COUNTY RED CROSS Maintenance to learn their maintance costs.

OFFERINGS FOR JAPA-NESE RELIEF.

The appalling disaster in Japan presents a new cause of appeal to the generosity of the American people. President Coolidge has asked for an immediate contribution of five million hauling on Wednesday. dollars for relief work from this country, the fund to be handled thru the officers of the American Red Cross.

urged to take this case of desperate need to heart and make as generous offerings as possible, without delay depositing same with some local bank for Japanese Relief, or sending same to Hon. W. C. Sanson, Secretary Tuscola County Chapter A. R. C. at Caro

It is also urged that Sunday, Sept. 16th, or some Sunday as near that date as possible, be set apart in the churches of Tuscola County as a day

DOUBLE WEDDING EVENT

Mr. and Mrs. Chas. McConnell Gave Two Daughters in Marriage Wednesday.

A very pretty but quiet double wedding was solemnized Wednesday, blue georgette, beaded in a contrast-September 12, at the country home of ing shade of blue and gold. She wore Mr. and Mrs. Chas. McConnell, when a large brown velvet hat, ornamented their eldest daughter, Miss Alice Lea, with golden lilies, and her arms were became the bride of Mr. Sylvester B. filled with Columbia roses. HIGH SCHOOL GRADUATES HAVE BIG ADVANTAGE

Concluded from first page. averages, the total by the high school than the grammar school graduate. In Wednesday. other words, every year in high school is worth \$10,000 and every day is worth \$55. Since this study was made wages have increased and the high school graduate's advantages are even

greater. These facts certainly ought to encourage every boy who thinks that high school is not worth while to continue right on through with it, and not to sacrifice his future chances of a comfortable income by stopping school with the grammar grades.

There is also a distinct dollars and cents value to a college education. The town Saturday. figures on this are not so complete, but what there are tend to show that every year spent in college, for the majority of boys, is worth 20 times as much as that boy could earn by working instead of going to college.

Not all boys get the same benefit school. out of going to college. Only the serious-minded, earnest students ought to go. However, the actual income of the week with her parents here. a representative number of college graduates at the age of 25, the first for their beans which will be a fair dy. year out of college, is 25 per cent crop. greater than the average income of a representative number of high school for the Standard Bearers Society for Mrs. Clark Bixby graduates. As the college man grows the coming year: Counsellors, Mrs. H. older his rate of earnings grows very Phillips and Mrs. J. Hay; president, week from a week's visit in Detroit much more rapidly than the average of those who have had less education. Nellie McGregory; sec. and treas., Iris Before many years the average college man's salary is 40, 50, and even cor. sec., Nellie McGregory; cont. sec. 60 per cent greater than the high and treas., Edna Smith; Look Out school graduate's. com., Lucile Burns and Edna Smith.

In conclusion, it is my opinion that never before in history was education worth so much from the business standpoint as it is today. You may point to this great business man or that great business man and say that iting friends and relatives in this vihe did not have much of an education. cinity and at Cass City. But such men are exceptions, who, by pure genius and strong will, were able children of Flint are visiting at the hay fever patients. to rise above their handicap. I, how-home of her parents, Mr. and Mrs. O. ever, am talking about the average A. Hendrick, and other relatives in boy, not the exceptional genius, and this vicinity. the figures plainly show that the average boy will be seriously handicapped financially if he does not have at least a high school education.

In short, if each of the boys who are deciding this question were offered \$55 a day for going to high school, I am willing to wager they would all go are visiting with the latter's parental with them, where she will enter the to school. And still the figures show home, Mr. and Mrs. Henry Deming. that this is the amount which the average boy finally gains for the time he Mrs. Belknap for the present. spends in high school.

Complete Showing of Fall Merchandise

Now on Display at Zemke's

We can say, without hesitation, that we are showing this fall a far greater and better selected stock of merchandise than ever before. A selection of merchandise such as you can only find in large city stores. The very fact that we have customers who drive as far as 40 miles to purchase a coat or dress convinces us that our efforts in securing this wonderful line of merchandise at such very reasonable prices has not been in vain.

