of Otsego will be in charge of the language department in the high school. She is a graduate of the Western State normal.

Miss Avis Smith of Grand Ledge, in charge of home economics, is a graduate of the Michigan Agricultural college.

Miss Reva Schultz of Ionia, instructor in the fourth grade, and Miss Marie Tindale, teacher of the second grade, are both normal graduates.

Several of the teachers on last year's staff who have been re-engaged have been attending summer school since the public school closed in June. Among these are H. W. Holmes, Mr. and Mrs. Earl Brooks, Mrs. Blanche Ferguson and Miss Margaret Hurley. Led by a competent and splendid corps of teachers, the coming year in the Cass City schools promises to be a very successful one.

STRIFLER-STURM NUPTIALS AT DETROIT CHURCH

Rev. R. J. Striffler officiates at Ceremony Where His Sister Is the Bride.

A very quiet wedding occurred at 3:30 o'clock, Thursday afternoon, August 23, in the Mack Avenue Evangelical church, Detroit, when Miss Ione Striffler and Dr. William H. Sturm, both of that city, were united in marriage. The ceremony was performed by Rev. Roy J. Striffler of Wauseon, Ohio, brother of the bride.

The bride was very charmingly gowned in cocoa brown Canton crepe with hat to match and carried a bridal bouquet of Ophelia roses. Mrs. Strum is the daughter of Mr. and Mrs. W. D. Striffler of this city. She is a graduate of the Cass City high school of the class of 1918. Since her graduation she has been employed as a pharmacist in Pigeon, Lapeer and with the Union News Company drug store of Detroit. She is at present employed as a pharmacist in Schettler's drug store in the David Whitney Building, Detroit.

Dr. Sturm is a former Pigeon boy and a graduate of that high school. During the war he served in the navy. He attended Michigan Agricultural College and later the university from which he received his degree in dentistry during the past June. He is now practicing in Detroit.

Their romance began while Mrs. Sturm was employed in the Orr Pharmacy at Pigeon and has continued uninterrupted. Immediately following the ceremony the newly married couple embarked for a brief honeymoon trip on the lakes to Buffalo, Niagara Falls, and other points. They will be at home at 2916 Fisher Avenue, Detroit.

FORD EXHIBIT TO BE LARGEST EVER

Company's Display at the Michigan State Fair to Eclipse All Previous Showings.

Visitors to the Michigan State Fair at Detroit will receive something of a surprise when they take in the exhibit of the Ford Motor Co.

G. A. Tindale, Ford dealer here, has just received word from the Detroit branch office saying that the display of the company this year will be on a more elaborate and extensive scale than ever before and of an entirely new and unique nature.

Three acres of ground space have been secured for staging the big exhibit. On this there will be two great tents, 240x60 feet which will house the larger exhibits and they will be so arranged that visitors will pass along inside from one to the other in such order that they may fully enjoy and understand the nature of the display and its significance.

In addition to these tents there will be an especially interesting display at the company's pavilion where the Ford band will appear in daily concerts. Another tent will provide rest room facilities and a special tent will be devoted exclusively to the showing of motion pictures. The Ford Hospital and Trade School will be represented in still another exhibit and the Ford railroad, the Detroit, Toledo and Ironton, will have one of its big engines on a specially constructed track.

All together the Ford Motor Company's display this year will be well worth seeing and residents of Cass City who plan to visit the fair are especially invited by Mr. Tindale, local Ford dealer, to include in their tour of the grounds the Ford exhibit, assuring them of an enjoyable time.

BIG GATHERING AT THE VOGEL HOME

Thirteenth Annual Reunion of the Vogt Family Was Held August 23.

The thirteenth annual reunion of the Vogt family was held at the farm home of Mr. and Mrs. A. Vogel near Greenleaf on Thursday, August 23. After a bountiful dinner on the lawn, a fine program was given followed by the regular business meeting. MOSHIER DESCENDANTS MET AT DEFORD

Bountiful Dinner Served to 100 at First Reunion Held on Saturday.

The descendants of George Moshier, who was born near Maricksville, Canada, in the year 1810, met at the beautiful farm home of Roland Bruce in Novesta township on Saturday, 25, 1923, and organized the Moshier reunion. After a bountiful dinner was served to nearly 100 guests at long tables made beautiful with flowers, a ball game was played between the Midgets and Giants, social visiting and pleasantries was indulged in, and snap shots were taken of the merry group.

The company was called together by Robert Brown of Caro, president pro tem, and the following officers were elected: President, John Moshier; secretary, Mrs. Bessie Moshier-DeGros; treasurer, Mrs. Hester Moshier-Soles; journalist, Mrs. Ida Moshier-Brown; chaplain, Miss Nora Moshier.

The Moshier families came to Lamotte and Novesta township in the early sixties, when an Indian trail was the only road. Mrs. Reuben Moshier was the first white woman to settle in Novesta township. They were the real pioneers; they thought it worth while to be wise in the use of time and did not sit down in idleness so they built, worked and served God, forgetful of self, helpful to the world by doing loving deeds, and each has helped to make a beautiful garden from the wilds.

As far back as can be found in the family tree, the Moshiers were Orangemen and in their memory Mrs. Ida Moshier-Brown made a beautiful pyramid cake decorated with the American flag and orange and purple colors, and Mrs. Hester Moshier-Soles served each guest with a generous slice, in memory of the Moshier clan passed on before. The spacious parlors were made lovely indeed with orange and purple flowers.

There were guests present from Portland, Oregon; Toledo, Ohio; Oxford, North Branch and Caro. The gathering adjourned to meet with Mrs. Margaret Moshier-Kitchin the third Saturday in July, 1924. Prayer was offered by the chaplain and thus ended a perfect day.

FARM LAND GETS STATE TAX CUT

FARM LEADER'S PLEAS FOR REDUCTION IN RURAL LEVY GRANTED.

Members of the state board of equalization, after hearings extending over several days, have fixed the equalized value of Michigan for 1923 at \$6,540,000,000. This is an increase of \$1,540,000,000 over the past years and falls almost entirely upon the industrial centers of the state.

The total reduction made from the tax commission's recommendation is \$5,065,000. The reductions are entirely in agricultural counties.

Wayne county was raised to \$2,666,500,000, an increase of nearly \$600,000,000 over the equalized value of a year ago.

Ten northern counties were given reductions. As the result of the big increase in valuation, the state tax will be considerably reduced. George Lord, chairman of the tax commission, states that it will be about \$2.32, as compared with \$3 last year.

The amount of state tax to be collected this year will be about \$16,000,000. This is a considerable reduction in the amount that Michigan taxpayers must pay to the state. Last year the state tax was over \$17,300,000.

The reduction in the levy on the rural districts and the raise to the industrial centers is all the more noteworthy because of the tremendous effort which was made by Detroit representatives to show that city levies should be reduced or at least kept down to present levels. The decision of the board is a splendid tribute to the supervisors and others who so ably represented the rural districts.

It is well to recall that in the hearings recently held before the State Board of Equalization to determine the state's equalized value and to re-report the tax levy among the several counties of the state, Michigan farmers and the Michigan State Farm Bureau were ably represented by Melville B. McPherson of Lowell, member of the Board of Directors of the State Farm Bureau, and an acknowledged authority on taxation matter.

Mr. McPherson presented evidence to prove what is commonly known to be true, namely that in Michigan today rural property is valued relatively higher than is city property. He declared before the tax board that Wayne county should remain at its recommended value for 1923 while the rest of the state should be reduced an average of 10.87 per cent.

McPherson declared that farm property is either assessed too high or the utilities of the state and city property are assessed too low and he gave figures to show that while the tax commission had increased the general property valuation of the state 78 per cent since 1916, mining properties from 1915 to 1922 were increased only 25 per cent, and for the same period the railroads and other corporations paying the primary school interest fund specific tax were increased only 19 per cent.

Mr. McPherson said real estate and corporate property in Detroit showed an assessed value of about 61 per cent of its actual value, while rural property showed 85 per cent of that value. Later, in reply to Mr. Nagel of Detroit, he cited a number of tracts of farm land in Kent county showing by their sale prices they were either purchased recently or offered for sale at less than the assessed valuation. Nagel claimed that only in Detroit could property be bought at less than its assessed valuation.

CRAMTON NOT CONSIDERING U. S. SENATORSHIP

His Position in House Makes His Work Interesting and of Importance.

A news story in a Detroit newspaper early this week pre-announced the entry of Louis C. Cramton of Lapeer, representative of the 7th district, into the next senatorial campaign as an opponent of James Couzens of Detroit.