New Fall Coats and Wraps

Nearly 200 fall coats are on the racks waiting for your inspection. Some are fur trimmed; others with fancy stitchings and most gorgeous tassels to match the cloth. Prices ranging from \$7.50 to \$125.00. With this wide range of prices, styles, colors and sizes from 16 to 59, we feel assured that we can fulfill your demands.

The New Fall Dresses

are so moderately priced and so beautifully trimmed that it gives us a great pleasure to show them to our customers and friends. Prices from \$7.50 and up.

New Fall Skirts

In plain and checked. Just the kind of a skirt 409 you have been looking for.

Hosiery

Women who appreciate good silk hose at reasonable price, should try our \$1.00 and \$1.50 silk hose.

If these hose do not give you satisfactory service, bring them back and we will give you another pair or your money back.

Brushed Wool Sweater Coats

These are the latest style of sweater coats on the market and with a plaid or plain skirt to match makes a very inexpensive school outfit.

Yard Goods Section

There is beauty and great variety in the new silks.

What an easy matter for women to make charming frocks from these.

With the variety of new materials and trimmings to select from, no two dresses will look alike.

Bed Blankets

Come in and see the new fall bed blan-

Michigan Happenings

Wis., was elected president of the Thirty-second Division Veterans' association, Brigadier General Guy M. Wilson. Flint, Mich., was chosen first the principles upon which the states-Wice-president and Milwankee was selected as the place where the 1924 convention will be held at a date to be chosen by the executive committee, at its convention in Grand Rapids. Other officers elected were: Colonel George F. O'Connell, Madi-Wis., second vice-president; Lieutenant-Colonel Leroy Pearson, Lansing, treasurer.

of Pythias, in golden jubilee session officers. Grand chancellor, Fred D. Vos, of Grand Rapids; grand vice chancellor, Ray O. Brundage, of Kalamazoo; prelate, William C. Wetmore, of Jonesville; K. R. S., Will E. Hampton, Ann Arbor; master of exchequer, Harvey N. Clement Greenville; master at arms, H. E. Vroman, Wyandotte; inner guard, Thomas P. Mc-Kinnie, South Haven; outer guard, A. L. Fitch, Charlevoix.

Will S. Purple, soul saving sheriff of Emmet County for nine years, advocate of iail reforms and consistent supporter of the Golden Rule in his relations with criminals, is dead. Shot in the head and through the body, he was instantly killed in a gun duel with Joseph Grosskopf, 35, on Grosskopf's farm near Harbor Springs. Grosskopf lies near death in the Petoskey hospital wounded in the chest. abdomen, shoulder and left hand by bullets from the sheriff's gun.

Numerous protests are being filed with the department of conservation by northern Michigan sportsmen's clubs against the state making additional plantings of fish in certain northern streams. This unusual condition developed as the result of the enactment of a law last winter by the legislature, which prevents land owners, controlling both sides of a stream stocked by the state, from fishing in the stream if the public is denied fishing rights.

Wendell Evans, youthful caddie at the links of the Bay City Country Club, won, the city golf title from a large field by defeating Fred D. Johnson, veteran of several state matches, in the final match last week. Evans had previously defeated several of Brule and the mouth of the Montreal the ranking players of the city. Two other youngsters, Eugene Hand, 14, nee River and Islands in Green Bay. and Al Dindiate, 16, placed near the top, the latter being low medalist in the tourney.

A "fleet" of automobiles, containing false gasoline tanks, will tour the price in proportion to the time, skill, state, making test purchases of gasotrivance was illustrated in the arrest of a dealer in Detroit. A customer cheapest; they are attended with much becoming suspicious of the amount of gas he was receiving, installed a false things which everybody calls cheap." tank in his machine. "Five" gallons of gasoline purchased turned out to be four. The dealer was given thirty days in jail and fined \$100. "The alightest chortege will result in prosecution," Commissioner of Agriculture declared at Lansing.