The following statement was issued by Mr. Cramton Tuesday relative to the matter: "I am not now a candidate for United States senator, have given no attention to such a matter and do not now expect to be a candidate. My district has given me very generous support for a number of years and has enabled me to reach a position in the house where my work is interesting and of some importance.

"The triumph of prohibition, the maintenance of law and order and the supremacy of the constitution are issues dear to my heart, but at present there seems to be in the house a field for effective labor by me in their behalf."

RESIDENT HERE FOR 53 YEARS

ANGUS MCGILLVRAY WITNESSED THE EARLY DEVELOPMENT OF THIS COMMUNITY.

Angus McGillvray for 53 years a resident here and favorably known far and wide in this community, passed away at his home on West Main St., Cass City, on Thursday morning, Aug. 23, at the age of 73 years. He had been in ill health for about 18 months and death was caused by a complication of diseases.

Funeral services were conducted at the family residence on Saturday afternoon by Rev. A. G. Newberry, pastor of the Baptist church, which Mr. McGillvray attended. Burial was made in Elkland cemetery by the side of his daughter, Mrs. Francis Dykstra, who preceded her father in death Jan. 13th last.

Angus McGillvray was born in Dunton, Township of Dunwich, Ont., on June 6, 1850. In 1867, at the age of 17, he went with his parents to Illinois where they resided three years. The parents then decided to make Michigan their home and in 1870 their two sons, Angus and James, drove a team of horses from their Illinois home through Michigan's forests to Greenleaf township, Sanilac county, where the McGillvray family located. Angus, with his brothers, were employed in the lumber camps of the Thumb district and witnessed the early development of this community.

In August, 1887, Mr. McGillvray was united in marriage with Miss Sarah McEachin of Greenleaf and they have made their home in Cass City since that date.

Mr. McGillvray embarked in the livery business here in 1886. Later he sold out and entered into the clothing and furnishings business as a partner of John McDougall. After disposing of his interests there, he served the village several years as street commissioner.

Mr. McGillvray was gifted with a wonderful memory and his old friends found him an entertaining conversationalist as he recalled incidents of pioneer days long forgotten by them. His faculty for remembering dates, names and happenings of the early days was remarkable. He was very congenial and his friends were numerous.

Besides his wife and son, Norman J. McGillvray, who is a Bad Axe druggist, he leaves four brothers, Daniel McGillvray of Terre Haute, Ind., Duncan McGillvray of Cass City, and John and Neil McGillvray of Donora, Pa., and four sisters, Mrs. Lutze of Niagara Falls, Mrs. Archie Campbell of Greenleaf, Mrs. Simpson of Donora, Pa., and Miss Sarah McGillvray of Battle Creek.

J. McGillvray, Mrs. Courtney and Rev. Courtney, Angus Mack and family and Mr. and Mrs. Burns, all of Bad Axe and Mr. and Mrs. Angus Mack of Ubyly.

SOCIAL EVENT OF SEASON IN IMPORTANCE AND BEAUTY

Mr. and Mrs. J. L. Purdy's Country Home Scene of Pretty Wedding Tuesday Evening.

Without doubt the social event of the season in importance and beauty was the wedding of Miss Florence Purdy, daughter of Mr. and Mrs. Jas. L. Purdy of Gageton, and Mr. Clinton F. Seeley, son of Mr. and Mrs. J. F. Seeley of Caro. The ceremony was performed at the country residence of the bride's parents, Tuesday evening, Aug. 28, in the presence of the families of bride and groom and a few intimate friends, by Rev. Norman D. Braby, of the First Presbyterian church, Caro.

The wedding decorations were of pink and white, all appointments in this color tone by Roethke, Saginaw. In the living room, palms and cymbodiums were massed at the fireplace for an improvised altar, with baskets of pink gladiolus, flanked by candelabra, and here the bridal vows were pronounced. An aisle of large white wicker baskets of pink gladiolus, with tall white cathedral tapers between led from a staircase to the altar of palms.

The charming bride was lovely in an exquisite Doucet gown of oyster white brocaded georgette, pearl embroidered at neck and hem, with a shower of pearls falling from a medallion at side of gown to hem. The gown was fashioned on simple straight lines, basque effect, the long train, full of lilies, rose petals, and

was fastened with a wreath of orange blossoms in coronet mode. She carried a beautiful shower bouquet of Ophelia roses and swansons.

Miss Florence Thompson of Williamston was bridesmaid, gowned in a chic creation of lavender georgette and creme French lace. Her colonial bouquet was of pink roses and lavender larkspur.