Complete denial that they have instituted an organized boycott of grocers and others who sell butter substitutes was entered in Federal Court at Grand Rapids by members and officers of the Allegan Milk Producers Association. The 700 farmers who are members of the association asked the restraint-of-trade suit brought against the association by Best Foods, Inc., manufacturers of nucoa, be dismissed and the petition for an injunction denied. Judge Clarence W. Sessions denied the motion for withdrawal,

The cold weather has brought an end to extensive moonshine operations in Muskegon and other Western Michigan counties, according to Charles Walker, special liquor law enforcement officer at Muskegon, "The biggest stills have been located in the woods and swamps in Western Michigan during the summer," explained Mr. Walker. "The moonshiner is too wise now to operate inside. It requires warm weather for mash to work, and the first cool night ends operations

Officials of the Greater Sheridan Road association at Iron Mountain announced that the road they represent will become the longest street in the world. This is to be effected by changing the names of all streets which form a part of the road in towns and villages through which it passes. Starting at St. Louis, the road extends almost due north along route 15 in the upper peninsula, to Fort Wilkens. The original Sheridan road is in Chicago.

That northern Michigan-Emmet, Charlevoix, Otsego, Cheboygan counties—soon will become the chief source of supply of seed potatoes for Pennsylvania, Ohio, Indiana and some other states, was the prediction made at Petoskey following the visit of the second annual Michigan potato tour. Interest in potato growing is increasing in northern Michigan, where scientific methods are being studied in an effort to produce more and better potatoes to the acre.

should take on the Eighteenth Amendment, the Volstead Act, and state administration policies were the topics of discussion among delegates to the state convention which opened at Ironwood. There is a diversified opinion regarding just what should be the stand on all alcoholic beverages

IMPROVED BODY LINES

ON FORD CARS.

Introduction of a higher radiator, bringing new and improved body lines to all types of Ford cars, is announced today by the Ford Motor Company.

The changes have just gone into effect and the various types are now in production.

While the larger radiator has been made standard on all types and while it has made possible other betterments in body design, there is no radical departure in construction, but rather a general improvement which has resulted in more graceful lines.

The new radiator sets an inch and a half higher than the former and has an apron at the bottom which joins a similar apron effect of the fender on either side, giving a highly finished appearance to the front of the car. The larger radiator also increases

cooling efficiency. Most conspicuous among the new types is the Ford coupe which is of entirely new body design and con-

ELLINGTON AND NOVESTA struction, resulting in a more trim exterior appearance, more comfortable seating arrangement and a greater luggage carrying capacity.

From the dash there is a graceful sweep in the cowl to the radiator bringing a pleasing effect to the front. The doors are wide and open forward making access and exit easy. They are heavily framed for rigidity and strength. The compartment at the Mr. and Mrs. Henry Hulburt, north rear has been enlarged to afford increased carrying capacity. The gasoline tank is under the seat, with di vided cushions to afford easy filling Miss Velma O'Dell spent Sunday of the tank from the right side making it unnecessary for the driver to leave his seat. Ventilator in the cowl and a visor over the windshield add much to the attractiveness of the car. A new rear fender of more sturdy character also is a feature.

Interior fittings are of choice material and the arrangement of the deeply cushioned seat has been effected so that at the rear there is a smallrecess shelffor carrying parcels. The rear vision window is much larger and oblong in shape. Door windows The Brown school opened Tuesday have been equipped with revolving morning with Miss Reva Milliner of type window regulators and door locks Caro as teacher. Everybody was pleased with the schoolhouse after equipped with the lever type window

Marked, too, is the improvement in the four door sedan. Highly popular Mr. and Mrs. Rinerd Knoblet and since its introduction a year ago, bechildren, Ruth and Frederick, spent cause of its low, graceful lines, the car now presents even much better lines and a sturdier appearance.