Mr. James Gallery of Caro attended the groom as best man.

During the interval before the bridal party entered, Mrs. C. T. Purdy of Detroit gave a violin prelude, then the strains of Mendelssohn's wedding march, played by Mr. Frank Campbell, Caro, announced the coming of the bride and her retinue. Dainty little Helen Fritz led the procession, in a pink bouffant frock, and carried a silver basket of pink roses, showering the bride's path. She was attended by Ralph Seely, small nephew of the groom, costumed in white bearing a silver tray on which was the wedding ring of platinum with bridal wreath design. The bridesmaid preceded the bride, who was met at the foot of the staircase by her father, J. L. Purdy, who gave her in marriage. The impressive ring service was used.

Immediately following the ceremony and congratulations, a beautifully appointed three-course wedding luncheon was served by Misses Carolyn Purdy, Margaret and Lucy Seely and Virginia Faucet.

Mr. and Mrs. Seely left for a ten days honeymoon lake trip to Duluth and other points.

Not often does life present such a roseate future as awaits this newly-wed pair, who are social favorites, widely known as musical artists, highly connected in banking circles and possessed of health, talent and beauty—in fact, old earth has showered its best gifts upon them. Both are graduates from Alma college, with Bachelor of Arts degrees, Mr. Seely finishing at Harvard university. Mrs. Seely is also a pianist of marked ability, graduating in music from Alma college and last June from the American conservatory of music at Chicago. Mr. Seely has a fine singing voice and recently studied voice culture with Theodore Harrison of Lyceum Arts conservatory, Chicago.

Mr. and Mrs. Seely will make their home in Caro, where Mr. Seely is associated with his father, J. F. Seely, of the Commercial Savings Bank, one of the oldest banking houses in the Thumb.

PRESIDENT'S SECRETARY.

The appointment of former Congressman C. Bascom Slemph, of Virginia, as secretary to the president, is creating widespread comment. It came as a complete surprise as it had been confidently anticipated that President Coolidge would make his selection from among Massachusetts men. But not only has the president chosen a secretary of residence far from the bay state but he has selected a man two years his senior. But in his choice President Coolidge has secured as the incumbent of this most important post a man who has served fifteen years in Congress, who has an intimate knowledge in public affairs and men, understands the political game in its every phase, and who is well versed in every activity that enters official life at the national capital. As chairman of the republican committee of Virginia for nearly twenty years, a more experienced man in G. O. P. organization affairs could not be found and it is pointed out that no one in that political house understands the situation in Republican circles in the South and no one is better qualified to handle it. Thus from various angles it is pointed out that Secretary Slemph is especially qualified for the place to which he has been appointed. It is agreed in political circles that President Coolidge has chosen a man who can render valuable service both in the disposition of affairs of state and in matters political that may develop in the future.

DAZZLING AUTO HEADLIGHTS.

Driving into the dazzling lights of an oncoming car is dangerous business—dangerous alike to the dazzler and the dazzled. And it is so unnecessary. To dim the lights of a car is so simple, and easy a task, that it seems that the danger involved by not doing so would compel the motorist approaching another car at night to take this simple precaution against the possibility of accident to his own car as well as the cars of others. It should not take a law to bring about the dimming of headlights. Common decency demands that a motorist practice this simple rule of night driving etiquette, for it is etiquette, and good manners are just as essential on the road as in the ballroom.

Grover Bergdoll at least would be free from annoyance by kidnappers if he were at Atlanta or Leavenworth.

Congressional "gas" inquiry is urged, says a dispatch. It refers however, to the kind used in automobiles.

Correspondent of East Greenleaf, we notice you still think wolves are astir in your locality, and that your citizens are judges between the collie dog and the wolf. About a year ago hens were kidnapped from this burg and we all charged the depredations to foxes of the sand ridges south of the city 'till a citizen found his canine feasting on a black Spanish hen of great value. The fowl was warm and the evidence was conclusive the domestic quadruped was the rascal. Capital punishment was resorted to without sanction of state. No foxes have meddled with poultry since, hence we think if all dogs were

taught to stay strictly "under their own vine and fig tree" Sanilac county would be free of wolves.

Writer lives on east side of town on main traffic highway into the burg, smokes the pipe and watches horse drawn rigs come in 'till nine o'clock p. m. Not one in ten has a light of any kind on the vehicle. The nearest approach to a light is when a foreigner is drawing heavy on the pipe. Now we think if an auto hits one of the no-light chaises in the rear and breaks a crate of eggs and alarms the occupants, busy men would have to pay auto man for the fun of breaking the eggs. Is our head clear on the law? This item was received too late for last week. Mrs. Croop had a birthday party Aug. 17 for her granddaughter, Bernadine Ricker. Fourteen little girls were present and had pictures taken. Enjoyed ice cream and cake. Bernadine received many presents, among which was a ten from her grandmother because it was her tenth birthday.

Our full moon passed on Aug. 26th and no killing frost. The chances are good there will be none 'till next full moon, for "Jack" comes to the Thumb of Michigan generally on or about the full of the moon. We have raised a crop of pancake timber in these parts for nearly forty years and noted autumn frosts with care. When a boy we were told of frosty land and why some soil attracted a killer while other land escaped but all theories have been exploded by our observation except one—new land with much rotten wood draws frost. In this matter we recall the passage of scripture, "The bloweth" but further we do not understand. Only this do we know—we have been in the gamble of farming for fifty-seven years, been able to keep the wolf from the door, but unable to get rich, which perhaps is a blessing in disguise to keep us humble!

Obituary. Died at his home in Deford August 19th, William Cooper, aged 79 years, four months and twenty-seven days. Deceased was of English ancestry. His father and mother were natives of England who came to Canada in early married life and settled near Prescott where the Cooper family of nine children were reared. William was fifth child of a family born as follows: Annie 1834, Robert 1836, John 1838, Mary 1841, William 1844, James 1846, Martha 1848, Lucy 1850 and Samuel 1852. At present but four of this large family remain—James, Martha, Lucy and Samuel. Deceased came to Kingston township in 1870 and has resided in Kingston and Novesta since that date. In 1874 he was united in marriage with Bertha Valentine of Novesta township. Three children were the fruit of the union, Carrie (Mrs. H. Retherford) of Novesta, Cassie, who died in 1890, Alma, (Mrs. Ray Gibbs) of Caro. The writer has mingled with William Cooper as a neighbor for forty years and one of our most noted philosophers would have termed him great among men. Shakespeare declared that "An honest man was the noblest work of God." William Cooper was sincerely honest with fellow creature. He was industrious and in an early age a hunter of no mean ability, kind to a friend and candid with an enemy, settled in his convictions. Too honest to become wealthy. An aged wife, two daughters, Mrs. Howard Retherford and Mrs. Ray Gibbs, one brother, James Cooper and Mrs. Lou V. Curtis and several grandchildren are left to miss and mourn his departure. For nearly six months he has failed in his last decline. The funeral was held at M. E. church here on the 21st by our local preacher, Rev. Hubbard, and remains laid in Novesta followed by a large attendance of kindred friends and neighbors. All kindred noted in above were present to pay last tribute of respect, and from abroad were Mrs. Phebe Brown of Lapeer, Fred Valentine of Flint, Mr. and Mrs. Oliver Valentine of Flint, Mr. and Mrs. Dochen of North Branch, Mr. and Mrs. Mark Smith of Ferry, Mr. and Mrs. Coleman of Rochester. Mrs. Ernestine Lewis of Dryden, Mrs. Ernest Franse of Pontiac, Mr. and Mrs. Oscar Valentine of Royal Oak, Mr. and Mrs. Garfield Smith of Caro, Mrs. Cora Strickland and Mrs. Jennie Vangessen, both of Caro, Mr. and Mrs. Ray Gibbs of Caro. The floral tribute was abundant and beautiful. If we have missed any names excuse the writer, who subscribes himself,

Many from here attended the Caro fair which was very good except for the pickpockets, who after having been discovered, were merely put off the ground and immediately returned, in place of being locked up. The fair association should protect the people when they know such conditions exist.

Nearly every day we hear something said about the prohibition law—that it doesn't prohibit, etc. But what about the law that requires the weeds and thistles to be cut along the roadside? They certainly are a sight this year. We are informed that each land owner is supposed to keep them cut; if they don't the road commissioners can have it done and property owners have to pay for it. Why not enforce such an easy law.

The Kingston Farmers' Club will meet at the home of Mr. and Mrs. George Martin Friday, September 7. All are invited.

There's Nothing Complicated About this Spreader

One big reason why the John Deere Spreader gives highly satisfactory service at low cost for repairs is its simplicity. It has no chains, no clutches, and only about half the parts necessary on the ordinary spreader. It gives extra years of service.