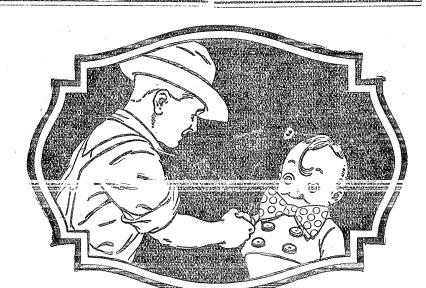

This has been brought about by the Mrs. Carrie Butterfield of Romeo installation of an entirely new cowl came Thursday to spend a few days with a graceful sweep from the dash with her brothers, Cassius and Henry blending into the larger hood and radiator. The change also affords an increase in leg room for occupants of

130,000 Owners Know the Value of this Studebaker

Every unit in the new 1924 Studebaker Light-Six Touring Car has proved its dependability in public use.

There are refinements and improvements, of course, but the underlying principles of design and construction which have made enthusiasts of 130,000 purchasers of this model in three years' time, are not radically changed.

In our opinion, the 1924 Light-Six stands out as the greatest value and closest approach to mechanical perfection in moderate priced cars yet produced.

It is practically free from vibration. Studebaker accomplishes this largely by machining the crankshaft and connecting rods on all surfaces. This requires 61 precision operations. It is an exclusive Studebaker practice on cars at this price—and is found only on a fewother cars—and they're priced above \$2500. Absence of vibration prolongs car life,

causes slower depreciation, reduces the cost of operation and adds to the enjoyment of driving.

The Light-Six motor embodies the most advanced design known to automobile construction. It represents an achievement in the manufacture of quality cars in big volume.

Aside from its mechanical excellence, the Light-Six is handsome in design, extremely comfortable, sturdy and economical to operate just as it is in initial cost. It is powerful, speedy, has a pick-up range that is seldom taxed and never exhausted, is easy to handle, and convenient to park.

Its enameled all-steel body, one-piece, rainproof windshield, ten-inch cushions upholstered in genuine leather, and cowl lamps are among many features heretofore to be had only in higher priced cars.

For 71 years the name Studebaker has stood for unfailing integrity, quality and value.

New all-steel body of striking beauty. One-piece, rain-proof windshield with attractive cowl lights set in base. Quick-action cowl ventilator. Door curtains, bound on three sides by steel rods, open with doors. Removable upholstery in tonneau. Door pocket flaps with weights hold them in shape. Upholstered in genuine leather. Large rectangular window in rear curtain. Thief-proof transmission lock. Standard non-skid cord tires, front and rear.

TNEQUALLED installation facilities, including a nation-wide organization of over 4,000 installation men, make it possible for Delco-Light with their quantity production to set the lowest price ever announced for an electric light plant completely installed.

And—it is highly important, in purchasing any lighting plant that you know the installed price.

The installed price for the most popular size Delco-Light plant includes not only the plant itself—it includes the freight; it includes the actual installa-

tion of that plant; it includes the standard Delco-Light Exide Battery composed of sixteen large capacity cells, built for long life, with extra thick plates and heavy glass jars; the wiring of your house for ten lights to be located anywhere you wish; one power outlet wherever you may want it; a standard set of ten drop lights with sockets and the installation of these lights; and ten standard electric light bulbs — the complete installation ready for you to turn on the lights.

This is the way to buy your electric light and power plant.

Terms So Easy You Cannot Afford To Be Without One.

To make it easy for you to get your Delco-Light Plant we have set a very low first payment and made the terms very easy. The local Delco-Light man will explain these terms to you. A liberal discount allowed for cash.

66JUST WHAT I WANTED"

That is the remark we are hearing every day now. Although the season for fall coats has hardly begun, we have had a fine business. Why? Because we have the right material, in the right style at the right price.

HZHZHZ

Prices range from \$5.50 to \$100

Portis Hats and Caps

in all the new styles and colors.

Our Dress and Work Shoes have Quality, Style, and comfort combined.

A TIP TO THE LABORING MAN--

The pant you want for fall wear will be in our east window Saturday. Look them over.