JOHN DEERE SPREADER

The Spreader with the Beater on the Axle

The beater-on-the-axle construction has made it possible to produce so simple and so durable a manure spreader. This feature is patented—no other spreader can use it. Its driving gears are entirely enclosed—they operate in oil within a dust-proof case—they will wear for years.

In looking at the John Deere Spreader, be sure to note that all of the main working parts are mounted on the rear axle, where they can't get out of line to cause binding, heavy draft and breakage.

The John Deere is a low-

down, easy-loading spreader. It's only thirty-six inches to the top of the box. You can see where every forkful goes. High lifting of manure, the hardest part of loading, is done away with.

This machine spreads all kinds of manure evenly; bunching is prevented by the revolving rake—another patented feature.

We can also furnish a straw-spreading attachment for the John Deere Spreader which makes it a perfect two-in-one machine.

There is no machine we sell that we recommend more highly. Come in and let us show it to you.

Michigan Happenings

Supervisors and a number of officers from agricultural centers painted a dreary picture when they appeared before the state board of equalization at Lansing. Representatives of a dozen agricultural counties told the board the farm values were decreasing, farming communities were going backward because the young and the old were leaving for high city wages, and farmers throughout the state could not meet their taxes. The prosecuting attorney of Luce county, asserted the farmers not only could not pay their taxes but were unable to borrow money on their farms.

An investigation into the price of coal in Grand Rapids was directed by the city commission. Evidence presented to the commission indicated that Pocahontas run of mine is being sold as high as \$13 here, although it is being sold in Chicago for \$8.25 delivered, it is said. The city purchasing agent, said quotations on Pocahontas run of mine were \$3.74 to \$4 at the mine, and that the freight rate from the coal district to Grand Rapids was \$3.48 per ton.

An ordinance was adopted by the Pontiac city commission which makes it possible for the commission to hold hearings at which witnesses may be compelled to testify and produce any books, records or papers demanded of them. Persons refusing to do so can be held guilty of a misdemeanor punishable by a fine of not to exceed \$500 and imprisonment in the jail for not more than 90 days.

Blame for the wreck of the Knights Templar special train from Grand Rapids to Flint, in which five persons were killed and 27 injured near Durand, June 5, is officially placed on poor track conditions, and operating officers of the Grand Trunk Western railroad are held responsible, in a report published at the interstate commerce commission offices at Washington.

O. L. Smith, assistant attorney general conferred with Governor Groesbeck at Lansing, regarding the inquiry into the alleged Michigan cement combine, ordered by the state administrative board. It is understood the preliminary work of the investigation will be completed shortly and steps looking toward possible court procedure will be taken.

Mystery shrouds several fires on farms in Novi township, near Northville. Barns on the farms of some well known farmers, have been destroyed, by incendiaries, it is believed, within a few days. The fires have resulted in a near panic and efforts to increase insurance as a result have led to investigation of the situation by insurance companies.

Tourists continued to journey north in great numbers, while birds have already started their migration southward owing to the cold nights. Hundreds of martins which spent the summer near Holland, have started south. It is the first time that the birds have departed before September.

Fire started when lightning struck a building on the farm of Nathan F. Simpson, chairman of the State Tax Commission near Keeler, threatened the entire village with destruction and caused a loss of \$50,000.

A letter signed by the mayor inviting David Lloyd George to visit Detroit during his American tour was sent to the former premier of Great Britain. Lloyd George is expected in this country in October.

The Saginaw office of the United States veterans' bureau will be closed December 31 and work in this territory thereafter will be handled from the Detroit office.

The hardest rain of the summer recently quenched all the forest fires in Wexford County. The rain was general, extending from east of Cadillac to Manistee.

Mrs. Harold Laskey, of Dundee township, died from the effects of an explosion of a tin of blacking when she was cleaning the stove.

PRIZE WINNING STORIES OF ACHIEVEMENT BY PIG CLUB MEMBERS.

How I Raised and Cared for My Pig.

After careful consideration I decided that if the Pig Club was a good thing I wanted to become a member. On June second the lucky fifteen applicants all met at the Pinney State Bank and drew the numbers for our pigs. My "lucky thirteen" drew one of the largest pigs, weighing seventy pounds, and I drove home the proud possessor of my first purebred Chester White.

As I didn't have the pen and yard completed it was necessary for me to put her in with father's pigs for a few days. After completing the yard, which is well shaded and comfortable, my next duty was to catch her and put her in the pen. The short stubby legs of the pig carried her over the ground at a great rate, but her pace soon flagged as she ran against a broken board in the fence and tore an ugly gash in her side. It was necessary for me, with father's assistance, to take several stitches in the wound, thus learning my first lesson in surgery also. This accident somewhat discouraged me but it soon began to heal and I started in again with renewed vigor.

I then took a couple of father's pigs of the same size and put them in with her for you know even a pig likes company. She soon became accustomed to her new quarters and began to eat greedily anything brought to her.

Besides her milk, mash and oats, which she received three times a day and which I increased in amount as she grew, I also pulled many weeds and other green things which were of no value otherwise and carried to her, always taking great pride in watching her enjoy them and seeing the steady growth which she was making. Also when it was necessary for me to empty the ashes, I carried them to my pig instead of emptying them on the ash-pile.

Our monthly meetings at which we gained much needed advice and information, also had a marked influence in the social development of the club members.

Club work creates a sense of business responsibility and promotes individual thrift and skill. We are thus led to realize the possibility of farm life and to look upon it as worthy of our best thought and effort.

This is only a beginning, a take-off so to speak, and from which we may go forward to greater things.

ANDREW SCHWEGLER.

How I Raised and Cared for My Pig.

One evening last May Mr. Campbell and two students of the Cass City high school came to our place to test the milk which each of our cows produced, and while here they mentioned that the Pinney State Bank was going to start a pig club for the boys and girls of this community. I decided to join and the following day sent in my application to become if possible a member of the first Pig Club ever organized at Cass City.

On the second day of June I went to town and got my pig which came from North Branch. After paying fifteen dollars for her and one for insurance assessments we took her home in the truck. When I reached home, my folks came out to look at her and many were the remarks they made. I am sure if my pig, which I named Pansy, understood what they were saying about her she would not have felt very flattered. She weighed only forty-five pounds so of course she was quite small.

After putting her in a pen which my brother and I had built for her I decided to make her grow as fast as possible. So I purchased some cornflakes and middlings, which I feed in balanced ration form.

My pig had one characteristic of "Mary's Lamb" although she did not follow me to school, she seemed to take delight in getting out of her pen and following me all over.

I have had my pig for seventy-three days and have fed her one peck of corn, one-half bushel of oats, eighty-six gallons of milk, sixty-five pounds of cornflakes and thirty-five pounds of middlings. She weighs 145½ pounds now.

Mr. and Mrs. Campbell visited me in the latter part of June. On the third of August our club met at our place and Mr. Simms gave us a very interesting talk on aims of a pig club.

Besides the pleasure I have received in caring for her I have gained knowledge of how to care and how to feed to form a balanced ration.

I have not shown my pig at any fair but will enter her at the Cass City fair tomorrow where I hope she will gain a blue ribbon.

ITEMS OF INTEREST OF THUMB POINTS

Brown City suffered a \$60,000 loss early Saturday morning when fire of unknown origin destroyed the buildings of the Eureka Milling and Elevator Co. and a quantity of stored grain and flour. More than half the loss is covered by insurance. Flames were discovered by a passing motorist at 2:30 a. m. The Brown City firemen and crews from Marlette and North Branch fought the flames for three hours and succeeded in savings nearby buildings and the Brown City business district.

Elsa Perry, 12 years old, son of Mr. and Mrs. Bert Perry, found a bomb on Caro fair grounds which had been left from the pyrotechnic display. He touched a match to the fuse and the bomb exploded near his face, tearing off a portion of his cheek and lip and mangling his left hand so badly that amputation may be necessary.

When two bill posters slipped cigarette advertising on the brick front of the St. Mary Clothing house at Caro, it aroused the ire of Frank St. Mary. He went to Justice Robt. Brown where he swore out warrants charging Gerald H. Brinker and Wm. H. Baker of Detroit with defacing property. The men were fined \$5.00 each and costs and ordered to remove the objectionable bills from the buildings they had decorated. They were also informed that Caro's business street and its appearance meant as much to the merchants of Caro as Woodward Ave., Detroit, meant to the merchants in the big city. The bills came down.

Rev. R. R. Feuell of Millington while on board the Olympic the ocean liner returning from a trip to England took part in the memorial service given aboard the ship for the late president, Warren G.
